Board Finding Number 3.

The average salary level of qualifying jobs is expected to be at least \$41,600 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. Majestic Wind indicates that total employment will be approximately five (5) new jobs.

Based on Texas Workforce Commission data, the average manufacturing wage for the area covered by the Panhandle Regional Planning Commission is \$17.49 per hour or \$36,379 annually. At the 110 percent level required under Chapter 313, the minimum qualifying wage would be \$40,017. The average salary level for the Majestic Wind Project exceeds this amount by \$1,583 or about four percent.
