decrease of 8.8 percent. Hutchinson County's declining growth is even more stark when compared to Texas' significant population growth rate of 22.6 percent over this same time period.

Board Finding Number 3.

Average salary levels of qualifying jobs are expected to be \$81,000, which is 76 percent above the current Hutchinson County average salary of \$45,963 per manufacturing job.

Board Finding Number 4.

The level of the applicant's total investment per qualifying job over the term of the Agreement is estimated to be approximately \$20 million on the basis of a minimum of 15 qualifying jobs.

In support of Findings 3 and 4, the economic impact evaluation contains the following information.

For this study, TXP has calculated the economic impact of ConocoPhillips' petroleum refinery expansion in Hutchinson County. Activities at the expanded facility will include the Ultra Low Sulfur Diesel Project. For this report, TXP has focused on the economic impact of ConocoPhillips' proposed \$300 million facility and \$1.2 million annual payroll. . . . As noted in the introduction, the financial impact of the requested property value limitation on the finances of PSP C.I.S.D. is addressed in a separate report.

The benefits of ConocoPhillips to the PSP C.I.S.D., Hutchinson County, and the entire regional economy consist of the day-to day operation of the facility, normal operating expenditures, purchases from local vendors, and spending of people employed by these businesses. In the final analysis, the economic benefits of this spending materialize in the form of increased Hutchinson County employment and income. In addition, there are significant tax benefits to the PSP C.I.S.D., cities in the region, and the county.

There are also intangible benefits associated with having a major petroleum manufacturing facility expansion in the area. These benefits include factors such as increased regional, national, and international
