PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1. INTENT OF THE PARTIES. Subject to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the District shall, in accordance with the provisions of TEXAS TAX CODE § 313.027(f)(1), be compensated by the Applicant for any loss that the District incurs in its Maintenance and Operations Revenue as a result of, or on account of, the Parties' entering into this Agreement. Such compensation shall be independent of, and in addition to, all such other payments as are set forth in Article V and Article VI. Subject only to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the risk of any negative financial consequence to the District as a result of Applicant's location of Applicant's Qualified Investment and Applicant's Qualified Property in the District and the Parties' entering into this Agreement will be borne by the Applicant and not by the District and be paid by the Applicant to the District in addition to any and all payments due under Article V and Article VI.

Section 4.2. CALCULATING THE AMOUNT OF LOSS OF MAINTENANCE AND OPERATIONS REVENUES BY THE DISTRICT. Subject to the provisions of Sections 7.1 and 7.2, the amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year during the term of this Agreement (the "Revenue Protection Amount") shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:

- A. The Revenue Protection Amount owed by the Applicant to the District means the Original M&O Revenue minus the New M&O Revenue.
- B. In making the calculations required by this Section 4.2:
 - (i) The Taxable Value of property for each school year will be determined under the Applicable School Finance Law.
 - (ii) For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%).

- (iii) If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.
- (iv) All calculations made under this Section 4.2 of this Agreement will reflect the Limitation on Appraised Value for such year.
- (v) All calculations made under this Section 4.2 shall be made by a methodology which isolates the full M&O Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or any other factors not contained in this Agreement.

Section 4.3. COMPENSATION FOR LOSS OF OTHER REVENUES. In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for any other cost to the District, including costs under Section 8.6(C) below, which are or may be attributable to compliance with State-imposed cost of compliance with the terms of this Agreement.

Section 4.4. CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Article 4 shall be made annually by an independent third party (the "Consultant") selected each year by the District. Applicant shall be solely responsible for payment of the Consultant's fees up to TEN THOUSAND DOLLARS (\$10,000.00) for the first year of this Agreement. This fee may be increased each year of this Agreement by not more than FIVE PERCENT (5%).

Section 4.5. DATA USED FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified tax rolls submitted to the District pursuant to TEXAS TAX CODE § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Consultant selected under Section 4.4. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Consultant to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Consultant shall be adjusted from time to time by the Consultant to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax rolls or any other changes in student counts, tax collections, or other data.

Section 4.6. DELIVERY OF CALCULATIONS. On or before December 1 of each year for which this Agreement is effective, the Consultant appointed pursuant to Section 4.4 of this Agreement shall forward to the Parties a certification containing the calculations required under Sections 4.2 and 4.3 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Consultant shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Consultant's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Consultant shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Consultant shall preserve all documents pertaining to the calculation and fee for a period of three (3) years after payment.

Section 4.7. PAYMENT BY APPLICANT. The Applicant shall pay any amount determined to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Consultant for all calculations under this Agreement under Section 4.6, above, but subject to the limitation in Section 4.4, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or Tax Credit or other reimbursement applications filed with or sent to the State of Texas which are, or may be required under the terms or because of the execution of this Agreement.

Section 4.8. RESOLUTION OF DISPUTES. Should the Applicant disagree with the certification prepared pursuant to Sections 4.2 and 4.3, the Applicant may appeal the findings, in writing, to the Consultant within thirty (30) days of receipt of the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Consultant will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of certification containing the calculations to the District's Board of Trustees, in writing, within thirty (30) days of the final determination of certification containing the calculations.

Section 4.9. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Consultant selected under Section 4.4 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and such appeal remains unresolved, the Consultant shall base its calculations upon the values placed upon the Applicant's Qualified Property by the Appraisal District.

If as a result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Consultant who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Consultant.

Section 4.10. EFFECT OF STATUTORY CHANGES. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 7.1, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, because of its participation in this Agreement, the Applicant shall make payments to the District, up to the Revenue Protection Amount limit set forth in Section 7.1, that are necessary to offset any negative impact on the District as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the Revenue Protection Amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

ARTICLE V
PAYMENT OF EXTRAORDINARY EDUCATION-RELATED EXPENSES

Section 5.1. In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for all non-reimbursable costs certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project. Applicant shall have the right to contest the findings of the District's external auditor pursuant to Section 4.8 herein.

ARTICLE VI

In addition to undertaking the responsibility for the payment of all amounts set forth under Articles IV and V, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for supplemental payments (the "Supplemental Payments") set forth in this Article VI.

- A. Amounts Exclusive of Indemnity Amounts. It is the express intent of the Parties that the Applicant's obligation to make Supplemental Payments under this Article VI is separate and independent of the obligation of the Applicant to pay the amounts described in Articles IV and V; provided, however, that all payments under Articles IV and VI are subject to the limitations contained in Section 7.1.
- B. Adherence to Statutory Limits on Supplemental Payments. It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant, under this Article VI, shall not exceed the limit imposed by the provisions of TEXAS TAX CODE § 313.027(i), as such limit is allowed or required to be increased by the Legislature in a future year of this Agreement.
- C. Explicit Identification of Payments to the District. The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement made pursuant to Chapter 313, TEXAS TAX CODE, unless it is explicitly set forth in this Agreement.

Section 6.2. SUPPLEMENTAL PAYMENT LIMITATION.

This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. - C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.
- D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

e. Certification that no ad valorem taxes are current in arrears upon the proposed real

estate the project will occupy.

EON certifies that the project has had no ad valorem taxes.

- f. Identify any proprietary information Applicant claims will adversely affect their competitive position in the marketplace and a specific request to protect such matters.

Nothing in this application needs to be confidential.

- g. Include a non-refundable application fee of \$1,000.00.

- h. Acknowledgement that county legal fees will be reimbursed in compliance with item 3D of the county criteria and guidelines.

EON acknowledges, as per item 3D of the Refugio County Tax Abatement Guidelines and Criteria (effective 9/25/18) that EON will be responsible to pay reasonable consulting and attorney fees as may be incurred by Refugio County in the examination of the application as well as the preparation and negotiation of any tax abatement agreement (up to a limit of \$10,000).

4. Anticipated monetary value of project (minimum of \$10,000,000.00):

Project will have an estimated initial taxable value of \$242 million.

5. Anticipated number of jobs created (temporary/permanent):

Cranell Wind Farm, LLC agrees, during the Abatement Period to provide not fewer than six (6) new full-time jobs in connection with the operation of the Facilities either through direct employment by Owner or through employment by an Affiliate or Subsidiary of Owner, or by contractors or service providers engaged to provide goods or services in connection with the construction of the Improvements and thereafter in the course of operating the Facilities. Owner's obligation to create six (6) new full-time jobs relates to its Facilities as a whole and does not represent a commitment by Owner that all six (6) new full-time jobs will be filled by residents of the County.

Refugio County and Cranell Wind Farm agree that it is in the best interests for both parties that these positions be filled by local residents. The County and Cranell Wind Farm agree to work together to assist local residents in obtaining the required job skills. Such efforts might include considering relocation packages, retention bonuses or scholarships specific to County residents to be used to obtain the required wind technician skills.

6. Anticipated value of local payroll resulting from project:

\$983,840 for the guaranteed ten jobs.

7. Statement of the types of jobs and average salary, and whether jobs are more likely to be of county residents or non-resident positions.

Technician positions paying roughly \$19-38 per hour (most positions include overtime pay), one balance-of-plant technician position paying \$25-38 per hour and one site supervisor position paying \$104-128,000 per year.

8. Productive life of proposed project during and after abatement period:

The Project economics are based on a 30-year project life.

9. Anticipated impact upon the county tax base:

Increase in tax base of initially \$242 million.

10. Identify any infrastructure improvements to be requested from county, if any:

None contemplated currently

11. Description of the abatement requested, i.e. initial anticipated value, percentage of abatement for each year of the requested abatement period (not to exceed ten (10) years), and anticipated value of the project at the end of the abatement period.

EON is requesting a ten-year 100% ad valorem tax abatement. EON proposes paying \$2000/MW/yr in a Payment in Lieu of Taxes agreement during each of the ten years of abatement. The initial anticipated value of the project is \$242 million.

The PILOT payment of \$2000/MW/yr was derived from assuming the tax revenues expected by a 68.1% abatement on an initial investment of \$242 million, depreciating at 7.5% per year and a County tax rate of 0.79. The sum total of tax revenues in the ten-year time period is \$4,402,550. When this sum is divided by ten years and 220 MWs, the result is approximately \$2000.

12. Description of any anticipated "collateral development" resulting from the project, in terms of products or services that may be attracted to the county as result of the project.

Based on an initial phase being constructed, there is a high probability of a second phase, equal to or larger than the first phase.

13. A statement of any permits or other requirements that the Applicant will be required to obtain before commencement of the project, i.e. environmental, regulatory or financial.

Besides receiving full approval to build from EON's board of directors, the project still requires determinations of no hazard from the Federal Aviation Administration. These are anticipated in January 2019.

14. Provide an economic analysis to include:

- a. Estimated tax revenues annually for the term of the requested abatement that will flow to the county.

Since the proposed payment is in the form of a PILOT, the annual payment during each of the ten years of abatement would be \$440,000.

- b. A comparison between abatement and any requested PILOT (payment in lieu of taxes) over the term of the proposed abatement.

EON is proposing a 100% abatement with a PILOT payment of \$2000/MW/yr.

- c. A statement of the residual taxable value of the project at the end of the abatement period, and

- d. The remaining anticipated taxable life span of the proposed project at the end of the abatement period.

The Project is based on a 30-year project life, so the taxable life span will be 20 years. Although it is highly likely that this time period will be extended.

- e. An affirmative representation that the Applicant will maintain a viable presence within the reinvestment zone for a period of time, not less than twenty (20) years from the commencement of the reinvestment zone.

Project economics require the full thirty years to reach our investment hurdles.

- f. Acknowledgment of recapture, assignment and venue provisions of county Guidelines and Criteria for tax abatement.

Cranell Wind Farm, LLC acknowledges all provisions of the Refugio County Tax Abatement Guidelines and Criteria (effective 9/25/18)

- g. Signature of individual or entity officer with capacity to bind the Applicant in contractual matters.
