Re: Application for a Chapter 313 Value Limitation Agreement between the Damon Independent School District and Brazoria West Solar Project LLC

*First Year of Qualifying Time Period – 2021*  
*First Year of Limitation – 2022*

Dear Local Government Assistance and Economic Analysis Division:

The Damon Independent School District Board of Trustees approved the enclosed Application for Appraised Value Limitation on Qualified Property at a duly called meeting held on July 1, 2019. The Application was determined to be complete on July 9, 2019. If approved, the proposed solar energy facility would be constructed in what is generally described as approx. 520 acres of vacant cropland located exclusively within Precinct No. 4, Brazoria County, Texas.

A copy is being provided to the Brazoria County Appraisal District by copy of this correspondence. The Board of Trustees believes this project will be beneficial to the District and looks forward to your review and certification of this Application.

Thanks so much for your kind attention to this matter.

Respectfully submitted,

Sara Hardner Leon

CHAPTER 313

APPLICATION FOR APPRAISED  
VALUE LIMITATION ON QUALIFIED PROPERTY

DAMON INDEPENDENT SCHOOL DISTRICT

# Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
  - the date on which the school district received the application;
  - the date the school district determined that the application was complete;
  - the date the school board decided to consider the application; and
  - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at [comptroller.texas.gov/economy/local/ch313/](http://comptroller.texas.gov/economy/local/ch313/). There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

 6a. If yes, attach in Tab 6 supporting documentation from the Office of the Governor.

**SECTION 11: Investment**

**NOTE:** The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at [comptroller.texas.gov/economy/local/ch313/](http://comptroller.texas.gov/economy/local/ch313/).

- 1. At the time of application, what is the estimated minimum qualified investment required for this school district? ..... \$1,000,000  
 ..... \$10,000,000
- 2. What is the amount of appraised value limitation for which you are applying? .....  
 Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
- 3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? .....  Yes  No
- 4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
  - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 7);
  - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (Tab 7); and
  - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (Tab 11).
- 5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? .....  Yes  No

**SECTION 12: Qualified Property**

1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip Items a, b and c below.) The description must include:
  - 1a. a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 8);
  - 1b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (Tab 8); and
  - 1c. a map of the qualified property showing location of new buildings or new improvements with vicinity map (Tab 11).
2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)?  Yes  No
  - 2a. If yes, attach complete documentation including:
    - a. legal description of the land (Tab 9);
    - b. each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (Tab 9);
    - c. owner (Tab 9);
    - d. the current taxable value of the land. Attach estimate if land is part of larger parcel (Tab 9); and
    - e. a detailed map showing the location of the land with vicinity map (Tab 11).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303?  Yes  No
  - 3a. If yes, attach the applicable supporting documentation:
    - a. evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (Tab 16);
    - b. legal description of reinvestment zone (Tab 16);
    - c. order, resolution or ordinance establishing the reinvestment zone (Tab 16);
    - d. guidelines and criteria for creating the zone (Tab 16); and
    - e. a map of the reinvestment zone or enterprise zone boundaries with vicinity map (Tab 11)
  - 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone? Application approval date

**SECTION 13: Information on Property Not Eligible to Become Qualified Property**

1. In Tab 10, attach a specific and detailed description of all existing property. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In Tab 10, attach a specific and detailed description of all proposed new property that will not become new improvements as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in Tab 10:
  - a. maps and/or detailed site plan;
  - b. surveys;
  - c. appraisal district values and parcel numbers;
  - d. inventory lists;
  - e. existing and proposed property lists;
  - f. model and serial numbers of existing property; or
  - g. other information of sufficient detail and description.
4. Total estimated market value of existing property (that property described in response to question 1): ..... \$ 0.00
5. In Tab 10, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property (that property described in response to question 2): ..... \$ 0.00

**Note:** Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

**SECTION 14: Wage and Employment Information**

1. What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? ..... 0
  
2. What is the last complete calendar quarter before application review start date:  
 First Quarter     Second Quarter     Third Quarter     Fourth Quarter of 2019  
(year)
  
3. What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)? ..... 0  
**Note:** For job definitions see TAC §9.1051 and Tax Code §313.021(3).
  
4. What is the number of new qualifying jobs you are committing to create? ..... 1
  
5. What is the number of new non-qualifying jobs you are estimating you will create? ..... 0
  
6. Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)? .....  Yes     No  
 6a. If yes, attach evidence in **Tab 12** documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
  
7. Attach in **Tab 13** the four most recent quarters of data for each wage calculation below, including documentation from the TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(21) and (22).  
 a. Average weekly wage for all jobs (all industries) in the county is ..... 1,190.50  
 b. 110% of the average weekly wage for manufacturing jobs in the county is ..... 2,546.78  
 c. 110% of the average weekly wage for manufacturing jobs in the region is ..... 1,273.50
  
8. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? .....  §313.021(5)(A) or  §313.021(5)(B)
  
9. What is the minimum required annual wage for each qualifying job based on the qualified property? ..... 66,222.20
  
10. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property? ..... 66,225.00
  
11. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? .....  Yes     No
  
12. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? .....  Yes     No  
 12a. If yes, attach in **Tab 12** supporting documentation from the TWC, pursuant to §313.021(3)(F).
  
13. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? .....  Yes     No  
 13a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

**SECTION 15: Economic Impact**

1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

## Project Description

#### **TAB 04 - PROJECT DESCRIPTION:**

This proposed project provides for the design and construction of a solar energy facility, and associated infrastructure, with an approximate total generation capacity of 200 megawatts AC located within a proposed, contiguous reinvestment zone. Approximately 75 megawatts AC will be located within Damon Independent School District. The total estimated Qualified Investment for this project is \$217 million dollars with an estimated \$62 million dollars to be allocated within Damon Independent School District. The remaining investment will be located within the boundary of neighboring Columbia-Brazoria Independent School District.

If approved, the project will be executed in one phase and estimated to commence construction on or about Q1 2021 with completion on or about Q4 2021.

#### **Site Information:**

If approved, the proposed solar energy facility would be constructed in what is generally described as approx. 520 acres of vacant cropland located exclusively within *Precinct No. 4, Brazoria County, Texas*. The legal description of the proposed reinvestment zone can be found in Tab 16.

#### **Proposed Improvements and Tangible Personal Property:**

Potential project-related improvements and tangible personal property for which this value limitation is sought includes, but not limited to, the following: photovoltaic solar panel modules, DC to AC inverters, tracker racking systems (mounting structures), medium- and high-voltage electric cabling, substation, high voltage transformer, switchgear, transmission equipment, telecom, SCADA equipment, high voltage transmission line, meteorological equipment, other associated safety, operations, and maintenance equipment.

Additional support infrastructure related to the project may also include: underground collection systems for cables, perimeter fencing, and security equipment. All qualified property and investment would reside within the contiguous reinvestment zone and school district boundary.

#### **Items For Which Value Limitation Is Requested:**

The Applicant requests that a value limitation be approved for all items mentioned above as well as any additional qualified project-related items.

# TAB 05

Limitation as a determining factor

**TAB 05 - LIMITATION AS A DETERMINING FACTOR:**

Brazoria West Solar Project, LLC is owned by Savion, LLC. Savion, LLC is one of the country's most uniquely skilled and experienced leaders in developing, financing, and constructing utility-scale solar and energy storage projects. Currently, Savion has more than 96 solar projects under development totaling 8,200+ megawatts of production capacity in 23 states. These provide numerous opportunities for capital investment in a variety of nearby, highly marketable regions with competitive incentives packages.

The decision to invest capital for the Brazoria West solar project is on going and therefore the opportunity to consider redeployment of resources and investment to other regions and alternative sites is still available. Savion is currently evaluating development in 23 states including, but not limited to:

- |           |                |
|-----------|----------------|
| Alabama   | Michigan       |
| Arkansas  | Mississippi    |
| Colorado  | Pennsylvania   |
| Florida   | New Mexico     |
| Georgia   | North Carolina |
| Kansas    | Oklahoma       |
| Kentucky  | South Carolina |
| Louisiana | Virginia       |

During the development process, all requisite elements directly affecting return on investment are considered. Therefore, tax incentives play a vital role in the development of utility-scale solar energy projects. The Chapter 313 value limitation incentive program, specifically, is considered an important component that contributes to the viability, marketability, and success of the project. Critical project economics specific for this project include:

- Texas' low power prices;
- Third-party investment
- Market competition; and
- High property tax burdens

With respect to these challenges, the Chapter 313 value limitation incentive plays a significant function in the decision to invest capital for this project as it is considered essential within the overall economic and financial analysis.

Finally, local and state regulatory permits, due diligence, and tax incentive agreements will be pursued, when appropriate.

Description of Project located in more than one District

**TAB 06 - DESCRIPTION OF PROJECT LOCATED IN MORE THAN ONE DISTRICT:**

The proposed solar energy project, if approved, will be located within the proposed reinvestment zone. Currently, the objective is to develop and construct the project in one phase. Approximately **28.76%** of the total proposed project will be located within the Damon Independent School District boundary. The remaining **71.24%** of the total project will be located within Columbia-Brazoria Independent School District.

## Description of Qualified Investment

## **TAB 07 - DESCRIPTION OF QUALIFIED INVESTMENT:**

This proposed project provides for the design and construction of a solar energy facility, and associated infrastructure, with an approximate total generation capacity of 200 megawatts AC located within a proposed, contiguous reinvestment zone. Approximately 75 megawatts AC will be located within Damon Independent School District. The total estimated Qualified Investment for this project is \$217 million dollars with an estimated \$62 million dollars to be allocated within Damon Independent School District. The remaining investment will be located within the boundary of neighboring Columbia-Brazoria Independent School District.

If approved, the project will be executed in one phase and estimated to commence construction on or about Q1 2021 with completion on or about Q4 2021.

### **Site Information:**

If approved, the proposed solar energy facility would be constructed in what is generally described as approx. 520 acres of vacant cropland located exclusively within *Precinct No. 4, Brazoria County, Texas*. The legal description of the proposed reinvestment zone can be found in Tab 16.

Potential project-related improvements and tangible personal property for which this value limitation is sought includes, but not limited to, the following:

- Photovoltaic solar panel modules (approx. 240,000 panels);
- DC to AC inverters, tracker racking systems (mounting structures);
- Medium- and high-voltage electric cabling;
- Substation, including high voltage transformer, switchgear, transmission equipment, telecom, and supervisory control and data acquisition (SCADA) equipment;
- High voltage transmission line ("gen-tie");
- Meteorological equipment; and
- other associated safety, operations, and maintenance equipment.

### **Additional support infrastructure related to the project may also include:**

- underground collection systems for cables;
- perimeter fencing; and
- security equipment.

Based on the current project configuration and attributes, the productive life range for this project is estimated at 30-35 years.

## Description of Land

**TAB 09 - DESCRIPTION OF LAND:**

The associated land accounts for the proposed project are generally described as vacant cropland located within Brazoria County, Texas, Damon Independent School District, and the proposed contiguous reinvestment zone. The legal description of the land can be found in Tab 16. Currently, there are no existing project-related or Applicant-owned improvements on the land designated for the proposed project.

## Request for Waiver of Job Creation Requirement

16105 W 113th St, Suite 108  
Lenexa, KS 66219

**Request of Waiver for Job Creation Requirement**

June 25, 2019

Mr. David Hayward

Superintendent of Damon Independent School District  
1211 Mulcahy St.  
Damon, TX 77430

**Re: Chapter 313 Job Waiver Request  
Brazoria West Solar Project, LLC**

Dear Mr. Hayward,

Please consider this letter to be Brazoria West Solar Project, LLC's formal request to waive the minimum new job creation requirement, as provided under Texas Tax Code 313.025(f-1).

Based upon knowledge of staffing requirements, Brazoria West Solar Project, LLC, requests the job creation requirement under Chapter 313 of the Texas Tax Code be waived. In line with solar industry standards for job requirements, Brazoria West Solar Project, LLC, has committed to create one (1) new permanent job. Solar projects create a large number of full-time, temporary jobs during the construction phase (1st year) but require a small number of highly skilled technicians to operate the solar project once construction operations end and commercial operations begin. Hiring one (1) permanent, full-time employee is industry standard for a 200MW utility-scale solar energy facility.

These permanent employees of a solar energy project maintain and service solar panels, mounting infrastructure, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. In addition to the on-site employee described above, there also may be asset managers or technicians who supervise, monitor, and support solar project operations from offsite locations.

The waiver request herein is in line with industry standards for the number of jobs specifically relegated to a solar generation facility of this size. This is evidenced by previously filed limitation agreement applications by solar developers who similarly requested a waiver of the job requirements and in addition, by readily available documentation and education materials related to the development of solar generation facilities.

Sincerely,

A handwritten signature in blue ink, appearing to read "Georgios Pergamalis", is written over a light blue horizontal line.

**Georgios Pergamalis**
