

Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

Economic Development and Analysis

Form 50-296-A

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- · provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this
 application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

2.	Check	the project characteristics that apply to the proposed project:		
	√	and has no existing improvements	ection 13)	
		Expansion of existing operation on the land (complete Section 13) Relocation within Texas		
5	ECTIC	DN 8: Limitation as Determining Factor		
1.	Does t	the applicant currently own the land on which the proposed project will occur?	Yes	s V No
2.	Has th	e applicant entered into any agreements, contracts or letters of intent related to the proposed project?	Yes	No
3.	Does t	the applicant have current business activities at the location where the proposed project will occur?	Yes	s 🚺 No
4.		e applicant made public statements in SEC filings or other documents regarding its intentions regarding the sed project location?	Yes	s 🗸 No
5.	Has th	e applicant received any local or state permits for activities on the proposed project site?	Yes	No
6.	Has th	e applicant received commitments for state or local incentives for activities at the proposed project site?	Yes	No
7.	Is the	applicant evaluating other locations not in Texas for the proposed project?	√ Yes	s No
8.		e applicant provided capital investment or return on investment information for the proposed project in comparison her alternative investment opportunities?	Yes	s V No
9.	Has th	e applicant provided information related to the applicant's inputs, transportation and markets for the proposed project?	Yes	No
10		u submitting information to assist in the determination as to whether the limitation on appraised value is a determining in the applicant's decision to invest capital and construct the project in Texas?	Yes	s V No
				-

Chapter 313.026(e) states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)." If you answered "yes" to any of the questions in Section 8, attach supporting information in Tab 5.

	SECTION 9: Projected Timeline
1.	Application approval by school board
2.	Commencement of construction
3.	Beginning of qualifying time period
4.	First year of limitation
5.	Begin hiring new employees
6	Commencement of commercial operations
7.	
	Note: Improvements made before that time may not be considered qualified property.
8.	When do you anticipate the new buildings or improvements will be placed in service?
5	SECTION 10: The Property
1.	Identify county or counties in which the proposed project will be located Haskell County, Texas
2.	Identify Central Appraisal District (CAD) that will be responsible for appraising the property Haskell County Appraisal District
3.	Will this CAD be acting on behalf of another CAD to appraise this property?
4.	List all taxing entities that have jurisdiction for the property, the portion of project within each entity and tax rates for each entity:
	County: Haskell County 100% 0.37010 City: N/A
	(Name, tax rate and percent of project) Hospital District: (Name, tax rate and percent of project) Stamford Hospital 100% 0.35340 (Name, tax rate and percent of project) Water District: (Name, tax rate and percent of project) (Name, tax rate and percent of project)
	(Name, tax rate and percent of project) Other (describe): Farm Market Rd. M&O 100% 0.1368 (Name, tax rate and percent of project) Other (describe): County Precinct Rd. M&O 100% 0.0756 (Name, tax rate and percent of project)
5.	Is the project located entirely within the ISD listed in Section 1?
	5a. If no, attach in Tab 6 additional information on the project scope and size to assist in the economic analysis.
6.	Did you receive a determination from the Texas Economic Development and Tourism Office that this proposed project and at least one other project seeking a limitation agreement constitute a single unified project (SUP), as allowed in §313.024(d-2)? Yes
	6a. If yes, attach in Tab 6 supporting documentation from the Office of the Governor.
s	ECTION 11: Investment
uoi	TE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitan vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school trict. For assistance in determining estimates of these minimums, access the Comptroller's website at www.texasahead.org/tax_programs/chapter313/.
1.	At the time of application, what is the estimated minimum qualified investment required for this school district?
2.	What is the amount of appraised value limitation for which you are applying?
	Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3.	Does the qualified investment meet the requirements of Tax Code §313.021(1)?
4.	Attach a description of the qualified investment [See §313.021(1).] The description must include: a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 7); b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (Tab 7); and c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (Tab 11).
5.	Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period?
	For more information, west our website, where Toyac Ahoad and that, programs (should all 1911)

SECTION 12: Qualified Property

- Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
 - 1a. a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 8);
 - 1b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (Tab 8); and

	1c. a map of the qualified property showing location of new buildings or new improvements with vicinity map (Tab 11).		
2.	2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)?	Yes	✓ No
	2a. If yes, attach complete documentation including:		
	a. legal description of the land (Tab 9);		
	 each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless o the land described in the current parcel will become qualified property (Tab 9); 	f whether or	not all of
	c. owner (Tab 9);		
	d. the current taxable value of the land. Attach estimate if land is part of larger parcel (Tab 9); and		
	e. a detailed map showing the location of the land with vicinity map (Tab 11).		
3.	3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303?	Yes	√ No
	3a. If yes, attach the applicable supporting documentation:		
	a. evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (Tab 16);		
	b. legal description of reinvestment zone (Tab 16);		
	c. order, resolution or ordinance establishing the reinvestment zone (Tab 16);		
	d. guidelines and criteria for creating the zone (Tab 16); and		
	e. a map of the reinvestment zone or enterprise zone boundaries with vicinity map (Tab 11)		
	3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof	ril 2015	
	of a reinvestment zone or enterprise zone?	11 2010	

SECTION 13: Information on Property Not Eligible to Become Qualified Property

- 1. In Tab 10, attach a specific and detailed description of all existing property. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
- 2. In Tab 10, attach a specific and detailed description of all proposed new property that will not become new improvements as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
- 3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in Tab 10:
 - a. maps and/or detailed site plan;
 - b. surveys:
 - c. appraisal district values and parcel numbers;
 - d. inventory lists;
 - e. existing and proposed property lists;
 - model and serial numbers of existing property; or f.
 - other information of sufficient detail and description.

4.	Total estimated market value of existing property (that property described in response to question 1):	101,340.00
5.	In Tab 10, include an appraisal value by the CAD of all the buildings and improvements existing as of a date	

within 15 days of the date the application is received by the school district.

3.	Total estimated market value of proposed property not eligible to become qualified property	
	(that property described in response to question 2):	0.00

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

If you make a false statement on this application, you could be found guilty of a Class A misdemeanor or a state jail felony under Texas Penal Code Section 37.10.

	SECTION 14. Wage and Employment information	
1.	What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)?	0
2.	What is the last complete calendar quarter before application review start date:	
	First Quarter Second Quarter Third Quarter Fourth Quarter of 2014 (year)	
3.	What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)?	0
	Note: For job definitions see TAC §9.1051 and Tax Code §313.021(3).	
4.	What is the number of new qualifying jobs you are committing to create?	2
5.	What is the number of new non-qualifying jobs you are estimating you will create?	0
6.	Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)?	Yes No
	6a. If yes, attach evidence in Tab 12 documenting that the new qualifying job creation requirement above exceeds the sary for the operation, according to industry standards.	number of employees neces-
7.	Attach in Tab 13 the four most recent quarters of data for each wage calculation below, including documentation from the statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this information from the four quarterly periods for which data were available at the time of the application review start date (data See TAC §9.1051(21) and (22).	estimate — will be based on
	Average weekly wage for all jobs (all industries) in the county is	602.50
	b. 110% of the average weekly wage for manufacturing jobs in the county is	690.53
	c. 110% of the average weekly wage for manufacturing jobs in the region is	820.16
8.	Which Tax Code section are you using to estimate the qualifying job wage standard required for this project?	5)(A) or \$313.021(5)(B)
9.	What is the minimum required annual wage for each qualifying job based on the qualified property?	35,907.56
10.	What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property?	37,000.00
11.	Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)?	Yes No
12.	Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)?	Yes V No
	12a. If yes, attach in Tab 12 supporting documentation from the TWC, pursuant to §313.021(3)(F).	
13.	Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements?	Yes ✓ No
	13a. If yes, attach in Tab 6 supporting documentation including a list of qualifying jobs in the other school district(s).	
S	ECTION 15: Economic Impact	
1.	Complete and attach Schedules A1, A2, B, C, and D in Tab 14 . Note: Excel spreadsheet versions of schedules are availab URL listed below.	e for download and printing at
2.	Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in Tab 15. (not required)	
3.	If there are any other payments made in the state or economic information that you believe should be included in the econ rate schedule showing the amount for each year affected, including an explanation, in Tab 15.	omic analysis, attach a sepa-

Detailed description of the project

The applicant's parent company for this project is a national solar developer with the ability to locate projects of this type in other countries and states in the US with strong solar characteristics. The applicant is actively developing and constructing other projects throughout the US and internationally. The applicant requires this appraised value limitation in order to move forward with constructing this project in Texas. Specifically, without the available tax incentives, the economics of the project become unappealing to investors and the likelihood of constructing the project in Texas becomes unlikely.

Property taxes can be the highest operating expense for a solar generation facility as solar plants do not have any associated fuel costs for the production of electricity, and with Texas wholesale electricity prices already below the national average in Texas, it is necessary to limit the property tax liabilities for a solar project in order to be able to offer electricity at prices that are marketable to Texas customers at competitive rates, including power sales under a bi-lateral contract. Markets such as California that have state wide available subsidies for renewable energy projects, and which have higher average contracted power rates, offer an attractive incentive for developers to build projects in those markets over Texas.

The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today's contracted power rates under a power purchase agreement. As such, the applicant is not able to finance and build its project in Texas even with a signed power purchase agreement because of the low price in the power purchase agreement. Without the tax incentive, the applicant would be forced to abandon the project and spend its development capital and prospective investment funds in other states where the rate of return is higher on a project basis.

This is true even if the entity is able to contract with an off-taker under a power purchase agreement because the low rate contracted for is not financeable without the tax incentives. More specifically, a signed power purchase agreement in the Texas market is at a much lower rate than other states because of competitively low electricity prices. Other states have high electricity prices where a developer can obtain a PPA with a much higher contracted rate, combined with state subsidies, the other states offer a much higher rate of return for the project financiers. Without the tax incentives in Texas, a project with a power purchase agreement becomes unfinanciable.

OCI Alamo 7 LLC proposes to develop a utility-scale, grid-connected solar photovoltaic energy (PV) plant within the Paint Creek Stockton Independent School District.

The project will be constructed on approximately 1,000 acres, which is part of a larger, long-term lease agreement with a local landowner. The project will be located entirely in Haskell County and within the Paint Creek Independent School District. The proposed project will include, but is not limited to, the following:

- Planned 100 MW-AC in size;
- PV modules;
- DC-to-AC inverters;
- Medium and high-voltage electric cabling;
- Fixed-tilt racking system (mounting structures);
- Project substation which will include a high-voltage transformer, switchgear, transmission equipment, telecommunications and SCADA equipment, among other things;
- High-voltage transmission line connecting the project to the grid (gen tie);
- Operations and maintenance (O&M) building including telecommunications and computing equipment, among other things;
- Meteorological equipment to measure solar irradiance and other weather conditions; and
- Associated equipment to safely operate, maintain and deliver electricity to the grid.

Documentation to assist in determining if limitation is a determining factor

The applicant's parent company for this project is a national solar developer with the ability to locate projects of this type in other countries and states in the US with strong solar characteristics. The applicant is actively developing and constructing other projects throughout the US and internationally. The applicant requires this appraised value limitation in order to move forward with constructing this project in Texas. Specifically, without the available tax incentives, the economics of the project become unappealing to investors and the likelihood of constructing the project in Texas becomes unlikely.

Property taxes can be the highest operating expense for a solar generation facility as solar plants do not have any associated fuel costs for the production of electricity, and with Texas wholesale electricity prices already below the national average in Texas, it is necessary to limit the property tax liabilities for a solar project in order to be able to offer electricity at prices that are marketable to Texas customers at competitive rates, including power sales under a bi-lateral contract. Markets such as California that have state wide available subsidies for renewable energy projects, and which have higher average contracted power rates, offer an attractive incentive for developers to build projects in those markets over Texas.

The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today's contracted power rates under a power purchase agreement. As such, the applicant is not able to finance and build its project in Texas even with a signed power purchase agreement because of the low price in the power purchase agreement. Without the tax incentive, the applicant would be forced to abandon the project and spend its development capital and prospective investment funds in other states where the rate of return is higher on a project basis.

This is true even if the entity is able to contract with an off-taker under a power purchase agreement because the low rate contracted for is not financeable without the tax incentives. More specifically, a signed power purchase agreement in the Texas market is at a much lower rate than other states because of competitively low electricity prices. Other states have high electricity prices where a developer can obtain a PPA with a much higher contracted rate, combined with state subsidies, the other states offer a much higher rate of return for the project financiers. Without the tax incentives in Texas, a project with a power purchase agreement becomes unfinanciable.

Names and percentages of additional districts that compromise the entire project:

The project is located 100% in the Paint Creek Independent School District in Haskell County, Texas.

Description of Qualified Investment

OCI Alamo 7, LLC, anticipates constructing a solar photovoltaic (PV) electric generating facility with an operating capacity of approximately 100 MW. The exact capacity and the specific technology components will be determined during the development and design process.

A 100 MW solar PV generating facility may include a qualified investment consisting of the following improvements:

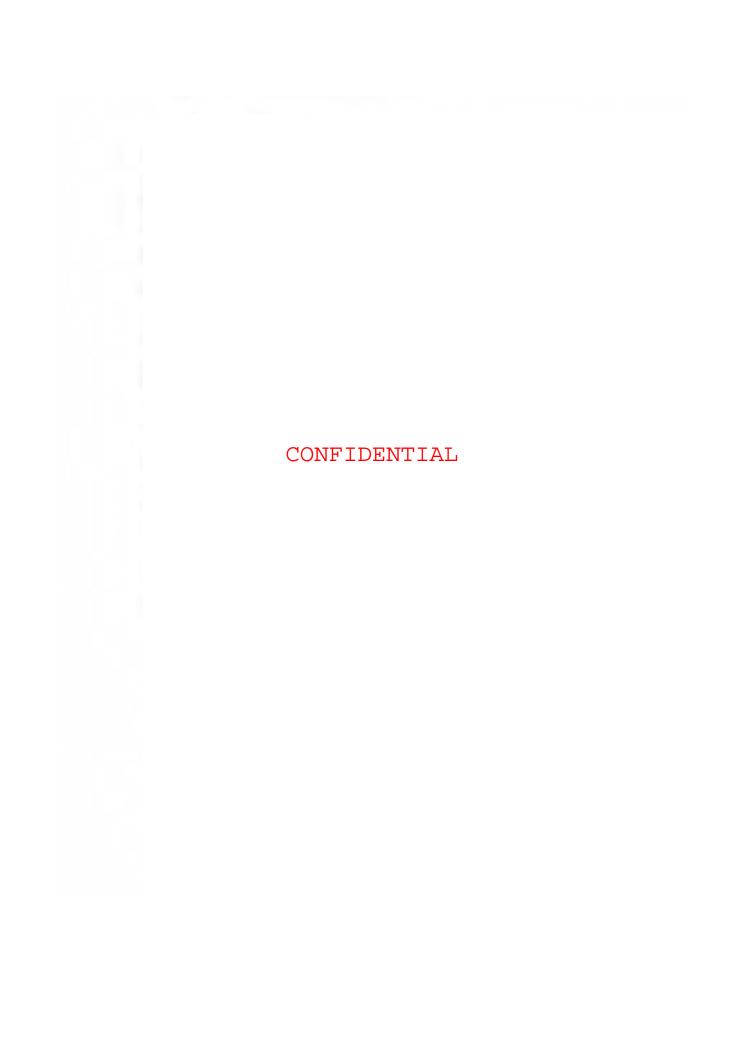

- PV modules;
- DC-to-AC inverters;
- Medium and high-voltage electric cabling;
- Fixed-tilt racking system (mounting structures);
- Project substation which will include a high-voltage transformer, switchgear, transmission equipment, telecommunications and SCADA equipment, among other things;
- High-voltage transmission line connecting the project to the grid (gen tie);
- Operations and maintenance (O&M) building including telecommunications and computing equipment, among other things;
- Meteorological equipment to measure solar irradiance and other weather conditions; and
- Associated equipment to safely operate, maintain and deliver electricity to the grid.

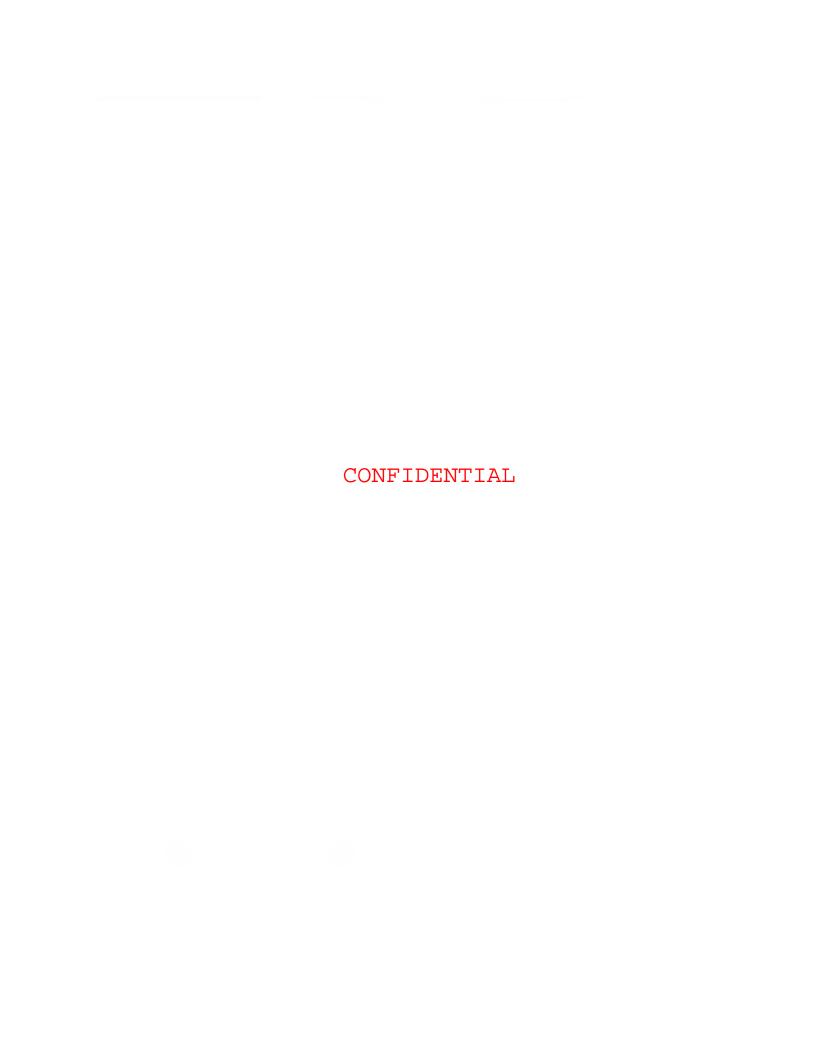

Description of Qualified Property

Please refer to TAB 7.

Request of waiver of job creation requirement

January 12, 2015

Mr. Rick Moeller Superintendent Paint Creek Independent School District 4485 FM 600 Haskell, TX 79521

Re. Chapter 313 Job Waiver Request for Solar Project

Dear Mr. Moeller:

OCI Solar Power LLC respectfully requests that the paint Creek Independent School District's Board of Trustees waive the job requirement provision as allowed in Section 1 13.025(f-l) of the tax code. This waiver would be based on the school District's findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility described in the OCI application. OCI Solar Power LLC requests that the Paint Creek Independent School District makes such a finding and waives the job creation requirement for ten (10) permanent jobs.

OCI Solar Power LLC currently operates multiple solar photovoltaic power plants worldwide. Based on this operational experience and knowledge of solar industry standards, OCI Solar Power LLC expects to create two (2) permanent jobs for the project, based in the Paint Creek ISD area.

Solar power projects create a large number of temporary jobs during the approximately 18 month construction phase, but require a relatively small number of highly skilled technicians to operate and maintain the project after commercial operation commences. The permanent employees of a solar project maintain and service the solar panels, mounting equipment, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. We expect that work will be created for local equipment and hardware suppliers, maintenance contractors and local businesses supporting the new employees' lives. In addition to onsite employees, there may be managers or technicians who support the project from offsite locations.

Respectfully,

John Huffaker, Vice President

OCI Solar Power LLC

Calculation of three possible wage requirements with supporting documentation

AVERAGE WEEKLY WAGES FOR ALL JOBS, ALL INDUSTRIES IN HASKELL COUNTY

FOUR MOST RECENT QUARTERS

COUNTY	YEAR	QUARTER	Avg. Weekly Wage
Haskell	2014	Q2	\$646
Haskell	2014	Q1	\$589
Haskell	2013	Q4	\$600
Haskell	2013	Q3	\$575
		SUM:	\$2,410
		CALCULATION:	\$2,410/4 = \$602.50

$\frac{\text{AVERAGE WEEKLY WAGES FOR MANUFACTURING JOBS IN HASKELL}}{\text{COUNTY}}$

FOUR MOST RECENT QUARTERS

COUNTY	YEAR	QUARTER	Avg. Weekly Wage
Haskell	2014	Q2	\$586
Haskell	2014	Q1	\$663
Haskell	2013	Q4	\$676
Haskell	2013	Q3	\$586
		SUM:	\$2,511
		CALCULATION:	\$2,511/4 = \$627.75 * 1.1 = \$690.53

AVERAGE WEEKLY WAGES FOR MANUFACTURING JOBS IN THE WEST <u>CENTRAL TEXAS COG REGION (WDA)</u>

FOUR MOST RECENT QUARTERS

REGION / WDA	YEAR	Hourly/Annual	Avg. Weekly Wage
West Central Texas	2013	\$18.64/\$38,779	\$745.60
		CALCULATION:	\$745.60 * 1.1 = \$820.16

	Enter amounts from TOTAL row above in Schedule A2	\$6	ŞO	şo	ŞO	\$O		Other new investment made during this year that will <u>not</u> become Qualified Property [SEE NOTE]	Column C	otals.)	
) A2	\$0	\$0	\$0	\$0	\$0	[The only other investment made before filing complete application with district that may become Qualified Property is land.]	Other new investment made during this year that may become Qualified Property [SEE NOTE]	Column D		
		\$285,000,000.00	\$0.00	\$285,000,000.00	\$0.00	0	\$0	Total Investment (Sum of Columns A+B+C+D)	Column E		

For All Columns: List amount invested each year, not cumulative totals.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "eplacement" property if the property is specifically described in the application.

Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.105.1. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property, or is affixed to existing property—described in SECTION 13, question #5 of the application.

Total Investment: Add together each cell in a column and enter the sum in the blue total investment row. Enter the data from this row into the first row in Schedule A2. Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Qualified Investment: For the green qualified investment cell, enter the sum of all the green-shaded cells.

All investments made through the qualifying time period are captured and totaled on Schedule A1 [blue box] and incorporated into this schedule in the first row.

Only investment made during deferrals of the start of the limitation (after the end of qualifying time period but before the start of the Value Limitation Period) should be included in the "year prior to start of value limitation period" row(s). If the limitation starts at the end of the qualifying time period or the qualifying time period overlaps the limitation, no investment should be included on this line.

For All Columns: List amount invested each year, not cumulative totals. Only include investments in the remaining rows of Schedule A2 that were not captured on Schedule A1. *** If your qualifying time period will overlap your value limitation period, do not also include investment made during the qualifying time period in years 1 and/or 2 of the value limitation period, depending on the overlap. Only include investments/years that were not captured on Schedule A1

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application

Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Schedule B: Estimated Market And Taxable Value (of Qualified Property Only)
