March 9, 2017

Dr. Randy Hoyer  
Superintendent  
Skidmore-Tynan Independent School District  
224 W. Main St.  
Skidmore, TX 78389

Dear Dr. Hoyer:

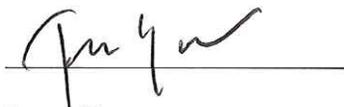

Pacific Wind Development, LLC ("PWD") requests that the Skidmore-Tynan Independent School District's Board of Trustees waive the job requirement as allowed by Tex. Tax Code § 313.025(f-1). Under this provision, a school district's governing body may waive the job creation requirement in Tex. Tax Code §§ 313.021(2)(A)(iv)(b) or 313.051(b) and approve an application if it makes a finding that the jobs-creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

While wind energy generation projects create a large number of jobs during the construction phase, the long-term operational phase requires a relatively small number of highly-skilled jobs. These jobs are filled by technicians who conduct scheduled and unscheduled maintenance and repair work on wind turbines, electrical collection systems, processing substations, and other infrastructure associated with utility scale wind electricity generation. These facilities often include additional jobs such as project managers who may work offsite.

The industry standard number of full-time jobs during the operational phase is approximately 1 job for every 15 to 20 wind turbines serviced. Based on this standard, PWD will employ approximately 4 technicians to service the entire 200 MW project, including 2 technicians for the portion of the project in Skidmore-Tynan ISD, and 2 technicians for the portion of the project in Mathis ISD.

Accordingly, Pacific Wind Development, LLC requests that the Skidmore-Tynan Independent School District's Board of Trustees find that the job creation requirement exceeds the industry standard and waive the requirement for the proposed project.

Sincerely,

Jesse Gronner  
Vice President, Avangrid Renewables, LLC
