Description of Property not Eligible to become Qualified Property

Loraine Windpark Project LLC, a subsidiary of Third Planet Windpower, has seventeen operating wind turbines located within the proposed Reinvestment Zone. Ten of these turbines are SLE GE 1.5 MW turbines and seven are XLE GE 1.5MW turbines. The new turbines that would be installed as part of the Mitchell County Project will be significantly larger (2.0 to 2.5 MW capacity each) and easily identifiable from the existing turbines. Attached are the 2017 appraised value for Property ID #36214 which includes all 100 wind turbines that are part of Loraine Windpark Project. Based on the 2017 appraised value of \$72,344,340 for all 100 operating turbines, the estimated value for the seventeen operating turbines within the proposed Reinvestment Zone would be \$12,298,538.

Additionally, Third Planet Windpower, LLC has sixty-seven obsolete wind turbine foundations along with roads and collection cables installed within the proposed Reinvestment Zone. The wind turbine foundations are not compatible with current wind turbines under consideration and the locations are not optimized to take advantage of wind patterns based on more recent studies. As such, the foundations will be demolished and have no value. The current assessed value of the foundations is zero.

Installation of new wind turbines and foundations will use the existing roads and the new wind turbines will be connected to the existing collection cables. The original cost of the existing property that would be used in the Mitchell County Project is \$8,025,418. Attached is a detailed breakdown of the property and its cost. As no wind turbines were ever installed on these foundations, the collection cables and transformers were never put into service and Mitchell County Appraisal District's current assessed value of this property is \$0. The value of these improvements would be assessed as a separate property account by Mitchell County Appraisal District upon being placed into service. The cost and estimated value of this property is not included in the schedules since it is not qualified property.
