

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

Form 50-296
(Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
 - must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
 - forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

The first phase may install a minimum of 95 megawatts within the Goldthwaite ISD portion of the project in 2012. A second phase may install up to another 57 megawatts in either 2012 or 2013. Up to 8 turbines in the second phase may be located within the Lometa ISD portion of the project.

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D).

For the purposes of investment, please list amount invested each year, not cumulative totals.

[For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property].

Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).

For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.

Column D: Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility. The most significant example for many projects would be land. Other examples may be items such as professional services, etc.

Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.

This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Resolution

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENT IN REINVESTMENT ZONES CREATED IN THE JURISDICTION OF MILLS COUNTY, TEXAS.

WHEREAS, the creation and retention of job opportunities that bring new wealth is one of the highest civic priorities; and,

WHEREAS, new jobs and investments will benefit the area economy, provide needed opportunities, strengthen the real estate market, and generate tax revenue to support local services; and,

WHEREAS, Mills County must compete with other localities across the nation currently offering tax inducements to attract new and modernization projects; and,

WHEREAS, any tax incentives offered in Mills County would reduce needed tax revenue unless these tax incentives are strictly limited in application to those new and existing industries that bring new wealth to the community; and,

WHEREAS, the abatement of property taxes, when offered to attract primary jobs in industries that bring in money from outside a community instead of merely recirculation dollars within a community, has been shown to be an effective method of enhancing and diversifying an area's economy; and,

WHEREAS, Texas laws requires any eligible taxing jurisdiction to establish guidelines and criteria as to eligibility for tax abatement agreements prior to the granting of any future tax abatement, which guidelines and criteria are to remain unchanged for a two-year period unless amended by minimum votes, as provided by said state law; and,

WHEREAS, these guidelines and criteria shall not be constructed as implying or suggesting that the County of Mills, or any other taxing jurisdiction, is under any obligation to provide tax abatement or other incentives to any applicant, and all applicants shall be considered on a case-by-case basis; and,

WHEREAS, these guidelines and criteria are approved for circulation to all affected taxing jurisdiction for consideration as a common policy for all jurisdictions that choose to participate in tax abatement agreements;

- (a) Authorized facility. A facility may be eligible for abatement if it is a manufacturing facility, research facility, distribution center or regional service facility, regional entertainment facility, renewable energy resource, or other basic industry.
- (b) Creation of new value. Abatement may be granted only for the additional value of eligible property improvements made subsequent to, and specified in, an abatement agreement between Mills County and the property owner or lessee, subject to such limitation as Mills County may require.
- (c) New and existing facilities. Abatement may be for new facilities and improvements to existing facilities purposes of modernization or expansion.
- (d) Eligible property. Abatement may be extended to the value of permanent buildings and structures, fixed machinery and equipment, and certain other personal property, site improvements, and office space and related fixed improvements necessary to the operation and administration of the facility.
- (e) Ineligible property. The following types of property shall be fully taxable and ineligible for abatement: land; inventories; supplies; housing; hotel accommodations; deferred maintenance investments; property to be rented or leased, except as provided in Section 2 (f); improvements for the generation or transmission of electrical energy not wholly consumed by a new facility or expansion; any improvements, including those to produce, store or distribute natural gas, fluids or gases, that are not integral to the operation of the facility; property owned or used by the State of Texas or its political subdivision or by any organization owned, operated, or directed by a political subdivision of the State of Texas.
- (f) Owned and Leased Facilities. If a leased facility is granted abatement, the agreement shall be executed with the lessor and the lessee.
- (g) Value and term of abatement. A tax abatement agreement granted by Mills County shall be up to but not exceeding ten (10) years in duration and up to but not exceeding 100% of the ad valorem property taxes assessed.
- (h) Economic qualification. In order to be eligible to receive tax abatement the planned improvement:

00282

(1) must be expected to prevent the loss of employment, retain employment, or create employment on a permanent basis.

(2) must not be expected to solely or primarily have the effect of transferring employment from one part of the County of Mills to another; and,

(i) Existing business. Recognizing the importance of cosmetic improvements to the community of those existing businesses that modernize or expand over and above normal repair and upkeep, they may be granted a two-year tax abatement of the amount of value the facility is increased. (If a business has a building appraised at \$50,000.00 and modernization or expansion changes the appraised value to \$100,000.00, \$50,000.00 of the new value could be abated for two years beginning January 1 after the year completed.)

(j) Taxability. From the execution of the abatement agreement to the end of the agreement period taxes shall be assessed as follows:

(1) the value of ineligible property as provided in Section 2 (a) shall be fully taxable; and,

(2) the base year value of existing eligible property as determined each year shall be fully taxable; and,

(3) The additional value of new eligible property shall be taxable in the manner described in Section 2(g, h, & i).

Sec. 3. Application and Hearing

(a) Any present or potential owner of taxable property in the jurisdiction of the Taxing Entities of the County of Mills, Texas may request tax abatement by filing a written request with the Mills County Commissioners Court.

(b) The application shall consist of a completed application form accompanied by: a general description of the proposed use and the general nature and extent of the modernization, expansion, or new improvements to be undertaken; a descriptive list of the improvements that will be a part of the facility; a map and property description; and a time schedule for undertaking and completing the planned improvements.

In the case of modernization, a statement of the assessed value of the facility separately stated for real and personal property shall be given for the tax year immediately preceding the application. The application form may require any financial and other information that may be appropriate for evaluating the financial capacity of the applicant and any other factors.

(c) After receipt of an application, the Commissioners Court shall determine within forty-five (45) days how to proceed with the application. Within this time frame, the Commissioners Court shall choose to deny the application, consider the application, or consider the application on an expedited basis.

(d) Consideration of Application. If the County determines that the application should be further

00283

considered, then the County Judge shall schedule a hearing to obtain public input on the application. At least seven (7) days prior to the hearing, the County must send written notice to the presiding officers of all taxing units with jurisdiction over the property for which an abatement is sought and must publish notice of the hearing time, place and subject in the local newspaper. At the hearing the Commissioners' Court evaluates the application against the criteria in Section 2 and decides whether to designate the property for which an abatement is sought as a reinvestment zone. If the reinvestment zone is not designated, the application fails, although it may be amended and resubmitted. If the reinvestment zone is designated, the Commissioners' Court shall pass an order to that effect and may then arrange to consider for approval the tax abatement agreement between the applicant and the County at its next regularly scheduled meeting. At least seven (7) days prior to entering into a tax abatement agreement, the County must give written notice of its intent to do so to the presiding officers of all taxing units with jurisdiction over the property for which an abatement is sought, along with a copy of the proposed tax abatement agreement. At the regularly scheduled meeting, the Commissioners' Court may finally vote by simple majority to enter into the tax abatement agreement or to decline. An approved tax abatement agreement may be executed in the same manner as other contracts made by the County.

(e) Expedited Consideration of Application. If the County determines that the application should receive expedited consideration, then the County Judge shall schedule an opportunity to obtain public input on the application at the Commissioners Court's next meeting. At least seven (7) days prior to the meeting, the County must send written notice to the presiding officers of all taxing units with jurisdiction over the property for which an abatement is sought and must publish notice of the hearing time, place and subject in the local newspaper. Also at this time, the County must give written notice of its intent to enter into a tax abatement agreement to the presiding officers of all taxing units with jurisdiction over the property for which the abatement is sought, along with a copy of the proposed tax abatement agreement. During the Commissioners' Court meeting, the Commissioners' Court shall evaluate the application against the criteria in Sections 2 and shall decide whether to designate the property for which the abatement is sought as a reinvestment zone. If the reinvestment zone is designated, the Commissioners' Court shall pass an order to that effect and may then immediately consider for approval the tax abatement agreement between the applicant and the County. After consideration, the Commissioners' Court may finally vote by simple majority to enter into the tax abatement agreement, or the decline. An approved tax abatement agreement may be executed in the same manner as other contracts made by the County.

(f) Confidentiality. As required by Section 312.003 of the Texas Tax Code, information that is provided to the County in connection with an application or a request for a tax abatement under this chapter that describes the specific processes or business activities to be conducted or the equipment or other property to be located on the property for which the abatement is sought is confidential and not subject to public disclosure until the tax abatement is executed.

(g) When the abatement is disapproved, an applicant may be granted a review, or rehearing, in which a new application and hearing may be required.

(h) Tax abatement may not be approved if the County finds that the application therefore was filed after the commencement of the construction, alteration, or installation of improvements related to a proposed modernization, expansion, or new facility.

(i) Request for variance from the provisions of Section 2 may be made in written form to the

00284

Commissioners' Court of Mills County. Such request shall include all the items listed in Section 3 (b) above, together with a complete description of the circumstances that prompt the applicant to request variance. The approval process for a variance shall be identical to that for a standard application and may be supplemented by such additional requirements as may be deemed necessary by the County.

Sec. 4. Standards for denying Approval of Abatement.

(a) If any affected jurisdiction is able to conclusively show cause in the public hearing why the granting of the abatement will have a substantial adverse effect on its bonds, tax revenue, service capacity, or the providing of services, Mills County shall deny the approval of abatement.

(b) An abatement agreement shall not be granted if it is determined that:

- (1) there would be substantial adverse effect on the providing of government services or tax basis;
- (2) the applicant has insufficient financial capacity;
- (3) planned or potential use of the property would constitute a hazard to public safety, health, or morals; or,
- (4) codes or laws would be violated.

Sec. 5. Effect of Approval of Application

Mills County Commissioners' Court acts only for the taxing entity of Mills County and for no other taxing entity within Mills County. The County's approval or disapproval of an application has no effect on any other taxing entity within the jurisdiction or their right to approve or disapprove an application. Only the governing bodies of the effected jurisdictions may grant tax abatements, and enter into tax abatement agreements with applicants.

Sec. 6. Tax Abatement Agreements

The Mills County Commissioners' Court after approval of an application shall enter into an agreement with the applicant. Such agreements shall be executed with the owner of the facility, and with the lessee when required. Such agreements shall include:

- (1) the estimated value to be abated and the base year value;
- (2) the percentage of value to be abated each year as provided in Sec. 2 (g, h, & i);
- (3) the commencement date and the termination date of abatement;
- (4) the proposed use of the facility, nature of construction, time schedule, map, property description, and improvements list as provided in application, Section 3 (b);
- (5) contractual obligations in the event of default, violation of terms or conditions, delinquent
