FINDINGS OF THE CRANE INDEPENDENT SCHOOL DISTRICT BOARD OF  
TRUSTEES UNDER THE TEXAS ECONOMIC DEVELOPMENT ACT ON THE  
APPLICATION SUBMITTED BY ODYSSEY SOLAR LLC

STATE OF TEXAS                   §  
                                             §  
COUNTY OF CRANE           §

On the 13<sup>th</sup> day of December, 2022, a public meeting of the Board of Trustees of the Crane Independent School District was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the Application of Odyssey Solar LLC (Application #1912) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District's administrative staff, and from attorneys and consultants retained by the District to advise the Board in this matter, the Board of Trustees of the Crane Independent School District makes the following findings with respect to the Application of Odyssey Solar LLC #1912, and the economic impact of that Application:

On May 17, 2022, the Superintendent of Schools of the Crane Independent School District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts received an Application from Odyssey Solar LLC #1912 for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is posted on the Texas Comptroller's website at:

<https://comptroller.texas.gov/economy/local/ch313/agreement-docs-details.php?id=1912>.

The Applicant, Odyssey Solar LLC (Taxpayer ID 32083514615) ("Applicant"), consists of entities subject to Chapter 171, Texas Tax Code, and is certified to be in good standing with the Texas Comptroller of Public Accounts. The Board of Trustees acknowledges receipt of the Application, along with the required Application fee, as established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Texas Comptroller's Office for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Crane County Appraisal District for review pursuant to 34 Texas Administrative Code § 9.1054. The Application was reviewed by the Texas Comptroller's Office pursuant to Texas Tax Code § 313.026, and a determination that the Application was complete was issued on August 17, 2022.

After receipt of the Application, the Texas Comptroller of Public Accounts caused to be conducted an economic impact evaluation on November 15, 2022 pursuant to Texas Tax Code § 313.026, and the Board of Trustees has carefully considered such evaluation. A copy of the economic impact evaluation is attached to these findings as **Exhibit A**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of the Crane Independent School District. A copy of a report prepared by Jigsaw, School Finance Solutions, LLC is attached to these findings as

**Exhibit B.** The Texas Commissioner of Education has determined that the project will not impact school enrollment.

The Board of Trustees has confirmed that the taxable value of property in the Crane Independent School District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in the 2021 ISD Summary Worksheet posted on the Texas Comptroller's website at:

<https://comptroller.texas.gov/auto-data/PT2/PVS/2021F/0520529011D.php>.

After receipt of the Application, the District submitted a proposed form of Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, in the form required by the Comptroller of Public Accounts. The proposed Agreement and letter approving same are attached to these findings as **Exhibit C**.

After review of the Comptroller's recommendation, and in consideration of its own economic impact study the Board finds:

**Board Finding Number 1.**

**The Applicant qualifies for a limitation on appraised value of Qualified Property under Texas Tax Code § 313.024 in the eligibility category of Renewable Energy - Solar.**

**Board Finding Number 2.**

**The Applicant's entire proposed investment in the Crane Independent School District is \$324,351,090—all of which is proposed to be Qualified Investment under Texas Tax Code § 313.021.**

**Board Finding Number 3.**

**The average salary level of qualifying jobs is expected to be at least \$53,482 per year. The review of the Application by the State Comptroller's Office indicates that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs pay more than the minimum weekly wage required for Qualified Jobs under Texas Tax Code § 313.021.**

**Board Finding Number 4.**

**The level of the Applicant's average investment per qualifying job over the term of the Agreement is estimated to be approximately \$324,351,090 on the basis of the one new qualifying position committed to by the Applicant for this project. The project's total investment is \$324,351,090, resulting in a relative level of investment per qualifying job of \$324,351,090.**

**Board Finding Number 5.**

The Applicant has requested a waiver of the job creation requirement under Texas Tax Code § 313.25(f-1), and the Board finds such waiver request should be granted. The Board notes that the number of jobs proposed for this project (one job) is consistent with industry standards in the Renewable Energy - Solar industry.

**Board Finding Number 6.**

Subsequent economic effects on the local and regional tax bases will be significant. In addition, the impact of the added infrastructure will be significant to the region. In support of Finding 6, the economic impact evaluation states:

Table 2 depicts this project's estimated economic impact to Texas. It depicts the direct, indirect and induced effects to employment and personal income within the state. The Comptroller's office calculated the economic impact based on 15 years of annual investment and employment levels.

# Board Findings of the Crane Independent School District

Table 4 examines the estimated direct impact on ad valorem taxes to the school district, and Crane County, with all property tax incentives sought being granted using estimated market value from the application. The project has applied for a value limitation under Chapter 313, Tax Code. The difference noted in the last line is the difference between Table 3 and Table 4:

**Board Finding Number 7.**

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

**Board Finding Number 8.**

The effect of the Applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggesting little underlying enrollment growth based on the impact of the project.

**Board Finding Number 9.**

The Applicant's project is reasonably likely to generate, before the 25<sup>th</sup> anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy and direct, indirect and induced tax effects from project employment directly related to this project, using estimated taxable values provided in the application. Attachment B of the economic impact study contains a year-by-year analysis as depicted in the following table:

<b>Analysis Summary</b>									
Is the project reasonably likely to generate tax revenue in an amount sufficient to offset the M&O levy loss as a result of the limitation agreement?									Yes

**Board Finding Number 10.**

**The limitation on appraised value requested by the Applicant is a determining factor in the Applicant's decision to invest capital and construct the project in this state.**

**Board Finding Number 11.**

**The ability of the Applicant to locate the proposed facility in another state or another region of this state is substantial, as a result of the highly competitive marketplace for economic development.**

In support of Findings 10 and 11, **Attachment C** of the economic impact study states:

The Comptroller has determined that the limitation on appraised value is a determining factor in the Odyssey Solar LLC's decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Odyssey Solar LLC in Tab 5 of their Application for a Limitation on Appraised Value:
  - A. "The Applicant for this Project has entered into a number of contracts related to the Project, including long-term lease option agreements with area landowners, contracts with environmental consultants to assess the suitability of the site, and a request for studies leading to an interconnection agreement with the transmission provider. The Project was selected as a candidate for development based on the favorable solar data, nearby access to the electric grid, and favorable tax incentives under Texas Tax Code chapters 312 and 313. Obtaining a value limitation agreement is critical to the economic and competitive viability of this Project."
  - B. "None of the current Project agreements firmly commit the Applicant to the development of the Project. A number of variables remain undetermined at this stage, including the approval of this application. The Applicant could still elect to devote resources to other projects that it has in development. Without the available tax incentives, the economics of the Project become far less attractive and the likelihood of selling the electricity at a competitive price will decrease."
  - C. "The applicant is a U.S. developer of solar projects, and has operations in several regions within the contiguous United States. The applicant has the ability to locate solar farms anywhere in the U.S. and bases its decision to deploy capital on projects with the best return on investment. For these reasons, the applicant studies and compares the economic returns at various competing sites throughout the market areas where solar development is attractive. Without a Limitation on Appraised Value, the economics of the project become far less attractive and the applicant would allocate its financial resources to alternative sites outside the State of Texas with more favorable economic returns which would include Georgia, North Carolina and New York."
  - D. "The information provided in this Attachment and throughout the Application has been assembled to provide the reviewer with the best possible information to make an assessment and determination of the critical nature of the Limitation on Appraised Value to the feasibility of the project. The financial viability of the project is contingent

on receiving the Chapter 313 Appraised Value Limitation, and the project cannot move forward without it.”

- Comptroller questions and applicant responses (see Tab 4):  
“The project has not applied to ERCOT and has not been assigned a GINR as of the application date. This project has been known by no other names in past media reports, investor presentations, or any listings with any federal or state agency.”

Re: Certificate for Limitation on Appraised Value of Property for School District  
Maintenance and Operations taxes by and between Crane Independent School  
District and Odyssey Solar LLC, Application 1912

Dear Superintendent Howard:

On August 17, 2022, the Comptroller issued written notice that Odyssey Solar LLC (applicant) submitted a completed application (Application 1912) for a limitation on appraised value under the provisions of Tax Code Chapter 313.<sup>1</sup> This application was originally submitted on May 17, 2022, to the Crane Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

**Determination required by 313.025(h)**

Sec. 313.024(a)      Applicant is subject to tax imposed by Chapter 171.  
Sec. 313.024(b)      Applicant is proposing to use the property for an eligible project.

---

<sup>1</sup> All Statutory references are to the Texas Tax Code, unless otherwise noted.

- Sec. 313.024(d) Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
- Sec. 313.024(d-2) Not applicable to Application 1912.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

**Certificate decision required by 313.025(d)**

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district's maintenance and operations *ad valorem* tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period, see Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state, see Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement by **December 31, 2022**.

Note that any building or improvement existing as of the application review start date of August 17, 2022, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

### Attachment B – Tax Revenue before 25<sup>th</sup> Anniversary of Limitation Start

This represents the Comptroller's determination that Odyssey Solar LLC (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy and direct, indirect and induced tax effects from project employment directly related to this project, using estimated taxable values provided in the application.

## **Attachment C – Limitation as a Determining Factor**

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that "the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state." This represents the basis for the Comptroller's determination.

### **Methodology**

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

### **Determination**

The Comptroller has determined that the limitation on appraised value is a determining factor in the Odyssey Solar LLC's decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Odyssey Solar LLC in Tab 5 of their Application for a Limitation on Appraised Value:
  - A. "The Applicant for this Project has entered into a number of contracts related to the Project, including long-term lease option agreements with area landowners, contracts with environmental consultants to assess the suitability of the site, and a request for studies leading to an interconnection agreement with the transmission provider. The Project was selected as a candidate for development based on the favorable solar data, nearby access to the electric grid, and favorable tax incentives under Texas Tax Code chapters 312 and 313. Obtaining a value limitation agreement is critical to the economic and competitive viability of this Project."
  - B. "None of the current Project agreements firmly commit the Applicant to the development of the Project. A number of variables remain undetermined at this stage, including the approval of this application. The Applicant could still elect to devote resources to other projects that it has in development. Without the available tax incentives, the economics of the Project become far less attractive and the likelihood of selling the electricity at a competitive price will decrease."
  - C. "The applicant is a U.S. developer of solar projects, and has operations in several regions within the contiguous United States. The applicant has the ability to locate solar farms anywhere in the U.S. and bases its decision to deploy capital on projects with the best return on investment. For these reasons, the applicant studies and compares the economic returns at various competing sites throughout the market areas where solar development is attractive. Without a Limitation on Appraised Value, the economics of the project become far less attractive and the applicant would allocate its financial resources to alternative sites outside the State of Texas with more favorable economic returns which would include Georgia, North Carolina and New York."
  - D. "The information provided in this Attachment and throughout the Application has been assembled to provide the reviewer with the best possible information to make an assessment and determination of the critical nature of the Limitation on Appraised Value to the feasibility of the

project. The financial viability of the project is contingent on receiving the Chapter 313 Appraised Value Limitation, and the project cannot move forward without it."

- Comptroller questions and applicant responses (see Tab 4):

"The project has not applied to ERCOT and has not been assigned a GINR as of the application date.

This project has been known by no other names in past media reports, investor presentations, or any listings with any federal or state agency."

**Detailed Description of Project**

The applicant is developing a utility scale single axis tracker photovoltaic facility designed to use solar power to generate electricity. The project will be capable of generating approximately 300 MWac and will cover a surface area approximately 3,279 acres. The exact capacity and specific technology will be determined during the design process, and so the exact location of the improvements cannot be specified at this time. In addition, 100% of the entire project is planned to be installed in Crane ISD and Crane County.

If granted an Appraised Value Limitation pursuant to Texas Tax Code 313, the applicant expects to issue a full notice to proceed for construction in Q1 2027 and expects to complete construction in Q4 2027.

The investment will include the following: solar modules/panels, metal mounting system with tracking capabilities, battery or battery system, underground conduit, communications cables and electric system wiring, combiner boxes, a project substation including breakers, a transformer and meters, overhead transmission lines, inverter boxes on concrete pads, an operations and maintenance facility, fencing for safety and security, telephone and internet communication system, meteorological equipment to measure solar irradiation and weather conditions, and any other eligible ancillary and necessary equipment for commercial operations of the proposed project. The electric collection system wiring is the underground system that connects the racks of solar panels together within the boundaries of the project area. Batteries or battery systems included in the Qualified Property will only be used to store electricity generated by the solar panels included in the Project.

The project has not applied to ERCOT and has not been assigned a GINR as of the application date. This project has been known by no other names in past media reports, investor presentations, or any listings with any federal or state agency.

## Introduction

Odessey Solar LLC, submitted an application to the Crane Independent School District requesting a property value limitation on a proposed project, located within the school district boundaries, under Chapter 313 of the Texas Tax Code. The proposed project is located in Crane County, TX for the purpose of renewable energy electric generation. The Odessey Solar LLC estimates that the total investment in this project will be in excess of \$324 million.

Local government entities in Texas, including school districts, rely heavily on the ad valorem property tax to fund operations and building projects. Thus, the property tax burden that Texas imposes on individuals and business entities is higher compared to most other states. Seeking to encourage economic development and to attract large scale capital investment, the 77th Texas Legislature in 2001 enacted House Bill 1200 creating Tax Code Chapter 313, the Texas Economic Development Act. The act as amended by the legislature in 2007, 2009, and 2013 now grants eligibility to companies engaging in manufacturing, advanced clean energy projects, research and development, clean coal projects, renewable electric energy generation, electric power generation using integrated gasification combined cycle technology, nuclear electric power generation and a computer center used primarily in connection to one of the other categories, or a Texas Priority Project. Under the provisions of this law, the Crane ISD may grant a value limitation for maintenance and operation taxes in the amount of \$30 million dollars for a period of ten years.

The application calls for the project to be taxable for both M&O (maintenance and operation) and I&S (interest and sinking) starting with the 2022-23 school year. Beginning with the 2028-29 school year, the value of the project would be limited to \$30 million for M&O tax purposes and remain limited through the 2037-38 school year. The full value of the project will be taxable for debt service purposes using the I&S tax rate in all years of the agreement.

Projected Revenue Protection Payment to the district -	\$2,515,524
Projected Supplemental Payments to the district -	\$1,591,500
Projected Total Revenue to the district per agreement -	\$4,107,024
Projected Total Tax Savings to Company after all Payments -	\$7,430,453

### **School Finance Mechanics**

The Texas system of public-school funding is based on the ad valorem property tax. Schools levy a tax rate for maintenance and operation (M&O) and interest and sinking (I&S) against a current year tax roll. As a result of House Bill 3, as passed by the 86th Texas Legislature, signed into law, and effective in relevant part, on September 1, 2019, State funding is calculated using current year property value, which is a significant change from prior law which has relied on prior year values as certified by the Comptroller's Property Tax Division (CPTD), since 1993. However, for the purposes of districts with Tax Code Chapter 313 agreements and in accordance with Sec. 48.256 – LOCAL SHARE OF PROGRAM COST (TIER I), Subsection d - *A revenue protection payment required as part of an agreement for a limitation on appraised value shall be based on the district's taxable value of property for the preceding tax year.*

Texas school districts are funded by some combination of local ad valorem property taxes and state aid. Most of the money that a school district generates through the funding formulas is generated in Tier I. Local M&O collections at the compressed tax rate generate Tier I funding. A school district's Tier I revenue is the greater of the adjusted minimum target revenue amount or the state share of Tier I plus local M&O collections at the compressed rate. The Tier I formulas start with a Basic Allotment per student of \$6,160. Funding calculations use the number of students in average daily attendance, the number of students who participate in categorical/special programs, and adjustments for size, sparsity, and location determine a Total Cost of Tier I. A Local Fund Assignment is determined by multiplying the district's compressed tax rate by the current year property value. This formula determines the local ad valorem property taxes the district must collect in order to satisfy the district's share of the Tier I cost. School districts that are relatively property wealthy per student fund most of the Total Cost of Tier I with local property taxes, while school districts that are relatively property poor per student receive most of the Total Cost of Tier I from state aid.

Crane ISD is considered a property wealthy district from the perspective of wealth per student, and Crane ISD M&O revenue is split between funding generated from local ad valorem property taxes and state funding. In attempting to provide some degree of funding equity among school districts, the formulas provide guaranteed yields for both Tier I (formula funding) and for Tier II (enrichment). For those districts that generate local revenue in excess of entitlement amounts, the excess revenue is recaptured. Under prior law, recapture was a function of excess property wealth per weighted student. The system continues to rely on both golden (equalized up to \$98.56/WADA) and copper (equalized up to \$49.28/WADA) enrichment pennies (Tier II tax rate). Under HB 3 as modified by HB 1525, districts can access up to 8 golden pennies. Copper pennies will be compressed in manner that generates the same revenue for the compressed number of pennies as were taxed under old law.

Crane ISD does have a property wealth per weighted ADA that exceeds the second equalized wealth level per weighted ADA. Under prior law, Crane ISD was considered a Chapter 41 district and would have paid recapture. The implementation of HB 3 as modified by HB 1525, is not expected to alter Crane ISD's status in terms of being required to pay recapture. Odessey Solar LLC is requesting that the value of the renewable energy electric generation facility be limited to \$30,000,000 in years one through ten of the agreement, corresponding to the 2028-29 school year through the 2037-38 school year. The full value of the project would be subject to interest and sinking (I&S) taxes levied by Crane ISD in all years of the agreement.

### Underlying Assumptions

A forecast of the financial impact the proposed value limitation agreement will have on Crane ISD's future revenue is critical information that will be very useful to the district when making the decision to grant the limitation and for the district's long-range financial planning process. Analysis for this application covers the 2022-23 through the 2042-43 school years.

The Revenue Protection Clause of the proposed agreement calls for the school district to be held harmless against any potential state and local maintenance and operation revenue losses as a result of the value limitation agreement. Revenue protection calculations are to be made using the definition of lost M&O revenue as found in section 1.2 of the negotiated definitions of the agreement, along with property tax laws and school funding formulas in place in years one through ten of the agreement. This stipulation is a statutory requirement under Section 313.027 of the Tax Code.

The approach used in this report was to predict base data including average daily attendance, M&O and I&S tax rates, maintenance and operation (M&O) tax collections

and current year (CAD) values and prior year (CPTD) values for each year of the agreement. For the purposes of this analysis, final 2020 CPTD values were used as well as TEA estimates of 2021 T2 values. These values have been included in the base data illustrated in **Table 1**.

To isolate the impact of the value limitation on the District's finances over the agreement, average daily attendance and maintenance and operation tax rates were held constant at levels that were projected to exist in the 2022-23 school year. An ADA of 1061, a WADA of 1608 and a 2022 compressed M&O tax rate of \$0.8546 were used for each year of the forecast. A tax collection rate of 100% is assumed in all of the calculations used in this analysis. 2022 CAD certified values were used as provided to school districts in the summer of 2022. This value was used as the basis for subsequent current year (CAD) values in this report. Final 2021 T1, T2, T3 and T4 Comptroller Property Tax Division (CPTD) values, were used as a basis for predicting prior year (CPTD) values for each of the agreement years. The proposed agreement calls for Crane ISD to be held harmless against potential state and local revenue losses that might occur as a result of the value limitation being in effect for any given year of the agreement. In order to predict when and if these revenue losses may occur, a state and local revenue projection for the 2022-2023 school year was completed to serve as base line data and is displayed in **Table 2**. In any year of the limitation period where revenue loss occurs, as defined by the terms of the agreement, a Revenue Protection Payment is indicated for that year. The results of these calculations are illustrated in Table 3.

#### **Financial Impact on the School District**

Utilizing uncollected taxes as the definition of lost M&O revenue and the assumptions/methodology described above, total maintenance and operation revenue was estimated for each year of the agreement. **Table 3**, which summarizes the difference between the two models, indicates that there will be a total revenue loss of \$2.516 million over the course of the agreement. The revenue loss by the district, due to the agreement, is estimated to be mostly in the first year of the value limitation period.

### Financial Impact on the Taxpayer

The terms of the proposed agreement call for the maintenance and operation (M&O) value of the project to be limited to \$30 million starting in school year 2028-29 and remaining limited through school year 2037-38. The potential gross and net tax savings to Odyssey Solar LLC are shown in Table 3. As stated earlier, an M&O tax rate of \$0.8546

and a collection rate of 100% is used throughout the calculations in this report. Table 3 shows gross tax savings due to the limitation of \$11.537 million over the length of the contract. Net tax savings are estimated to be \$9.022 million. To estimate supplemental payments to the school district of \$100 per ADA, a growth model was applied to the base ADA of 1061, which is the ADA estimated by the Texas Education Agency for Crane ISD for the 2022-23 school year.

#### **Facilities Funding Impact on the District**

Reports submitted by Odessey Solar LLC show the full value of the property being depreciated over time. Even so, the full value of the project will be available to the district for I&S taxes and will enhance the district's ability to service current and future debt obligations. While the project is expected to provide additional employment opportunities in the area, the impact on student enrollment is predicted to be minimal.

#### **Conclusion**

The Odessey Solar LLC project proposed in this application will benefit the community, the district, Crane ISD, and the taxpayer, Odessey Solar LLC. The community will receive economic development, the taxpayer will enjoy savings on property taxes and the district will be held harmless from revenue loss due to the provisions of the agreement. The district will also enjoy an increased value available for I&S tax collections dedicated to debt service that can be leveraged to provide first class facilities for faculty and students.

It should be noted; the Texas Legislature could take additional action that could potentially change the impact of this agreement on the finances of Crane ISD and result in estimates that differ significantly from the estimates presented in this analysis. Some of the factors that could significantly alter these estimates are legislative or administrative action by the Texas Legislature, the Texas Education Agency or the Comptroller of Public Accounts. Those actions could contain changes to the school finance formulas, property value appraisals and tax exemptions. Other factors which could change, and will impact the estimates of this agreement, include increases or decreases to property values, district tax rates and student enrollment.

## **ARTICLE IV**

### **PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES**

#### **Section 4.1. INTENT OF PARTIES.**

It is the intent of the Parties in accordance with the provisions of Section 313.027(f)(1) of the TEXAS TAX CODE and Section 48.256 (d) of the TEXAS EDUCATION CODE as that statute exists at the time of the execution of this Agreement that the District shall be compensated by the Applicant as provided in this Article IV for any Lost M&O Revenue as a direct result of, or on account of, entering into this Agreement, after taking into account any payments to be made under this Agreement. Such payments shall be independent of, and in addition to such other payments as set forth in Article V and Article VI of this Agreement. **It is the intent of the Parties that the risk of any and all Lost M&O Revenue as defined by Section 48.256 (d) of the TEXAS EDUCATION CODE be borne by the Applicant and not by the District.**

The calculation of any Lost M&O Revenue required to be paid by the Applicant under this Article IV shall be made for the first time in the first complete Tax Year following the Application Approval Date and every year thereafter during the term of this Agreement.

The Parties further agree that the printouts and projections produced during the negotiations and approval of this Agreement are:

- i. For illustrative purposes only, are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party to the Agreement;
- ii. Are based upon the Applicable School Finance Law; and,
- iii. May change in future years based upon changes in student enrollment, tax rate changes and project value as determined by the Appraisal District.

#### **Section 4.2 CALCULATING LOST M&O REVENUE.**

The amount to be paid by the Applicant to compensate the District for the Lost M&O Revenue resulting from, or on account of, this Agreement for each year starting in the year of the Application Approval Date and ending on Final Termination Date shall be determined in compliance with the

Applicable School Finance Law and according to the following formulas:

- A. For the first year of the Tax Limitation Period, the Lost M&O Revenue owed by the Applicant to the District shall be an amount equal to Applicant's tax savings for such year under this Agreement, calculated as (i) the amount of maintenance and operations ad valorem taxes that the applicant would have paid to the District for the first year of the Tax Limitation Period if this Agreement had not been entered into by the Parties *minus* (ii) the amount of maintenance and operations ad valorem school taxes actually paid by the Applicant for such year.
- B. For each of the nine (9) remaining years of the Tax Limitation Period, Lost M&O Revenue for each year shall be calculated by taking (i) the taxable value of Qualified Property for interest and sinking fund purposes for that respective year, *minus* (ii) the highest certified taxable value for interest and sinking fund purposes for any tax year of the tax limitation period (iii) *times* the District's maintenance and operations tax rate for each respective year.

In making the calculations required by this Section 4.2:

- i. The Taxable Value of property for each school year will be determined by the Appraisal District.
- ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property will be presumed to be one hundred percent (100%).
- iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue, as calculated under this Section 4.2 of this Agreement, results in a negative number, the negative number will be considered to be zero.
- iv. For all calculations made for years during the Tax Limitation Period under this Section 4.2 of this Agreement, Subsection ii of this subsection will reflect the Tax Limitation Amount for such year.
- v. All calculations made under this Section 4.2 shall be made by a methodology which isolates only the full Maintenance and Operation Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or on account of or otherwise arising out of any other factors not contained in this Agreement.

#### **Section 4.3. CALCULATIONS TO BE MADE BY THIRD PARTY.**

All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") selected and appointed each year by the District, subject to approval by Applicant in writing, which approval shall not unreasonably be withheld.

#### **Section 4.4. DATA USED FOR CALCULATIONS.**

The calculations for payments under this Agreement shall be initially based upon the valuations that are placed upon all taxable property in the District, including the Applicant's Qualified

Property, by the Appraisal District in its annual certified tax roll submitted to the District for each Tax Year pursuant to Texas Tax Code § 26.01 on or about July 25 of each year of this Agreement. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.

#### **Section 4.5. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT.**

If the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and such appeal remains unresolved at the time the Third Party selected under Section 4.3 makes its calculations under this Agreement, the Third Party shall base its calculations upon the values placed upon the Applicant's Qualified Property by the Appraisal District. The calculations shall be readjusted, if necessary, based on the outcome of the appeal as set forth below.

If as a result of an appeal or for any other reason, the Taxable Value of the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amount to the other Party within thirty (30) days of the receipt of the new calculations from the Third Party.

#### **Section 4.6. DELIVERY OF CALCULATIONS.**

On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 4.3 of this Agreement shall forward to the Parties a certification containing the calculations required under this Article IV, Article V, and Article VI of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit its invoice for fees for services rendered to the Parties, if any fees are being claimed, which fee shall be the sole responsibility of the District, but subject to the provisions of Section 4.8, below. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's calculations, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation until four (4) years after the Final Termination Date of this Agreement. The Applicant shall not be liable for any of the Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement.

#### **Section 4.7. STATUTORY CHANGES AFFECTING MAINTENANCE & OPERATION REVENUE.**

Notwithstanding any other provision in this Agreement, in the event that, by virtue of statutory changes to state law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, solely because of its participation in this Agreement, the Applicant shall make payments to the District that are necessary to fully reimburse and hold the District harmless from any actual negative impact on the District's Maintenance and Operation Revenue as a direct result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District. Such payment shall be made no later than thirty (30) days following notice from the District of such determination and calculation. The District shall use reasonable efforts to mitigate the economic effects of any such statutory change or administrative interpretation, and if the Applicant disagrees with any calculation or determination by the District of any adverse impact described in this Article IV, the Applicant shall have the right to appeal such calculation or determination in accordance with the procedures set forth in Section 4.9.

#### **Section 4.8. PAYMENT BY APPLICANT.**

Late payments will accrue interest at the same rate of interest charged to taxpayers making late payments of ad valorem taxes. Subject to the limitation set forth in this Section 4.8 below, by such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 4.4, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or other reimbursement applications filed with or sent to the State of Texas, for any audits conducted by the State Auditor's Office, or for other legal expenses which are, or may be required under the terms of, or because of, the execution of this Agreement. Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the calculations. Thereafter, the Applicant may appeal the final determination of the certification containing the calculations to the District's Board of Trustees within thirty (30) days after receipt of the final determination of the calculations. Any appeal by the Applicant of the final determination of calculations shall in no way limit Applicant's other rights and remedies available hereunder, at law or in equity.

In the event that the Cumulative Payments for any Tax Year during the Tax Limitation Period of this Agreement shall exceed the Aggregate Limit for that Tax Year, the Cumulative Payments owed for that year shall be limited to the Aggregate Limit for that Tax Year. Amounts otherwise due and owing by the Applicant to the District which, by virtue of this payment limitation, are not paid in that Tax Year shall be carried forward from year to year into subsequent Tax Years until paid in full, except that in each year such payments shall be subject to the Aggregate Limit. Payments not made due to the application of the Aggregate Limit by the third year after the end of the Tax Limitation Period shall be cancelled by operation of law.

Applicant shall have the right to contest the findings of the District's external auditor pursuant to Section 4.9 above.

### **ARTICLE VI**

#### **SUPPLEMENTAL PAYMENTS**

#### **Section 6.1. SUPPLEMENTAL PAYMENTS.**

In interpreting the provisions of this Article VI, the Parties agree that, in addition to undertaking the responsibility for the payment of all of the amounts set forth under Articles IV and V, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for the Supplemental Payments set forth in this Article VI. The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313 of the TEXAS TAX CODE, unless it is explicitly set forth in this Agreement. It is the express intent of the Parties that the obligation for Supplemental Payments under this Article VI are separate and independent of the obligation of the Applicant to pay the amounts described in Articles IV and V, and that all payments under Article VI are subject to the separate limitations contained in Section 6.2 and Section 6.3. Each Supplemental Payment shall be due and payable on January 31<sup>st</sup> of the year following that in which such Supplemental Payment accrued.

#### **Section 6.2. SUPPLEMENTAL PAYMENT LIMITATION.**

B. Supplemental Payments may only be made during the period starting the first year of the Qualifying Time Period and ending December 31 of the third year following the end of the Tax Limitation Period.

C. the limitation in Section 6.2.A does not apply to amounts described by Section 313.027(f)(1)–(2) of the TEXAS TAX CODE as implemented in Articles IV and V of this Agreement.

D. For purposes of this Agreement, the calculation of the limit of the annual Supplemental Payment shall be the greater of \$50,000 or \$100 multiplied by the District's Average Daily Attendance as calculated pursuant to Section 48.005 of the TEXAS EDUCATION CODE, based upon the District's Average Daily Attendance for the previous school year.

### **Section 6.3. CALCULATION OF ANNUAL SUPPLEMENTAL PAYMENTS TO THE DISTRICT.**

For each Tax Year beginning with the period starting the first full or partial year of the Qualifying Time Period (2025) and ending December 31 of the third year following the end of the Tax Limitation Period (2040), Supplemental Payments shall be owed. The amount of each Supplemental Payment shall be equal to the limitation amount calculated in accordance with Section 6.2 above, except that for all Tax Years during the Tax Limitation Period, the supplemental payment amount shall be subject to the Aggregate Limit as provided in the following paragraph.

If, for any Tax Year during the Tax Limitation Period of this Agreement the Cumulative Payments calculated under Sections IV, V and VI of this Agreement, exceed the Aggregate Limit for such Tax Year, the Applicant's Supplemental Payment amount for each Tax Year shall be reduced in the manner provided under Section 4.10. The Aggregate Limit shall not apply during the Qualifying Time Period and the three-year period following the Tax Limitation Period.

### **Section 6.4. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS.**

All calculations required by this Article VI, including but not limited to: (i) the calculation of the Applicant's Cumulative Payments; (ii) the determination of the Supplemental Payment amount and the Aggregate Limit; (iii) the effect, if any, of the Aggregate Limit upon the actual amount of Cumulative Payments and Supplemental Payments eligible to be paid to the District by the Applicant; and (iv) the carry forward and accumulation of any of the Applicant's Supplemental Payment amounts unpaid by the Applicant due to the Aggregate Limit in previous years, shall be calculated by the Third Party selected pursuant to Section 4.3.

- (a) The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.6.

- (b) The payment of all amounts due under this Article VI shall be made at the time set forth in Section 6.1.
- (c) Any appeal by the Applicant of the calculations made by the Third Party under this Article VI shall be done in the same manner as set forth in Section 4.9, above.

**Section 6.5. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY.**

At any time during this Agreement, the Board of Trustees may, in its sole discretion, direct that any of the Applicant's payments under this Article VI be made to the District's educational foundation or to a similar entity. Such foundation or entity may only use such funds received under this Article VI to support the educational mission of the District and its students. Any designation of such foundation or entity must be made by recorded vote of the Board of Trustees at a properly posted public meeting of the Board of Trustees.

B. All inspections may be accompanied by one or more representatives of the Applicant, and shall be conducted in accordance with the Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide the District, the Comptroller, or the Appraisal District with any technical or business information that is proprietary, a trade secret, or is subject to a confidentiality agreement with any third party.

**Section 8.6. RIGHT TO AUDIT; SUPPORTING DOCUMENTS; AUTHORITY OF STATE AUDITOR.**

By executing this Agreement, implementing the authority of, and accepting the benefits provided by Chapter 313 of the TEXAS TAX CODE, the Parties agree that this Agreement and their performance pursuant to its terms are subject to review and audit by the State Auditor as if they are parties to a State contract and subject to the provisions of Section 2262.154 of the TEXAS GOVERNMENT CODE and Section 313.010(a) of the TEXAS TAX CODE. The Parties further agree to comply with the following requirements:

A. The Applicant and the District shall cooperate with auditors and other authorized Comptroller and State of Texas representatives and shall provide them with prompt access to all of such property as requested by the Comptroller or the State of Texas. By example and not as an exclusion to other breaches or failures, the Applicant's or the District's failure to comply with this Section shall constitute a Material Breach of this Agreement.

C. In addition to and without limitation on the other audit provisions of this Agreement, the acceptance of tax benefits or funds by the Applicant or the District or any other entity or person directly under this Agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Applicant or the District or other entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The Parties agree that this Agreement shall for its duration be subject to all rules and procedures of the State Auditor acting under the direction of the legislative audit committee.

B. agrees and acknowledges that the Application and all related attachments and schedules are included by reference in this Agreement as if fully set forth herein; and

**ARTICLE IX**  
**MATERIAL BREACH OR EARLY TERMINATION**

O. The Applicant failed to comply with the conditions included in the certificate for limitation issued by the Comptroller.

## **Section 9.2. DETERMINATION OF BREACH AND TERMINATION OF AGREEMENT.**

A. Prior to making a determination that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the District shall provide the Applicant with a written notice of the facts which it believes have caused the breach of this Agreement, and if cure is possible, the cure proposed by the District. After receipt of the notice, the Applicant shall be given ninety (90) days to present any facts or arguments to the Board of Trustees showing that it is not in breach of its obligations under this Agreement, or that it has cured or undertaken to cure any such breach.

B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to:

- i. whether or not a breach of this Agreement has occurred;
- ii. whether or not such breach is a Material Breach;
- iii. the date such breach occurred, if any;
- iv. whether or not any such breach has been cured; and

C. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall at that time determine:

- ii. the amount of any penalty or interest under Section 9.4.E that are owed to the District; and
- iii. in the event of a finding of a Material Breach, whether to terminate this Agreement.

D. After making its determination regarding any alleged breach, the Board of Trustees shall cause the Applicant to be notified in writing of its determination (a “Determination of Breach and Notice of Contract Termination”) and provide a copy to the Comptroller.

## **Section 9.3. DISPUTE RESOLUTION.**

A. After receipt of notice of the Board of Trustee’s Determination of Breach and Notice of Contract Termination under Section 9.2, the Applicant shall have ninety (90) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to the District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within ninety (90) days after the Applicant initiates mediation, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Crane County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator’s fees and expenses

and the Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.

B. In the event that any mediation is not successful in resolving the dispute or that payment is not received within the time period described for mediation in Section 9.3.A, either the District or the Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in a judicial proceeding in a state district court in Crane County, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any contract, agreement or undertaking made by a Party pursuant to this Agreement.

C. If payments become due under this Agreement and are not received before the expiration of the ninety (90) days provided for such payment in Section 9.3.A, and if the Applicant has not contested such payment calculations under the procedures set forth herein, including judicial proceedings, the District shall have the remedies for the collection of the amounts determined under Section 9.4 as are set forth in Chapter 33, Subchapters B and C, of the TEXAS TAX CODE for the collection of delinquent taxes. In the event that the District successfully prosecutes legal proceedings under this section, the Applicant shall also be responsible for the payment of attorney's fees to the attorneys representing the District pursuant to Section 6.30 of the TEXAS TAX CODE and a tax lien shall attach to the Applicant's Qualified Property and the Applicant's Qualified Investment pursuant to Section 33.07 of the TEXAS TAX CODE to secure payment of such fees.

#### **Section 9.4. CONSEQUENCES OF EARLY TERMINATION OR OTHER BREACH BY APPLICANT.**

A. In the event that the Applicant terminates this Agreement without the consent of the District, except as provided in Section 7.1 of this Agreement, the Applicant shall pay to the District liquidated damages for such failure within thirty (30) days after receipt of the notice of breach.

B. In the event that the District determines that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the Applicant shall pay to the District liquidated damages, as calculated by Section 9.4.C, prior to, and the District may terminate the Agreement effective on the later of: (i) the expiration of the ninety (90) days provided for in Section 9.3.A, and (ii) thirty (30) days after any mediation and judicial proceedings initiated pursuant to Sections 9.3.A and 9.3.B are resolved in favor of the District.

C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant

to Section 9.4.C, terminate this Agreement.

E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

**Section 9.5. LIMITATION OF OTHER DAMAGES.** Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

**Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT.** Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make \$30,000,000 of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

**Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS**

Pursuant to Section 313.0276 of the TEXAS TAX CODE, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1.C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of TEXAS TAX CODE, and that determination is final.

**Section 9.8. REMEDY FOR FAILURE TO CREATE AND MAINTAIN COMMITTED NEW QUALIFYING JOBS**

A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.

B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the market value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.

C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the tax limitation amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.

D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

Waiver of any term, condition, or provision of this Agreement by any Party shall only be effective if in writing and shall not be construed as a waiver of any subsequent breach of, or failure to comply with, the same term, condition, or provision, or a waiver of any other term, condition, or provision of this Agreement.

B. By official action of the District's Board of Trustees, the Application and this Agreement may only be amended according to the following:

i. The Applicant shall submit to the District and the Comptroller:

a. a written request to amend the Application and this Agreement, which shall specify the changes the Applicant requests;

iii. If the Comptroller has not denied the request, the District's Board of Trustees shall approve or disapprove the request before the expiration of 150 days after the request is filed.

C. Any amendment of the Application and this Agreement adding additional or replacement Qualified Property pursuant to this Section 10.2 of this Agreement shall:

i. require that all property added by amendment be eligible property as defined by Section 313.024 of the TEXAS TAX CODE;

ii. clearly identify the property, investment, and employment information added by amendment from the property, investment, and employment information in the original Agreement; and

D. The Application and this Agreement may not be amended to extend the value limitation time period beyond its ten-year statutory term.

E. i. The Applicant shall comply with written requests from the District or the Comptroller to provide additional information necessary to prepare a Comptroller certificate for a limitation for the conditions prior to the start of the Qualifying Time Period; and

ii. If the Comptroller provides its certificate for a limitation with conditions different from the existing agreement, the District shall hold a meeting and determine whether to amend this Agreement to include the conditions required by the Comptroller or terminate this Agreement; or

iii. If the Comptroller withdraws its certificate for a limitation based on the revised Application, the District shall terminate this Agreement.

### **Section 10.3. ASSIGNMENT.**

A. Any assignment of any rights, benefits, obligations, or interests of the Parties in this Agreement, other than a collateral assignment purely for the benefit of creditors of the project, is considered an amendment to the Agreement and such Party may only assign such rights, benefits, obligations, or interests of this Agreement after complying with the provisions of Section 10.2 regarding amendments to the Agreement. All prior negotiations, discussions, correspondence, and preliminary understandings between the Parties and others relating hereto are superseded by this Agreement.

**Section 10.5. **Section 10.6. AUTHORITY TO EXECUTE AGREEMENT.** Each of the Parties represents and warrants that its undersigned representative has been expressly authorized to execute this Agreement for and on behalf of such Party.

**Section 10.7. SEVERABILITY.** If any term, provision or condition of this Agreement, or any application thereof, is held invalid, illegal, or unenforceable in any respect under any Law (as hereinafter defined), this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and to the extent such term, provision, or condition cannot be so reformed, then such term, provision, or condition (or such invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality, and enforceability of the remaining terms, provisions, and conditions contained herein (and any other application such term, provision, or condition) shall not in any way be affected or impaired thereby. Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement in an acceptable manner so as to effect the original intent of the Parties as closely as possible so that the transactions contemplated hereby are fulfilled to the extent possible. As used in this Section 10.7, the term “Law” shall mean any applicable statute, law (including common law), ordinance, regulation, rule, ruling, order, writ, injunction, decree, or other official act of or by any federal, state or local government, governmental department, commission, board, bureau, agency, regulatory authority, instrumentality, or judicial or administrative body having jurisdiction over the matter or matters in question.

**Section 10.8. PAYMENT OF EXPENSES.** Except as otherwise expressly provided in this Agreement, or as covered by the application fee, each of the Parties shall pay its own costs and expenses relating to this Agreement, including, but not limited to, its costs and expenses of the negotiations leading up to this Agreement, and of its performance and compliance with this Agreement.

*Comptroller Form 50-826 (Oct 2020)*

**EXHIBIT 1**

**EXHIBIT 2**  
**DESCRIPTION AND LOCATION OF LAND**

The applicant will lease approximately 3,279 acres of land within Crane County, Texas for the project.

**EXHIBIT 3**  
**APPLICANT'S QUALIFIED INVESTMENT**

The Applicant anticipates constructing a solar photovoltaic electric generating facility with an operating capacity of approximately 300 MWac and will cover a surface area of approximately 3,279 acres. 100% of the project will be located in the reinvestment zone and project boundary within Crane ISD and Crane County, and will be considered qualified investment for this application. The exact capacity and specific technology components will be determined during the development and design process. The facility includes eligible ancillary and necessary equipment, including the following property:

- Solar modules/panels
- Metal mounting system with tracking capabilities
- Battery or battery system
- Underground conduit, communications cables, and electric collection system wiring. The electric collection system wiring is the underground system that connects the racks of solar panels together within the boundaries of the project area.
- Combiner boxes
- A project substation including breakers, a transformer and meters
- Overhead transmission lines
- Inverter boxes on concrete pads
- Operations and maintenance facility
- Fencing for safety and security
- Telephone and internet communications system
