Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

Limitation as a Determining Factor

Currently, 8minutenergy Renewables LLC is considering a variety of other locations for 225DD 8me LLC but believes Concho County, Texas, would be an ideal location for this solar facility. Due to the national footprint of 8minutenergy Renewables LLC, there are locations across the world and other parts of the United States being evaluated for the establishment of this solar facility. In the event a 313 agreement is not permitted, 8minutenergy Renewables LLC will relocate 225DD 8me LLC to another area more financially viable for the continuation of this project. Additional sites being evaluated for the establishment of this facility include locations throughout Oklahoma where 8minutenergy Renewables LLC is actively developing and managing additional projects. Failure to reach a 313 value-limitation agreement would unfortunately dismiss Paint Rock ISD and Concho County from receiving the economic benefits associated with the development of a solar facility within their county. Therefore, it is our goal to reach a 313 value-limitation agreement for 225DD 8me LLC for the benefit of all parties.

225DD 8me LLC is a solar energy project managed by 8minutenergy Renewables LLC. Their mission is to make solar energy abundant and be a leader in lowering the cost of dispatchable solar PV. 8minutenergy Renewables LLC is a privately held company focused on producing reliable solar energy with consistent long-term pricing with over 7,500 MW under development, 8minutenergy Renewables LLC is eager to continue their development of projects within the United States. Their team of experienced professionals are committed to building quality stakeholder relationships in the communities they choose to invest.

8minutenergy Renewables LLC is the United States' largest independent solar PV and energy storage developer. Many of the nation's largest and most recognizable solar PV projects have been developed by 8minutenergy Renewables LLC, including Mount Signal Solar Farm in California, one of the world's largest solar facility.

Please Note: as of December 2018, 225DD 8me LLC reached a tax abatement agreement with Concho County, Texas.

Request for Waiver of Job Requirements

Please refer to the proceeding letter attached.

2/06/2019

Superintendent Ron Cline
Paint Rock ISD
P.O. Box 277
Paint Rock, Texas, 76866

RE: 225DD 8me LLC Chapter 313 Job Waiver Request

Dear Superintendent Cline,

225DD 8me LLC is requesting that Paint Rock Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

225DD 8me LLC requests that Paint Rock ISD makes such finding and waive the job creation requirement for 10 permanent jobs. In line with the current industry standards for job requirements, 225DD 8me LLC has committed to create 2 qualifying jobs in Paint Rock ISD.

Solar projects create many jobs, both full and part time. Additionally, during the construction phase, solar projects create many temporary jobs; however, after construction is completed solar facilities only require a relatively small number of workers to operate and maintain the plant. The number of jobs (2) 225DD 8me LLC has committed to create is congruent with current industry standards for maintenance and operation of a facility of this capacity. This is evidenced by previously certified limitation agreements that were granted a waiver of the job requirements based on the standard of 1 worker per 75-100 MW.

The permanent employees of a solar facility maintain and service the photovoltaic panels and inverters, underground electrical connections, substations, as well as other infrastructure associated with the safe and reliable operation of the facilities. In addition to onsite employees, there may also be managers and/or technicians who provide support to the facility remotely.

The establishment of 225DD 8me LLC will undoubtedly be beneficial to the economic development of Concho County, Paint Rock ISD, and the advancement of renewable energy. Thank you for your consideration of this request. If you have any questions feel free to contact us.

Sincerely,

Mike Fry, Director—Energy Services

Calculation of Wage Requirements

U.S. Department of Labor—Bureau of Labor Statistics

The proceeding calculations are for the following wage requirements:

Calculation A: Concho County Average Weekly Wage

Calculation B: 110% of the Concho County Average for Manufacturing Jobs ****Not Disclosable—data does not meet BLS or State Agency disclosure standards****

Calculation C: 110% of Concho Valley Council of Government Regional Manufacturing Wage

Calculation A: Concho County Average Weekly Wage for all Jobs

Year	Quarter	Average Weekly Wage
2017	Q4	\$841.00
2018	Q1	\$827.00
2018	Q2	\$665.00
2018	Q3	\$706.00
2017-2018	Q Average	\$759.75

In order to calculate the Concho County Average Weekly Wage for all Jobs, the following calculations were completed:

100% Quarterly Average Calculation:

Step 1: $\$841.00 + \$827.00 + \$665.00 + \$706.00 = \$3039.00$

Step 2: $\$3039.00 / 4 =$ **\$759.75**

Calculation C: 110% of Concho Valley Council of Government Regional Manufacturing Wage

2017 Concho Valley Council of Government Regional Annual Wage: \$40,924.00

2017 Concho Valley Council of Government 110% Regional Wage: \$45,016.40 annually or \$865.70 weekly

In order to calculate 110% of the Concho Valley Council of Government Regional Average Weekly Wage for Manufacturing Jobs the following calculations was completed:

Step 1: $\$40,924.00 * 1.10 = \$45,016.40$

Step 2: $\$45,016.40 / 52 = \865.70

*All calculations were completed using the most recent data available from the Bureau of Labor Statistics—data attached
