FINDINGS OF THE CALHOUN COUNTY INDEPENDENT
SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE
TEXAS ECONOMIC DEVELOPMENT ACT
ON THE APPLICATION SUBMITTED BY
FORMOSA PLASTICS CORPORATION (#1048)

STATE OF TEXAS §

COUNTY OF CALHOUN §

On the 9th day of November, 2015, a public meeting of the Board of Trustees of the Calhoun County Independent School District (“District”) was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of Formosa Plastics Corporation (“Applicant”) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. The Board of Trustees has considered the economic impact analysis and the project certification issued by the Texas Comptroller of Public Accounts. After hearing presentations from the District’s administrative staff, and from consultants retained by the District to advise the Board in this matter, and after considering the relevant documentary evidence, the Board of Trustees makes the following findings with respect to application from Applicant, and the economic impact of that application:

On March 3, 2015, the Superintendent of the District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts (“Comptroller”) received an updated Application from Applicant for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is attached as **Attachment A**.

The Applicant, (Texas Taxpayer Id. 12223554648), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise taxpayer by the Comptroller. See **Attachment B**.

The Board of Trustees acknowledged receipt of the Application, along with the requisite application fee, established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Comptroller for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Calhoun County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054. On April 7, 2015, the Comptroller determined the Application to be complete.

The Application was reviewed by the Comptroller pursuant to Texas Tax Code §313.026, and a Comptroller Certificate was issued on July 6, 2015 in which the Comptroller has determined, inter alia, that: 1) Application is subject to the provisions of Chapter 171, Texas Tax Code; 2) the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised values; 3) the proposed project is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period; and, 4) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. A copy of the Certificate is attached to the findings as **Attachment C**.

The Board of Trustees has previously directed that a specific financial analysis be conducted concerning the impact of the proposed value limitation on the finances of District. A copy of the updated report prepared by Moak, Casey & Associates, Inc. is attached to these findings as **Attachment D**.

The Board of Trustees has confirmed that the taxable value of property in the District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment E**.

The Texas Education Agency has evaluated the impact of the project on the District's facilities. TEA's determination is attached to these findings as **Attachment F**.

The Board has adopted the Texas Economic Development Agreement (Form 50-286) as promulgated by the Comptroller's Office. Form 50-286 has been altered only in accordance only the provisions of the template that the Comptroller permitted. The proposed Agreement is attached to these findings as **Attachment G**. In November 2014,

the Texas Comptroller's Office announced its intention to modify Comptroller Form 50-286 and to permit amendments to existing agreements including the agreement for which these Findings are being made. The Board will consider all authorized amendments to the Agreement on Applicant's request, in the event a new form is adopted.

After review of the Comptroller's Certificate and economic analysis, and in consideration of its own studies the Board finds:

Board Finding Number 1.

The Board finds that the property described in the Application meets the requirements of Tex. Tax Code §313.024 for eligibility for a limitation on appraised value.

In support of Finding 1, the Application indicates that:

Formosa will build two new units at the Port Comfort facility. The two new units will be a Olefins III (OL-III) and Propane Dehydrogenation (PDH).

Property which is used for chemical manufacturing satisfies the requirements of §313.024(b)(1).

Board Finding Number 2.

The project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement.

In support of Finding 2, the Comptroller's Economic Impact Evaluation and Certification, Attachment C, states:

This represents the Comptroller's determination that FORMOSA PLASTICS CORPORATION TEXAS (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of

the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

Board Finding Number 3.

The limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.

The Comptroller has determined that the limitation on appraised value is a determining factor in the Formosa Plastics Corporation decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company documentation dated January 16, 2014, Formosa Plastics is planning to invest in a new ethylene plant in Louisiana using shale gas feedstock, according to local reports. Formosa is already developing a 1.2 million MT/year ethylene plant at Point Comfort, TX.
- Documents retrieved online and dated November 28, 2014, the PDH plan, which will have a capacity to produce 545,000 tons of propylene per year, is part of the Point Comfort petrochemical complex expansion announced by Formosa in February 2012.
- Documents retrieved online and dated March 1, 2012, Formosa Plastics Corporation, USA announced to invest more than \$1.7 billion at its Point Comfort, Texas site, USA, in new Olefins and Low Density Polyethylene (LDPE) facility. This will be the third major expansion at the Point Comfort site and will consist of a:
 - New, grass-root 800,000 MT/Y olefins cracker
 - Associated 600,000 MT/Y propane dehydrogenation (PDH) unit
 - New 300,000 MT/Y low density polyethylene (LDPE) resin plant
- Documents retrieved online and dated September 26, 2014, ThyssenKrupp Industrial Solutions awarded a contract for propane dehydrogenation plant September 26, 2014.

- Documents retrieved online and dated December 23, 2014, Calhoun County was presented with a \$2 million check from Formosa Plastics Corp.; the payment is part of a tax abatement agreement between the Calhoun County government and Formosa that calls for forgiveness of property tax on a \$2 billion expansion at the Formosa plant. The agreement was negotiated is to be 100 percent abated for 10 years beginning in 2016.
- Per Texas Wide Open for Business, published by the Governor's Office Economic Development & Tourism in 2014, Formosa Plastics Plans \$2 billion petrochemical expansion in Point Comfort.
- The applicant provided supporting documentation that favorable property tax conditions have been part of the decision to invest capital in Texas or Louisiana. The applicant also provided a recent cost comparison for property tax on investment in Texas and Louisiana. In all scenarios, the property taxes would be less in Louisiana than Texas.

Board Finding Number 4.

The Board finds that the Application Fee received for the Application for which these Findings are being made was reasonable and only in such an amount as was necessary to cover the District's costs of processing such Application.

In support of Finding 4, the Board reviewed the Application Fee payment included in the Application at Attachment A, the contract with the District's consultants and the internal costs for processing the application, if any.

Board Finding Number 5.

Based upon the information provided in the Application and in the Comptroller's Economic Impact Evaluation and Certification, Attachment B, package, the Board finds that that the number of jobs to be created and the wages to be paid comply with the requirements of statute; and, the Board further finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required job creation requirements, to wit: the provisions set forth in Subsections 9.1C&D of such Agreement.

In its Application, Applicant has committed to creating ten (10) new qualifying jobs. The average salary level of qualifying jobs will be at least \$50,866 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with current Tex. Tax Code §313.021(3) requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. As defined in Section 313.021 of the Tax Code, "Qualifying job" means a permanent full-time job that:

- (A) requires at least 1,600 hours of work a year;
- (B) is not transferred from one area in this state to another area in this state;
- (C) is not created to replace a previous employee;
- (D) is covered by a group health benefit plan for which the business offers to pay at least 80 percent of the premiums or other charges assessed for employee-only coverage under the plan, regardless of whether an employee may voluntarily waive the coverage; and
- (E) pays at least 110 percent of the county average weekly wage for manufacturing jobs in the county where the job is located.

Board Finding Number 6.

The Applicant intends to create 128 non-qualifying jobs.

In its Application, Applicant has indicated that it intends to create 128 non-qualifying jobs. The average salary level of the non-qualifying job will be at least \$61,854 per year, which represents pay at least the county average wage for all jobs in the county in accordance with the provisions of Tex. Tax Code §313.024(d).

Board Finding Number 7.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$600.5 million to the tax base for debt service purposes at the peak investment level for the 2017-18 school year, with the project value

expected to depreciate over the course of the agreement. The project remains fully taxable for debt services taxes, with the District levying a \$0.2535 per \$100 I&S rate.

While the value of the project is expected to depreciate over the life of the agreement and beyond, full access to the additional I&S taxable value is expected to provide local taxpayers with additional help in meeting the District's debt service needs during the formative years of the project.

Board Finding Number 9.

The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the project.

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new manufacturing project. This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in the District as stated in **Attachment F**.

Board Finding Number 10.

The Board finds that with the adoption of District Policy CCG (Local), implemented in conformance with both Comptroller and Texas Education Agency Rules governing Chapter 313 Agreements, it has developed a process to verify, either directly or through its consultants, the accuracy and completeness of information in annual eligibility reports and biennial progress reports regarding (1) the reported number of jobs created and (2) the reported amount invested in the property.

Board Finding Number 11.

The Board of Trustees hired consultants to review and verify the information in the Application. Based upon the consultants' review, the Board has determined that the information provided by the Applicant is true and correct.

The Board has developed a written policy CCG (Local) which requires, upon the filing of an Application under Tax Code Chapter 313, the retention of consultants in order to verify: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning and economic incentives being offered, if any, and (2) the proposed project meets eligibility requirements.

As a part of its verification process the Board notes that the Chapter 313 Application for which these Findings are being made has been submitted by Applicant under oath. Chapter 313 Applications are governmental records under Tex. Penal Code § 37.01(2)(A); as a result, all statements contained therein are representations of fact within the meaning of Tex. Penal Code § 37.01(3). Since Board action upon the adoption of these Findings and the approval of the Chapter 313 Tax Limitation Agreement (**Attachment G**) is an "official proceeding," a false statement on a Chapter 313 application constitutes perjury under Tex. Penal Code § 37.03.

The Board finds that sworn statements are routinely used as an acceptable verification method for reliance by fact finders in each of the three separate branches of government, including trials.

The consultants have prepared signed statements that the consultants have reviewed and verified the contents of the Application and have determined that the current statements of fact contained in the Application are true and correct. (**Attachment H**) The Board finds that reliance by the Board and its consultants upon verified statements of the Applicant, especially as to Applicant's future intentions which cannot be objectively verified is reasonable and within the intent of Chapter 313, Texas Tax Code.

Board Finding Number 12.

The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Thirty Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).

The Board finds that the Chapter 313 Tax Limitation Agreement (**Attachment G**), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement. According to the Texas Comptroller of Public Accounts' School and Appraisal Districts' Property Value Study 2014 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment F. The total industrial value for the District is \$2.4 billion. The District is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. The District is classified as a "rural" district due to its population characteristics. Given that the value of industrial property is more than \$200 million, it is a Category I district which can offer a minimum value limitation of \$30 million.

Board Finding Number 13.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement.

The Board relies on the certifications of its consultants and the Comptroller's Approval of the Agreement form. (**Attachment I**)

Board Finding Number 14.

The Applicant (Taxpayer No. 12223554648) is eligible for the limitation on appraised value of qualified property as specified in the Agreement as an active franchise-tax paying entity.

The Applicant, (Texas Taxpayer No. 12223554648), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise tax payer by the Comptroller. See **Attachment B**. The Board also finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess the eligibility of any business to which an agreement is transferred, to wit: the requirement that all assignments are amendments to the provision forth in Section 10.4 of said Agreement.

Board Finding Number 15.

The project will be located within an area that is currently designated as a reinvestment zone, pursuant to Chapter 312 of the Texas Tax Code.

Board Finding Number 16.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District.

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss in the first year that the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District. The Agreement contains adequate revenue protection measures for the duration of the Agreement.

Board Finding Number 17.

The Board finds that the methodology and processes for determining Applicant's revenue protection payments as are set forth in Article IV of the Chapter 313 Tax Limitation Agreement (Attachment G) comply with Texas Tax Code, Chapter 313.

In support of this Finding, the Board relies upon the recommendation of its consultants. **(Attachment H)**

Board Finding Number 18.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess performance standards and to require periodic deliverables that will enable it to hold businesses accountable for achieving desired results, to wit: the reporting requirements set forth in Article VIII of said Agreement.

Board Finding Number 19.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, is in the form of the template Texas Economic Development Act adopted by the Comptroller. Should a new template be adopted that corrects the broken cross references, clarifies wording and grammatical errors, and corrects contractual ambiguities not acceptable to either party, the Board finds that it would be in the District's best interest to agree to amend the Agreement.

Board Finding Number 20.

The Board finds that there are no conflicts of interest at the time of considering the agreement.

The Board finds that with the adoption of District Policies BBFA and BBFB, both (Legal) and (Local), that it has taken appropriate action to ensure that all District Trustees, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that with the adoption of District Policies DBD, DGA, and DH BBFB, both (Legal) and (Local) that it has taken appropriate action to ensure that all District employees and/or consultants, have disclosed any potential conflicts of interest, and that such disclosures will be mad if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that that no non-disclosed conflicts of interest exist as to the Application for which these Findings are being made, as of the time of action on these Findings. In

addition, Calhoun County ISD should ensure that disclosure occurs at the meeting at which the school board will vote on the business's application.

Board Finding Number 21.

The Board directs that a link on its Web site to the Comptroller's Office's Web site where appraisal limitation related documents are made available to the public.

Board Finding Number 22.

Considering the purpose and effect of the law and the terms of the Agreement, that it is in the best interest of the District and the State to enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.

It is therefore ORDERED that the Agreement attached hereto as **Attachment G** is approved and hereby authorized to be executed and delivered by and on behalf of the District. It is further ORDERED that these findings and the Attachments referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the District.

It is further ORDERED that upon the issuance by the Comptroller's Office of a new Form 50-286 that the Board, in accordance with Comptroller rules and new form 50-286, will consider an amendment to Attachment G upon the request of Applicant or District staff.

Dated the 9th day of November 2015.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Tab #4

Detailed Description of Project

Production of plastics is a complex process of converting short-chained hydrocarbons, principally ethane (C₂) and propane (C₃), into plastic "resins." The first step in that process is converting ethane and propane into ethylene and propylene (which are often referred to in the chemical industry as "olefins") through "cracking" or "dehydrogenation".

If the project is built in Texas, Formosa will build two new units at the Port Comfort facility.

The two new units will be a Olefins III (OL-III) and Propane Dehydrogenation (PDH). The two new units will be integrated into the existing facility. OL-III will process different feed stock sources and prepare feed stocks for use by many other units within the complex. The hydrocarbon cracking process is done in an Olefins Unit. The proposed Olefins III unit will receive hydrocarbon streams from a variety of pipeline resources. It will be engineered with the flexibility to import and process different feed stocks that usually have variable hydrocarbon mixtures. The plant itself consists of pipelines, "cracking" furnaces, distillation columns (in which hydrocarbons are separated into discrete, homogeneous stocks), compressors, valves and accompanying instrumentation. The outgoing products are stored in "spheres" designed to safely contain gasses and in tanks designed to safely contain liquids.

The PDH unit will also use feedstock streams to produce a more propane-rich product that will be used in the on-site downstream resin plants. Propane can be converted to propylene through a different process; Dehydrogenation. The proposed Propane Dehydrogenation Unit will allow use of feedstock streams which are more propane-rich than those typically used in an olefins plant. The plant will have a series of inter-stage heaters to supply heat, a catalyst bed, cryogenic separators to remove hydrogen and a propane-propylene purifying system. The resultant final products are the stored in "spheres" for use in plastics production in the downstream resin plants.

Details on how the new units will be integrated into the existing facility. Will any functional parts of the existing facilities be replaced or upgraded.

Plastic resin production is, at its simplest, a three step process through which natural gas components are separated by molecular weight (fractionation), converted into resin production feed stocks (cracking) and then linked together to form long chains of interlocked hydrocarbons (polymerization).

Both the Olefins III unit (OL III) and the Propane Dehydrogenation unit (PDH) will be integrated into the existing facility at the second step of that process. Both units will receive raw feed stocks of ethane (C_2H_6) and propane (C_3H_8) from the two existing on-site hydrocarbon fractionators or from existing pipelines. The OL III unit will convert ethane and propane to the basic building blocks (ethylene and/or propylene) for the use in the polymerization process which results in plastic resins. The PDH unit will produce propylene from propane using a different technology than that used in the OL III. The new OLIII and PDH production units will be integrated into the current pipeline delivery system within the plant such that ethylene and propylene produced in those two newly constructed units will be available to existing resin production plants.

Formosa Plastic will not be replacing or upgrading existing facilities.

The existing pipeline is specifically excluded from this application for appraised value limitation on qualified property. The chief appraiser is aware that this property exists and has agreed to put all new property into a separate appraisal account number to further distinguish existing property from the proposed new facilities.

Gov. Bobby Jindal sent a postcard from Taiwan on Monday, sharing snapshots from the **first leg of his Asia trip.**

So far, Jindal has met with Taiwan President Ma Ying-Jeou and Formosa executives, according to the governor's press office. No media was allowed to accompany the governor. His press office emailed a short statement early Monday morning.

Jindal and Ma discussed economics. According to Jindal's office, Taiwan imports agricultural, energy and chemical products from Louisiana.

The **Central News Agency in Taipei** reported that Jindal pledged friendship and sharing. The governor stressed that Taiwan was an important trading partner for Louisiana and in the U.S. Taiwanese news coverage also noted that Jindal's first visit on his first trip abroad as governor was to Taiwan, which calls itself the Republic of China.

Ma apparently used the meeting to highlight Taiwan's efforts to join the Trans-Pacific Partnership. The U.S., Japan, Mexico, Singapore and other world powers are negotiating TPP as a massive trade agreement. Taiwan expressed interest last year but has not been invited to participate in the talks.

Jindal tweeted a picture of himself posing with Ma. The photograph shows that Jindal's wife, Supriya, accompanied the governor on the trip.

While in Taiwan, the governor also met with Formosa officials. Formosa Plastics, an offshoot of the Taiwan-based Formosa Plastics Group, operates a chemical manufacturing **subsidiary in north Baton Rouge**. The site produces feedstock materials, electricity and steam.

Jindal met with Susan Wang, vice chairman of the Formosa Plastics Group executive board, and C.T. Lee, chairman of the Formosa Plastics Corporation. They reportedly discussed business growth opportunities in Louisiana.

Jindal characterized his three-country visit to Asia as a job-creation mission. He said he is looking for business opportunities on Louisiana's behalf. From Taiwan, he heads to Seoul, South Korea, Tuesday before going to Japan. He returns to the U.S. on Saturday.

The total cost of the trip is unclear. Jindal's campaign paid for his plane ticket, but taxpayers appear to be picking up the bulk of the tab.

Formosa Plastics plans to build ethylene plant in Louisiana

By Bob McEwen | January 15, 2014 | Patricia O'Brien

Formosa Plastics is planning to invest in a new ethylene plant in Louisiana using shale gas feedstock, according to local reports citing Formosa Plastics' chairman Lee Chinsuen. Lee was speaking to Formosa employees in Kaohsiung, Taiwan, on Tuesday at the company's end-of-year party. Lee made the statement a day after the governor of Louisiana, Bobby Jindal, visited the company at Taipei.

Formosa Plastics is already developing a 1.2-million m.t./year ethylene plant at Point Comfort, TX. "The governor called on us to invest not only in Texas but also in Louisiana, because the tax rate in the state is the same as in Texas, while gas prices in Louisiana are actually lower," Lee says, according to local reports. Formosa does not as yet have estimates of how much the Louisiana project would cost because the company needs to make further studies to evaluate the project, the chairman says.

Formosa's Texas facility is expected to cost \$3 billion. The facility will include units producing 1.2 million m.t./year of ethylene; 600,000 m.t./year of propylene; and 400,000 m.t./year of high-density polyethylene and will come onstream in the first quarter of 2017, Lee says. "The costs of making ethylene with shale gas are one-third of the costs of making it using other raw materials," Lee says.

Global production of ethylene will rise by 5.8 million m.t. this year, which is relatively low, he says. The Midoast, which accounts for 17% of global ethylene production, is unlikely to grow above 20% of the global total in the future because there is not a lot of cheap gas there, Lee says. Formosa plans to spend \$13.2 billion on new plants in the United States, China, and Vietnam, he says.

Section 2

ELIGIBILITY CRITERIA GENERALLY

(b) **Commencement of Construction.** If the reinvestment zone is designated by a municipality, the applicant shall not commence construction until after it and the municipality have both executed an agreement on similar terms for the same project then under consideration by the County. Any property otherwise eligible for abatement that is placed or constructed in the reinvestment zone before the agreement is executed with the municipality shall not be eligible for tax abatement as a business incentive. However, any eligible improvements made or property placed in the reinvestment zone after executing the agreement with the municipality shall be eligible for abatement with the County, even though such improvements or property are placed in the reinvestment zone prior to filing the application or executing the agreement with the County, provided that a municipality is the designating authority. If the reinvestment zone is County designated, applicant shall not commence construction until the County executes the agreement.

(c) **Property Value Eligible for Abatement** Subject to the limitations and other eligibility requirements contained in these guidelines, the County may abate the value of tangible personal property located on the real property in the reinvestment zone in each year covered by the agreement, other than tangible personal property that was located on the real property at any time before the period covered by the agreement. The value of real property to the extent its value for each year during the agreement exceeds its value for the year in which the agreement was executed is eligible for abatement.

(e) **Eligible Property to be Described** The application for tax abatement as a business incentive or any other business incentive and any agreement must describe the project and improvements with such detail and certainty as required by the County in

order to identify the property that is declared to be eligible for business incentives. Any property, even though otherwise eligible for business incentives, that is not sufficiently described in the application, as determined by the Commissioners' Court, or their designee, shall not be eligible for business incentives under such agreement.

(f) **Exclusions.**

- (1) This policy is mutually exclusive of existing Industrial District Contracts. The real property cannot be in an improvement project financed by tax increment bonds.
- (2) Any business incentive agreement granted is subject to the rights of holders of outstanding bonds of the County.
- (3) When any project that otherwise satisfies the eligibility criteria for tax abatement as a business incentive is for the purpose of repairing, replacing, modernizing, or upgrading an existing facility, if, prior the commencement of the project, or upon completion of the project the value of the existing facility is reduced or deleted from the tax rolls, then, in such event, the applicant shall only be eligible for tax abatement as a business incentives to the extent of the difference in the last appraised value of the property value that is being dropped or reduced from the tax rolls and the project cost.

(h) That although estimates of the cost of the project and the number of jobs retained or created as a result of the project that are within 85 % of actual

cast and/or number of jobs may be construed to be substantial compliance, the actual total cost of the project and actual number of jobs retained or created shall not be less than the minimum amounts required in the County's Guidelines required to qualify for tax abatement as a business incentive.

(11) The applicant will identify the type of legal entity making the application, such as corporation, partnership, etc. If a corporation, the statement should include the home state of incorporation, the name and address of the registered agent for service in Texas, and a commitment to notify the County within sixty days of any change of the registered agent or status of the corporation. In its application, the Taxpayer shall agree to pay for all fees and expenses incurred by the County in establishing eligibility to grant business incentives and processing the application, even though the Commissioners' Court ultimately denies the application.

(15) Any other information that the Commissioners' Court or Applicant may deem appropriate to assist the Commissioners' Court in determining whether to enter into a business incentives agreement with the Applicant.

(16) If a variance from any provision in these Guidelines and Criteria is requested, a statement describing the variance, and a detailed statement supporting the Applicant's reasons for the requested variance must be included.

(c) **Completed Application.** Upon receipt of a completed application, the Commissioners' Court shall mail written notice to the presiding officer of the governing body of each taxing unit that includes in its boundaries real property that is included in the application. The notice shall include a copy of the proposed agreement, if the County is the designating authority. There shall be a \$1,000 nonrefundable fee payable the County at the time the application is submitted.

The study shall include, but not necessarily be limited to, an assessment of the economic effects of the abatement of taxes. The County shall give at least ten (10) days written notice to the Applicant of its intent to conduct an economic impact assessment, which notice shall include a description of the scope of the study. Section 5

DESIGNATION OF REINVESTMENT ZONE

(a) **Authority to Designate Reinvestment Zones.** Reinvestment zones may be designated by either the Commissioners' Court for property located outside the

jurisdiction of any municipality in the County, or by a municipality, if the property is located within the jurisdiction of such municipality.

(b) **Application for County Designated Reinvestment Zone.** An application to the County for designation of a Reinvestment Zone may be combined with the application for business incentives. The application must include information to support the required findings in subsection (c), inclusive of this section. It must also include a map showing the boundaries of the proposed reinvestment zone and a legal description of the proposed reinvestment zone. Any information contained in the application for business incentives that answers the requirements for designation of a reinvestment zone does not need to be duplicated, if the application for designation of a reinvestment zone and business incentives are combined in one application.

(c) **Designation.** The Commissioners' Court may not designate an area as a reinvestment zone until:

- (1) The Commissioners' Court has held a public hearing on the designation at which time interested persons shall be entitled to speak and present evidence for or against the designation; and
- (2) The Commissioners' Court must make the following findings in order to designate an area as a reinvestment zone:
 - (a) The designation would contribute to the retention or expansion of primary employment; or,
 - (b) The designation would attract major investment in the zone that would be a benefit to the property to be included in the zone; and,
 - (c) The designation would contribute to the economic development of the county.

(d) **Notice of Hearing.** Notice of the hearing shall be clearly identified on the Commissioners' Court agenda. In addition, notice shall issue as follows:

- (1) Notice of the hearing must be published in a newspaper of general circulation in the County not later than the 7th day before the date of the hearing; and
- (2) Written notice of the hearing shall be delivered to the presiding officer of the governing body of each taxing unit that includes in its boundaries real

property that is included in the proposed reinvestment zone. Such notice shall be delivered at least 7 days before the hearing. Pursuant to Tex Tax Code Ann. §312.201(e) this notice shall be presumed delivered when placed in the mail postage paid and properly addressed to the appropriate presiding officer.

(e) **Municipality Designated Reinvestment Zones.** If the reinvestment zone is designated by a municipality, to be eligible for tax abatement as a business incentive with the County, the property must be located in a reinvestment zone and the municipality must have entered into an agreement for the same project with the applicant no more than ninety days before the County enters into an agreement with the same applicant for the same project.

(f) **Date of Expiration.** The designation of a reinvestment zone shall expire five (5) years after the date of designation. However, the designation of a reinvestment zone that has expired may be renewed by the County or municipality for periods not to exceed five (5) years. The expiration of the designation of a reinvestment zone shall not affect existing agreements made under these Guidelines and Criteria.

Section 6

AGREEMENTS

(a) **Resolution of Commissioners' Court.** After approval, the Commissioners' Court shall formally pass a resolution and execute an agreement with the owner of the facility and lessee as required, which shall include those matters contained in Texas Tax Code §312.205 and any other terms and conditions in the best interests of the County.

(b) **Notice to Other Taxing Jurisdictions.** If the County is the designating authority, it shall deliver written notice to the presiding officer of the governing body of each other taxing unit in which the property that is the subject of the agreement is located that the County intends to enter into an agreement. The notice must be delivered at least 7 days before the County enters into the agreement. The notice must also include a copy of the proposed agreement. The notice shall be presumed to be delivered when placed in the mail postage paid and properly addressed to the appropriate presiding officer.

(c) **Execution/Effective Date.** After giving the notices required above, and after making the necessary findings, the County may, in its discretion, approve and execute the agreement. The effective date of the agreement shall be the date that the County's designated representative or official executes the agreement if the County is the designating authority. If a municipality is the designating authority, the effective date of the agreement shall be the date that the City's designated representative or official executes the agreement.

Section 7

RECAPTURE

(a) **Conditions of Default. Cure and Termination.** Should the Commissioners' Court determine that the Taxpayer is in default according to the terms and conditions of its agreement, the Commissioners' Court shall notify the Taxpayer in writing at the address stated in the agreement, and if such default is not cured within sixty (60) days from the date of such notice ("Cure Period"), then the agreement may be terminated by the Commissioners' Court. Provided, that upon proof of a curative effort commencing within sixty (60) days, if construction is required, the Commissioners' Court may extend the time to complete the curative work, based upon reasonable construction requirements.

(b) **Elements of Default.** The following shall be considered elements of default, in the event that the Taxpayer:

- (1) Allows its ad valorem taxes owed to Calhoun County to become delinquent without timely and proper protest and/or contest; or
- (2) Violates any of the terms and conditions of the abatement agreement, or any prior or subsequent agreement with the County, or any other taxing jurisdiction that has granted an agreement to the Taxpayer for any project that the Commissioners' Court has also granted business incentives; or
- (3) Discontinues producing product or service at the improvements subject to abatement and described in the application, for any reason excepting fire, explosion or other casualty or accident or natural disaster for a period of one year during the abatement period after the facility is completed and begins

producing product or service.

(4) Violates any written term, covenant, condition, agreement, or promise of a gift or donation made by the taxpayer to the County, although such may be extraneous to the agreement, and even though same might be otherwise legally unenforceable; or

(5) Makes any material misrepresentations, either in the application or agreement.

(c) **Termination.** If, after written notice, the Taxpayer fails to cure within the prescribed period any specified default, such failure shall be grounds for termination for cause. Termination of the agreement for cause shall be retroactive to the beginning of the agreement. Termination shall be effected by resolution of the Commissioners' Court and written notice mailed to the Taxpayer.

(d) **Non Waiver.** In the event the County fails to act on or enforce any element or breach that is identified as a default, such failure to act shall not be a waiver of the County's right to subsequently enforce the same default or any other prior or subsequent default.

(e) **Recapture.** On termination for cause, the Taxpayer shall then become liable for the payment of all taxes that would have otherwise become due but for the abatement agreement for all calendar years during which the abatement agreement was in effect. Said taxes shall be paid to the Calhoun County Consolidated Tax Office for the credit of Calhoun County within sixty (60) days from the date of receipt of notice of termination. All such taxes due shall include statutory penalty and interest from the date they would otherwise have become delinquent but for the agreement, until the date they are actually paid.

Section 8

ADMINISTRATION

(a) **Duties of Chief Appraiser.** The Chief Appraiser of the County shall, as a normal consequence of his duties, annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year, on or before April 1, the Taxpayer

receiving abatement shall furnish the Chief Appraiser with such information as may be reasonably requested. Once value has been established, the Chief Appraiser shall notify the affected taxing jurisdictions, which have granted tax abatement as a business incentive in the reinvestment zone, of the amount of the appraisal.

(b) **Compliance Inspections**. All compliance inspections will be made only after giving twenty-four (24) hours notice and will only be conducted in such manner as not to unreasonably interfere with the construction and/or operation of the facility. All inspections will be made with one or more representatives of the company or individual and in accordance with its safety standards.

(c) **Annual Evaluations** Upon completion of construction, the Commissioners' Court of Calhoun County, or their designees, shall annually evaluate each facility receiving abatement to ensure compliance with the agreement.

(d) **Notice Requirements**. Any notice required to be given to Calhoun County hereunder shall be in writing, and mailed or personally delivered to the County Judge. Notices to the Taxpayer shall be in writing, and addressed to its designated representative at the address provided in its application or the agreement.

Section 9

MISCELLANEOUS

(a) **Variance**. An application for a variance from the provisions of these Guidelines and Criteria may be made in written form to the Commissioners' Court. The total duration of abatement shall in no instance exceed ten (10) consecutive tax years commencing January 1 following the effective date of the agreement, including any extension. Such request shall include a complete description of the circumstances explaining why the applicant should be granted such variance. Approval of a request for variance requires at least a three-fourths (3/4) vote of the Commissioners' Court.

(b) **Assignments**. An abatement agreement may be transferred and assigned by the holder to a new owner or lessee of the same facility, subject to obtaining written approval by resolution of the Commissioners' Court. Approval shall be conditioned upon the assignee providing whatever proof the Commissioners' Court may require to show the

assignee's financial capability to carry out all the terms and conditions of the agreement. The County reserves the right to require such additional information as it may deem appropriate to determine not only the assignee's financial capability to carry out the terms and conditions of the agreement, but also its experience and historical record to determine that it is in fact capable of operating the project subject to the abatement in such a manner that it can reasonably be expected to strictly comply with every term, covenant, condition and assurance contained in the agreement. Further, the assignee shall agree in writing by amendment to the original agreement that it shall be bound by all the terms, covenants and conditions contained in the original agreement. No assignment or transfer shall be approved if the parties to the existing agreement, the new owner or new lessee are liable to Calhoun County or any other taxing unit affected by the agreement for delinquent taxes, or otherwise in default of any of the terms, covenants or conditions contained in the agreement. Subject to the foregoing conditions, the Commissioners' Court shall not unreasonably withhold approval of any proposed assignment. Any approval of assignment of the agreement shall not release any previous Taxpayer who has been a party to the agreement from its obligations under the agreement.

(c) **Application for Exemption.** It shall be the responsibility of the Taxpayer to perfect any right of exemption as a result of any agreements entered into with the County. For each year in which abatement has been authorized by the County under the agreement, it shall be the responsibility of the Taxpayer to file its annual application with the Calhoun County Appraisal District for property exemption in accordance with the Texas Tax Code and related administrative regulations.

(d) **Effective Date.** These Guidelines and Criteria shall be effective for two (2) years, from June 25, 2013 through June 24, 2015, inclusive.

(e) **Sunset Provision.** At the end of the two year effective period of these Guidelines and Criteria, all agreements created pursuant to these provisions will be reviewed by the Calhoun County Commissioners' Court to determine whether the goals have been achieved. Based upon that review, the Guidelines and Criteria may be modified, renewed or eliminated. In the event that these Guidelines and Criteria are not modified or

renewed, they shall automatically terminate effective June 24, 2015.

(f) **Effect of Modification or Termination.** The modification or termination of these Guidelines and Criteria shall have no effect upon existing agreements entered into while these Guidelines and Criteria are in effect.

(g) **Subtitles.** The use of subtitles in these Guidelines and Criteria is strictly for convenience, and shall have no legal significance whatsoever. The use of the singular shall include the plural and the use of plural shall include the singular when appropriate. The use of any reference to gender shall include any and all other genders when appropriate.

(h) **Severability.** In the event any paragraph, clause, phrase or other provision of these Guidelines and Criteria should be declared to be unconstitutional, void or otherwise unenforceable the remaining provisions shall remain in full force and effect as if the unconstitutional, void or otherwise unenforceable provisions had not been included.

State Comptroller's Certification

GLENN HEGAR TEXAS COMPTROLLER OF PUBLIC ACCOUNTS

P.O. Box 13528 • Austin, TX 78711-3528

July 6, 2015

Dr. James Cowley
Superintendent
Calhoun County Independent School District
525 North Commerce Street
Port Lavaca, Texas 77979

Dear Superintendent Cowley:

On April 7, 2015, the Comptroller issued written notice that Formosa Plastics Corporation, Texas (the applicant) submitted a completed application (Application #1048) for a limitation on appraised value under the provisions of Tax Code Chapter 313¹. This application was originally submitted on March 4, 2015, to the Calhoun County Independent School District (the school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has committed to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application #1048.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Certificate decision required by 313.025(d)

¹ All statutory references are to the Texas Tax Code, unless otherwise noted.

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

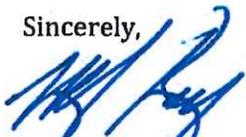

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-286) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of April 7, 2015, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Should you have any questions, please contact Robert Wood, Associate Deputy Comptroller, by email at robert.wood@cpa.texas.gov or by phone at 1-800-531-5441, ext. 3-3973, or direct in Austin at 512-463-3973.

Sincerely,

Mike Reissig
Deputy Comptroller

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller has determined that the limitation on appraised value is a determining factor in the Formosa Plastics Corporation decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company documentation dated January 16, 2014, Formosa Plastics is planning to invest in a new ethylene plant in Louisiana using shale gas feedstock, according to local reports. Formosa is already developing a 1.2 million MT/year ethylene plant at Point Comfort, TX.
- Documents retrieved online and dated November 28, 2014, the PDH plan, which will have a capacity to produce 545,000 tons of propylene per year, is part of the Point Comfort petrochemical complex expansion announced by Formosa in February 2012.
- Documents retrieved online and dated March 1, 2012, Formosa Plastics Corporation, USA announced to invest more than \$1.7 billion at its Point Comfort, Texas site, USA, in new Olefins and Low Density Polyethylene (LDPE) facility. This will be the third major expansion at the Point Comfort site and will consist of a:
 - a. New, grass-root 800,000 MT/Y olefins cracker
 - b. Associated 600,000 MT/Y propane dehydrogenation (PDH) unit
 - c. New 300,000 MT/Y low density polyethylene (LDPE) resin plant
- Documents retrieved online and dated September 26, 2014, ThyssenKrupp Industrial Solutions awarded a contract for propane dehydrogenation plant September 26, 2014.
- Documents retrieved online and dated December 23, 2014, Calhoun County was presented with a \$2 million check from Formosa Plastics Corp.; the payment is part of a tax abatement agreement between the Calhoun County government and Formosa that calls for forgiveness of property tax on a \$2 billion expansion at the Formosa plant. The agreement was negotiated is to be 100 percent abated for 10 years beginning in 2016.

- Per Texas Wide Open for Business, published by the Governor's Office Economic Development & Tourism in 2014, Formosa Plastics Plans \$2 billion petrochemical expansion in Point Comfort.
- The applicant provided supporting documentation that favorable property tax conditions have been part of the decision to invest capital in Texas or Louisiana. The applicant also provided a recent cost comparison for property tax on investment in Texas and Louisiana. In all scenarios, the property taxes would be less in Louisiana than Texas.

Summary of Financial Impact

**CHAPTER 313 PROPERTY VALUE LIMITATION
FINANCIAL IMPACT OF THE PROPOSED FORMOSA
PLASTICS CORPORATION PROJECT IN THE CALHOUN
COUNTY INDEPENDENT SCHOOL DISTRICT
(PROJECT # 1048)**

PREPARED BY

**OCTOBER 27, 2015
UPDATE**

Executive Summary

Formosa Plastics Corporation (Company) has requested that the Calhoun County Independent School District (CCISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application initially submitted to CCISD on July 21, 2014, the Company plans to add \$600.5 million in new taxable value to construct a chemical manufacturing facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The Formosa project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, CCISD may offer a minimum value limitation of \$30 million. This value limitation, under the proposed application, will begin in the 2018-19 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement.

MCA's initial school finance analysis is detailed in this report, incorporating the major legislative changes adopted in May. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payment owed to CCISD	\$3.9 million
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the district.)	\$40.6 million

Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. The Completeness Letter for the Formosa Project was issued on April 7, 2015.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full review of the project and provide its certificate for a limitation on appraised value, which was issued on July 6, 2015. After the certificate is received, the district has until the 150th day from the

receipt of the Completeness Letter or until December 31st, whichever is earlier, to adopt an agreement.

At the final board meeting, the school board will review the Value Limitation Agreement negotiated with the Company. The Board will also review the Findings of Fact that detail the project's conformance with state law.

How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction. (For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools.](#))

Tier I provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate—\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

Tier II guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding—funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

Additional State Aid for Tax Reduction (ASATR) guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. ASATR funding is expected to be eliminated by the 2017-18 school year under current law and is not a factor in the calculations presented below.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.**

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to isolate the effects of the value limitation under the school finance system, although previously-approved Chapter 313 agreements are factored into the tax bases for all models. Student enrollment counts are held constant at 3,848 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of CCISD. The District's local tax base reached \$3.5 billion for the 2015 tax year (the most recent year available) and is maintained for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.0401 per \$100 is used throughout this analysis.

CCISD has estimated 2015-16 state property wealth per weighted ADA or WADA of approximately \$716,665. As a result, CCISD is considered a Chapter 41 or recapture district under the school finance system. Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis.

Recent legislative changes are incorporated into these estimates. The basic allotment was raised from \$5,040 to \$5,140 per WADA, which is used throughout the state aid calculations. The Tier II guaranteed yield level for up to six cents of tax effort was increased from \$61.86 in 2014-15 to \$74.28 and \$77.53, respectively, for the 2015-16 and 2016-17 school years.

In addition, CCISD is eligible for a "fractional" funding adjustment, since it imposed less than \$1.50 M&O tax rate for the 2006 tax year. Given the analysis shown below, it does not appear that CCISD would benefit from shifting tax effort to take advantage of the fractional funding fix approved by legislators and that change is not incorporated in these estimates.

While the mandated school district homestead exemption will be increased from \$15,000 to \$25,000—assuming voter approval of a constitutional amendment election scheduled in November—no data are currently available on the tax base reductions associated with this change. Given that the models below focus exclusively on the Formosa Plastics Corporation project values, however, the anticipated homestead exemption change is not expected to have an impact on this analysis.

The M&O tax rate for 2015 is maintained at \$1.0401 per \$100. Although the impact of the Chapter 313 project value returning to the total tax roll for M&O funding purposes could result in a lower M&O tax rate that analysis is beyond the scope of this revenue report.

M&O Impact of the Formosa project on CCISD

School finance models were prepared for CCISD under these assumptions through the 2032-33 school year. Under the proposed agreement, a model is established to make a calculation of the “Baseline Revenue Model” by adding the total value of the project to the model, but without assuming that a value limitation is approved. This is detailed in Table 2.

Additionally, a separate model is established to make a calculation of the “Value Limitation Revenue Model” by adding the project’s limited value of \$30 million to the model. These results are shown in Table 3.

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$3.9 million over the course of the Agreement, almost exclusively in the first limitation year. Nearly all of the reduction in M&O taxes under the limitation agreement is offset through a reduction in recapture costs owed to the state under current law.

M&O Impact on the Taxpayer

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.0401 per \$100 M&O tax rate is assumed in 2015-16 (the most recent year available) and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$44.5 million over the life of the agreement. The CCISD revenue losses are expected to total approximately \$3.9 million over the course of the agreement. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$40.6 million, prior to any agreement on supplemental payments.

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with CCISD currently levying a \$0.2535 per \$100 I&S rate. While value of the Formosa project is expected to depreciate over the life of the agreement and beyond, full access to the additional value is expected to increase the District’s projected debt service tax base and local taxpayers should benefit from the addition of the Formosa project to the local I&S tax roll.

The project is not expected to affect CCISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.

Dear Mr. Marwitz:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed Formosa Plastics Corporation, Texas project on the number and size of school facilities in Calhoun County Independent School District (CCISD). Based on an examination of CCISD enrollment and the number of potential new jobs, the TEA has determined that the Formosa Plastics Corporation, Texas project should not have a significant impact on the number or size of school facilities in CCISD.

Please feel free to contact me by phone at (512) 463-9186 or by email at al.mckenzie@tea.state.tx.us if you have any questions.

The alternative entity may only use such funds received under this Article to support the educational mission of the District and its students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 9.1, below. In the event that any payment otherwise due from Applicant to District under Article IV, Article V, and/or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1 above, then the Applicant shall have the option to terminate this Agreement. Applicant may exercise such option to terminate this Agreement by notifying District of its election in writing not later than the July 31 of the year next following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

During the term of this Agreement, both Parties shall provide Comptroller with all information reasonably necessary for Comptroller to assess performance under this Agreement for the purpose of issuing Comptroller's report, as required by Section 313.032 of the TEXAS TAX CODE.

Section 8.4. DATA REQUESTS.

During the term of this Agreement, and upon the written request of District, the State Auditor’s Office, or Comptroller, the Applicant shall provide the requesting party with all information reasonably necessary for the requesting party to determine whether the Applicant is in compliance with its obligations, including, but not limited to, any employment obligations which may arise under this Agreement.

Section 8.5. SITE VISITS AND RECORD REVIEW.

Applicant shall allow authorized employees of District, the Comptroller, the Appraisal District, and/or the State Auditor’s Office to have access to Applicant’s Qualified Property and/or business records, in accordance with Section 22.07 of the TEXAS TAX CODE, from the Application Review Start Date through the Final Termination Date, in order to inspect the project to determine compliance with the terms hereof or as necessary to properly appraise the Taxable Value of Applicant’s Qualified Property.

A. All inspections will be made at a mutually agreeable time after the giving of not less than forty-eight (48) hours prior written notice, and will be conducted in such a manner so as not to unreasonably interfere with either the construction or operation of Applicant’s Qualified Property.

B. All inspections may be accompanied by one or more representatives of Applicant, and shall be conducted in accordance with Applicant’s safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide District, Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret or is subject to a confidentiality agreement with any third party.

Section 8.6. RIGHT TO AUDIT; SUPPORTING DOCUMENTS; INDEPENDENT AUDITS.

This Agreement is subject to review and audit by the State Auditor pursuant to Section 2262.003 of the TEXAS GOVERNMENT CODE and Section 331.010(a) of the TEXAS TAX CODE, and the following requirements:

C. Comptroller may require, at Applicant's or District's sole cost and expense, as applicable, independent audits by a qualified certified public accounting firm of Applicant's, District's or the Comptroller's books, records, or property. The independent auditor shall provide Comptroller with a copy of such audit at the same time it is provided to Applicant and/or District.

D. In addition to and without limitation on the other audit provisions of this Agreement, pursuant to Section 2262.003 of the TEXAS GOVERNMENT CODE, the state auditor may conduct an audit or investigation of Applicant or District or any other entity or person receiving funds from the state directly under this Agreement or indirectly through a subcontract under this Agreement. The acceptance of funds by Applicant or District or any other entity or person directly under this Agreement or indirectly through a subcontract under this Agreement acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, Applicant or District or other entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. A. represents and warrants that all information, facts, and representations contained in the Application are true and correct; and

B. acknowledges that if Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that Applicant has violated any of the representations, warranties, guarantees, certifications or affirmations included in the Application or this Agreement, Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by 34 Tex. Admin. Code § 9.1053(f)(2)(L).

L. Applicant failed to comply with a request by the State Auditor's office to review and audit the Applicant's compliance with the Agreement.

M. i. Implement a plan to remedy non-compliance as required by Comptroller pursuant to 34 TAC Section 9.1059; or

ii. Pay a penalty assessed by Comptroller pursuant to 34 TAC Section 9.1059.

Section 9.2. CONSEQUENCES OF EARLY TERMINATION OR OTHER BREACH BY APPLICANT.

A. In the event that Applicant terminates this Agreement without the consent of District, except as provided in Section 7.2 of this Agreement, or in the event that Applicant fails to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, after the notice and cure period provided by Section 9.3, then District shall be entitled to the recapture of all ad valorem tax revenue lost as a result of this Agreement together with the payment of penalty and interest, as calculated in accordance with Section 9.3.C on that recaptured ad valorem tax revenue. For purposes of this recapture calculation, Applicant shall be entitled to a credit for all payments made to District pursuant to Article IV, V, and VI of this Agreement.

B. Notwithstanding Section 9.2.A, in the event that District determines that Applicant has failed to Maintain Viable Presence and provides written notice of termination of the Agreement, then Applicant shall pay to District liquidated damages for such failure within thirty (30) days after receipt of such termination notice. The sum of liquidated damages due and payable shall be the sum total of District ad valorem taxes for all of the Tax Years for which a Tax Limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by Applicant to District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 7.5. For purposes of this liquidated damages calculation, Applicant shall be entitled to a credit for all payments made to District pursuant to Article IV, V, and VI. Upon payment of such liquidated damages, Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

C. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, District shall first determine the base amount of recaptured taxes less all credits under Section 9.2.A owed for each Tax Year during the Tax Limitation Period. District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.2.A had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

Section 9.3. LIMITED STATUTORY CURE OF MATERIAL BREACH.

In accordance with the provisions of Section 313.0275 of the Texas Tax Code, for any full tax year which commences after the project has become operational, Applicant may cure the Material Breaches of this Agreement, defined in Sections 9.1.C. or 9.1.D, above, without the termination of the remaining term of this Agreement. In order to cure its non-compliance with Sections 9.1.C. or 9.1.D for the particular Tax Year of non-compliance only, Applicant may make the liquidated damages payment required by Section 313.0275(b) of the Texas Tax Code, in accordance with the provisions of Section 313.0275(c) of the Texas Tax Code.

Section 9.3. DETERMINATION OF MATERIAL BREACH AND TERMINATION OF AGREEMENT.

A. Prior to making a determination that the Applicant has committed a material breach of this Agreement, such as making a misrepresentation in the Application, failing to Maintain Viable Presence in District as required by Section 8.1 of this Agreement, failing to make any payment required under this Agreement when due, or has otherwise committed a material breach of this Agreement, District shall provide Applicant with a written notice of the facts which it believes have caused the material breach of this Agreement, and if cure is possible, the cure proposed by District. After receipt of the notice, Applicant shall be given ninety (90) days to

present any facts or arguments to the Board of Trustees showing that it is not in material breach of its obligations under the Agreement, or that it has cured or undertaken to cure any such material breach.

B. If the Board of Trustees is not satisfied with such response and/or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to whether or not a material breach of this Agreement has occurred, the date such breach occurred, if any, and whether or not any such breach has been cured. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall also terminate the Agreement and determine the amount of recaptured taxes under Section 9.2.A and B (net of all credits under Section 9.2.A and B), and the amount of any penalty and/or interest under Section 9.2.C that are owed to District.

C. After making its determination regarding any alleged breach, the Board of Trustees shall cause Applicant to be notified in writing of its determination (a "Determination of Breach and Notice of Contract Termination.").

Section 9.4. DISPUTE RESOLUTION.

A. After receipt of notice of the Board of Trustee's Determination of Breach and Notice of Contract Termination under Section 9.3, Applicant shall have ninety (90) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within ninety (90) days after the Applicant's receipt of notice of the Board of Trustee's determination of breach under Section 9.3, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then residing in Calhoun County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the Texas Civil Practice and Remedies Code and such other rules as the mediator shall prescribe. With respect to such mediation, (i) District shall bear one-half of such mediator's fees and expenses and Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.

B. In the event that any mediation is not successful in resolving the dispute or that payment is not received before the expiration of such ninety (90) days, District shall have the remedies for the collection of the amounts determined under Section 7.8 as are set forth in Chapter 33, Subchapters B and C, of the Texas Tax Code for the collection of delinquent taxes. In the event that District successfully prosecutes legal proceedings under this section, the

Applicant shall also be responsible for the payment of attorney's fees and a tax lien on Applicant's Qualified Property and Applicant's Qualified Investment pursuant to Section 33.07 of the Texas Tax Code to the attorneys representing District pursuant to Section 6.30 of the Texas Tax Code.

C. In any event where a dispute between District and Applicant under this Agreement cannot be resolved by the Parties, after completing the procedures required above in this Section, either District or Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in any judicial proceeding, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any covenant, agreement or undertaking made by a Party pursuant to this Agreement.

Section 9.5. LIMITATION OF OTHER DAMAGES.

Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, District's damages for such a default shall under no circumstances exceed the greater of either any amounts calculated under Sections 9.2 above, or the monetary sum of the difference between the payments and credits due and owing to Applicant at the time of such default and District taxes that would have been lawfully payable to District had this Agreement not been executed. In addition, District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. BINDING ON SUCCESSORS.

In the event of a merger or consolidation of District with another school district or other governmental authority, this Agreement shall be binding on the successor school district or other governmental authority.
