FINDINGS
OF THE
RIO HONDO INDEPENDENT SCHOOL DISTRICT
BOARD OF TRUSTEES
UNDER THE
TEXAS ECONOMIC DEVELOPMENT ACT

STATE OF TEXAS §

COUNTY OF CAMERON §

PREAMBLE

On the 13th day of July 2020, a public meeting of the Board of Trustees (“Board”) of the Rio Hondo Independent School District (“District”) was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board took up and considered the Application (as amended, the “Application”) of LA CHALUPA, LLC (“Applicant”) for a limitation on appraised value on qualified property, pursuant to Chapter 313 of the Texas Tax Code. The Board heard presentations from the District’s administrative staff to advise the Board in this matter.

The Board considered the presentations made at the meeting, the Comptroller's recommendation and the economic impact evaluation and makes the following findings with respect to the Application in accordance with the Texas Economic Development Act, Texas Tax Code Chapter 313, and the Administrative regulations promulgated by the Texas Comptroller of Public Accounts published at 34 Texas Administrative Code Part 1, Chapter 9, Subchapter F:

1. On August 12, 2019 the District received an application for appraised value limitation on qualified property (“Application”) on the form prescribed by the Comptroller from Applicant pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is attached hereto as Exhibit A.
2. The Board acknowledged receipt of the Application, along with the requisite application fee, as established pursuant to Texas Tax Code Section 313.025(a)(1).
3. The Board elected to consider the Application.
4. The Application was delivered to the Texas Comptroller of Public Accounts (“Comptroller”) for review pursuant to Texas Tax Code Section 313.025(b).
5. The Application was reviewed by the Comptroller pursuant to Texas Tax Code Sections 313.025 and 313.026. After review, the Comptroller’s Office, by letter dated February 4, 2020,

recommended that the Board approve the Application. A copy of the Comptroller's letter along with the Comptroller's economic impact analysis completed pursuant to Texas Tax Code Section 313.025(b) is attached to these findings as Exhibit B. The Board has considered such evaluation.

6. The District's School Finance Consultant performed an independent economic impact analysis pursuant to Texas Tax Code Section 313.025(b). The Board has considered such evaluation. A copy of the economic impact evaluation is attached to these findings as Exhibit C.

7. After receipt of the Application, the District entered into negotiations with Applicant over the specific language to be included in an Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes ("Agreement"), pursuant to Chapter 313 of the Texas Tax Code, including appropriate revenue protection provisions for the District. The proposed Agreement is attached to these findings as Exhibit D.

8. The Agreement was reviewed by the Comptroller. After review, the Comptroller's office, in a letter dated June 18, 2020, approved the Agreement.

FINDINGS

Findings as to each of the criterion listed in Texas Tax Code Section 313.025 and Texas Administrative Code Title 34, §9.1054. Based in the representation of Applicant set out in the Application attached as Exhibit A, the Comptroller's approval and Economic Impact Analysis attached as Exhibit B, the District Consultant's independent economic impact analysis attached as Exhibit C and the Franchise Tax Account Status attached as Exhibit E, the Board of Trustees finds:

1. That the Comptroller recommends approval of the Application.
2. That there is a strong and positive relationship between the Applicant's industry and the types of qualifying jobs to be created by the Applicant and the long-term economic growth plans of the State.
3. That, based on the representations in the Application, the Applicant could locate or relocate the Project to another state or another region of this state.
4. That the Project will result in revenue gains by the school district and that the economic effects on the local and regional tax base are that the tax base will increase as a result of the Project and additional employment.
5. That there exists a small but undetermined possibility that the Project could have an impact on enrollment from families that might temporarily relocate during the construction phase, but that any impact during the operation phase can be absorbed by current facilities.
6. That the projected market value of the qualified property of the Applicant as determined by the Comptroller is \$51,975,000.
7. That the proposed limitation on appraised value for the qualified property of the Applicant is \$20,000,000.00.

8. That the projected dollar amount of District maintenance and operation taxes that would be imposed on the qualified property, for each year of the Agreement, if the property does not receive a limitation on appraised value is \$4,673,931 as shown on Exhibit B, Attachment A, Table 3.
9. That the projected dollar amount of the taxes that would be imposed on the qualified property, for each tax year of the Agreement, if the property receives a limitation on appraised value is \$3,069,826 as shown on Exhibit B, Attachment A, Table 4.
10. That the total amount of taxes projected to be lost or gained by the District over the life of the Agreement computed by subtracting the projected taxes if the property receives a tax limitation from the projected taxes if the property does not receive a tax limitation is \$1,604,105, as shown on Exhibit B, Attachment A, Table 4.
11. The Applicant is eligible for the limitation on the appraised value of the Applicant's qualified property. Applicant's qualified property is eligible for a limitation on appraised value under Texas Tax Code § 313.024 as a renewable energy electric generation project.
12. The Project proposed by the Applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the Agreement before the 25th anniversary of the beginning of the limitation period.
13. The limitation of appraised value is a determining factor in the Applicant's decision to invest capital and construct the Project in this state.
14. The job creation requirement of ten (10) new jobs exceeds the industry standard for the number of employees reasonably necessary for the operation of the Project described in the Application. Pursuant to Texas tax Code Section 313.025(f-1), the Board waives the new job creation requirement in Tax Code Section 313.051(b).
15. Applicant will create one (1) new qualifying jobs, and Applicant has confirmed that such jobs will meet all of the requirements of Texas tax Code § 313.021(3).
16. That the Project will be located within an area designated as a reinvestment zone pursuant to Texas Tax Code Chapter 312.
17. The information in the Application submitted by Applicant is true and correct.
18. The proposed Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes ("Agreement"), attached hereto as Exhibit D, meets all of the requirements set out in Texas Tax Code § 313.027, including adequate and appropriate revenue protection provisions for the District.
19. The proposed Agreement is in the form of the template Texas Economic Development Act Agreement adopted by the Comptroller as of January 2020, and the Comptroller has verified that the Agreement complies with the provisions of Chapter 313 of the Texas Tax Code and 34 Texas Administrative Code Chapter 9, Subchapter F.

20. Considering the purpose and effect of the law and the terms of the Agreement, granting the Application and entering the Agreement are in the best interest of the District and the State.

21. The Applicant, LA CHALUPA, LLC (Tex. Taxpayer ID #32067821424) is an entity subject to Chapter 171, Texas Tax Code and is certified to be in good standing with the Texas Comptroller of Public Accounts. A copy of the Comptroller's Franchise Tax Account Status is attached as Exhibit E.

22. There are no conflicts of interest on the Board at the time of its consideration of the Agreement.

23. It is hereby found, determined and declared that sufficient written notice of the date, time, place and subject of the meeting of the Board of Trustees at which these Findings were made was posted at a place convenient and readily accessible at all times to the general public for the time required by law preceding this meeting, as required by chapter 551, Texas Government Code, and that this meeting has been open to the public as required by law at all times during which these Findings were made and the subject matter thereof has been discussed, considered and formally acted upon. The Board of Trustees further ratifies, approves and confirms such written notice and posting thereof.

[Remainder of this page left intentionally blank]

[Orders and signatures follow]

It is therefore **ORDERED** that:

1. The Findings above, including the recitals set out in the Preamble, are adopted and approved by the Board of Trustees.
2. The Application of LA CHALUPA, LLC for a limitation on the appraised value for school district maintenance and operations ad valorem tax purposes of qualified property is approved.
3. The Agreement attached hereto as Exhibit D is approved and the Board President is designated and directed to sign the Agreement on behalf of the District.
4. These findings and the Exhibits referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the District.

Current estimated plans are to install 15 of the 3.15 MW Acciona Wind turbines with all turbines located in Rio Hondo ISD. The Applicant requests a value limitation for all facilities and equipment installed for the Project, including but not limited to, wind turbines, towers, foundations, roadways, meteorological towers, collection system, communication system, electric substation, electric switchyard, electric transformers, transmission line and associated towers, and interconnection facilities.

Full construction of the Project is anticipated to begin in the 1st Quarter of 2020 with completion by December 31, 2020.

**NOTE:* The map in TAB 11 shows the potential locations of 15 of the wind turbines and a collector substation within Rio Hondo ISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing negotiations with power purchasers and other factors.

This application covers all qualified property within Rio Hondo ISD necessary for the commercial operations of the proposed wind farm described in Tab 4. Forty-seven and one-quarter megawatts (47.25 MW) will be located in Rio Hondo ISD. Turbine placement is subject to change but for purposes of this application, the Project anticipates using 15 of the 3.15 MW turbines manufactured by Acciona.

This application covers all qualified investment and qualified property necessary for the commercial operations of the wind farm.

Qualified Investment and qualified property includes, turbines, towers, foundations, transformers, pad mounts, underground collection systems, electric substation, transmission lines, electrical interconnections, met towers, roads, control systems and all eligible ancillary and necessary equipment for commercial generation of electricity.

**NOTE:* The map in TAB 11 shows the potential locations of 15 of the wind turbines and a collector substation within Rio Hondo ISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing negotiations with power purchasers and other factors.

Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

La Chalupa, LLC (La Chalupa) is requesting an appraised value limitation from Rio Hondo Independent School District (ISD) for the La Chalupa Project (the “Project”), a proposed wind powered electric generating facility in Cameron County. The proposed Rio Hondo ISD Project (this application) will be constructed within an existing Enterprise Zone as Cameron County is considered a Distressed County. A map showing the location of the project is included in TAB 11.

The proposed Project is anticipated to have a capacity of approximately 47.25 MW located in Rio Hondo ISD. The exact number and location of wind turbines and size of each turbine will vary depending upon ongoing wind and siting analysis, turbine manufacturer’s availability, prices, and the megawatt generating capacity of the Project when completed. Current estimated plans are to install 15 of the 3.15 MW Acciona Wind turbines with all turbines located in Rio Hondo ISD. The Applicant requests a value limitation for all facilities and equipment installed for the Project, including; wind turbines, towers, foundations, roadways, meteorological towers, collection system, communication system, electric substation, electric switchyard, electric transformers, transmission line and associated towers, and interconnection facilities and all eligible ancillary and necessary equipment.

Full construction of the Project is anticipated to begin in the 1st Quarter of 2020 with completion by December 31, 2020.

**NOTE:* The map in TAB 11 shows the potential locations of 15 of the wind turbines and a collector substation within Rio Hondo ISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing negotiations with power purchasers and other factors.

TAB 10

Re: Certificate for Limitation on Appraised Value of Property for School District Maintenance and Operations taxes by and between Rio Hondo Independent School District and La Chalupa, LLC, Application 1414

Dear Superintendent Garcia:

On November 14, 2019, the Comptroller issued written notice that La Chalupa, LLC (applicant) submitted a completed application (Application 1414) for a limitation on appraised value under the provisions of Tax Code Chapter 313.¹ This application was originally submitted on August 12, 2019, to the Rio Hondo Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a) Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b) Applicant is proposing to use the property for an eligible project.

¹ All Statutory references are to the Texas Tax Code, unless otherwise noted.

- Sec. 313.024(d) Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
- Sec. 313.024(d-2) Not applicable to Application 1414.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district's maintenance and operations *ad valorem* tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period, see Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state, see Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement by December 31, 2020.

Note that any building or improvement existing as of the application review start date of November 14, 2019, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Attachment B – Tax Revenue before 25th Anniversary of Limitation Start

This represents the Comptroller’s determination that La Chalupa, LLC (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant’s decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller **has determined** that the limitation on appraised value is a determining factor in the La Chalupa, LLC’s decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- The applicant is a wholly owned subsidiary of Acciona Energy USA Global LLC (“AEUG”). AEUG is part of the ACCIONA Group’s energy division and is responsible for development, construction and operations of renewable energy projects in the United States and Canada.
- Per the Acciona Group in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. “Due to the extremely competitive power market in ERCOT most if not all energy offtake economic model assumptions are based on the Project securing this Chapter 313 appraised value limitation and other local tax incentives. The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today’s contracted power rates. For example, a signed PPA in the Texas market is at a much lower rate than other states because of competitively low electricity prices. Both parties of the PPA may have an escape clause if the terms of the PPA cannot be met. Without the tax incentives in Texas, a project with a PPA, or other offtake solution becomes non-financeable. Therefore, this appraised value limitation is critical to the ability of the proposed “
 - B. “The ACCIONA Group has numerous wind and solar sites in development, both globally and throughout the US, and is continually comparing investment opportunities, rate of return, and market viability of each project based upon project financial metrics. For example, the ACCIONA Group currently has ongoing project developments in many states, including but not limited to, Pennsylvania, Virginia, New Mexico and Illinois, among others.”

- Supplemental information provided by the applicant stated the following:
 - A. La Chalupa Wind Farm or La Chalupa Wind Project. We did acquire development assets from a separate project that were integrated into La Chalupa. The name of that project was Cameron II, or Espiritu.”
 - B. “Two separate IGNR numbers that we have merged into one SGIA (signed earlier this week)”

Documentation to assist in determining if limitation is a determining factor.

The applicant is a wholly owned subsidiary of Acciona Energy USA Global LLC ("AEUG"). AEUG is part of the ACCIONA Group's energy division and is responsible for development, construction and operations of renewable energy projects in the United States and Canada.

The ACCIONA Group is a leader in the development and management of infrastructure, water, services and renewable energy. Listed on the Spanish blue-chip IBEX35 index (ANA.MC), it is a public company with over 33,550 employees in more than 30 countries in five continents.

In the United States, the ACCIONA Group develops, owns and operates renewable energy and infrastructure projects. The energy division owns and operates a nearly 900 MW of wind and solar projects across the U.S. and Canada and is an independent power producer focused solely on renewable energy. ACCIONA Group's U.S. team is involved in all aspects renewable energy, including, financing, construction, project development operations and power marketing.

The ACCIONA Group is keen to develop and build the proposed La Chalupa Wind Project as per this application. The applicant has undertaken customary development activities in connection with the La Chalupa Wind Project, including: (i) entering into various contracts such as real estate leases and service agreements for engineering services and environmental studies, and (ii) obtained certain state and local permits such as a road use agreement with Cameron County.

Since this Project is still in the early stages of development, further investment could be, if necessary, redeployed to other counties and states competing for similar wind or other renewable energy projects. The ACCIONA Group is active throughout the United States and globally where each project individually competes for a finite pool of capital investment. State and local tax incentives contribute to the lowering of the cost of power sold to its customers and making its investment more viable and marketable. The ACCIONA Group has numerous wind and solar sites in development, both globally and throughout the US, and is continually comparing investment opportunities, rate of return, and market viability of each project based upon project financial metrics. For example, the ACCIONA Group currently has ongoing project developments in many states, including but not limited to, Pennsylvania, Virginia, New Mexico and Illinois, among others.

Due to the extremely competitive power market in ERCOT most if not all energy offtake economic model assumptions are based on the Project securing this Chapter 313 appraised value limitation and other local tax incentives. The property tax liabilities of a project without tax incentives in Texas lowers the return to investors and financiers to an unacceptable level at today's contracted power rates. For example, a signed PPA in the Texas market is at a much lower rate than other states because of competitively low electricity prices. Both parties of the PPA may have an escape clause if the terms of the PPA cannot be met. Without the tax incentives in Texas, a project with a PPA, or other offtake solution becomes non-financeable. Therefore, this appraised value limitation is critical to the ability of the proposed Project to move forward as currently sited.

FINANCIAL IMPACT OF THE PROPOSED LA CHALUPA, LLC
PROJECT IN THE RIO HONDO INDEPENDENT SCHOOL
DISTRICT
(PROJECT # 1414)**

PREPARED BY

NOVEMBER 23, 2019

Executive Summary

La Chalupa, LLC (Company) has requested that the Rio Hondo Independent School District (RHISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to RHISD on August 12, 2019 the Company plans to invest \$49.9 million in additional taxable value to construct a renewable energy electric generation facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The La Chalupa project is consistent with the state’s goal to “encourage large scale capital investments in this state.” When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others, although few of these other types of projects have been the basis for Chapter 313 applications.

Under the provisions of Chapter 313, RHISD may offer a minimum value limitation of \$20 million. This value limitation, under the proposed application, will begin in the 2021-22 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement.

MCA’s initial school finance analysis is detailed in this report. This analysis incorporates to the fullest extent possible the changes approved in House Bill 3 as approved in 2019, the most significant school finance revisions in more than 30 years. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payment owed to RHISD	\$545,536
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the district.)	\$1.1 million

Application Process

After the school district has submitted an application to the Comptroller’s Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. The Completeness Letter for this project was issued on November 14, 2019.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full review of

the project and provide its certificate for a limitation on appraised value. After the certificate is received, the district has until the 150th day from the receipt of the Completeness Letter to adopt an agreement, although extensions may be requested by the Company and granted by the District.

After the Comptroller's certificate is received, Walsh Gallegos will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review 30 days prior to final adoption by the school district's board of trustees.

Prior to final board meeting, Walsh Gallegos will provide the district with the necessary agenda language and any additional action items. The school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting.

How the 313 Agreement Interacts with Texas School Finance

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of two components: Tier I (based on ADA, special student populations and M&O taxes at the compressed tax rate) and Tier II (based on weighted ADA for each penny of tax effort above a specified level). Recapture costs are primarily a Tier I issue, although Tier II also can involve recapture costs for some school districts.

The basic allotment is now set at \$6,160 per weighted ADA (WADA) and is the basis for Tier I calculations. In the case of Tier II, the first eight cents of additional tax effort can be used to generate state aid of up to \$98.56 per WADA for what are known as "golden" pennies. Tax effort for golden pennies is not subject to recapture. Up to an additional nine cents may be levied to generate \$49.28 per WADA for what are known as "copper" pennies (generating half the revenue per WADA of the golden pennies).

Changes in the recapture calculation are an important part of HB 3, for those districts subject to recapture under the new law. Rather than being tied to property wealth exceeding an equalized wealth level per WADA, recapture is now defined as the amount of revenue collected in excess of a district's Tier I allotment, or for Tier II the amount of collections in excess of the entitlement provided for tax effort generating copper-penny level state aid. (Golden pennies are not subject to recapture.) The changes in the recapture methodology may affect the results of revenue protection payments relative to what was calculated when the equalized wealth level was used to determine the amount of recapture owed the state by school districts subject to recapture. It does not appear to be an issue for RHISD, based on the calculations shown below.

Another significant school funding change is establishing current-year property values to determine state funding and recapture under the Foundation School Program. The traditional

approach for the last 30 years has been to rely upon prior-year state property values as determined annually under the Comptroller's State Property Value Study (Section 403 of the Government Code). The change in House Bill 3 calls for using current-year property values as determined by the Comptroller's Property Value Study, without an explanation as to how the property value study is to be completed on a real-time basis.

While school district funding will now be determined based on current-year property values, House Bill 3 included language that addressed the property values to be used in determining calculating revenue protection payments under Chapter 313 agreements. This information is contained in Section 48.256(d), Education Code, as shown below:

- d) This subsection applies to a school district in which the board of trustees entered into a written agreement with a property owner under Section 313.027, Tax Code, for the implementation of a limitation on appraised value under Subchapter B or C, Chapter 313, Tax Code. For purposes of determining "DPV" under Subsection (a) for a school district to which this subsection applies, the commissioner shall exclude a portion of the market value of property not otherwise fully taxable by the district under Subchapter B or C, Chapter 313, Tax Code, before the expiration of the subchapter. The comptroller shall provide information to the agency necessary for this subsection. **A revenue protection payment required as part of an agreement for a limitation on appraised value shall be based on the district's taxable value of property for the preceding tax year [emphasis added].**

Given the directive regarding the use of preceding-tax-year values to calculate revenue protection payments required under Chapter 313 agreements, the amounts collected are expected to be consistent with the patterns shown since these calculations were first calculated under the standard Chapter 313 agreement language, dating back to 2004. The most significant impact is typically in the first limitation year, although major value increases in project values in later limitation years may also trigger a revenue protection payment. The additional factor that may generate a variance with the traditional pattern of revenue protection amounts is the new methodology in the calculation of recapture, as noted previously.

The calculations shown below are based on the Section 48.256(d), Education Code directive to use preceding-tax-year property values to determine the revenue protection payment, if any, owed to the school district under the terms of the Chapter 313 Agreement between the Applicant and the School District. These calculations are to be made for each of the 10 limitation years under the terms of the Agreement. Chapter 313 will be subject to legislative renewal in 2021 and any changes made may impact these calculations moving forward.

(For more detailed information on the school finance funding system, please review the Texas Education Agency's (TEA) website. [The current information is expected to be updated as the details of House Bill 3 implementation are determined by TEA.](#)

The implementation of recent legislative action on school funding in House Bill 3 could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

The agreement between the school district and the applicant calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. The Basic Allotment is now set to \$6,160, the Tier II golden penny yield is set to \$98.56 per WADA for up to eight cents, while the copper penny yield is \$49.28 per WADA for up to nine cents of local tax effort. These are maintained for future years at this time.

Static school district enrollment and property values are used to isolate the effects of the value limitation under the school finance system. Any previously-approved Chapter 313 projects are also factored into the M&O tax bases used.

ADA:	1,745
Local M&O Tax Base	\$340.1 million
2019-20 M&O Tax Rate:	\$1.06835 per \$100 of Taxable Value

M&O Impact of the La Chalupa Project on RHISD

A model is established to make a calculation of the “Baseline Revenue Model” (Table 2) by adding the total value of the project to the model, without assuming a value limitation is approved. A separate model is established to make a calculation of the “Value Limitation Revenue Model” (Table 3) by adding the project’s limited value of \$20 million to the model. The difference between the two models (Table 4) indicates there will be a total revenue loss of \$545,536 over the course of the Agreement, with all the loss reflected in the first limitation year (2021-22) under current law.

M&O Impact on the Taxpayer

Under the assumptions used here, the potential tax savings from the value limitation total \$1.6 million over the life of the agreement. The RHISD revenue losses are expected to total approximately \$545,536. The total potential net tax benefits (after hold-harmless payments are made) are estimated to total \$1.1 million, prior to any negotiations with La Chalupa on supplemental payments.

It should be noted that a key element in the revenue-loss calculation appears to be linked to the retention of prior-year property values in the calculation of the revenue protection amount for the 2021-22 school year. Under the standard agreement, these calculations are based on whatever school finance and property tax laws are in effect each year. With a legislative session occurring in 2021, there could be changes made to current school finance law. While the District will still be protected against revenue losses, these calculations may be reduced below what we are projecting under what is now current law.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- **Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations, which could be significant under HB 3.**
- **Legislative changes addressing property value appraisals and exemptions.**
- **Year-to-year appraisals of project values and district taxable values.**
- **Changes in school district tax rates and student enrollment.**

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with RHISD currently levying a \$0.3291 per \$100 I&S rate. As shown in the Table 6 below, local taxpayers could see a modest benefit from the addition of the La Chalupa project to the local I&S tax roll. From the District, perspective, however, the additional I&S tax collections associated with the project are expected to offset potential state funding through the IFA and EDA programs and result in little or no additional net I&S revenue.

The project is not expected to affect school district enrollment and is expected to depreciate over the life of the agreement and beyond. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Subject to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the District shall, in accordance with the provisions of TEXAS TAX CODE § 313.027(f)(1), be compensated by the Applicant for any loss that the District incurs in its Maintenance and Operations Revenue as a result of, or on account of, the Parties’ entering into this Agreement. Such compensation shall be independent of, and in addition to, all such other payments as are set forth in Article V and Article VI. Subject only to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the risk of any negative

financial consequence to the District as a result of Applicant's location of Applicant's Qualified Investment and Applicant's Qualified Property in the District and the Parties' entering into this Agreement will be borne by the Applicant and not by the District and be paid by the Applicant to the District in addition to any and all payments due under Article V and Article VI.

The Parties expressly understand and agree that, for all Tax Years to which this Agreement may apply, the calculation of negative financial consequences will be defined for each applicable Tax Year in accordance with Applicable School Finance Law, as defined in Section 1.2 above, and that such definition specifically contemplates that calculations made under this Agreement may periodically change in accordance with changes in Applicable School Finance Law. The Parties further agree that printouts and projections produced during the negotiations and approval of this Agreement are: (i) for illustrative purposes only, are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party; (ii) based upon current Applicable School Finance Law which is subject to change by statute, by administrative regulation (or interpretation thereof), or by judicial decision at any time; and (iii) may change in future years to reflect changes in Applicable School Finance Law.

Section 4.2. CALCULATING THE AMOUNT OF LOSS OF MAINTENANCE AND OPERATIONS REVENUES BY THE DISTRICT. Subject to the provisions of Sections 7.1, the amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year during the term of this Agreement (the "Revenue Protection Amount") shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:

A. The Revenue Protection Amount owed by the Applicant to the District means the Original M&O Revenue minus the New M&O Revenue;

Where:

(i) "Original M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Applicant's Qualified Property and/or the Applicant's Qualified Investment been subject to the District's adopted ad valorem Maintenance and Operations tax rate actually levied for the applicable year.

(ii) "New M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District actually received for such school year, after all adjustments have been made to such Maintenance and Operations Revenue because of any portion of this Agreement.

B. In making the calculations required by this Section 4.2:

(i) The Taxable Value of property for each school year will be determined under the Applicable School Finance Law.

(ii) For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%).

(iii) If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.

(iv) All calculations made under this Section 4.2 of this Agreement will reflect the Limitation on Appraised Value for such year.

(v) All calculations made under this Section 4.2 shall be made by a methodology which isolates the full M&O Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or any other factors not contained in this Agreement.

(vi) For purposes of Article IV, "Applicable School Finance Law" means Chapters 41 and 42 of the TEXAS EDUCATION CODE, the Texas Economic Development Act (Chapter 313 of the TEXAS TAX CODE), Chapter 403, Subchapter M, of the TEXAS GOVERNMENT CODE applicable to District, and the Constitution and general laws of the State applicable to the school districts of the State, including specifically, the applicable rules and regulations of the agencies of the State having jurisdiction over any matters relating to the public school systems and school districts of the State, and judicial decisions construing or interpreting any of the above. The term also includes any amendments or successor statutes that may be adopted in the future that could impact or alter the calculation of Applicant's ad valorem tax obligation to District, either with or without the limitation of property values made pursuant to this Agreement.

(vii) For purposes of Article IV, "Maintenance & Operations Revenue" (or "M&O Revenue") means (a) those revenues which District receives from the levy of its annual ad valorem maintenance and operations tax pursuant to Section 45.002 of the TEXAS EDUCATION CODE and Article VII § 3 of the TEXAS CONSTITUTION, plus (b) all State revenues to which the District is or may be entitled under Chapter 42 of the TEXAS EDUCATION CODE or any other statutory provision as well as any amendment or successor statute to these provisions, plus (c) any indemnity payments received by the District under other agreements similar to this Agreement to the extent that such payments are designed to replace District M&O Revenue lost as a result of such similar agreements, less (d) any amounts necessary to reimburse the State of Texas or another school district for the education of additional students pursuant to Chapter 41 of the TEXAS EDUCATION CODE.

Section 4.3. COMPENSATION FOR LOSS OF OTHER REVENUES. In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for the following:

A. All non-reimbursed costs incurred by the District for extraordinary education-related expenses, as set forth in Section 5.1 below;

B. Any other loss of District revenues which are directly and solely attributable to the payment by the Applicant to or on behalf of any other third party beneficiary; and

C. Any other cost to the District, including costs under Section 8.6(C) below (but subject to the limitation set forth in Section 4.4 below), which are directly and solely attributable to compliance with State-imposed requirements relating to this Agreement.

Section 4.4. CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Article 4 shall be made annually by an independent third party (the “Consultant”) selected each year by the District, and reasonably acceptable to the Applicant. Applicant shall be solely responsible for payment of the Consultant’s fees up to EIGHT THOUSAND DOLLARS (\$8,000.00) for the first year of this Agreement. This fee may be increased each year of this Agreement by not more than FIVE PERCENT (5%).

Section 4.5. DATA USED FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant’s Qualified Investment and/or the Applicant’s Qualified Property by the Appraisal District in its annual certified tax rolls submitted to the District pursuant to TEXAS TAX CODE § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Consultant selected under Section 4.4. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Consultant to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Consultant shall be adjusted from time to time by the Consultant to reflect actual amounts, subsequent adjustments by the Appraisal District to the District’s certified tax rolls or any other changes in student counts, tax collections, or other data.

Section 4.6. DELIVERY OF CALCULATIONS. On or before December 1 of each year for which this Agreement is effective, the Consultant appointed pursuant to Section 4.4 of this Agreement shall forward to the Parties a certification containing the calculations required under Section 4.2, Section 4.3 and Article V of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Consultant shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Consultant’s offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. Section 4.7. PAYMENT BY APPLICANT. The Applicant shall pay any amount determined to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Consultant for all calculations under this Agreement under Section 4.6, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants (subject to the limitation set forth in Section 4.4 above) for the preparation and filing of any financial reports, disclosures, or Tax Credit or other reimbursement applications filed with

or sent to the State of Texas which are, or may be required under the terms or because of the execution of this Agreement.

Should the Applicant disagree with the certification prepared pursuant to Sections 4.2, 4.3, or Article V, the Applicant may appeal the findings, in writing, to the Consultant within thirty (30) days of receipt of the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Consultant will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of certification containing the calculations to the District's Board of Trustees, in writing, within thirty (30) days of the final determination of certification containing the calculations.

Section 4.9. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Consultant selected under Section 4.4 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and such appeal remains unresolved, the Consultant shall base its calculations upon the values placed upon the Applicant's Qualified Property by the Appraisal District. The calculations shall be readjusted, if necessary, based on the outcome of the appeal as set forth below.

If as a result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Consultant who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Consultant.

Section 4.10. EFFECT OF STATUTORY CHANGES. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 7.1, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, because of its participation in this Agreement, the Applicant shall make payments to the District, up to the Revenue Protection Amount limit set forth in Section 7.1, that are necessary to offset any negative impact on the District as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the Revenue Protection Amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

ARTICLE V

PAYMENT OF EXTRAORDINARY EDUCATION-RELATED EXPENSES

Section 5.1. In addition to the amounts determined pursuant to Section 4.2 above, the Applicant, on an annual basis, shall also indemnify and reimburse the District for all non-reimbursable costs, certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses directly and solely related to the project that are not directly funded in state aid

formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment directly and solely attributable to the project. Applicant shall have the right to contest the findings of the District’s external auditor pursuant to Section 4.8 herein.

ARTICLE VI
SUPPLEMENTAL PAYMENTS

SECTION 6.1. SUPPLEMENTAL PAYMENTS. In addition to undertaking the responsibility for the payment of all of the amounts set forth under Articles IV and V, and as further consideration for the execution of this Agreement by District, the Applicant shall also be responsible for supplemental payments (the “Supplemental Payments”) set forth in this Article VI.

- A. Amounts Exclusive of Indemnity Amounts. It is the express intent of the Parties that the Applicant’s obligation to make Supplemental Payments under this Article VI is separate and independent of the obligation of the Applicant to pay the amounts described in Articles IV and V; provided, however, that all payments under Articles IV, V, and VI are subject to the limitations contained in Section 7.1.
- B. Adherence to Statutory Limits on Supplemental Payments. It is the express intent of the Parties that any Supplemental Payments made to or on behalf of District by the Applicant, under this Article VI, shall not exceed the limit imposed by the provisions of Texas Tax Code § 313.027(i) as such limit is allowed or required to be increased by the Legislature in a future year of this Agreement or the amount described in Section 6.3.
- C. Explicit Identification of Payments to District. The Applicant shall not be responsible to District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement made pursuant to Chapter 313, Texas Tax Code, unless it is explicitly set forth in this Agreement.

SECTION 6.2. SUPPLEMENTAL PAYMENT LIMITATION.

Notwithstanding the foregoing:

- A. the total of the Supplemental Payment made pursuant to this Article shall not exceed for any calendar year of this Agreement an amount equal to the greater of One Hundred Dollars (\$100.00) per student per year in average daily attendance, as defined by Section 42.005 of the TEXAS EDUCATION CODE, or Fifty Thousand Dollars (\$50,000.00) per year times the number of years beginning with the first complete or partial year of the Qualifying Time Period identified in Section 2.3.C and ending with the year for which the Supplemental Payment is being calculated minus all Supplemental Payments previously made by the Application;
- B. Supplemental Payments may only be made during the period starting the first year of the Qualifying Time Period and ending December 31 of the third year following the end of the Tax Limitation Period.

- C. The limitation in Section 6.2.A does not apply to amounts described by Section 313.027(f)(1)–(2) of the TEXAS TAX CODE as implemented in Articles IV and V of this Agreement.
- D. For purposes of this Agreement, the calculation of the limit of the annual Supplemental Payment shall be the greater of \$50,000 or \$100 multiplied by the District’s Average Daily Attendance as calculated pursuant to Section 42.005 of the Texas Education Code, based upon:
 - i. *the District’s 2019-2020 Average Daily Attendance, rounded to the nearest whole number.*

SECTION 6.3. STIPULATED SUPPLEMENTAL PAYMENT AMOUNT - SUBJECT TO ANNUAL LIMIT. On or before January 31, 2020 (the payment due date for Tax Year 2019), and continuing thereafter on or before the January 31 of each of the twelve (12) years thereafter (i.e., through January 31, 2032, the payment due date for Tax Year 2031), the Applicant shall make a Supplemental Payment to District in an amount equal to the lesser of the following:

- A. the Annual Limit; or,
- B. to the extent permitted by then current law, the Applicant’s “Stipulated Supplemental Payment Amount” as defined in Section 6.4.

SECTION 6.4. ANNUAL CALCULATION OF STIPULATED SUPPLEMENTAL PAYMENT AMOUNT. The Parties agree that for each Tax Year described in Section 6.3, the Applicant’s Stipulated Supplemental Payment Amount will be calculated in accordance with the following formula:

The Taxable Value of the Applicant’s Qualified Property for such Tax Year had this Agreement not been entered into by the Parties (i.e., the Taxable Value of the Applicant’s Qualified Property used for District’s interest and sinking fund tax purposes for such Tax Year);

Minus,

The Taxable Value of the Applicant’s Qualified Property for such Tax Year after giving effect to this Agreement (i.e., the Taxable Value of the Applicant’s Qualified Property used for District’s maintenance and operations tax purposes for such Tax Year);

Multiplied by,

The District’s maintenance and operations tax rate for such Tax Year;

Minus,

Any amounts previously paid to District under Article IV or Article V;

Multiplied by,

The number 0.45;

Minus,

Any amounts previously paid to District under Sections 6.3 and 6.4 with respect to such Tax Year.

In the event that there are changes in the data upon which the calculations set forth herein are made, the Consultant described in Section 4.4, above, shall adjust the Applicant's Stipulated Supplemental Payment Amount calculation to reflect such changes in the data.

SECTION 6.5. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS.

- A. If the Supplemental Payment is based on the Annual Limit, the District Superintendent of Schools or his or her designee shall make the calculations. If the Supplemental Payment is based on the Stipulated Supplemental Payment Amount the calculations shall be made by the Consultant selected pursuant to Section 4.4.
- B. The calculations shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.6.
- C. The payment of all amounts due under this Article shall be made at the time set forth in Section 4.7.

Section 6.6. ANNUAL LIMITATION. Notwithstanding anything contained in this Agreement to the contrary, and with respect to each Tax Year of the Tax Limitation Period beginning after the first Tax Year of the Tax Limitation Period, in no event shall (i) the sum of the maintenance and operations ad valorem taxes paid by the Applicant to the District for such Tax Year, plus the sum of all payments otherwise due from the Applicant to the District under Articles IV, V, and VI of this Agreement with respect to such Tax Year, exceed (ii) the amount of the maintenance and operations ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Article IV of this Agreement, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii), then the payments otherwise due from the Applicant to the District under Articles IV, V, and VI shall be reduced until such excess is eliminated.

Section 6.7. OPTION TO TERMINATE AGREEMENT. In the event that any payment otherwise due from the Applicant to the District under Article IV, Article V, or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 6.6, then the Applicant shall have the option to terminate this Agreement. The Applicant may exercise such option to terminate this Agreement by notifying the District of its election in writing not later than the July 31 of the year following the Tax Year with respect to which a reduction under Section 6.6 is applicable. Any termination of this Agreement under the foregoing provisions of Section 6.7 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

ARTICLE VII
ANNUAL LIMITATION OF PAYMENTS BY APPLICANT

Section 7.1. EFFECT OF OPTIONAL TERMINATION. Upon the exercise of the option to terminate pursuant to Section 6.7, this Agreement shall terminate and be of no further force or effect; provided, however, that:

A. the Parties respective rights and obligations under this Agreement with respect to the Tax Year or Tax Years (as the case may be) through and including the Tax Year during which such notification is delivered to the District, shall not be impaired or modified as a result of such termination and shall survive such termination unless and until satisfied and discharged; and

B. the provisions of this Agreement regarding payments (including liquidated damages and tax payments), records and dispute resolution shall survive the termination or expiration of this Agreement.

ARTICLE VIII
ADDITIONAL OBLIGATIONS OF APPLICANT

Section 8.1. APPLICANT'S OBLIGATION TO MAINTAIN VIABLE PRESENCE. In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall Maintain Viable Presence in the District commencing at the start of the Tax Limitation Period through the Final Termination Date of this Agreement. Notwithstanding anything contained in this Agreement to the contrary, the Applicant shall not be in breach of, and shall not be subject to any liability for failure to Maintain Viable Presence to the extent such failure is caused by Force Majeure, provided the Applicant makes commercially reasonable efforts to remedy the cause of such Force Majeure.

Section 8.2. REPORTS. In order to receive and maintain the limitation authorized by Section 2.4 in addition to the other obligations required by this Agreement, the Applicant shall submit all reports required from time to time by the Comptroller, listed in 34 TEXAS ADMIN. CODE Section 9.1052 and as currently located on the Comptroller's website, including all data elements required by such form to the satisfaction of the Comptroller on the dates indicated on the form or the Comptroller's website and starting on the first such due date after the Application Approval Date.

Section 8.3. COMPTROLLER'S REPORT ON CHAPTER 313 AGREEMENTS. During the term of this Agreement, both Parties shall provide the Comptroller with all information reasonably necessary for the Comptroller to assess performance under this Agreement for the purpose of issuing the Comptroller's report, as required by Section 313.032 of the TEXAS TAX CODE.

Section 8.4. DATA REQUESTS. Upon the written request of the District, the State Auditor's Office, the Appraisal District, or the Comptroller during the term of this Agreement, the Applicant, the District or any other entity on behalf of the District shall provide the requesting party with all information reasonably necessary for the requesting party to determine whether the Applicant is in compliance with its rights, obligations or responsibilities, including, but not limited to, any employment obligations which may arise under this Agreement.

Section 8.5. SITE VISITS AND RECORD REVIEW. The Applicant shall allow authorized employees of the District, the Comptroller, the Appraisal District, and the State Auditor’s Office to have reasonable access to the Applicant’s Qualified Property and business records from the Application Review Start Date through the Final Termination Date, in order to inspect the project to determine compliance with the terms hereof or as necessary to properly appraise the Taxable Value of the Applicant’s Qualified Property.

A. All inspections will be made at a mutually agreeable time after the giving of not less than ninety-six (96) hours prior written notice, and will be conducted in such a manner so as not to unreasonably interfere with either the construction or operation of the Applicant’s Qualified Property.

B. All inspections may be accompanied by one or more representatives of the Applicant, and shall be conducted in accordance with the Applicant’s safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide the District, the Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret, or is subject to a confidentiality agreement with any third party.

Section 8.6. RIGHT TO AUDIT; SUPPORTING DOCUMENTS; AUTHORITY OF STATE AUDITOR. By executing this Agreement, implementing the authority of, and accepting the benefits provided by Chapter 313 of the TEXAS TAX CODE, the Parties agree that this Agreement and their performance pursuant to its terms are subject to review and audit by the State Auditor as if they are parties to a State contract and subject to the provisions of Section 2262.154 of the TEXAS GOVERNMENT CODE and Section 313.010(a) of the TEXAS TAX CODE. The Parties further agree to comply with the following requirements:

A. The District and the Applicant shall maintain and retain supporting documents adequate to ensure that claims for the Tax Limitation Amount are in accordance with applicable Comptroller and State of Texas requirements. The Applicant and the District shall maintain all such documents and other records relating to this Agreement and the State’s property for a period of four (4) years after the latest occurring date of:

- i. date of submission of the final payment;
- ii. Final Termination Date; or
- iii. date of resolution of all disputes or payment.

B. During the time period defined under Section 8.6.A, the District and the Applicant shall make available at reasonable times and upon reasonable notice, and for reasonable periods, all information related to this Agreement; the Applicant’s Application; and the Applicant’s Qualified Property, Qualified Investment, New Qualifying Jobs, and wages paid for New Non- Qualifying Jobs such as work papers, reports, books, data, files, software, records, calculations, spreadsheets and other supporting documents pertaining to this Agreement, for purposes of inspecting, monitoring, auditing, or evaluating by the Comptroller, State Auditor’s Office, State of Texas or their authorized representatives. The Applicant and the District shall cooperate with auditors and other authorized Comptroller and State of Texas representatives and shall provide them with prompt access to all of such property as requested by the Comptroller or the State of Texas. By example and not as an exclusion to other breaches or failures, the Applicant’s or the District’s failure to comply with this Section shall constitute a Material Breach of this Agreement.

C. In addition to and without limitation on the other audit provisions of this Agreement, the acceptance of tax benefits or funds by the Applicant or the District or any other entity or person directly under this Agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Applicant or the District or other entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The Parties agree that this Agreement shall for its duration be subject to all rules and procedures of the State Auditor acting under the direction of the legislative audit committee.

D. The Applicant shall include the requirements of this Section 8.6 in its subcontract with any entity whose employees or subcontractors are subject to wage requirements under the Act, the Comptroller's Rules, or this Agreement, or any entity whose employees or subcontractors are included in the Applicant's compliance with job creation or wage standard requirement of the Act, the Comptroller's Rules, or this Agreement.

Section 8.7. FALSE STATEMENTS; BREACH OF REPRESENTATIONS. The Parties acknowledge that this Agreement has been negotiated, and is being executed, in reliance upon the information contained in the Application, and any supplements or amendments thereto, without which the Comptroller would not have approved this Agreement and the District would not have executed this Agreement. By signature to this Agreement, the Applicant:

A. represents and warrants that all information, facts, and representations contained in the Application are true and correct to the best of its knowledge;

B. agrees and acknowledges that the Application and all related attachments and schedules are included by reference in this Agreement as if fully set forth herein; and

C. acknowledges that if the Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that the Applicant has violated any of the representations, warranties, guarantees, certifications, or affirmations included in the Application or this Agreement, the Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by Section 9.2 of this Agreement.

ARTICLE IX

L. O. The Applicant failed to comply with the conditions included in the certificate for limitation issued by the Comptroller.

Section 9.2. DETERMINATION OF BREACH AND TERMINATION OF AGREEMENT.

A. Prior to making a determination that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the District shall provide the Applicant with a written notice of the facts which it believes have caused the breach of this Agreement, and if cure is possible, the cure proposed by the District. After receipt of the notice, the Applicant shall be given ninety (90) days to present any facts or

arguments to the Board of Trustees showing that it is not in breach of its obligations under this Agreement, or that it has cured or undertaken to cure any such breach.

B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to:

- i. whether or not a breach of this Agreement has occurred;
- ii. whether or not such breach is a Material Breach;
- iii. the date such breach occurred, if any;
- iv. whether or not any such breach has been cured; and

C. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall at that time determine:

- i. the amount of recapture taxes under Section 9.4.C (net of all credits under Section 9.4.C);
- ii. the amount of any penalty or interest under Section 9.4.E that are owed to the District; and
- iii. in the event of a finding of a Material Breach, whether to terminate this Agreement.

D. After making its determination regarding any alleged breach, the Board of Trustees shall cause the Applicant to be notified in writing of its determination (a “Determination of Breach and Notice of Contract Termination”) and provide a copy to the Comptroller.

Section 9.3. DISPUTE RESOLUTION.

A. After receipt of notice of the Board of Trustee’s Determination of Breach and Notice of Contract Termination under Section 9.2, the Applicant shall have ninety (90) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to the District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within ninety (90) days after the Applicant initiates mediation, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Cameron County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator’s fees and expenses and the Applicant shall bear one-half of such mediator’s fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys’ fees) incurred in connection with such mediation.

B. In the event that any mediation is not successful in resolving the dispute or that payment is not received within the time period described for mediation in Section 9.3.A, either the District or the Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in a judicial proceeding in a state district court in Cameron County, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to

any claim relating to any breach, default, or nonperformance of any contract, agreement or undertaking made by a Party pursuant to this Agreement.

C. If payments become due under this Agreement and are not received before the expiration of the ninety (90) days provided for such payment in Section 9.3.A, and if the Applicant has not contested such payment calculations under the procedures set forth herein, including judicial proceedings, the District shall have the remedies for the collection of the amounts determined under Section 9.4 as are set forth in Chapter 33, Subchapters B and C, of the TEXAS TAX CODE for the collection of delinquent taxes. In the event that the District successfully prosecutes legal proceedings under this section, the Applicant shall also be responsible for the payment of attorney's fees to the attorneys representing the District pursuant to Section 6.30 of the TEXAS TAX CODE and a tax lien shall attach to the Applicant's Qualified Property and the Applicant's Qualified Investment pursuant to Section 33.07 of the TEXAS TAX CODE to secure payment of such fees.

Section 9.4. Consequences of Early Termination or Other Breach by Applicant.

A. In the event that the Applicant terminates this Agreement without the consent of the District, except as provided in Section 7.1 of this Agreement, the Applicant shall pay to the District liquidated damages for such failure within thirty (30) days after receipt of the notice of breach.

B. In the event that the District determines that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the Applicant shall pay to the District liquidated damages, as calculated by Section 9.4.C, prior to, and the District may terminate the Agreement effective on the later of: (i) the expiration of the ninety (90) days provided for in Section 9.3.A, and (ii) thirty (30) days after any mediation and judicial proceedings initiated pursuant to Sections 9.3.A and 9.3.B are resolved in favor of the District.

C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant to Section 9.4.C, terminate this Agreement.

E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its

successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

Section 9.5. LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make TEN MILLION DOLLARS (\$10,000,000) of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS Pursuant to Section 313.0276 of the TEXAS TAX CODE, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1.C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of TEXAS TAX CODE, and that determination is final.

Section 9.8. REMEDY FOR FAILURE TO CREATE AND MAINTAIN COMMITTED NEW QUALIFYING JOBS

A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.

B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the market value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.

C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.

D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

Section 10.2. AMENDMENTS TO APPLICATION AND AGREEMENT; WAIVERS.

A. This Agreement may not be modified or amended except by an instrument or instruments in writing signed by all of the Parties and after completing the requirements of Section 10.2.B. Waiver of any term, condition, or provision of this Agreement by any Party shall only be effective if in writing and shall not be construed as a waiver of any subsequent breach of, or failure to comply with, the same term, condition, or provision, or a waiver of any other term, condition, or provision of this Agreement.

B. By official action of the District's Board of Trustees, the Application and this Agreement may only be amended according to the following:

i. The Applicant shall submit to the District and the Comptroller:

a. a written request to amend the Application and this Agreement, which shall specify the changes the Applicant requests;

b. any changes to the information that was provided in the Application that was approved by the District and considered by the Comptroller;

c. and any additional information requested by the District or the Comptroller necessary to evaluate the amendment or modification;

ii. The Comptroller shall review the request and any additional information for compliance with the Act and the Comptroller's Rules and provide a revised Comptroller certificate for a limitation within 90 days of receiving the revised Application and, if the request to amend the Application has not been approved by the Comptroller by the end of the 90-day period, the request is denied; and

iii. If the Comptroller has not denied the request, the District's Board of Trustees shall approve or disapprove the request before the expiration of 150 days after the request is filed.

C. Any amendment of the Application and this Agreement adding additional or replacement Qualified Property pursuant to this Section 10.2 of this Agreement shall:

i. require that all property added by amendment be eligible property as defined by Section 313.024 of the TEXAS TAX CODE;

ii. clearly identify the property, investment, and employment information added by amendment from the property, investment, and employment information in the original Agreement; and

D. The Application and this Agreement may not be amended to extend the value limitation time period beyond its ten-year statutory term.

E. The Comptroller determination made under Section 313.026(c)(2) of the TEXAS TAX CODE in the original certificate for a limitation satisfies the requirement of the Comptroller to make the same determination for any amendment of the Application and this Agreement, provided that the facts upon which the original determination was made have not changed.

Section 10.3. ASSIGNMENT.

A. Any assignment of any rights, benefits, obligations, or interests of the Parties in this Agreement, other than a collateral assignment purely for the benefit of creditors of the project, is considered an amendment to the Agreement and such Party may only assign such rights, benefits, obligations, or interests of this Agreement after complying with the provisions of Section 10.2 regarding amendments to the Agreement. Other than a collateral assignment to a creditor, this Agreement may only be assigned to an entity that is eligible to apply for and execute an

agreement for limitation on appraised value pursuant to the provisions of Chapter 313 of the TEXAS TAX CODE and the Comptroller's Rules.

B. In the event of a merger or consolidation of the District with another school district or other governmental authority, this Agreement shall be binding on the successor school district or other governmental authority.

C. In the event of an assignment to a creditor, the Applicant must notify the District and the Comptroller in writing no later than 30 days after the assignment. This Agreement shall be binding on the assignee.

Section 10.4. MERGER. This Agreement contains all of the terms and conditions of the understanding of the Parties relating to the subject matter hereof. All prior negotiations, discussions, correspondence, and preliminary understandings between the Parties and others relating hereto are superseded by this Agreement.

Section 10.5. Governing Law. This Agreement and the transactions contemplated hereby shall be governed by and interpreted in accordance with the laws of the State of Texas without giving effect to principles thereof relating to conflicts of law or rules that would direct the application of the laws of another jurisdiction. Venue in any legal proceeding shall be in a state district court in Cameron County.

Section 10.6. AUTHORITY TO EXECUTE AGREEMENT. Each of the Parties represents and warrants that its undersigned representative has been expressly authorized to execute this Agreement for and on behalf of such Party.

Section 10.7. SEVERABILITY. If any term, provision or condition of this Agreement, or any application thereof, is held invalid, illegal, or unenforceable in any respect under any Law (as hereinafter defined), this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and to the extent such term, provision, or condition cannot be so reformed, then such term, provision, or condition (or such invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality, and enforceability of the remaining terms, provisions, and conditions contained herein (and any other application such term, provision, or condition) shall not in any way be affected or impaired thereby. Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement in an acceptable manner so as to effect the original intent of the Parties as closely as possible so that the transactions contemplated hereby are fulfilled to the extent possible. As used in this Section 10.7, the term "Law" shall mean any applicable statute, law (including common law), ordinance, regulation, rule, ruling, order, writ, injunction, decree, or other official act of or by any federal, state or local government, governmental department, commission, board, bureau, agency, regulatory authority, instrumentality, or judicial or administrative body having jurisdiction over the matter or matters in question.

Section 10.8. PAYMENT OF EXPENSES. Except as otherwise expressly provided in this Agreement, or as covered by the application fee, each of the Parties shall pay its own costs and expenses relating to

this Agreement, including, but not limited to, its costs and expenses of the negotiations leading up to this Agreement, and of its performance and compliance with this Agreement.

Section 10.9. INTERPRETATION.

A. When a reference is made in this Agreement to a Section, Article, or Exhibit, such reference shall be to a Section or Article of, or Exhibit to, this Agreement unless otherwise indicated. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 10.11. PUBLICATION OF DOCUMENTS. The Parties acknowledge that the District is required to publish the Application and its required schedules, or any amendment thereto; all economic analyses of the proposed project submitted to the District; and the approved and executed copy of this Agreement or any amendment thereto, as follows:

A. Within seven (7) days of receipt of such document, the District shall submit a copy to the Comptroller for publication on the Comptroller’s Internet website;

B. The District shall provide on its website a link to the location of those documents posted on the Comptroller’s website;

C. This Section does not require the publication of information that is confidential under Section 313.028 of the TEXAS TAX CODE.

Section 10.12. CONTROL; OWNERSHIP; LEGAL PROCEEDINGS. The Applicant shall immediately notify the District and Comptroller’s Office in writing of any actual or anticipated change in the control or ownership of the Applicant and of any legal or administrative investigations or proceedings initiated against the Applicant related to the project regardless of the jurisdiction from which such proceedings originate.

Section 10.13. DUTY TO DISCLOSE. If circumstances change or additional information is obtained regarding any of the representations and warranties made by the Applicant in the Application or this

Agreement, or any other disclosure requirements, subsequent to the date of this Agreement, the Applicant's duty to disclose continues throughout the term of this Agreement.

Section 10.14. CONFLICTS OF INTEREST.

A. The District represents that, after diligent inquiry, each local public official or local government officer, as those terms are defined in Chapters 171 and 176 of the TEXAS LOCAL GOVERNMENT CODE, has disclosed any conflicts of interest in obtaining or performing this Agreement and related activities, appropriately recused from any decisions relating to this Agreement when a disclosure has been made, and the performance of this Agreement will not create any appearance of impropriety. C. The District and the Applicant each separately agree to notify the other Party and the Comptroller immediately upon learning of any conflicts of interest.

Section 10.15. PROVISIONS SURVIVING EXPIRATION OR TERMINATION. Notwithstanding the expiration or termination (by agreement, breach, or operation of time) of this Agreement, the provisions of this Agreement regarding payments (including liquidated damages and tax payments), reports, records, and dispute resolution of the Agreement shall survive the termination or expiration dates of this Agreement until the following occurs:
