

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

Form 50-296
 (Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

- This notice must include:
- the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the comptroller prepare an economic impact analysis of the application;

- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

INVESTMENT

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as rural, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's Web site at www.window.state.tx.us/taxinfo/proptax/hb1200/values.html.

At the time of application, what is the estimated minimum qualified investment required for this school district? \$10,000,000

What is the amount of appraised value limitation for which you are applying? \$10,000,000

What is your total estimated *qualified* investment? 212,053,123

NOTE: See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the Investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? _____

What is the anticipated date of the beginning of the qualifying time period? Tax Year 2009

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? 246,621,028

Describe the qualified investment. [See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
- (3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map.

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period? Yes No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

- (1) in or on the new building or other new improvement for which you are applying? Yes No
- (2) if not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? Yes No
- (3) on the same parcel of land as the building for which you are applying for an appraised value limitation? Yes No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? Yes No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? Yes No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? Yes No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
- (3) a map of the qualified property showing location of new buildings or new improvements – with vicinity map.

Land

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? Yes No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? _____

Will the applicant own the land by the date of agreement execution? Yes No

Will the project be on leased land? Yes No

QUALIFIED PROPERTY (CONTINUED)

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

- 1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

Miscellaneous

Is the proposed project a building or new improvement to an existing facility? [X] Yes [] No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. \$143,416,580 (Market Value) 2011 (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313? [X] Yes [] No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation? [X] Yes [] No

WAGE AND EMPLOYMENT INFORMATION

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 14

The last complete calendar quarter before application review start date is the:

[] First Quarter [] Second Quarter [X] Third Quarter [] Fourth Quarter of 2011 (year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC? 14

Note: For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application.

Total number of new jobs that will have been created when fully operational 2 (additional jobs created by expansion) 16 for entire project

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement? [X] Yes [] No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)? [X] Yes [] No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 2 (additional jobs created by expansion) 16 for entire project

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC Web site. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \$1,139.33
 110% of the county average weekly wage for manufacturing jobs in the county is No manufacturing wages in Winkler County
 110% of the county average weekly wage for manufacturing jobs in the region is \$720

Please identify which Tax Code section you are using to estimate the wage standard required for this project:

§313.021(5)(A) or §313.021(5)(B) or §313.021(3)(E)(ii), or §313.051(b)?

What is the estimated minimum required annual wage for each qualifying job based on the qualified property? \$37,432

What is the estimated minimum required annual wage you are committing to pay for each of the qualifying jobs you create on the qualified property? Avg \$42,800 w/o Benefits, Avg \$66,246 with Benefits First Year

- Will 80% of all new jobs created by the owner be qualifying jobs as defined by 313.021(3)? Yes No
 - Will each qualifying job require at least 1,600 of work a year? Yes No
 - Will any of the qualifying jobs be jobs transferred from one area of the state to another? Yes No
 - Will any of the qualifying jobs be retained jobs? Yes No
 - Will any of the qualifying jobs be created to replace a previous employee? Yes No
 - Will any required qualifying jobs be filled by employees of contractors? Yes No
- If yes, what percent? Initially 85% contractors decreasing to 22% contractors.

Does the applicant or contractor of the applicant offer to pay at least 80% of the employee's health insurance premium for each qualifying job? Yes No

Describe each type of benefits to be offered to qualifying jobholders. (Use attachments as necessary.)

See Attached.

CONFIDENTIALITY NOTICE

**Property Tax Limitation Agreement Applications
Texas Government Code Chapter 313
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

Year 5 are estimated cost of Battery project as of Aug 2011. Also as of Aug 2011 100% of Battery Project will be in Winkler County.

Column D is Notrees Cost in Ector County.

"Pre-Year 1" is the time period after the applicant has applied to the district and before January 1 of the first tax year of the qualifying time period
Qualifying Time Period is the first two tax years beginning after the date of the approval of the application (the agreement)

Column A This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment- as defined in Tax Code §313.021(1)(A)-(D)
For the purposes of investment please list amount invested each year not cumulative totals
(For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property).
Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E)
For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or non-removable components of buildings

Column D Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value
The most significant example for many projects would be land. Others may choose to include items such as professional services, etc.
Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

This schedule must be submitted with the original application, any agreement addendum, any reporting of replacement property, and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Attachment to Amended Application for Appraised Value Limitation on Qualified Property

School District: Kermit ISD

Applicant: Notrees Windpower, LP

Description of Improvements – Generators

Wind Turbine Generators, roads, turnouts, crane pads, power collection system, transformers, substation, transmission lines, electrical grid interconnection, operations/maintenance building, meteorological towers, and other property necessary or convenient for the purpose of generating electrical energy from wind.

Description of Improvements – Battery Storage System

The improvements consist of a 36MW / 24 MWh battery storage system. The system is designed with 24 Dynamic Power Modules with 1.5 MVA output rating and 1.0 MWh capacity each. The modules are comprised of power cells, inverters, and other electrical equipment and control systems necessary to collect, store, and output power. The storage system will be housed in a separate building that will be constructed on the Notrees project site adjacent to the existing substation and operations building

Scope of Proposed Project

This project includes the construction of wind generation assets and of a battery storage facility.

Wind Generation

Phases 1A & 1B of the Notrees Windpower Project will consist of 55 Vestas V82-1.65MW and 40 GE 1.5sle-1.5MW wind turbine generators, respectively. The total nameplate capacity of both phases is 150MW. Nearly 100% of the improvements for Phase 1A are located in Winkler County and approximately 72% of the improvements for Phase 1B are located in Winkler County with the remainder in Ector County. Only the value of the improvements in Winkler County are included in this Application.

The project will include the improvements and property described above for the purpose of generating electrical energy from wind. The project will sell the generated renewable energy to a wholesale utility energy purchaser or into the Electric Reliability Council of Texas (ERCOT) balancing energy market. Early site mobilization began in the July 2008 and the project reach full commercial operations in the fourth calendar quarter of 2009.

Battery Storage Facility

The battery storage facility is a necessary and integral part of the Notrees Windpower Project. The 36 MW / 24 MWh battery storage facility will be located on the existing Notrees Wind site in Ector and Winkler Counties, TX. The site is secured under long-term land leases and has existing transmission interconnections. Notrees plans to commence construction of the Project in Q3 2011, and the Project's anticipated in-service date is September 30, 2012.

Reinvestment Zone Map

Attached to original application by Notrees Windpower, LP dated September 12, 2008.

Describe the ability of your company to locate or relocate in another state or another region of the state.

(Note: This is not necessary for an amended application. However, below is what was on the original application.)

The nature of the improvements makes them not readily movable to other locations. The wind turbines and supporting infrastructure are long-lived assets engineered and designed specifically for this project location. The cost of installing the improvements on the site is substantial and the cost to remove, redesign, and relocate the improvements to a different location would be even more substantial.

Also, power sales agreements have terms of up to 20 years, and are specific to a certain project and electrical delivery point. Therefore, moving the improvements to a different location would likely cause a default under the contract that provides the project with its primary revenue source.

Therefore, relocating the improvements to another location, whether in-state or out-of-state, would be both impractical and potentially detrimental to the economics of the project.

Describe the current economic condition of the region of the state where the property is located.

(Note: This is not necessary for an amended application. However, below is what was on the original application.)

The region around the property is mostly rural, with ranching, agriculture, and oil and gas development as the primary land uses. Oil and gas is the largest segment of the economy and capital investment and jobs in the sector tend to cyclically follow energy commodity prices.

Despite rising energy commodity prices during the period, the Texas County Information Project reports that Winkler County has seen declining population each year from 2000 to 2005, with only a slight increase in 2006. Winkler County is in line with the state average poverty rate at approximately 16%, and falls 15% below the state average for median household income. Private non-farm employment has risen 8.3% from 2000 to 2005 according to the U.S. Census Bureau and the 2006 unemployment rate was 4.1%.
