Re: Application for a Chapter 313 Value Limitation Agreement between the Mount
Calm Independent School District and Hubbard Wind, LLC

First Year of Qualifying Time Period: 01 / 01 / 2021

First Year of Limitation Period: 01 / 01 / 2022

Dear Local Government Assistance and Economic Analysis Division:

The Board of Trustees of the Mount Calm Independent School District (the "District") accepted the enclosed Application for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes (the "Application") at a duly called meeting held on December 17, 2019. The Application was determined to be complete by the District on December 18, 2019. The Applicant, Hubbard Wind, LLC, is proposing to construct a wind powered electric generating facility in Hill County and Limestone County, Texas.

A copy of the Application is being provided to the Hill County Appraisal District and Limestone County Appraisal District by copy of this correspondence. The Board of Trustees believes this project will be beneficial to the District and looks forward to your review and certification of this Application.

Thank you so much for your kind consideration to the foregoing.

Respectfully submitted,

RE: Hubbard Wind, LLC Section 313 Value Limitation Application

Dear Superintendent James E. Wright II:

Please find attached a Section 313 Value Limitation Agreement for Hubbard Wind, LLC. On behalf of our client, NextEra Energy Resources, LLC and in accordance with the guidelines and principles outlined in Section 313 of the Texas Property Tax Code, it is our request that the Mount Calm Independent School District consider the approval of a Section 313 Value Limitation Agreement. The approval of this agreement would undoubtedly prove beneficial to the economic development of Mount Calm ISD as well as the viability of Hubbard Wind, LLC to be located within the state of Texas.

Hubbard Wind, LLC is a 69-84 MW/AC electric generating wind facility, that when established will provide 2 full-time salaried positions for the operation and maintenance of the facility. The project, Hubbard Wind, LLC, is being developed by NextEra Energy Resources, LLC.

NextEra Energy Resources, LLC is one of our nation's leading energy providers. Their diversified portfolio of wind, solar, nuclear, and natural gas facilities has made NextEra Energy Resources, LLC a cost-competitive and reliable energy option. Across the United States, they have developed and managed 21,000 megawatts of net generating capacity. NextEra Energy Resources, LLC is dedicated to providing power to our nation through minimal environmental impacts and positive relationships with stakeholders in the communities they choose to invest in.

Upon your review of this application, please feel free to contact us with any further questions. We appreciate your consideration of this application and look forward to working with you.

Sincerely,

Mike Fry
Director, Energy Services

Pages 1-9 of the application

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

 6a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at comptroller.texas.gov/economy/local/ch313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district? 5,000,000.00
2. What is the amount of appraised value limitation for which you are applying? 20,000,000.00
Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? ☒ Yes ☐ No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
 - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
 - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
 - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? ☒ Yes ☐ No

SECTION 12: Qualified Property

1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
- a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 8**);
 - a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (**Tab 8**); and
 - a map of the qualified property showing location of new buildings or new improvements with vicinity map (**Tab 11**).
2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)? ☐ Yes ☒ No
- 2a. If yes, attach complete documentation including:
- legal description of the land (**Tab 9**);
 - each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (**Tab 9**);
 - owner (**Tab 9**);
 - the current taxable value of the land. Attach estimate if land is part of larger parcel (**Tab 9**); and
 - a detailed map showing the location of the land with vicinity map (**Tab 11**).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? ☐ Yes ☒ No
- 3a. If yes, attach the applicable supporting documentation:
- evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (**Tab 16**);
 - legal description of reinvestment zone (**Tab 16**);
 - order, resolution or ordinance establishing the reinvestment zone (**Tab 16**);
 - guidelines and criteria for creating the zone (**Tab 16**); and
 - a map of the reinvestment zone or enterprise zone boundaries with vicinity map (**Tab 11**)
- 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone? See Tab 16

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In **Tab 10**, attach a specific and detailed description of all **existing property**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In **Tab 10**, attach a specific and detailed description of all **proposed new property that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in **Tab 10**:
- maps and/or detailed site plan;
 - surveys;
 - appraisal district values and parcel numbers;
 - inventory lists;
 - existing and proposed property lists;
 - model and serial numbers of existing property; or
 - other information of sufficient detail and description.
4. Total estimated market value of existing property (that property described in response to question 1): \$ 0.00
5. In **Tab 10**, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property
(that property described in response to question 2): \$ 0.00

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

SECTION 14: Wage and Employment Information

1. What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 0
2. What is the last complete calendar quarter before application review start date:
☐ First Quarter ☐ Second Quarter ☒ Third Quarter ☐ Fourth Quarter of 2019
(year)
3. What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)? 0
- Note:** For job definitions see TAC §9.1051 and Tax Code §313.021(3).
4. What is the number of new qualifying jobs you are committing to create? 2
5. What is the number of new non-qualifying jobs you are estimating you will create? 0
6. Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)? ☒ Yes ☐ No
- 6a. If yes, attach evidence in **Tab 12** documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
7. Attach in **Tab 13** the four most recent quarters of data for each wage calculation below, including documentation from the TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(21) and (22).
- a. Average weekly wage for all jobs (all industries) in the county is 851.50
- b. 110% of the average weekly wage for manufacturing jobs in the county is 851.95
- c. 110% of the average weekly wage for manufacturing jobs in the region is 999.41
8. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? ☐ §313.021(5)(A) or ☒ §313.021(5)(B)
9. What is the minimum required annual wage for each qualifying job based on the qualified property? 51,969.50
10. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property? 51,969.50
11. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? ☒ Yes ☐ No
12. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? ☐ Yes ☒ No
- 12a. If yes, attach in **Tab 12** supporting documentation from the TWC, pursuant to §313.021(3)(F).
13. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? ☐ Yes ☒ No
- 13a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

SECTION 15: Economic Impact

1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

SECTION 16: Authorized Signatures and Applicant Certification

After the application and schedules are complete, an authorized representative from the school district and the business should review the application documents and complete this authorization page. Attach the completed authorization page in **Tab 17**. **NOTE:** If you amend your application, you will need to obtain new signatures and resubmit this page, Section 16, with the amendment request.

Detailed Description of the Project

Attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

Hubbard Wind, LLC is a 302.7 MW/AC electric generating wind facility. In its entirety, the project will consist of 107 wind turbines (GE model 2.82 and 2.3 safe harbor).

For the purpose of this application, we are requesting an appraised value limitation on the portion of the project located within Mount Calm ISD. Across Mount Calm ISD, there will be approximately 30 wind turbines or approximately 69-84 MW/AC production capacity.

In addition to turbines, other components of this project we request be included under the value limitation agreement include the following:

- Operation & Maintenance Building
- Substation
- Transmission Line
- Underground Electrical Collection Cables
- Meteorological Towers
- Access Roads to Turbines

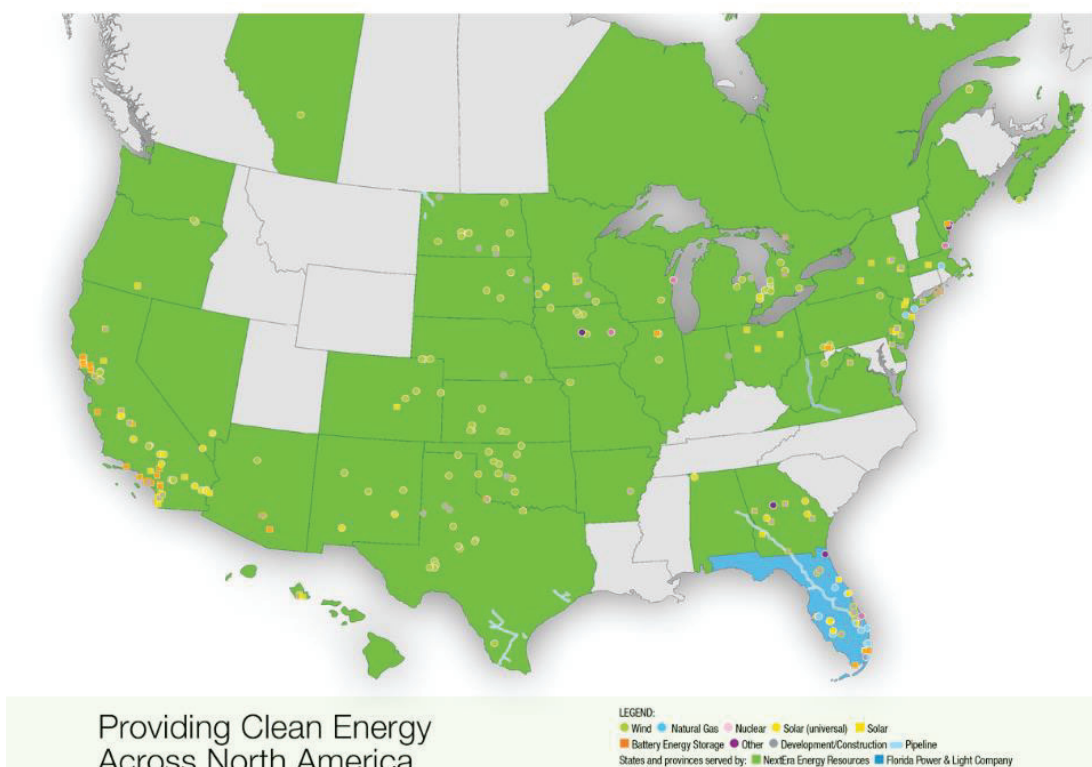

The project, Hubbard Wind, LLC, is not entirely located within Mount Calm ISD. Please refer to Tab 6 of this application for a more detailed description of the project allocation across school districts and counties.

Wind generation facilities operate through capturing wind energy with two or three propeller-like blades mounted on a rotor to generate electricity. As wind blow, pockets of low-pressure air form on the downwind side of the blade. This low-pressure air then pulls the blade towards it, creating a lift and turning the rotor. The force of the lift is stronger than the drag and the wind's force against the front side of the blade. The combination of the lift and drag causes the rotor to spin thus turning a shaft that spins a generator to create electricity.

Tab 5

Limitation as a Determining Factor

As the world's largest generator of renewable wind energy, NextEra Energy Resources, LLC has a vast footprint. Their current portfolio consists of 119 wind projects, spanning across the United States and Canada. NextEra Energy Resources, LLC has the capability to locate investment for wind energy facilities across several different states including Oklahoma, Colorado, Iowa, North Dakota, South Dakota, California, and others.

The decision to allocate investment in Texas for Hubbard Wind, LLC is solely based on a 313 value limitation agreement. In the event a 313 value limitation agreement is not granted, the capital for this project would likely be reallocated for the development of a facility within another state where economic incentives could be secured.

NextEra Energy Resources, LLC is constantly evaluating various locations for development and substantial long-term investment based on anticipated economic rate of return. The benefits provided by a Chapter 313 agreement are one of the most important components in their analysis to locate development within Texas.

The state of Texas has a particularly high property tax burden—ranking in the top 10 across the United States. This factor is problematic for energy developers as property tax liability composes a substantial ongoing cost of operation that directly impacts the economic rate of return on the investment. Without a Chapter 313 agreement, the economic viability of developing an energy facility within Texas becomes uncertain as the rate of return often fails to exceed the minimum required to proceed with the investment. Thus, in the event a Chapter 313 is not granted for Hubbard Wind, LLC it is unlikely the facility will be developed and the investment for this project will be redirected to development in states where there is a lower property tax burden and economic incentives can be secured. Thus, the securance of a Chapter 313 Value Limitation Agreement is the determining factor in the development of Hubbard Wind, LLC.

Description of Qualified Investment

Hubbard Wind, LLC requests that the limitation covers all qualified investment and qualified property located within Mount Calm ISD. It is currently anticipated that 28.97% of the total investment will be located in Mount Calm ISD.

Included within this portion of the investment will be approximately 30 wind turbines. The turbine models to be used will be General Electric's (GE) 2.82 and 2.3 models. In addition to the turbines, it is requested that the limitation applies to the investment for the following equipment:

- Operation & Maintenance Building
- Substation
- Transmission Line
- Underground Electrical Collection Cables
- Meteorological Towers
- Access Roads to Turbines

Request for Waiver of Job Requirements

The following letter is a request to waive the job requirements for Hubbard Wind, LLC.

October 21, 2019

Mount Calm Independent School District
ATT: Superintendent James E. Wright II
200 North Coates
Mount Calm, Texas 76673

RE: Request of Job Waiver for Hubbard Wind, LLC

Dear Superintendent James E. Wright II,

Hubbard Wind, LLC is requesting that Mount Calm ISD's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Property Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

Hubbard Wind, LLC requests that Mount Calm ISD makes such finding and waive the job creation requirement for 10 permanent jobs. For the portion of the project located within Mount Calm ISD, Hubbard Wind, LLC has committed to creating 2 full-time jobs for the operation and maintenance of the facility. These positions will be compensated 110% of the regional manufacturing wage as well as provided full healthcare benefits.

Renewable energy projects create many jobs during the development of the facility. During construction, it is anticipated that nearly 300 jobs will be created. Once construction is complete the facilities require a relatively low number of permanent workers for the operation and maintenance of the site. The number of jobs (2) that Hubbard Wind, LLC has committed to create is congruent with industry standards for wind energy facilities. The current standard for wind energy sites is 1 worker per 15-20 turbines. Considering the portion of the project located within Mount Calm ISD will contain approximately 30 turbines, the creation of two permanent jobs meets the industry standard.

Hubbard Wind, LLC kindly requests that you consider the approval of the job waiver for this project. Undoubtedly, the establishment of this facility will be very beneficial to the economic development of the community and Mount Calm ISD.

Your consideration of this request is greatly appreciated. If you have any questions, please contact us.

Sincerely,

Mike Fry
Director-Energy Services

Economic Impact Study

At this time, the economic impact study has not been completed for Hubbard Wind, LLC by the Texas Comptroller of Public Accounts.

Tab 16

Description of Reinvestment Zone

Hubbard Wind, LLC will be located in a reinvestment zone that will likely be created by Limestone County and Hill County. Currently, it is anticipated that this reinvestment zone will be created in the 1st fiscal quarter of 2020. In the event, Limestone County and Hill County cannot create the reinvestment zone prior to the execution of this proposed agreement, it will be requested that Mount Calm ISD creates and approves the reinvestment zone at the time of agreement execution. A copy of the guidelines and criteria for granting a tax abatement in Limestone County have been requested and will be provided immediately upon receipt.
