Edinburg, Texas 78541

Re: Certificate for Limitation on Appraised Value of Property for School District Maintenance and Operations taxes by and between Edinburg Consolidated Independent School District and Buenos Aires Windpower, LLC, Application 1268

Dear Superintendent Gutierrez:

On August 30, 2018, the Comptroller issued written notice that Buenos Aires Windpower, LLC (applicant) submitted a completed application (Application 1268) for a limitation on appraised value under the provisions of Tax Code Chapter 313.¹ This application was originally submitted on June 22, 2018, to Edinburg Consolidated Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a) Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b) Applicant is proposing to use the property for an eligible project.

¹ All Statutory references are to the Texas Tax Code, unless otherwise noted.

Sec. 313.024(d) Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.

Sec. 313.024(d-2) Not applicable to Application 1268.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district's maintenance and operations *ad valorem* tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period, see Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state, see Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement by December 31, 2018.

Note that any building or improvement existing as of the application review start date of August 30, 2018, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Should you have any questions, please contact Will Counihan, Director, Data Analysis & Transparency, by email at will.counihan@cpa.texas.gov or by phone toll-free at 1-800-531-5441, ext. 6-0758, or at 512-936-0758.

Sincerely,

A handwritten signature in black ink that reads "Lisa Craven". The signature is written in a cursive style with a large initial "L" and "C".

Lisa Craven
Deputy Comptroller

Enclosure

Attachment A – Economic Impact Analysis

The following tables summarize the Comptroller’s economic impact analysis of Buenos Aires Windpower, LLC (project) applying to Edinburg Consolidated Independent School District (district), as required by Tax Code, 313.026 and Texas Administrative Code 9.1055(d)(2).

Table 1 is a summary of investment, employment and tax impact of Buenos Aires Windpower, LLC.

Applicant	Buenos Aires Windpower, LLC
Tax Code, 313.024 Eligibility Category	Renewable Energy Electric Generation
School District	Edinburg CISD
2017-2018 Average Daily Attendance	31,648
County	Hidalgo
Proposed Total Investment in District	\$228,388,000
Proposed Qualified Investment	\$228,388,000
Limitation Amount	\$30,000,000
Qualifying Time Period (Full Years)	2019-2020
Number of new qualifying jobs committed to by applicant	6*
Number of new non-qualifying jobs estimated by applicant	0
Average weekly wage of qualifying jobs committed to by applicant	\$786
Minimum weekly wage required for each qualifying job by Tax Code, 313.021(5)(B)	\$786
Minimum annual wage committed to by applicant for qualified jobs	\$40,867
Minimum weekly wage required for non-qualifying jobs	\$650
Minimum annual wage required for non-qualifying jobs	\$33,788
Investment per Qualifying Job	\$38,064,667
Estimated M&O levy without any limit (15 years)	\$27,249,054
Estimated M&O levy with Limitation (15 years)	\$10,386,667
Estimated gross M&O tax benefit (15 years)	\$16,862,387

* Applicant is requesting district to waive requirement to create minimum number of qualifying jobs pursuant to Tax Code, 313.025 (f-1).

Table 2 is the estimated statewide economic impact of Buenos Aires Windpower, LLC (modeled).

Attachment B – Tax Revenue before 25th Anniversary of Limitation Start

This represents the Comptroller’s determination that Buenos Aires Windpower, LLC (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller **has determined** that the limitation on appraised value is a determining factor in the Buenos Aires Windpower LLC’s decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Buenos Aires Windpower, LLC in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. “In North America, Terra-Gen currently operates over 2,000 MW of renewable energy projects. Based on this experience the management team evaluates all potential projects for feasibility, finance-ability, and the economic returns they represent in comparison to other project opportunities both OUTSIDE the State of Texas as WITHIN the State of Texas. Other locations being evaluated include, but are not limited to: California, Oklahoma, Louisiana, Colorado, Wyoming and Nevada. For these reasons, Terra-Gen studies and evaluates various competing sites throughout the market areas across the U.S. where wind development is attractive. Without a Value Limitation program, Terra-Gen would seek to move to alternative sites outside of the State of Texas.”
 - B. “Therefore, a 313 Limitation of Appraised Value Agreement is a vital tax incentive necessary to ensure the Project is economically competitive with other wind projects with similar incentives. Without the requested value limitation, the Project will be unable to generate sufficient operating margins and net income to produce economically competitive energy and associate returns necessary to attract tax and sponsor equity investment.”
- Supplemental information provided by the applicant indicated the following:
 - A. Buenos Aires Windpower, LLC is not known by any other names.
 - B. ERCOT GIR number is 19INR0048 and was assigned on 05/13/2017.

SECTION 6: Eligibility Under Tax Code Chapter 313.024

1. Are you an entity subject to the tax under Tax Code, Chapter 171? Yes No
2. The property will be used for one of the following activities:
 - (1) manufacturing Yes No
 - (2) research and development Yes No
 - (3) a clean coal project, as defined by Section 5.001, Water Code Yes No
 - (4) an advanced clean energy project, as defined by Section 382.003, Health and Safety Code Yes No
 - (5) renewable energy electric generation Yes No
 - (6) electric power generation using integrated gasification combined cycle technology Yes No
 - (7) nuclear electric power generation Yes No
 - (8) a computer center that is used as an integral part or as a necessary auxiliary part for the activity conducted by applicant in one or more activities described by Subdivisions (1) through (7) Yes No
 - (9) a Texas Priority Project, as defined by 313.024(e)(7) and TAC 9.1051 Yes No
3. Are you requesting that any of the land be classified as qualified investment? Yes No
4. Will any of the proposed qualified investment be leased under a capitalized lease? Yes No
5. Will any of the proposed qualified investment be leased under an operating lease? Yes No
6. Are you including property that is owned by a person other than the applicant? Yes No
7. Will any property be pooled or proposed to be pooled with property owned by the applicant in determining the amount of your qualified investment? Yes No

SECTION 7: Project Description

1. In Tab 4, attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.
2. Check the project characteristics that apply to the proposed project:

<input checked="" type="checkbox"/> Land has no existing improvements	<input type="checkbox"/> Land has existing improvements (<i>complete Section 13</i>)
<input type="checkbox"/> Expansion of existing operation on the land (<i>complete Section 13</i>)	<input type="checkbox"/> Relocation within Texas

SECTION 8: Limitation as Determining Factor

1. Does the applicant currently own the land on which the proposed project will occur? Yes No
2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project? Yes No
3. Does the applicant have current business activities at the location where the proposed project will occur? Yes No
4. Has the applicant made public statements in SEC filings or other documents regarding its intentions regarding the proposed project location? Yes No
5. Has the applicant received any local or state permits for activities on the proposed project site? Yes No
6. Has the applicant received commitments for state or local incentives for activities at the proposed project site? Yes No
7. Is the applicant evaluating other locations not in Texas for the proposed project? Yes No
8. Has the applicant provided capital investment or return on investment information for the proposed project in comparison with other alternative investment opportunities? Yes No
9. Has the applicant provided information related to the applicant's inputs, transportation and markets for the proposed project? Yes No
10. Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas? Yes No

Chapter 313.026(e) states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)." If you answered "yes" to any of the questions in Section 8, attach supporting information in Tab 5.

Attachment 5

Documentation to assist in determining if limitation is a determining factor.

Chapter 313.026(e) states “the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c) (2).” If you answered “yes” to any of the questions in Section 8, attach supporting information in Tab 5.

2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project?

Buenos Aires Windpower, LLC was formed in 2017. In support of its creation, the participating members of Terra-Gen, executed documents necessary to form the entity including an Operating Agreement and a Development Agreement with Buenos Aires Windpower, LLC.

Terra-Gen has entered into the following representative agreements and contracts for the development of a project within Edinburg CISD and intends to assign these assets to Buenos Aires Windpower, LLC:

- Grants of leases and easements covering approximately 18,000 acres with 5 landowners.
- Avian Study and contract
- Bat Acoustic Study and contract
- Threatened & Endangered Species Studies and contract
- Enterprise Zone with Hidalgo County Commissioners Court
- Interconnection Application with ERCOT

7. Is the applicant evaluating other locations not in Texas for the proposed project?

Yes. Terra-Gen management team is uniquely qualified to develop and construct wind and other renewable energy projects in the United States. In North America, Terra-Gen currently operates over 2,000 MW of renewable energy projects. Based on this experience the management team evaluates all potential projects for feasibility, finance-ability, and the economic returns they represent in comparison to other project opportunities both OUTSIDE the State of Texas as WITHIN the State of Texas. Other locations being evaluated include, but are not limited to:

California
Oklahoma
Louisiana
Colorado
Wyoming
Nevada

For these reasons, Terra-Gen studies and evaluates various competing sites throughout the market areas across the U.S. where wind development is attractive. Without a Value Limitation program, Terra-Gen would seek to move to alternative sites outside of the State of Texas.

Buenos Aires is currently in a period of assessment to determine whether the identified site within Edinburg CISD represents the best location or whether redeployment of its development resources and capital to other power markets in the United States is more advisable. As such, the development resources necessary to advance the Project for a planned 201 MW could be redeployed to other renewable energy development projects in other power markets in the United States.

Therefore, a 313 Limitation of Appraised Value Agreement is a vital tax incentive necessary to ensure the Project is economically competitive with other wind projects with similar incentives. Without the requested value limitation, the Project will be unable to generate sufficient operating margins and net income to produce economically competitive energy and associate returns necessary to attract tax and sponsor equity investment. Such third-party investment is mandatory to finance the projected capital costs of approximately \$228.388M needed to purchase wind turbines and other infrastructure, and to fund the construction of the facility.

10. Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas?

The information provided in this Attachment and throughout the Application has been assembled to provide the reviewer with the best possible information to make an assessment and determination of the critical nature of the Limitation on Appraised Value to the feasibility of the Project.

COMPTROLLER QUERY RELATED TO TAX CODE CHAPTER 313.026(c)(2)
– Edinburg ISD– Buenos Aires Windpower, LLC App. #1268

Comptroller Questions (via email on August 29, 2018):

1. *Is the Buenos Aires Windpower Project currently known by any other project names?*
2. *Has this project applied to ERCOT at this time? If so, please provide the project's IGNR number.*

Applicant Response (via email on September 13, 2018):

1. *The Applicant's wind project is not currently known by any other name.*
2. *The project's ERCOT IGNR number is 191NR0048.*

Comptroller Questions (via email on August 29, 2018):

1. *When was the ERCOT IGNR number assigned?*

Applicant Response (via email on September 13, 2018):

1. *The IGNR number was assigned on 5/13/2017.*
