**Old Hickory Solar LLC**

Chapter 313 Application to Edna ISD

Cummings Westlake, LLC

---

**TAB 7***Description of Qualified Investment*

Old Hickory Solar LLC plans to construct a 206 MW solar farm in Jackson County.

This application covers all qualified property within Edna ISD necessary for the commercial operations of the proposed solar farm described in Tab 4. All panels will be located in Edna ISD. Panel placement is subject to change but for purposes of this application, the Project anticipates using 670,000 modules and 235 inverters.

This application covers all qualified investment and qualified property necessary for the commercial operations of the solar farm.

Qualified Investment and qualified property include collection systems, transmission lines, electrical interconnections, roads, control systems necessary for commercial generation of electricity, solar modules/panels, foundations, racking and mounting structures, inverters boxes, combiner boxes, meteorological equipment, roadways, storage shed and/or possibly an O&M building, paving, fencing, electrical substations, generation transmission tie line and associated towers, and interconnection facilities and control systems necessary for commercial generation of electricity, and all eligible ancillary and necessary equipment.
