

Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

Form 50-296
(Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
- the date the school district determined that the application was complete;
- the date the school board decided to consider the application; and
- a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

INVESTMENT

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as rural, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's Web site at www.window.state.tx.us/taxinfo/proptax/hb1200/values.html.

At the time of application, what is the estimated minimum qualified investment required for this school district? \$ 30 million

What is the amount of appraised value limitation for which you are applying? \$30 million

What is your total estimated qualified investment? \$ 119,824,822

NOTE: See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? September 2013

What is the anticipated date of the beginning of the qualifying time period? September 2013

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? \$120 million

Describe the qualified investment. [See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
- (3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map.

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period?

☒ Yes ☐ No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

- (1) In or on the new building or other new improvement for which you are applying? ☒ Yes ☐ No
- (2) If not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? ☒ Yes ☐ No
- (3) on the same parcel of land as the building for which you are applying for an appraised value limitation? ☒ Yes ☐ No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? ..

☒ Yes ☐ No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? ☒ Yes ☐ No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? ☒ Yes ☐ No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
- (3) a map of the qualified property showing location of new buildings or new improvements – with vicinity map.

Land

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303?

☐ Yes ☒ No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? September 2013

Will the applicant own the land by the date of agreement execution? ☒ Yes ☐ No

Will the project be on leased land? ☐ Yes ☒ No

QUALIFIED PROPERTY (CONTINUED)

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

Miscellaneous

Is the proposed project a building or new improvement to an existing facility? ☐ Yes ☒ No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. n/a n/a
(Market Value) (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313? ☐ Yes ☒ No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation? ☒ Yes ☐ No

WAGE AND EMPLOYMENT INFORMATION

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 0

The last complete calendar quarter before application review start date is the:

☒ First Quarter ☐ Second Quarter ☐ Third Quarter ☐ Fourth Quarter of 2013
(year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWG? 85

Note: For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application. n/a

Total number of new jobs that will have been created when fully operational 285

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement? ☒ Yes ☐ No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)? ☒ Yes ☒ No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 285 10

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html>)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

**CONFIDENTIALITY NOTICE**

**Property Tax Limitation Agreement Applications
Texas Government Code Chapter 313
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the Internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment- as defined in Tax Code §313.021(1)(A)-(D). For the purposes of investment, please list amount invested each year, not cumulative totals.
(For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property).
Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).
For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.

Column D: Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value - for planning, construction and operation of the facility. The most significant example for many projects would be land. Other examples may be items such as professional services, etc.
Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.

This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

Annex 1

Provide a detailed description of the scope of the proposed project. Including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information. (Use attachments as necessary)

This project went through a lengthy site-selection process that included sites in multiple states in the Southern and Southeastern United States. A site in Bryan, Texas has been considered a finalist site and the company is in the process of conducting various real estate and economic incentives due diligence prior to committing to any site.

PROLAMSA USA will establish a state of the art, fully automated and environmentally efficient pipe and tube facility for the production of Oil Country Tubular Goods ("OCTG"), Line Pipe tubing and HSS (Hollow Structural Section). This pipe and tube facility will be primarily serving the energy market for oil and gas and the construction market. The line pipe tubing is manufactured to the American Petroleum Institute (API) specification 5L and 5 CT specifications for seamless and welded steel line pipe in the oil and natural gas industries.

The plant will be located on approximately 150 acres of land with an estimated 300,000 square feet under roof. It will have capacity of 360,000 tons of annual production and the projected total investment will be approximately \$120 million (including contingency).

The facility will create 255 new full-time permanent jobs. This does not include the many jobs that will be involved in the construction of the facility. PROLAMSA estimates that the plant will be operating at full capacity by the 2nd quarter of 2015.

Prolamsa, Inc. estimates that the plant will be constructed in 10 months and we will start creating jobs on Q3-2013

Ability to relocate:

This project can be located at sites in multiple states in the Southern and Southeastern United States. The site in Bryan, Texas has been considered a finalist site. The availability and various real estate and economic incentives will be primary determining factors in the final site selection.

Investment and Qualified Property

Page 8

1. The Prolamsa Plant will be a producer of Oil Country Tubular goods and Line Pipe Transmission Product. The Plant is an Electric Resistance Welded Tube Design to produce such tubular goods. Processing equipment will include Guida splitter, Oto end welders, Oto accumulators, Nakata forming mills, Thermatool high frequency welders, Thermatool seam annealers, Oto sizing mills, Oto flying cut offs, Mair end facers, Mair hydrostatic testers and NDT Ultrasonic Weldline equipment.

The facility will also produce High Strength tubes thru the quench and temper process which will include gas furnaces, testing equipment, inspection equipment and threading equipment. Such equipment vendors are not identified as yet.

2. Facility will build a rail spur off of Union Pacific Railway, Central Offices, parking lots, storage yard, and concrete roads. Processing equipment will be housed in large metal building exceeding 400,000 square feet.

	Post-Settle-Up Period								
	Post-Settle-Up Period								

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D). For the purposes of investment, please list amount invested each year, not cumulative totals.

[For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property]. Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).

Column C: For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings. Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility.

Column D: The most significant example for many projects would be land. Other examples may be items such as professional services, etc. Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed. This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

STATE OF TEXAS §
 §
COUNTY OF BRAZOS §

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENT BRAZOS COUNTY, TEXAS

I. INTRODUCTION

WHEREAS, the attraction of long-term investment and the establishment of new jobs in the Brazos County would enhance the economic base of Brazos County; and,

WHEREAS, Brazos County has certain governmental powers that enable it to take affirmative and effective action to stimulate economic growth; and,

WHEREAS, tax abatement is one of the principal means by which the public sector and the private sector can forge a partnership to promote real economic growth within the community; and,

WHEREAS, tax incentives offered must be strictly limited in application to those new or existing industries that bring new wealth into the community in order to avoid reducing the needed tax revenues of the County; and,

WHEREAS, the Property Redevelopment and Tax Abatement Act (the "Act") Chapter 312 of the Texas Tax Code authorizes the County to provide property tax abatement for limited periods of time as an inducement for the development or redevelopment of a property; and,

WHEREAS, the Act requires eligible taxing jurisdictions to establish guidelines and criteria as to eligibility for tax abatement agreements prior to granting any future tax abatement, said guidelines to be unchanged for a two (2) year period unless amended or repealed by a three-fourths (3/4ths) vote of the Brazos County Commissioners Court; and,

WHEREAS, this document states guidelines and criteria that the County will utilize in attempts to assert positive economic development, but should not be read to imply or

suggest that Brazos County, Texas is under an obligation to afford these opportunities to any applicant; and,

WHEREAS, the governing body of a taxing unit may not enter into a tax abatement agreement unless it finds that the terms of the agreement and the property subject to the agreement meet the applicable guidelines and criteria adopted by the County under the Act; and

WHEREAS, the adoption of the guidelines by Brazos County does not: limit the discretion of the County to decide whether to enter into a specific tax abatement agreement; limit the discretion of the County to delegate to its employees the authority to determine whether or not the County should consider a particular application or request for tax abatement; or create any property, contract, or other legal right in any person to have the County consider or grant a specific application or request for tax abatement.

WHEREAS, these guidelines and criteria are designed to allow maximum flexibility in addressing the unique concerns of each applicant while enabling the County to respond to the changing needs of the community.

NOW, THEREFORE, BE IT RESOLVED, that Brazos County, Texas, acting by and through its duly elected Commissioners Court, hereby adopts these guidelines and criteria for granting tax abatements in Brazos County.

II. DEFINITIONS

A. "Abatement" means the full or partial exemption from ad valorem taxes of certain real and/or personal property in a Reinvestment Zone designated for economic development purposes pursuant to Chapter 312 of the Texas Tax Code.

B. "Agreement" means a contractual agreement between a property owner and/or lessee and an eligible jurisdiction for the purposes of tax abatement.

C. "Base Year Value" means the assessed value of eligible property January 1 preceding the execution of the agreement plus the agreed upon value of eligible property improvements made after January 1, but before the execution of the Agreement.

D. "County" means Brazos County, Texas.

E. "Deferred Maintenance" means improvements necessary for continued operations which do not improve the productivity or alter the process technology.

- F. "Distribution Center Facility" means buildings and structures, including machinery and equipment, used or to be used primarily to receive, store, service, or distribute goods or materials owned by the facility operator where a majority of the goods or services are distributed to points at least fifty (50) miles from location in the County.
- G. "Expansion" means the addition of buildings, structure, fixed machinery, or equipment for purposes of increasing production capacity.
- H. "Facility" means property improvements completed or in the process of construction which together comprise an integral whole.
- I. "Manufacturing Facility" means buildings and structures including machinery and equipment, the primary purpose of which is or will be the manufacture of tangible goods or materials or the processing of such goods or materials by physical chemical change, including the assembly of goods and materials from multiple sources in order to create a finished or semi-finished product.
- J. "Modernization" means the replacement and upgrading of existing facilities which increases the productivity input or output, updates the technology or substantially lowers the unit cost of the operation. Modernization may result from the construction, alteration, or installation of buildings, structures, fixed machinery or equipment. It shall not be for the purpose of reconditioning, refurbishing, or repairing except as may be integral to or in direct connection with an existing expansion.
- K. "New Facility" means a property previously undeveloped which is placed into service by means other than or in conjunction with expansion or modernization.
- L. "Other Basic Industry" means buildings or structure including fixed machinery and equipment not elsewhere described, used or to be used for the production of products or services which serve a market primarily outside the County and result in the creation of new permanent jobs and create new wealth in the County.
- M. "Personal Property" means tangible personal property located on the real property, excluding that personal property located on the real property prior to the period covered by the abatement with the County, and other than inventory or supplies.
- N. "Productive Life" means the number of years a property improvement is expected to be in service.
- O. "Project" means any property improvement including expansion, modernizations, and new facilities; but excluding any deferred maintenance.

P. "Reinvestment Zone" means any area of the County which has been designated a reinvestment zone for tax abatement purposes and which is located within the taxing jurisdiction of the County. It is the intent of the County to designate reinvestment zones on a case-by-case basis in order to maximize the potential incentives for eligible enterprises to locate or expand within the County.

Q. "Regional Entertainment Facility" means buildings and structures, including machinery and equipment, used or to be used or provide entertainment through the admission of the general public where the majority of the users reside at least fifty (50) miles from its location in the County,

R. "Regional Service Facility" means buildings and structures, including machinery and equipment, used or to be used to provide services to the general public.

S. "Research Facility" means buildings and structures, including machinery and equipment, used or to be used primarily for research or experimentation to improve or develop new tangible goods or materials or to improve or develop the production processes thereto.

T. "Targeted Enterprise" means the following facilities - distribution center facility, manufacturing facility, regional entertainment facility, research facility, regional service facility, or any other basic industry.

III.

CRITERIA FOR TAX ABATEMENT

A. General Criteria. All applications must meet all of the following general criteria before being considered for tax abatement:

1. The project expands the local tax base.
2. The project creates permanent full time employment opportunities.
3. The project would not otherwise be developed.
4. The project makes a contribution to enhancing further economic development.
5. The project must remain in good standing with all governmental and environmental regulations.
6. The project must not have any of the following objections:

- a. there would be substantial adverse effect on the provision of government services on tax base;
- b. the applicant has insufficient financial capacity;
- c. planned or potential use of the property would constitute a hazard to public safety;
- d. planned or potential use of the property would create adverse impacts to adjacent properties;
- e. any violation of laws of the United States or State of Texas or ordinances of the City of Bryan or City of College Station, Texas or orders of Brazos County, Texas would occur; or,
- f. it is in an improvement project financed with tax increment bonds.

7. Requests for abatements will not be considered if, prior to the submission of an application, the project is already substantially underway or completed. A project will be considered to be substantially underway if actions such as, but not limited to, the following have occurred:

- a. the demolition, site preparation, or the installation of infrastructure has begun;
- b. a building permit has been issued for construction not associated with mitigating an environmental hazard;
- c. construction (including renovations or tenant finish-out) has begun; or,
- d. equipment, inventory, or employees have been relocated to the new site.

Execution of a lease, the mitigation of environmental problems, the purchase of land, the completion of an environmental assessment, or the preparation of architectural and engineering plans do not constitute a project being substantially underway.

8. Requests for an abatement will not be considered for property that will be used in whole or in part for a sexually-oriented business, including but not limited to condoning, legitimizing, or promoting obscene materials, nude or topless modeling or dancing, adult motel operations, escort services, sexual encounter centers, sex phone centers, or any other sexually-oriented business activity. Similarly, property receiving an

existing abatement for another use cannot convert this property for use as a sexually-oriented business or an establishment and still retain the abatement.

9. Requests for an abatement will not be considered for an applicant with which the County is currently involved in or has within the past thirty-six months been involved in litigation, a pending claim, or unsatisfactory contractual performance, nor to any applicant indebted to the County for ad valorem taxes or other obligations.

B. Specific Criteria. If the project in the application meets the general criteria, is a facility of a Targeted Enterprise and has a capital cost that exceeds One Million Dollars and No/100ths (\$1,000,000.00) then abatement of any or all of the increased value will be considered. In no case would tax abatement exceed the maximum allowed by state law, presently 100% for ten (10) years. Factors to be considered in determining the portion of the increased value to be abated and the duration of the abatement include, but are not limited to:

1. Total amount of the increased value;
2. Total number of jobs created;
3. Type of jobs created;
4. Dollar Value of payroll created;
5. Other costs and revenues associated with the application.
- 6.

IV. APPLICATIONS FOR REINVESTMENT ZONES AND TAX ABATEMENTS

A. All requests for reinvestment zones and tax abatement in the jurisdiction of Brazos County, Texas shall be made by filing a written application with the Brazos County Commissioners Court after addressing all criteria questions contained in this document. An application for designation of a reinvestment zone and for tax abatement may be combined and submitted jointly. Such applications may be filed with an agent or representative of the County hired to administer the County's program of tax abatement.

All applications shall include the following unless the County has waived a requirement that it has deemed unnecessary to properly evaluate the request:

1. a general description of the project including purpose and explanation of the kind, number and location of all proposed improvements as well as how the project will meet the criteria established by this document.

2. a plat showing the precise location of the property and all improvements thereon, all roadways within 500 feet of the site and all existing zoning and land uses within 500 feet of the site (a complete legal description shall be provided if the property is described by metes and bounds).
3. a completed cost estimate of the project by land, building, equipment, inventory and personality categories.
4. a description of the methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred, estimated number of employment opportunities the project creates over the period of the abatement, including gross annual payroll of permanent time and part time employees remaining after construction is complete.
5. a detailed time schedule for under taking and completing the project.
6. a fee in the amount of One Thousand Dollars and No/100ths (\$1,000.00).

B. After reviewing the application, if the County staff or its agent or representative finds the application to be complete and accurate and meets the criteria established by this document, the County staff or its agent or representative may then do or cause to be done an impact study, which the applicant may be required to pay or participate in paying for, setting forth the impact of the proposed reinvestment zone and tax abatement agreement. This study shall include, but not be limited to, a cost benefit analysis of the creation of the investment zone and the abatement of taxes.

C. After establishing the benefits of the proposal, the County staff or its agent or representative may propose that the County offer a tax abatement agreement to the applicant. The County staff or its agent or representative may then propose the amount and duration of the tax abatement to the applicant, and formally offer the tax abatement to the applicant.

D. Having completed all the required steps in the process and having been assured by the applicant that it wishes to proceed, the County may then follow procedures in accordance with the Texas Tax Code Chapter 312 and establish a reinvestment zone and tax abatement agreement.

V.
DESIGNATION OF A REINVESTMENT ZONE
AND TAX ABATEMENT

A. Prior to granting tax abatement, Brazos County, by Order, shall designate an area as a reinvestment zone unless such zone has been previously established by a municipality within the County. Prior to adopting such an Order the Brazos County Commissioners Court must conduct a public hearing on the designation that entitles all interested persons to speak and present evidence for or against the designation. No later than the seventh (7th) day before the date of the hearing, notice of the hearing must be:

1. Published in a newspaper having general circulation in the County; and
2. Delivered in writing to the presiding officer of the governing body of each taxing unit that includes in its boundaries real property that is to be included in the proposed reinvestment zone.

B. The County by resolution or order may enter into a tax abatement agreement. At least seven (7) days before entering into the agreement, the County will deliver written notice of its intent to each taxing unit that is included in the reinvestments zone,

1. Any agreement will include, but not be limited to, the following specific terms:
 - a. all appropriate stipulations included in the application, as outlined by this document, for a reinvestment zone and lax abatement agreement.
 - b. the amount and duration of the tax abatement.
 - c. a method for determining the qualifications of meeting the criteria and a warranty and guarantee to meet and maintain these qualifications over the term of the agreement; the County will be allowed, upon written request and reasonable notice, to inspect and audit such records of the applicant as are necessary to substantiate that the applicant is meeting criteria agreed upon during the term of the abatement.
 - d. a provision in the event the agreement is terminated for whatever reason or the applicant fails to fulfill the terms and provisions thereof, the tax abatement agreement will be determined null and void and all or some portion of abated taxes, as may be determined by the Brazos County Commissioners Court in its sole discretion, shall be paid immediately to the County.

e. access to and authorized inspection of the property by County employees, agents or representatives to ensure that the improvements or construction are made according to specifications and conditions of the agreement.

C. An agreement may be modified or terminated by the mutual consent of the parties in the same manner that the agreement was approved and executed; provided however, the agreement may not be altered to provide for tax abatement for a period of more than ten (10) years.

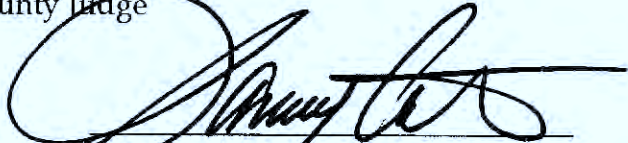

EXECUTED in open court this the 20th day of December, 2011.
