Mr. Greg Anderson, Superintendent  
Danbury Independent School District  
5611 Panther Drive  
Danbury, Texas 79501

**RE: Chapter 313 Job Waiver Request**

Dear Mr. Anderson,

Myrtle Solar LLC requests that the Danbury Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025(f-1) of the tax code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described in the application.

Myrtle Solar LLC requests that the Danbury ISD makes such finding and waive the job creation requirement for 10 permanent jobs. In line with current industry standards for job requirements, Myrtles Solar LLC has committed to create two (2) qualifying job in Danbury ISD.

Solar projects create many full and part-time, but temporary jobs during the construction phase of the project. However, they require a relatively small number of highly-skilled technicians to operate and maintain the project after commercial operation commences. Per industry standard of one employee (1) per every 100MW, a 200MW facility would require 2FTE. The waiver is for 2 employees.

The permanent employees of a solar project maintain and service PV panels and inverters, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. In addition to the onsite employees, there may be managers or technicians who support the project from offsite locations.

Sincerely,

A handwritten signature in blue ink that reads "Mike Fry". The signature is written in a cursive, flowing style.

Mike Fry,  
Director-Energy Services
