Local Government Assistance & Economic Analysis  
Texas Comptroller of Public Accounts  
P.O. Box 13528  
Austin, Texas 78711-3528

RE: Application to the La Porte Independent School District from Linde North America, Inc.

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the Application for review to the Comptroller's Office, the La Porte Independent School District is notifying the Applicant Linde North America, Inc. of its intent to consider the Application for Appraised Value Limitation on Qualified Property. The Applicant submitted the Application to the school district on May 14, 2013. The Board voted to accept the application on May 14, 2013. The Application was determined completed on May 14, 2013. Please prepare the economic impact report.

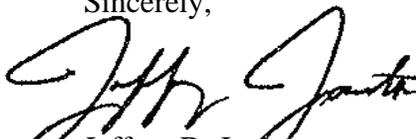

We have confirmed with the Applicant that the signature on the notarized page is the signature of the authorized business representative.

The school district has determined that the wage information included in the application represents the most recent wage data available at the time of the application.

A paper copy of the Application is being hand delivered to your office today. In accordance with 34 Tex. Admin Code §9.1054, a copy of the application will be submitted to the Harris County Appraisal District.

Please feel free to contact me with questions.

Sincerely,

Jeffrey D. Janota

# Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

**Form 50-296**  
(Revised May 2010)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.  
This notice must include:
  - the date on which the school district received the application;
  - the date the school district determined that the application was complete;
  - the date the school board decided to consider the application; and
  - a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

cept for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

(1) in or on the new building or other new improvement for which you are applying? [X] Yes [ ] No

(2) If not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? [X] Yes [ ] No

(3) on the same parcel of land as the building for which you are applying for an appraised value limitation? [X] Yes [ ] No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? [X] Yes [ ] No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? [X] Yes [ ] No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? [X] Yes [ ] No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
(3) a map of the qualified property showing location of new buildings or new improvements - with vicinity map.

Land
Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? [ ] Yes [X] No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? TBD

Will the applicant own the land by the date of agreement execution? [X] Yes [ ] No

Will the project be on leased land? [ ] Yes [X] No

**QUALIFIED PROPERTY (CONTINUED)**

the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

**Miscellaneous**

Is the proposed project a building or new improvement to an existing facility?  Yes  No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. 56,949,152 (Market Value) 2012 (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313?  Yes  No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation?  Yes  No

**WAGE AND EMPLOYMENT INFORMATION**

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 51

The last complete calendar quarter before application review start date is the:  
 First Quarter  Second Quarter  Third Quarter  Fourth Quarter of 2013 (year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC? 243

**Note:** For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application. Not Applicable

Total number of new jobs that will have been created when fully operational 15

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement?  Yes  No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)?  Yes  No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. **Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).**

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 15

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html>)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC Web site. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \$1,372

110% of the county average weekly wage for manufacturing jobs in the county is \$2,712

110% of the county average weekly wage for manufacturing jobs in the region is \$1,135

Please identify which Tax Code section you are using to estimate the wage standard required for this project:

§313.021(5)(A) or §313.021(5)(B) or §313.021(3)(E)(ii), or §313.051(b)?

What is the estimated minimum required annual wage for each qualifying job based on the qualified property? \$59,020

What is the estimated minimum required annual wage you are committing to pay for each of the qualifying jobs you create on the qualified property? \$60,000

Will 80% of all new jobs created by the owner be qualifying jobs as defined by 313.021(3)? Yes No

Will each qualifying job require at least 1,600 of work a year? Yes No

Will any of the qualifying jobs be jobs transferred from one area of the state to another? Yes No

Will any of the qualifying jobs be retained jobs? Yes No

Will any of the qualifying jobs be created to replace a previous employee? Yes No

Will any required qualifying jobs be filled by employees of contractors? Yes No

If yes, what percent?

Does the applicant or contractor of the applicant offer to pay at least 80% of the employee's health insurance premium for each qualifying job? Yes No

Describe each type of benefits to be offered to qualifying jobholders. (Use attachments as necessary.)

See Attachment 11

ECONOMIC IMPACT

Is an Economic Impact Analysis attached (If supplied by other than the Comptroller's office)? Yes No

**CONFIDENTIALITY NOTICE**

**Property Tax Limitation Agreement Applications  
Texas Government Code Chapter 313  
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

## Attachment 4

### **Project Description:**

Linde Gas North America LLC (“Linde”) is considering a significant investment in Harris County in anticipation of prospective growth in the refining and chemical industries. Project Patriot incorporates two components - an Air Separation Unit (ASU) and a Syngas/HYCO “Gasification” Plant.

#### ASU Plant:

An ASU separates air into its component parts – primarily nitrogen, oxygen and argon, as well as some minute quantities of “special gases” – through a process involving compression at differential (very cold) temperatures. The plant will be a combination of tanks, piping, and machinery and equipment to chill and compress the gas. The products are used for different purposes based on their qualities; oxygen is used for processes such as steel manufacturing and chemical production, and also has medical applications. Nitrogen is much more stable and is used for, e.g., food processing, safety blanketing of combustible products, etc., and Argon is used as a key gas for fabrication, chip manufacture, and other processes.

The ASU would include:

- Very large compressors;
- Air purification units;
- Chillers;
- Distillation columns;
- Storage tanks;
- Transport pipelines; and
- Other production- and distribution-related machinery and equipment.

This expansion, if undertaken, would be Linde's largest ASU in the United States. The company hopes to place this investment into the LaPorte area where Linde has existing operations.

The ASU will reside in Linde LLC, an entity that does not currently have operations as the La Porte site. Linde LLC is a disregarded entity under Linde North America, Inc., a C Corporation.

#### Syngas Expansion:

Gasification plants (also referred to as HYCO or Syngas plants) convert petroleum byproducts into carbon monoxide, hydrogen and carbon dioxide by reacting the raw material at high temperatures (>700 °C), without combustion, with a controlled amount of oxygen and/or steam. The resulting gas mixture is called syngas (from synthesis gas or synthetic gas) or producer gas and is itself a fuel. The power derived from gasification and combustion of the resultant gas is considered to be a source of renewable energy if the gasified compounds were obtained from biomass. Syngas may be burned directly in gas engines, used to produce methanol and hydrogen, and is used in sophisticated chemical and petroleum production processes.

For this project, Linde would add a large modern syngas generation train, including:

- A new natural gas-fed gasifier;
- A partial oxydation reactor;

- Syncas cooling and soot scrubbing equipment;
- Downstream purification; and
- Other production- and distribution-related machinery and equipment.

The expanded facilities will reduce the load on existing systems, extending the life of the existing gasifier refractory, WHB tubes and quench ring assemblies, reducing annual maintenance costs and increasing the availability of syngas for the market.

The Syngas plant will reside in Linde Gas North America LLC. Linde has an existing Syngas facility at the site, so any current La Porte employees are under this legal entity. Linde Gas North America LLC is a disregarded entity under Linde Delaware Investments.

Linde would begin construction on Project Patriot in the late spring of 2013. Machinery and equipment will be purchased from project commencement through April, 2014, with the plant completely operational by February, 2015.

The capital investment associated with Project Patriot is approximately \$230 million and the company will create at least 15 new full-time positions that are directly related to the ASU and Gasification Plant.

Linde has a significant presence in Texas, with over 260 employees and several major facilities. The company has been reviewing its other sites as part of its ongoing process to find the most suitable location for Project Patriot as well as locations in Louisiana. Harris County locations include Baytown and Pasadena.

## Attachment 5

The project is located in the following taxing jurisdictions:

- Harris County (100%)
- La Porte ISD (100%)
- Harris County Flood Control District (100%)
- Port of Houston Authority (100%)
- Harris County Hospital District (100%)
- Harris County Education Department (100%)
- San Jacinto College District (100%)

The plant resides in the Battleground Industrial District in the City of La Porte.

### **Project Description:**

Linde Gas North America LLC (“Linde”) is considering a significant investment in Harris County in anticipation of prospective growth in the refining and chemical industries. Project Patriot incorporates two components - an Air Separation Unit (ASU) and a Syngas/HYCO “Gasification” Plant.

#### ASU Plant:

An ASU separates air into its component parts – primarily nitrogen, oxygen and argon, as well as some minute quantities of “special gases” – through a process involving compression at differential (very cold) temperatures. The plant will be a combination of tanks, piping, and machinery and equipment to chill and compress the gas. The products are used for different purposes based on their qualities; oxygen is used for processes such as steel manufacturing and chemical production, and also has medical applications. Nitrogen is much more stable and is used for, e.g., food processing, safety blanketing of combustible products, etc., and Argon is used as a key gas for fabrication, chip manufacture, and other processes.

The ASU would include:

- Very large compressors;
- Air purification units;
- Chillers;
- Distillation columns;
- Storage tanks;
- Transport pipelines; and
- Other production- and distribution-related machinery and equipment.

This expansion, if undertaken, would be Linde's largest ASU in the United States. The company hopes to place this investment into the LaPorte area where Linde has existing operations.

The ASU will reside in Linde LLC, an entity that does not currently have operations as the La Porte site. Linde LLC is a disregarded entity under Linde North America, Inc., a C Corporation.

#### Syngas Expansion:

Gasification plants (also referred to as HYCO or Syngas plants) convert petroleum byproducts into carbon monoxide, hydrogen and carbon dioxide by reacting the raw material at high temperatures (>700 °C), without combustion, with a controlled amount of oxygen and/or steam. The resulting gas mixture is called syngas (from synthesis gas or synthetic gas) or producer gas and is itself a fuel. The power derived from gasification and combustion of the resultant gas is considered to be a source of renewable energy if the gasified compounds were obtained from biomass. Syngas may be burned directly in gas engines, used to produce methanol and hydrogen, and is used in sophisticated chemical and petroleum production processes.

For this project, Linde would add a large modern syngas generation train, including:

- A new natural gas-fed gasifier;
- A partial oxydation reactor;
- Syncas cooling and soot scrubbing equipment;

- Downstream purification; and
- Other production- and distribution-related machinery and equipment.

The expanded facilities will reduce the load on existing systems, extending the life of the existing gasifier refractory, WHB tubes and quench ring assemblies, reducing annual maintenance costs and increasing the availability of syngas for the market.

The Syngas plant will reside in Linde Gas North America LLC. Linde has an existing Syngas facility at the site, so any current La Porte employees are under this legal entity. Linde Gas North America LLC is a disregarded entity under Linde Delaware Investments.

Linde would begin construction on Project Patriot in the late spring of 2013. Machinery and equipment will be purchased from project commencement through April, 2014, with the plant completely operational by February, 2015.

The capital investment associated with Project Patriot is approximately \$230 million and the company will create at least 15 new full-time positions that are directly related to the ASU and Gasification Plant.

FIELD NOTES of a 28.6903 acre tract of land situated in the Enoch Brinson Survey, Abstract 5, Harris County, Texas and being out of and a part of that certain 23.2845 acre tract conveyed by Syngas Company to National Distillers & Chemical Corporation by deed dated December 31, 1986, and recorded in County Clerk's File No. K905990 of the Official Public Records of Real Property, Harris County, Texas; out of and a part of that certain 20.9426 acre tract called Parcel No. 2 described in deed from E.I. DuPont De Nemours & Company to National Distillers & Chemical Corporation dated December 31, 1986, and recorded in County Clerk's File No. K905991 of the Official Public Records of Real Property, Harris County, Texas; out of and a part of Lots 1, 2 and 3 of the A. O. Blackwell Subdivision according to the map of record in Volume 83 at Page 343 of the Deed Records of Harris County, Texas; and out of and a part of Lots 48, 49 and 50 of the Strang Subdivision according to the map of record in Volume 75 at Page 22 of the Deed Records of Harris County, Texas. This 28.6903 acre tract of land is more particularly described by the following metes and bounds, to-wit:

NOTE: ALL BEARINGS AND COORDINATES REFER TO THE QUANTUM PLANT COORDINATES AND BEARINGS.

BEGINNING at a 1 inch iron rod found in concrete for the Westernmost Northwest corner of the heretofore mentioned 23.2845 acre tract and the East line of that certain 10.43 acre tract conveyed by National Distillers & Chemical Corporation to Coastal Industrial Water Authority by deed dated October 29, 1976, and recorded in County Clerk's File No. F014216 of the Official Public Records of Real Property, Harris County, Texas, at the Southwest corner of that certain 32.6510 acre tract of land conveyed by Millennium Petrochemicals, Inc. to Equistar Chemicals, L.P. by deed recorded in County Clerk's File No. S933609 of the Official Public Records of Real Property, Harris County, Texas. Said 1 inch iron rod being the Westernmost Northwest corner and POINT OF BEGINNING of said 28.6903 acres herein described. From this BEGINNING corner a 1 inch iron rod found in concrete at the intersection of the North right-of-way line of Strang Road (60 feet wide right-of-way) and the East right-of-way line of Miller Cut-Off Road (60 feet wide right-of-way) bears South 53 deg. 53 min. 10 sec. West a distance of 3146.92 feet. This BEGINNING corner has a Quantum Coordinate Value of South 910.06 and East 4544.37.

## Attachment 10

Linde and its affiliates own existing property that is assessed on the Harris County Appraisal District accounts below. It is understood that this existing property is not eligible to become qualified property and will remain taxable throughout the term of this agreement. To ensure segregation of existing property from qualified new investment, Linde will request from Harris County Appraisal District that all qualified investment improvements related to this project be added to a separate new account number (or numbers) created for appraisal of qualified property.

The most recent 2012 Harris County Appraisal District property values are attached. (Please note that some property remains listed under the name of Linde Gas, Inc. was a predecessor entity of Linde Gas North America LLC. All existing property is now the property of Linde Gas North America LLC.)

A detailed breakout of the pre-existing improvements is outlined below:

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.  
Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D).  
For the purposes of investment, please list amount invested each year, not cumulative totals.  
[For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property].  
Column B: Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.  
The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).  
Column D: For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.  
Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value for planning, construction and operation of the facility.  
The most significant example for many projects would be land. Other examples may be items such as professional services, etc.  
Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.  
This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.
