Re: Application for a Chapter 313 Value Limitation Agreement between the Veribest Independent School District and RE Bravepost LLC

First Year of Qualifying Time Period: January 1, 2021

First Year of Limitation Period: January 1, 2021

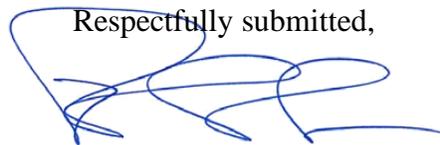

Dear Local Government Assistance and Economic Analysis Division:

The Board of Trustees of the Veribest Independent School District (the "District") accepted the enclosed Application for Appraised Value Limitation on Qualified Property (the "Application") at a duly called meeting held on February 20, 2020. The Application was determined to be complete by the District on March 6, 2020. The Applicant, RE Bravepost LLC, is proposing to construct a solar electric generating facility in Tom Green County, Texas.

A copy of the Application is being provided to the Tom Green County Appraisal District by copy of this correspondence. The Board of Trustees believes this project will be beneficial to the District and looks forward to your review and certification of this Application.

Thank you so much for your kind consideration to the foregoing.

Respectfully submitted,

Rick L. Lambert

Re: Application for Texas Property Tax Code Section 313 Value Limitation Agreement

Dear Mr. Ryder Appleton:

Please find attached an application for a Section 313 Value Limitation Agreement. On behalf of our client, Recurrent Energy, and in accordance with the guidelines and principles outlined in Section 313 of the Texas Property Tax Code, it is our request that Veribest Independent School District consider the approval of a Section 313 Value Limitation Agreement. The approval of this agreement would undoubtedly prove beneficial to the economic development of Veribest ISD as well as the viability of RE Bravepost LLC to be located within the state of Texas.

RE Bravepost LLC is a 200 MW AC solar electric generating facility, that when established will provide 2, full-time salary competitive jobs. The project is anticipated to commence in late Q2 2020/early Q3 2020 and will be fully operational by Q2 2021.

Recurrent Energy is a leading utility-scale solar project developer, delivering competitive, clean electricity to large energy buyers. Based in the United States, Recurrent is a wholly owned subsidiary of Canadian Solar, Inc. and functions as Canadian Solar's U.S. project development arm. They are dedicated to the future of renewable energy as well as building quality relationships with the stakeholders in the communities they choose to invest in.

If you have any questions, please feel free to contact me at 469-298-1594 or mike@keatax.com. We look forward to working with you.

Sincerely,

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

SECTION 5: Applicant Business Structure

1. Identify Business Organization of Applicant (*corporation, limited liability corporation, etc*) _____

2. Is applicant a combined group, or comprised of members of a combined group, as defined by Tax Code §171.0001(7)? Yes No

2a. If yes, attach in **Tab 3** a copy of Texas Comptroller Franchise Tax Form No. 05-165, No. 05-166, or any other documentation from the Franchise Tax Division to demonstrate the applicant's combined group membership and contact information.

3. Is the applicant current on all tax payments due to the State of Texas? Yes No

4. Are all applicant members of the combined group current on all tax payments due to the State of Texas? Yes No N/A

5. If the answer to question 3 or 4 is no, please explain and/or disclose any history of default, delinquencies and/or any material litigation, including litigation involving the State of Texas. (If necessary, attach explanation in **Tab 3**)

SECTION 6: Eligibility Under Tax Code Chapter 313.024

1. Are you an entity subject to the tax under Tax Code, Chapter 171? Yes No
2. The property will be used for one of the following activities:
 - (1) manufacturing Yes No
 - (2) research and development Yes No
 - (3) a clean coal project, as defined by Section 5.001, Water Code Yes No
 - (4) an advanced clean energy project, as defined by Section 382.003, Health and Safety Code Yes No
 - (5) renewable energy electric generation Yes No
 - (6) electric power generation using integrated gasification combined cycle technology Yes No
 - (7) nuclear electric power generation Yes No
 - (8) a computer center that is used as an integral part or as a necessary auxiliary part for the activity conducted by applicant in one or more activities described by Subdivisions (1) through (7) Yes No
 - (9) a Texas Priority Project, as defined by 313.024(e)(7) and TAC 9.1051 Yes No
3. Are you requesting that any of the land be classified as qualified investment? Yes No
4. Will any of the proposed qualified investment be leased under a capitalized lease? Yes No
5. Will any of the proposed qualified investment be leased under an operating lease? Yes No
6. Are you including property that is owned by a person other than the applicant? Yes No
7. Will any property be pooled or proposed to be pooled with property owned by the applicant in determining the amount of your qualified investment? Yes No

SECTION 7: Project Description

1. In **Tab 4**, attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.
2. Check the project characteristics that apply to the proposed project:

<input type="checkbox"/> Land has no existing improvements	<input type="checkbox"/> Land has existing improvements <i>(complete Section 13)</i>
<input type="checkbox"/> Expansion of existing operation on the land <i>(complete Section 13)</i>	<input type="checkbox"/> Relocation within Texas

SECTION 8: Limitation as Determining Factor

1. Does the applicant currently own the land on which the proposed project will occur? Yes No
2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project? Yes No
3. Does the applicant have current business activities at the location where the proposed project will occur? Yes No
4. Has the applicant made public statements in SEC filings or other documents regarding its intentions regarding the proposed project location? Yes No
5. Has the applicant received any local or state permits for activities on the proposed project site? Yes No
6. Has the applicant received commitments for state or local incentives for activities at the proposed project site? Yes No
7. Is the applicant evaluating other locations not in Texas for the proposed project? Yes No
8. Has the applicant provided capital investment or return on investment information for the proposed project in comparison with other alternative investment opportunities? Yes No
9. Has the applicant provided information related to the applicant's inputs, transportation and markets for the proposed project? Yes No
10. Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas? Yes No

Chapter 313.026(e) states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)." If you answered "yes" to any of the questions in Section 8, attach supporting information in Tab 5.

SECTION 9: Projected Timeline

1. Application approval by school board _____
2. Commencement of construction _____
3. Beginning of qualifying time period _____
4. First year of limitation _____
5. Begin hiring new employees _____
6. Commencement of commercial operations _____
7. Do you propose to construct a new building or to erect or affix a new improvement after your application review start date (*date your application is finally determined to be complete*)? Yes No
Note: Improvements made before that time may not be considered qualified property.
8. When do you anticipate the new buildings or improvements will be placed in service? _____

SECTION 10: The Property

1. Identify county or counties in which the proposed project will be located _____
2. Identify Central Appraisal District (CAD) that will be responsible for appraising the property _____
3. Will this CAD be acting on behalf of another CAD to appraise this property? Yes No
4. List all taxing entities that have jurisdiction for the property, the portion of project within each entity and tax rates for each entity:
 County: _____ (Name, tax rate and percent of project) City: _____ (Name, tax rate and percent of project)
 Hospital District: _____ (Name, tax rate and percent of project) Water District: _____ (Name, tax rate and percent of project)
 Other (describe): _____ (Name, tax rate and percent of project) Other (describe): _____ (Name, tax rate and percent of project)
5. Is the project located entirely within the ISD listed in Section 1? Yes No
 5a. If no, attach in **Tab 6** additional information on the project scope and size to assist in the economic analysis.
6. Did you receive a determination from the Texas Economic Development and Tourism Office that this proposed project and at least one other project seeking a limitation agreement constitute a single unified project (SUP), as allowed in §313.024(d-2)? Yes No
 6a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller’s website at comptroller.texas.gov/economy/local/ch313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district? _____
2. What is the amount of appraised value limitation for which you are applying? _____
Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? Yes No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
 - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
 - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
 - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? Yes No

SECTION 12: Qualified Property

1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
 - 1a. a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (Tab 8);
 - 1b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (Tab 8); and
 - 1c. a map of the qualified property showing location of new buildings or new improvements with vicinity map (Tab 11).
2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)? Yes No
 - 2a. If yes, attach complete documentation including:
 - a. legal description of the land (Tab 9);
 - b. each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (Tab 9);
 - c. owner (Tab 9);
 - d. the current taxable value of the land. Attach estimate if land is part of larger parcel (Tab 9); and
 - e. a detailed map showing the location of the land with vicinity map (Tab 11).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? Yes No
 - 3a. If yes, attach the applicable supporting documentation:
 - a. evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (Tab 16);
 - b. legal description of reinvestment zone (Tab 16);
 - c. order, resolution or ordinance establishing the reinvestment zone (Tab 16);
 - d. guidelines and criteria for creating the zone (Tab 16); and
 - e. a map of the reinvestment zone or enterprise zone boundaries with vicinity map (Tab 11)
 - 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone? _____

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In Tab 10, attach a specific and detailed description of all **existing property**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In Tab 10, attach a specific and detailed description of all **proposed new property that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in Tab 10:
 - a. maps and/or detailed site plan;
 - b. surveys;
 - c. appraisal district values and parcel numbers;
 - d. inventory lists;
 - e. existing and proposed property lists;
 - f. model and serial numbers of existing property; or
 - g. other information of sufficient detail and description.
4. Total estimated market value of existing property (that property described in response to question 1): _____ \$
5. In Tab 10, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property (that property described in response to question 2): _____ \$

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

SECTION 14: Wage and Employment Information

1. What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)?
2. What is the last complete calendar quarter before application review start date:
 First Quarter Second Quarter Third Quarter Fourth Quarter of _____
(year)
3. What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)?
- Note:** For job definitions see TAC §9.1051 and Tax Code §313.021(3).
4. What is the number of new qualifying jobs you are committing to create?
5. What is the number of new non-qualifying jobs you are estimating you will create?
6. Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)? Yes No
 - 6a. If yes, attach evidence in **Tab 12** documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
7. Attach in **Tab 13** the four most recent quarters of data for each wage calculation below, including documentation from the TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(21) and (22).
 - a. Average weekly wage for all jobs (all industries) in the county is
 - b. 110% of the average weekly wage for manufacturing jobs in the county is
 - c. 110% of the average weekly wage for manufacturing jobs in the region is
8. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? §313.021(5)(A) or §313.021(5)(B)
9. What is the minimum required annual wage for each qualifying job based on the qualified property?
10. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property?
11. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? Yes No
12. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? Yes No
 - 12a. If yes, attach in **Tab 12** supporting documentation from the TWC, pursuant to §313.021(3)(F).
13. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? Yes No
 - 13a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

SECTION 15: Economic Impact

1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

Detailed Description of the Project

Attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

In compliance with the criteria and guidelines set forth in Title 3, Chapter 313 of the Texas Property Tax Code, RE Bravepost LLC requests an appraised value limitation from Veribest Independent School District. Recurrent Energy is proposing to construct a solar electric generating facility in Tom Green County. The facility will be located in a 3,225 acre reinvestment zone in the northeastern portion of the county. Additionally, the entirety of the project will be within Veribest ISD. Please find attached in Tab 11 maps that further define the location of the facility.

The facility itself is expected to have a total capacity of 200 MW AC and will feature 730,000 photovoltaic panels, and 57 central inverters.

RE Bravepost LLC requests that this application includes all eligible ancillary and necessary equipment, most of which is outlined as follows:

- Solar Modules & Panels
- Inverter Boxes
- Meteorological Equipment
- Operation & Maintenance Building
- Electrical Substations
- Associated Towers
- Racking & Mounting Structures
- Combiner Boxes
- Foundations
- Roadways, Paving, & Fencing
- Generation Transmission Tie Line
- Interconnection Facilities

RE Bravepost LLC is a solar energy project managed by Recurrent Energy. Recurrent Energy is a leading utility-scale solar project developer, delivering competitive, clean electricity to large energy buyers. Based in the United States, Recurrent is a wholly owned subsidiary of Canadian Solar, Inc. and functions as Canadian Solar's U.S. project development arm.

Tab 5

Limitation as a Determining Factor

Throughout the United States the production of renewable energy has been increasing as the cost of these systems has decreased and technological advancements have improved efficiency. In 2019, Texas ranked 4th in installed solar capacity. The state's geographic position and containment of several large population centers has made Texas a favorable location for renewable energy development.

Renewable energy developers face many challenges in the determination of project location—one of these factors being the selection of an area where the greatest return on investment can be achieved. There are several factors that contribute to Texas favorability for development, one however that does not is the state's notoriously high property tax burden—ranking in the top 10 across the United States.

An appraised value limitation on qualified property allows developers to significantly diminish the property tax liability that composes a substantial ongoing cost of operation that directly impacts the economic rate of return for the project. In the absence of an appraised value limitation, the development of renewable energy facilities becomes financially uncertain as the rate of return often fails to meet the minimum return required to proceed.

Recurrent Energy's ability to locate RE Bravepost LLC in a variety of locations is based on their footprint throughout the United States, with facilities located in California, Arizona, Colorado, Oklahoma, Arkansas, Louisiana, Mississippi, Ohio, Virginia, North Carolina, Georgia, and Texas. In the event a 313 value limitation agreement is not reached, Recurrent Energy undoubtedly has the potential to relocate the facility to areas in the aforementioned locations.

Recurrent Energy compares the proposed project's rate of return with the Chapter 313 appraised value limitation agreement and without the value limitation agreement. To move forward, the rate of return must exceed the minimum rate of return required to proceed with the proposed investment. Therefore, if receiving a value limitation agreement under Chapter 313 results in significant annual operating cost savings Recurrent Energy will be incentivized to invest capital in the proposed project rather than making an alternative investment. This makes the ability to enter into a Chapter 313 appraised value limitation agreement with the school district "the determining factor" to invest in this project

Request for Waiver of Job Requirements

Please refer to the proceeding letter attached.

January 8, 2020

Superintendent Ryder Appleton
Veribest Independent School District
P.O. Box 490 Veribest, Texas 76886

RE: RE Bravepost LLC Chapter 313 Job Waiver Request

Dear Ryder Appleton,

Recurrent Energy is requesting that Veribest Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

Recurrent Energy requests that Veribest ISD makes such finding and waive the job creation requirement for ten permanent jobs. In line with the current industry standards for job requirements, RE Bravepost LLC has committed to create two qualifying jobs in Veribest ISD.

Solar projects create many jobs, both full and part time. Additionally, during the construction phase, solar projects create many temporary jobs; however, after construction is completed solar facilities only require a relatively small number of workers to operate and maintain the plant. The number of jobs RE Bravepost LLC has committed to create is congruent with current industry standards for maintenance and operation of a facility of this capacity. This is evidenced by previously certified limitation agreement applications by solar developers who also requested and were granted a waiver of the job requirements based on the requirement of one job per 115 MW.

The permanent employees of a solar facility maintain and service the photovoltaic panels and inverters, underground electrical connections, substations, as well as other infrastructure associated with the safe and reliable operation of the facilities. In addition to onsite employees, there may also be managers and/or technicians who provide support to the facility remotely.

The establishment of RE Bravepost LLC will undoubtedly be beneficial to the economic development of Veribest ISD and the advancement of renewable energy. Thank you for your consideration of this request. If you have any questions, feel free to contact us.

Sincerely,

Mike Fry, Director—Energy Services

Description of Reinvestment Zone

RE Bravepost LLC is to be located within a proposed reinvestment zone. The adoption of this measure will not be complete until Veribest ISD or Tom Green County creates the reinvestment zone. Therefore, upon the creation of the proposed reinvestment zone, the legal description of the zone as well as the order, resolution, or ordinance that establishes the reinvestment zone will be submitted to the Texas Comptroller. Please find attached the guidelines and criteria for establishing a tax abatement in Tom Green County.

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN REINVESTMENT ZONES

Tom Green County, Texas

I. PURPOSE

Tom Green County, hereinafter referred to as “County” is committed to the promotion of quality development in all parts of the County and to improving the quality of life for its citizens. In order to help meet these goals, the County will consider recommending tax incentives, which may include the designation of reinvestment zones, accepting applications for tax abatement, and entering into tax abatement agreements to stimulate growth and development.

It is the intent of the County that such incentives will be provided in accordance with the procedures and criteria outlined in this document and in Chapter 312 of the Texas Tax Code. However, nothing in these Guidelines and Criteria shall imply or suggest to be construed to imply or suggest that tax entities are under any obligation to provide any incentives to any applicant. All such applicants for tax incentives shall be considered on an individual basis for both the qualification for tax abatement and the amount of any tax abatement. The adoption of these Guidelines and Criteria shall not create any property, contract, or other legal right in any person to have the governing body consider or grant a specific application or request for tax abatement.

Only that increase in the fair market value of the property directly resultant from the development, redevelopment, and improvement specified in the contract will be eligible for abatement. All abatement contracts will be for a term no longer than allowed by law. Additionally, the Tom Green County Commissioners Court reserves the right to negotiate a tax abatement agreement in order to compete favorably with other communities.

II. DEFINITIONS

The attached Glossary is a list of words with their definitions that are found in this document, and the Glossary is incorporated herein by reference.

III. GUIDELINES AND CRITERIA

In order to be eligible for designation as a reinvestment zone and to receive tax abatement, the planned improvement as a minimum must meet the following:

- (a) Be an authorized Facility. A facility may be eligible for abatement if it is a(n):

Aquaculture/Agriculture Facility,

Distribution Center Facility,
Manufacturing Facility,
Office Building,
Regional Entertainment/Tourism Facility,
Research Facility,
Regional Service Facility,
Historic Building in designated area,
Renewable Energy Facility, or
Other Basic Industry

- (b) The project must be reasonably expected to have an increase in positive net economic benefit to Tom Green County of at least \$15,000,000.00 over the life of the abatement, computed to include (but not limited to) new sustaining payroll and capital improvement. In consideration of the request for designation as a reinvestment zone and to receive tax abatement, the following factors will also be considered:
- (1) Jobs. The projected New Jobs created including the number of jobs, the retention of existing jobs, the type of jobs, the average payroll, the total payroll and the number of local persons hired.
 - (2) Fiscal Impact. The amount of real and personal property value that will be added to the tax roll for both eligible and ineligible property, the amount of direct sales tax that will be generated, the infrastructure improvements by the County that will be required by the facility, the infrastructure improvements made by the facility, and the compatibility of the project with the County's development goals.
 - (3) Community Impact, including:
 - i. The pollution, if any, as well as other negative environmental impacts affecting the health and safety of the community that will be created by the project;
 - ii. The revitalization of a depressed area;
 - iii. The business opportunities of existing local vendors;
 - iv. The alternative development possibilities for proposed site;
 - v. The impact on other taxing entities, including the use of municipal or county infrastructure; and/or

- vi. Whether the improvement is expected to solely or primarily have the effect of transferring employment from one part of Tom Green County to another.

IV. ABATEMENT AUTHORIZED

- (a) **Authorized Date.** A facility may be eligible for tax abatement for a period not to exceed ten years or one-half of the productive life of the improvement, whichever is less. The “productive life” will be calculated from the effective date of the tax abatement and the date the equipment ceased to be in service. If it has applied for such abatement prior to the commencement of construction provided that such facility meets the criteria granting tax abatement in reinvestment zones created in Tom Green County pursuant to these Guidelines and Criteria.
- (b) **Creation of New Value.** Abatement may only be granted for the additional value of eligible property improvements made subsequent to the filing of an application for tax abatement and specified in the abatement agreement between the County and the owner or lessee (and lessor if required pursuant to IV(f)) of the facility or improvements receiving the abatement, all subject to such limitations as the Guidelines and Criteria may require.
- (c) **New and Existing Facilities.** Abatement may be granted for new facilities and improvements to existing facilities for purposes of modernization or expansion. If the modernization project includes facility replacement, the abated value shall be the value of the new unit(s) less the value of the old unit(s).
- (d) **Eligible Property.** Abatement may be extended to the value of the following: new, expanded, replaced or modernized buildings and structures; fixed machinery and equipment; site improvements; office space and related fixed improvements necessary to the operation and administration of the facility; and all other real and tangible personal property as permitted by Chapter 312 of the Texas Tax Code.
- (e) **Ineligible Property.** The following types of property shall be fully taxable and ineligible for abatement:
 - i. Land,
 - ii. Animals,
 - iii. Inventories,
 - iv. Supplies,
 - v. Tools,
 - vi. Furnishings and other forms of movable personal property other than machinery and equipment that are an essential part of the facility or improvements receiving abatement,
 - vii. Vehicles,
 - viii. Vessels,

- ix. Aircraft,
- x. Housing or residential property,
- xi. Fauna,
- xii. Flora,
- xiii. Deferred Maintenance investments,
- xiv. Property to be rented or leased (except as provided in Part IV(f)),
- xv. Any improvements including those to produce, store or distribute natural gas or fluids that are not integral to the operation of the facility, and
- xvi. Property owned or used by the State of Texas or its political subdivision or by any organization owned, operated or directed by a political subdivision of the State of Texas.

(f) **Owned/Leased Facilities.** If a leased facility or leased improvements are granted an abatement, the agreement shall be executed with the lessor and lessee of the facility or improvements. The owner of the real property where the facility or improvements are located is not required to execute the abatement agreement if it is not the lessor or lessee of the facility or improvements.

(g) **Value and Term of Abatement.**

1) Abatement shall be granted effective no earlier than the January 1 valuation date immediately following the date of execution of the agreement. The agreement may provide that the period for which the abatement applies will commence on a later date. The value of new eligible property shall be abated according to the approved agreement between applicant and the governing body. The Tom Green County Commissioners Court, in its sole discretion, shall determine the amount of any abatement.

(h) **Economic Qualification.** In order to be eligible for designation as a reinvestment zone and to qualify for tax abatement the planned improvement:

1) Must create employment for at least 10 people on a full-time (40 hours per week equivalent) basis in Tom Green County for the duration of the abatement period at the abated facility site described in the tax abatement application; or alternatively, must retain and prevent the loss of employment of 10 employees or fifty percent (50%) of the existing facility containing the abated facility site described in the tax abatement application, whichever is greater, for the duration of the abate period. The following is applicable to the employment retention/preventing loss of employment requirement:

a) “Existing facility” is the facility is a Manufacturing Facility, Research Facility, Distribution Center or Regional Facility,

Regional Entertainment Facility, Other Basic Industry, or a facility the Commissioners Court determines would enhance job creation and the economic future of Tom Green County. The facility must be expanded or modernized and contain the proposed improvements to be abated. A manufacturing or processing unit or units of a larger plant complex that separately comprise a manufacturing or production sub-unit of the larger plant shall be considered the existing facility for the purposes of Section 2(h)(1) employment retention requirement (that the planned improvements cause the retention or prevention of loss of employment of 10 employees or 50% of the employees of the existing facility, whoever is greater). For example, if a large plant complex has a sub-unit that produces chlorine and 100 employees are employed at or in connection with that unit, an expansion or modernization of all or part of that facility must result in the retention of at least 50 employees employed at or in connection with the expanded or modernized “existing facility” in order for the facility improvements to qualify for abatement.

- b) Employees of a larger plant until transferred or assigned to and employed at or in connection with a new sub-unit containing the planned improvements, constructed on undeveloped land constituting the proposed abated facility site/reinvestment zone shall be considered “created” employment for purposes of this sub-section.
- c) The proposed number of employees to be employed at the abate facility as stated in the abatement application for the property that is the subject of the tax abatement agreement (including the projected creation or retention of employment) must be maintained for the duration of the abatement period at the abated facility site. For purposes of this sub-section, in order for a planned improvement to be considered as preventing the loss of employment or retaining employment, the abated facility/project must be necessary in order to retain or keep employment at levels as indicated in the application and in order to retain the proposed number of employees at the abated facility as indicated in the application. The owner/Applicant seeking to qualify on the basis of retention or preventing loss of employment must provide a detailed statement as an attachment to its application affirmatively representing compliance with this sub-subsection and explaining the necessity of this project to prevent loss of employment. Any variance from the requirements of this sub-section is subject to approval of Commissioners Court in accordance with the variance section of these Guidelines & Criteria.
- d) Full-time employee creation requirements for Renewable Energy Facilities to be determined by Commissioners Court.

- 2) Must be not expected to solely or primarily have the effect of transferring employment from one part of the county to another part of the county. A variance may be request relative to this provision which approval shall be at the sole discretion of the County.
- 3) Must be necessary because capacity cannot be provided efficiently utilizing existing improved property.

Additionally, the owner of the project:

- 4) Will be wholly responsible for all County roads and right-of-way (including bridges, culverts, ditches, etc) and damaged caused thereto as a result of the construction of an on-going maintenance and operations of the Abated Facility Site as well as associated facilities to the Abated Facility Site, including but not limited to, the following:
 - a) Cost to maintain the roads, if needed, utilized for construction of the Abated Facility Site in an effort to keep the road safe for the traveling public will be tracked by Tom Green County and invoiced on a regular basis to the Abatee.
 - b) Cost to reconstruct the roadway, if needed, will be actual cost to repair the County roads and right-of-way incurred by the County and invoiced to the Abatee. These costs will include all construction costs as well as all related professional services for the repair work.
- (i) Taxability. From the execution of the abatement contract to the end of the period during which the abatement applies, taxes shall be payable as follows:
 - (1) The value of ineligible property as provided in Part IV(e) shall be fully taxable;
 - (2) The base year value of existing eligible property as determined each year shall be fully taxable; and
 - (3) The additional value of new eligible property shall be taxable in the manner described in the abatement agreement.

V. APPLICATION FOR TAX ABATEMENT

- (a) Any present or potential owner, assignee, or lessee of taxable property in Tom Green County may request the creation of a reinvestment zone and the consideration of a tax abatement agreement by filing a written request with the County. The completed Application must be accompanied by the payment of a one thousand dollar (\$1000) non-refundable application fee for administrative

costs associated with the processing of the tax abatement request. All checks in payment of the administrative fee shall be made payable to Tom Green County.

- (b) The application shall consist of a completed application form (if provided by the County) accompanied by:
 - (1) A general description of the proposed use and the general nature and extent of the modernization, expansion, or new improvements to be undertaken;
 - (2) A descriptive list of the improvements which will be part of the facility;
 - (3) A map and property description or a site plan;
 - (4) A time schedule for undertaking and completing the planned improvements; and
 - (5) In the case of modernizing or replacing existing facilities in whole or in part, a statement of the assessed value of the facility separately stated for real and personal property for the tax year immediately preceding the year in which the application is filed.

The County may require that the application be supplemented with such financial and other information as deemed appropriate for evaluating the financial capacity and other factors of the applicant.

- (c) Upon receipt of a completed application, the County shall, through public hearings, afford the applicant and the designated representative of any Affected Jurisdiction the opportunity to show cause why the abatement should or should not be granted. Notice of the public hearing shall be clearly identified on an agenda of the Tom Green County Commissioners Court to be posted at least seven (7) days prior to the hearing.
- (d) The County shall consider the application for tax abatement within thirty (30) days after receipt of the application and notify the applicant of the approval or disapproval promptly thereafter.
- (e) A request for reinvestment zone for the purpose of abatement shall not be granted by the County if the County finds that the request for the abatement was filed after the commencement of construction, alteration, or installation of taxable improvements related to a proposed modernization expansion or new facility. Before the Tom Green County Commissioners Court holds a public hearing to designate a reinvestment zone, it shall do the following:

- (1) Not later than the seventh day before the date of the hearing, publish notice of the hearing in a newspaper having general circulation in the County; and
 - (2) Not later than the seventh day before the date of the hearing, deliver written notice of the hearing to the presiding officer of the governing body of each taxing unit that includes in its boundaries any real property that is to be included in the proposed reinvestment zone.
- (f) Requested Variances. Requests for variance from any provision of these Guidelines and Criteria may be made in written form to the Tom Green County Commissioners Court. Such request shall include a complete description of the circumstances explaining why the applicant should be granted a variance. Approval of a request for variance requires a three-fourths (3/4) vote of the Tom Green County Commissioners Court.
- (g) Deemed Variances. The Tom Green County Commissioners' Court may approve a tax abatement agreement that varies from any requirement in these Guidelines and Criteria so long as such variance is permitted by Chapter 312 of the Texas Tax Code. Any aspect of a tax abatement agreement duly authorized and approved by the Tom Green County Commissioners' Court that varies in any respect from any requirement in these Guidelines and Criteria shall be deemed to have been granted a variance from the Guidelines and Criteria by the Court. It is the express intention of the Tom Green County Commissioners Court that no tax abatement agreement that has been duly authorized and approved by the Court shall be challenged or held to be invalid because such authorized and approved tax abatement agreement varies from any requirement contained in these Guidelines and Criteria.

VI. PUBLIC HEARING

- (a) Should any Affected Jurisdiction be able to show cause in the public hearing why the granting of abatement by the County will have a substantial adverse effect on its bonds, tax revenue, service incapacity or the provision of service, that showing shall be considered by the Tom Green County Commissioners Court when deciding to approve or disapprove of the application for tax abatement.
- (b) Neither a reinvestment zone nor an abatement shall be authorized if it is determined that:
 - (1) There would be a substantial adverse effect on the provision of a government service or the tax base of an Affected Jurisdiction;
 - (2) The applicant has insufficient financial capacity to construct and operate the proposed facility or improvements;

- (3) The planned or potential use of the property would constitute a hazard to public safety, health, or morals; or
- (4) The planned or potential use of the property violates other governmental codes or laws.

VII. AGREEMENT

- (a) If an application for tax abatement is approved by the Tom Green County Commissioners Court, the Court shall formally pass a resolution and execute an agreement with the owner and/or lessee of the facility which shall include:
 - (1) The percentage of value to be abated each year as provided in Part IV(g) of these Guidelines and Criteria.
 - (2) The commencement date and the termination date of abatement.
 - (3) The proposed use of the facility, nature of construction, time schedule for undertaking and completing the planned improvements, map, property description, and improvements list as provided in Part V of these Guidelines and Criteria.
 - (4) Contractual obligations in the event of default, violation of terms or conditions, delinquent taxes recapture, administration and assignment (as provided in the agreement), and other provisions that may be required for uniformity or by state law or that are mutually agreed to by the County and the applicant.
 - (5) Amount of investment and/or average number of jobs applicant commits to create for the period of abatement.
 - (6) Any other provisions required by Chapter 312 of the Texas Tax Code.
- (b) The County will use its best efforts to cause such agreement to be executed within thirty (30) days after the later of the date applicant has forwarded all necessary information to the jurisdiction receiving the application or the date of the approval of the application. Prior to the execution of the Agreement, the County will comply with the following notice requirement in Tax Code § 312.2041(a):

Not later than the seventh day before the date on which a municipality or county enters into an abatement agreement, the governing body of the municipality or county or a designated officer or employee of the municipality or county shall deliver to the presiding officer of the governing body of each other taxing unit in which the property to be subject to the agreement is located

a written notice that the municipality or county intends to enter into the agreement. The notice must include a copy of the proposed agreement.

- (c) Each other taxing unit that has jurisdiction over the facility or improvements for which the County approves or disapproves an application for tax abatement shall make its own determination of abatement (if requested by the applicant) which shall not bind any other Affected Jurisdiction.

VIII. RECAPTURE

- (a) In the event that the facility or improvements are completed and begin operating but subsequently discontinue operating for any reason excepting a force majeure event (as such event may be more specifically defined in the tax abatement agreement) for a period of more than one (1) year during the abatement period, then the abatement agreement shall terminate along with the abatement of taxes for the calendar year during which the agreement is terminated. The taxes otherwise abated for that calendar year shall be paid to the County within sixty (60) days from the date of termination. The County is permitted to enter into a tax abatement agreement that varies from the provisions of this paragraph without being deemed to be in violation of these Guidelines and Criteria so long as the agreement provides for the recapture of property taxes in the event that the approved facility or improvement discontinue operations during the period of tax abatement.
- (b) If the County determines that a party to a tax abatement agreement is in default according to the terms and conditions of its agreement, the County shall notify the party in writing at the address stated in the agreement, and if such is not cured within sixty (60) days from the date of such notice, then the agreement shall be terminated and all taxes previously abated by virtue of the agreement will be recaptured and paid within sixty (60) days of the termination. Further, it will be a default under a tax abatement granted pursuant to these Guidelines and Criteria if the owner of the eligible property subject to the abatement is delinquent in paying any undisputed taxes to any taxing authority in Tom Green County, Texas. The County is permitted to enter into a tax abatement agreement that varies from the provisions of this paragraph without being deemed to be in violation of these Guidelines and Criteria so long as the agreement provides for the recapture of property tax in the event that the applicant named in the tax abatement agreement defaults in its obligations under the agreement.

IX. ADMINISTRATION

- (a) The Chief Appraiser of the Tom Green County Appraisal District shall annually determine an assessment of any real and/or personal property that is the subject of a tax abatement agreement. Each party to a tax abatement agreement shall be

required to furnish the assessor with such information as may be necessary to determine an assessment. Once a value has been established, the Chief Appraiser shall notify the Affected Jurisdictions of the appraised value.

- (b) The abatement agreement shall stipulate that employees and/or designated representatives of the County will have access to the facility or improvements that are the subject of the agreement during the term of the abatement to inspect the facility or improvements to determine if the terms and conditions of the agreement are being met. The terms, guidelines, and requirements concerning inspections shall be set forth in the abatement agreement.
- (c) After the period of abatement begins, the County shall annually evaluate each facility receiving abatement and report possible violations of the abatement agreement to the Tom Green County Commissioners Court. The abatement agreement may also require the party receiving the abatement to file annual certifications with the County.
- (d) All proprietary information acquired by the County for purposes monitoring compliance with the terms and conditions of an abatement agreement shall be considered confidential.
- (e) “Buy Local” Provision. Each recipient of property tax abatement shall additionally agree to give preference and priority to local manufacturers, suppliers, contractors and labor, except where not reasonably possible to do so without added expense, substantial inconvenience, or sacrifice in operating efficiency.
- (f) Right to Modify or Cancel. Notwithstanding anything herein, Tom Green County may cancel or modify Guidelines and Criteria for Granting Tax Abatements in Reinvestment Zones if an owner fails to comply with the Guidelines and Criteria for Granting Tax Abatements in Reinvestment Zones.

X. ASSIGNMENT

- (a) Except as otherwise provided in the abatement agreement, an abatement agreement may be transferred and assigned by the holder to a new owner or lessee of the same facility upon the approval by resolution of the Tom Green County Commissioners Court, subject to the financial capacity of the assignee and provided that all conditions and obligations in the abatement agreement are guaranteed by the execution of an assignment and assumption agreement between the holder of the agreement and the assignee. Approval shall not be unreasonably withheld.
- (b) No assignment or transfer shall be approved if the party/parties to the existing agreement or the proposed assignee is liable to any taxing jurisdiction for outstanding taxes or other obligations.

XL SUNSET PROVISION

- (a) These Guidelines and Criteria are effective upon the date of the adoption and will remain in force for two (2) years unless amended by three quarters vote of the Tom Green County Commissioners Court, at which time all reinvestment zones and tax abatement contracts created pursuant hereto will be reviewed by each Affected Jurisdiction to determine whether the goals have been achieved. Based on that review, these Guidelines and Criteria may be modified, renewed, or not renewed, providing that such actions shall not affect existing abatement agreements.
- (b) These Guidelines and Criteria do not amend any existing Industrial District Contracts or agreements with the owners of real property in areas deserving of specific attention as agreed by the Affected Jurisdiction.

XII. SEVERABILITY AND LIMITATIONS

- (a) In the event that any section, clause, sentence, paragraph or any part of these Guidelines and Criteria shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such invalidity shall not affect, impair, or invalidate the remainder of these Guidelines and Criteria.
- (b) Property that is located in a reinvestment zone and that is owned or leased by a person who is a member of the Commissioners Court may not be subject to a tax abatement agreement entered into with the County.
- (c) If these Guidelines and Criteria have omitted any mandatory requirements of the applicable tax abatement laws of the State of Texas, then such requirements are hereby incorporated as a part of these Guidelines and Criteria.

XIII. TAX ABATEMENT DETERMINATION

- (a) Nothing herein shall imply or suggest Tom Green County is under any obligation or duty to provide tax abatement to any applicant, and reserves the right to make exceptions, approve, and deny based on concerns including, however not limited to environmental and quality of life issues and/or compatibility with the economic goals and objectives of Tom Green County.

6-Step Abatement Process

Tax Code Chapter 312 governs reinvestment zones and tax abatements. This chapter enables property taxing entities, excluding school districts, to curb the property taxes assessed on tangible personal property or real property due to the improvements or repairs to the property. Only the property located within a reinvestment zone qualifies for a tax abatement agreement. Hence, a tax abatement agreement is an agreement limiting the increase in the value of the property taxes due to improvements or repairs to real property. Such agreements are limited to ten (10) years.

A city or county designates a reinvestment zone in six steps.

1. **Guidelines and Criteria:** Each taxing unit that wants to consider tax abatement proposals must adopt guidelines and criteria for the creation of a reinvestment zone and must hold a public hearing.
2. **Resolution:** Each taxing unit that wants to consider tax abatements must also adopt a resolution indicating its intent to participate in tax abatement. The resolution must be adopted at an open meeting by a majority vote of the taxing unit's governing body
3. **Public Hearing:** Seven days' written notice of the public hearing must be given to the presiding officer of each of the other taxing units that have taxing jurisdiction over real property within the zone. Notice of the hearing must also be published at least seven days before the hearing in a newspaper of general circulation in the city. At the public hearing on the reinvestment zone, the governing body must find that the improvements sought are feasible and would benefit the zone after the expiration of the agreement, and the zone meets one of the applicable criteria for reinvestment zones.
4. **Designate a Reinvestment Zone:** After the hearing has taken place and the guidelines and criteria have been adopted, the taxing unit may, by official action, designate a reinvestment zone. Designation of an area as an enterprise zone under Chapter 2303 of the Government Code constitutes designation of an area as a reinvestment zone without further hearing or other procedural requirements by the local taxing unit.
5. **Tax Abatement Agreement:** After the designation of the reinvestment zone, the governing body of a taxing unit may enter into a tax abatement agreement under this chapter if it finds that the terms of the agreement and the property subject to the agreement meet the applicable guidelines and criteria adopted by the governing body under this section.
6. **Written notice:** A taxing unit's intent to enter into a tax abatement agreement must be delivered to the presiding officer of each of the other taxing units in which the property is located at least seven days before the abatement is granted. The other taxing units may enter into an abatement agreement or choose not to provide an abatement. There is no penalty for choosing not to provide an abatement.

Property Tax Abatement Act, Tax Code Chapter 312 Overview

A tax abatement is a local agreement between a taxpayer and a taxing unit that exempts all or part of the increase in the value of the real property and/or tangible personal property from taxation for a period not to exceed 10 years. Tax abatements are an economic development tool available to cities, counties and special districts to attract new industries and to encourage the retention and development of existing businesses through property tax exemptions or reductions. School districts may not enter into abatement agreements.

Local governments often use property tax abatements to attract new industry and commercial enterprises and to encourage the retention and development of existing businesses. Incorporated cities, counties and special districts are allowed to enter into tax abatement agreements. School districts cannot enter tax abatement agreements. While tax abatements are short-lived, they can have a significant future impact.

New Abatement Legislation Notice for Local Governments

Recently enacted House Bill 3143, which went into effect Sept. 1, 2019, added additional public notice, hearing and reporting requirements for certain tax abatement agreements.

Below are three key highlights:

Requirements for Delivering a Report on Appraised Value of Property with an Expired Abatement

This item requires that:

- For each of the first three years following the expiration of a tax abatement agreement, the chief appraiser of each appraisal district delivers a report to the Comptroller's office containing the appraised value of the property that was subject to the agreement. To meet this requirement, fill out form 50-276, and submit it to the Comptroller's office.
- This report applies to all tax abatement agreements that expire on or after Sept. 1, 2019.

All submissions can be mailed to:

Public Notice and Hearing Requirements

Changes to this item require that:

- Each city and county public notice provides at least 30 days before the scheduled time of a meeting regarding approval of an abatement.
- The public notice contains: 1) the name of the property owner that would be party to the agreement; 2) the name and location of the reinvestment zone in which the property is located; and 3) a general description of the nature and estimated costs of the improvements in the agreement.
- The governing body of a city or county conducts a public hearing at which the public is given an opportunity to be heard if the governing body wishes to adopt, amend, repeal or reauthorize the guidelines and criteria for a reinvestment zone and abatement.
- A taxing unit with an internet website posts the current version of the guidelines and criteria governing the tax abatement agreements.

Expiration Date Extension

This chapter, Tax Code Chapter 312, was extended until Sept. 1, 2029.
