Re: Application #1616 for Appraised Value Limitation on Qualified Property from Grasshopper Solar, LLC (the "Applicant") to Haskell Consolidated Independent School District

First Year of Qualifying Time Period: January 1, 2023
First Year of Limitation Period: January 1, 2025

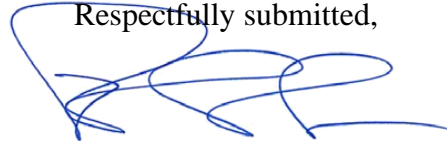

Dear Local Government Assistance and Economic Analysis Division:

The Applicant requests to amend Application #1616, prior to the Comptroller's issuance of the certificate letter, to adjust the project timeline and schedules. Pursuant to the Applicant's request, please find attached Amendment #002 to Application #1616. The changes to the amended application pages are enumerated below.

1. Application pages
 - a. Section 9 (1): Estimated school board ratification changed 01/15/2022;
 - b. Section 9 (2): Estimated commencement of construction changed to 12/01/2023;
 - c. Section 9 (4): First year of limitation changed to 01/01/2025;
 - d. Section 9 (4a): Beginning of Limitation Period changed to "B. January 1 following end of QTP";
 - e. Section 9 (5): Commencement of commercial operations changed to Q4 – 2024;
2. Tab Item 4: First sentence of second paragraph updated to reflect construction starting in Q4 2023 and COD in Q4 2024;
3. Tab Item 5: Updated with Interconnection application information;
4. Tab Item 7: Last sentence updated to reflect construction starting in Q4 2023 and COD in Q4 2024;
5. Tab Item 8: Last sentence updated to reflect construction starting in Q4 2023 and COD in Q4 2024;
6. Tab Item 14 / Schedules: All schedules were updated to reflect the updated timeline as is described in Section 9 above;
7. A new signature page is attached.

Thank you so much for your kind consideration to the foregoing. Please do not hesitate to contact me should you have any questions.

Respectfully submitted,

Rick L. Lambert

Texas Comptroller of Public Accounts

Data Analysis and
Transparency
Form 50-296-A

SECTION 8: Limitation as Determining Factor

1. Does the applicant currently own the land on which the proposed project will occur? ☐ Yes ☐ No
2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project? ☐ Yes ☐ No
3. Does the applicant have current business activities at the location where the proposed project will occur? ☐ Yes ☐ No
4. Has the applicant made public statements in SEC filings or other documents regarding its intentions regarding the proposed project location? ☐ Yes ☐ No
5. Has the applicant received any local or state permits for activities on the proposed project site? ☐ Yes ☐ No
6. Has the applicant received commitments for state or local incentives for activities at the proposed project site? ☐ Yes ☐ No
7. Is the applicant evaluating other locations not in Texas for the proposed project? ☐ Yes ☐ No
8. Has the applicant provided capital investment or return on investment information for the proposed project in comparison with other alternative investment opportunities? ☐ Yes ☐ No
9. Has the applicant provided information related to the applicant's inputs, transportation and markets for the proposed project? ☐ Yes ☐ No
10. Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas? ☐ Yes ☐ No

Chapter 313.026(e) states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)." If you answered "yes" to any of the questions in Section 8, attach supporting information in Tab 5.

SECTION 9: Projected Timeline

NOTE: Only construction beginning after the application review start date (the date the Texas Comptroller of Public Accounts deems the application complete) can be considered qualified property and/or qualified investment.

1. Estimated school board ratification of final agreement _____
2. Estimated commencement of construction _____
3. Beginning of qualifying time period (MM/DD/YYYY). _____
4. First year of limitation (YYYY) _____
- 4a. For the beginning of the limitation period, notate which **one of the following** will apply according to provision of 313.027(a-1)(2):

☐ A. January 1 following the application date

☐ B. January 1 following the end of QTP

☐ C. January 1 following the commencement of commercial operations
5. Commencement of commercial operations _____

SECTION 10: The Property

1. County or counties in which the proposed project will be located _____
2. Central Appraisal District (CAD) that will be responsible for appraising the property _____
3. Will this CAD be acting on behalf of another CAD to appraise this property? ☐ Yes ☐ No
4. List all taxing entities that have jurisdiction for the property, the portion of project within each entity and tax rates for each entity:

M&O (ISD): _____
(Name, tax rate and percent of project)

County: _____
(Name, tax rate and percent of project)

Hospital District: _____
(Name, tax rate and percent of project)

Other (describe): _____
(Name, tax rate and percent of project)

I&S (ISD): _____
(Name, tax rate and percent of project)

Other: _____

City: _____
(Name, tax rate and percent of project)

Water District: _____
(Name, tax rate and percent of project)

Other (describe): _____
(Name, tax rate and percent of project)

Tab Item 4**Detailed Description of the Project**

Grasshopper Solar, LLC (aka Grasshopper Solar) is requesting a Chapter 313 Appraised Value Limitation Agreement from Haskell Consolidated ISD for a proposed solar powered electric generating facility (the “Project”) to be constructed on private land entirely in Haskell Consolidated ISD on approximately 2,700.34 acres in Haskell County, Texas. The installed capacity of the proposed project is expected to be approximately 310 megawatts (MWac). Solar equipment selection is ongoing at this time and has not been finalized. The exact number of PV panels and their capacity will vary depending upon the panels and the inverters selected, manufacturer’s availability and prices, ongoing engineering design optimization, and the final megawatt generating capacity of the Project when completed.

Construction of the Project is expected to commence in the fourth quarter of 2023 is anticipated to start commercial operations in the fourth quarter of 2024. Construction of the project will include the following: solar modules/panels, metal mounting system with tracking capabilities, battery or battery system, underground conduit, communication cables, electric collection system wiring, combiner boxes, DC-to-AC converter stations, a project substation including breakers, a transformer, and meters, overhead transmission lines, inverter boxes on concrete pads, operations and maintenance facility, fencing for safety and security, telephone and internet communication system, access and service roads, and meteorological equipment to measure solar radiation and weather conditions.

Tab Item 5

Documentation to assist in determining if limitation is a determining factor

Grasshopper Solar is being developed by Orsted Onshore North America, LLC (Orsted”), as a developer, owner, and operator of solar and wind projects.

Orsted has successfully developed projects involving over \$1 billion in capital investments in some of the largest electricity markets in the United States, including California, Nebraska, New Jersey, South Dakota, and Texas.

The Applicant for this Project has entered into several contracts related to the project, including service agreements and scopes with various environmental consultants to assess the suitability of the site, and a request for studies leading to an interconnection agreement with the transmission provider. None of these contracts obligate Applicant to construct the Project, and each of these contracts may be terminated by Applicant without incurring any significant liability.

The project applied to ERCOT in September 2021 and has been assigned GINR number 24INR0125

The Applicant is a national wind and solar developer with the ability to locate projects of this type in other states within the United States and other regions within Texas with favorable solar characteristics. The Applicant is actively assessing and developing other projects outside of Texas that are competing for limited investment funds. In addition to its projects in Texas, the developer is assessing or developing projects in California, Nevada, Colorado, Texas, Nebraska, Illinois, Mississippi, Michigan, Missouri, Indiana, Florida, New York, Maryland, and Virginia. The appraised value limitation is critical to the ability of the Project to move forward in Haskell Consolidated ISD.

Without the use of the available tax incentives, the economics of the Project become far less attractive and the likelihood of selling the electricity at a competitive price will significantly decrease. The Applicant for this Project is competing against other developers who have been offered or are in the process of applying for Value Limitation Agreements with other school districts. Obtaining the limitation is critical to the economic and competitive viability of this Project. Without the limitation approval, the Applicant would likely terminate the Project, including the aforementioned contracts, purchases, leases, and limited improvements, in order to reallocate resources in areas with more favorable economics.

Tab Item 7**Description of Qualified Investment**

Grasshopper Solar, LLC plans to construct a 310 MW solar farm (the “Project”) in Haskell County. This application covers all qualified property in the reinvestment zone and project boundary within Haskell Consolidated ISD necessary for commercial operations for the proposed solar farm. 100% of the Project will be located in the Haskell CISD. The Project area is expected to be approximately 2,700 acres.

The Applicant is requesting an appraised value limitation on all the property constructed or placed upon the real property within Haskell ISD. Solar equipment selection is ongoing at this time and has not been finalized. The exact number of PV panels and their capacity will vary depending upon the panels and the inverters selected, manufacturer’s availability and prices, ongoing engineering design optimization, and the final megawatt generating capacity of the Project when completed.

Construction of the project will include the following: solar modules/panels, metal mounting system with tracking capabilities, battery or battery system, underground conduit, communication cables, electric collection system wiring, combiner boxes, DC-to-AC converter stations, a project substation including breakers, a transformer, and meters, overhead transmission lines, inverter boxes on concrete pads, operations and maintenance facility, fencing for safety and security, telephone and internet communication system, access and service roads, and meteorological equipment to measure solar irradiation and weather conditions.

The Battery Energy Storage System (“BESS”) asset will be integrated into the solar energy generation Project and will be used, at certain times, to temporarily store electricity generated by the Project for the purpose of providing energy arbitrage and ancillary services for the ERCOT wholesale energy market, shifting the Project’s energy production to delivery times and reliability services where the grid needs it most.

The batteries will ONLY be used to store power generated from this particular project.

Construction of the project is anticipated to begin in fourth quarter of 2023 with completion and commercial operation in the fourth quarter of 2024.

Tab Item 8

Description of Qualified Property

Grasshopper Solar, LLC plans to construct a 310 MW solar (the “Project”) in Haskell County. This application covers all qualified property in the reinvestment zone and project boundary within Haskell ISD necessary for commercial operations for the proposed solar farm. 100% of the Project will be located in the Haskell CISD. The Project area is expected to be approximately 2,700 acres.

The Applicant is requesting an appraised value limitation on all the property constructed or placed upon the real property within Haskell ISD. Solar equipment selection is ongoing at this time and has not been finalized. The exact number of PV panels and their capacity will vary depending upon the panels and the inverters selected, manufacturer’s ability and prices, ongoing engineering design optimization, and the final megawatt generating capacity of the Project when completed.

Construction of the project will include the following: solar modules/panels, metal mounting system with tracking capabilities, battery or battery system, underground conduit, communication cables, electric collection system wiring, combiner boxes, DC-to-AC converter stations, a project substation including breakers, a transformer, and meters, overhead transmission lines, inverter boxes on concrete pads, operations and maintenance facility, fencing for safety and security, telephone and internet communication system, access and service roads, and meteorological equipment to measure solar irradiation and weather conditions.

The Battery Energy Storage System (“BESS”) asset will be integrated into the solar energy generation Project and will be used, at certain times, to temporarily store electricity generated by the Project for the purpose of providing energy arbitrage and ancillary services for the ERCOT wholesale energy market, shifting the Project’s energy production to delivery times and reliability services where the grid needs it most.

The batteries will ONLY be used to store power generated from this particular project.

Construction of the project is anticipated to begin in fourth quarter of 2023 with completion and commercial operation in fourth quarter of 2024.

PROPERTY INVESTMENT AMOUNTS								
(Estimated Investment in each year. Do not put cumulative totals.)								
				Column A	Column B	Column C	Column D	Column E
	Year	School Year (YYYY-YYYY)	Tax Year (Fill in actual tax year below) YYYY	New investment (original cost) in tangible personal property placed in service during this year that will become Qualified Property	New investment made during this year in buildings or permanent nonremovable components of buildings that will become Qualified Property	Other new investment made during this year that will <u>not</u> become Qualified Property [SEE NOTE]	Other new investment made during this year that may become Qualified Property [SEE NOTE]	Total Investment (Sum of Columns A+B+C+D)
Investment made before filing complete application with district	0	Year preceding the first complete tax year of the qualifying time period (assuming no deferrals of qualifying time period)	2022	Not eligible to become Qualified Property			[The only other investment made before filing complete application with district that may become Qualified Property is land.]	
Investment made after filing complete application with district, but before final board approval of application								
Investment made after final board approval of application and before Jan. 1 of first complete tax year of qualifying time period				\$ -	-	\$ -		
Complete tax years of qualifying time period	QTP1	2023-2024	2023			\$ -		\$ -
	QTP2	2024-2025	2024	\$ 263,000,000.00	\$ 500,000.00	\$ -		\$ 263,500,000.00
Total Investment through Qualifying Time Period [ENTER this row in Schedule A2]				\$ 263,000,000.00	\$ 500,000.00	-		\$ 263,500,000.00
				Enter amounts from TOTAL row above in Schedule A2				
Total Qualified Investment (sum of green cells)				\$ 263,500,000.00				

For All Columns: List amount invested each year, not cumulative totals.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application. Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Total Investment: Add together each cell in a column and enter the sum in the blue total investment row. Enter the data from this row into the first row in Schedule A2.

Qualified Investment: For the green qualified investment cell, enter the sum of all the green-shaded cells.

	24	2048-2049	2048					
	25	2049-2050	2049					

* All investments made through the qualifying time period are captured and totaled on Schedule A1 [blue box] and incorporated into this schedule in the **first row**.

** Only investment made during deferrals of the start of the limitation (after the end of qualifying time period but before the start of the Value Limitation Period) should be included in the "year prior to start of value limitation period" row(s). If the limitation starts at the end of the qualifying time period or the qualifying time period overlaps the limitation, no investment should be included on this line.

*** If your qualifying time period will overlap your value limitation period, do not also include investment made during the qualifying time period in years 1 and/or 2 of the value limitation period, depending on the overlap. Only include investments/years that were **not** captured on Schedule A1.

For All Columns: List amount invested each year, not cumulative totals. Only include investments in the remaining rows of Schedule A2 that were not captured on Schedule A1.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application.
Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Schedule B: Estimated Market And Taxable Value (of Qualified Property Only)
