FINDINGS OF THE BARBERS HILL INDEPENDENT SCHOOL DISTRICT BOARD OF
TRUSTEES UNDER THE TEXAS ECONOMIC DEVELOPMENT ACT ON THE
APPLICATION SUBMITTED BY ENTERPRISE PRODUCTS OPERATING LLC

STATE OF TEXAS §
 §
COUNTY OF CHAMBERS §

On the 16th day of December, 2019, a public meeting of the Board of Trustees of the Barbers Hill Independent School District was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the Application of Enterprise Products Operating LLC (Application #1369) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District's administrative staff, and from attorneys and consultants retained by the District to advise the Board in this matter, the Board of Trustees of the Barbers Hill Independent School District makes the following findings with respect to the Application of Enterprise Products Operating LLC#1369, and the economic impact of that Application:

On May 3, 2019, the Superintendent of Schools of the Barbers Hill Independent School District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts received an Application from Enterprise Products Operating LLC #1369 for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is posted on the Texas Comptroller's website at:

<https://comptroller.texas.gov/economy/local/ch313/agreement-docs-details.php?id=1369>.

The Applicant, Enterprise Products Operating LLC (Taxpayer ID 12604305396) ("Applicant"), consists of entities subject to Chapter 171, Texas Tax Code, and is certified to be in good standing with the Texas Comptroller of Public Accounts. The Board of Trustees acknowledges receipt of the Application, along with the required Application fee, as established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Texas Comptroller's Office for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Chambers County Appraisal District for review pursuant to 34 Texas Administrative Code § 9.1054. The Application was reviewed by the Texas Comptroller's Office pursuant to Texas Tax Code § 313.026, and a determination that the Application was complete was issued on June 7, 2019.

After receipt of the Application, the Texas Comptroller of Public Accounts caused to be conducted an economic impact evaluation on August 16, 2019 pursuant to Texas Tax Code § 313.026, and the Board of Trustees has carefully considered such evaluation. A copy of the economic impact evaluation is attached to these findings as **Exhibit A**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of the Barbers Hill Independent School District. A copy of a report prepared by Region 12 Education Service Center is attached to these

findings as **Exhibit B**. The Texas Commissioner of Education has determined that the project will not impact school enrollment.

The Board of Trustees has confirmed that the taxable value of property in the Barbers Hill Independent School District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in the 2017 ISD Summary Worksheet posted on the Texas Comptroller's website at:

<https://comptroller.texas.gov/data/property-tax/pvs/2018p/0360369021D.php>.

After receipt of the Application, the District submitted a proposed form of Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, in the form required by the Comptroller of Public Accounts. The proposed Agreement and letter approving same are attached to these findings as **Exhibit C**.

After review of the Comptroller's recommendation, and in consideration of its own economic impact study the Board finds:

Board Finding Number 1.

The Applicant qualifies for a limitation on appraised value of Qualified Property under Texas Tax Code § 313.024 in the eligibility category of Manufacturing.

Board Finding Number 2.

The Applicant's entire proposed investment in the Barbers Hill Independent School District is \$469,000,000—all of which is proposed to be Qualified Investment under Texas Tax Code § 313.021.

Board Finding Number 3.

The average salary level of qualifying jobs is expected to be at least \$67,000 per year. The review of the Application by the State Comptroller's Office indicates that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs pay more than the minimum weekly wage required for Qualified Jobs under Texas Tax Code § 313.021.

Board Finding Number 4.

The level of the Applicant's average investment per qualifying job over the term of the Agreement is estimated to be approximately \$31,266,667 on the basis of the fifteen (15) new qualifying positions committed to by the Applicant for this project. The project's total investment is \$469,000,000, resulting in a relative level of investment per qualifying job of \$31,266,667.

Board Finding Number 5.

The Applicant has requested a waiver of the job creation requirement under Texas Tax Code § 313.25(f-1), and the Board finds such waiver request should be granted. The Board notes that the number of jobs proposed for this project (fifteen (15) jobs) is consistent with industry standards in the Manufacturing industry.

Board Finding Number 6.

Subsequent economic effects on the local and regional tax bases will be significant. In addition, the impact of the added infrastructure will be significant to the region. In support of Finding 6, the economic impact evaluation states:

Table 2 depicts this project's estimated economic impact to Texas. It depicts the direct, indirect and induced effects to employment and personal income within the state. The Comptroller's office calculated the economic impact based on 15 years of annual investment and employment levels.

Board Finding Number 7.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

Board Finding Number 8.

The effect of the Applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggesting little underlying enrollment growth based on the impact of the project.

Board Finding Number 9.

The Applicant's project is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application. Attachment B of the economic impact study contains a year-by-year analysis as depicted in the following table:

Analysis Summary

Is the project reasonably likely to generate tax revenue in an amount sufficient to offset the M&O levy loss as a result of the limitation agreement?

Yes

Board Finding Number 10.

The limitation on appraised value requested by the Applicant is a determining factor in the Applicant's decision to invest capital and construct the project in this state.

Board Finding Number 11.

The ability of the Applicant to locate the proposed facility in another state or another region of this state is substantial, as a result of the highly competitive marketplace for economic development.

In support of Findings 10 and 11, **Attachment C** of the economic impact study states:

The Comptroller has determined that the limitation on appraised value is a determining factor in the Applicant's decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- I. Per Enterprise Products Operating LLC in Tab 5 of their Application for a Limitation on Appraised Value:
 - (A.) "Applicant is a leading midstream energy company with a large pipeline footprint in the United States. These pipelines provide substantial flexibility in plant location. Applicant has gas manufacturing locations in Texas, Louisiana, New Mexico, Colorado, and Wyoming. Applicant also has significant interstate pipeline assets in Louisiana that can and do move product to and from Texas. This allows potential manufacturing facilities to be located in St. Martin Parish, or Assumption Parish, Louisiana and the resulting manufactured product transported to Applicant's facilities in Texas."
 - (B.) "An appraised value limitation agreement under Chapter 313 results in significant annual operating cost savings which would incentivize the Applicant to invest capital in the proposed project rather than making an alternative investment."
 - (C.) "The property tax burden for the Applicant's proposed project is significant. The property tax burden has a direct impact on the proposed project's economic viability and the decision to invest in Texas."
 - (D.) "The ability to enter into a Chapter 313 appraised value limitation agreement with the school district is a determining factor to invest in this project."
 - (E.) "Capital investments by the Applicant are based on expected economic return on investment. Property tax liabilities can make up a substantial ongoing cost of operation that directly impacts the rate of return on the investment in the proposed project. Without the tax incentive the economics of this project will be less competitive with other capital intensive projects and the viability of the proposed project becomes uncertain."
 - (F.) "Tax incentives play an important role in attracting capital intensive manufacturing facilities due to the high property tax burden in Texas."
 - (G.) "The Applicant is evaluating various manufacturing projects for development and where to commit substantial long term investment based on economic rate of return on investment in the proposed projects. The economic benefits provided

by a Chapter 313 appraised value limitation agreement is an important component in this analysis.”

- II. Enterprise Products Operating, LLC submitted a confidential discounted cash flow model (DCF) with the application. The “DCF model shows that the rate of return with the valuation limitation agreement exceeds the minimum rate of return required by the Applicant to proceed with the proposed investment.”
- III. The project site is adjacent to Enterprise Products’ facilities. Per Tab 4 of the Application for a Limitation on Appraised Value:
 - (A.) “Enterprise Products Operating LLC (“Enterprise”) currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing NGL fractionator (Frac # 12) in Mont Belvieu, Texas. This project will provide for a greenfield 150 MBPD NGL Frac Unit capable of processing feed with a design basis of 44.7% to 52.6% ethane to produce ethane, propane, commercial grade butane, and untreated natural gasoline.”
 - (B.) “Although this is a standalone facility, it will have limited interconnections between the proposed facility and the existing Mont Belvieu Complex. The connections will be limited to utilities, feedstock via pipeline and finished product storage connection via pipeline.”
- IV. The 12th fractionator comes on the heels of recent growth in the Mont Belvieu as reported by April 2019 Greater Baytown article. According to the article:
 - (A.) “In Mont Belvieu and the surrounding areas of Chambers County, Enterprise continues to invest in natural gas liquids (NGL) fractionation infrastructure to facilitate growing production from the major shale producing regions, especially the Permian Basin where NGL volumes are expected to double over the next four years. In the second quarter of 2018, the partnership’s ninth fractionator at the Mont Belvieu area complex went into service. The new unit, which has a nameplate capacity of 85,000 barrels per day (BPD), increased Enterprise’s system-wide fractionation capacity to more than 1.2 million BPD.”
 - (B.) “Two additional fractionators are under construction adjacent to the main Mont Belvieu complex in Chambers County. The new units will have a combined nameplate capacity of 300,000 BPD and are expected to be in service by the first half of 2020. When completed, Enterprise’s fractionation capacity for the Mont Belvieu area complex will be more than 1 million BPD and approximately 1.5 million BPD company-wide.”
- V. Enterprise Product Partners, LP, Enterprise Products Operating LLC’s parent company does acknowledge potential growth of additional fractionator projects while not naming this particular project in its presentation material - Enterprise Products Partners, LP BAML Energy Credit Conference, June 5, 2019.

Introduction

Enterprise Products Operating LLC ("Enterprise" or "Company") has submitted an application to the Barbers Hill Independent School District ("BHISD" or "District") requesting a property value limitation on a proposed project, located within the school district boundaries, under Chapter 313 of the Texas Tax Code. The proposed project is a new natural gas liquid (NGL) fractionator Chambers County, TX. The company estimates that the total investment in this project will be in excess of \$450 million.

Local government entities in Texas, including school districts, rely heavily on the ad valorem property tax to fund operations and building projects. Thus, the property tax burden that Texas imposes on individuals and business entities is higher compared to most other states. Seeking to encourage economic development and to attract large scale capital investment, the 77th Texas Legislature in 2001 enacted House Bill 1200 creating Tax Code Chapter 313, the Texas Economic Development Act. The act as amended by the legislature in 2007, 2009, and 2013 now grants eligibility to companies engaging in manufacturing, advanced clean energy projects, research and development, clean coal projects, renewable electric energy generation, electric power generation using integrated gasification combined cycle technology, nuclear electric power generation and a computer center used primarily in connection to one of the other categories, or a Texas Priority Project. Under the provisions of this law, the Barbers Hill Independent School District may grant a value limitation for maintenance and operation taxes in the amount of \$80 million dollars for a period of ten years.

The application calls for the project to be fully taxable for both M&O (maintenance and operation) and I&S (interest and sinking) during the 2019-20 through the 2021-22 school years. Beginning with the 2022-23 school year, the value of the project would be limited to \$80 million for M&O tax purposes and remain limited through the 2031-32 school year. The full value of the project will be taxable for debt service purposes using the I&S tax rate in all years of the agreement.

Total Tax Savings to Company after all Payments -	<u>\$18,354,364</u>

School Finance Mechanics

The Texas system of public-school funding is based on the ad valorem property tax. Schools levy a tax rate for maintenance and operation (M&O) and interest and sinking (I&S) against a current year tax roll. As a result of House Bill 3, as passed by the 86th Texas Legislature, signed into law, and effective in relevant part, on September 1, 2019, State funding is calculated using current year property value, which is a significant change from prior law which has relied on prior year values as certified by the Comptroller's Property Tax Division (CPTD), since 1993. However, for the purposes of districts with Tax Code Chapter 313 agreements and in accordance with Sec. 48.256 – LOCAL SHARE OF PROGRAM COST (TIER I), Subsection d - *A revenue protection payment required as part of an agreement for a limitation on appraised value shall be based on the district's taxable value of property for the preceding tax year.*

Texas school districts are funded by some combination of local ad valorem property taxes and state aid. Most of the money that a school district generates through the funding formulas is generated in Tier 1. Local M&O collections at the compressed tax rate generate Tier I funding. In 2019-20, a school district's Tier I revenue is the greater of the adjusted minimum target revenue amount or the state share of Tier 1 plus local M&O collections at the compressed rate. The Tier 1 formulas start with a Basic Allotment per student of \$6,160. Funding calculations use the number of students in average daily attendance, the number of students who participate in categorical/special programs, and adjustments for size, sparsity, and location determine a Total Cost of Tier 1. A Local Fund Assignment is determined by multiplying the district's compressed tax rate by the current year property value. This formula determines the local ad valorem property taxes the district must collect in order to satisfy the district's share of the Tier 1 cost. School districts that are relatively property wealthy per student fund most of the Total Cost of Tier 1 with local property taxes, while school districts that are relatively property poor per student receive most of the Total Cost of Tier 1 from state aid.

Barbers Hill ISD is a relatively property wealthy district per student and so most of its M&O revenue is generated from local ad valorem property taxes. In attempting to provide some degree of funding equity among school districts, the formulas provide guaranteed yields for both Tier I (formula funding) and for Tier II (enrichment). For those districts that generate local revenue in excess of entitlement amounts, the excess revenue is recaptured. Under prior law, recapture was a function of excess property wealth per weighted student. The system continues to rely on both golden (greater of 96th percentile of wealth up to 160% of basic allotment) and copper (equalized up to \$49.28/WADA) enrichment pennies (Tier II tax rate). Under HB 3, districts can access up to 8 golden pennies. Copper pennies will be compressed in manner that generates the same revenue for the compressed number of pennies as were taxed under old law.

BHISD currently has property wealth per weighted ADA that is more than the second equalized wealth level at \$825,449 per weighted ADA. Under prior law, BHISD was considered a Chapter 41 district and would have paid recapture. The implementation of HB 3, is not expected to alter Barbers Hill's status in terms of being required to pay recapture. Enterprise is requesting that the value of the natural gas liquid (NGL) fractionator facility be limited to \$80,000,000 in years one through ten of the agreement, corresponding to the 2022-23 school year through the 2031-32 school year. The full value of the project would be subject to interest and sinking (I&S) taxes levied by Barbers Hill ISD in all years of the agreement.

Underlying Assumptions

A forecast of the financial impact that the proposed value limitation will have on BHISD's future revenue is critical information that will be very useful to the district when making the decision to grant the limitation and for the district's long range financial planning process. Analysis for this application covers the 2019-20 through the 2036-37 school years.

The Revenue Protection Clause of the proposed agreement calls for the school district to be held harmless against any potential state and local maintenance and operation revenue losses as a result of the value limitation agreement. Revenue protection calculations are to be made using whatever property tax laws and school funding formulas are in place at that time in years one through ten of the agreement. This stipulation is a statutory requirement under Section 313.027 of the Tax Code.

The approach used in this report was to predict 18 years of base data including average daily attendance, M&O and I&S tax rates, maintenance and operation (M&O) tax collections and current year (CAD) values and prior year (CPTD) values for each year of the agreement. For the purposes of this analysis, final 2018 CPTD values were used as well as 2018 CAD values from Chambers County CAD (Central Appraisal District). These values have been included in the base data illustrated in **Table 1**.

To isolate the impact of the value limitation on the District's finances over this 18 year agreement, average daily attendance and maintenance and operation tax rates were held constant at levels that were projected to exist in the 2019-20 school year. An ADA of 5,702.4, a WADA of 6,778.3 and a 2019 M&O tax rate of \$1.06, compressed to \$0.99 under HB 3, were used for each year of the forecast. A tax collection rate of 100% is assumed in all of the calculations used in this analysis. The Chambers CAD certified value for 2019 was used as the 2019 CAD value. This value was used as the basis for subsequent current year (CAD) values in this report. The final 2018 T1, T2, T3 and T4 Comptroller Property Tax Division (CPTD) values, certified to school districts in late July, 2019, were used as a basis for predicting prior year (CPTD) values for each of the agreement years.

The proposed agreement calls for Barbers Hill ISD to be held harmless against potential state and local revenue losses that might occur as a result of the value limitation being in effect for any given year of the agreement. In order to predict when and if these revenue losses may occur, a state and local revenue projection for the 2019-2020 school year was completed to serve as base line data and is displayed in **Table 2**. In any year of the limitation period where total state and or local funding with the full project value exceeds the total state and local funding produced when the limited value is used, a Revenue Protection Payment is indicated for that year. The results of these calculations are illustrated in Table 3.

Financial Impact on the School District

Utilizing the assumptions and methodology described above, total maintenance and operation revenue was estimated for each year of the agreement. **Table 3**, which summarizes the difference between the two models, indicates that there will be a total revenue loss of \$3.7 million over the course of the agreement. The revenue loss by the district, due to the agreement, is estimated to be mostly in the first year of the value limitation period.

Financial Impact on the Taxpayer

The terms of the proposed agreement call for the maintenance and operation (M&O) value of the project to be limited to \$80 million starting in school year 2022-23 and remaining limited through school year 2031-32. The potential gross and net tax savings to Enterprise are shown in **Table 3**. As stated earlier, an M&O tax rate of \$.99 and a collection rate of 100% is used throughout the calculations in this report. **Table 3** shows gross tax savings due to the limitation of \$32.9 million over the length of the contract. Net tax savings are estimated to be \$29.3 million. To estimate supplemental payments to the school district of \$100 per ADA, a growth model was applied to the base ADA of 5,702, which was the projected ADA for BHISD for the 2019-20 school year. BHISD's growth rate for the last 10 years has averaged 3% which is also reflected by demographic studies.

Facilities Funding Impact on the District

Reports submitted by Enterprise show the full value of the property being depreciated over time. Even so, the full value of the project will be available to the district for I&S taxes and will enhance the district's ability to service current and future debt obligations. While the project is expected to provide additional employment opportunities in the area, the impact on student enrollment is predicted to be minimal.

Conclusion

The Enterprise project proposed in this application will benefit the community, the district, BHISD, and the taxpayer, Enterprise. The community will receive economic development, the taxpayer will enjoy savings on property taxes and the district will be held harmless from revenue loss due to the provisions of the agreement. The district will also enjoy an increased value available for I&S tax collections dedicated to debt service that can be leveraged to provide first class facilities for faculty and students.

Remember that the Texas Legislature could take additional action that could potentially change the impact of this agreement on the finances of Barbers Hill ISD and result in estimates that differ significantly from the estimates presented in this analysis. Some of the factors that could significantly change these estimates are legislative or administrative changes by the Texas Legislature, the Texas Education Agency or the Comptroller of Public Accounts. Those changes could contain changes to the school finance formulas, property value appraisals and tax exemptions. Other factors which could change, and will impact the estimates of this agreement, include changes to property values, district tax rates and student enrollment.

ARTICLE IV

PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1. INTENT OF THE PARTIES. Subject only to the limitations contained in Section 7.1 of this Agreement, it is the intent of the Parties that the District shall, in accordance with the provisions of Section 313.027(f)(1) of the TEXAS TAX CODE and TEXAS EDUCATION CODE Section 48.256 (d) be compensated by the Applicant for any Lost M&O Revenue in each year of this Agreement for which this Agreement was the producing cause, after taking into account any payments to be made under this Agreement. Such payments shall be independent of, and in addition to such other payments as set forth in Article V and Article VI in this Agreement. Subject only to the limitations contained in this Agreement, including Section 7.1, it is the intent of the Parties that the risk of any and all Lost M&O Revenue, for which this Agreement was the producing cause, will be borne solely by Applicant and not by the District.

The calculation of any Lost M&O Revenue required to be paid by the Applicant under this Article IV shall be made for the first time for the first complete Tax Year following the start of Commercial Operations, and every year thereafter during the term of this Agreement.

Within 60 days from the date Commercial Operations begin, the Applicant shall provide to the District, the Comptroller, and the Appraisal District a verified written report, giving a specific and detailed description of the land, tangible personal property, buildings, or permanent, nonremovable building components (including any affixed to or incorporated into real property) to which the value limitation applies including maps or surveys of sufficient detail and description to locate all such Qualified Property within the boundaries of the land which is subject to the Agreement, if such final description is different than the description provided in the Application or any supplemental application information, or if no substantial changes have been made, a verification of the fact that no substantial changes have been made.

The Parties further agree that the school finance report and projected revenue protection payment amounts produced during the negotiations and approval of this Agreement are:

- i. For illustrative purposes only, are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party;
- ii. Are based upon current Applicable School Finance Law, which is subject to change by statute, by administrative regulation, or by judicial decision at any time; and,

- iii. May change in future years to reflect changes in the Applicable School Finance Law.

Section 4.2. CALCULATING THE LOST M&O REVENUE BY THE DISTRICT. Subject only to the provisions of Section 7.1 of this Agreement, the amount to be paid by the Applicant to compensate the District for Lost M&O Revenue for each year starting in the year of the Application Review Start Date and ending on the Final Termination Date shall be determined in compliance with the Applicable School Finance Law in effect for such year, TEXAS EDUCATION CODE Section 48.256 (d) and according to the following formula: The Lost M&O Revenue owed by the Applicant to the District means the Original M&O Revenue *minus* the New M&O Revenue. In making the calculations required by this Section 4.2:

- i. The Taxable Value of property for each school year will be determined under the Applicable School Finance Law as that law exists for each year for which the calculation is made.
- ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property will be presumed to be one hundred percent (100%).
- iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue, as calculated under this Section 4.2 of this Agreement, results in a negative number, the negative number will be considered to be zero.
- iv. For all calculations made for years during the Tax Limitation Period under Section 4.2 of this Agreement, Subsection *ii* of this subsection will reflect the Tax Limitation Amount for such year.
- v. All calculations under this Section 4.2 shall be made by a methodology which isolates the full M&O Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or on account of or otherwise arising out of any other factors not contained in this Agreement.

Section 4.3. CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") selected each year by the District, with the consent of the Applicant. In the event the Applicant and the District cannot agree upon a Third Party, the Parties will participate in mediation as provided in Section 9.3 of this Agreement. In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for any reasonable and necessary costs to the District, including costs under Subsection 8.6(C), below, which are or may be attributable to compliance with State-imposed costs of compliance with the terms of this Agreement.

In the event that the calculations made under this Agreement by the Third Party should become the subject of litigation, the Parties stipulate that the Third Party's participation in any such dispute shall be limited to providing the court or administrative body with jurisdiction over such dispute with an explanation of the methodology used in reaching the Third Party's calculation so as to assist the court or administrative body.

Section 4.4. DATA USED FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified appraisal roll submitted to the District for each Tax Year pursuant to Texas Tax Code § 26.01 on or about July 25 of each year of this

Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 4.3. The certified appraisal roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified appraisal roll or any other changes in student counts, tax collections, or other data.

Section 4.5. DELIVERY OF CALCULATIONS. On or before November 1 of each year for which this Agreement is effective, the Third Party shall forward to the Parties a certification containing the calculations required under Articles IV, V, VI, and/or Section 7.1 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit an invoice for fees for services rendered to the Parties, if any fees are being claimed, which fee shall be the sole responsibility of the District, but subject to the provisions of Section 4.6, below. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's calculations, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation until the Final Termination Date of this Agreement. The Applicant shall not be liable for any of the Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement.

Section 4.6. PAYMENT BY APPLICANT. The Applicant shall pay any amount determined by the Third Party to be due and owing to the District under this Agreement on or before January 31 of the year next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Third Party, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or other reimbursement applications filed with or sent to the State of Texas, for any audits conducted by the State Auditor's Office, which are, or may be required under the terms or because of the execution of this Agreement.

For no Tax Year during the term of this Agreement shall the Applicant be responsible for the payment of fees and expenses under this Section 4.6 that exceeds the necessary and reasonable costs incurred by the District for compliance with this Agreement. In any year in which such compliance is anticipated to exceed an aggregate amount of Fifteen Thousand Dollars (\$15,000) per year, the District shall provide the Applicant with prior written notice given by July 31 of the anticipated annual aggregate amount the District anticipates it will incur, and if the Applicant disagrees that such fees are necessary and reasonable, the Parties may resolve such dispute as provided in Section 4.7.

Section 4.7. RESOLUTION OF DISPUTES. Pursuant to Sections 4.3, 4.4 and 4.5 of this Agreement, should the Applicant disagree with the Third Party's certification containing the calculations (the "Certified Calculations"), the Applicant may appeal the findings, in writing, to the Third Party within thirty (30) days following the later of (i) receipt of the Certified Calculations, or (ii) the date the Applicant is granted access to the books, records, and other information in accordance with Section 4.5 for purposes of auditing or reviewing the information in connection with the Certified Calculations. Within ten (10) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the Certified Calculations (the "Final Certification of Calculations"). Thereafter, the Applicant may appeal the Final Certification of

Calculations to the District's Board of Trustees. Any such appeal by the Applicant of the Final Certification of Calculations may be made, in writing, to the District's Board of Trustees within thirty (30) days of the Applicant's receipt of the Final Certification of Calculations and shall be without limitation of the Applicant's other rights and remedies available hereunder, at law or in equity.

Section 4.8. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Third Party selected under Section 4.3 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and/or the Applicant's Qualified Property and such appeal remains unresolved, the Third Party shall base its calculations upon the values placed upon the Applicant's Qualified Property and/or the Applicant's Qualified Property by the Appraisal District.

If as a result of an appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Third Party.

Section 4.9. STATUTORY CHANGES AFFECTING M&O REVENUE. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 7.1 of this Agreement, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, because of its participation in this Agreement, Applicant shall make payments to the District, up to the Annual Limitation amount set forth in Section 7.1, that are necessary to offset any negative impact on the District's Maintenance and Operations Revenue, as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

Section 4.10. CUMULATIVE PAYMENT LIMITATION. Notwithstanding any other provision in this Agreement, in no event shall the Cumulative Payments calculated for a Tax Year of this Agreement during the period beginning with the Tax Year that includes the date on which the Qualifying Time Period commences under this Agreement as provided in Section 2.3.C.i, and ending with the final Tax Year of the Tax Limitation Period, exceed an amount equal to One Hundred Percent (100%) of the amount of maintenance and operations ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. For each Tax Year of this Agreement, amounts otherwise due and owing by the Applicant to the District which, by virtue of the application of the payment limitation set forth in this Section 4.10, are not payable to the District for such Tax Year, shall be carried forward from year-to-year into subsequent Tax Years during the term of this Agreement, but shall be subject, in each subsequent Tax Year, to the limit set forth in this Section 4.10. This Cumulative Payment Limitation shall not apply to Cumulative Payments owed during any Tax Year in the three Tax Years following the last year of the Tax Limitation Period.

ARTICLE V
PAYMENT OF EXTRAORDINARY EDUCATION-RELATED EXPENSES

Section 5.1. EXTRAORDINARY EXPENSES. In addition to the amounts determined pursuant to Section 4.2 of this Agreement above, Applicant on an annual basis shall also indemnify and reimburse District for all non-reimbursed costs, certified by District's external auditor to have been incurred by District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project.

ARTICLE VI
SUPPLEMENTAL PAYMENTS

Section 6.1. INTENT OF PARTIES WITH RESPECT TO SUPPLEMENTAL PAYMENTS.

- (a) Amounts Exclusive of Article IV and Article V Payments

In addition to undertaking the responsibility for the payment of all of the amounts set forth under Articles IV and V, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for the supplemental payments set forth in this Article VI, (the "Supplemental Payments"). The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313, Texas Tax Code, unless it is explicitly set forth in this Agreement. It is the express intent of the Parties that the Applicant's obligation to make Supplemental Payments under this Article VI is separate and independent of the obligation of the Applicant to pay the amounts described in Articles IV and V; provided, however, that all payments under Articles IV and V are subject to the limitations contained in Section 7.1, and that all payments under this Article VI are subject to the separate limitations contained in Section 6.2.

- (b) Adherence to Statutory Limits on Supplemental Payments

It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant under this Article VI shall not exceed the limit imposed by the provisions of Texas Tax Code §313.027(i), as such limit is allowed to be increased by the Legislature for any future year of this Agreement.

Section 6.2. SUPPLEMENTAL PAYMENT LIMITATION. Notwithstanding the foregoing:

A. The total of the Supplemental Payments made pursuant to this Article shall not exceed for any calendar year of this Agreement an amount equal to the greater of One Hundred Dollars (\$100.00) per student per year in average daily attendance, as defined by Section 42.005 of the TEXAS EDUCATION CODE, or Fifty Thousand Dollars (\$50,000.00) per year times the number of years beginning with the first complete or partial year of the Qualifying Time Period identified in Section 2.3.C and ending with the year for which the Supplemental Payment is being calculated minus all Supplemental Payments previously made by the Applicant;

B. Supplemental Payments may only be made during the period starting the first year of the Qualifying Time Period and ending December 31 of the third year following the end of the Tax Limitation Period;

C. The limitation in Section 6.2.A does not apply to amounts described by Section 313.027(f)(1)–(2) of the TEXAS TAX CODE as implemented in Articles IV and V of this Agreement; and

D. For purposes of this Agreement, the calculation of the limit of the annual Supplemental Payment shall be the greater of \$50,000 or \$100 multiplied by the District's Average Daily Attendance as calculated pursuant to Section 42.005 of the TEXAS EDUCATION CODE, based upon the District's Average Daily Attendance for the previous school year.

Section 6.3. CALCULATION OF ANNUAL SUPPLEMENTAL PAYMENTS TO THE DISTRICT AND APPLICATION OF AGGREGATE LIMIT. For each Tax Year during the term of this Agreement beginning with the First Year of the Qualifying Time Period (Tax Year 2020) and continuing thereafter the end of the Tax Limitation Period defined in Section 2.3(D)(ii) (Tax Year 2031), the District, or its successor beneficiary should one be designated under Section 6.5 below, shall not be entitled to receive Supplemental Payments, computed under Sections 6.2 and 6.3, that exceed the Aggregate Limit. The Aggregate Limit shall not apply to Supplemental Payments owed in the three Tax Years following the end of the Tax Limitation Period (Tax Years 2032-2034).

- A. If, for any Tax Year during the term of this Agreement the amount of the Applicant's Supplemental Payment Amount, calculated under Section 6.2 above for such Tax Year, which, by virtue of the application of the payment limitation set forth in Section 7.1 below, are not payable to the District for such Tax Year, such sums shall be carried forward from year-to-year into subsequent Tax Years during the term of this Agreement, but shall be subject, in each subsequent Tax Year, to the Payment limit set forth in Section 7.1. Any of the Supplemental Payments which are not paid to the District after the third Tax Year following the end of the Tax Limitation Period because such payment would exceed the payment limitation under this Section will be deemed to have been cancelled by operation of law, and the Applicant shall have no further obligation with respect thereto.
- B. Pursuant to Texas Tax Code Section 313.027(i), the parties agree that Supplemental Payments under this Section 6 shall be owed for each year of the period beginning in the first year of the Qualifying Time Period (2020 Tax Year) and ending the third year after the date the Applicant's eligibility for a limitation agreement expires (2034 Tax Year).

For illustrative purposes, the Supplemental Payment Schedule is attached at Exhibit 5.

Section 6.4. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS. All calculations required by this Article VI, including but not limited to: (i) the calculation of the Applicant's Stipulated Supplemental Payment Amount; (ii) the determination of both the Annual Limit and the Aggregate Limit; (iii) the effect, if any, of the Aggregate Limit upon the actual amount of Supplemental Payments eligible to be paid to the District by the Applicant; and (iv) the carry forward and accumulation of any of the Applicant's Stipulated Supplemental Payment Amounts unpaid by the Applicant due to the Aggregate Limit in previous years, shall be calculated by the Third Party selected pursuant to Section 4.3.

- (a) The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.5.
- (b) The payment of all amounts due under this Article VI shall be made at the time set forth in Section 4.6.
- (c) Any appeal by the Applicant of the calculations made by the Third Party under this Article VI shall be done in the same manner as set forth in Section 4.7, above.

Section 6.5. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY. At any time during this Agreement, the Board of Trustees may, in its sole discretion, direct that all or any portion of the Applicant's payments under this Article VI ("Directed Payments") be made to the District's educational foundation or to a similar entity. Such foundation or entity may only use such funds received under this Article VI to support the educational mission of the District and its students. Any designation of such foundation or entity to receive Directed Payments must be made by recorded vote of the Board of Trustees at a properly posted public meeting of the Board of Trustees. Any such designation will become effective after such public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 10.1 below. Such designation may be rescinded by the Board of Trustees, by Board action, at any time, and any such rescission will become effective after delivery of notice of such action to the Applicant in conformance with the provisions of Section 10.1.

Any designation of a successor beneficiary under this Section 6.5 shall not alter the limits on Supplemental Payments described in Sections 6.2 and 6.3, above.

Notwithstanding the foregoing, any payments made by Applicant shall be made in the manner and to the party designated in this Agreement, unless Applicant receives unambiguous written notice from the District that such payments are to be made to a different party.

ARTICLE VII

ANNUAL LIMITATION OF PAYMENTS BY APPLICANT

Section 7.1. ANNUAL LIMITATION. Notwithstanding anything contained in this Agreement to the contrary, and with respect to each Tax Year of the Tax Limitation Period beginning after the first Tax Year of the Tax Limitation Period, in no event shall (i) the sum of the maintenance and operations ad valorem taxes paid by the Applicant to the District for such Tax Year, plus the sum of all payments otherwise due from the Applicant to the District under Articles IV, V, and VI of this Agreement with respect to such Tax Year, exceed (ii) the amount of the maintenance and operations ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Article IV of this Agreement, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii), then the payments otherwise due from the Applicant to the District under Articles IV, V, and VI shall be reduced until such excess is eliminated.

Section 7.2. OPTION TO TERMINATE AGREEMENT. In the event that any payment otherwise due from the Applicant to the District under Article IV, Article V, or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1, then the Applicant shall have the option to terminate this Agreement. The Applicant may exercise such option to terminate this Agreement by notifying the District of its election in writing not later than the July 31 of the year following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

Section 7.3. EFFECT OF OPTIONAL TERMINATION. Upon the exercise of the option to terminate pursuant to Section 7.2, this Agreement shall terminate and be of no further force or effect; provided, however, that:

A. the Parties respective rights and obligations under this Agreement with respect to the Tax Year or Tax Years (as the case may be) through and including the Tax Year during which such notification is delivered to the District, shall not be impaired or modified as a result of such termination and shall survive such termination unless and until satisfied and discharged; and

B. the provisions of this Agreement regarding payments (including liquidated damages and tax payments), records and dispute resolution shall survive the termination or expiration of this Agreement.

ARTICLE VIII **ADDITIONAL OBLIGATIONS OF APPLICANT**

Section 8.1. APPLICANT'S OBLIGATION TO MAINTAIN VIABLE PRESENCE. In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall Maintain Viable Presence in the District commencing at the start of the Tax Limitation Period through the Final Termination Date of this Agreement. Notwithstanding anything contained in this Agreement to the contrary, the Applicant shall not be in breach of, and shall not be subject to any liability for failure to Maintain Viable Presence to the extent such failure is caused by Force Majeure, provided the Applicant makes commercially reasonable efforts to remedy the cause of such Force Majeure.

Section 8.2. REPORTS. In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall submit all reports required from time to time by the Comptroller, listed in 34 TEXAS ADMIN. CODE Section 9.1052 and as currently located on the Comptroller's website, including all data elements required by such form to the satisfaction of the Comptroller on the dates indicated on the form or the Comptroller's website and starting on the first such due date after the Application Approval Date.

Section 8.3. COMPTROLLER'S REPORT ON CHAPTER 313 AGREEMENTS. During the term of this Agreement, both Parties shall provide the Comptroller with all information reasonably necessary for the Comptroller to assess performance under this Agreement for the purpose of issuing the Comptroller's report, as required by Section 313.032 of the TEXAS TAX CODE.

Section 8.4. DATA REQUESTS. Upon the written request of the District, the State Auditor's Office, the Appraisal District, or the Comptroller during the term of this Agreement, the Applicant, the District or any other entity on behalf of the District shall provide the requesting party with all information reasonably

necessary for the requesting party to determine whether the Applicant is in compliance with its rights, obligations or responsibilities, including, but not limited to, any employment obligations which may arise under this Agreement.

Section 8.5. SITE VISITS AND RECORD REVIEW. The Applicant shall allow authorized employees of the District, the Comptroller, the Appraisal District, and the State Auditor's Office to have reasonable access to the Applicant's Qualified Property and business records from the Application Review Start Date through the Final Termination Date, in order to inspect the project to determine compliance with the terms hereof or as necessary to properly appraise the Taxable Value of the Applicant's Qualified Property.

A. All inspections will be made at a mutually agreeable time after the giving of not less than forty-eight (48) hours prior written notice, and will be conducted in such a manner so as not to unreasonably interfere with either the construction or operation of the Applicant's Qualified Property.

B. All inspections may be accompanied by one or more representatives of the Applicant, and shall be conducted in accordance with the Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide the District, the Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret, or is subject to a confidentiality agreement with any third party.

Section 8.6. RIGHT TO AUDIT; SUPPORTING DOCUMENTS; AUTHORITY OF STATE AUDITOR. By executing this Agreement, implementing the authority of, and accepting the benefits provided by Chapter 313 of the TEXAS TAX CODE, the Parties agree that this Agreement and their performance pursuant to its terms are subject to review and audit by the State Auditor as if they are parties to a State contract and subject to the provisions of Section 2262.154 of the TEXAS GOVERNMENT CODE and Section 313.010(a) of the TEXAS TAX CODE. The Parties further agree to comply with the following requirements:

A. The District and the Applicant shall maintain and retain supporting documents adequate to ensure that claims for the Tax Limitation Amount are in accordance with applicable Comptroller and State of Texas requirements. The Applicant and the District shall maintain all such documents and other records relating to this Agreement and the State's property for a period of four (4) years after the latest occurring date of:

- i. Date of submission of the final payment;

- iii. Date of resolution of all disputes or payment.

B. During the time period defined under Section 8.6.A, the District and the Applicant shall make available at reasonable times and upon reasonable notice, and for reasonable periods, all information related to this Agreement; the Applicant's Application; and the Applicant's Qualified Property, Qualified Investment, New Qualifying Jobs, and wages paid for New Non- Qualifying Jobs such as work papers, reports, books, data, files, software, records, calculations, spreadsheets and other supporting documents pertaining to this Agreement, for purposes of inspecting, monitoring, auditing, or evaluating by the Comptroller, State Auditor's Office, State of Texas or their authorized representatives. The Applicant and the District shall cooperate with auditors and other authorized Comptroller and State of Texas representatives and shall provide them with prompt access to all of such property as requested by the

Comptroller or the State of Texas. By example and not as an exclusion to other breaches or failures, the Applicant's or the District's failure to comply with this Section shall constitute a Material Breach of this Agreement.

C. In addition to and without limitation on the other audit provisions of this Agreement, the acceptance of tax benefits or funds by the Applicant or the District or any other entity or person directly under this Agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Applicant or the District or other entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The Parties agree that this Agreement shall for its duration be subject to all rules and procedures of the State Auditor acting under the direction of the legislative audit committee.

D. The Applicant shall include the requirements of this Section 8.6 in its subcontract with any entity whose employees or subcontractors are subject to wage requirements under the Act, the Comptroller's Rules, or this Agreement, or any entity whose employees or subcontractors are included in the Applicant's compliance with job creation or wage standard requirement of the Act, the Comptroller's Rules, or this Agreement.

Section 8.7. FALSE STATEMENTS; BREACH OF REPRESENTATIONS. The Parties acknowledge that this Agreement has been negotiated, and is being executed, in reliance upon the information contained in the Application, and any supplements or amendments thereto, without which the Comptroller would not have approved this Agreement and the District would not have executed this Agreement. By signature to this Agreement, the Applicant:

A. represents and warrants that all information, facts, and representations contained in the Application are true and correct to the best of its knowledge;

B. agrees and acknowledges that the Application and all related attachments and schedules are included by reference in this Agreement as if fully set forth herein; and

C. acknowledges that if the Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that the Applicant has violated any of the representations, warranties, guarantees, certifications, or affirmations included in the Application or this Agreement, the Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by Section 9.2 of this Agreement.

O. The Applicant failed to comply with the conditions included in the certificate for limitation issued by the Comptroller.

Section 9.2. DETERMINATION OF BREACH AND TERMINATION OF AGREEMENT.

A. B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to:

Section 9.3. DISPUTE RESOLUTION.

A. After receipt of notice of the Board of Trustee's Determination of Breach and Notice of Contract Termination under Section 9.2, the Applicant shall have sixty (60) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to the

District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within sixty (60) days after the Applicant initiates mediation, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Chambers County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator's fees and expenses and the Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.

B. C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be

entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant to Section 9.4.C, terminate this Agreement.

E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

Section 9.5. LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make \$80,000,000 of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS. Pursuant to Section 313.0276 of the TEXAS TAX CODE, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1.C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of TEXAS TAX CODE, and that determination is final.

Section 9.8. REMEDY FOR FAILURE TO CREATE AND MAINTAIN COMMITTED NEW QUALIFYING JOBS

A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.

B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the market value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.

C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.

D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

2. On February 26, 2013, the Court designated the Zone by Order to affect tax abatement on qualified investments. In accordance with Chapter 312.203 of the Code, the designation of a reinvestment zone for tax abatement expires five (5) years after the date of designation.

Specifically, notice of today's hearing was published in the manner required by law and notice was timely given to the presiding officer of other taxing units of government as required by law.
6. The renewal of the Zone will contribute to the retention or expansion of primary employment and will attract major investment in the Zone that will be a benefit to the property to be included in the Zone and will contribute to the economic development of the County and surrounding area.

7. The improvements sought to be made are feasible and practical and will be a benefit to the land to be included in the Zone.
8. The area requested to be renewed as a reinvestment zone meets the criteria for designation as such in one of more ways as specifically provided by law.
9. The Zone shall take effect upon the effective date of this Order and expire five (5) years thereafter. The Zone may be renewed by the Court for one or more subsequent terms of five (5) years or less.

Proposed Project Description

Enterprise Products Operating LLC ("Enterprise") currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing NGL fractionator (Frac # 12) in Mont Belvieu, Texas. This project will provide for a greenfield 150 MBPD NGL Frac Unit capable of processing feed with a design basis of 44.7% to 52.6% ethane to produce ethane, propane, commercial grade butane, and untreated natural gasoline.

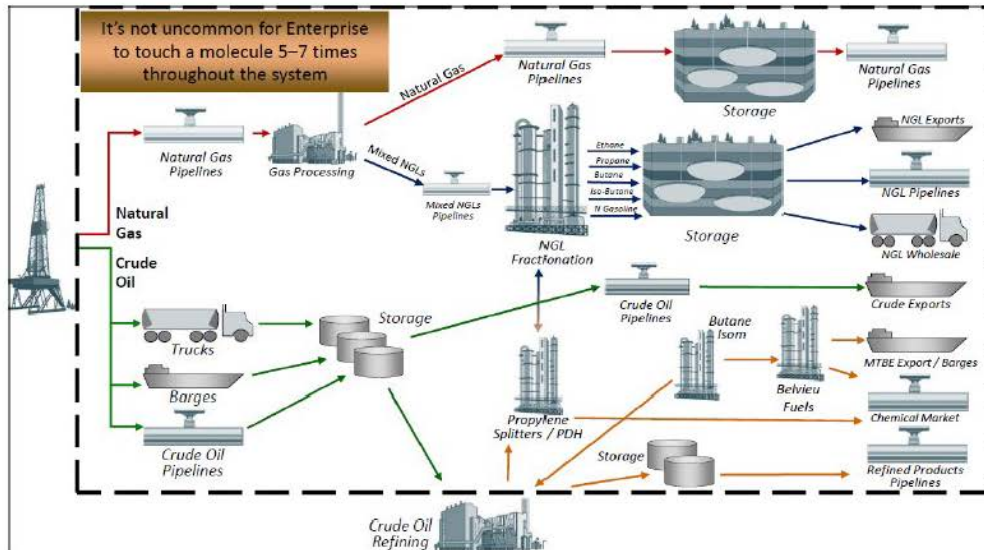

Although this is a standalone facility, it will have limited interconnections between the proposed facility and the existing Mont Belvieu Complex. The connections will be limited to utilities, feedstock via pipeline and finished product storage connection via pipeline.

Enterprise is a leading midstream energy company with large pipeline foot print. These pipelines provide substantial flexibility in plant location.

NGL Manufacturing Fractionation Plant

NGL manufacturing is the process of fractionating raw NGL mix produced by natural gas processing plants into discrete NGL purity components (i.e., ethane, propane, normal butane, iso-butane, and natural gasoline).

The manufacturing process is accomplished by applying heat and pressure to the mixture of raw NGL hydrocarbons and separating each discrete product at the different boiling points for each NGL component of the mixture.

The pipeline feed mixture is processed in feed filter, feed coalescer, and amine contractors to remove particulates, sulfides, and carbon dioxide. The sweetened feed is then dehydrated and fed to the Deethanizer column. The Deethanizer is used to manufacture the feed into two fractions. The overhead vapor fraction consists of ethane and lighter components and is condensed by heat exchange against propylene refrigerant. (Propylene vapor from the Deethanizer condenser is first compressed in a two-stage machine and then is condensed in a wet-surface air cooler. The liquid propylene is then sub-cooled against low-temperature ethane before being fed back to the Deethanizer column condenser as refrigerant.) A portion of the condensed ethane is pumped out of the unit as ethane product to the existing storage facility, and the balance is refluxed back to the column. The Bottom fraction from the column, consisting mainly of propane and heavier components, is fed to the Depropanizer column. Heat for the manufacturing is provided by a number of reboilers, including a hot oil reboiler at the bottom of the column.

The Depropanizer column takes the feed from the Deethanizer bottom and separates it into a propane and lighter fraction, which goes overhead, and a butane and heavier fraction, which exits the bottom. Condensing for the column is provided by a heat pump circuit and a wet surface air cooler. The propane heat pump circuit exchanges against the Depropanizer side reboiler and two reboilers attached to the Deethanizer column. The wet-surface air cooler is used to sub-cool the condensed propane. Part of the propane is refluxed back to the column and the balance is sent to the existing storage complex as product. Heat for manufacturing is provided by a hot oil reboiler at the bottom of the column.

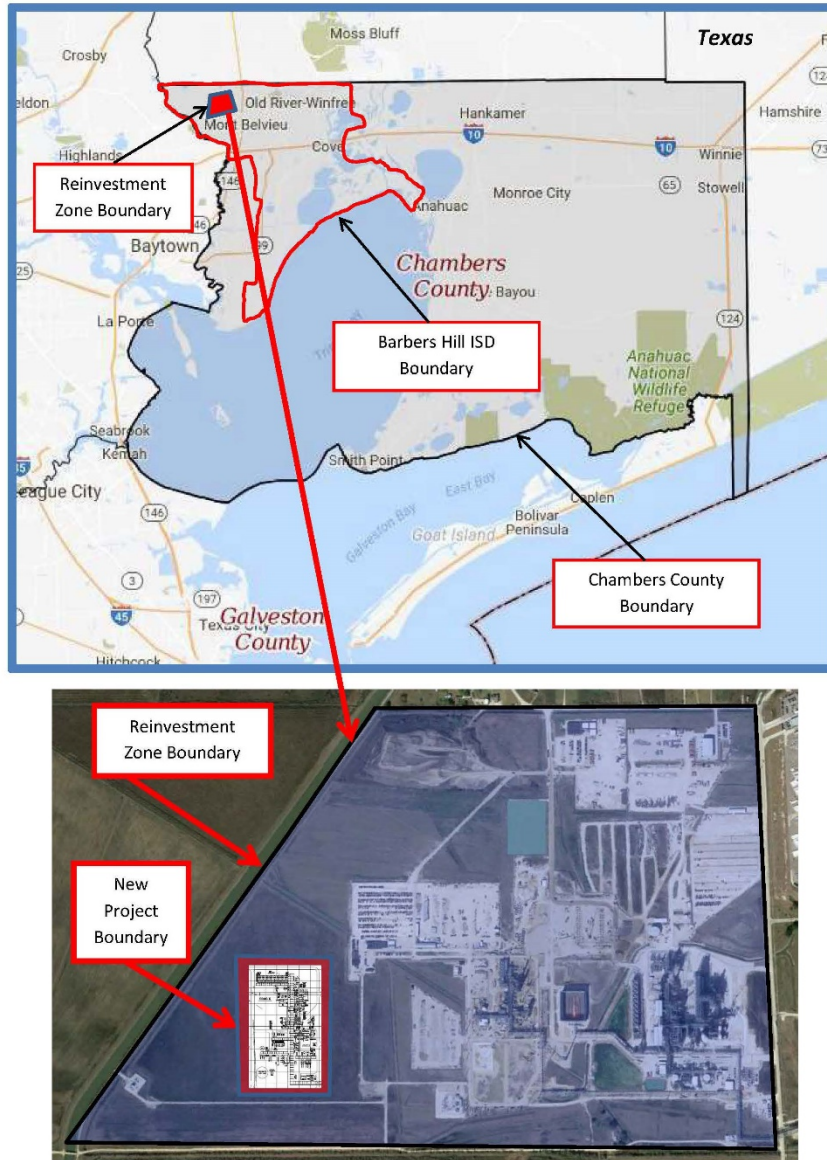

The stream from the bottom of the Depropanizer is fed to the Debutanizer column, which manufactures it into an overhead stream containing mixed butanes (primarily normal butane and isobutene) and a bottoms gasoline stream which contains pentanes and heavier gasses. Part of the overhead butane stream is refluxed back to the column and the balance is sent to storage tanks as an intermediate feed for other units or as commercial butane product. The bottoms gasoline is routed to existing gasoline treating facilities. Condensing for the Debutanizer is provided by the Deethanizer Upper Side Reboiler, and heat for manufacturing in the Debutanizer is provided by a hot oil reboiler at the bottom of the column.
