3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? [x] Yes [ ] No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 7);
b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (Tab 7); and
c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (Tab 11).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? [x] Yes [ ] No

## TAB 4

Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

Coyote Wind, LLC (Coyote Wind) is requesting to amend the appraised value limitation from Snyder Independent School District (ISD) for the Coyote Wind Project (the "Project"), a proposed wind powered electric generating facility in Scurry County. The proposed Snyder ISD Project (this amendment to the application) will be constructed within the Dermott Wind Reinvestment Zone No. 1 created by Scurry County on March 1, 2016. A map showing the location of the project is included in TAB 11.

The proposed Project is anticipated to have a capacity of approximately 242.5 MW located in Snyder ISD. The exact number and location of wind turbines and size of each turbine will vary depending upon ongoing wind and siting analysis, turbine manufacturer's availability, prices, and the megawatt generating capacity of the Project when completed. Current estimated plans are to install 48 of the 4.50 MW Siemens and 11 of the 2.415 Siemens turbines with all turbines located in Snyder ISD. The Applicant requests a value limitation for all facilities and equipment installed for the Project, including but not limited to, wind turbines, towers, foundations, roadways, O&M building, meteorological towers, collection system, communication system, electric substation, electric switchyard, electric transformers, generation transmission line and associated towers, and interconnection facilities.

Full construction of the Project is anticipated to begin in the 3rd Quarter of 2019 with completion by December 31, 2020.

\*NOTE: The map in TAB 11 shows the potential locations of the 59 wind turbines, O&M building and the collector substation, all being within Snyder ISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing siting analysis.

## TAB 7

Description of Qualified Investment

Coyote Wind, LLC plans to construct a 242.5 MW wind farm in Scurry County.

This application covers all qualified property within Snyder ISD necessary for the commercial operations of the proposed wind farm described in Tab 4. Two hundred forty-two and one half megawatts (242.5 MW) will be located in Snyder ISD. Turbine placement is subject to change but for purposes of this application, the Project anticipates using 48 of the 4.50 MW and 11 of the 2.415 MW manufactured by Siemens.

This application covers all qualified investment and qualified property necessary for the commercial operations of the wind farm.

Qualified Investment and qualified property includes, but is not limited to, turbines, towers, foundations, transformers, pad mounts, O&M building, underground collection systems, electric substation, generation transmission lines, electrical interconnections, met towers, roads, and control systems necessary for commercial generation of electricity.

\*NOTE: The map in TAB 11 shows the potential locations of the 59 wind turbines, O&M building and the collector substation, all being within Snyder ISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing siting analysis.

\* All investments made through the qualifying time period are captured and totaled on Schedule A1 (blue box) and incorporated into this schedule in the first row.

\*\* Only investment made during deferrals of the start of the limitation (after the end of qualifying time period but before the start of the Value Limitation Period) should be included in the "year prior to start of value limitation period" row(s). If the limitation starts at the end of the qualifying time period or the qualifying time period overlaps the limitation, no investment should be included on this line.

\*\*\* If your qualifying time period will overlap your value limitation period, do not also include investment made during the qualifying time period in years 1 and/or 2 of the value limitation period, depending on the overlap. Only include investments/years that were not captured on Schedule A1.

For All Columns: List amount invested each year, not cumulative totals. Only include investments in the remaining rows of Schedule A2 that were not captured on Schedule A1.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application.

Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact at total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property, is used to maintain, rebuild, renovate, modify or upgrade existing property, or is added to existing property—described in SECTION 13, question #3 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.
