Local Government Assistance & Economic Analysis Texas Comptroller of Public Accounts P.O. Box 13528 Austin, Texas 78711-3528

> RE: Application to the Schleicher County Independent School District from Live Oak Wind Project, LLC (First Qualifying Year 2018, First Value Limitation Year 2019)

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Schleicher County Independent School District is notifying Live Oak Wind Project, LLC of its intent to consider the application for appraised value limitation on qualified property should a positive certificate be issued by the Comptroller. The Applicant submitted the Application to the school district on December 16, 2016. The Board voted to accept the application on December 16, 2016. The application has been determined complete as of January 10, 2017. The Applicant has provided the schedules in both electronic format and paper copies. The electronic copy is identical to the hard copy that will be hand delivered. The Applicant has requested that the value limitation begin in 2019. Please prepare the economic impact report.

The Applicant has requested that a portion of Tab 11, specifically the detailed layout of the planned solar farm, be kept confidential until such time the Board votes to approve the application. In accordance with 34 TAC 9.1053, the information that is the subject of this request is segregated from the materials submitted contemporaneously with this application, that is, the proprietary commercial information regarding the competitive siting decisions for the possible project and proprietary information regarding the proposed layout of the project. The confidential materials are being submitted separately to protect against unintended disclosure. The maps depicting the planned location of the project display proprietary commercial information regarding the specific location of the possible project and the nature of the business that will be conducted at the site. The materials are protected by the trade secret exception set forth in Texas Government Code §552.110.

Letter to Local Government Assistance & Economic Analysis Division January 10, 2017 Page 2 of 2

A copy of the application will be submitted to the Schleicher County Appraisal District.

Sincerely,

left of l

Kevin O'Hanlon School District Consultant

Cc: Schleicher County Appraisal District Live Oak Wind Project, LLC

and Analysis

Form 50-296-A

Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this
 application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

SECTION 1: School District Information

1. Authorized School District Representative

	Other (describe): Other (describe): (Name, tax rate and percent of project) Other (describe): (Name, tax rate and percent of project)	_
5.	Is the project located entirely within the ISD listed in Section 1?	٩N
	5a. If no, attach in Tab 6 additional information on the project scope and size to assist in the economic analysis.	
6.	Did you receive a determination from the Texas Economic Development and Tourism Office that this proposed project and at least	٩N
	6a. If yes, attach in Tab 6 supporting documentation from the Office of the Governor.	
S	ECTION 11: Investment	
tio	TE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limit in vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school trict. For assistance in determining estimates of these minimums, access the Comptroller's website at www.texasahead.org/tax_programs/chapter31	
1.	At the time of application, what is the estimated minimum qualified investment required for this school district?	
2.	What is the amount of appraised value limitation for which you are applying?	
	Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.	
3.	Does the qualified investment meet the requirements of Tax Code §313.021(1)?	٥V
4.	 Attach a description of the qualified investment [See §313.021(1).] The description must include: a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 7); b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qua fied investment (Tab 7); and c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period. 	
F	and buildings to be constructed during the qualifying time period, with vicinity map (Tab 11).	
5.	Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period?	٩N
	For more information, visit our website: www.TexasAhead.org/tax programs/chapter313/	

SECTION 12: Qualified Property

50-296

- 1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
 - a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 8);
 - 1b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (**Tab 8**); and
 - 1c. a map of the qualified property showing location of new buildings or new improvements with vicinity map (Tab 11).
- 2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by

§313.021(2)(A)?

- 2a. If yes, attach complete documentation including:
 - a. legal description of the land (Tab 9);
 - each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (Tab 9);

Yes

Yes

No

No

- c. owner (Tab 9);
- d. the current taxable value of the land. Attach estimate if land is part of larger parcel (Tab 9); and
- e. a detailed map showing the location of the land with vicinity map (Tab 11).
- 3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303?
 - 3a. If yes, attach the applicable supporting documentation:
 - a. evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (Tab 16);
 - b. legal description of reinvestment zone (Tab 16);
 - c. order, resolution or ordinance establishing the reinvestment zone (Tab 16);
 - d. guidelines and criteria for creating the zone (Tab 16); and
 - e. a map of the reinvestment zone or enterprise zone boundaries with vicinity map (Tab 11)
 - 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone?

SECTION 13: Information on Property Not Eligible to Become Qualified Property

- 1. In **Tab 10**, attach a specific and detailed description of all **existing property**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
- 2. In **Tab 10**, attach a specific and detailed description of all **proposed new property that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
- For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in **Tab 10**:
 - a. maps and/or detailed site plan;
 - b. surveys;
 - c. appraisal district values and parcel numbers;
 - d. inventory lists;
 - e. existing and proposed property lists;
 - f. model and serial numbers of existing property; or
 - g. other information of sufficient detail and description.

4. Total es	timated market value of existing prope	ty (that property described in response to question 1): \$
-------------	--	---	-------

- 5. In **Tab 10**, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

Application for Appraised Value Limitation on Qualified Property

S	ECTION 14: Wage and Employment Information
1.	What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)?
2.	What is the last complete calendar quarter before application review start date:
	First Quarter Second Quarter Third Quarter Fourth Quarter of
	(year)
3.	What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)?
	Note: For job definitions see TAC §9.1051 and Tax Code §313.021(3).
4.	What is the number of new qualifying jobs you are committing to create?
5.	What is the number of new non-qualifying jobs you are estimating you will create?
6.	Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)?
	 6a. If yes, attach evidence in Tab 12 documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
7.	Attach in Tab 13 the four most recent quarters of data for each wage calculation below, including documentation from the TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application) See TAC §9.1051(21) and (22).
	a. Average weekly wage for all jobs (all industries) in the county is
	b. 110% of the average weekly wage for manufacturing jobs in the county is
	c. 110% of the average weekly wage for manufacturing jobs in the region is
8.	Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? §313.021(5)(A) or §313.021(5)(A)
9.	What is the minimum required annual wage for each qualifying job based on the qualified property?
10	What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property?
11.	Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? Yes Yes No
12	Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)?
	12a. If yes, attach in Tab 12 supporting documentation from the TWC, pursuant to §313.021(3)(F).
13	Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements?
	13a. If yes, attach in Tab 6 supporting documentation including a list of qualifying jobs in the other school district(s).

SECTION 15: Economic Impact

- 1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
- 2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in Tab 15. (not required)
- 3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

	APPLICATION TAB ORDER FOR REQUESTED ATTACHMENTS
ТАВ	ATTACHMENT
1	Pages 1 through 11 of Application
2	Proof of Payment of Application Fee
3	Documentation of Combined Group membership under Texas Tax Code 171.0001(7), history of tax default, delinquencies and/or material litigation (<i>if applicable</i>)
4	Detailed description of the project
5	Documentation to assist in determining if limitation is a determining factor
6	Description of how project is located in more than one district, including list of percentage in each district and, if determined to be a single unified project, documentation from the Office of the Governor (<i>if applicable</i>)

Tab 4

Detailed Description of Project

The proposed Project is anticipated to have a total capacity of approximately 200 megawatts ("MW"), all of which will be located in Schleicher County Independent School District. Turbine selection is ongoing at this time and has not been finalized. The exact number of wind turbines and size of each turbine will vary depending upon the wind turbines selected, manufacturer's availability and prices, ongoing wind studies and the final megawatt generating capacity of the Project when completed. Current plans are to install 2.3 MW General Electric turbines with an estimated 87 turbines located in Schleicher ISD. Live Oak Wind Project is also constructing approximately 4 miles of generation transmission tie line in Schleicher ISD and Schleicher County. Live Oak Wind requests a value limitation for all materials and equipment installed for the Project, including but not limited to; wind turbines, turbine transformers (pad-mounts), electrical substations, generation transmission tie line, associated towers, operations & maintenance building, personal property and interconnection facilities.

Construction of the Project is anticipated to begin in the first quarter of 2018 with completion by December 31, 2018.

Tab 5

Documentation to assist in determining if limitation is a determining factor

Section 8, #2: Has the applicant entered into any agreements, contracts, or letters of intent related to the proposed project?

Live Oak Wind Project has begun early stage due diligence work to explore the feasibility of constructing a wind facility at this site. As such, certain contracts have been executed including agreements to site and install meteorological monitoring equipment, wind study reports, lease and easement agreements with landowners, establishment of a Reinvestment Zone, contracts with environmental contractors to explore environmental impacts of the proposed project and interconnection agreement with the transmission provider. None of these contracts obligate Live Oak Wind Project to construct the project.

Section 8, #7: Is the applicant evaluating other locations not in Texas for the proposed project?

While the project developer, Live Oak Wind Project, LLC, is specific to this location in Texas, the potential economic return for the Schleicher County Wind project will be compared to the potential returns from other locations within and outside of Texas that Infinity Wind Power, LLC, is actively developing. The economic return is the primary input for this decision.

Infinity Wind Power, LLC ("Infinity") is actively developing 24 wind energy projects throughout Texas as well as Iowa, Kansas, Minnesota, Nebraska, New Mexico, North Dakota, Oklahoma and South Dakota. The multi-year development process includes significant land option payments to local landowners, as well as environmental studies, surveys, wind resource assessment, and substantial transmission interconnection payments. Infinity has invested significantly in the Live Oak Wind Project in Schleicher County and expects it to be the first of Infinity's Texas projects to achieve commercial operation. Other Infinity-funded projects have continued to support local wind energy development and local economic growth including the Buckthorn Wind Project in Erath County and Tecovas Wind Project in Briscoe County. Infinity successfully developed six wind projects that are now operational and two additional projects that are under construction in different states around the United States of America. These wind farms represent approximately \$2,000,000,000 of investment and 1,231 MW of wind energy capacity.

Depending on the ability to generate cost-effective electricity for regional consumers, Infinity has the ability to allocate or reallocate investments to another state, another region of Texas, or another region of the world. Live Oak Wind Project, LLC believes,

Live Oak Wind Project LLC Live Oak Wind Project Schleicher County ISD Limitation of Value Application

however, that the proposed site in Schleicher County is a desirable business location and can provide electricity at a price that is competitive with other regions of Texas.

Electric cooperatives, private companies and city utilities are focused on low-cost energy supply, and contracting for the sale of electricity is currently highly competitive. particularly because of the large number of potential wind energy facilities that can be built in West Texas given the newly constructed transmission capacity. Receiving the Appraised Value Limitation from the school district is vital to obtaining long-term financing and to maintaining the economic competitiveness of the project with other projects currently being developed in Texas by Infinity and by others. The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today's contracted power rates under a Power Purchase Agreement (PPA). A signed PPA in the Texas market is at much lower rates than other states because of competitively low electric prices. Both parties of the PPA have escape clauses if the terms of the PPA cannot be met. Without tax incentives in Texas, a project with a PPA becomes non-financeable. As of the time of this application, Live Oak Wind does not have a PPA. Therefore, this appraised value limitation is critical to the ability of the proposed Project to move forward as currently sited.

Request for Waiver of Job Creation Requirement

See attached letter.

Re: Chapter 313 Job Waiver Request

Schleicher County Independent School District Attn: School Superintendent Robert Gibson 205 Fields Ave Eldorado, TX 76936

November 29, 2016

Dear Mr. Gibson,

Live Oak Wind Project, LLC requests that the Schleicher County Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025(f-1) of the tax code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described in the application.

Live Oak Wind Project, LLC requests that the Schleicher County Independent School District makes such a finding and waive the job creation requirement for 10 permanent jobs. In line with industry standards for job requirements, Live Oak Wind Project, LLC has committed to create at least five total jobs for the project for a 200 MW wind project, all of which would be in Schleicher County ISD.

Wind projects create a large number of full and part-time, but temporary, jobs during the construction phase of the project, but require a relatively small number of highly skilled technicians to operate and maintain the project after commercial operation commences.

The industry standard for employment is typically one full-time employee for approximately every 15 to 20 turbines. This number may vary depending on the operations and maintenance requirements of the turbines selected as well as the support and technical assistance offered by the turbine manufacturer. The permanent employees of a wind project maintain and service wind turbines, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. In addition to the onsite employees, there may be managers or technicians who support the project from offsite locations.

Sincerely,

MAC

Matt Riley Manager Live Oak Wind Project, LLC

	Total Qu	alified Investment (sum of green cells)	\$ 284,650,000	En	ter amounts from TOTAL row above in Schedul	e A2	

For All Columns: List amount invested each year, not cumulative totals.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application. Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property and to existing property; or is affixed to existing property; or is affixed to existing property.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Total Investment: Add together each cell in a column and enter the sum in the blue total investment row. Enter the data from this row into the first row in Schedule A2.

Qualified Investment: For the green qualified investment cell, enter the sum of all the green-shaded cells.

* All investments made through the qualifying time period are captured and totaled on Schedule A1 [blue box] and incorporated into this schedule in the first row.

** Only investment made during deferrals of the start of the limitation (after the end of qualifying time period or the qualifying time period) should be included in the "year prior to start of value limitation period" row(s). If the limitation starts at the end of the qualifying time period or the qualifying time period overlaps the limitation, no investment should be included on this line.

*** If your qualifying time period will overlap your value limitation period, do not also include investment made during the qualifying time period in years 1 and/or 2 of the value limitation period, depending on the overlap. Only include investments/years that were **not** captured on Schedule A1. For All Columns: List amount invested each year, not cumulative totals. Only include investments in the remaining rows of Schedule A2 that were not captured on Schedule A1.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application. Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Signature and Certification Page

See Attached.

Application for Appraised Value Limitation on Qualified Property

SECTION 16: Authorized Signatures and Applicant Certification

After the application and schedules are complete, an authorized representative from the school district and the business should review the application documents and complete this authorization page. Attach the completed authorization page in Tab 17. NOTE: If you amend your application, you will need to obtain new signatures and resubmit this page, Section 16, with the amendment request.

1. Authorized School District Representative Signature

I am the authorized representative for the school district to which this application is being submitted. I understand that this application is a government record as defined in Chapter 37 of the Texas Penal Code.
