## Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

FGE Goodnight I, LLC (Goodnight I) is requesting an appraised value limitation from Claude Independent School District (ISD) for the Goodnight I Wind Project (the "Project"), a proposed wind powered electric generating facility in Armstrong County. The proposed Claude ISD Project (this application) will be constructed utilizing approximately 69 wind turbines within Armstrong County Reinvestment Zone 7 that was established by Armstrong County on September 11, 2017. A map showing the location of the project is included in TAB 11.

The proposed Project is anticipated to have a capacity of approximately 255 MW located in Claude ISD. The exact location of wind turbines and size of each turbine will vary depending upon ongoing wind and siting analysis, turbine manufacturer's availability, prices, and the megawatt generating capacity of the Project when completed. The turbines and facilities will all be installed within the Reinvestment Zone and 100% in the project boundaries of Claude ISD.

The Applicant requests a value limitation for all facilities and equipment installed for the Project, wind turbines, towers, foundations, roadways, buildings and offices, meteorological towers, collection system, communication system, collector substation, electric switch-yard, electric transformers, transmission line and associated towers, and interconnection facilities.

*\*NOTE:* The map in TAB 11 shows the potential locations within which all facilities will be located within Claude ISD boundaries; however, the final number of turbines and the location of each of these facilities depend upon ongoing negotiations with power purchasers and other factors.

**TAB 7***Description of Qualified Investment*

FGE Goodnight I, LLC plans to construct a 255 MW wind farm, utilizing approximately 69 turbines in Armstrong County.

This application covers all qualified property in the reinvestment zone project boundary within Claude ISD necessary for the commercial operations of the proposed wind farm described in Tab 4. Two hundred and fifty five megawatts (255 MW) will be located in Claude ISD. Turbine placement will be within the boundaries of the established Reinvestment Zone 7.

This application covers all qualified investment and qualified property necessary for the commercial operations of the wind farm.

Qualified Investment and qualified property includes turbines, towers, foundations, transformers, pad mounts, buildings and offices, collection systems, collector substation, transmission lines, electrical interconnections, met towers, roads, and control systems necessary for commercial generation of electricity.

*\*NOTE:* The map in TAB 11 shows the potential locations of the wind turbines, and a collector substation within Claude ISD boundaries; however, the final number of turbines is dependent upon ongoing negotiations with power purchasers and other factors.
