Re: Application for Texas Property Tax Code Section 313 Value Limitation Agreement

Mr. Ballard:

Please find attached an application for a Section 313 Value Limitation Agreement. On behalf of our client, Alpin Sun, and in accordance with the guidelines and principles outlined in Section 313 of the Texas Property Tax Code, it is our request that Prairiland Independent School District consider the approval of a Section 313 Value Limitation Agreement. The approval of this agreement would undoubtedly prove beneficial to the economic development of Lamar County, as well as the viability of Impact Solar, LLC to be located within the state of Texas.

Impact Solar, LLC is a 250 MW solar electric generating facility, that when established will provide 10, full-time salary competitive jobs. The project is anticipated to commence in June 2019 and will be fully operational by January of 2021.

Alpin Sun is a leader in the solar energy industry and dedicated to positive and engaging stakeholder relationships in the communities they choose to invest. They are managed by a team of individuals with years of experience in developing and managing renewable energy facilities.

If you have any questions, please feel free to contact me at 469-298-1594 or mike@keatax.com. We look forward to working with you.

Sincerely,

A handwritten signature in black ink that reads "Mike Fry". The signature is written in a cursive, flowing style.

Chapter 313 Application for Appraised Value Limitation to Prairiland Independent School District

Tab 1

Pages 1-9 of the application

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

Detailed Description of the Project

Attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

In compliance with the criteria and guidelines set forth in Title 3, Chapter 313 of the Texas Property Tax Code, Impact Solar, LLC requests an appraised value limitation from Prairiland Independent School District. Impact Solar, LLC is a solar electric generating facility proposed to be established in Lamar County, Texas. The facility, which will encompass approximately 1,867 acres across 23 parcels of land, will be in the southeastern portion of the county. Additionally, the entirety of the project will be within Prairiland Independent School District. Please find attached in Tab 11 maps that further define the location of the facility.

The facility itself is expected to have a total capacity of 250 Megawatts, and will feature 694,500 photovoltaic panels, and 75 central inverters. Construction is anticipated to commence in June 2019. During this timeframe (June 2019) the hiring of new employees as well as the purchase of equipment and machinery will also begin. Construction is projected to be complete by December 2020, and the facility is expected to be fully operational by January 2021.

Impact Solar, LLC requests that this application includes but is not limited to the following components of this project:

- Solar Modules & Panels
- Inverter Boxes
- Meteorological Equipment
- Operation & Maintenance Building (s)
- Electrical Substations
- Associated Towers
- Racking & Mounting Structures
- Combiner Boxes
- Foundations
- Roadways, Paving, & Fencing
- Generation Transmission Tie Line
- Interconnection Facilities

Impact Solar, LLC is a solar energy project managed by global renewable energy company, Alpin Sun. Headquartered in Germany, but with offices and projects around the globe, Alpin Sun specializes in the development and management of solar power plants, and has been a successful investor in the renewable energy industry since 2003. Alpin Sun is managed by a team of experienced individuals dedicated to the future of renewable energy. They are eager to continue their development of projects within the United States, and are committed to building quality stakeholder relationships in the communities they choose to invest.

Tab 5

Limitation as a Determining Factor

Currently, Alpin Sun is considering a variety of other locations for Impact Solar, LLC but believes Lamar County, Texas, would be an ideal location for this solar facility. Due to the global nature of Alpin Sun, there are locations across the world and other parts of the United States being evaluated for the establishment of this solar facility. In the event a 313 agreement is not permitted, Alpin Sun will relocate Impact Solar, LLC to another area more financially viable for the continuation of this project. Unfortunately, this would also dismiss Lamar County from receiving the economic benefits associated with the development of a solar facility within their county. It is our goal to reach a 313 agreement for the benefit of both Lamar County, Texas, and Alpin Sun.

Alpin Sun is a leader in solar energy research & development, and has consistently proved their dedication to the future of renewable energy, specifically solar power. They have completed over 220 photovoltaic plants around the globe, and currently manage 40 solar facilities. Their management features individuals with years of demonstrated experience in site selection, permitting, environmental due diligence, negotiations, and sustainable development. Alpin Sun believes solar power is the technology of the future and through innovation, positive stakeholder relationships, and wise investment decisions, the way in which we generate electricity will be changed.

2017	Q Average	\$818
2017	110 % Q Average	\$899.80

In order to calculate 110% of the Lamar County Average Weekly Wage for all Jobs, the following calculations were completed:

110% Quarterly Average Calculation:

Step 1: $\$799 + \$777 + \$820 + \$876 = \$3272$

Step 2: $\$3272 / 4 = \818

Step 3 $\$818 * 1.10 =$ **\$899.80**

**Calculation B: 110% of Lamar County Average Weekly Wage for Manufacturing Jobs**

Year	Quarter	Average Weekly Wage

2017	110 % Q Average	\$1233.93

In order to calculate 110% of the Lamar County Average Weekly Wage for Manufacturing Jobs, the following calculations were completed:

110% Quarterly Average Calculation

Step 1: $\$1119 + \$1128 + \$1095 + \$1145 = \$4487$

Step 2: $\$4487 / 4 = \1121.75

Step 3 $\$1121.75 * 1.10 =$ **\$1233.93**

Calculation C: 110% of Average Weekly Wage for Manufacturing Jobs in the Region

2017 Ark-Tex Council of Government Regional Annual Wage: \$38,663.00

2017 Ark-Tex Council of Government 110% Regional Wage: \$42,529.30 annually or \$817.87 weekly

In order to calculate 110% of the Average Weekly Wage for Manufacturing Jobs in the Ark-Tex Region the following calculations were completed:

Step 1: $\$38,663.00 * 1.10 = \$42,529.30$

Step 2: $\$42,529.30 / 52 =$ **\$817.87**
