RE: Application to the La Porte Independent School District from Equistar Chemicals LP

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the La Porte Independent School District is notifying the Applicant Noltex, LLC of its intent to consider the application for appraised value limitation on qualified property. The Applicant submitted the Application to the school district on February 19, 2013. The Board voted to accept the application on February 26, 2013. The application was determined completed on February 26, 2013. Please prepare the economic impact report.

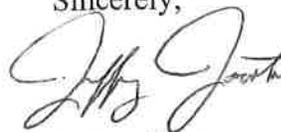

We have confirmed with the Applicant that the signature on the notarized page is the signature of the authorized business representative.

The school district has determined that the wage information included in the application represents the most recent wage data available at the time of the application.

A paper copy of the application is being hand delivered to your office today. In accordance with 34 Tex. Admin Code §9.1054, a copy of the application will be submitted to the Harris County Appraisal District.

Please feel free to contact me with questions.

Sincerely,

Jeffrey D. Janota

Executive Summary

Dear La Porte I.S.D. representative:

We respectfully request your review of our application for appraised value limitation pursuant to Texas Tax Code, Chapter 313. Please find enclosed the completed application form 50-296 and associated exhibits.

Noltex was formed in June of 1994 as a Joint Venture between Nippon Gohsei (U.S.A.) Co., Ltd. (a fully owned subsidiary of Japan's Nippon Synthetic Chemical Industry Company Co., Ltd.) and Mitsubishi Chemical America, Inc. (a fully owned subsidiary of Japan's Mitsubishi Chemical Corporation). Noltex purchased the idled Du Pont EVOH manufacturing facilities in La Porte, Texas, following Du Pont's failed attempts to produce an effective EVOH barrier resin. Noltex began production of Soarnol resin in early 1996 after retrofitting the first of our plant's production lines with Nippon Gohsei technology.

In its first full year of production, Noltex produced roughly 40% more EVOH resin than its predecessor had planned for. Earlier last year Noltex completed a retrofit of its second production line, and immediately brought it on line. The plant now services the needs of the North and South American, and the European markets, with a total annual production capacity of 18,000 metric tons. This additional capacity has allowed Noltex to expand its EVOH product line to include specialty Soarnol grades in order to better meet the increased demand for this unique gas barrier resin.

In addition to a steadily increasing demand in traditional food packaging applications, new markets (such as plastic vehicle fuel tanks and the nascent plastic beer bottle) will also be served by this expanded production capability. Although the current plant is already one of the largest of its kind in the world, Noltex is now planning to increase its current capacity by 20%, through implementation of a proactive "de-bottlenecking" program. Noltex continues to expand its capacity, and horizons, in order to meet the needs of a continually evolving market place and, a rapidly changing world. Soarnol is distributed in NAFTA markets (U.S., Canada and Mexico) exclusively through Soarus, LLC.

As part of its efforts to successfully meet the increasing demand for its products, Noltex intends to design and build a plant to produce an ethylene-vinyl alcohol co-polymer ("EVOH") with a production capacity of 15,000 metric tons of EVOH per annum in its complex located in La Porte, Texas based on certain proprietary processes and technologies owned by and/or licensed to Noltex. This new planned facility is the subject of the application for appraised value limitation.

Noltex has been an active corporate citizen in the La Porte I.S.D. and intends to continue doing so. As part of the planned build-out of the new facility, Noltex will continue to uphold its responsibility to its neighbors by introducing new employment to the area and produce additional tax revenue to the local jurisdictions.

We respectfully request that the La Porte I.S.D. review and accept our application for appraised value limitation with reference to the aforementioned planned construction of manufacturing facilities within its jurisdiction. If there are any questions, please feel free to reach out to taxpayer's representative, Shawn McDermott of KPMG. His contact information may be found within the enclosed application form 50-296.

Application Form 50-296

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

Form 50-296
(Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
- the date the school district determined that the application was complete;
- the date the school board decided to consider the application; and
- a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

INVESTMENT

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as rural, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's Web site at www.window.state.tx.us/taxinfo/proptax/hb1200/values.html.

At the time of application, what is the estimated minimum qualified investment required for this school district? \$30,000,000

What is the amount of appraised value limitation for which you are applying? \$30,000,000

What is your total estimated qualified investment? \$180,000,000

NOTE: See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? February 19, 2013

What is the anticipated date of the beginning of the qualifying time period? February 19, 2013

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? \$180,000,000

Describe the qualified investment.[See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021, Refer to Exhibit 4
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
(3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map. Refer to Exhibits 7

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period? [X] Yes [] No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

- (1) in or on the new building or other new improvement for which you are applying? [X] Yes [] No
(2) if not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? [X] Yes [] No
(3) on the same parcel of land as the building for which you are applying for an appraised value limitation? [X] Yes [] No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? [X] Yes [] No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? [X] Yes [] No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? [X] Yes [] No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
(3) a map of the qualified property showing location of new buildings or new improvements - with vicinity map.

Land

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? [] Yes [X] No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? March 29, 2013

Will the applicant own the land by the date of agreement execution? [X] Yes [] No

Will the project be on leased land? [X] Yes* [] No

*The new facility will be built on portions of owned land with the majority located on adjacent leased land. Refer to Exhibit 8 for the legal descriptions of each of the four plats of land.

QUALIFIED PROPERTY (CONTINUED)

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

- 1. Legal description of the land Refer to Exhibit 8
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land Refer to Exhibit 7

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map) Refer to Exhibit 12

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

Miscellaneous

Is the proposed project a building or new improvement to an existing facility? [X] Yes [] No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. See Attachment 9 (Market Value) 2012 (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313? [] Yes [X] No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation? [X] Yes [] No

WAGE AND EMPLOYMENT INFORMATION

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? -0-

The last complete calendar quarter before application review start date is the:

- [] First Quarter [] Second Quarter [] Third Quarter [X] Fourth Quarter of 2012 (year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC? 85

Note: For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application.

Total number of new jobs that will have been created when fully operational 8**

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement? [] Yes [X] No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)? [X] Yes [] No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d). See Exhibit 13

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 8

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

**8 new jobs will be created at the facility upon first operational start-up.

Up to an additional 4 new jobs for Noltex operators will be added as production increases over the next several years. An additional 12-15 permanent contract jobs will be created as well as numerous additional jobs related to maintenance and turn-around activities post construction; however, such jobs are not "qualifying jobs" as defined in TAC Section 9.1051 (14) in that the Applicant does not have a significant degree of control over the creation of the jobs, the job descriptions, or the job characteristics or performance.

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC Web site. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \$1,346

110% of the county average weekly wage for manufacturing jobs in the county is \$1,669

CONFIDENTIALITY NOTICE

**Property Tax Limitation Agreement Applications
Texas Government Code Chapter 313
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.
 Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D).
 For the purposes of investment, please list amount invested each year, not cumulative totals.
 [For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property].
 Column B: Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.
 The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).
 Column D: For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.
 Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility.
 Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.
 Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.
 This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Exhibit 3: Combined group information

Noltex LLC is not part of a combined group.

Exhibit 4: Scope of construction activities

Scope of Expansion

As part of its efforts to successfully meet the increasing demand for its products, Noltex intends to design and build a plant to produce an ethylene-vinyl alcohol co-polymer ("EVOH") with a production capacity of 15,000 metric tons of EVOH per annum in its complex located in La Porte, Texas based on and under certain proprietary processes and technologies owned by and/or licensed to Noltex. The expansion of this facility is the subject of the application for appraised value limitation. The planned total cost for the new facility is approximately \$180,000,000.

Types of Equipment

This process requires reactors, columns, pumps, vessels, fans and towers common for processing chemicals and specifically plastics. This process is controlled by a distributive control system.

Anticipated Timeline

The planned ground breaking for this expansion is targeted to commence on May of 2013. Mechanical completion is targeted for November of 2014 with the facility fully operational during the first quarter of 2015.

Exhibit 5: Site selection

Noltex was formed in June of 1994 as a Joint Venture between Nippon Gohsei (U.S.A.) Co., Ltd. (a fully owned subsidiary of Japan's Nippon Synthetic Chemical Industry Company Co., Ltd.) and Mitsubishi Chemical America, Inc. (a fully owned subsidiary of Japan's Mitsubishi Chemical Corporation). Noltex purchased the idled Du Pont EVOH manufacturing facilities in La Porte, Texas, following Du Pont's failed attempts to produce an effective EVOH barrier resin. Noltex began production of Soarnol resin in early 1996 after retrofitting the first of its plant's production lines with Nippon Gohsei technology.

Noltex is capable of constructing a new facility versus expanding its current La Porte facility in many countries around the world, as well as numerous potential locations in the United States.

Exhibit 6: Local taxing jurisdictions

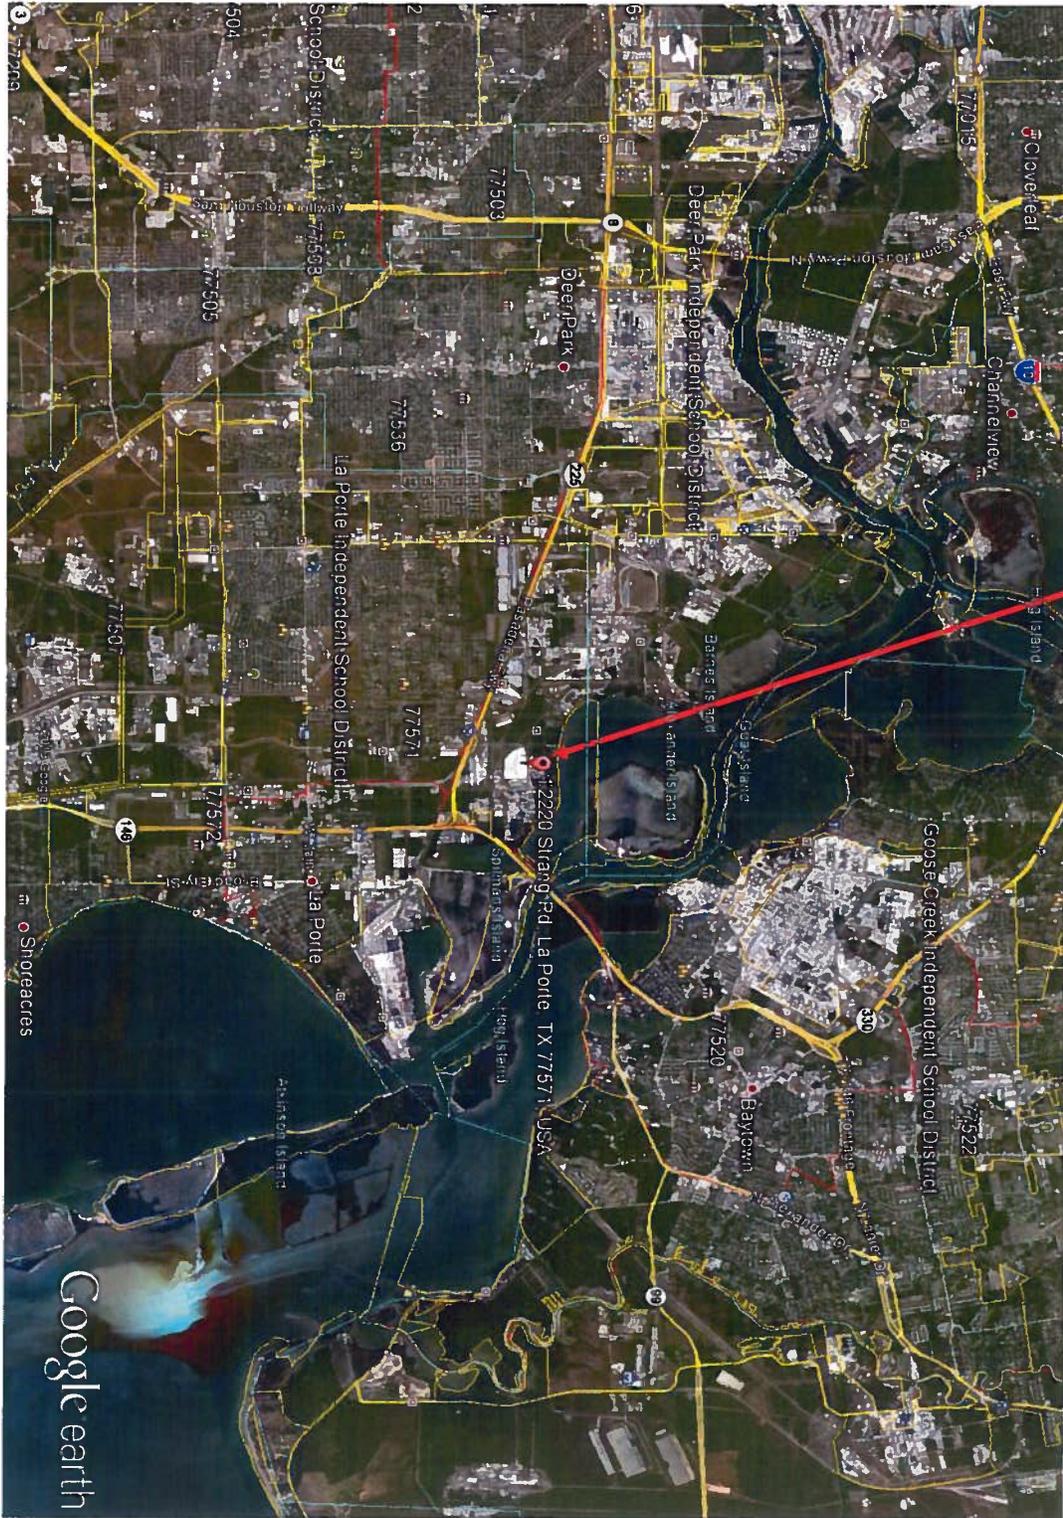

The project is located in the following taxing jurisdictions:

- La Porte ISD
- Harris County
- Harris County Flood Control
- Port of Houston Authority
- Harris County Hospital District
- Harris County Education Department
- San Jacinto Com Col D

Exhibit 7: Plot Plan

E. I. DU PONT DE NEMOURS AND COMPANY, a Delaware corporation ("Grantor"), for and in consideration of the payment by NOLTEX, LLC, a Delaware limited liability company ("Grantee"), of a certain cash consideration the receipt of which is acknowledged by Grantor, and for the additional consideration set forth below, has GRANTED, BARGAINED, SOLD and CONVEYED, and by these presents does hereby GRANT, BARGAIN, SELL and CONVEY, unto Grantee all of its interest in the surface estate of that certain land situated in Harris County, Texas, and described on Exhibit A which is attached hereto and incorporated herein by reference for all purposes, together with all of Grantor's right, title and interest in and to all appurtenances thereof or in anywise appertaining thereto and all of Grantor's right, title and interest in and to all buildings, structures, fixtures and improvements located thereon (said land, real property, rights, improvements and appurtenances being herein together referred to as the "Property").

This conveyance is made and accepted subject, subordinate and inferior to the easement reserved herein and the easements, covenants and the other matters and exceptions of record with respect to the Property other than conveyances, but only to the extent the same pertain to the Property and remain of force and effect, including, but not limited to, those matters set forth on Exhibit B attached hereto and made a part hereof for all purposes (the "Permitted Exceptions").

Grantor expressly reserves the easements (the "Reserved Easement") more specifically described on Schedule 1 attached hereto.

Grantor expressly excepts from this conveyance and reserves unto Grantor, and to Grantor's successors and assigns, all minerals, oil and gas owned by Grantor (including but not by way of limitation, oil, gas, sulfur, coal, lignite and uranium) in, under and that may be produced from the Property, including all royalties, bonus and delay rentals due and payable under any applicable oil, gas and mineral lease covering said Property, including any and all executive rights. Grantor agrees that it will not use or occupy any portion of the surface of the Property for any purpose in connection with the exploration or development of reserved mineral interest in, on, or under the Property, including, without limitation, the drilling of

wells; the development and transmission or storage of oil, gas or other minerals; or the exploration, drilling or development of and production of oil, gas or other minerals substance; and will not place any fixtures, equipment, buildings or structures of any kind on the surface of the Property for mineral exploration. However, nothing herein contained shall be construed as waiving, releasing or relinquishing any right, title or interest of Grantor in and to the oil and gas and other minerals reserved herein or Grantor's right to exploit, develop or produce such oil, gas and other minerals with wells drilled at surface locations off the Property by means of directional drilling or any other method which does not require use of the surface of the Property. Grantor shall also have the right to pool or unitize said oil, gas or other minerals with other lands located outside the boundaries of the Property. Grantor waives any and all other rights of ingress and egress in and to the Property for mineral exploration purposes.

TO HAVE AND TO HOLD the Property, subject to the Reserved Easement and the Permitted Exceptions, unto Grantee, its heirs, successors and assigns, forever; and Grantor does hereby bind itself, its successors and assigns, to WARRANT and FOREVER DEFEND, all and singular, the Property, subject to the Permitted Exceptions, unto Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

Taxes for the year 2011 have been prorated and paid, and Grantee, by its acceptance of this Special Warranty Deed, assumes payment of taxes for 2012.

Schedule 1 to Special Warranty Deed

RESERVED PIPELINE EASEMENT

Burdened Property: That certain real property described by metes and bounds on Exhibit A, which exhibit is attached hereto and incorporated herein by reference for all purposes.

Benefited Property: All property currently owned by (i) Grantor, or (ii) any entity owned or controlled by Grantor, or leased by Grantor to any third party, which adjoins the Easement Property, and which is located in Harris County, Texas, as shown on the property map attached as Exhibit B to this Schedule 1, which exhibit is attached hereto and incorporated herein by reference for all purposes.

Easement Property: [One (1)] ten (10)-foot wide strip of land being five (5) feet on either side of the center line of the underground pipeline described on Exhibit C to this Schedule 1, which exhibit is attached hereto and incorporated herein by reference for all purposes.

Reservations From And Exceptions To Conveyance and Warranty: All easements, rights-of-way and other instruments of public record other than conveyances, but only to the extent the same pertain to the Easement Property and remain of force and effect.

GRANTOR does hereby reserve: (i) a non-exclusive easement and right of way along, over, under, and across the Easement Property to operate, repair, maintain, inspect, replace, reconstruct, upgrade or remove (in whole or in part) the existing underground pipeline lying within the Easement Property and all necessary and desirable appurtenances and structures associated with the operation, repair, maintenance, inspection, replacement, reconstruction, upgrade, removal (in whole or in part), construction and maintenance of such existing underground pipeline to the extent serving or extending from the Benefited Property as of the effective date hereof, which pipeline is listed and described on Exhibit C to this Schedule 1 (the "Pipeline"); (ii) the right to abandon-in-place the Pipeline, such that Grantor shall have no obligation or liability to Grantee or its successors or

assigns to move or remove such Pipeline, except to the extent required by applicable law, rules, regulations and ordinances, which obligation shall survive such abandonment; and (iii) the right of ingress and egress to the Easement Property from public streets over and across roadways located on the Burdened Property, to the extent reasonably necessary for Grantor's access to and use of the Easement Property (collectively, the "Easement").

The Easement reserved herein is subject to the following terms and conditions:

1. Grantee reserves and shall have and enjoy the right for itself, its successors and assigns to use and enjoy the Easement Property for all purposes that do not unreasonably interfere with or interrupt the use or enjoyment of the Easement Property by Grantor for the Easement purposes stated above.

2. Except as otherwise expressly provided herein, improvement and maintenance of the Easement Property and the Pipeline within the Easement Property for the stated purpose will be at the sole option and expense of Grantor. Grantor has the right to eliminate any encroachments into the Easement Property that unreasonably interfere with or interrupt the use or enjoyment of the Easement Property by Grantor for the Easement purposes stated above. Subject to the other expressed terms and conditions hereof, Grantor has the right to reconstruct, maintain, replace, and remove Pipeline within any portion of the Easement Property; provided, however, that, notwithstanding anything to the contrary herein, in no event may Grantor (1) increase the size of the existing Pipeline, (2) increase the number of pipelines within the Easement Property, (3) decrease the depth of the existing pipeline, or (4) change the use of or materials transported within the existing pipeline from the use and materials transported as of the effective date hereof (as such use is identified on Exhibit C to this Schedule 1). All matters concerning the Pipeline and its configuration, construction, installation, maintenance, replacement, and removal are at Grantor's sole discretion, subject to performance of Grantor's obligations under these terms and conditions. Grantor has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to reconstruct, install, maintain, replace, or remove the Pipeline, subject to replacement of the fences to their original condition on the completion of the work.

3. Grantor covenants and agrees that:

(1) All work and operations by Grantor on the Easement Property pertaining to or arising from Grantor's exercise of the

rights granted under this Easement Agreement shall be performed in a commercially reasonable manner that does not materially interfere with Grantee's use and operation of the Easement Property; and

(2) Upon the completion of any work by Grantor on the Easement Property, Grantor shall promptly restore the Easement Property and the Burdened Property to substantially the same condition it was in prior to commencement of the work, but Grantor shall not be required to replace any landscaping within the Easement Property that Grantor has reasonably removed to prevent interference with its use of the Easement Property; and

(3) Grantor shall be responsible for compliance with all applicable laws, rules, regulations and ordinances in connection with Grantor's use of the Reserved Easement.

4. Grantor acknowledges and agrees that (1) the Easement Property is comprised of one (1) strip of land and (2) this Easement shall be deemed to have expired upon the abandonment of the use of such strip of land; which abandonment shall be deemed to have occurred, in any event, upon the cessation of the continuous use of the pipeline located in such strip of land for the stated purpose thereof for at least one hundred eighty (180) consecutive days, or the cumulative cessation of such use for at least one hundred eighty (180) total days within any consecutive period of three hundred sixty five (365) days, excluding any periods that such use is ceased as a result of repair, maintenance, replacement, reconstruction or upgrade.

5. This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

6. The Easement herein reserved is appurtenant to, run with, and inure to the benefit of all or any portion of the Benefited Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Benefited Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of DUPONT and DUPONT's successors, and assigns who at any time own or lease any interest in the Benefited Property.

7. If either Grantor or Grantee retains an attorney to enforce the Easements herein reserved, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. These terms and conditions shall bind and inure to the benefit of the parties and their respective successors, and permitted assigns.

9. These terms and conditions will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

11. Each party agrees to indemnify, defend, and hold harmless the other party from any loss, reasonable attorney's fees, expenses, or claims attributable to breach or default of any of these terms and conditions by the indemnifying party, provided, however, any such loss or damages shall be limited to actual damages and shall not include punitive or consequential damages.

Exhibit 10: Wage Analysis

The calculation of the three possible wage requirements with TWC documentation is attached. Noltex has chosen to use \$59,470 as the wage rate for permanent jobs. This amount meets the requirements set forth under existing qualification and exceeds 110% of the current regional wage rate of \$59,082 (\$53,711 *110% = 59,082) and fulfills the minimum standard qualifications set forth pursuant to Texas Tax Code Section 313.021(3)(E) in order to meet the definition of a "qualifying job".

Exhibit 11: Employee health benefit confirmation

Noltex provides to its employees medical coverage equal to or greater than 80% of the associated premiums or other charges assessed for employee-only coverage under the plan, regardless of whether an employee may voluntarily waive the coverage. This fulfills the minimum standard qualifications set forth pursuant to Texas Tax Code Section 313.021(3)(D) in order to meet the definition of a "qualifying job".

Exhibit 12: Reinvestment zone discussion

The reinvestment zone will be established by the Board of Trustees of La Porte ISD and will be certified by the school district. Maps and land description information are included in Exhibits 7 and 8. The reinvestment zone boundaries will consist of the three leased plats of land and a fourth plat of land owned by Noltex as described in the legal description of each property listed in Exhibit 8. The qualified investment for the expansion will extend into each plat in Exhibit 8 as documented in Exhibit 7, requiring all four plats to be included in the reinvestment zone. The term of the lease agreements for the three plats of leased property extend well beyond the life of the Appraised Value Limitation Agreement.

Exhibit 13: Minimum new job waiver request

See attached letter which provides evidence required by Form 50-296 that the La Porte ISD should waive the requirement to create ten new jobs as permitted by Texas Tax Code Section 313.025(f)(1).

Re: Noltex LLC Chapter 313 Application

Dear Ms. Green:

Noltex LLC ("Noltex") intends to design and build a plant to produce an ethylene-vinyl alcohol co-polymer ("EVOH") with a production capacity of 15,000 metric tons of EVOH per annum in its complex located in La Porte, Texas. In doing so, Noltex has filed the enclosed Application for Appraised Value Limitation on Qualified Property (Form 50-296) with La Porte ISD for this new capital investment. We have stated in the application that this new capital expansion will generate eight (8) new jobs, as defined by Texas Administrative Code Section 9.1051 (14).

We are writing this letter to provide evidence required by Form 50-296 that the La Porte ISD should waive the requirement to create ten new jobs as permitted by Texas Tax Code Section 313.025(f)(1).

Based on Noltex's experience as the operator of other similar facilities and overall industry knowledge, eight new employees exceed the industry standard for the number of personnel reasonably necessary for the operation of this new facility. There is a possibility that an additional 4 new jobs will be added as production increases over the next several years. We will also be employing contract labor to assist, as needed, with the operations and maintenance of this facility. However, those positions are not new jobs as defined in Texas Administrative Code Section 9.1051 (14).

Sincerely,

Bob Rose
Vice President
