FINDINGS OF THE GLASSCOCK COUNTY INDEPENDENT SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE TEXAS ECONOMIC DEVELOPMENT ACT ON THE APPLICATION SUBMITTED BY BEARKAT WIND ENERGY II LLC (#1210)

STATE OF TEXAS

8

COUNTY OF GLASSCOCK

8

On the 18th day of December 2017, a public meeting of the Board of Trustees of the Glasscock County Independent School District ("District") was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of Bearkat Wind Energy II LLC ("Applicant") for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. The Board of Trustees has considered the economic impact analysis and the project certification issued by the Texas Comptroller of Public Accounts. After hearing presentations from the District's administrative staff, and from consultants retained by the District to advise the Board in this matter, and after considering the relevant documentary evidence, the Board of Trustees makes the following findings with respect to application from Applicant, and the economic impact of that application:

On June 12, 2017, the Superintendent of the District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts ("Comptroller") received an Application from Applicant for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is attached as **Attachment A**.

The Applicant, (Texas Taxpayer Id. 32064082699), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise taxpayer by the Comptroller. See **Attachment B**.

The Board of Trustees acknowledged receipt of the Application, along with the requisite application fee, established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Comptroller for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Glasscock County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054. On September 19, 2017, the Comptroller determined the Application to be complete.

The Application was reviewed by the Comptroller pursuant to Texas Tax Code §313.026, and a Comptroller Certificate was issued on November 3, 2017 in which the Comptroller has determined, inter alia, that: 1) Application is subject to the provisions of Chapter 171, Texas Tax Code; 2) the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised values; 3) the proposed project is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period; and, 4) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. A copy of the Certificate is attached to the findings as **Attachment C**.

The Board of Trustees has previously directed that a specific financial analysis be conducted concerning the impact of the proposed value limitation on the finances of District. A copy of the report prepared by Moak, Casey & Associates, Inc., is attached to these findings as **Attachment D**.

The Board of Trustees has confirmed that the taxable value of property in the District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment E**.

The Texas Education Agency has evaluated the impact of the project on the District's facilities. TEA's determination is to be attached to these findings as **Attachment F.**

The Board has adopted the Texas Economic Development Agreement (Form 50-826) as promulgated by the Comptroller's Office. Form 50-826 has been altered only in accordance only the provisions of the template that the Comptroller permitted. The proposed Agreement is attached to these findings as **Attachment G**.

After review of the Comptroller's Certificate and economic analysis, and in consideration of its own studies the Board finds:

Board Finding Number 1.

The Board finds that the property described in the Application meets the requirements of Tex. Tax Code §313.024 for eligibility for a limitation on appraised value.

In support of Finding 1, the Application indicates that:

The Bearkat Wind Energy II LLC project consists of between 40 and 60 wind turbine generators, with a capacity of 2.5 to 3.5 megawatts per generator, with an approximate total capacity of 162.15 MW.

Property used for renewable energy electric generation is eligible for a limitation under §313.024(b)(5).

Board Finding Number 2.

The project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement (as detailed in Attachment B of the Comptroller's Certification).

Board Finding Number 3.

Based on the information certified by the Comptroller, the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state (as detailed in Attachment C of the Comptroller's Certification).

Board Finding Number 4.

The Board finds that the Application Fee received was reasonable and only in such an amount as was necessary to cover the District's costs of processing the Application under consideration.

In support of Finding 4, the Board reviewed the Application Fee payment included in the Application at Attachment A, the contract with the District's consultants and the internal costs for processing the application, if any.

Board Finding Number 5.

Based upon the Application and in the Comptroller's Economic Impact Evaluation and Certification, Attachment B, the Board finds that the number of jobs to be created and the wages to be paid comply with the requirements of statute; and, the Board further finds that the Chapter 313 Tax Limitation Agreement (Attachment G) contains all required provisions and information related to job creation requirements, to wit: the provisions set forth in Subsections 9.1C&D of such Agreement.

In its Application, Applicant has committed to creating three (3) new qualifying jobs. The average salary level of qualifying jobs will be at least \$59,500 per year. The review of the application by the Comptroller's indicated that this amount—based on Texas Workforce Commission data—complies with current Tex. Tax Code §313.021(3) requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. As defined in Section 313.021 of the Tax Code, "Qualifying Job" means a permanent full-time job that:

- (A) requires at least 1,600 hours of work a year;
- (B) is not transferred from one area in this state to another area in this state;
- (C) is not created to replace a previous employee;
- (D) is covered by a group health benefit plan for which the business offers to pay at least 80 percent of the premiums or other charges assessed for employeeonly coverage under the plan, regardless of whether an employee may voluntarily waive the coverage; and
- (E) pays at least 110 percent of the county average weekly wage for manufacturing jobs in the county where the job is located.

Board Finding Number 6.

Based upon the information provided to the District with regard to the industry standard for staffing ratios of similar projects in the State of Texas, the District has determined that if the job creation requirement set forth in Texas Tax Code § 313.021(2)(A)(iv)(b) was applied, for the size and scope of the project described in the Application, the required number of jobs meets or exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

Board Finding Number 7.

The Applicant does not intend to create any non-qualifying jobs.

In its Application, Applicant has indicated that it does not intend to create any non-qualifying jobs. For all non-qualifying jobs the Applicant should create the Applicant will be required to pay at least the county average wage of \$43,434 for all jobs in the county in accordance with the provisions of Tex. Tax Code §313.024(d).

Board Finding Number 8.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$210.8 million to the tax base for debt service purposes at the peak investment level for the 2019-20 school year.

Board Finding Number 9.

The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the project.

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new project. This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in the District as stated in **Attachment F**.

Board Finding Number 10.

The Board finds that with the adoption of District Policy CCG (Local), implemented in conformance with both Comptroller and Texas Education Agency Rules governing Chapter 313 Agreements, it has developed a process to verify, either directly or through its consultants,

the accuracy and completeness of information in annual eligibility reports and biennial progress reports regarding (1) the reported number of jobs created and (2) the reported amount invested in the property.

Board Finding Number 11.

The Board of Trustees hired consultants to review and verify the information in the Application. Based upon the consultants' review, the Board has determined that the information provided by the Applicant is true and correct.

The Board has developed a written policy CCG (Local) which requires, upon the filing of an Application under Tax Code Chapter 313, the retention of consultants in order to verify: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning and economic incentives being offered, if any, and (5) the proposed project meets eligibility requirements.

As a part of its verification process the Board notes that the Chapter 313 Application for which these Findings are being made has been submitted by the Applicant under oath. Chapter 313 Applications are governmental records under Tex. Penal Code §37.01(2)(A); as a result, all statements contained therein are representations of fact within the meaning of Tex. Penal Code § 37.01(3). Since Board action upon the adoption of these Findings and the approval of the Chapter 313 Tax Limitation Agreement (Attachment G) is an "official proceeding," a false statement on a Chapter 313 application constitutes perjury under Tex. Penal Code § 37.03.

The Board finds that sworn statements are routinely used as an acceptable verification method for reliance by fact finders in each of the three separate branches of government, including trials.

The consultants have prepared signed statements that the consultants have reviewed and verified the contents of the Application and have determined that the current statements of fact contained in the Application are true and correct. (Attachment H) The Board finds that reliance by the Board and its consultants upon verified statements of the Applicant, especially as to Applicant's future intentions which cannot be objectively verified is reasonable and within the intent of Chapter 313, Texas Tax Code.

Board Finding Number 12.

The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Thirty Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-826, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.5 of said Agreement. According to the Texas Comptroller of Public Accounts' School and Appraisal Districts' Property Value Study 2015 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment F. The total industrial value for the District is \$782.3 million. The District is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. The District is classified as a "rural" district due to its demographic characteristics. Given that the value of industrial property is more than \$200 million, it is classified as a Category I district which can offer a minimum value limitation of \$30 million.

Board Finding Number 13.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G) contains all necessary provisions and information related to establishing the required investment amount, to wit: the amount set forth in Section 2.5 of said Agreement.

The Board relies on the certifications of its consultants and the Comptroller's Approval of the Agreement form to make this Finding. (Attachment I)

Board Finding Number 14.

The Applicant (Taxpayer No. 32064082699) is eligible for the limitation on appraised value of qualified property as an active franchise-tax paying entity.

The Applicant, (Texas Taxpayer No. 32064082699), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise tax payer by the Comptroller. See **Attachment B**. The Board also finds that the Chapter 313 Tax Limitation Agreement (**Attachment G**) contains all required provisions necessary for the Board to assess eligibility of any business to which an agreement is transferred.

Board Finding Number 15.

The project will be located within an area that is designated as a reinvestment zone, pursuant to Chapter 312 of the Texas Tax Code.

Board Finding Number 16.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District, and such provisions comply with the specific terms of Texas Tax Code, Chapter 313.

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss in the first and subsequent years that the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District. The Agreement contains adequate

revenue protection measures for the duration of the Agreement. In support of this Finding, the Board relies upon the recommendation of its consultants. (**Attachment H**)

Board Finding Number 17.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G) contains all required provisions necessary for the Board to assess performance standards and to require periodic deliverables that will enable it to hold businesses accountable for achieving desired results, to wit: the reporting requirements set forth in Article VIII of said Agreement.

Board Finding Number 18.

The Board finds that there are no conflicts of interest at the time of considering the agreement.

The Board finds that with the adoption of District Policies BBFA and BBFB, both (Legal) and (Local), set forth at http://pol.tasb.org/Home/Index/512, that it has taken appropriate action to ensure that all District Trustees and the Superintendent, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

In addition, at the public hearing, the Board caused the statement set forth in **Attachment J** to be read into the public record and that only Board members audibly responding that no conflict of interest existed either deliberated or voted on the Tax Limitation Agreement, these Findings or any matter relating to the Application upon which these Findings have been premised.

The Board finds that with the adoption of District Policies DBD, DGA, DH, and BBFB, both (Legal) and (Local) that it has taken appropriate action to ensure that all District employees and/or consultants, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that that no non-disclosed conflicts of interest exist as to the Application for which these Findings are being made, as of the time of action on these Findings.

Board Finding Number 19.

The Board directs that a link on its Web site to the Comptroller's Office's Web site where appraisal limitation related documents are made available to the public.

Board Finding Number 20.

Considering the purpose and effect of the law and the terms of the Agreement, that it is in the best interest of the District and the State to enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.

It is therefore ORDERED that the Agreement attached hereto as **Attachment G** is approved and herby authorized to be executed and delivered by and on behalf of the District. It is further ORDERED that these findings and the Attachments referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the District.

Dated the 18th day of December 2017.

Glasscock County ISD 313 Abatement Application

Prepared by Bearkat Wind Energy II LLC

Application

Pages 1 - 8 of the application

Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this
 application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

- 1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
 - 1a. a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 8);

			cription of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified orty (Tab 8); and
	1c. a	ma	p of the qualified property showing location of new buildings or new improvements with vicinity map (Tab 11).
2.			pon which the new buildings or new improvements will be built part of the qualified property described by (A)?
	2a. If	yes	, attach complete documentation including:
		a.	legal description of the land (Tab 9);
		b.	each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (Tab 9);
		C.	owner (Tab 9);
		d.	the current taxable value of the land. Attach estimate if land is part of larger parcel (Tab 9); and
		e.	a detailed map showing the location of the land with vicinity map (Tab 11).
3.			n which you propose new construction or new improvements currently located in an area designated as a zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? Yes Vo
	3a. If	yes	s, attach the applicable supporting documentation:
		a.	evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (Tab 16);
		b.	legal description of reinvestment zone (Tab 16);
		c.	order, resolution or ordinance establishing the reinvestment zone (Tab 16);
		d.	guidelines and criteria for creating the zone (Tab 16); and
		e.	a map of the reinvestment zone or enterprise zone boundaries with vicinity map (Tab 11)

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In Tab 10, attach a specific and detailed description of all existing property. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.

office within 30 days of the application date. What is the anticipated date on which you will submit final proof

- 2. In Tab 10, attach a specific and detailed description of all proposed new property that will not become new improvements as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
- 3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in Tab 10:
 - a. maps and/or detailed site plan;
 - b. surveys;
 - c. appraisal district values and parcel numbers;
 - d. inventory lists;
 - e. existing and proposed property lists;
 - model and serial numbers of existing property; or f.
 - other information of sufficient detail and description.

4.	Total estimated market value of existing property (that property described in response to question 1):	42080
	In Tab 10, include an appraisal value by the CAD of all the buildings and improvements existing as of a date	

within 15 days of the date the application is received by the school district.

6. Total estimated market value of proposed property not eligible to become qualified property

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

Detailed Description of the Project

In Tab 4 attach a detailed description of the scope of the proposed project including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

Bearkat Wind Energy II LLC ("Bearkat" or the "Project") is a special purpose entity formed to facilitate the development and commercialization of a utility-scale wind energy project initiated by Tri Global Energy, LLC ("Tri Global") in conjunction with the local community. Tri Global Energy, the original developer of Bearkat, is in the business of initiating and developing plants generating electricity from renewable and traditional energy projects.

Bearkat Wind Energy II LLC is requesting an appraised value limitation from Glasscock County ISD for a proposed wind energy project using wind turbines, operational structures, transmission lines, and other associated and necessary infrastructure located in Glasscock County. The wind farm and its associated infrastructure will be constructed within a Reinvestment Zone stabled by Glasscock County, Texas. A map showing the location of the wind farm is included as Attachment 11a. The wind farm will have an estimated capacity of 162.15 megawatts ("MW").

To construct the wind farm, Bearkat Wind Energy II LLC will install between 40 and 60 wind turbines all within Glasscock County ISD that will have a rated capacity of 2.5 to 3.5 MW. In addition to the wind turbines, roads will be constructed and improved as necessary along with transmission and collection lines. A collection substation will be installed to permit the interconnection and transmission of electricity generated by the wind turbines in addition to an operations and maintenance building.

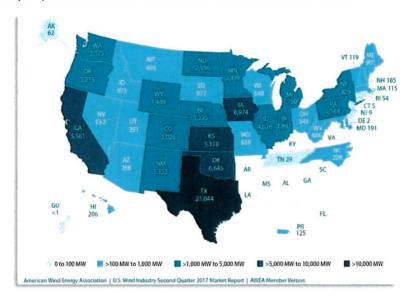

Construction of the wind farm is proposed to begin in May of 2018 and is expected to take approximately 7 months to complete. The Project expects to be in commercial operations by December 30th, 2018. All dates are contingent upon favorable economics for the Project.

Market Summary Information

While the wind regime for Bearkat Wind Energy II LLC is quite good, there are currently many favorable locations for wind sites that could be developed across the United States. Bearkat has modeled its economics with an expectation that it will have a Limitation of Appraised Value Agreement with Glasscock County ISD. Investors are looking for wind projects across the US and have the ability to sponsor projects located in a wide variety of locations. Should Bearkat Wind Energy II LLC be unable to develop a competitive project in Texas that is able to generate sufficient returns these investors may deploy their investments elsewhere.

Wind farms are currently operating and under development in many states throughout the country. According to the American Wind Energy Association ("AWEA") there are now 73,992 MW of installed wind capacity in the United States and over 48,500 wind turbines in service.

At the beginning of 2016, there has been more US wind power under construction than ever in history with more than 9,400 MWs currently in progress. Once completed, these projects will generate enough electricity annually to power millions of households across the United States.

The above graphic provided by AWEA demonstrates the national geographic diversity of successfully completed wind projects. While Texas remains a leader in the wind space, other states are rapidly accelerating their growth in terms of wind projects. The below graphic illustrates the number of wind projects currently considered as late stage developments.

Clearly wind projects are abundant and the Applicant can locate the Project in a wide variety of locations across the United States should it be unable to develop a competitive project in Texas capable of generating sufficient returns to attract investment capital.

Tri Global Team member accomplishments include leadership roles in the development, construction, operations, and financing of approximately over 3,100 MWs, or approximately 5% of the total US installed wind capacity, and over 2,500 MWs of fossil generation. Additionally, team members have successfully secured over \$2 billion in corporate and project finance. Tri Global's President, Tom Carbone, is the former North American President of Vestas – one of the world's leading turbine manufacturers. Accordingly, Tri Global's management team is uniquely qualified to develop and construct energy projects throughout the United States.

As such, the development resources necessary to advance the subject planned 162.15 MW Bearkat Wind Energy II LLC could be redeployed to the other renewable energy development projects in other power markets across the United States. Bearkat was formed for the express purpose of developing a community sponsored wind farm that would assist in brining economic development to the surrounding community. Tri Global identified Texas, and in particular the Glasscock County ISD area, for its strong wind resource, access to available transmission capacity, the liquid ERCOT market, and favorable property tax incentives under the state tax code for Chapter 312 tax abatements and Chapter 313 Appraised Value Limitation programs.

Tri Global prefers to develop and build the proposed Bearkat Wind Energy II LLC as described throughout this Application. This Project is still in the early stages of development, and as of June 2017 has assets valued at less than \$43,000. Most of this capital is comprised of non-qualified property, specifically two (2) temporary meteorological towers erected on the Project site.

Should the appraised value limitation be granted, Bearkat Wind Energy II LLC has created a development and investment plan that it is capitalized to implement. Without such a limitation the Project, competing against other Texas projects that have qualified, would likely to be forced to redeploy its assets and capital to other counties or states competing for similar wind projects.

Documentation to assist in determining if limitation is a determining factor

Chapter 313.026€ states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)."

Has the applicant entered into any agreements, contracts, or letters of intent related to the proposed project?

Bearkat Wind Energy II LLC was formed in 2017. Since its formation, Bearkat Wind Energy II LLCS and its associate parties have entered into the following representative agreements and contracts for the development of a project phase within Glasscock County ISD and intend to assign these assets to Bearkat Wind Energy II LLC:

- Grants of leases and easements covering approximately 12,000 acres with 20 landowners
- Wind data measurement contract with Wireless Innovations for data transmission on two (2) met towers
- Contract with ArcVera for data storage and verification for wind data collected
- D&O and Public Liability insurance contract with MHBT Marsh &McLennan Agency LLC
- Full wind study and contract with AWS Truepower
- Avian study and contract with Westwood Professional Services

Does the applicant have current business activities at the location where the proposed project will occur?

The business activities these agreements and contracts listed above will determine with greater certainty and granularity the feasibility of completing development of an economic renewable energy project in Glasscock County ISD.

These contracts and initial investments are preliminary in nature as Bearkat Wind Energy II LLC has determined that a value limitation agreement with Glasscock County ISD is an essential economic driver to allow for the return on investment necessary to finance and construct the wind energy project.

Is the applicant evaluating other locations not in Texas for the proposed project?

Tri Global Energy's team has extensive experience in markets across the country. Based on this experience, the management team evaluates all potential projects for feasibility, finance-ability, and the economic returns they represent in comparison to other project opportunities across the country.

The Bearkat Wind Energy II LLC Project is currently in such a period of assessment to determine whether the identified site in Glasscock County ISD represents the best location or whether redeployment of its development resources and capital to other power markets within the United States is more advisable.

A 313 Limitation of Appraised Value Agreement is a key tax incentive agreement necessary to ensure the Project is on a level playing field with other wind projects with similar incentives and with alternative forms of generation that receive their own forms of economic support.

Without the requested limitation, the Project will be unable to generate sufficient operating margins and net income to produce economically competitive returns necessary to attract tax and sponsor equity investment. Such third-party investment is mandatory to finance the projected capital costs of approximately \$200M needed to purchase wind turbines and other required infrastructure in addition to funding the construction and closing costs of the facility.

Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas?

The information provided in this Attachment and throughout the application has been assembled to provide the reviewer with the best possible data on which to make an assessment and determination of the critical nature of the limitation on appraised value to the feasibility of Bearkat Wind Energy II LLC.

Applicant continually evaluates locations outside of Texas for its project development activities. The project capital that is planned to be developed for the Applicant's project (dependent upon approval of the Appraised Value Limitation) has been considered for use in projects located in numerous states.

These project opportunities include but are not limited to the following sites:

- A 150 MW wind site located in Northwest Missouri
- A 125 MW wind site located in Southwestern Kansas
- A 100 MW wind site located in Southwestern Nebraska

Description of how project is located in more than one district, including listing the percentage in each district and, if determined to be a single unified project, documentation from the Office of the Governor (if applicable)

All of the planned Qualified Property for the Project is located solely within Glasscock County ISD

Glasscock County ISD 100%

Description of Qualified Investment

- A. A specific and detailed description for the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code 313.021 (Tab 7)
- B. A description of any new buildings, proposed new improvements, or personal property which you intend to include as part of your minimum qualified investment (Tab7)

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD.

The intended qualified investment includes:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Facilities
- Necessary Control Systems

For the purposes of this application, the Project anticipates using 2.5 to 3.5 MW turbines and associated equipment. Although final turbine selection and location of the infrastructure may change, all equipment outlined above is expected to be located within the Glasscock County ISD. Current plans are to install between 40 and 60 turbines in one phase.

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and Glasscock County ISD taxable jurisdictions.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting facilities will be determined before final construction begins. Bearkat Wind Energy II LLC intends to connect to the bearcat Substation via a 345 KV transmission line. All of the infrastructure with the exception of a portion of transmission line will remain within the project boundary and within the Reinvestment Zone. The transmission line will occupy a small easement through the Project's sister site Bearkat Wind Energy I. The map in Attachment 11b shows the proposed project area with the anticipated improvement locations.

Description of Qualified Property

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD.

The intended Qualified Investment includes the following:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Buildings
- Spare Parts
- Necessary Control Systems

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and the taxing jurisdiction of Glasscock County ISD.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting structures will be determined before construction begins. Bearkat Wind Energy II LLC intends to connect to the Bearkat Substation via a 345 KV transmission line. All of the infrastructure will remain within the project boundary and within the Reinvestment Zone. The map in Attachment 11c shows the proposed project area with the anticipated improvement locations.

Request for Waiver of Job Creation Requirement and Supporting Information (If Applicable)

See attached waiver request below.

Bearkat Wind Energy II LLC

June 12th, 2017

Tom Weeaks

Glasscock County Independent School District

PO Box 9 Garden City TX, 79739

Re: Chapter 313 Job Waiver Request for Bearkat Wind Energy II LLC

Dear Mr. Weeaks,

Bearkat Wind Energy II LLC requests that the Glasscock County Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.02S (f-1) of the tax code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described within the Application.

Bearkat Wind Energy II LLC requests that the Glasscock County Independent School District makes such a finding and waive the job creation requirement for ten (10) permanent jobs. In line with industry standards for job requirements, Bearkat Wind Energy II LLC has committed to create three (3) total jobs for the project, all of which will be in Glasscock County ISD.

Wind projects create a large number of full and part-time, albeit temporary, jobs during the construction phase of the Project. These wind sites require a relatively small number of highly skilled technicians to operate and maintain the Project once commercial operations has been reached.

The industry standard for employment is typically one full-time employee for approximately every 15-20 turbines. This number may vary depending on the operations and maintenance requirements of the turbines selected as well as the support and technical assistance offered by the turbine manufacturer. The permanent employees of a wind project maintain and service wind turbines, underground electrical connections, substations, and other infrastructure associated with the safe and reliable operation of the Project. In addition to the onsite employees, there may be managers or technicians who support the project from offsite locations.

Sincerely,

Henrik Tordrup

Bearkat Wind Energy II LLC

Description of Qualified Property

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD.

The intended Qualified Investment includes the following:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Buildings
- Necessary Control Systems

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and the taxing jurisdiction of Glasscock County ISD. Bearkat II intends to connect to the Bearkat Substation via a 345KV transmission Line. The substation is located outside of the Project area and reinvestment zone. The portion of the transmission line outside of the reinvestment zone and Project area is expressly excluded from this application.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting structures will be determined before construction begins. Bearkat Wind Energy II LLC intends to connect to the Bearkat Substation via a 345 KV transmission line. All of the infrastructure will remain within the project boundary and within the Reinvestment Zone. The map in Attachment 11c shows the proposed project area with the anticipated improvement locations.

Re: Chapter 313 Job Waiver Request for Bearkat Wind Energy II LLC

Dear Mr. Weeaks,

Bearkat Wind Energy II LLC requests that the Glasscock County Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.02S (f-1) of the tax code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described within the Application.

Bearkat Wind Energy II LLC requests that the Glasscock County Independent School District makes such a finding and waive the job creation requirement for ten (10) permanent jobs. In line with industry standards for job requirements, Bearkat Wind Energy II LLC has committed to create three (3) total jobs for the project, all of which will be in Glasscock County ISD.

Wind projects create a large number of full and part-time, albeit temporary, jobs during the construction phase of the Project. These wind sites require a relatively small number of highly skilled technicians to operate and maintain the Project once commercial operations has been reached.

The industry standard for employment is typically one full-time employee for approximately every 15-20 turbines. This number may vary depending on the operations and maintenance requirements of the turbines selected as well as the support and technical assistance offered by the turbine manufacturer. The permanent employees of a wind project maintain and service wind turbines, underground electrical connections, substations, and other infrastructure associated with the safe and reliable operation of the Project. In addition to the onsite employees, there may be managers or technicians who support the project from offsite locations.

Sincerely,

Henrik Tordrup

Description of Qualified Investment

- A. A specific and detailed description for the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code 313.021 (Tab 7)
- B. A description of any new buildings, proposed new improvements, or personal property which you intend to include as part of your minimum qualified investment (Tab7)

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD.

The intended qualified investment includes:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Facilities (Anticipated to utilize one facility)
- Necessary Control Systems

For the purposes of this application, the Project anticipates using 2.5 to 3.5 MW turbines and associated equipment. Although final turbine selection and location of the infrastructure may change, all equipment outlined above is expected to be located within the Glasscock County ISD. Current plans are to install between 40 and 60 turbines in one phase.

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and Glasscock County ISD taxable jurisdictions. Bearkat II intends to connect to the Bearkat Substation via a 345KV transmission Line. The substation is located outside of the Project area and reinvestment zone. The portion of the transmission line outside of the reinvestment zone and Project area is expressly excluded from this application.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting facilities will be determined before final construction begins. Bearkat Wind Energy II LLC intends to connect to the bearcat Substation via a 345 KV transmission line. All of the infrastructure with the exception of a portion of transmission line will remain within the project boundary and within the Reinvestment Zone. The transmission line will occupy a small easement through the Project's sister site Bearkat Wind Energy I. The map in Attachment 11b shows the proposed project area with the anticipated improvement locations.

Re: Certificate for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes by and between Glasscock County Independent School District and Bearkat Wind Energy II, LLC, Application 1210

Dear Superintendent Weeaks:

On September 19, 2017, the Comptroller issued written notice that Bearkat Wind Energy II, LLC (applicant) submitted a completed application (Application 1210) for a limitation on appraised value under the provisions of Tax Code Chapter 313.¹ This application was originally submitted on June 12, 2017, to the Glasscock County Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a) Applicant is subject to tax imposed by Chapter 171.

Sec. 313.024(b) Applicant is proposing to use the property for an eligible project.

¹ All Statutory references are to the Texas Tax Code, unless otherwise noted.

Sec. 313.024(d) Applicant has requested a waiver to create the required number of new

qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the

county where the jobs are located.

Sec. 313.024(d-2) Not applicable to Application 1210.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district's maintenance and operations *ad valorem tax* revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period, see Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state, see Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement by December 31, 2017.

Note that any building or improvement existing as of the application review start date of September 19, 2017, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Analysis Summary

Is the project reasonably likely to generate tax revenue in an amount sufficient to offset the M&O levy loss as a result of the limitation agreement?

Yes

Attachment C - Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that "the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state." This represents the basis for the Comptroller's determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility
 locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of
 market, supply chains, other known sites under consideration.

Determination

The Comptroller has determined that the limitation on appraised value is a determining factor in the Bearkat Wind Energy II LLC's decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Bearkat Wind Energy II, LLC in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. "Bearkat Wind Energy II LLC was formed in 2017. Since its formation, Bearkat Wind Energy II LLCS and its associate parties have entered into the following representative agreements and contracts for the development of a project phase within Glasscock County ISD and intend to assign these assets to Bearkat Wind Energy II LLC: Grants of leases and easements covering approximately 12,000 acres with 20 landowners Wind data measurement contract with Wireless Innovations for data transmission on two (2) met towers, Contract with ArcVera for data storage and verification for wind data collected, D&O and Public Liability insurance contract with MHBT Marsh &McLennan Agency LLC, Full wind study and contract with AWS Truepower, Avian study and contract with Westwood Professional Services."
 - B. "The business activities these agreements and contracts listed above will determine with greater certainty and granularity the feasibility of completing development of an economic renewable energy project in Glasscock County ISD."
 - C. "These contracts and initial investments are preliminary in nature as Bearkat Wind Energy II LLC has determined that a value limitation agreement with Glasscock County ISD is an essential economic driver to allow for the return on investment necessary to finance and construct the wind energy project."

- D. "Tri Global Energy's team has extensive experience in markets across the country. Based on this experience, the management team evaluates all potential projects for feasibility, financeability, and the economic returns they represent in comparison to other project opportunities across the country. The Bearkat Wind Energy II LLC Project is currently in such a period of assessment to determine whether the identified site in Glasscock County ISD represents the best location or whether redeployment of its development resources and capital to other power markets within the United States is more advisable."
- E. "A 313 Limitation of Appraised Value Agreement is a key tax incentive agreement necessary to ensure the Project is on a level playing field with other wind projects with similar incentives and with alternative forms of generation that receive their own forms of economic support."
- F. "Without the requested limitation, the Project will be unable to generate sufficient operating margins and net income to produce economically competitive returns necessary to attract tax and sponsor equity investment. Such third-party investment is mandatory to finance the projected capital costs of approximately \$200M needed to purchase wind turbines and other required infrastructure in addition to funding the construction and closing costs of the facility."
- G. "The information provided in this Attachment and throughout the application has been assembled to provide the reviewer with the best possible data on which to make an assessment and determination of the critical nature of the limitation on appraised value to the feasibility of Bearkat Wind Energy II LLC."
- H. "Applicant continually evaluates locations outside of Texas for its project development activities. The project capital that is planned to be developed for the Applicant's project (dependent upon approval of the Appraised Value Limitation) has been considered for use in projects located in numerous states. These project opportunities include but are not limited to the following sites: A 150 MW wind site located in Northwest Missouri, 125 MW wind site located in Southwestern Kansas, and A 100 MW wind site located in Southwestern Nebraska."
- Bearkat Wind Energy II, LLC (application # 1210) is the second phase of Bearkat Wind Energy I, LLC (application #1148).
- According to hubs article dated January 5, 2017, "Wind Energy Transmission Texas LLC (WETT) on Jan. 5 filed with the Public Utility Commission of Texas a Generation Interconnection
 Agreement with Bearkat Wind Energy II LLC."
- According to PRNewswire article dated May 4, 2017, "We are very pleased to collaborate with CIP on this project and support them in achieving this important milestone," said John Billingsley, Chairman and CEO of Tri Global Energy. "We look forward to supporting CIP on subsequent phases of the Bearkat Wind Project and expanding our relationship with them on several other community-sponsored utility scale renewable energy project developments."
- According to a regular meeting of the Board of Trustees dated June 12, 2017, "Action to accept
 Bearkat Wind Energy II, LLC Application for an Appraised Value Limitation on Qualified
 Property, to authorize the Superintendent to review the Application for the completeness and
 submit to the Comptroller."
- Supplemental information provided by the applicant stated the following:
 - A. "Bearkat Wind Energy II, LLC is the current formal name for the project. Internally it has been referred to as BK2, BKII, or Bearkat II, however has not been contracted under such names."
 - B. "The project has provided formal application materials to ERCOT. The GINR number is 15INR0064b."

Documentation to assist in determining if limitation is a determining factor

Chapter 313.026€ states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)."

Has the applicant entered into any agreements, contracts, or letters of Intent related to the proposed project?

Bearkat Wind Energy II LLC was formed in 2017. Since its formation, Bearkat Wind Energy II LLCS and its associate parties have entered into the following representative agreements and contracts for the development of a project phase within Glasscock County ISD and intend to assign these assets to Bearkat Wind Energy II LLC:

- Grants of leases and easements covering approximately 12,000 acres with 20 landowners
- Wind data measurement contract with Wireless Innovations for data transmission on two (2) met towers
- Contract with ArcVera for data storage and verification for wind data collected
- D&O and Public Liability insurance contract with MHBT Marsh &McLennan Agency LLC
- Full wind study and contract with AWS Truepower
- Avian study and contract with Westwood Professional Services

Does the applicant have current business activities at the location where the proposed project will occur?

The business activities these agreements and contracts listed above will determine with greater certainty and granularity the feasibility of completing development of an economic renewable energy project in Glasscock County ISD.

These contracts and initial investments are preliminary in nature as Bearkat Wind Energy II LLC has determined that a value limitation agreement with Glasscock County ISD is an essential economic driver to allow for the return on investment necessary to finance and construct the wind energy project.

is the applicant evaluating other locations not in Texas for the proposed project?

Tri Global Energy's team has extensive experience in markets across the country. Based on this experience, the management team evaluates all potential projects for feasibility, finance-ability, and the economic returns they represent in comparison to other project opportunities across the country.

The Bearkat Wind Energy II LLC Project is currently in such a period of assessment to determine whether the identified site in Glasscock County ISD represents the best location or whether redeployment of its development resources and capital to other power markets within the United States is more advisable.

A 313 Limitation of Appraised Value Agreement is a key tax incentive agreement necessary to ensure the Project is on a level playing field with other wind projects with similar incentives and with alternative forms of generation that receive their own forms of economic support.

Attachment to Application for Chapter 313 Appraised Value Limitation by Bearkat Wind Energy II LLC to Glasscock ISD

Without the requested limitation, the Project will be unable to generate sufficient operating margins and net income to produce economically competitive returns necessary to attract tax and sponsor equity investment. Such third-party investment is mandatory to finance the projected capital costs of approximately \$200M needed to purchase wind turbines and other required infrastructure in addition to funding the construction and closing costs of the facility.

Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas?

The information provided in this Attachment and throughout the application has been assembled to provide the reviewer with the best possible data on which to make an assessment and determination of the critical nature of the limitation on appraised value to the feasibility of Bearkat Wind Energy II LLC.

Applicant continually evaluates locations outside of Texas for its project development activities. The project capital that is planned to be developed for the Applicant's project (dependent upon approval of the Appraised Value Limitation) has been considered for use in projects located in numerous states.

These project opportunities include but are not limited to the following sites:

- · A 150 MW wind site located in Northwest Missouri
- A 125 MW wind site located in Southwestern Kansas

Wind Energy Transmission Texas LLC (WETT) on Jan. 5 filed with the Public Utility Commission of Texas a Generation Interconnection Agreement with Bearkat Wind Energy II LLC.

This agreement covers Phase II of a project that has **Bearkat Wind Energy I LLC** as the developer of the first phase.

- This second phase, with 47 wind turbines for a total capacity of 162.15 MW, is due under this GIA for commercial operation around April 15, 2018. It will consist of Vestas V126-3.45 wind turbines.
- The first phase includes 57 of the same wind turbines for a total of 196.65 MW.

The total size for both phases is 358.8 MW. The Point of Interconnection for both phases is the Bearkat Substation in Glasscock County, Texas.

Also filed on Jan. 5 at the Texas commission by WETT was an amended version

of an earlier GIA with Bearkat Wind Energy I LLC. That first GIA had been filed in September 2016. This new version calls for a commercial operations date for Phase I of Sept. 15, 2017.

A developer contact for both project companies is: **Tri Global Energy LLC**, attention Tom Carbone, 17300 Dallas Parkway, Suite 2020, Dallas, Texas 75248, phone 972-290-0825, tcarbone@triglobalenergy.com.

DALLAS, May 4, 2017 /PRNewswire/ -- Tri Global Energy, a leading U.S. originator and developer of utility-scale wind energy projects, today announced the initial phase of 197.6 megawatts (MW) of the Bearkat Wind Energy Project (Bearkat) has reached financial close and begun construction.

"We are very pleased to collaborate with CIP on this project and support them in achieving this important milestone," said John Billingsley, Chairman and CEO of Tri Global Energy. "We look forward to supporting CIP on subsequent phases of the Bearkat Wind Project and expanding our relationship with them on several other community-sponsored utility-scale renewable energy project developments."

Comprised of 30,000 leased acres of privately owned farm and ranch land in Glasscock County, Texas, Bearkat is now owned by a fund managed by Copenhagen Infrastructure Partners (CIP), based in Denmark. Tri Global Energy

developed Bearkat using its proprietary business model, the Wind Force Plan, which allows local landowners and community investors the opportunity to partner with and have a substantial ownership in the wind project development that leased their land.

"Community-focused development, coupled with Texas' significant investments in infrastructure, abundant wind, solar and fossil resources, and supportive business environment contribute to our national leadership in all forms of energy generation," said Congressman Mike Conaway (R-Texas), who represents Glasscock County. "Wind energy projects like these positively impact local economies through job creation and increased tax revenues."

Since founding the Bearkat community-sponsored wind energy project in September 2012, Tri Global Energy has been a manager, member and the exclusive project developer. In July 2016, CIP purchased Bearkat and another Tri Global Energy wind development, Blue Cloud Wind Energy. Since then, Tri Global Energy's project development team has worked closely with CIP to achieve financial closing and funding to start of construction.

About Tri Global Energy

Tri Global Energy (TGE) is a leading developer of wind energy in the U.S. The company is based in Dallas. Founded in 2009, TGE's goal is to develop clean energy at an affordable cost through the development of community-sponsored, utility-scale renewable energy projects. Since 2014, TGE concluded over 3,000 MW of transactions with sponsor equity partners and the represented projects are now either in operation, construction or project financing. COMPTROLLER QUERY RELATED TO TAX CODE CHAPTER 313.026(c)(2) - Glasscock County ISD – Bearkat Wind Energy II, LLC App. #1210

Comptroller Questions (via email on October 2, 2017):

- 1. Is the Bearkat Wind Energy II, LLC project currently known by any other project names?
- 2. Has this project applied to ERCOT at this time? If so, please provide the project's GINR number.

Applicant Response (via email on October 2, 2017):

- 1. Bearkat Wind Energy II, LLC is the current formal name for the project. Internally it has been referred to as BK2, BKII, or Bearkat II, however has not been contracted under such names.
- 2. The project has provided formal application materials to ERCOT. The GINR number is 15INR0064b.

Attachment D Summary of Financial Impact

CHAPTER 313 PROPERTY VALUE LIMITATION FINANCIAL IMPACT OF THE PROPOSED BEARKAT WIND II PROJECT IN THE GLASSCOCK COUNTY INDEPENDENT SCHOOL DISTRICT (PROJECT # 1210)

PREPARED BY

NOVEMBER 20, 2017

Executive Summary

Bearkat Wind II (Company) has requested that the Glasscock County Independent School District (GCISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to GCISD on June 12, 2017 the Company plans to invest \$210.8 million to construct a renewable wind energy electric generation facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The Bearkat Wind II project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, GCISD may offer a minimum value limitation of \$30 million. This value limitation, under the proposed application, will begin in the 2019-20 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement.

MCA's initial school finance analysis is detailed in this report, incorporating the major legislative changes adopted earlier this year. The overall conclusions are as follows, but please read all of the subsquent details in the report below for more information.

Total Revenue Loss Payment owed to GCISD

\$0.711 million

Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the district.)

\$13.2 million

Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. The Completeness Letter for this project was issued on September 19, 2017.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full review of the project and provide its certificate for a limitation on appraised value. The Certificate for this project was issued on November 3, 2017.

After the Comptroller's certificate is received, O'Hanlon, Demerath & Castillo contacted the school district to discuss the value limitation agreement and began negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review prior to final adoption by the school district's board of trustees.

Prior to final board meeting, O'Hanlon, Demerath & Castillo will provide the district with the necessary agenda language and any additional action items. The school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. The school board will also be required to consider the adoption of a job waiver during this meeting.

How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of two components: Tier I (based on ADA, special student populations and M&O taxes at the compressed tax rate) and Tier II (based on weighted ADA for each penny of tax effort above a specified level). (For more detailed information on the school finance funding system, please review the Texas Education Agency's School Finance 101: Funding of Texas Public Schools.)

Because the general school finance formula system calculates state aid entitlements using the Comptroller's certified property value for the preceding year, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

The agreement between the school district and the applicant calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. The Basic Allotment remained at \$5,140 and the Tier II Austin yield increased to \$99.41 for 2017-18 and \$106.28 for 2018-19, which is maintained for future years.

Static school district enrollment and property values are used to isolate the effects of the value limitation under the school finance system. Any previously-approved Chapter 313 projects are also factored into the M&O tax bases used. The impact of the Chapter 313 project value returning to the total tax roll for M&O funding purposes is beyond the scope of this revenue report.

M&O Impact of the Bearkat Wind II Project on GCISD

A model is established to make a calculation of the "Baseline Revenue Model" (Table 2) by adding the total value of the project to the model, without assuming a value limitation is approved. A separate model is established to make a calculation of the "Value Limitation Revenue Model" (Table 3) by adding the project's limited value of \$30 million to the model. The difference between the two models (Table 4) indicates there will be a total revenue loss of \$711,061 over the course of the Agreement, with about half of the loss reflected in the first limitation year (2019-20). Nearly all reduction in M&O taxes under the limitation agreement is offset through a reduction in recapture costs owed to the state under current law.

M&O Impact on the Taxpayer

Under the assumptions used here, the potential tax savings from the value limitation total \$13.9 million over the life of the agreement. The GCISD revenue losses are expected to total approximately \$711,061 over the course of the agreement. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$13.2 million, prior to any negotiations with Bearkat Wind II on supplemental payments.

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with GCISD currently levying a \$0.0650 per \$100 I&S rate. The project is not expected to affect school district enrollment and is expected to depreciate over the life of the agreement and beyond. Local taxpayers should benefit from the addition of the Bearkat Wind II project to the local I&S tax roll. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.

AGREEMENT FOR LIMITATION ON APPRAISED VALUE OF PROPERTY FOR SCHOOL DISTRICT MAINTENANCE AND OPERATIONS TAXES

STATE OF TEXAS

COUNTY OF GLASSCOCK

THIS AGREEMENT FOR LIMITATION ON APPRAISED VALUE OF PROPERTY FOR SCHOOL DISTRICT MAINTENANCE AND OPERATIONS TAXES, hereinafter referred to as this "Agreement," is executed and delivered by and between the GLASSCOCK COUNTY INDEPENDENT SCHOOL DISTRICT, hereinafter referred to as the "District," a lawfully created independent school district within the State of Texas operating under and subject to the Texas Education Code, and Bearkat Wind Energy II LLC, Texas Taxpayer Identification Number 32064082699 hereinafter referred to as the "Applicant." The Applicant and the District are hereinafter sometimes referred to individually as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, on June 12, 2017, the Superintendent of Schools of the Glasscock County Independent School District, acting as agent of the Board of Trustees of the District, received from the Applicant an Application for Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code;

WHEREAS, on June 12, 2017, the Board of Trustees has acknowledged receipt of the Application, and along with the requisite application fee as established pursuant to Section 313.025(a) of the TEXAS TAX CODE and Local District Policy CCG (Local), and agreed to consider the Application;

WHEREAS, the Application was delivered to the Texas Comptroller's Office for review pursuant to Section 313.025 of the TEXAS TAX CODE;

WHEREAS, the District and the Texas Comptroller's Office have determined that the Application is complete and September 19, 2017 is the Application Review Start Date as that term is defined by 34 TEXAS ADMIN. CODE Section 9.1051;

WHEREAS, pursuant to 34 TEXAS ADMIN. CODE Section 9.1054, the Application was delivered to the Glasscock Appraisal District established in Glasscock County, Texas (the "Glasscock County Appraisal District"), pursuant to Section 6.01 of the TEXAS TAX CODE;

WHEREAS, the Texas Comptroller's Office reviewed the Application pursuant to Section 313.025 of the Texas Tax Code, conducted an economic impact evaluation pursuant to Section 313.026 of the Texas Tax Code, and on November 3, 2017, issued a certificate for limitation on appraised value of the property described in the Application and provided the certificate to the District;

WHEREAS, the Board of Trustees has reviewed and carefully considered the economic impact evaluation and certificate for limitation on appraised value submitted by the Texas Comptroller's Office pursuant to Section 313.025 of the Texas Tax Code;

WHEREAS, on December 18, 2017, the Board of Trustees conducted a public hearing on the Application at which it solicited input into its deliberations on the Application from all interested parties within the District;

WHEREAS, on December 18, 2017, the Board of Trustees made factual findings pursuant to Section 313.025(f) of the Texas Tax Code, including, but not limited to findings that: (i) the information in the Application is true and correct; (ii) the Applicant is eligible for the limitation on appraised value of the Applicant's Qualified Property; (iii) the project proposed by the Applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the District's maintenance and operations ad valorem tax revenue lost as a result of the Agreement before the 25th anniversary of the beginning of the limitation period; (iv) the limitation on appraised value is a determining factor in the Applicant's decision to invest capital and construct the project in this State; and (v) this Agreement is in the best interest of the District and the State of Texas;

WHEREAS, on December 18, 2017, pursuant to the provisions of 313.025(f-1) of the TEXAS TAX CODE, the Board of Trustees waived the job creation requirement set forth in Section 313.051(b) of the TEXAS TAX CODE;

WHEREAS, on December 1, 2017, the Texas Comptroller's Office approved the form of this Agreement for a Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes; and

WHEREAS, on December 18, 2017, the Board of Trustees approved the form of this Agreement for a Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes, and authorized the Board President and Secretary to execute and deliver such Agreement to the Applicant.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and agreements herein contained, the Parties agree as follows:

ARTICLE I DEFINITIONS

- **Section 1.1 DEFINITIONS.** Wherever used in this Agreement, the following terms shall have the following meanings, unless the context in which used clearly indicates another meaning. Words or terms defined in 34 Texas Admin. Code Section 9.1051 and not defined in this Agreement shall have the meanings provided by 34 Texas Admin. Code Section 9.1051.
- "<u>Act</u>" means the Texas Economic Development Act set forth in Chapter 313 of the TEXAS TAX CODE, as amended.
- "Agreement" means this Agreement, as the same may be modified, amended, restated, amended and restated, or supplemented as approved pursuant to Sections 10.2 and 10.3.
- "Applicant" means Bearkat Wind Energy II LLC, (Texas Taxpayer ID #32064082699) the entity listed in the Preamble of this Agreement and that is listed as the Applicant on the Application as of the Application Approval Date. The term "Applicant" shall also include the Applicant's assigns and successors-in-interest as approved according to Sections 10.2 and 10.3 of this Agreement.
- "<u>Applicant's Qualified Investment</u>" means the Qualified Investment of the Applicant during the Qualifying Time Period and as more fully described in **EXHIBIT 3** of this Agreement.
- "<u>Applicant's Qualified Property</u>" means the Qualified Property of the Applicant to which the value limitation identified in the Agreement will apply and as more fully described in **EXHIBIT 4** of this Agreement.
- "Application" means the Application for Appraised Value Limitation on Qualified Property (Chapter 313, Subchapter B or C of the Texas Tax Code) filed with the District by the Applicant on June 12, 2017. The term includes all forms required by the Comptroller, the schedules attached thereto, and all other documentation submitted by the Applicant for the purpose of obtaining an Agreement with the District. The term also includes all amendments and supplements thereto submitted by the Applicant.
- "<u>Application Approval Date</u>" means the date that the Application is approved by the Board of Trustees of the District and as further identified in Section 2.3.B of this Agreement.
- "<u>Application Review Start Date</u>" means the later date of either the date on which the District issues its written notice that the Applicant has submitted a completed Application or the date on which the Comptroller issues its written notice that the Applicant has submitted a completed Application and as further identified in Section 2.3.A of this Agreement.
- "<u>Appraised Value</u>" shall have the meaning assigned to such term in Section 1.04(8) of the TEXAS TAX CODE.

"Appraisal District" means the Glasscock Appraisal District.

"Board of Trustees" means the Board of Trustees of the Glasscock County Independent School District.

"Commercial Operation" means the generation of electricity (other than test energy) by Applicant from all of the wind turbines included in the Qualified Property for which electricity Applicant is entitled to receive compensation from a third party power purchaser, offtaker, merchant buyer, spot market buyer, or other third party purchaser.

"Comptroller" means the Texas Comptroller of Public Accounts, or the designated representative of the Texas Comptroller of Public Accounts acting on behalf of the Comptroller.

"<u>Comptroller's Rules</u>" means the applicable rules and regulations of the Comptroller set forth in Chapter 34 Texas Admin. Code Chapter 9, Subchapter F, together with any court or administrative decisions interpreting same.

"County" means Glasscock County, Texas.

"<u>District</u>" or "<u>School District</u>" means the Glasscock County Independent School District, being a duly authorized and operating school district in the State, having the power to levy, assess, and collect ad valorem taxes within its boundaries and to which Subchapter C of the Act applies. The term also includes any successor independent school district or other successor governmental authority having the power to levy and collect ad valorem taxes for school purposes on the Applicant's Qualified Property or the Applicant's Qualified Investment.

"Final Termination Date" means the last date of the final year in which the Applicant is required to Maintain Viable Presence and as further identified in Section 2.3.E of this Agreement.

"Force Majeure" means those causes generally recognized under Texas law as constituting impossible conditions. Each Party must inform the other in writing with proof of receipt within sixty (60) business days of the existence of such Force Majeure or otherwise waive this right as a defense.

"Land" means the real property described on **EXHIBIT 2**, which is attached hereto and incorporated herein by reference for all purposes.

"Maintain Viable Presence" means (i) the operation during the term of this Agreement of the facility or facilities for which the tax limitation is granted; and (ii) the Applicant's maintenance of jobs and wages as required by the Act and as set forth in its Application.

"Market Value" shall have the meaning assigned to such term in Section 1.04(7) of the TEXAS TAX CODE.

- "New Qualifying Jobs" means the total number of jobs to be created by the Applicant after the Application Approval Date in connection with the project that is the subject of its Application that meet the criteria of Qualifying Job as defined in Section 313.021(3) of the TEXAS TAX CODE and the Comptroller's Rules.
- "<u>New Non-Qualifying Jobs</u>" means the number of Non-Qualifying Jobs, as defined in 34 TEXAS ADMIN. CODE Section 9.1051(14), to be created by the Applicant after the Application Approval Date in connection with the project which is the subject of its Application.
- "Qualified Investment" has the meaning set forth in Section 313.021(1) of the TEXAS TAX CODE, as interpreted by the Comptroller's Rules.
- "Qualified Property" has the meaning set forth in Section 313.021(2) of the TEXAS TAX CODE and as interpreted by the Comptroller's Rules and the Texas Attorney General, as these provisions existed on the Application Review Start Date.
- "Qualifying Time Period" means the period defined in Section 2.3.C, during which the Applicant shall make investment on the Land where the Qualified Property is located in the amount required by the Act, the Comptroller's Rules, and this Agreement.
 - "State" means the State of Texas.
- "Supplemental Payment" means any payments or transfers of things of value made to the District or to any person or persons in any form if such payment or transfer of thing of value being provided is in recognition of, anticipation of, or consideration for the Agreement and that is not authorized pursuant to Sections 313.027(f)(1) or (2) of the TEXAS TAX CODE, and specifically includes any payments required pursuant to Article VI of this Agreement.
- "<u>Tax Limitation Amount</u>" means the maximum amount which may be placed as the Appraised Value on the Applicant's Qualified Property for maintenance and operations tax assessment in each Tax Year of the Tax Limitation Period of this Agreement pursuant to Section 313.054 of the TEXAS TAX CODE.
- "<u>Tax Limitation Period</u>" means the Tax Years for which the Applicant's Qualified Property is subject to the Tax Limitation Amount and as further identified in Section 2.3.D of this Agreement.
- "*Tax Year*" shall have the meaning assigned to such term in Section 1.04(13) of the TEXAS TAX CODE (*i.e.*, the calendar year).
- "<u>Taxable Value</u>" shall have the meaning assigned to such term in Section 1.04(10) of the TEXAS TAX CODE.
- **Section 1.2 NEGOTIATED DEFINITIONS.** Wherever used in Articles IV, V, and VI, the following terms shall have the following meanings, unless the context in which used clearly indicates another

meaning or otherwise; provided however, if there is a conflict between a term defined in this section and a term defined in the Act, the Comptroller's Rules, or Section 1.1 of Agreement, the conflict shall be resolved by reference to Section 10.9.C.

"Aggregate Limit" means, for any Tax Year during the Agreement, the cumulative total of the Annual Limit amount for such Tax Year and all previous Tax Years during the term of this Agreement, less all amounts paid by the Applicant to or on behalf of the District under Article VI.

"Annual Limit" means the maximum annual benefit which can be paid directly to the District as a Supplemental Payment under the provisions of Texas Tax Code § 313.027(i). For purposes of this Agreement, the amount of the Annual Limit shall be calculated for each year by multiplying the District's average daily attendance in the amount of 284 for the 2016-2017 school year, as calculated pursuant to Texas Education Code §42.005, times the greater of \$100, or any larger amount allowed by Texas Tax Code § 313.027(i), if such limit amount is increased for any future year of this Agreement. The Annual Limit shall first be computed for Tax Year 2017, which, by virtue of the Approval Date is the Tax Year that includes the date on which the Board of Trustees approved the Application and this Agreement.

"Applicable School Finance Law" means Chapters 41 and 42 of the Texas Education Code, the Texas Economic Development Act (Chapter 313 of the Texas Tax Code), Chapter 403, Subchapter M, of the Texas Government Code applicable to District, and the Constitution and general laws of the State applicable to the school districts of the State for each and every year of this Agreement, including specifically, the applicable rules and regulations of the agencies of the State having jurisdiction over any matters relating to the public school systems and school districts of the State, and judicial decisions construing or interpreting any of the above. The term includes any and all amendments or successor statutes that may be adopted in the future that could impact or alter the calculation of Applicant's ad valorem tax obligation to District, either with or without the limitation of property values made pursuant to this Agreement. For each year of this Agreement, the "Applicable School Finance Law" shall be interpreted to include all provisions made applicable for any calculations made for the specific year for which calculations are being made.

<u>"M&O Amount"</u>" means the amount to be paid by Applicant to compensate District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year starting in the year of the Application Review Start Date and ending on the Final Termination Date as set forth in Section 4.2 of this Agreement.

"New M&O Revenue" means the total State and local Maintenance and Operations Revenue that District actually received for such school Year.

"Net Tax Benefit" means, for any subject Tax Year during the term of this Agreement, an amount equal to (but not less than zero): (i) the amount of maintenance and operations ad valorem taxes which the Applicant would have paid to the District for all Tax Years during the term of this Agreement if this Agreement had not been entered into by the Parties, for all Tax Years up to and including the subject Tax Year; minus, (ii) an amount equal to the sum of (A) all maintenance and operations ad valorem school taxes actually due to the District or any other governmental entity, including the State of Texas, for all Tax Years during the term of this Agreement for all Tax Years up

to an including the subject Tax Year, plus (B) any and all payments due to the District under Articles IV and V, of this Agreement for all Tax Years up to an including the subject Tax Year, plus (C) any and all payments owed to the District under Article VI of this Agreement for all Tax Years prior to the subject Tax Year.

"<u>Revenue Protection Amount</u>" means the amount calculated pursuant to Section 4.2 of this Agreement.

"Original M&O Revenue" means the total State and local Maintenance and Operations Revenue that District would have received for the Tax Year, under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Applicant's Qualified Property been subject to the ad valorem maintenance & operations tax at the rate applicable for such Tax Year. For purposes of this calculation, the Third Party will base its calculations upon actual local taxable values for each applicable year as certified by the County Appraisal District for all other taxable accounts in the District, save and except for the Qualified Property subject to this Agreement, plus the total appraised value of the Qualified Property subject to this Agreement. In this calculation, the total appraised value of the Qualified Property subject to this Agreement will be used for the Qualified Property in lieu of the property's M&O taxable value. (For clarification, the taxable value used by the District in calculating the taxes payable for Interest and Sinking Fund taxation purposes on Applicant's Qualified Property will be used for the Qualified Property in lieu of the property's M&O taxable value.)

ARTICLE II AUTHORITY, PURPOSE AND LIMITATION AMOUNTS

- **Section 2.1 AUTHORITY.** This Agreement is executed by the District as its written agreement with the Applicant pursuant to the provisions and authority granted to the District in Section 313.027 of the TEXAS TAX CODE.
- **Section 2.2 PURPOSE.** In consideration of the execution and subsequent performance of the terms and obligations by the Applicant pursuant to this Agreement, identified in Sections 2.5 and 2.6 and as more fully specified in this Agreement, the value of the Applicant's Qualified Property listed and assessed by the County Appraiser for the District's maintenance and operation ad valorem property tax shall be the Tax Limitation Amount as set forth in Section 2.4 of this Agreement during the Tax Limitation Period.

Section 2.3 TERM OF THE AGREEMENT.

- A. The Application Review Start Date for this Agreement is September 19, 2017, which will be used to determine the eligibility of the Applicant's Qualified Property and all applicable wage standards.
 - B. The Application Approval Date for this Agreement is December 18, 2017.
 - C. The Qualifying Time Period for this Agreement:

- i. Starts on December 18, 2017, the Application Approval Date; and
- ii. Ends on December 31, 2019, the last day of the second complete Tax Year following the Qualifying Time Period start date.
- D. The Tax Limitation Period for this Agreement:
 - i. Starts on January 1, 2019, the first complete Tax Year that begins after the date of the commencement of Commercial Operation; and
 - ii. Ends on December 31, 2028.
- E. The Final Termination Date for this Agreement is December 31, 2033.
- F. This Agreement, and the obligations and responsibilities created by this Agreement, shall be and become effective on the Application Approval Date identified in Section 2.3.B. This Agreement, and the obligations and responsibilities created by this Agreement, terminate on the Final Termination Date identified in Section 2.3.E, unless extended by the express terms of this Agreement.
- **Section 2.4** TAX LIMITATION. So long as the Applicant makes the Qualified Investment as required by Section 2.5, during the Qualifying Time Period, and unless this Agreement has been terminated as provided herein before such Tax Year, on January 1 of each Tax Year of the Tax Limitation Period, the Appraised Value of the Applicant's Qualified Property for the District's maintenance and operations ad valorem tax purposes shall not exceed the lesser of:
 - A. the Market Value of the Applicant's Qualified Property; or
 - B. Thirty Million Dollars (\$30,000,000), based on Section 313.054 of the TEXAS TAX CODE.

This Tax Limitation Amount is based on the limitation amount for the category that applies to the District on the Application Approval Date, as set out by Section 313.052 of the TEXAS TAX CODE.

- **Section 2.5** TAX LIMITATION ELIGIBILITY. In order to be eligible and entitled to receive the value limitation identified in Section 2.4 for the Qualified Property identified in Article III, the Applicant shall:
- A. have completed the Applicant's Qualified Investment in the amount of \$30,000,000 during the Qualifying Time Period;
- B. have created and maintained, subject to the provisions of Section 313.0276 of the TEXAS TAX CODE, New Qualifying Jobs as required by the Act; and
- C. pay an average weekly wage of at least \$835 for all New Non-Qualifying Jobs created by the Applicant.

- **Section 2.6** TAX LIMITATION OBLIGATIONS. In order to receive and maintain the limitation authorized by Section 2.4, Applicant shall:
- A. provide payments to District sufficient to protect future District revenues through payment of revenue offsets and other mechanisms as more fully described in Article IV;
- B. provide payments to the District that protect the District from the payment of extraordinary education-related expenses related to the project, as more fully specified in Article V;
 - C. provide such Supplemental Payments as more fully specified in Article VI;
- D. create and Maintain Viable Presence on or with the Qualified Property and perform additional obligations as more fully specified in Article VIII of this Agreement; and
- E. No additional conditions are identified in the certificate for a limitation on appraised value by the Comptroller for this project.

ARTICLE III OUALIFIED PROPERTY

- **Section 3.1 LOCATION WITHIN ENTERPRISE OR REINVESTMENT ZONE.** At the time of the Application Approval Date, the Land is within an area designated either as an enterprise zone, pursuant to Chapter 2303 of the Texas Government Code, or a reinvestment zone, pursuant to Chapter 311 or 312 of the Texas Tax Code. The legal description, and information concerning the designation, of such zone is attached to this Agreement as **EXHIBIT 1** and is incorporated herein by reference for all purposes.
- **Section 3.2 LOCATION OF QUALIFIED PROPERTY AND INVESTMENT.** The Land on which the Qualified Property shall be located and on which the Qualified Investment shall be made is described in **EXHIBIT 2**, which is attached hereto and incorporated herein by reference for all purposes. The Parties expressly agree that the boundaries of the Land may not be materially changed from its configuration described in **EXHIBIT 2** unless amended pursuant to the provisions of Section 10.2 of this Agreement.
- **Section 3.3 DESCRIPTION OF QUALIFIED PROPERTY.** The Qualified Property that is subject to the Tax Limitation Amount is described in **EXHIBIT 4**, which is attached hereto and incorporated herein by reference for all purposes. Property which is not specifically described in **EXHIBIT 4** shall not be considered by the District or the Appraisal District to be part of the Applicant's Qualified Property for purposes of this Agreement, unless by official action the Board of Trustees provides that such other property is a part of the Applicant's Qualified Property for purposes of this Agreement in compliance with Section 313.027(e) of the Texas Tax Code, the Comptroller's Rules, and Section 10.2 of this Agreement.

Section 3.4 CURRENT INVENTORY OF QUALIFIED PROPERTY. In addition to the requirements of Section 10.2 of this Agreement, if there is a material change in the Qualified Property described in **EXHIBIT 4**, then within 60 days from the date commercial operation begins, the Applicant shall provide to the District, the Comptroller, the Appraisal District or the State Auditor's Office a specific and detailed description of the tangible personal property, buildings, and/or permanent, nonremovable building components (including any affixed to or incorporated into real property) on the Land to which the value limitation applies including maps or surveys of sufficient detail and description to locate all such described property on the Land.

Section 3.5 QUALIFYING USE. The Applicant's Qualified Property described in Section 3.3 qualifies for a tax limitation agreement under Section 313.024(b)(5) of the TEXAS TAX CODE as property used for renewable energy electric generation.

ARTICLE IV PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1 INTENT OF THE PARTIES. Subject only to the limitations contained in Section 7.1 of this Agreement, it is the intent of the Parties that the District shall, in accordance with the provisions of Section 313.027(f)(1) of the Texas Tax Code, be compensated by Applicant for any loss that District incurs in its Maintenance and Operations Revenue in each year of this Agreement for which this Agreement was a sole and direct cause, all as calculated in Section 4.2 below. Such payments shall be independent of, and in addition to such other payments as set forth in Article V and Article VI in this Agreement.

The Parties hereto expressly understand and agree that, for all years to which this Agreement may apply, the calculation of losses that District incurs in its Maintenance and Operations Revenue will be defined for each applicable Tax Year in accordance with the Applicable School Finance Law, as defined in Section 1.2 above, and that such definition specifically contemplates that calculations made under this Agreement may periodically change in accordance with changes made from time to time in the Applicable School Finance Law. The Parties further agree that the printouts and projections produced during the negotiations and approval of this Agreement are: i) for illustrative purposes only, are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party to the Agreement; ii) are based upon current School Finance Law, which is subject to change by statute, by administrative regulation, or by judicial decision at any time; and, iii) may change in future years to reflect changes in the Applicable School Finance Law.

- Section 4.2 CALCULATING THE AMOUNT OF LOSS OF REVENUES BY THE DISTRICT. Subject only to the provisions of Section 7.1 of this Agreement, the amount to be paid by Applicant to compensate District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year starting in the year of the Application Review Start Date and ending on the Final Termination Date, the "M&O Amount" shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:
- A. Notwithstanding any other provision in this Agreement, the M&O Amount owed by Applicant to District means the Original M&O Revenue *minus* the New M&O Revenue.

- B. In making the calculations required by this Section 4.2 of this Agreement:
 - i. The Taxable Value of property for each school year will be determined under the Applicable School Finance Law as that law exists for each year for which the calculation is made.
 - ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property will be presumed to be one hundred percent (100%).
 - iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue, as calculated under this Section 4.2 of this Agreement, results in a negative number, the negative number will be considered to be zero.
 - iv. For all calculations made for years during the Tax Limitation Period under Section 4.2 of this Agreement, Subsection *ii* of this subsection will reflect the Tax Limitation Amount for such year.
- Section 4.3 CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") approved each year by the District. The District agrees that for all Tax Years the Third Party selected by the District shall be either RM School Finance Consulting or Moak Casey & Associates. If the District desires to select a Third Party other than RM School Finance Consulting or Moak Casey & Associates, such selection must receive the Applicant's consent, which consent shall not be unreasonably withheld, delayed, or conditioned.
- Section 4.4 DATA USED FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified tax roll submitted to the District for each Tax Year pursuant to Texas Tax Code § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 4.3. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.
- Section 4.5 DELIVERY OF CALCULATIONS. On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 4.3 of this Agreement shall forward to the Parties a certification containing the calculations required under Sections 4.2, Article VI, and/or Section 7.1 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed, which fee shall be the sole responsibility of the District, subject to the provisions of Section 4.6. Upon reasonable

prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's calculations, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation until the Final Termination Date of this Agreement. The Applicant shall not be liable for any of the Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement.

Section 4.6 PAYMENT BY APPLICANT. The Applicant shall pay any amount determined by the Third Party to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Third Party, plus any reasonable and necessary out-of-pocket third party legal expenses incurred by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or other reimbursement applications filed with or sent to the State of Texas, for any audits conducted by the State Auditor's Office, or for other legal expenses which are, or may be required under the terms or because of the execution of this Agreement. For no Tax Year during the term of this Agreement shall the Applicant be responsible for the payment of an aggregate amount of fees and expenses under this Section 4.6 which exceeds Twelve Thousand Dollars (\$12,000.00).

Section 4.7 RESOLUTION OF DISPUTES. Should the Applicant disagree with the certification containing the calculations, the Applicant may appeal the findings, in writing, to the Third Party within thirty (30) days following the later of (i) receipt of the certification, or (ii) the date the Applicant is granted access to the books, records and other information in accordance with Section 4.6 for purposes of auditing or reviewing the information in connection with the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of certification containing the calculations to the District. Any appeal by the Applicant of the final determination of the Third Party may be made, in writing, to the Board of Trustees within thirty (30) days of the final determination of certification containing the calculations, and shall be without limitation of the Applicant's other rights and remedies available hereunder, at law or in equity.

Section 4.8. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Third Party selected under Section 4.3 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and/or the Applicant's Qualified Property and such appeal remains unresolved, the Third Party shall base its calculations upon the values placed upon the Applicant's Qualified Property and/or the Applicant's Qualified Property by the Appraisal District.

If as a result of an appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In

the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Third Party.

Section 4.9 STATUTORY CHANGES AFFECTING M&O REVENUE. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 7.1 of this Agreement, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, because of its participation in this Agreement, Applicant shall make payments to District, up to the revenue protection amount limit set forth in Section 7.1, that are necessary to offset any negative impact on District's Maintenance and Operations Revenue, as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on District.

ARTICLE V PAYMENT OF EXTRAORDINARY EDUCATION-RELATED EXPENSES

Section 5.1 EXTRAORDINARY EXPENSES. In addition to the amounts determined pursuant to Section 4.2 of this Agreement above, Applicant on an annual basis shall also indemnify and reimburse District for the following: all non-reimbursed costs, certified by District's external auditor to have been incurred by District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project.

ARTICLE VI SUPPLEMENTAL PAYMENTS

Section 6.1 Intent of Parties with Respect to Supplemental Payments.

A. Amounts Exclusive of Indemnity Amounts. In addition to undertaking the responsibility for the payment of all of the amounts set forth under Articles IV and V, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for Supplemental Payments to be calculated as set forth in this Article VI. The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313, Texas Tax Code, unless it is explicitly set forth in this Agreement. It is the express intent of the Parties that the Applicant's obligation to make Supplemental Payments under this Article VI is separate and independent of the obligation of the Applicant to pay the amounts described in Articles IV and V; provided, however, that all payments under Articles IV, V, and VI are subject to the limitations

contained in Section 7.1, and that all Supplemental Payments under this Article IV are subject to the separate limitations contained in Section 6.2 and Section 6.3.B.

B. Adherence to Statutory Limits on Supplemental Payments. It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant under this Article VI shall not exceed the limit imposed by the provisions of Texas Tax Code §313.027(i), as such limit is allowed to be increased by the Legislature for any future year of this Agreement.

Section 6.2 SUPPLEMENTAL PAYMENT LIMITATION. Notwithstanding the foregoing:

- A. The total of the Supplemental Payments made pursuant to this Article shall: not exceed for any calendar year of this Agreement an amount equal to the greater of One Hundred Dollars (\$100.00) per student per year in average daily attendance, as defined by Section 42.005 of the Texas Education Code, or Fifty Thousand Dollars (\$50,000.00) per year times the number of years beginning with the first complete or partial year of the Qualifying Time Period identified in Section 2.3.C and ending with the year for which the Supplemental Payment is being calculated minus all Supplemental Payments previously made by the Application;
- B. Supplemental Payments may only be made during the period starting the first year of the Qualifying Time Period and ending December 31 of the third year following the end of the Tax Limitation Period;
- C. the limitation in Section 6.2.A does not apply to amounts described by Section 313.027(f)(1)–(2) of the TEXAS TAX CODE as implemented in Articles IV and V of this Agreement; and
- D. For purposes of this Agreement, the calculation of the limit of the annual Supplemental Payment shall be the greater of \$50,000 or \$100 multiplied by the District's Average Daily Attendance as calculated pursuant to Section 42.005 of the Texas Education Code, based upon the District's 2016-2017 Average Daily Attendance of 284, rounded to the nearest whole number.

Section 6.3 SUPPLEMENTAL PAYMENT CALCULATION - SUBJECT TO NET TAX BENEFIT LIMITATION.

In any year during the term of this Agreement, the District shall not be entitled to receive Supplemental Payments that exceed the lesser of:

- A. the "Applicant's Stipulated Supplemental Payment Amount," which is hereby defined as forty percent (40%) of the "Net Tax Benefit," as such term is defined in Section 1.2 above; or
 - B. the "Aggregate Limit," as such term is defined in Section 1.2 above.
- **Section 6.4** ANNUAL CALCULATION OF STIPULATED SUPPLEMENTAL PAYMENT AMOUNT. The Parties agree that for each Tax Year during the term of this Agreement, beginning with the first year

of the Qualifying Time Period (Tax Year 2017), the Applicant's Stipulated Supplemental Payment Amount, as defined in Section 6.3, will annually be calculated based upon the then most current estimate of tax savings to the Applicant, which will be made, based upon assumptions of student counts, tax collections, and other applicable data, including the District's maintenance and operations tax rate adopted for such Tax Year, in accordance with the following formula:

The Taxable Value of the Applicant's Qualified Property for such Tax Year had this Agreement not been entered into by the Parties (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's interest and sinking fund tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

Minus.

The Taxable Value of the Applicant's Qualified Property for such Tax Year after giving effect to this Agreement (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's maintenance and operations tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

Multiplied by,

The District's maintenance and operations tax rate for such Tax Year, or the school tax rate of any other governmental entity, including the State of Texas, for such Tax Year;

Minus.

Any amounts previously paid to the District under Article III with respect to such Tax Year;

Minus.

The aggregate amount of the excesses of any amounts previously paid to the District under Article III with respect to each previous Tax Year over the tax savings to the Applicant for such previous Tax Year before any reduction for such amounts previously paid, but only to the extent of the portion of such aggregate amount that was not previously taken into account as a reduction in the calculations under this Section 4.4 for any previous Tax Year;

Multiplied by,

The number 0.4;

Minus,

Any amounts previously paid to the District under Section 4.2 and this Section 6.3 with respect to such Tax Year.

In the event that there are changes in the data upon which the calculations set forth herein are made, the Third Party described in Section 4.3, above, shall adjust the Applicant's Stipulated Supplemental Payment Amount calculation to reflect such changes in the data.

Section 6.5 PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS

- A. All calculations required by this Article shall be calculated by the Third Party selected pursuant to Section 4.3, above.
- B. The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.6, above.
- C. The payment of all amounts due under this Article shall be made by December 31 of the tax year for which the payment is due.
- Section 6.6 DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY. At any time during this Agreement, the District's Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement, direct that the Applicant's payment obligations under Article VI of this agreement be made to its educational foundation, or to a similar entity. The alternative entity may only use such funds received under this Article to support the educational mission of the District and its students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 10.1, below. Such designation may be rescinded, with respect to future payments only, by action of the District's Board of Trustees at any time.

Any designation of a successor beneficiary under this Section shall not alter the Aggregate Limit or the Net Aggregate Limit or the Supplemental Payments calculated as described in Section 6.5, above.

ARTICLE VII ANNUAL LIMITATION OF PAYMENTS BY APPLICANT

Section 7.1 ANNUAL LIMITATION. Notwithstanding anything contained in this Agreement to the contrary, and with respect to each Tax Year of the Tax Limitation Period beginning after the first Tax Year of the Tax Limitation Period, in no event shall (i) the sum of the maintenance and operations ad valorem taxes paid by the Applicant to the District for such Tax Year, plus the sum of all payments otherwise due from the Applicant to the District under Articles IV, V, and VI of this Agreement with respect to such Tax Year, exceed (ii) the amount of the maintenance and operations

ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Article IV of this Agreement, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii), then the payments otherwise due from the Applicant to the District under Articles IV, V, and VI shall be reduced until such excess is eliminated.

- **Section 7.2 OPTION TO TERMINATE AGREEMENT.** In the event that any payment otherwise due from the Applicant to the District under Article IV, Article V, or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1, then the Applicant shall have the option to terminate this Agreement. The Applicant may exercise such option to terminate this Agreement by notifying the District of its election in writing not later than the July 31 of the year following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.
- **Section 7.3 EFFECT OF OPTIONAL TERMINATION.** Upon the exercise of the option to terminate pursuant to Section 7.2, this Agreement shall terminate and be of no further force or effect; provided, however, that:
- A. the Parties respective rights and obligations under this Agreement with respect to the Tax Year or Tax Years (as the case may be) through and including the Tax Year during which such notification is delivered to the District, shall not be impaired or modified as a result of such termination and shall survive such termination unless and until satisfied and discharged; and
- B. the provisions of this Agreement regarding payments (including liquidated damages and tax payments), records and dispute resolution shall survive the termination or expiration of this Agreement.

ARTICLE VIII ADDITIONAL OBLIGATIONS OF APPLICANT

Section 8.1 APPLICANT'S OBLIGATION TO MAINTAIN VIABLE PRESENCE. In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall Maintain Viable Presence in the District commencing at the start of the Tax Limitation Period through the Final Termination Date of this Agreement. Notwithstanding anything contained in this Agreement to the contrary, the Applicant shall not be in breach of, and shall not be subject to any liability for failure to Maintain Viable Presence to the extent such failure is caused by Force Majeure, provided the Applicant makes commercially reasonable efforts to remedy the cause of such Force Majeure.

- **Section 8.2 REPORTS.** In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall submit all reports required from time to time by the Comptroller, listed in 34 Texas Admin. Code Section 9.1052 and as currently located on the Comptroller's website, including all data elements required by such form to the satisfaction of the Comptroller on the dates indicated on the form or the Comptroller's website and starting on the first such due date after the Application Approval Date.
- **Section 8.3** COMPTROLLER'S REPORT ON CHAPTER 313 AGREEMENTS. During the term of this Agreement, both Parties shall provide the Comptroller with all information reasonably necessary for the Comptroller to assess performance under this Agreement for the purpose of issuing the Comptroller's report, as required by Section 313.032 of the TEXAS TAX CODE.
- **Section 8.4 D**ATA **REQUESTS.** Upon the written request of the District, the State Auditor's Office, the Appraisal District, or the Comptroller during the term of this Agreement, the Applicant, the District or any other entity on behalf of the District shall provide the requesting party with all information reasonably necessary for the requesting party to determine whether the Applicant is in compliance with its rights, obligations or responsibilities, including, but not limited to, any employment obligations which may arise under this Agreement.
- **Section 8.5 SITE VISITS AND RECORD REVIEW.** The Applicant shall allow authorized employees of the District, the Comptroller, the Appraisal District, and the State Auditor's Office to have reasonable access to the Applicant's Qualified Property and business records from the Application Review Start Date through the Final Termination Date, in order to inspect the project to determine compliance with the terms hereof or as necessary to properly appraise the Taxable Value of the Applicant's Qualified Property.
- A. All inspections will be made at a mutually agreeable time after the giving of not less than forty-eight (48) hours prior written notice, and will be conducted in such a manner so as not to unreasonably interfere with either the construction or operation of the Applicant's Qualified Property.
- B. All inspections may be accompanied by one or more representatives of the Applicant, and shall be conducted in accordance with the Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide the District, the Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret, or is subject to a confidentiality agreement with any third party.
- Section 8.6 RIGHT TO AUDIT; SUPPORTING DOCUMENTS; AUTHORITY OF STATE AUDITOR. By executing this Agreement, implementing the authority of, and accepting the benefits provided by Chapter 313 of the Texas Tax Code, the Parties agree that this Agreement and their performance pursuant to its terms are subject to review and audit by the State Auditor as if they are parties to a State contract and subject to the provisions of Section 2262.154 of the Texas Government Code and Section 313.010(a) of the Texas Tax Code. The Parties further agree to comply with the following requirements:

- A. The District and the Applicant shall maintain and retain supporting documents adequate to ensure that claims for the Tax Limitation Amount are in accordance with applicable Comptroller and State of Texas requirements. The Applicant and the District shall maintain all such documents and other records relating to this Agreement and the State's property for a period of four (4) years after the latest occurring date of:
 - i. date of submission of the final payment;
 - ii. Final Termination Date; or
 - iii. date of resolution of all disputes or payment.
- B. During the time period defined under Section 8.6.A, the District and the Applicant shall make available at reasonable times and upon reasonable notice, and for reasonable periods, all information related to this Agreement; the Applicant's Application; and the Applicant's Qualified Property, Qualified Investment, New Qualifying Jobs, and wages paid for New Non- Qualifying Jobs such as work papers, reports, books, data, files, software, records, calculations, spreadsheets and other supporting documents pertaining to this Agreement, for purposes of inspecting, monitoring, auditing, or evaluating by the Comptroller, State Auditor's Office, State of Texas or their authorized representatives. The Applicant and the District shall cooperate with auditors and other authorized Comptroller and State of Texas representatives and shall provide them with prompt access to all of such property as requested by the Comptroller or the State of Texas. By example and not as an exclusion to other breaches or failures, the Applicant's or the District's failure to comply with this Section shall constitute a Material Breach of this Agreement.
- C. In addition to and without limitation on the other audit provisions of this Agreement, the acceptance of tax benefits or funds by the Applicant or the District or any other entity or person directly under this Agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Applicant or the District or other entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The Parties agree that this Agreement shall for its duration be subject to all rules and procedures of the State Auditor acting under the direction of the legislative audit committee.
- D. The Applicant shall include the requirements of this Section 8.6 in its subcontract with any entity whose employees or subcontractors are subject to wage requirements under the Act, the Comptroller's Rules, or this Agreement, or any entity whose employees or subcontractors are included in the Applicant's compliance with job creation or wage standard requirement of the Act, the Comptroller's Rules, or this Agreement.
- Section 8.7 FALSE STATEMENTS; BREACH OF REPRESENTATIONS. The Parties acknowledge that this Agreement has been negotiated, and is being executed, in reliance upon the information contained in the Application, and any supplements or amendments thereto, without which the

Comptroller would not have approved this Agreement and the District would not have executed this Agreement. By signature to this Agreement, the Applicant:

- A. represents and warrants that all information, facts, and representations contained in the Application are true and correct to the best of its knowledge;
- B. agrees and acknowledges that the Application and all related attachments and schedules are included by reference in this Agreement as if fully set forth herein; and
- C. acknowledges that if the Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that the Applicant has violated any of the representations, warranties, guarantees, certifications, or affirmations included in the Application or this Agreement, the Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by Section 9.2 of this Agreement.

ARTICLE IX MATERIAL BREACH OR EARLY TERMINATION

- **Section 9.1 EVENTS CONSTITUTING MATERIAL BREACH OF AGREEMENT.** The Applicant shall be in Material Breach of this Agreement if it commits one or more of the following acts or omissions (each a "Material Breach"):
- A. The Application, any Application Supplement, or any Application Amendment on which this Agreement is approved is determined to be inaccurate as to any material representation, information, or fact or is not complete as to any material fact or representation or such application;
- B. The Applicant failed to complete Qualified Investment as required by Section 2.5.A. of this Agreement during the Qualifying Time Period;
- C. The Applicant failed to create and maintain the number of New Qualifying Jobs required by the Act;
- D. The Applicant failed to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application;
- E. The Applicant failed to pay at least the average weekly wage of all jobs in the county in which the jobs are located for all New Non-Qualifying Jobs created by the Applicant;
- F. The Applicant failed to provide payments to the District sufficient to protect future District revenues through payment of revenue offsets and other mechanisms as more fully described in Article IV of this Agreement;

- G. The Applicant failed to provide the payments to the District that protect the District from the payment of extraordinary education-related expenses related to the project to the extent and in the amounts that the Applicant agreed to provide such payments in Article V of this Agreement;
- H. The Applicant failed to provide the Supplemental Payments to the extent and in the amounts that the Applicant agreed to provide such Supplemental Payments in Article VI of this Agreement;
- I. The Applicant failed to create and Maintain Viable Presence on or with the Qualified Property as more fully specified in Article VIII of this Agreement;
- J. The Applicant failed to submit the reports required to be submitted by Section 8.2 to the satisfaction of the Comptroller;
- K. The Applicant failed to provide the District or the Comptroller with all information reasonably necessary for the District or the Comptroller to determine whether the Applicant is in compliance with its obligations, including, but not limited to, any employment obligations which may arise under this Agreement;
- L. The Applicant failed to allow authorized employees of the District, the Comptroller, the Appraisal District, or the State Auditor's Office to have access to the Applicant's Qualified Property or business records in order to inspect the project to determine compliance with the terms hereof or as necessary to properly appraise the Taxable Value of the Applicant's Qualified Property under Sections 8.5 and 8.6;
- M. The Applicant failed to comply with a request by the State Auditor's office to review and audit the Applicant's compliance with this Agreement;
- N. The Applicant has made any payments to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on Appraised Value made pursuant to Chapter 313 of the Texas Tax Code, in excess of the amounts set forth in Articles IV, V and VI of this Agreement;
- O. The Applicant failed to comply with the conditions included in the certificate for limitation issued by the Comptroller.

Section 9.2 DETERMINATION OF BREACH AND TERMINATION OF AGREEMENT.

A. Prior to making a determination that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the District shall provide the Applicant with a written notice of the facts which it believes have caused the breach of this Agreement, and if cure is possible, the cure proposed by the District. After receipt of the notice, the Applicant shall be given ninety (90) days to present any facts or arguments to the Board of Trustees showing that it is not in breach of its obligations under this Agreement, or that it has cured or undertaken to cure any such breach.

- B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to:
 - i. whether or not a breach of this Agreement has occurred;
 - ii. whether or not such breach is a Material Breach:
 - iii. the date such breach occurred, if any;
 - iv. whether or not any such breach has been cured; and
- C. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall at that time determine:
 - i. the amount of recapture taxes under Section 9.4.C (net of all credits under Section 9.4.C);
 - ii. the amount of any penalty or interest under Section 9.4.E that are owed to the District; and
 - iii. in the event of a finding of a Material Breach, whether to terminate this Agreement.
- D. After making its determination regarding any alleged breach, the Board of Trustees shall cause the Applicant to be notified in writing of its determination (a "Determination of Breach and Notice of Contract Termination") and provide a copy to the Comptroller.

Section 9.3 DISPUTE RESOLUTION.

A. After receipt of notice of the Board of Trustee's Determination of Breach and Notice of Contract Termination under Section 9.2, the Applicant shall have not greater than sixty (60) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to the District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within sixty (60) days after the Applicant initiates mediation, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Glasscock County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation,

- (i) the District shall bear one-half of such mediator's fees and expenses and the Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.
- B. In the event that any mediation is not successful in resolving the dispute or that payment is not received within the time period described for mediation in Section 9.3.A, either the District or the Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in a judicial proceeding in a state district court in Glasscock County, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any contract, agreement or undertaking made by a Party pursuant to this Agreement.
- C. If payments become due under this Agreement and are not received before the expiration of the 30 days provided for such payment in Section 9.3.A, and if the Applicant has not contested such payment calculations under the procedures set forth herein, including judicial proceedings, the District shall have the remedies for the collection of the amounts determined under Section 9.4 as are set forth in Chapter 33, Subchapters B and C, of the Texas Tax Code for the collection of delinquent taxes. In the event that the District successfully prosecutes legal proceedings under this section, the Applicant shall also be responsible for the payment of attorney's fees to the attorneys representing the District pursuant to Section 6.30 of the Texas Tax Code and a tax lien shall attach to the Applicant's Qualified Property and the Applicant's Qualified Investment pursuant to Section 33.07 of the Texas Tax Code to secure payment of such fees.

Section 9.4 Consequences of Early Termination or Other Breach by Applicant.

- A. In the event that the Applicant terminates this Agreement without the consent of the District, except as provided in Section 7.2 of this Agreement, the Applicant shall pay to the District liquidated damages for such failure within thirty (30) days after receipt of the notice of breach.
- B. In the event that the District determines that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the Applicant shall pay to the District liquidated damages, as calculated by Section 9.4.C, prior to, and the District may terminate the Agreement effective on the later of: (i) the expiration of the 60 days provided for in Section 9.3.A, and (ii) thirty (30) days after any mediation and judicial proceedings initiated pursuant to Sections 9.3.A and 9.3.B are resolved in favor of the District.
- C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

- D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant to Section 9.4.C, terminate this Agreement.
- E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the Texas Tax Code, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the Texas Tax Code, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the Texas Tax Code, or its successor statute.
- Section 9.5 LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.
- Section 9.6 STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the Texas Tax Code, in the event that the Applicant fails to make \$30,000,000 of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the Texas Tax Code. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.
- Section 9.7 Remedy for Failure to Create and Maintain Required New Qualifying Jobs. Pursuant to Section 313.0276 of the Texas Tax Code, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1.C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of Texas Tax Code, and that determination is final.

Section 9.8 Remedy for Failure to Create and Maintain Committed New Qualifying Jobs

- A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.
- B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the market value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.
- C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.
- D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

ARTICLE X MISCELLANEOUS PROVISIONS

Section 10.1 Information and Notices.

- A. Unless otherwise expressly provided in this Agreement, all notices required or permitted hereunder shall be in writing and deemed sufficiently given for all purposes hereof if (i) delivered in person, by courier (e.g., by Federal Express) or by registered or certified United States Mail to the Party to be notified, with receipt obtained, or (ii) sent by facsimile or email transmission, with notice of receipt obtained, in each case to the appropriate address or number as set forth below. Each notice shall be deemed effective on receipt by the addressee as aforesaid; provided that, notice received by facsimile or email transmission after 5:00 p.m. at the location of the addressee of such notice shall be deemed received on the first business day following the date of such electronic receipt.
- B. Notices to the District shall be addressed to the District's Authorized Representative as follows:

Tom Weeaks Superintendent Glasscock County Independent School District

PO Box 9

Glasscock, TX 79739 Phone: (432) 354-2503 Facsimile: (432) 354-2503 Email: tweaks@gckats.net

C. Notices to the Applicant shall be addressed to its Authorized Representative as follows:

Henrik Tordrup Authorized Person Bearkat Wind Energy II LLC 17300 Dallas Parkway, Suite 2020 Dallas, Texas 75248

Phone: (972) 290-0825 Facsimile: (972) 290-0823

Email: hto@cip.dk

or at such other address or to such other facsimile transmission number and to the attention of such other person as a Party may designate by written notice to the other.

D. A copy of any notice delivered to the Applicant shall also be delivered to any lender for which the Applicant has provided the District notice of collateral assignment information pursuant to Section 10.3.C, below.

Section 10.2 AMENDMENTS TO APPLICATION AND AGREEMENT; WAIVERS.

- A. This Agreement may not be modified or amended except by an instrument or instruments in writing signed by all of the Parties and after completing the requirements of Section 10.2.B. Waiver of any term, condition, or provision of this Agreement by any Party shall only be effective if in writing and shall not be construed as a waiver of any subsequent breach of, or failure to comply with, the same term, condition, or provision, or a waiver of any other term, condition, or provision of this Agreement.
- B. By official action of the District's Board of Trustees, the Application and this Agreement may only be amended according to the following:
 - i. The Applicant shall submit to the District and the Comptroller:
 - a. a written request to amend the Application and this Agreement, which shall specify the changes the Applicant requests;
 - b. any changes to the information that was provided in the Application that was approved by the District and considered by the Comptroller;

- c. and any additional information requested by the District or the Comptroller necessary to evaluate the amendment or modification;
- ii. The Comptroller shall review the request and any additional information for compliance with the Act and the Comptroller's Rules and provide a revised Comptroller certificate for a limitation within 90 days of receiving the revised Application and, if the request to amend the Application has not been approved by the Comptroller by the end of the 90-day period, the request is denied; and
- iii. If the Comptroller has not denied the request, the District's Board of Trustees shall approve or disapprove the request before the expiration of 150 days after the request is filed.
- C. Any amendment of the Application and this Agreement adding additional or replacement Qualified Property pursuant to this Section 10.2 of this Agreement shall:
 - i. require that all property added by amendment be eligible property as defined by Section 313.024 of the TEXAS TAX CODE;
 - ii. clearly identify the property, investment, and employment information added by amendment from the property, investment, and employment information in the original Agreement; and
- D. The Application and this Agreement may not be amended to extend the value limitation time period beyond its ten-year statutory term.
- E. The Comptroller determination made under Section 313.026(c)(2) of the Texas Tax Code in the original certificate for a limitation satisfies the requirement of the Comptroller to make the same determination for any amendment of the Application and this Agreement, provided that the facts upon which the original determination was made have not changed.

Section 10.3 ASSIGNMENT.

- A. Any assignment of any rights, benefits, obligations, or interests of the Parties in this Agreement, other than a collateral assignment purely for the benefit of creditors of the project, is considered an amendment to the Agreement and such Party may only assign such rights, benefits, obligations, or interests of this Agreement after complying with the provisions of Section 10.2 regarding amendments to the Agreement. Other than a collateral assignment to a creditor, this Agreement may only be assigned to an entity that is eligible to apply for and execute an agreement for limitation on appraised value pursuant to the provisions of Chapter 313 of the Texas Tax Code and the Comptroller's Rules.
- B. In the event of a merger or consolidation of the District with another school district or other governmental authority, this Agreement shall be binding on the successor school district or other governmental authority.

C. In the event of an assignment to a creditor, the Applicant must notify the District and the Comptroller in writing no later than 30 days after the assignment. This Agreement shall be binding on the assignee.

Section 10.4 MERGER. This Agreement contains all of the terms and conditions of the understanding of the Parties relating to the subject matter hereof. All prior negotiations, discussions, correspondence, and preliminary understandings between the Parties and others relating hereto are superseded by this Agreement.

Section 10.5 Governing Law. This Agreement and the transactions contemplated hereby shall be governed by and interpreted in accordance with the laws of the State of Texas without giving effect to principles thereof relating to conflicts of law or rules that would direct the application of the laws of another jurisdiction. Venue in any legal proceeding shall be in a state district court in Glasscock County.

Section 10.6 AUTHORITY TO EXECUTE AGREEMENT. Each of the Parties represents and warrants that its undersigned representative has been expressly authorized to execute this Agreement for and on behalf of such Party.

Section 10.7 SEVERABILITY. If any term, provision or condition of this Agreement, or any application thereof, is held invalid, illegal, or unenforceable in any respect under any Law (as hereinafter defined), this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and to the extent such term, provision, or condition cannot be so reformed, then such term, provision, or condition (or such invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality, and enforceability of the remaining terms, provisions, and conditions contained herein (and any other application such term, provision, or condition) shall not in any way be affected or impaired thereby. Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement in an acceptable manner so as to effect the original intent of the Parties as closely as possible so that the transactions contemplated hereby are fulfilled to the extent possible. As used in this Section 10.7, the term "Law" shall mean any applicable statute, law (including common law), ordinance, regulation, rule, ruling, order, writ, injunction, decree, or other official act of or by any federal, state or local government, governmental department, commission, board, bureau, agency, regulatory authority, instrumentality, or judicial or administrative body having jurisdiction over the matter or matters in question.

Section 10.8 PAYMENT OF EXPENSES. Except as otherwise expressly provided in this Agreement, or as covered by the application fee, each of the Parties shall pay its own costs and expenses relating to this Agreement, including, but not limited to, its costs and expenses of the negotiations leading up to this Agreement, and of its performance and compliance with this Agreement.

Section 10.9 INTERPRETATION.

- A. When a reference is made in this Agreement to a Section, Article, or Exhibit, such reference shall be to a Section or Article of, or Exhibit to, this Agreement unless otherwise indicated. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.
- B. The words "include," "includes," and "including" when used in this Agreement shall be deemed in such case to be followed by the phrase, "but not limited to". Words used in this Agreement, regardless of the number or gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context shall require.
- C. The provisions of the Act and the Comptroller's Rules are incorporated by reference as if fully set forth in this Agreement. In the event of a conflict, the conflict will be resolved by reference to the following order of precedence:
 - i. The Act;
 - ii. The Comptroller's Rules as they exist at the time the Agreement is executed, except as allowed in the definition of Qualified Property in Section 1.1; and
 - iii. This Agreement and its Attachments including the Application as incorporated by reference.
- **Section 10.10 EXECUTION OF COUNTERPARTS.** This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which, taken together, shall constitute but one and the same instrument, which may be sufficiently evidenced by one counterpart.
- **Section 10.11 PUBLICATION OF DOCUMENTS.** The Parties acknowledge that the District is required to publish the Application and its required schedules, or any amendment thereto; all economic analyses of the proposed project submitted to the District; and the approved and executed copy of this Agreement or any amendment thereto, as follows:
- A. Within seven (7) days of receipt of such document, the District shall submit a copy to the Comptroller for publication on the Comptroller's Internet website;
- B. The District shall provide on its website a link to the location of those documents posted on the Comptroller's website;
- C. This Section does not require the publication of information that is confidential under Section 313.028 of the TEXAS TAX CODE.
- Section 10.12 CONTROL; OWNERSHIP; LEGAL PROCEEDINGS. The Applicant shall immediately notify the District in writing of any actual or anticipated change in the control or ownership of the

Applicant and of any legal or administrative investigations or proceedings initiated against the Applicant related to the project regardless of the jurisdiction from which such proceedings originate.

Section 10.13 DUTY TO DISCLOSE. If circumstances change or additional information is obtained regarding any of the representations and warranties made by the Applicant in the Application or this Agreement, or any other disclosure requirements, subsequent to the date of this Agreement, the Applicant's duty to disclose continues throughout the term of this Agreement.

Section 10.14 CONFLICTS OF INTEREST.

- A. The District represents that, after diligent inquiry, each local public official or local government officer, as those terms are defined in Chapters 171 and 176 of the Texas Local Government Code, has disclosed any conflicts of interest in obtaining or performing this Agreement and related activities, appropriately recused from any decisions relating to this Agreement when a disclosure has been made, and the performance of this Agreement will not create any appearance of impropriety. The District represents that it, the District's local public officials or local government officer, as those terms are defined in Chapters 171 and 176 of the Texas Local Government Code, have not given, nor intend to give, at any time hereafter, any future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant, employee, or representative of the other Party or the State of Texas in connection with this Agreement.
- B. The Applicant represents that, after diligent inquiry, each of its agents, as defined in Chapter 176 of the Texas Local Government Code, involved in the representation of the Applicant with the District has complied with the provisions of Chapter 176 of the Texas Local Government Code. The Applicant represents that it and its agents, as defined in Chapter 176 of the Texas Local Government Code, have not given, nor intend to give, at any time hereafter, any future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant, employee, or representative of the other Party or the State of Texas in connection with this Agreement.
- C. The District and the Applicant each separately agree to notify the other Party and the Comptroller immediately upon learning of any conflicts of interest.
- Section 10.15 PROVISIONS SURVIVING EXPIRATION OR TERMINATION. Notwithstanding the expiration or termination (by agreement, breach, or operation of time) of this Agreement, the provisions of this Agreement regarding payments (including liquidated damages and tax payments), reports, records, and dispute resolution of the Agreement shall survive the termination or expiration dates of this Agreement until the following occurs:
 - A. all payments, including liquidated damage and tax payments, have been made;
 - B. all reports have been submitted;
 - C. all records have been maintained in accordance with Section 8.6.A; and
 - D. all disputes in controversy have been resolved.

Section 10.16 FACSIMILE OR ELECTRONIC DELIVERY.

- A. This Agreement may be duly executed and delivered in person, by mail, or by facsimile or other electronic format (including portable document format (pdf) transmitted by e- mail). The executing Party must promptly deliver a complete, executed original or counterpart of this Agreement to the other executing Parties. This Agreement shall be binding on and enforceable against the executing Party whether or not it delivers such original or counterpart.
 - B. Delivery is deemed complete as follows:
 - i. When delivered if delivered personally or sent by express courier service;
 - ii. Three (3) business days after the date of mailing if sent by registered or certified U.S. mail, postage prepaid, with return receipt requested;
 - iii. When transmitted if sent by facsimile, provided a confirmation of transmission is produced by the sending machine; or
 - iv. When the recipient, by an e-mail sent to the e-mail address for the executing Parties acknowledges having received that e-mail (an automatic "read receipt" does not constitute acknowledgment of an e-mail for delivery purposes).

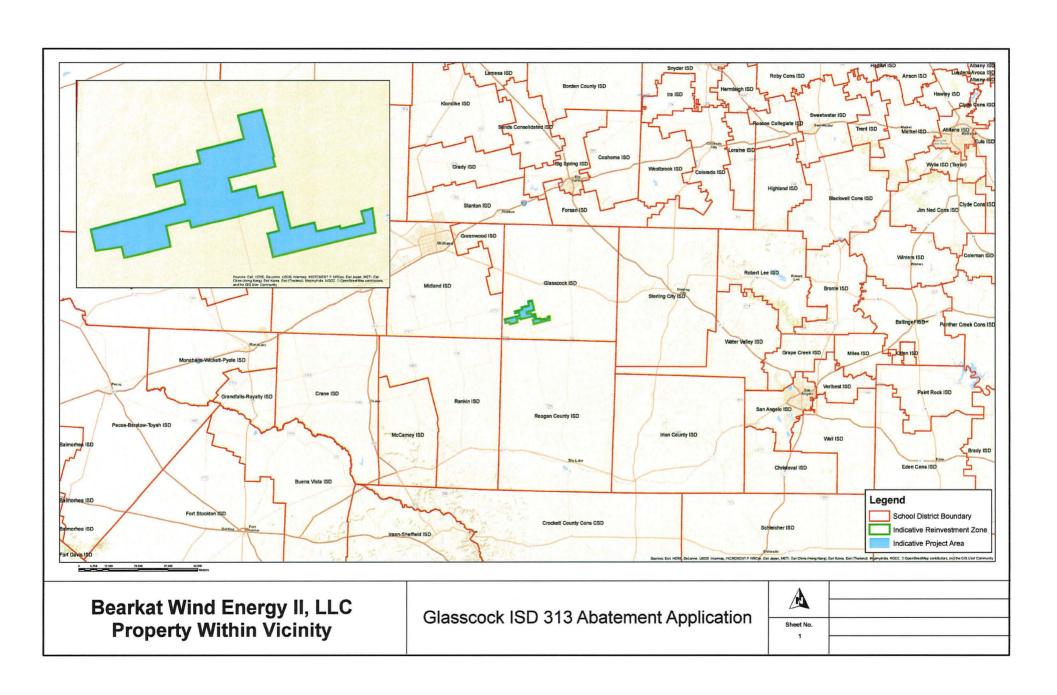

EXHIBIT 2

DESCRIPTION AND LOCATION OF LAND

The Land on which the Qualified Property that is subject to this Agreement shall be located and on which the Qualified Investment that is subject to this Agreement shall be made is described by the map attached to **Exhibit 1** and within the boundaries of the District.

EXHIBIT 3

APPLICANT'S QUALIFIED INVESTMENT

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD.

The intended qualified investment includes:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Facilities (Anticipated to utilize one facility)
- Necessary Control Systems

For the purposes of this application, the Project anticipates using 2.5 to 3.5 MW turbines and associated equipment. Although final turbine selection and location of the infrastructure may change, all equipment outlined above is expected to be located within the Glasscock County ISD. Current plans are to install between 40 and 60 turbines in one phase.

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and Glasscock County ISD taxable jurisdictions. Bearkat II intends to connect to the Bearkat Substation via a 345KV transmission Line. The substation is located outside of the Project area and reinvestment zone. The portion of the transmission line outside of the reinvestment zone and Project area is expressly excluded from this application.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting facilities will be determined before final construction begins. Bearkat Wind Energy II LLC intends to connect to the bearcat Substation via a 345 KV transmission line. All of the infrastructure with the exception of a portion of transmission line will remain within the project boundary and within the Reinvestment Zone. The transmission line will occupy a small easement through the Project's sister site Bearkat Wind Energy I.

EXHIBIT 4

DESCRIPTION AND LOCATION OF QUALIFIED PROPERTY

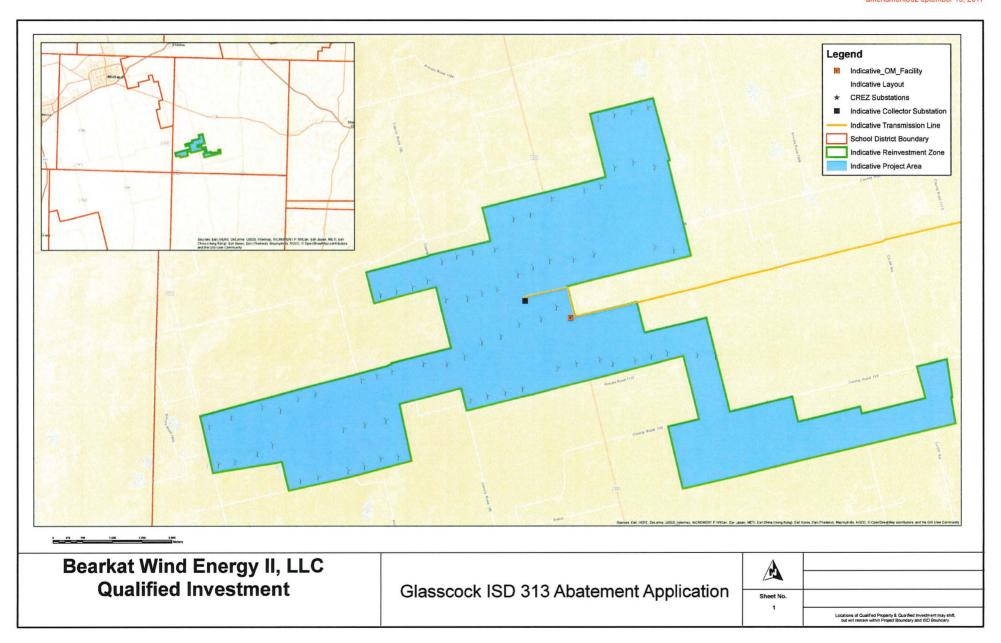

Bearkat Wind Energy II LLC plans to construct an estimated 162.15 MW wind farm in Glasscock County located entirely within Glasscock County ISD. All of the Qualified Investment for this Project will be located entirely within Glasscock County ISD and within the project boundaries depicted in the map following this **EXHIBIT 4**.

The intended Qualified Property includes the following:

- Wind Turbines
- Foundations
- Collection Systems
- Transmission Lines
- Interconnection Infrastructure
- Additional Meteorological Towers
- Roads
- Operations and Maintenance Buildings (Anticipated to utilize one facility)
- Necessary Control Systems

The Project anticipates utilizing a transmission line easement through a neighboring wind project. The overhead transmission line will still be located within Glasscock County and the taxing jurisdiction of Glasscock County ISD. Bearkat II intends to connect to the Bearkat Substation via a 345KV transmission Line. The substation is located outside of the Project area and reinvestment zone. The portion of the transmission line outside of the reinvestment zone and Project area is expressly excluded from this application.

The exact placement of turbines is subject to ongoing planning, wind studies, engineering, and discussions with landowners and turbine manufacturers. The final number and location of turbines and supporting structures will be determined before construction begins. Bearkat Wind Energy II LLC intends to connect to the Bearkat Substation via a 345 KV transmission line. All of the infrastructure will remain within the project boundary and within the Reinvestment Zone.

Attachment J Conflict Of Interest Disclosure

Conflicts of Interest Disclosure Procedure

In its recent audits of Chapter 313 Agreements, The Texas State Auditor's Office has required documentation of inquiries concerning Board Member conflicts of interest at critical junctions in the Chapter 313 approval process. A local public official or a person related to a local public official in the first degree by either affinity or consanguinity has a substantial interest in a business entity or in real property, the local public official, before a vote or decision on any matter involving the business entity or the real property, is required to file an affidavit with an official Board record keeper stating the nature and extent of the interest and shall abstain from further participation in the matter if:

- 1. In the case of a substantial interest in a business entity, the action on the matter will have a special economic effect on the business entity that is distinguishable from the effect on the public; or
- 2. In the case of a substantial interest in real property, it is reasonably foreseeable that an action on the matter will have a special economic effect on the value of the property, distinguishable from its effect on the public.
- 3. A person has a substantial interest in a business entity if:

The person owns at least:

- a. Ten percent of the voting stock or shares of the business entity, or
- b. Either ten percent or \$15,000 of the fair market value of the business entity; or
- c. Funds received by the person from the business entity exceed ten percent of the person's gross income for the previous year.
- 4. In the case of a substantial interest in real property, it is reasonably foreseeable that an action on the matter will have a special economic effect on the value of the property, distinguishable from its effect on the public.

The Board may contract with a business entity in which a Trustee has a substantial interest if the Trustee follows the disclosure and abstention procedure set out above.

Does any Board Member have a conflict of interest as defined above?

If so, has the required Affidavit, set forth at District Policy BBFA (Exhibit) been filed?

Please have the answers to the foregoing 2 questions and a copy of this Procedure included in the minutes of this meeting.

IN WITNESS WHEREOF, this Agreement has been executed by the Parties in multiple originals on this $18^{\rm th}$ day of December, 2017.
