NOTE: This form must be completed by an authorized representative of each approved applicant and each entity with property subject to the limitation agreement. It must be submitted to the school district by May 15th of every year using information from the previous tax (calendar) year. For limitation agreements where there are multiple company entities that receive a part of the limitation provided by the agreement: 1) each business entity not having a full interest in the agreement should complete a separate form for their proportionate share of required employment and investment information; and, 2) separately, the school district is required to complete an Annual Eligibility Report that provides for each question in this form a sum of the individual answers from reports submitted by each entity so that there is a cumulative Annual Eligibility Report reflecting the entire agreement.

Board Finding Number 3.

The average salary level of qualifying jobs is expected to be at least \$41,600 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. Majestic Wind indicates that total employment will be approximately five (5) new jobs.

Based on Texas Workforce Commission data, the average manufacturing wage for the area covered by the Panhandle Regional Planning Commission is \$17.49 per hour or \$36,379 annually. At the 110 percent level required under Chapter 313, the minimum qualifying wage would be \$40,017. The average salary level for the Majestic Wind Project exceeds this amount by \$1,583 or about four percent.
