RE: Application to the Wilson Independent School District from Sage Draw Wind, LLC

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Wilson Independent School District is notifying Sage Draw Wind, LLC of its intent to consider the application for appraised value limitation on qualified property should a positive certificate be issued by the Comptroller. The electronic copy is identical to the hard copy that will be hand delivered.

The Applicant submitted the Application to the school district on April 10, 2018. The Board voted to accept the application on April 10, 2018. The application has been determined complete as of April 13, 2018. Please prepare the economic impact report.

A copy of the application will be submitted to the Lynn and Garza County Appraisal Districts.

Sincerely,

Kevin O'Hanlon  
School District Consultant

# Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
  - the date on which the school district received the application;
  - the date the school district determined that the application was complete;
  - the date the school board decided to consider the application; and
  - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at [comptroller.texas.gov/economy/local/ch313/](http://comptroller.texas.gov/economy/local/ch313/). There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

  - c. 110% of the average weekly wage for manufacturing jobs in the region is ..... 804.04
8. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? .....  §313.021(5)(A) or  §313.021(5)(B)
9. What is the minimum required annual wage for each qualifying job based on the qualified property? ..... 41,811.00
10. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property? ..... 41,811.00
11. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? .....  Yes     No
12. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? .....  Yes     No
  - 12a. If yes, attach in **Tab 12** supporting documentation from the TWC, pursuant to §313.021(3)(F).
13. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? .....  Yes     No
  - 13a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

**SECTION 15: Economic Impact**

1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

## **Tab Item 8**

### **Description of Qualified Property**

Sage Draw Wind, LLC plans to construct a 300 MW wind farm consisting of 120 turbines in Lynn and Garza Counties and within the boundaries of Wilson ISD and Southland ISD.

The applicant is requesting an appraised value limitation on all of the qualified investment and the qualified property constructed or placed upon the real property within Wilson ISD. For purposes of this application, the Project anticipates using General Electric (GE) 2.5 MW turbines. The qualified investment in Wilson ISD is expected to include approximately fifty-five (55) GE 2.5 MW wind turbine generators, including 89m towers, nacelles, rotors with 127m rotor diameter, and reinforced concrete foundations, pads, underground and overhead electric collection cables, met towers, spare parts and control systems as necessary for the commercial generation of electricity. While the turbine locations have not yet been finalized, they are expected to be sited in a series of rows running approximately east to west in the Northeastern part of Lynn County and Northwestern part of Garza County. The map in Tab 11 shows the preliminary turbine locations. The exact placement of these turbines, as well the exact specifications, heights, and component parts, is subject to ongoing planning, soil and geotechnical studies, and engineering and will be determined before construction commences.

In addition to the wind turbines, the Project will also include the following qualified investment in Wilson ISD:

- underground electrical collection cables

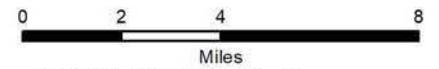

The approximate location of each of these improvements is shown on the map in Tab 11.

Tab Item 12

Request for Waiver of Job Creation Requirement

See attached letter. Based on the attached letter, Sage Draw Wind, LLC is committing to creating six (6) jobs to support the entire Project. Although no individual employees will be assigned specifically to manage the portions of the Project located in Southland ISD or Wilson ISD, based on the number of turbines located in in each school district, the created jobs will be allocated among the school districts as follows:

Southland ISD

3 jobs

Wilson ISD

Re: Chapter 313 Job Waiver Request

Dear Superintendent Burger,

Please consider this letter to be Sage Draw Wind, LLC's formal request to waive the minimum new job creation requirement, as provided under Texas Tax Code 313.025(f-I).

The governing body of a school district may waive the new jobs creation requirement in Section 313.021(2)(A)(iv)(b) or 313.051(b) and approve an application if the governing body makes a finding that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property that is described in this application. Wind energy projects create a large number of full-time jobs during the construction phase, but these jobs are temporary by nature. Once the project is in operation, a small crew of full-time employees will maintain and operate the facility. Based upon our experience in the wind industry, the industry standard for an operation project is one employee per 50 Megawatts of capacity. Based on this industry standard, we expect that six (6) employees would be needed to operate a 300 MW facility. Because approximately 46% of the project's wind turbine generators will be located in Wilson ISD, we can commit to creating three (3) full-time positions to fill those needs. All would be qualifying jobs as described in Section 313.021(3) of the Texas Tax Code.

The applicant requests that the Wilson ISD's Board of Trustees make such a finding and waive the job creation requirement. This waiver request is in line with industry standards for the job requirements for a wind energy facility of this size, as evidenced by limitation agreement applications that have been filed by other wind energy developers, and by documentation related to the development and operation of solar generation facilities.

The project stands to provide significant benefits to the community with respect to increased tax base and the ongoing royalty payments it will make to local landowners.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric Barnett".
