FINDINGS OF THE HIGHLAND INDEPENDENT
SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE
TEXAS ECONOMIC DEVELOPMENT ACT
ON THE APPLICATION SUBMITTED BY
BUZZI UNICEM USA (#1002)

STATE OF TEXAS

§

COUNTY OF NOLAN

§

On the 17th day of December, 2014, a public meeting of the Board of Trustees of the Highland Independent School District ("District") was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of Buzzi Unicem USA ("Applicant") for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District's administrative staff, and from consultants retained by the District to advise the Board in this matter, the Board of Trustees makes the following findings with respect to application from Applicant, and the economic impact of that application:

On March 26, 2014, the Superintendent of the District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts ("Comptroller") received an Application from Applicant for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The application was determined complete by the Comptroller on July 11, 2014. A copy of the Application is attached as **Attachment A**.

The Applicant, (Texas Taxpayer Id. 11309826607), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise taxpayer by the Comptroller. See **Attachment B**.

The Board of Trustees acknowledged receipt of the Application, along with the requisite application fee, established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Comptroller for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Nolan County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054.

The Application was reviewed by the Comptroller pursuant to Texas Tax Code §313.026, and a Comptroller Certificate was issued on August 21, 2014 in which the Comptroller has determined that: 1) the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised values; 2) the proposed project is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period; and, 3) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. A copy of the Certificate is attached to the findings as **Attachment C**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of District. A copy of the report prepared by Moak, Casey & Associates, Inc. is attached to these findings as **Attachment D**.

The Board of Trustees has confirmed that the taxable value of property in the District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment E**.

The Texas Education Agency has evaluated the impact of the project on the District's facilities. TEA's determination is attached to these findings as **Attachment F**.

At the specific direction of the Comptroller's Office, the parties used the template Texas Economic Development Agreement. As required by the Comptroller's Office, the parties changed only the provisions of the template that the Comptroller permitted. The proposed Agreement is attached to these findings as **Attachment G**. In November 2014, the Texas Comptroller's Office announced its intention to modify Comptroller Form 50-

286 and to permit amendments to existing agreements including the agreement for which these Findings are being made.

After review of the Comptroller's Certificate and economic analysis, and in consideration of its own studies the Board finds:

Board Finding Number 1.

The Board finds that the property meets the requirements of §313.024 for eligibility for a limitation on appraised value.

In support of Finding 1, the Application indicates that:

BUZZI UNICEM USA (Buzzi Unicem USA) is requesting an appraised value limitation from Highland Independent School District (HISD) for their proposed cement production facility.

Property that is used for manufacturing satisfies the requirements of §313.024(b)(1).

Board Finding Number 2.

The project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement.

In support of Finding 2, the economic impact evaluation Attachment B states:

This represents the Comptroller's determination that Lone Star Industries (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

Board Finding Number 3.

The limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.

In support of Finding 3, the economic impact evaluation Attachment C states:

The Comptroller has determined that the limitation on appraised value is a determining factor in Buzzi Unicem's decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company, without approval of the appraised value limitation application this project is in jeopardy; and, likely leads to the company ceasing production at the outdated plant resulting in the loss of approximately 100 jobs.
- Per the company, without the property tax savings the other proposed location has a lower operating cost by approximately \$2.1 million annually.
- Per the applicant, the company permanently closed two manufacturing facilities in 2008, Independence, Kansas and New Orleans, Louisiana.
- Per the applicant's application, in November 2013 they announced plans of a modernization and expansion of the Maryneal, Texas facility.
- Per the application upgrades to the plant were installed in June and July 2013.
- Per news reports in April 2009 the applicant's plans for a \$300M modernization and expansion of the Maryneal, Texas facility were put on hold as a result of the recession. They also withdrew their application for a \$300M tax abatement; but continued to make some upgrades to the plant. As part of that process, plans were being drawn to incorporate the future goal of the plants \$300M modernization and expansion.

Board Finding Number 4.

The Board finds that the Application Fee received for the Application for which these Findings are being made was reasonable and only in such an amount as was necessary to cover the District's costs of processing such Application.

Board Finding Number 5.

Based upon the information provided in the Application and in the Comptroller's Certificate package, the Board finds that that the number of jobs to be created and the wages to be paid comply with the requirements of statute. And, the Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required job creation requirements, to wit: the provisions set forth in Subsections 9.1C&D of said Agreement.

The Applicant has committed to creating ten (10) new qualifying jobs. The average salary level of qualifying jobs will be at least \$42,000 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. As defined in Section 313.021 of the Tax Code, "Qualifying job" means a permanent full-time job that:

- (A) requires at least 1,600 hours of work a year;
- (B) is not transferred from one area in this state to another area in this state;
- (C) is not created to replace a previous employee;
- (D) is covered by a group health benefit plan for which the business offers to pay at least 80 percent of the premiums or other charges assessed for employee-only coverage under the plan, regardless of whether an employee may voluntarily waive the coverage; and
- (E) pays at least 110 percent of the county average weekly wage for manufacturing jobs in the county where the job is located.

Board Finding Number 6.

The Applicant does not intend to create any non-qualifying jobs.

For any non-qualifying job the Applicant creates, the Applicant must pay at least the county average wage for all jobs in the county.

Board Finding Number 7.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$212 million to the tax base for debt service purposes at the peak investment level for the 2016-17 school year, with the project value expected to depreciate over the course of the agreement. The project remains fully taxable for debt services taxes, with the District levying a \$0.12 per \$100 I&S rate. Under the estimates presented in the school finance analysis, the taxpayers of the District should see long-term benefit from the project in meeting the District's future service needs even with the expected depreciation of the project's taxable value.

Board Finding Number 8.

The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the project.

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new project. This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in the District as stated in **Attachment F**.

Board Finding Number 9.

The Board finds that with the adoption of District Policy CCG (Local), implemented in conformance with both Comptroller and Texas Education Agency Rules governing Chapter 313 Agreements, it has developed a process to verify, either directly or through its consultants, the accuracy and completeness of information in annual eligibility reports and biennial progress reports regarding (1) the reported number of jobs created and (2) the reported amount invested in the property.

Board Finding Number 10.

The Board of Trustees hired consultants to review and verify the information in the Application. Based upon the consultants' review, the Board has determined that the information provided by the Applicant is true and correct.

The Board has developed a written policy CCG (Local) which requires, upon the filing of an Application under Tax Code Chapter 313, the retention of consultants in order to verify: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning and economic incentives being offered, if any, and (2) the proposed project meets eligibility requirements.

As a part of its verification process the Board notes that the Chapter 313 Application for which these Findings are being made has been submitted by Applicant under oath. Chapter 313 Applications are governmental records under Tex. Penal Code § 37.01(2)(A); as a result, all statements contained therein are representations of fact within the meaning of Tex. Penal Code § 37.01(3). Since Board action upon the adoption of these Findings and the approval of the Chapter 313 Tax Limitation Agreement (**Attachment G**) is an "official proceeding," a false statement on a Chapter 313 application constitutes perjury under Tex. Penal Code § 37.03.

The Board finds that sworn statements are routinely used as an acceptable verification method for reliance by fact finders in each of the three separate branches of government, including trials.

The consultants have prepared signed statements that the consultants have reviewed and verified the contents of the Application and have determined that the current statements of fact contained in the Application are true and correct. The Board finds that reliance by the Board and its consultants upon verified statements of the Applicant, especially as to Applicant's future intentions which cannot be objectively verified is reasonable and within the intent of Chapter 313, Texas Tax Code.

Board Finding Number 11.

The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Thirty Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).

The Board finds that the Chapter 313 Tax Limitation Agreement (**Attachment G**), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement. According to the Texas Comptroller of Public Accounts' School and Appraisal Districts' Property Value Study 2013 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment E, the total 2013 industrial value for the District is \$395.98 million. The District is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. The District is classified as a "rural" district due to its population characteristics. Given that the value of industrial property in the District is more than \$200 million, it is classified as a Category I district which can offer a minimum value limitation of \$30 million.

Board Finding Number 12.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement.

Board Finding Number 13.

The Applicant (Taxpayer Id. 11309826607) is eligible for the limitation on appraised value of qualified property as specified in the Agreement as an active franchise-tax paying entity.

The Applicant, (Texas Taxpayer Id. 11309826607), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise tax payer by the Comptroller. See **Attachment B**. The Board also finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess the eligibility of any business to which an agreement is transferred, to wit: the requirement that all assignments are amendments to the provision forth in Section 10.4 of said Agreement.

Board Finding Number 14.

The project will be located within an area that is currently designated as a reinvestment zone, pursuant to Chapter 312 of the Texas Tax Code. Should it be required, the District will cooperate with the Applicant in ensuring that the area remains designated as a reinvestment zone through the Final Termination Date of the Agreement.

Board Finding Number 15.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District.

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss each year the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of

granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District. Revenue protection measures are in place for the duration of the Agreement.

Board Finding Number 16.

The Board finds that the methodology and processes for determining Applicant's revenue protection payments as are set forth in Article IV of the Chapter 313 Tax Limitation Agreement (Attachment G) comply with Texas Tax Code, Chapter 313.

Board Finding Number 17.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess performance standards and to require periodic deliverables that will enable it to hold businesses accountable for achieving desired results, to wit: the reporting requirements set forth in Article VIII of said Agreement.

Board Finding Number 18.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, is in the form of the template Texas Economic Development Act adopted by the Comptroller. Should a new template be adopted that corrects the broken cross-references, clarifies wording and grammatical errors, and corrects contractual ambiguities not acceptable to either party, the Board finds that it would be in the District's best interest to agree to amend the Agreement.

Board Finding Number 19.

The Board finds that there are no conflicts of interest at the time of considering the agreement.

The Board finds that with the adoption of District Policies BBFA and BBFB, both (Legal) and (Local), that it has taken appropriate action to ensure that all District Trustees, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that with the adoption of District Policies DBD, DGA, and DH BBFB, both (Legal) and (Local) that it has taken appropriate action to ensure that all District employees and/or consultants, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that that no non-disclosed conflicts of interest exist as to the Application for which these Findings are being made, as of the time of action on these Findings. In addition, the District should ensure that disclosure occurs at the meeting at which the school board will vote on the business's application.

Board Finding Number 20.

The Board finds that it has directed that a link on its Web site to the Comptroller's Office's Web site where appraisal limitation related documents are made available to the public.

Board Finding Number 21.

Considering the purpose and effect of the law and the terms of the Agreement, that it is in the best interest of the District and the State to enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.

It is therefore ORDERED that the Agreement attached hereto as **Attachment G** is approved and hereby authorized to be executed and delivered by and on behalf of the District. It is further ORDERED that these findings and the Attachments referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the District.

It is further ORDERED that upon the issuance by the Comptroller's Office of a new Form 50-286 that the Board, in accordance with Comptroller rules and new form 50-286, will consider an amendment to Attachment G upon the request of Applicant or District staff.

FIRST QUALIFYING YEAR 2015

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Highland Independent School District is notifying Lone Star Industries, Inc. d/b/a Buzzi Unicem USA of its intent to consider the application for appraised value limitation on qualified property. The Applicant submitted an Application to the school district on March 19, 2014. The Board voted to accept the application on March 26, 2014. The Applicant has requested portions of Tab 5, portions of Tab 10 and all of Tab 11 of the Application be kept confidential. The redacted portions of the application are marked as such. In accordance with 34 TAC 9.1053, the information that is the subject of this request is segregated from the supplemental materials submitted contemporaneously with this application, that is, the proprietary commercial information regarding the specific location of the possible project. The public release of this information would reveal information which the company considers to be a trade secret. Furthermore, the public production of this information would cause the company to suffer substantial competitive harm and weaken its position in competitive siting decisions.

Please note, the project is located entirely within a county created reinvestment zone.

The school district has determined that the wage information included in the application represents the most recent wage data available at the time of the application. In accordance with 34 Tex. Admin Code §9.1054, a copy of the application will be submitted to the Nolan County Appraisal District.

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

Economic Development
and Analysis
Form 50-296-A

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links on this Web page to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

TAB 4

Lone Star Industries, Inc.
d/b/a Buzzi Unicem USA
Application for Appraised Value Limitation on Qualified Property
Tab 4
Section 7 - Project Description

As background, Lone Star Industries, Inc. (or "the Company") is a cement manufacturer which currently operates cement plants in Indiana, Missouri, Oklahoma, and Texas. The Company distributes the product through a network of distribution terminals located in several states. The Maryneal, Texas cement plant began production in 1951 with 2 kilns, adding a third kiln in 1953. The plant is currently capable of producing over 500,000 tons/year of cement, mainly Type I and oil well cement. The average life for a cement plant is approximately 50 years, which our Maryneal plant surpassed years ago. The industry has less than 3.5% of its clinker capacity produced by pre-1953 kilns. As a result of the plant's age, Buzzi Unicem USA spends a significant amount annually to maintain the facility. The amount spent makes the Maryneal plant the highest cost plant to operate within the Buzzi Unicem USA group.

Lone Star Industries, Inc. is proposing a project that is currently estimated to be a \$235 million capital investment to build a brand new cement production line employing state-of-the-art equipment and technology. The new plant will yield a capacity of 1.1 million tons/year of clinker and 1.2 million tons/year of cement. The project will assure that Buzzi Unicem USA will retain and secure jobs for the foreseeable future in Nolan County and ensure that the Company continues to be a sustainable member of the community in which we operate. Without approval of the appraised value limitation application, this project is in jeopardy, which likely leads to the Company ceasing production at the outdated plant resulting in the loss of approximately 100 jobs.

The proposed project includes construction of equipment and support systems needed for the installation of a new production line with a capacity of 1.1 million tons of Portland cement clinker per year. In addition, the updated equipment further enhances safety for our employees. The Company will also invest in its employees by providing training related to the new equipment and technologies. The project will take place over approximately two years commencing in the first half of 2014. The project equipment will be installed on land already owned by the company. In general terms, the project will include the following:

- 1) Site preparation, grading and excavations
- 2) Foundation installations and civil construction
- 3) Installation of crushing, conveying and storage for limestone
- 4) Installation of a raw material grinding system
- 5) Installation of a Portland cement grinding system and attending conveying system
- 6) Procurement and installation of equipment and materials for construction of:
 - a. Secondary raw materials storage/conveying
 - b. Portland cement clinker kiln and cooler system
 - c. Portland cement kiln fuel preparation and delivery system
 - d. Portland cement clinker conveying and storage system
 - e. Storage and conveying of secondary materials for cement grinding
 - f. Ancillary systems for the supply of compressed air, process water, hydraulic systems

- 3) As discussed in Tab 4, Lone Star Industries, Inc. d/b/a Buzzi Unicem USA (“the Company”) currently has a cement plant located in Nolan County at the site of the new project. The existing plant is capable of producing over 500,000 tons/year of cement, mainly Type I and oil well cement. The new facility would be constructed on property which is already owned by the Company and mainly within the general footprint of the existing plant.
- 4) Please see Exhibit II in Tab 5 for a copy of a press release for the proposed project at the Maryneal facility. The Company released this announcement only after receiving approval of tax abatements by the boards of the various Nolan County taxing districts. The Company received approval from the Nolan County and FM-KT tax districts on September 23, 2013, from the Nolan County Hospital taxing district on September 23, 2013, and from the Highland Independent School District board on October 14, 2013.
- 5) The Company filed a General Application for an Air Preconstruction Permit and received an Air Quality Permit from the Texas Commission on Environmental Quality (TCEQ) in 2009 when the Company was first considering an expansion project. TCEQ has informed the Company that amendments to this original application will be required since the location of the proposed project has changed. The TCEQ has indicated that the permit amendment process must be completed before a new kiln line would commence operation. The Company has begun preliminary work on the amendments to the permit application. However, this process cannot be completed until the proposed project design specifications would be finalized.
- 6) The Company has received property tax abatement for 10 years from the Nolan County Hospital District, Nolan County Appraisal District and FM-KT Road. Please see Exhibit III for copies of the applicable documents which approve the abatement.
- 7) ****CONFIDENTIAL**

8) Over the last year, the Company has considered opportunities to modernize several of its facilities. In order to determine where the Company's limited capital resources would best be spent, the Company evaluated modernizing either its Pryor, Oklahoma or Maryneal, Texas cement plants. When presenting the options to the Board of Directors for approval of a modernization project, the Maryneal Texas project had a stronger financial justification due to the Highland Independent School District appraised value limitation and tax abatements granted by other Nolan County taxing districts.

9) **CONFIDENTIAL

10) The increased capacity at the Maryneal facility will allow the Company to distribute additional cement to its other Texas distribution terminals via rail along with additional direct sales to customers from the Maryneal plant. In addition, should the Company proceed with the proposed project, it would plan to build a new distribution terminal in Texas which would receive all product from the Maryneal facility via rail.

Buzzi Unicem USA Announces Major Expansion of the Maryneal, Texas Cement Plant

Bethlehem, PA and Maryneal, TX 26 November 2013 –

Buzzi Unicem USA announced today that it plans to modernize and expand its cement production facility located at Maryneal, Texas. The project will reduce the plant's environmental footprint while more than doubling capacity to serve the increasing demand for cement for the construction and oil and gas industries. With the expansion, cement production capacity at the Maryneal, Texas plant will be increased from 550,000 short tons per year to 1.2 million short tons per year. Buzzi Unicem USA also will install state-of-the-art pollution control equipment that will significantly reduce the plant's emissions of NOx and allow for compliance with other stringent environmental limits.

"As an industry leader in quality and service, Buzzi Unicem USA is committed to sustainable, environmentally responsible manufacturing at all of its plants," said David Nepereny, the Company's President and Chief Executive Officer. "The Maryneal plant expansion will result in a world-class facility that has the latest pyroprocessing, environmental and safety equipment."

The major components of the proposed expansion include a new Raw Mill, a new Preheater/Precalciner Kiln and Cooler System, a new 4500KW Finish Mill, and continued use of the newly commissioned Fives FCB Horomill® Finish Mill. A new solid fuel grinding and feed system will also be added as part of the project.

Buzzi Unicem USA currently employs approximately 100 full time employees at the Maryneal plant, 80% of whom live in Nolan County, Texas. This expansion will solidify the jobs for the plant's workforce and create more than 200 full-time construction jobs during the estimated 2-3 year time period to install the project.

Owner shall allow the NCHD Authorities' employees and/or designated representatives of the NCHD access to the Improvements for the purpose of inspecting any Improvements erected to ensure that such Improvements are completed and maintained in accordance with the terms of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made only after giving Owner twenty-four (24) hours advance notice

and shall be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the Improvements. All such inspections shall be made with one (1) or more representatives of Owner and in accordance with all applicable safety standards. Upon completion of construction, the designated representative of the NCHD Authorities shall annually evaluate the Improvements receiving abatement to ensure compliance with the Agreement, and a formal report shall be made to Commissioners Court.

(b) On May 1st of each year that this Agreement is in effect Owner shall certify to the NCHD Authorities that Owner is in compliance with each applicable term of this Agreement.

(c) The Chief Appraiser of the Nolan County Appraisal District annually shall determine (i) the Certified Appraised Value of the Property and the Improvements and (ii) the taxable value, pursuant to the terms of abatement under this Agreement, of the Property and Improvements. During the term of this Agreement, each year, Owner shall furnish the Chief Appraiser with such information outlined in Chapter 22, TEXAS TAX CODE, as may be necessary for the administration of the abatement specified herein. Nothing contained herein shall preclude the Owner from contesting the Certified Appraised Value according to the County's rules and procedures.

11. Default.

(a) The NCHD may declare a default hereunder if Owner (1) fails, refuses, or neglects to comply with any of the material terms, conditions, or representations of this Agreement and fails to cure during the cure period described herein; or (2) allows ad valorem taxes owed to the NCHD or any other taxing jurisdiction in Nolan County to become delinquent and fails either to cure during the cure period or to timely and properly follow the legal procedures for their protest or contest.

(b) If the NCHD Authorities declare a default of this Agreement, this Agreement shall terminate (after notice and opportunity to cure as provided for herein), and the NCHD Authorities, in such event, shall be entitled to recapture any and all property taxes which have been abated as a result of this Agreement. The NCHD Authorities shall notify Owner of any default in writing in the manner prescribed herein. The notice shall specify the basis for the declaration of default, and Owner shall have sixty (60) days from the date of such notice to cure any default; provided, however, where fulfillment of any obligation requires more than sixty (60) days, performance shall be commenced within sixty (60) days after the receipt of notice, and such performance shall be diligently continued until the default is cured; provided, however, that if such default is not cured within one hundred and fifty (150) days from the date of notice of default from the NCHD Authorities, the failure to cure such default shall constitute a default hereunder. If the default cannot be cured, or if Owner fails to cure within the period herein specified, Owner shall be liable for and will pay to the NCHD Authorities within sixty (60) days following the termination of this Agreement (1) the amount of all property taxes abated under this Agreement, (2) interest on the abated amount at the rate provided for in the

Texas Tax Code for delinquent taxes, and (3) penalties on the amount abated in the year of default at the rate provided for in the Texas Tax Code for delinquent taxes.

(c) Notwithstanding any other provision contained herein to the contrary, in the event of termination of this Agreement due to default, the NCHD shall be entitled to recapture all property taxes which have been abated by this Agreement.

Any assignment, including without limitation an assignment to another entity, shall require that all conditions and obligations in this Agreement applying to the interest acquired by the assignee shall be assumed by the assignee, and upon such assumption, Owner (Lone Star Industries, Inc.), or any entity other than such assignee) shall have no further rights, duties or obligations under the Agreement to the extent such rights, duties or obligations apply to the interest acquired by the assignee. All such inspections shall be made only after giving Owner twenty-four (24) hours advance notice and shall be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the Improvements. and will pay to the County Authorities within sixty (60) days following the termination of this Agreement (1) the amount of all property taxes abated under this Agreement, (2) interest on the abated amount at the rate provided for in the Texas Tax Code for delinquent taxes, and (3) penalties on the amount abated in the year of default at the rate provided for in the Texas Tax Code for delinquent taxes.

(c) Notwithstanding any other provision contained herein to the contrary, in the event of termination of this Agreement due to default, the County shall be entitled to recapture all property taxes which have been abated by this Agreement.

Spending for the project is scheduled to begin the first half of 2014 with an expected completion date of fourth quarter 2016. The project includes construction of equipment and support systems needed for the installation of a new production line with a capacity of 1.1 million tons of Portland cement clinker per year. The project will take place over approximately two years commencing in 2014. In general terms, the project will include the following:

- 1) Site preparation, grading and excavations

Lone Star Industries, Inc. d/b/a Buzzi Unicem USA, recently submitted an application to the Highland Independent School District, pursuant to Chapter 313 of the Texas Property Tax Code for a Value Limitation of Qualified Property. The Central Appraisal District of Nolan County intends to identify and segregate the existing property of the owner as it is listed on the 2013 Appraisal Roll, and to then identify and segregate all new additions of both real and personal property. These new accounts will include all the necessary data and will receive appropriate treatment as required pursuant to Chapter 313 Agreement and the Texas Property Tax Code.

Our appraisal district currently appraises numerous properties involved in nine Chapter 313 agreements with five different school districts located in Nolan County. Representatives of Pritchard and Abbott, Inc., our contracted appraisal and software firm, currently handle the listing and appraisal of these properties. The procedure in the past has been to establish a new owner number for properties that are qualified under the agreement. We are confident that they will continue to identify, list, track and appraise property pertaining to this new agreement as they have in the past.

Property currently owned by Lone Star Industries, Inc. d/b/a Buzzi Unicem USA, and listed on the 2013 Appraisal Roll, is identified on the following page. New accounts will be created for new investment related to the Chapter 313 Agreement for 2014 and subsequent years.

3a) d) The guidelines for creating the zone are discussed in Texas Code Section 311.003.

Sec. 311.003. PROCEDURE FOR CREATING REINVESTMENT ZONE.

(a) The governing body of a county by order may designate a contiguous geographic area in the county and the governing body of a municipality by ordinance may designate a contiguous or noncontiguous geographic area that is in the corporate limits of the municipality, in the extraterritorial jurisdiction of the municipality, or in both to be a reinvestment zone to promote development or redevelopment of the area if the governing body determines that development or redevelopment would not occur solely through private investment in the reasonably foreseeable future. The designation of an area that is wholly or partly located in the extraterritorial jurisdiction of a municipality is not affected by a subsequent annexation of real property in the reinvestment zone by the municipality.

(b) Before adopting an ordinance or order designating a reinvestment zone, the governing body of the municipality or county must prepare a preliminary reinvestment zone financing plan.

(c) Before adopting an ordinance or order providing for a reinvestment zone, the municipality or county must hold a public hearing on the creation of the zone and its benefits to the municipality or county and to property in the proposed zone. At the hearing an interested person may speak for or against the creation of the zone, its boundaries, or the concept of tax increment financing. Not later than the seventh day before the date of the hearing, notice of the hearing must be published in a newspaper having general circulation in the municipality or county.

(d) A municipality or county proposing to designate a reinvestment zone must provide a reasonable opportunity for the owner of property to protest the inclusion of the property in a proposed reinvestment zone.

3a) e) See Tab 11 for a map of the reinvestment zone

John Duane Hyde
Superintendent
Highland Independent School District
6625 FM 608
Roscoe, Texas 79545-9801

Dear Superintendent Hyde:

On July 11, 2014, the Comptroller issued written notice that Lone Star Industries dba Buzzi Unicem USA (the applicant) submitted a completed application (Application #1002) for a limitation on appraised value under the provisions of Tax Code Chapter 313¹. This application was originally submitted in March 2014 to the Highland Independent School District (the school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has committed to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application #1002.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Certificate decision required by 313.025(d)

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-286) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of July 11, 2014, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Attachment B – Tax Revenue over 25 Years

This represents the Comptroller's determination that Lone Star Industries (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller has determined that the limitation on appraised value is a determining factor in Buzzi Unicem’s decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company, without approval of the appraised value limitation application this project is in jeopardy; and, likely leads to the company ceasing production at the outdated plant resulting in the loss of approximately 100 jobs.
- Per the company, without the property tax savings the other proposed location has a lower operating cost by approximately \$2.1 million annually.
- Per the applicant, the company permanently closed two manufacturing facilities in 2008, Independence, Kansas and New Orleans, Louisiana.
- Per the applicant’s application, in November 2013 they announced plans of a modernization and expansion of the Maryneal, Texas facility.
- Per the application upgrades to the plant were installed in June and July 2013.
- Per news reports in April 2009 the applicant’s plans for a \$300M modernization and expansion of the the Maryneal, Texas facility were put on hold as a result of the recession. They also withdrew their application for a \$300M tax abatement; but continued to make some upgrades to the plant. As part of that process, plans were being drawn to incorporate the future goal of the plants \$300M modernization and expansion.

Summary of Financial Impact

**REVISED CHAPTER 313 PROPERTY VALUE LIMITATION
FINANCIAL IMPACT OF THE PROPOSED BUZZI UNICEM
USA PROJECT IN THE HIGHLAND INDEPENDENT SCHOOL
DISTRICT**

PREPARED BY

**NOVEMBER 3, 2014
(REVISED)**

Executive Summary

Buzzi Unicem USA (Company) has requested that the Highland Independent School District (HISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In a revised application submitted to HISD in March 2014, the Company plans to invest \$235.2 million to construct a cement manufacturing facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The Buzzi Unicem project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, HISD may offer a minimum value limitation of \$30 million. This value limitation, under the proposed application, will begin in 2017-18 and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement.

MCA's initial school finance analysis is detailed in this report. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. At the time the application is determined complete—typically 4-6 weeks after receipt—the Comptroller will deliver a Completeness Letter to the company and the school district. In this case, the Application was deemed complete on July 11, 2014.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full

review of the project and provide its certificate for a limitation on appraised value. The Certification letter was issued on August 21, 2014. After the certificate is received, the district has until the 150th day from the receipt of the Completeness Letter or until December 31st, whichever is earlier, to adopt an agreement.

Each value limitation agreement is unique and to ensure the proper revenue-loss protection and maximum supplemental benefits are in place, an understanding of the school district's finances and a thorough knowledge of the Ch. 313 statute are required. MCA and O'Hanlon, McCollom & Demerath will ensure the best interests of HISD are secured. After the Comptroller's certificate is received, O'Hanlon, McCollom & Demerath will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review prior to final adoption by the school district's board of trustees.

At the final board meeting, the school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting. Prior to this meeting, O'Hanlon, McCollom & Demerath will provide the district with the necessary agenda language and any additional action items.

How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction.

Tier I provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate—\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

Tier II guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding—funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

Additional State Aid for Tax Reduction (ASATR) guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools](#). For the 2014-15 school year it is estimated that 230 school districts will receive ASATR hold-harmless funding (\$335 million in state funding). ASATR funding is expected to be eliminated by the 2017-18 school year under current law.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

School districts that receive ASATR funding may not require as large of a company revenue-loss payment as those districts that are considered to be on "formula". **As ASATR is reduced, more districts will be considered on "formula" and the revenue losses may be greater than anticipated in the initial revenue-loss estimates.**

HISD does not receive ASATR funding. In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.**

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

Student enrollment counts are held constant at 212 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of HISD. The District's local tax base reached \$222.6 million for the 2014 tax year (the most recent year available) and is maintained at that level for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.16 per \$100 is used throughout this analysis. HISD has estimated 2014-15 state property wealth per weighted ADA or WADA of approximately \$766,631. As a result, HISD is considered a Chapter 41 or recapture district under the

school finance system. Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis.

The M&O tax rate for the 2027-28 school year reflect the impact of the Chapter 313 project value returning to the total tax roll for M&O funding purposes, which could result in a lower M&O tax rate. For the purposes of these estimates, it is assumed that the current M&O tax rate in year 11 of the limitation agreement would be reduced slightly from the \$1.16 per \$100 M&O rate shown in Table 1 to \$1.09 and then return to the \$1.16 M&O tax rate. The lower M&O rate is reflected for that year in the limitation model shown below.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to isolate the effects of the value limitation under the school finance system. ASATR is continued under the current funding elements until the 2017-18 school year, although it is not a factor in these calculations.

M&O Impact of the Buzzi Unicem project on HISD

School finance models were prepared for HISD under these assumptions through the 2029-30 school year. Under the proposed agreement, a model is established to make a calculation of the “Baseline Revenue Model” by adding the total value of the project to the model, but without assuming that a value limitation is approved. This information is detailed in Table 2.

Additionally, a separate model is established to make a calculation of the “Value Limitation Revenue Model” by adding the project’s limited value of \$30 million to the model. These results are shown in Table 3.

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$2,159,808 over the course of the Agreement. Nearly all of the reduction in M&O taxes under the limitation agreement is offset through a reduction in recapture costs owed to the state under current law.

M&O Impact on the Taxpayer

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.16 per \$100 M&O tax rate is assumed in 2014-15 (the most recent year available) and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$18.1 million over the life of the agreement. The HISD revenue losses are expected to total approximately \$2.16 million over the course of the agreement. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$15.95 million.

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with HISD currently levying a \$0.12 per \$100 I&S rate. The value of the Buzzi Unicem project is expected to depreciate over the life of the agreement and beyond, but full access to the additional value is expected to increase the District's projected wealth per ADA to \$1.2 million in the peak year of I&S taxable project value. Even with depreciation in project values in future years, local taxpayers should benefit from the addition of the Buzzi Unicem project to the local I&S tax roll.

The project is not expected to affect HISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.

Roscoe, TX 79545-9801

Dear Mr. Allen:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed Lone Star Industries dba Buzzi Unicem USA project on the number and size of school facilities in Highland Independent School District (HISD). Based on an examination of HISD enrollment and the number of potential new jobs, the TEA has determined that the Lone Star Industries dba Buzzi Unicem USA project should not have a significant impact on the number or size of school facilities in HISD.

Please feel free to contact me by phone at (512) 463-9186 or by email at al.mckenzie@tea.state.tx.us if you have any questions.

PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1. INTENT OF THE PARTIES.

In conformance with the provisions of Texas Tax Code § 313.027(f)(1), it is the intent of the Parties that the District shall be compensated over the course of this Agreement by the Applicant for: (i) any monetary loss that the District incurs in its Maintenance and Operations Revenue; or, (ii) for any new uncompensated operating cost incurred as a sole and direct result of, or on account of, entering into this Agreement, after taking into account any payments to be made under this Agreement. Subject to the limitations contained in this Agreement. It is the intent of the Parties that the risk of any negative financial consequence to the District in making the decision to enter into this Agreement will be borne by the Applicant and not by the District, and paid by the Applicant to the District in addition to any and all support due under Article VI.

A. The calculation of the amount of any Revenue Protection required to be paid by Applicant under this Article IV shall be made for the first time for the first complete tax year following the start of Commercial Operations.

B. For purposes of this Article IV, and of Section 2.3(d)(1), above, the term "Commercial Operations" means the date on which project described in **EXHIBIT 3**, below begins the later of either the acceptance of the commissioning of the new kiln or the acceptance of the commissioning of the new finish mill, and production of cement saleable in the market.

C. The amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year during the term of this Agreement (the "M&O Amount") shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:

with the Applicable School Finance Law in effect for such year and according to the following formula:

The M&O Amount owed by the Applicant to District means the Original M&O Revenue *minus* the New M&O Revenue;

Where:

- i. "Original M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Qualified Property and/or Qualified Investment been subject to the ad valorem maintenance & operations tax at the tax rate actually adopted by the District for the applicable year.
- ii. "New M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District actually received for such school year, after all adjustments have been made to Maintenance and Operations Revenue because of any portion of this agreement.

In making the calculations required by this Section 4.2:

- iii. The Taxable Value of property for each school year will be determined under the Applicable School Finance Law.
- iv. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%)
- v. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.
- vi. All calculations made for all years of the value limitation under Section 4.2, Subsection *ii* of this Agreement will reflect the Tax Limitation Amount for such year.
- vii. All calculations made under this Section 4.2 shall be made by a methodology which isolates the full M&O revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or on account of or otherwise arising out of any other factors not contained in this Agreement.

Section 4.3. CUMULATIVE PAYMENT LIMITATION.

In no event shall the Cumulative Payments made by Applicant to the District exceed an amount equal to One Hundred Percent (100%) of Applicant's Cumulative Unadjusted Tax Benefit under this Agreement from the Commencement Date through Tax Year 2029. For each year of this Agreement, amounts due and owing by Applicant to the District which, by virtue of the application of payment limitation set forth in this Section are not payable to the District for a given year, shall be carried forward to future years, but shall be subject, in each subsequent year to the limit set forth in this Section.

For purposes of this Section:

A. "Cumulative Unadjusted Tax Benefit" means for each Tax Year of this Agreement, the Unadjusted Tax Benefit for the applicable Tax Year added to the Unadjusted Tax Benefit from all previous Tax Years of this Agreement.

B. "Unadjusted Tax Benefit" means for each year of this Agreement the total of all gross tax savings calculated for each year of the Agreement by multiplying the Applicant's taxable value for debt service taxes for each applicable Tax Year, minus the Tax Limitation Amount defined in Section 2.5(A) above, as Thirty Million Dollars (\$30,000,000.00), multiplied by the District's Maintenance & Operations tax rate for the applicable Tax Year.

Section 4.4. COMPENSATION FOR LOSS OF OTHER REVENUES.

In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for the following:

A. The Applicant, on an annual basis, shall also indemnify and reimburse the District for all non-reimbursed costs, certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project. Applicant shall have the right to contest the findings of the District's external auditor pursuant to Section 4.9 herein.

B. Any other loss of District revenues which are, or may be reasonably attributable to the payment by the Applicant to or on behalf of any other third party beneficiary of this Agreement. Applicant shall have the right to contest the findings of the District's external auditor pursuant to Section 4.9 herein.

C. Any other cost to the District, including costs under Subsection 8.6(C), below which are, or may be attributable to compliance with State-imposed costs of compliance with the terms of this Agreement.

Section 4.5. CALCULATIONS TO BE MADE BY THIRD PARTY.

All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") selected each year by the District.

Section 4.6. DATA USED FOR CALCULATIONS.

The calculations under this Agreement shall be initially based upon the valuations that are placed upon all taxable property in the District, including Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified tax roll submitted to the District pursuant to Texas Tax Code §26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 4.5. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.

Section 4.7. DELIVERY OF CALCULATIONS.

On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 4.5 of this Agreement shall forward to the Parties the calculations required under Sections 4.2 and/or 4.4 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation and fee for a period of four (4) years after the Final Termination date of this Agreement. The Applicant shall not be liable for any of Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement or the fee paid by the Applicant to the Third Party pursuant to Section 4.7, if such fee is timely paid.

Section 4.8. PAYMENT BY APPLICANT.

The Applicant shall pay any amount determined to be due and owing to the District under this Agreement on or before the January 31 of the year next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 4.7, above, plus

any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, reports required by any state agency, disclosures, other reimbursement applications filed with or sent to the State of Texas which are, or may be required under the terms or because of the execution of this Agreement. In no year shall the Applicant be responsible for the payment of any total expenses under this Section and Section 4.7, above, in excess of Ten Thousand Dollars (\$10,000.00).

Section 4.9. RESOLUTION OF DISPUTES.

Should the Applicant disagree with the Third Party calculations made pursuant to Sections 4.7 of this Agreement, the Applicant may appeal the findings, in writing, to the Third Party within thirty (30) days of receipt of the calculation. Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the calculations. Thereafter, the Applicant may appeal the final determination of the certification containing the calculations to the District's Board of Trustees. Any appeal by the Applicant of the final determination of the Third Party may be made, in writing, to the District's Board of Trustees within thirty (30) days of the final determination of the calculations.

Section 4.10. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT.

In the event that, at the time the Third Party selected under Section 4.5 makes its calculations under this Agreement, the Applicant has appealed the taxable values placed by the Appraisal District on the Qualified Property, and the appeal of the appraised values are unresolved, the Third Party shall base its calculations upon the values initially placed upon the Qualified Property by the Appraisal District.

In the event that the result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of a new value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years. In the event the new calculations result in the change of any amount payable by the Applicant under this Agreement, the party from whom the adjustment is payable shall remit such amounts to the counter-party within thirty (30) days of the receipt of the new calculations from the Third Party.

Section 4.11. EFFECT OF STATUTORY CHANGES.

Notwithstanding any other provision in this Agreement, but subject only to the limitations contained in Section 7.1, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, or to other governmental entities, because of its participation in this Agreement, the Applicant shall make payments to the District, that are necessary to offset any negative impact on the District as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

ARTICLE V

PAYMENT OF EXTRAORDINARY EDUCATION RELATED EXPENSES

Section 5.1.

In addition to the amounts determined pursuant to Section 4.2 above, and to the extent provided in Section 6.3, the Applicant, on an annual basis, shall also indemnify and reimburse the District for all non-reimbursed costs, certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project. Applicant shall have the right to contest the findings of the District's external auditor pursuant to Section 4.9 herein.

ARTICLE VI

PAYMENT OF SUPPLEMENTAL PAYMENTS

Section 6.1. INTENT OF PARTIES WITH RESPECT TO SUPPLEMENTAL PAYMENTS.

In interpreting the provisions of Article IV and VI, the Parties agree as follows:

A. Amounts Exclusive of Indemnity Amounts. The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313 of the Texas Tax Code, unless it is explicitly set forth in this Agreement. provided, however, that all payments under Articles IV and VI are subject to such limitations as are contained in Section 7.1, and that all payments under Article VI are subject to the separate limitations contained in Section 6.4.

B. Adherence to Statutory Limits on Supplemental Payments. It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant, under this Article V, shall not exceed the limit imposed by the provisions of Texas Tax Code 313.027(i) unless that limit is increased by the Legislature at a future date, in which case all references to statutory limits in this Agreement will be automatically adjusted to reflect the new, higher limits, but only if, and to the extent that such increases are authorized by law.

C. As used in Article IV and in this Article, the following terms shall be defined as follows:

i. "Cumulative Payments" means for each year of this Agreement the total of all payments, calculated under both Article IV and Article VI of this Agreement for the current Tax Year which are paid by or owed by Applicant to the District, plus payments paid by Applicant for all previous Tax Years under Article IV and Article VI of this Agreement.

iii. "Net Tax Benefit" means (a) the amount of maintenance and operations *ad valorem* taxes that the Applicant would have paid to the District for all Tax Years if this Agreement had not been entered into by the Parties, (b) adding to the amount determined under clause, and (c) subtracting from the sum of the amounts determined under clauses (a) and (b) the sum of (d) all maintenance and operations *ad valorem* school taxes actually due to the District or any other governmental entity, including the State of Texas, for all Tax Years of this Agreement, plus (e) any payments due to the District under Article IV under this Agreement as well as the Annual Limit.

Section 6.2. SUPPLEMENTAL PAYMENT LIMITATION.

A. Notwithstanding the foregoing, the total annual supplement payment made pursuant to this article shall:

In any year during the term of this Agreement, the District shall not be entitled to receive Supplemental Payments that exceed the lesser of:

Section 6.4. ANNUAL CALCULATION OF STIPULATED SUPPLEMENTAL PAYMENT AMOUNT.

The Parties agree that for each Tax Year of this Agreement, beginning with Tax Year 2014, the first year of the qualifying time period specified in Section 2.3(d)(1) of this Agreement, the Stipulated Supplemental Payment Amount, described in Section 6.3, above will annually be calculated based upon the then most current estimate of tax savings to the Applicant, which will be made, based upon assumptions of student counts, tax collections, and other applicable data, in accordance with the following formula:

Taxable Value of the Applicant's Qualified Property for such Tax Year had this Agreement not been entered into by the Parties (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's interest and sinking fund tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

Section 6.5. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS

A. All calculations required by this Article shall be calculated by the Third Party selected pursuant to Section 4.5, above.

B. The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.7, above.

C. The payment of all amounts due under this Article shall be made by December 31 of the tax year for which the payment is due.

Section 6.6. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY.

At any time during this Agreement, the District's Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement, direct that the Applicant's payment obligations under Article VI of this agreement be made to its educational foundation, or to a similar entity. The alternative entity may only use such funds received under this Article to support the educational mission of the District and its students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in

conformance with the provisions of Section 10.1, below. Such designation may be rescinded, with respect to future payments only, by action of the District's Board of Trustees at any time.

Any designation of a successor beneficiary under this Section shall not alter the Aggregate Limit or the Net Aggregate Limit or the Supplemental Payments calculated as described in Section 6.5, above.

ARTICLE VII

Section 7.2. OPTION TO TERMINATE AGREEMENT.

In the event that any payment otherwise due from Applicant to District under Article IV, Article V, and/or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1 above, then the Applicant shall have the option to terminate this Agreement. Applicant may exercise such option to terminate this Agreement by notifying District of its election in writing not later than the July 31 of the year next following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

Section 7.3. EFFECT OF OPTIONAL TERMINATION.

Section 8.4. DATA REQUESTS.

During the term of this Agreement, and upon the written request of District, the State Auditor's Office, or Comptroller, the Applicant shall provide the requesting party with all information reasonably necessary for the requesting party to determine whether the Applicant is in compliance with its obligations, including, but not limited to, any employment obligations which may arise under this Agreement.

B. All inspections may be accompanied by one or more representatives of Applicant, and shall be conducted in accordance with Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide District, Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret or is subject to a confidentiality agreement with any third party.

The independent auditor shall provide Comptroller with a copy of such audit at the same time it is provided to Applicant and/or District.

Under the direction of the legislative audit committee, Applicant or District or other entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. By signature to this Agreement, Applicant:

A. represents and warrants that all information, facts, and representations contained in the Application are true and correct; and

B. acknowledges that if Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that Applicant has violated any of the representations, warranties, guarantees, certifications or affirmations included in the Application or this Agreement, Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by 34 Tex. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

Section 9.3. LIMITED STATUTORY CURE OF MATERIAL BREACH.

In accordance with the provisions of Section 313.0275 of the Texas Tax Code, for any full tax year which commences after the project has become operational, Applicant may cure the Material Breaches of this Agreement, defined in Sections 9.1.C. or 9.1.D, above, without the termination of the remaining term of this Agreement. B. If the Board of Trustees is not satisfied with such response and/or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to whether or not a material breach of this Agreement has occurred, the date such breach occurred, if any, and whether or not any such breach has been cured. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall also terminate the Agreement and determine the amount of recaptured taxes under Section 9.2.A and B (net of all credits under Section 9.2.A and B), and the amount of any penalty and/or interest under Section 9.2.C that are owed to District.

In the event that any mediation is not successful in resolving the dispute or that payment is not received before the expiration of such ninety (90) days, District shall have the remedies for the collection of the amounts determined under Section 7.8 as are set forth in Chapter 33, Subchapters B and C, of the Texas Tax Code for the collection of delinquent taxes. In the event that District successfully prosecutes legal proceedings under this section, the Applicant shall also be responsible for the payment of attorney's fees and a tax lien on Applicant's Qualified Property and Applicant's Qualified Investment pursuant to Section 33.07 of the Texas Tax Code to the attorneys representing District pursuant to Section 6.30 of the Texas Tax Code.

C. In any event where a dispute between District and Applicant under this Agreement cannot be resolved by the Parties, after completing the procedures required above in this Section, either District or Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in any judicial proceeding, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any covenant, agreement or undertaking made by a Party pursuant to this Agreement.

Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, District's damages for such a default shall under no circumstances exceed the greater of either any amounts calculated under Sections 9.2 above, or the monetary sum of the difference between the payments and credits due and owing to Applicant at the time of such default and District taxes that would have been lawfully payable to District had this Agreement not been executed. In addition, District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.
