FINDINGS OF THE HENDERSON INDEPENDENT SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE TEXAS ECONOMIC DEVELOPMENT ACT ON THE APPLICATION SUBMITTED BY RUSK SOLAR I, LLC

STATE OF TEXAS §
 §
COUNTY OF RUSK §

On the 12th day of December, 2022, a public meeting of the Board of Trustees of the Henderson Independent School District was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the Application of Rusk Solar I, LLC (Application #1944) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District’s administrative staff, and from attorneys and consultants retained by the District to advise the Board in this matter, the Board of Trustees of the Henderson Independent School District makes the following findings with respect to the Application of Rusk Solar I, LLC #1944, and the economic impact of that Application:

On May 17, 2022, the Superintendent of Schools of the Henderson Independent School District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts received an Application from Rusk Solar I, LLC #1944 for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is posted on the Texas Comptroller’s website at:

<https://comptroller.texas.gov/economy/local/ch313/agreement-docs-details.php?id=1944>.

The Applicant, Rusk Solar I, LLC (Taxpayer ID 32084606642) (“Applicant”), consists of entities subject to Chapter 171, Texas Tax Code, and is certified to be in good standing with the Texas Comptroller of Public Accounts. The Board of Trustees acknowledges receipt of the Application, along with the required Application fee, as established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Texas Comptroller’s Office for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Rusk County Appraisal District for review pursuant to 34 Texas Administrative Code § 9.1054. The Application was reviewed by the Texas Comptroller’s Office pursuant to Texas Tax Code § 313.026, and a determination that the Application was complete was issued on August 25, 2022.

After receipt of the Application, the Texas Comptroller of Public Accounts caused to be conducted an economic impact evaluation on October 27, 2022 pursuant to Texas Tax Code § 313.026, and the Board of Trustees has carefully considered such evaluation. A copy of the economic impact evaluation is attached to these findings as **Exhibit A**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of the Henderson Independent School District. A copy of a report prepared by Education Service Center, Region 12 is attached to these

findings as **Exhibit B**. The Texas Commissioner of Education has determined that the project will not impact school enrollment.

The Board of Trustees has confirmed that the taxable value of property in the Henderson Independent School District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in the 2021 ISD Summary Worksheet posted on the Texas Comptroller's website at:

<https://comptroller.texas.gov/anto-data/PT2/PVS/2021F/2012019021D.php>.

After receipt of the Application, the District submitted a proposed form of Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, in the form required by the Comptroller of Public Accounts. The proposed Agreement and letter approving same are attached to these findings as **Exhibit C**.

After review of the Comptroller's recommendation, and in consideration of its own economic impact study the Board finds:

Board Finding Number 1.

The Applicant qualifies for a limitation on appraised value of Qualified Property under Texas Tax Code § 313.024 in the eligibility category of renewable energy electric generation.

Board Finding Number 2.

The Applicant's entire proposed investment in the Henderson Independent School District is \$346,050,000—all of which is proposed to be Qualified Investment under Texas Tax Code § 313.021.

Board Finding Number 3.

The average salary level of qualifying jobs is expected to be at least \$73,824.30 per year. The review of the Application by the State Comptroller's Office indicates that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs pay more than the minimum weekly wage required for Qualified Jobs under Texas Tax Code § 313.021.

Board Finding Number 4.

The level of the Applicant's average investment per qualifying job over the term of the Agreement is estimated to be approximately \$115,350,000 on the basis of the three new qualifying positions committed to by the Applicant for this project. The project's total investment is \$346,050,000, resulting in a relative level of investment per qualifying job of \$115,350,000.

Board Finding Number 5.

The Applicant has requested a waiver of the job creation requirement under Texas Tax Code § 313.25(f-1), and the Board finds such waiver request should be granted. The Board notes that the number of jobs proposed for this project (three jobs) is consistent with industry standards in the renewable energy electric generation industry.

Board Finding Number 6.

Subsequent economic effects on the local and regional tax bases will be significant. In addition, the impact of the added infrastructure will be significant to the region. In support of Finding 6, the economic impact evaluation states:

Table 2 depicts this project’s estimated economic impact to Texas. It depicts the direct, indirect and induced effects to employment and personal income within the state. The Comptroller’s office calculated the economic impact based on 15 years of annual investment and employment levels.

Board Findings of the Henderson Independent School District

Table 4 examines the estimated direct impact on ad valorem taxes to the school district, and Rusk County, with all property tax incentives sought being granted using estimated market value from the application. The project has applied for a value limitation under Chapter 313, Tax Code and tax abatement with the county. The difference noted in the last line is the difference between Table 3 and Table 4:

Board Findings of the Henderson Independent School District

Board Finding Number 7.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

Board Finding Number 8.

The effect of the Applicant’s proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District’s facility needs, with current trends suggesting little underlying enrollment growth based on the impact of the project.

Board Finding Number 9.

The Applicant’s project is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application. Attachment B of the economic impact study contains a year-by-year analysis as depicted in the following table:

Board Finding Number 10.

The limitation on appraised value requested by the Applicant is a determining factor in the Applicant’s decision to invest capital and construct the project in this state.

Board Finding Number 11.

The ability of the Applicant to locate the proposed facility in another state or another region of this state is substantial, as a result of the highly competitive marketplace for economic development.

In support of Findings 10 and 11, **Attachment C** of the economic impact study states:

The Comptroller has determined that the limitation on appraised value is a determining factor in Zeus Renewable Energy Development LLC’s (parent company Zeus RED) decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Zeus Renewable Energy Development LLC in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. “ZeusRED (“Zeus”) is an energy and technology company focused on the intersection of renewable energy, digital infrastructure, and ethical advertising. We aim address the rising challenges of global demand for energy and the exponential growth of data processing with sustainable solutions.”
 - B. “Zeus is currently in a period of assessment to determine whether the identified site within Henderson ISD represents the best location possible or if redeployment of its resources and capital to other markets in the U.S. is more advisable.”
 - C. “A 313 Limitation of Appraised Value Agreement is a vital tax incentive necessary to ensure the project is economically competitive with other renewable projects. Without the requested value limitation, the Rusk Solar Project will be unable to generate sufficient operating margins and net income to produce in a competitive market. It would also place the project in the position to not generate returns necessary to attract equity investment. Such investment is mandatory to finance such a capital-intensive project.”

Re: Certificate for Limitation on Appraised Value of Property for School District
Maintenance and Operations taxes by and between Henderson Independent School
District and Rusk Solar I, LLC, Application 1944

Dear Superintendent Lamb:

On August 25, 2022, the Comptroller issued written notice that Rusk Solar I, LLC (applicant) submitted a completed application (Application 1944) for a limitation on appraised value under the provisions of Tax Code Chapter 313.¹ This application was originally submitted on May 17, 2022, to the Henderson Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a) Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b) Applicant is proposing to use the property for an eligible project.

¹ All Statutory references are to the Texas Tax Code, unless otherwise noted.

- Sec. 313.024(d) Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
- Sec. 313.024(d-2) Not applicable to Application 1944.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter B.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district's maintenance and operations *ad valorem tax* revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period, see Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state, see Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement by **December 31, 2022**.

Note that any building or improvement existing as of the application review start date of **August 16, 2022**, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant’s decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller **has determined** that the limitation on appraised value is a determining factor in the Zeus Renewable Energy Development LLC’s (parent company Zeus RED) decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Zeus Renewable Energy Development LLC in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. “ZeusRED (“Zeus”) is an energy and technology company focused on the intersection of renewable energy, digital infrastructure, and ethical advertising. We aim address the rising challenges of global demand for energy and the exponential growth of data processing with sustainable solutions.”
 - B. “Zeus is currently in a period of assessment to determine whether the identified site within Henderson ISD represents the best location possible or if redeployment of its resources and capital to other markets in the U.S. is more advisable.”
 - C. “A 313 Limitation of Appraised Value Agreement is a vital tax incentive necessary to ensure the project is economically competitive with other renewable projects. Without the requested value limitation, the Rusk Solar Project will be unable to generate sufficient operating margins and net income to produce in a competitive market. It would also place the project in the position to not generate returns necessary to attract equity investment. Such investment is mandatory to finance such a capital-intensive project.”

Documentation to assist in determining if limitation is a determining factor

ZeusRED (“Zeus”) is an energy and technology company focused on the intersection of renewable energy, digital infrastructure, and ethical advertising. We aim to address the rising challenges of global demand for energy and the exponential growth of data processing with sustainable solutions.

At Zeus we build mutually beneficial long-term relationships with strategic partners that share our core values. These deep partnerships result in more efficient projects with greater equity returns for shareholders and stronger economic impact on local communities.

Zeus is continually comparing investment opportunities, rate of return and market viability of each project based upon project financial metrics. For example, Zeus actively has potential project developments in other states, including but not limited to, Kansas and Nevada.

Zeus is currently in a period of assessment to determine whether the identified site within Henderson ISD represents the best location possible or if redeployment of its resources and capital to other markets in the U.S. is more advisable.

Therefore, a 313 Limitation of Appraised Value Agreement is a vital tax incentive necessary to ensure the project is economically competitive with other renewable projects. Without the requested value limitation, the Rusk Solar Project will be unable to generate sufficient operating margins and net income to produce in a competitive market. It would also place the project in the position to not generate returns necessary to attract equity investment. Such investment is mandatory to finance such a capital-intensive project.

Introduction

Rusk Solar I, LLC (“Rusk Solar” or “Company”) has submitted an application to the Henderson Independent School District (“HISD” or “District”) requesting a property value limitation on a proposed project, located within the school district boundaries, under Chapter 313 of the Texas Tax Code. The proposed project is a 300 MW solar project in Rusk County, TX. The company estimates that the total investment in this project will be in excess of \$346 million.

Local government entities in Texas, including school districts, rely heavily on the ad valorem property tax to fund operations and building projects. Thus, the property tax burden that Texas imposes on individuals and business entities is higher compared to most other states. Seeking to encourage economic development and to attract large scale capital investment, the 77th Texas Legislature in 2001 enacted House Bill 1200 creating Tax Code Chapter 313, the Texas Economic Development Act. The act as amended by the legislature in 2007, 2009, and 2013 now grants eligibility to companies engaging in manufacturing, advanced clean energy projects, research and development, clean coal projects, renewable electric energy generation, electric power generation using integrated gasification combined cycle technology, nuclear electric power generation and a computer center used primarily in connection to one of the other categories, or a Texas Priority Project. Under the provisions of this law, the Henderson Independent School District may grant a value limitation for maintenance and operation taxes in the amount of \$80 million dollars for a period of ten years.

The application calls for the project to be fully taxable for both M&O (maintenance and operation) and I&S (interest and sinking) during the 2024-25 and 2025-26 school years. Beginning with the 2026-27 school year, the value of the project would be limited to \$80 million for M&O tax purposes and remain limited through the 2035-36 school year. The full value of the project will be taxable for debt service purposes using the I&S tax rate in all years of the agreement.

Projected Total Revenue to Henderson ISD -	\$6,088,191
Projected Total Tax Savings to Company after all Payments -	\$6,088,191

School Finance Mechanics

The Texas system of public-school funding is based on the ad valorem property tax. Schools levy a tax rate for maintenance and operation (M&O) and interest and sinking (I&S) against a current year tax roll. As a result of House Bill 3, as passed by the 86th Texas Legislature, signed into law, and effective in relevant part, on September 1, 2019, State funding is calculated using current year property value, which is a significant change from prior law which has relied on prior year values as certified by the Comptroller's Property Tax Division (CPTD), since 1993. However, for the purposes of districts with Tax Code Chapter 313 agreements and in accordance with Sec. 48.256 – LOCAL SHARE OF PROGRAM COST (TIER I), Subsection d - *A revenue protection payment required as part of an agreement for a limitation on appraised value shall be based on the district's taxable value of property for the preceding tax year.*

Texas school districts are funded by some combination of local ad valorem property taxes and state aid. Most of the money that a school district generates through the funding formulas is generated in Tier 1. Local M&O collections at the compressed tax rate generate Tier I funding. In 2022-23, a school district's Tier I revenue is the greater of the adjusted minimum target revenue amount or the state share of Tier 1 plus local M&O collections at the compressed rate. The Tier 1 formulas start with a Basic Allotment per student of \$6,160. Funding calculations use the number of students in average daily attendance, the number of students who participate in categorical/special programs, and adjustments for size, sparsity, and location determine a Total Cost of Tier 1. A Local Fund Assignment is determined by multiplying the district's compressed tax rate by the current year property value. This formula determines the local ad valorem property taxes the district must collect in order to satisfy the district's share of the Tier 1 cost. School districts that are relatively property wealthy per student fund most of the Total Cost of Tier 1 with local property taxes, while school districts that are relatively property poor per student receive most of the Total Cost of Tier 1 from state aid.

Henderson ISD is a relatively property low wealth district per student and so most of its M&O revenue is not generated from local ad valorem property taxes. In attempting to provide some degree of funding equity among school districts, the formulas provide guaranteed yields for both Tier I (formula funding) and for Tier II (enrichment). For those districts that generate local revenue in excess of entitlement amounts, the excess revenue is recaptured. Under prior law, recapture was a function of excess property wealth per weighted student. The system continues to rely on both golden (equalized up to \$98.56/WADA) and copper (equalized up to \$49.28/WADA) enrichment pennies (Tier II tax rate). Under HB 3 as modified by HB 1525, districts can access up to 8 golden pennies. Copper pennies will be compressed in manner that generates the same revenue for the compressed number of pennies as were taxed under old law.

HISD currently has property wealth per weighted ADA that is less than the second equalized wealth level at \$386,769 per weighted ADA. Under prior law, HISD was not considered a Chapter 41 district and would not have paid recapture. The implementation of HB 3 as modified by HB 1525, is not expected to alter Henderson's status in terms of being required to pay recapture. Rusk Solar is requesting that the value of the 300 MW solar project be limited to \$80,000,000 in years one through ten of the agreement, corresponding to the 2026-27 school year through the 2035-36 school year. The full value of the project would be subject to interest and sinking (I&S) taxes levied by Henderson ISD in all years of the agreement.

Underlying Assumptions

A forecast of the financial impact the proposed value limitation agreement will have on HISD's future revenue is critical information that will be very useful to the district when making the decision to grant the limitation and for the district's long range financial planning process. Analysis for this application covers the 2024-25 through the 2040-41 school years. The Revenue Protection Clause of the proposed agreement calls for the school district to be held harmless against any potential state and local maintenance and operation revenue losses as a result of the value limitation agreement. Revenue protection calculations are to be made using the definition of lost M&O revenue as found in section 1.2 of the negotiated definitions of the agreement, along with property tax laws and school funding formulas are in place at that time in years one through ten of the agreement. This stipulation is a statutory requirement under Section 313.027 of the Tax Code.

The approach used in this report was to predict 17 years of base data including average daily attendance, M&O and I&S tax rates, maintenance and operation (M&O) tax collections and current year (CAD) values and prior year (CPTD) values for each year of the agreement. For the purposes of this analysis, final 2020 CPTD values were used as well as TEA estimates of 2021 T2 values. These values have been included in the base data illustrated in **Table 1**.

To isolate the impact of the value limitation on the District's finances over this 17 year agreement, average daily attendance and maintenance and operation tax rates were held constant at levels that were projected to exist in the 2022-23 school year. An ADA of 3,131, a WADA of 4,484 and a 2022 compressed M&O tax rate of .8999 were used for each year of the forecast. A tax collection rate of 100% is assumed in all of the calculations used in this analysis. 2022 CAD certified values were used in place of final T2 values which will not be available until summer of 2023. This value was used as the basis for subsequent current year (CAD) values in this report. Final 2021 T1, T2, T3 and T4 Comptroller Property Tax Division (CPTD) values, certified to school districts in late July, 2022, were used as a basis for predicting prior year (CPTD) values for each of the agreement years.

The proposed agreement calls for Henderson ISD to be held harmless against potential state and local revenue losses that might occur as a result of the value limitation being in effect for any given year of the agreement. In order to predict when and if these revenue losses may occur, a state and local revenue projection for the 2022-2023 school year was completed to serve as base line data and is displayed in **Table 2**. In any year of the limitation period where revenue loss occurs, as defined by the terms of the agreement, a Revenue Protection Payment is indicated for that year. The results of these calculations are illustrated in Table 3.

Financial Impact on the School District

Utilizing uncollected taxes as the definition of lost M&O revenue and the assumptions/methodology described above, total maintenance and operation revenue was estimated for each year of the agreement. **Table 3**, which summarizes the difference between the two models, indicates that there will be a total revenue loss of \$2.623 million over the course of the agreement. The revenue loss by the district, due to the agreement, is estimated to be mostly in the first year of the value limitation period.

Financial Impact on the Taxpayer

The terms of the proposed agreement call for the maintenance and operation (M&O) value of the project to be limited to \$80 million starting in school year 2026-27 and remaining limited through school year 2035-36. The potential gross and net tax savings to Rusk Solar are shown in Table 3. As stated earlier, an M&O tax rate of \$.8999 and a collection rate of 100% is used throughout the calculations in this report. Table 3 shows gross tax savings due to the limitation of \$12.17 million over the length of the contract. Net tax savings are estimated to be \$9.55 million. The negotiated tax savings to the company is estimated to be \$6,088,191.

Facilities Funding Impact on the District

Reports submitted by Rusk Solar show the full value of the property being depreciated over time. Even so, the full value of the project will be available to the district for I&S taxes and will enhance the district's ability to service current and future debt obligations. While the project is expected to provide additional employment opportunities in the area, the impact on student enrollment is predicted to be minimal.

Conclusion

The Rusk Solar project proposed in this application will benefit the community, the district, HISD, and the taxpayer, Rusk Solar. The community will receive economic development, the taxpayer will enjoy savings on property taxes and the district will be held harmless from revenue loss due to the provisions of the agreement. The district will also enjoy an increased value available for I&S tax collections dedicated to debt service that can be leveraged to provide first class facilities for faculty and students.

It should be noted, the Texas Legislature could take additional action that could potentially change the impact of this agreement on the finances of Henderson ISD and result in estimates that differ significantly from the estimates presented in this analysis. Some of the factors that could significantly alter these estimates are legislative or administrative action by the Texas Legislature, the Texas Education Agency or the Comptroller of Public Accounts. Those actions could contain changes to the school finance formulas, property value appraisals and tax exemptions. Other factors which could change, and will impact the estimates of this agreement, include increases or decreases to property values, district tax rates and student enrollment.

the applicant would have paid to the District for the first year of the Tax Limitation Period if this Agreement had not been entered into by the Parties; *minus* (ii) the amount of maintenance and operations ad valorem school taxes actually paid by the Applicant for such year.

- B. For each of the nine (9) remaining years of the Tax Limitation Period, Lost M&O Revenue owed by the Applicant to District means the Original M&O Revenue *minus* the New M&O Revenue, using prior year appraised values as set forth in Section 48.256 (d) of the TEXAS EDUCATION CODE as that statute exists at the time of the execution of this Agreement.

In making the calculations required by this Section 4.2:

- i. The Taxable Value of property for each school year will be determined by the Appraisal District.
- ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property will be presumed to be one hundred percent (100%).
- iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue, as calculated under this Section 4.2 of this Agreement, results in a negative number, the negative number will be considered to be zero.
- iv. For all calculations made for years during the Tax Limitation Period under this Section 4.2 of this Agreement, Subsection ii of this subsection will reflect the Tax Limitation Amount for such year.
- v. All calculations made under this Section 4.2 shall be made by a methodology which isolates only the full Maintenance and Operation Revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or on account of or otherwise arising out of any other factors not contained in this Agreement.

Section 4.3. CALCULATIONS TO BE MADE BY THIRD PARTY.

All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") selected and appointed each year by the District, subject to approval by Applicant in writing, which approval shall not unreasonably be withheld.

Section 4.4. DATA USED FOR CALCULATIONS.

The calculations for payments under this Agreement shall be initially based upon the valuations that are placed upon all taxable property in the District, including the Applicant's Qualified Property, by the Appraisal District in its annual certified tax roll submitted to the District for each Tax Year pursuant to Texas Tax Code § 26.01 on or about July 25 of each year of this Agreement. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third

Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.

Section 4.5. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT.

If the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Property, and such appeal remains unresolved at the time the Third Party selected under Section 4.3 makes its calculations under this Agreement, the Third Party shall base its calculations upon the values placed upon the Applicant's Qualified Property by the Appraisal District. The calculations shall be readjusted, if necessary, based on the outcome of the appeal as set forth below.

If as a result of an appeal or for any other reason, the Taxable Value of the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amount to the other Party within thirty (30) days of the receipt of the new calculations from the Third Party.

Section 4.6. DELIVERY OF CALCULATIONS.

On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 4.3 of this Agreement shall forward to the Parties a certification containing the calculations required under this Article IV, Article V, and Article VI of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit its invoice for fees for services rendered to the Parties, if any fees are being claimed, which fee shall be the sole responsibility of the District, but subject to the provisions of Section 4.8, below. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's calculations, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation until four (4) years after the Final Termination Date of this Agreement. The Applicant shall not be liable for any of the Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement.

Section 4.7. STATUTORY CHANGES AFFECTING MAINTENANCE & OPERATION REVENUE.

Notwithstanding any other provision in this Agreement, in the event that, by virtue of statutory changes to state law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, solely because of its participation in this Agreement, the

Applicant shall make payments to the District that are necessary to fully reimburse and hold the District harmless from any actual negative impact on the District's Maintenance and Operation Revenue as a direct result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District. Such payment shall be made no later than thirty (30) days following notice from the District of such determination and calculation. The District shall use reasonable efforts to mitigate the economic effects of any such statutory change or administrative interpretation, and if the Applicant disagrees with any calculation or determination by the District of any adverse impact described in this Article IV, the Applicant shall have the right to appeal such calculation or determination in accordance with the procedures set forth in Section 4.9.

Section 4.8. PAYMENT BY APPLICANT.

Subject to Section 4.9 below, the Applicant shall pay any amount determined by the Third Party to be due and owing to the District under this Agreement on or before the January 31 of the year next following the tax levy for each year for which this Agreement is effective. Late payments will accrue interest at the same rate of interest charged to taxpayers making late payments of ad valorem taxes. Subject to the limitation set forth in this Section 4.8 below, by such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 4.4, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or other reimbursement applications filed with or sent to the State of Texas, for any audits conducted by the State Auditor's Office, or for other legal expenses which are, or may be required under the terms of, or because of, the execution of this Agreement. The Applicant shall only be responsible for the payment of an aggregate amount of fees and expenses under this Section 4.8 not to exceed Fifteen Thousand Dollars (\$15,000.00).

Section 4.9. RESOLUTION OF DISPUTES.

Should the Applicant disagree with the Third Party calculations made pursuant to this Article IV of this Agreement, the Applicant may appeal the findings, in writing, to the Third Party within thirty (30) days following the later of (i) receipt of the certification, or (ii) the date the Applicant is granted access to the books, records, and other information in accordance with Section 4.4 for purposes of auditing or reviewing the information in connection with the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the calculations. Thereafter, the Applicant may appeal the final determination of the certification containing the calculations to the District's Board of Trustees within thirty (30) days after receipt of the final determination of the calculations. Any appeal by the Applicant of the final determination of calculations shall in no way limit Applicant's other rights and remedies available hereunder, at law or in equity.

Section 4.10. PAYMENT LIMITATION; AGGREGATE LIMIT.

In the event that the Cumulative Payments for any Tax Year during the Limitation Period of this Agreement shall exceed the Aggregate Limit for that Tax Year, the Cumulative Payments owed for that year shall be limited to the Aggregate Limit for that Tax Year. Amounts otherwise due and owing by the Applicant to the District which, by virtue of this payment limitation, are not paid in that

B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Rusk County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator’s fees and expenses and the Applicant shall bear one-half of such mediator’s fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys’ fees) incurred in connection with such mediation.

C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant to Section 9.4.C, terminate this Agreement.

E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Section 9.5. LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall

be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make \$80,000,000 of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the school district for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS
