FINDINGS OF THE FORT STOCKTON INDEPENDENT  
SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE  
TEXAS ECONOMIC DEVELOPMENT ACT  
ON THE APPLICATION SUBMITTED BY  
RE ROSEROCK LLC (#1012)

*STATE OF TEXAS* §

*COUNTY OF PECOS* §

On the 15<sup>th</sup> day of December, 2014, a public meeting of the Board of Trustees of the Fort Stockton Independent School District (“District”) was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of RE Roserock LLC (“Applicant”) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District’s administrative staff, and from consultants retained by the District to advise the Board in this matter, the Board of Trustees makes the following findings with respect to application from Applicant, and the economic impact of that application:

On May 19, 2014, the Superintendent of the District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts (“Comptroller”) received an Application from Applicant for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The application was determined complete by the Comptroller on July 2, 2014. A copy of the Application is attached as **Attachment A**.

The Applicant, (Texas Taxpayer Id. 32053925858), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise taxpayer by the Comptroller. See **Attachment B**.

The Board of Trustees acknowledged receipt of the Application, along with the requisite application fee, established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Comptroller for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Pecos County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054.

The Application was reviewed by the Comptroller pursuant to Texas Tax Code §313.026, and a Comptroller Certificate was issued on August 22, 2014 in which the Comptroller has determined that: 1) the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised values; 2) the proposed project is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25<sup>th</sup> anniversary of the beginning of the limitation period; and, 3) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. A copy of the Certificate is attached to the findings as **Attachment C**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of District. A copy of the report prepared by Moak, Casey & Associates, Inc. is attached to these findings as **Attachment D**.

The Board of Trustees has confirmed that the taxable value of property in the District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment E**.

The Texas Education Agency has evaluated the impact of the project on the District's facilities. TEA's determination is attached to these findings as **Attachment F**.

At the specific direction of the Comptroller's Office, the parties used the template Texas Economic Development Agreement. As required by the Comptroller's Office, the parties changed only the provisions of the template that the Comptroller permitted. The proposed Agreement is attached to these findings as **Attachment G**. In November 2014, the Texas Comptroller's Office announced its intention to modify Comptroller Form 50-

286 and to permit amendments to existing agreements including the agreement for which these Findings are being made.

After review of the Comptroller's Certificate and economic analysis, and in consideration of its own studies the Board finds:

**Board Finding Number 1.**

**The Board finds that the property meets the requirements of §313.024 for eligibility for a limitation on appraised value.**

In support of Finding 1, the Application indicates that:

RE ROSEROCK LLC (RE Roserock) is requesting an appraised value limitation from Fort Stockton Independent School District (FSISD) for their proposed solar facility.

Property that is used for renewable electric energy generation satisfies the requirements of §313.024(b)(5).

**Board Finding Number 2.**

**The project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement.**

In support of Finding 2, the economic impact evaluation Attachment B states:

This represents the Comptroller's determination that RE Roserock, LLC (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy and direct, indirect and induced tax effects

from project employment directly related to this project, using estimated taxable values provided in the application.

<b>Analysis Summary</b>									
Is the project reasonably likely to generate tax revenue in an amount sufficient to offset the M&O levy loss as a result of the limitation agreement?									Yes

**Disclaimer:** This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

### **Board Finding Number 3.**

**The limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.**

In support of Finding 3, the economic impact evaluation Attachment C states:

The Comptroller **determines** that the limitation on appraised value is a determining factor in the RE Roserock, LLC's decision to invest capital and construct the project in this state. This is based on the information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company and numerous media reports, the applicant announced in May 2014 that it intended to build this facility at this site. RE Roserock, LLC applied for a 313 value limitation on June 2, 2014.
- Per media reports, the applicant entered into a 20-year power purchase agreement with the City of Austin in May 2014 to deliver 150 MW of solar capacity in West Texas.
- RE Roserock, LLC's parent company, Recurrent Energy, was one of a number of companies bidding on a \$525 million dollar contract to build a utility scale photovoltaic facility.
- A letter from Austin Energy indicated that the RE Roserock project was selected and a "subsequent negotiation resulted in an executed Power Purchase Agreement on May 1, 2014.
- According to the company CEO, they were able to offer a competitive price due to falling manufacturing costs, by 60 to 70 percent, for solar panels.
- There was no Return on Investment calculations provided by the applicant to illustrate a competitive advantage to locating the plant elsewhere.
- **According to the application, property taxes are the highest operating expense for a solar generation facility. Without the tax incentive in Texas, a project with a power purchase agreement becomes un-financeable. This appears to be accurate based on discussions with professionals familiar with the utility industry.**

**Board Finding Number 4.**

**The Board finds that the Application Fee received for the Application for which these Findings are being made was reasonable and only in such an amount as was necessary to cover the District's costs of processing such Application.**

**Board Finding Number 5.**

**Based upon the information provided in the Application and in the Comptroller's Certificate package, the Board finds that that the number of jobs to be created and the wages to be paid comply with the requirements of statute. And, the Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required job creation requirements, to wit: the provisions set forth in Subsections 9.1C&D of said Agreement.**

The Applicant has committed to creating two (2) new qualifying jobs. The average salary level of qualifying jobs will be at least \$37,000 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. As defined in Section 313.021 of the Tax Code, "Qualifying job" means a permanent full-time job that:

- (A) requires at least 1,600 hours of work a year;
- (B) is not transferred from one area in this state to another area in this state;
- (C) is not created to replace a previous employee;
- (D) is covered by a group health benefit plan for which the business offers to pay at least 80 percent of the premiums or other charges assessed for employee-only coverage under the plan, regardless of whether an employee may voluntarily waive the coverage; and
- (E) pays at least 110 percent of the county average weekly wage for manufacturing jobs in the county where the job is located.

**Board Finding Number 6.**

Based upon the information provided to the District with regard to the industry standard for staffing ratios of similar projects in the State of Texas, the District has determined that if the job creation requirement set forth in Texas Tax Code § 313.021(2)(A)(iv)(b) was applied, for the size and scope of the project described in the Application, the required number of jobs meets or exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

**Board Finding Number 7.**

**The Applicant does not intend to create any non-qualifying jobs.**

For any non-qualifying job the Applicant creates, the Applicant must pay at least the county average wage for all jobs in the county.

**Board Finding Number 8.**

**The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.**

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$285 million to the tax base for debt service purposes at the peak investment level for the 2017-18 school year, with the project value expected to depreciate over the course of the agreement. The project remains fully taxable for debt services taxes, with the District levying a \$0.1992 per \$100 I&S rate. Under the estimates presented in the school finance analysis, the taxpayers of FSISD should see long-term benefit from the Lone Star project in meeting the District's future service needs even with the expected depreciation of the project's taxable value.

**Board Finding Number 9.**

**The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the project.**

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new solar project.

This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in the District as stated in **Attachment F**.

**Board Finding Number 10.**

**The Board finds that with the adoption of District Policy CCG (Local), implemented in conformance with both Comptroller and Texas Education Agency Rules governing Chapter 313 Agreements, it has developed a process to verify, either directly or through its consultants, the accuracy and completeness of information in annual eligibility reports and biennial progress reports regarding (1) the reported number of jobs created and (2) the reported amount invested in the property.**

**Board Finding Number 11.**

**The Board of Trustees hired consultants to review and verify the information in the Application. Based upon the consultants' review, the Board has determined that the information provided by the Applicant is true and correct.**

The Board has developed a written policy CCG (Local) which requires, upon the filing of an Application under Tax Code Chapter 313, the retention of consultants in order to verify: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning and economic incentives being offered, if any, and (2) the proposed project meets eligibility requirements.

As a part of its verification process the Board notes that the Chapter 313 Application for which these Findings are being made has been submitted by Applicant under oath. Chapter 313 Applications are governmental records under Tex. Penal Code § 37.01(2)(A); as a result, all statements contained therein are representations of fact within the meaning of Tex. Penal Code § 37.01(3). Since Board action upon the adoption of these Findings and the approval of the Chapter 313 Tax Limitation Agreement (**Attachment G**) is an "official

proceeding,” a false statement on a Chapter 313 application constitutes perjury under Tex. Penal Code § 37.03.

The Board finds that sworn statements are routinely used as an acceptable verification method for reliance by fact finders in each of the three separate branches of government, including trials.

The consultants have prepared signed statements that the consultants have reviewed and verified the contents of the Application and have determined that the current statements of fact contained in the Application are true and correct. The Board finds that reliance by the Board and its consultants upon verified statements of the Applicant, especially as to Applicant’s future intentions which cannot be objectively verified is reasonable and within the intent of Chapter 313, Texas Tax Code.

**Board Finding Number 12.**

**The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Thirty Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).**

The Board finds that the Chapter 313 Tax Limitation Agreement (**Attachment G**), in accordance with Comptroller’s Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement. According to the Texas Comptroller of Public Accounts’ School and Appraisal Districts’ Property Value Study 2013 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment F, the total 2013 industrial value for the District is \$635 million. The District is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. The District is classified as a “rural” district due to its population characteristics. Given that the value of

industrial property in the District is more than \$200 million, it is classified as a Category I district which can offer a minimum value limitation of \$30 million.

**Board Finding Number 13.**

**The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement.**

**Board Finding Number 14.**

**The Applicant (Taxpayer Id. 32053925858) is eligible for the limitation on appraised value of qualified property as specified in the Agreement as an active franchise-tax paying entity.**

The Applicant, (Texas Taxpayer Id. 32053925858), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise tax payer by the Comptroller. See **Attachment B**. The Board also finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess the eligibility of any business to which an agreement is transferred, to wit: the requirement that all assignments are amendments to the provision forth in Section 10.4 of said Agreement.

**Board Finding Number 15.**

**The project will be located within an area that is currently designated as a reinvestment zone, pursuant to Chapter 312 of the Texas Tax Code. Should it be required, the District will cooperate with the Applicant in ensuring that the area remains designated as a reinvestment zone through the Final Termination Date of the Agreement.**

**Board Finding Number 16.**

**The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District.**

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss primarily in the first two years that the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District. Revenue protection measures are in place for the duration of the Agreement.

**Board Finding Number 17.**

**The Board finds that the methodology and processes for determining Applicant's revenue protection payments as are set forth in Article IV of the Chapter 313 Tax Limitation Agreement (Attachment G) comply with Texas Tax Code, Chapter 313.**

**Board Finding Number 18.**

**The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess performance standards and to require periodic deliverables that will enable it to hold businesses accountable for achieving desired results, to wit: the reporting requirements set forth in Article VIII of said Agreement.**

**Board Finding Number 19.**

**The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, is in the form of the template Texas Economic Development Act adopted by the Comptroller. Should a new template be adopted that corrects the broken cross references, clarifies wording and grammatical errors, and corrects contractual ambiguities not acceptable to either party, the Board finds that it would be in the District's best interest to agree to amend the Agreement.**

**Board Finding Number 20.**

**The Board finds that there are no conflicts of interest at the time of considering the agreement.**

The Board finds that with the adoption of District Policies BBFA and BBFB, both (Legal) and (Local), that it has taken appropriate action to ensure that all District Trustees, have

disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

RE: Amended Application to the Fort Stockton Independent School District from RE  
Roserock

**(First Qualifying Year 2015; First Year of Value Limitation 2016)**

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Fort Stockton Independent School District is notifying RE Roserock of its intent to consider the application for appraised value limitation on qualified property should a positive certificate be issued by the Comptroller. The Applicant has used the form of the application posted on the Comptroller's Texas Ahead website. The company has provided the schedules in both electronic format and paper copies. The electronic copy is identical to the hard copy that will be hand delivered. The Applicant has requested that the value limitation begin in the first full tax year after commercial operations, i.e., 2016.

The Applicant submitted the Application to the school district on May 19, 2014. The Board voted to accept the application on May 19, 2014. The application has been determined complete as of May 22, 2014. On May 28, 2014, the District received an amended application to correct schedule A-2 where one year of investment was inadvertently omitted. The Amended Application is accompanied by a new signature page executed by both the Superintendent and the company. Please prepare the economic impact report.

There are no changes to the items requested to be kept confidential. The Applicant has requested that Section 9, Page 5, Tab 9, Tab 11 and a portion of Tab 16 of the Application be kept confidential. In accordance with 34 TAC 9.1053, the information that is the subject of this request is segregated from the materials submitted contemporaneously with this application, that is, the proprietary commercial information regarding the competitive siting decisions for the possible project and proprietary information regarding the proposed layout of the project. The confidential materials are being submitted separately to protect against unintended disclosure. In addition, the company views the proposed layout and location of the panels as a trade secret in which they have expended considerable resources. The public release of this information would reveal information which the company considers to be a trade secret.

A copy of the application will be submitted to the Pecos County Appraisal District.

# Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

Economic Development

**Form 50-296-A**

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
  - the date on which the school district received the application;
  - the date the school district determined that the application was complete;
  - the date the school board decided to consider the application; and
  - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

TAB 4

The applicant for this project is a national solar developer with the ability to locate projects of this type in other states in the US with strong solar characteristics. The applicant is actively developing and constructing other projects throughout the US and internationally. The applicant requires this appraised value limitation in order to move forward with constructing this project in Texas. Specifically, without the available tax incentives, the economics of the project become unappealing to investors and the likelihood of constructing the project in Texas becomes unlikely.

Property taxes can be the highest operating expense for a solar generation facility as solar plants do not have any associated fuel costs for the production of electricity, and with Texas wholesale electricity prices already below the national average in Texas, it is necessary to limit the property tax liabilities for a solar project in order to be able to offer electricity at prices that are marketable to Texas customers at competitive rates, including power sales under a bi-lateral contract. Markets such as California that have state wide available subsidies for renewable energy projects, and which have higher average contracted power rates, offer an attractive incentive for developers to build projects in those markets.

The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today's contracted power rates under a power purchase agreement. As such, the applicant is not able to finance and build its project in Texas even with a signed power purchase agreement because of the low price in the power purchase agreement. Without the tax incentive, the applicant would be forced to abandon the project and spend its development capital and prospective investment funds in other states where the rate of return is higher on a project basis.

This is true even if the entity is able to contract with an off-taker under a power purchase agreement because the low rate contracted for is not financeable without the tax incentives. More specifically, a signed power purchase agreement in the Texas market is at a much lower rate than other states because of competitively low electricity prices. Other states have high electricity prices where a developer can obtain a PPA with a much higher contracted rate, combined with state subsidies, the other states offer a much higher rate of return for the project financiers. Without the tax incentives in Texas, a project with a power purchase agreement becomes unfinanceable.

RE Roserock, LLC, is developing a solar photovoltaic facility designed to use solar power to generate electricity. The anticipated generation capacity of the Project is 150 MW. The qualified

investment may include solar modules, mounting system, electrical collection system, combiner boxes, inverters, project substation, meteorological equipment, operations and maintenance facility, transmission facilities, and other ancillary equipment necessary to safely generate and transmit energy. All of the property for which the Applicant is seeking a limitation of appraised value will be owned by the Applicant.

The Applicant anticipates commencing construction activities in the second quarter of 2015 and completing construction by the third quarter of 2016. Once complete, the Project may operate for twenty-five or more years.

The Project will be located entirely within Pecos County and the Fort Stockton Independent School District. It may utilize approximately 1,600 acres of the land within the Reinvestment Zone. The project design is not finalized at this time thus the exact location of the improvements cannot be specified. The land used for the Project will privately owned land under long-term leases. The land is currently shrub land which is not being actively used for any profitable ventures.

*Documentation to assist in determining if limitation is a determining factor*

The applicant for this project is a national solar developer with the ability to locate projects of this type in other states in the US with strong solar characteristics. The applicant requires this appraised value limitation in order to move forward with constructing this project in Texas. ## RECURRENT ENERGY

Mr. Ralph Traynham, Superintendent  
Fort Stockton Independent School District  
101 West Division  
Fort Stockton, Texas 79735

**Re: Chapter 313 Job Waiver Request**

Dear Mr. Traynham,

Please consider this letter to be the formal request of RE Roserock, LLC, to waive the minimum new job creation requirement, as provided under Texas Tax Code 313.025(f-1).

Based upon our knowledge of staffing requirements, RE Roserock, LLC, requests the job creation requirement under Chapter 313 of the Texas Tax Code be waived. In line with solar industry standards for job requirements, RE Roserock, LLC has committed to create two (2) new permanent jobs.

Solar projects create a large number of full-time, temporary jobs during the construction phase (1st year), but require a small number of highly skilled technicians to operate the solar project once construction operations end and commercial operations begin.

These permanent employees of a solar energy project maintain and service solar panels, mounting infrastructure, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. In addition to the onsite employees described above, there also may be asset managers or technicians who supervise, monitor, and support solar project operations from offsite locations.

The waiver request herein is in line with industry standards for the number of jobs specifically relegated to a solar generation facility of this size. This is evidenced by previously filed limitation agreement applications by solar developers who similarly requested a waiver of the job requirements and in addition, by readily available documentation and education materials related to the development of solar generation facilities.

Sincerely,

Seth Israel,  
Vice President, Real Estate and Early Stage Development  
Recurrent Energy

TEXAS COMPTROLLER *of* PUBLIC ACCOUNTS

P.O. Box 13528 • AUSTIN, TX 78711-3528

August 28, 2014

Ralph Traynham  
Superintendent  
Fort Stockton Independent School District  
101 West Division  
Fort Stockton, Texas 79735

Dear Superintendent Traynham:

On Jun. 25, 2014, the Comptroller issued written notice that RE Roserock, LLC (the applicant) submitted a completed application (Application #1012) for a limitation on appraised value under the provisions of Tax Code Chapter 313<sup>1</sup>. This application was originally submitted on May 19, 2014, to the Fort Stockton Independent School District (the school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

**Determination required by 313.025(h)**

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application #1012.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

**Certificate decision required by 313.025(d)**

**Determination required by 313.026(c)(1)**

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

<sup>1</sup> All statutory references are to the Texas Tax Code, unless otherwise noted.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-286) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of Jun. 25, 2014, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Should you have any questions, please contact Robert Wood, director of Economic Development & Analysis Division, by email at [robert.wood@cpa.state.tx.us](mailto:robert.wood@cpa.state.tx.us) or by phone at 1-800-531-5441, ext. 3-3973, or direct in Austin at 512-463-3973.

Sincerely,

Martin A. Hubert  
Deputy Comptroller

<b>Analysis Summary</b>	
Is the project reasonably likely to generate tax revenue in an amount sufficient to offset the M&O levy loss as a result of the limitation agreement?	Yes

**Disclaimer:** This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

## Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

### Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

### Determination

The Comptroller **determines** that the limitation on appraised value is a determining factor in the RE Roserock, LLC’s decision to invest capital and construct the project in this state. This is based on the information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company and numerous media reports, the applicant announced in May 2014 that it intended to build this facility at this site. RE Roserock, LLC applied for a 313 value limitation on June 2, 2014.
- Per media reports, the applicant entered into a 20-year power purchase agreement with the City of Austin in May 2014 to deliver 150 MW of solar capacity in West Texas.
- RE Roserock, LLC’s parent company, Recurrent Energy, was one of a number of companies bidding on a \$525 million dollar contract to build a utility scale photovoltaic facility.
- A letter from Austin Energy indicated that the RE Roserock project was selected and a “subsequent negotiation resulted in an executed Power Purchase Agreement on May 1, 2014.
- According to the company CEO, they were able to offer a competitive price due to falling manufacturing costs, by 60 to 70 percent, for solar panels.
- There was no Return on Investment calculations provided by the applicant to illustrate a competitive advantage to locating the plant elsewhere.
- **According to the application, property taxes are the highest operating expense for a solar generation facility. Without the tax incentive in Texas, a project with a power purchase agreement becomes un-financeable. This appears to be accurate based on discussions with professionals familiar with the utility industry.**

## Summary of Financial Impact

**CHAPTER 313 PROPERTY VALUE LIMITATION  
FINANCIAL IMPACT OF THE PROPOSED RE ROSEROCK,  
LLC PROJECT IN THE FORT STOCKTON INDEPENDENT  
SCHOOL DISTRICT**

**PREPARED BY**

**OCTOBER 2, 2014**

## Executive Summary

RE Roserock, LLC (Company) has requested that the Fort Stockton Independent School District (FSISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to FSISD on May 19, 2014 the Company plans to invest \$285 million to construct a renewable electric generation facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The RE Roserock project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, FSISD may offer a minimum value limitation of \$30 million. This value limitation, under the proposed application, will begin in the 2016-17 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement and thereafter.

MCA's initial school finance analysis is detailed in this report. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payment Owed to FSISD	\$1,578,428
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the district.)	\$11,667,770

## Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. At the time the application is determined complete—typically 4-6 weeks after receipt—the Comptroller will deliver a Completeness Letter to the company and the school district.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full review of the project and provide its certificate for a limitation on appraised value. After

the certificate is received, the district has until the 150<sup>th</sup> day from the receipt of the Completeness Letter or until December 31<sup>st</sup>, whichever is earlier, to adopt an agreement.

Each value limitation agreement is unique and to ensure the proper revenue-loss protection and maximum supplemental benefits are in place, an understanding of the school district's finances and a thorough knowledge of the Ch. 313 statute are required. MCA and O'Hanlon, McCollom & Demerath will ensure the best interests of FSISD are secured. After the Comptroller's certificate is received, O'Hanlon, McCollom & Demerath will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review 30 days prior to final adoption by the school district's board of trustees.

At the final board meeting, the school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting. Prior to this meeting, O'Hanlon, McCollom & Demerath will provide the district with the necessary agenda language and any additional action items.

## How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction.

**Tier I** provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate—\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

**Tier II** guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding – funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

**Additional State Aid for Tax Reduction (ASATR)** guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools](#). For the 2014-15 school year it is estimated that 230 school districts will receive ASATR hold-harmless funding (\$335 million in state funding). ASATR funding is expected to be eliminated by the 2017-18 school year under current law.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O

revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

School districts that receive ASATR funding may not require as large of a company revenue-loss payment as those districts that are considered to be on “formula”. **As ASATR is reduced, more districts will be considered on “formula” and the revenue losses may be greater than anticipated.** FSISD currently receives a substantial amount of ASATR funding. Under the value limitation model, FSISD would receive more than \$1.1 million in additional ASATR funding in the 2016-17 school year, the first year the value limitation takes effect. Changes to current-law ASATR funding could shift some or all of this offset to the Company in the form of a larger hold-harmless payment than is reflected in the estimate shown below.

In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated. In the case of the estimates shown below, the anticipated project value doubles between the 2016-17 and 2017-18 school years, creating a larger hold-harmless amount than would be the case if the project values were stable over the two years.**

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially change the impact of the value limitation on the school district’s finances and result in revenue-loss amounts than the estimates presented in this report.

### **Underlying School District Data Assumptions**

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to isolate the effects of the value limitation under the school finance system. ASATR is continued under the current funding elements until the 2017-18 school year.

Student enrollment counts are held constant at 2,233 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of FSISD. The District's local tax base reached \$1.2 billion for the 2014 tax year (the most recent year available) and is maintained for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.04 per \$100 is used throughout this analysis. One exception is the 2019-20 school year, when the values associated with the SandRidge projects return to the local M&O tax roll. Under the current truth-in-taxation law, it appears that the District's M&O tax levy would be reduced to \$0.87 per \$100 for that year.

FSISD has an estimated 2013-14 state property wealth per weighted ADA or WADA of approximately \$367,090. Therefore, FSISD is not considered to be a Chapter 41 or recapture district under the school finance system, prior to the expiration of the SandRidge value limitation agreements after the 2018-19 school year. Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis. In the case of RE Roserock, these estimates indicate an M&O tax rate of \$1.0108 per \$100 when the limitation expires in the 2026-27 school year, under the limitation-model estimates presented here.

### M&O Impact of the RE Roserock project on FSISD

School finance models were prepared for FSISD under the assumptions outlined above through the 2030-31 school year. Under the proposed agreement, a model is established to make a calculation of the "Baseline Revenue Model" by adding the total value of the project to the model, but without assuming that a value limitation is approved. These estimates are detailed in Table 2.

Additionally, a separate model is established to make a calculation of the "Value Limitation Revenue Model" by adding the project's limited value of \$30 million to the model. These estimates are detailed in Table 3.

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$1.6 million, with nearly all of it occurring in the 2017-18 school year and the anticipated ASATR funding offsetting most of the reduction in the 2016-17 school year, based on current law.

***M&O Impact on the Taxpayer***

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.04 per \$100 M&O tax rate is assumed in 2014-15 (the most recent year available) and thereafter, with the exception of the 2019-20 school year as noted previously.

Under the assumptions used here, the potential tax savings from the value limitation total \$13.2 million over the life of the agreement. The FSISD revenue losses are expected to total approximately \$1.6 million in the first two limitation years. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$11.7 million. While legislative changes to ASATR funding could increase the hold-harmless amount owed in the initial limitation year, if applicable, there would still be a substantial tax benefit to the Company under the value limitation agreement for the remaining years that the limitation is in effect.

### I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with FSISD currently levying a \$0.1992 per \$100 I&S rate. While the value of the RE Roserock project is expected to depreciate over the life of the agreement and beyond, full access to the additional value is expected to increase the District's I&S tax base. As a result, the addition of the RE Roserock project will provide a recurring benefit to the taxpayers of FSISD.

The project is not expected to affect FSISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

**Note: School district revenue-loss estimates are subject to change based on numerous factors, including:**

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.

## TEA's Facilities Value

July 8, 2014

Ken Ripley, President  
Board of Trustees  
Fort Stockton Independent School District  
954 South Hwy 385  
Fort Stockton, TX 79735-7107

Dear Mr. Ripley:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed RE Roserock project on the number and size of school facilities in Fort Stockton Independent School District (FSISD). Based on an examination of FSISD enrollment and the number of potential new jobs, the TEA has determined that the RE Roserock project should not have a significant impact on the number or size of school facilities in FSISD.

Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

**ARTICLE V**

**Section 5.1.**

In addition to the amounts determined pursuant to Section 4.2 above, and to the extent provided in Section 6.3, the Applicant, on an annual basis, shall also indemnify and reimburse the District for all non-reimbursed costs, certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project. **PAYMENT OF SUPPLEMENTAL PAYMENTS**

**Section 6.1. INTENT OF PARTIES WITH RESPECT TO SUPPLEMENTAL PAYMENTS.**

In interpreting the provisions of Article IV and VI, the Parties agree as follows:

A. Amounts Exclusive of Indemnity Amounts. In addition to undertaking the responsibility for the payment of all of the amounts set forth under Article IV, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for the Supplemental Payments set forth in this Article VI. The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or

transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313 of the Texas Tax Code, unless it is explicitly set forth in this Agreement. It is the express intent of the Parties that the obligation for Supplemental Payments under Article VI of this agreement are separate and independent of the obligation of the Applicant to pay the amounts described in Article IV; provided, however, that all payments under Articles IV and VI are subject to such limitations as are contained in Section 7.1, and that all payments under Article VI are subject to the separate limitations contained in Section 6.4.

B. Adherence to Statutory Limits on Supplemental Payments. It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant, under this Article V, shall not exceed the limit imposed by the provisions of Texas Tax Code 313.027(i) unless that limit is increased by the Legislature at a future date, in which case all references to statutory limits in this Agreement will be automatically adjusted to reflect the new, higher limits, but only if, and to the extent that such increases are authorized by law.

C. As used in Article IV and in this Article, the following terms shall be defined as follows:

i. "Cumulative Payments" means for each year of this Agreement the total of all payments, calculated under both Article IV and Article VI of this Agreement for the current Tax Year which are paid by or owed by Applicant to the District, plus payments paid by Applicant for all previous Tax Years under Article IV and Article VI of this Agreement.

ii. "Cumulative Unadjusted Tax Benefit" means for each Tax Year of this Agreement, the Unadjusted Tax Benefit for the applicable Tax Year added to the Unadjusted Tax Benefit from all previous Tax Years of this Agreement.

iii. "Net Tax Benefit" means (a) the amount of maintenance and operations *ad valorem* taxes that the Applicant would have paid to the District for all Tax Years if this Agreement had not been entered into by the Parties, (b) adding to the amount determined under clause, and (c) subtracting from the sum of the amounts determined under clauses (a) and (b) the sum of (d) all maintenance and operations *ad valorem* school taxes actually due to the District or any other governmental entity, including the State of Texas, for all Tax Years of this Agreement, plus (e) any payments due to the District under Article IV under this Agreement as well as the Annual Limit.

## **Section 6.2. SUPPLEMENTAL PAYMENT LIMITATION.**

A. Notwithstanding the foregoing, the total annual supplement payment made pursuant to this article shall:

C. For purposes of this Agreement, the amount of the Annual Limit shall be \$225,900 based upon the District's 2014-2015 Average Daily Attendance of 2,259, rounded to the whole number.

**Section 6.3. STIPULATED SUPPLEMENTAL PAYMENT AMOUNT - SUBJECT TO NET AGGREGATE LIMIT.**

In any year during the term of this Agreement, the District shall not be entitled to receive Supplemental Payments that exceed the lesser of:

B. the Annual Limit, as the term is defined in Section 6.2(C), above.

**Section 6.4. ANNUAL CALCULATION OF STIPULATED SUPPLEMENTAL PAYMENT AMOUNT.**

The Parties agree that for each Tax Year of this Agreement, beginning with Tax Year 2014, the first year of the qualifying time period specified in Section 2.3(d)(1) of this Agreement, the Stipulated Supplemental Payment Amount, described in Section 6.3, above will annually be calculated based upon the then most current estimate of tax savings to the Applicant, which will be made, based upon assumptions of student counts, tax collections, and other applicable data, in accordance with the following formula:

#### **Section 6.5. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS**

A. All calculations required by this Article shall be calculated by the Third Party selected pursuant to Section 4.5, above.

B. The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.7, above.

C. The payment of all amounts due under this Article shall be made by December 31 of the tax year for which the payment is due.

#### **Section 6.6. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY.**

At any time during this Agreement, the District's Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement, direct that the Applicant's payment obligations under Article VI of this agreement be made to its educational foundation, or to a similar entity. The alternative entity may only use such funds received under this Article to support the educational mission of the District and its

students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 10.1, below. Such designation may be rescinded, with respect to future payments only, by action of the District's Board of Trustees at any time.

The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Section 4.2 of this Agreement, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii), then the payments otherwise due from Applicant to District under Articles IV, V, and VI shall be reduced until such excess is eliminated.

**Section 7.2. OPTION TO TERMINATE AGREEMENT.**

In the event that any payment otherwise due from Applicant to District under Article IV, Article V, and/or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1 above, then the Applicant shall have the option to terminate this Agreement. Applicant may exercise such option to terminate this Agreement by notifying District of its election in writing not later than the July 31 of the year next following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

B. All inspections may be accompanied by one or more representatives of Applicant, and shall be conducted in accordance with Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide District, Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret or is subject to a confidentiality agreement with any third party.

**Section 8.6. RIGHT TO AUDIT; SUPPORTING DOCUMENTS; INDEPENDENT AUDITS.**

of its obligations under the Agreement, or that it has cured or undertaken to cure any such material breach.

At any such hearing, Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to whether or not a material breach of this Agreement has occurred, the date such breach occurred, if any, and whether or not any such breach has been cured. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall also terminate the Agreement and determine the amount of recaptured taxes under Section 9.2.A and B (net of all credits under Section 9.2.A and B), and the amount of any penalty and/or interest under Section 9.2.C that are owed to District.

of the Texas Tax Code to the attorneys representing District pursuant to Section 6.30 of the Texas Tax Code.

Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, District's damages for such a default shall under no circumstances exceed the greater of either any amounts calculated under Sections 9.2 above, or the monetary sum of the difference between the payments and credits due and owing to Applicant at the time of such default and District taxes that would have been lawfully payable to District had this Agreement not been executed. In addition, District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.
