# Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
  - the date on which the school district received the application;
  - the date the school district determined that the application was complete;
  - the date the school board decided to consider the application; and
  - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at [comptroller.texas.gov/economy/local/ch313/](http://comptroller.texas.gov/economy/local/ch313/). ### *Detailed Description of the Project*

Attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

In compliance with the criteria and guidelines set forth in Title 3, Chapter 313 of the Texas Property Tax Code, Ganado Solar, LLC requests an appraised value limitation from Ganado Independent School District. SunChase Power, LLC is proposing to construct a solar electric generating facility in Jackson County, Texas. The facility, which will be sited within an area encompassing approximately 1,440 acres across 10 parcels of land, will be located in the northeastern portion of the county. Additionally, the majority of the project will be within Ganado Independent School District. Please find attached in Tab 11 maps that further define the location of the facility.

The facility itself is expected to have a total capacity of 150 MW-AC and will feature 613,200 photovoltaic panels. Construction is anticipated to commence in December of 2019. During this timeframe, the purchase of equipment and machinery will also begin. New employees will be hired in October 2020. Construction is projected to be complete by December 2020, when the plant will also be fully operational.

Ganado Solar, LLC requests that this application includes but is not limited to the following components of this project:

- Solar Modules & Panels
- Inverter Boxes
- Meteorological Equipment
- Operation & Maintenance Building
- Electrical Substations
- Associated Towers
- Racking & Mounting Structures
- Combiner Boxes
- Foundations
- Roadways, Paving, & Fencing
- Generation Transmission Tie Line
- Interconnection Facilities

Ganado Solar, LLC is a solar energy project managed by SunChase Power, LLC is a renewable energy company focused on developing utility-scale and industrial solar energy project. Their management team has been influential in the development of over 4,000 megawatts of renewable energy projects, bringing years of experience to the development process. They are committed to the future of renewable energy as well as building quality stakeholder relationships in the communities they choose to invest in.

## Tab 5

### *Limitation as a Determining Factor*

Currently, SunChase Power, LLC is considering a variety of other locations for Ganado Solar, LLC but believes Jackson County, Texas, would be an ideal location for this solar facility. Currently, there are locations across the world and other parts of the United States being evaluated for the establishment of this solar facility. In the event a 313 agreement is not permitted, SunChase Power, LLC will allocate the investment for Ganado Solar, LLC to another area outside of Texas namely Louisiana, Mississippi, Oklahoma, Tennessee, Florida, or Arkansas for the continuation of this project. Unfortunately, this would also preclude Jackson County and Ganado Independent School District from receiving the economic benefits associated with the development of a solar facility within their jurisdiction.

Property taxes are often the highest operating expense for a solar generation facility, as solar plants do not have any associated fuel costs to produce electricity. Further, with the Texas wholesale electricity price already below the international average, the necessity of limiting the property tax liability becomes paramount. The magnitude at which tax expenses affect the feasibility of a project is what causes agreements like the Ch. 313 to be so important to companies like this applicant. If the 313 is not granted, the rate of return drops too low for investors to tolerate, and the capital once allocated to the project must be reapportioned to out-of-state projects with better cash flows (due to tax incentives and higher wholesale electricity rates). Effectively, whether or not the project is built hinges heavily on the execution of a 313 agreement.

SunChase Power, LLC is a renewable energy company focused on developing utility-scale and large industrial behind-the-meter solar energy projects. They work with landowners and large industrial electricity users to identify promising locations for profitable solar energy projects, and bring those projects to market. SunChase has a national footprint, and the ability to locate projects of this type to other states in the US with strong solar characteristics. SunChase Power, LLC is actively developing projects in Texas, Oklahoma, Arkansas, Louisiana, Mississippi, Tennessee, and Florida.

*Request for Waiver of Job Requirements*

Please refer to the proceeding letter attached.

1/09/2019

Mr. John Hardwick, Jr.  
Ganado Independent School District  
P.O. Box 1200, 210 S. 6<sup>th</sup> Street, Ganado, Texas 77963

**RE: Ganado Solar, LLC Chapter 313 Job Waiver Request**

Dear Superintendent Hardwick,

Ganado Solar, LLC is requesting that Ganado Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

Ganado Solar, LLC requests that Ganado ISD makes such finding and waive the job creation requirement for 10 permanent jobs. In line with the current industry standards for job requirements, Ganado Solar, LLC has committed to create two (2) qualifying jobs in Ganado ISD.

Solar projects create many jobs, both full and part time. Additionally, during the construction phase, solar projects create many temporary jobs; however, after construction is completed solar facilities only require a relatively small number of workers to operate and maintain the plant. The number of jobs (2) Ganado Solar, LLC has committed to create is congruent with current industry standards for maintenance and operation of a facility of this capacity. This is evidenced by previously certified limitation agreement applications by solar developers who also requested and were granted a waiver of the job requirements based on the requirement of 1 worker per 75-100 MW.

The permanent employees of a solar facility maintain and service the photovoltaic panels and inverters, underground electrical connections, substations, as well as other infrastructure associated with the safe and reliable operation of the facilities. In addition to onsite employees, there may also be managers and/or technicians who provide support to the facility remotely.

The establishment of Ganado Solar, LLC will undoubtedly be beneficial to the economic development of Jackson County, Ganado Independent School District, and the advancement of renewable energy. Thank you for your consideration of this request. If you have any questions feel free to contact us.

Sincerely,

Mike Fry, Director—Energy Services

## *Calculation of Wage Requirements*

U.S. Department of Labor—Bureau of Labor Statistics

The proceeding calculations are for the following wage requirements:

Calculation A: Jackson County Average Weekly Wage

Calculation B: 110% of Jackson County Average for Manufacturing Jobs

Calculation C: 110% of Golden Crescent Regional Planning Commission Council of Government Regional Manufacturing Wage

### **Calculation A: Jackson County Average Weekly Wage for all Jobs**

<b>Year</b>	<b>Quarter</b>	<b>Average Weekly Wage</b>
2017	Q3	\$799.00
2017	Q4	\$878.00
2018	Q1	\$845.00
2018	Q2	\$847.00
<b>2017- 2018</b>	<b>Q Average</b>	<b>\$842.25</b>

In order to calculate Jackson County Average Weekly Wage for all Jobs, the following calculations were completed:

Quarterly Average Calculation:

Step 1:  $\$799.00 + \$878.00 + \$845.00 + \$847.00 = \$3,369.00$

Step 2:  $\$3,369.00 / 4 = \$842.25$

**Calculation B: 110% of Jackson County Average Weekly Wage for Manufacturing Jobs**

Year	Quarter	Average Weekly Wage
2017	Q3	\$623.00
2017	Q4	\$608.00
2018	Q1	\$477.00
2018	Q2	\$562.00
<b>2017-2018</b>	<b>Q Average</b>	<b>\$567.50</b>
<b>2017-2018</b>	<b>110 % Q Average</b>	<b>\$624.25</b>

In order to calculate 110% of the Jackson County Average Weekly Wage for Manufacturing Jobs, the following calculations were completed:

110% Quarterly Average Calculation

Step 1:  $\$623.00 + \$608.00 + \$477.00 + \$562.00 = \$2,270.00$

Step 2:  $\$2,270 / 4 = \$567.50$

Step 3  $\$567.50 * 1.10 =$  **\$624.25**

**Calculation C: 110% of Golden Crescent Regional Planning Commission Council of Government  
Regional Manufacturing Wage**

2017 Golden Crescent Regional Planning Council of Government Regional Annual Wage: \$56,042.00

2017 Golden Crescent Regional Planning Council of Government 110% Regional Wage: \$61,642.20  
annually or \$1,185.50 weekly

In order to calculate 110% of the Golden Crescent Regional Planning Commission Council of Government  
Average Weekly Wage for Manufacturing Jobs in the Region the following calculations were completed:

Step 1:  $\$56,042.00 \times 1.10 = \$61,642.20$

Step 2:  $\$61,642.20 / 52 = \$1,185.50$
