FINDINGS OF THE BARBERS HILL INDEPENDENT  
SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE  
TEXAS ECONOMIC DEVELOPMENT ACT  
ON THE APPLICATION SUBMITTED BY  
ENTERPRISE PRODUCTS OPERATING LLC  
(APPLICATION #364)

STATE OF TEXAS

§

COUNTY OF CHAMBERS

§

On the 27<sup>th</sup> day of October, 2014, a public meeting of the Board of Trustees of the Barbers Hill Independent School District was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of Enterprise Products Operating LLC (Application #364) (Enterprise) for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District's administrative staff, and from consultants retained by the District to advise the Board in this matter, the Board of Trustees of the Barbers Hill Independent School District makes the following findings with respect to the application of Enterprise, and the economic impact of that application:

On November 20, 2013, the Texas Comptroller of Public Accounts received an Application from Enterprise for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. A copy of the Application is attached as **Attachment A**.

The Applicant, Enterprise (Texas Taxpayer Id. 12604305396), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be in good standing with the Texas Comptroller of Public Accounts. See **Attachment B**.

The Board of Trustees has acknowledged receipt of the Application, along with the requisite application fee, as established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

Board Findings of the Barbers Hill Independent School District

The Application was delivered to the Texas Comptroller's Office for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Chambers County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054.

The Application was reviewed by the Texas Comptroller's Office pursuant to Texas Tax Code § 313.026, and a favorable recommendation was issued on March 6, 2014. A copy of the Comptroller's letter is attached to the findings as **Attachment C**.

After receipt of the Application, the Texas Comptroller of Public Accounts caused to be conducted an economic impact evaluation pursuant to Texas Tax Code § 313.026 and the Board of Trustees has carefully considered such evaluation. A copy of the economic impact evaluation is attached to these findings as **Attachment D**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of the Barbers Hill Independent School District. A copy of a report prepared by Moak, Casey & Associates, Inc. is attached to these findings as **Attachment E**.

The Board of Trustees has confirmed that the taxable value of property in the Barbers Hill Independent School District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment F**.

After receipt of the Application, the District entered into negotiations with Enterprise, over the specific language to be included in the Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, including appropriate revenue protection provisions for the District. The proposed Agreement is attached to these findings as **Attachment G**.

Board Findings of the Barbers Hill Independent School District

After review of the Comptroller's recommendation, and in consideration of its own economic impact study the Board finds:

**Board Finding Number 1.**

**There is a strong relationship between the Applicant's industry and the types of qualifying jobs to be created by the Applicant and the long-term economic growth plan of this State as described in the strategic plan for economic development (ED Plan) submitted by the Texas Strategic Economic Development Planning Commission under Section 481.033, Texas Government Code.**

In support of Finding 1, the economic impact evaluation states:

The Texas Economic Development Plan focuses on attracting and developing industries using technology. It also identifies opportunities for existing Texas industries. The plan centers on promoting economic prosperity throughout Texas and the skilled workers that the Enterprise Products Operating, LLC project requires appear to be in line with the focus and themes of the plan. Texas identified manufacturing as one of six target clusters in the Texas Cluster Initiative. The plan stresses the importance of technology in all sectors of the manufacturing industry.

**Board Finding Number 2.**

**The economic condition of Mont Belvieu, Texas is in need of long-term improvement, based on the state's analysis of Chambers County data.**

Based on information provided by the Comptroller's Office that focused on the county level, Chambers County is the 91<sup>st</sup> largest county in the state in terms of population. Population growth in Chambers County is up; the population of Chambers County grew by 2.5 percent between 2009 and 2010, slightly above the state average of 1.8 percent.

September 2011 employment for Chambers County was up 1.8 percent from September 2010, above the state's 0.9 percent increase in total employment during the same period, based on information provided by the Comptroller's Office. Even with the increase in total employment, however, the unemployment rate in Chambers County was 10.5 percent in September 2011, higher than the state average of 8.5 percent.

Board Findings of the Barbers Hill Independent School District

Chambers County has a higher per capita personal income than the state as a whole. In terms of per capita income, Chambers County's \$45,257 in 2009 ranked 13<sup>th</sup> among the 254 counties in Texas, while the Texas average was \$38,609 for the same period.

While the population growth and employment growth are generally positive trends, the higher unemployment rate reported in the analysis prepared by the Comptroller's Office indicates the need for long-term economic growth in the area served by Barbers Hill ISD. The local economy in Chambers County will benefit from economic activity like that associated with the Enterprise project. Major capital investments like this project are beneficial to the community on a number of fronts, including direct and indirect employment, expanded opportunities for existing businesses and increased local tax bases.

**Board Finding Number 3.**

**The average salary level of qualifying jobs is expected to be at least \$65,000 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the regional average manufacturing wage. Enterprise indicates that total employment will be approximately two (2) new qualifying jobs.**

In support of Finding 3, the economic impact evaluation states:

After construction, the project will create 2 new jobs when fully operational. All 2 jobs will meet the criteria for qualifying jobs as specified in Tax Code Section 313.021(3). According to the Texas Workforce Commission (TWC), the regional manufacturing wage for the Houston-Galveston Area Council of Governments Region, where Chambers County is located was \$55,317 in 2012. The annual average manufacturing wage for 2012-2013 for Chambers County is \$80,548. That same year, the county annual average wage for all industries was \$55,640. In addition to a salary of \$65,000, each qualifying position will receive benefits such as medical & dental insurance, life insurance, 401K saving plan, vacation & holiday pay and educational assistance.

**Board Finding Number 4.**

**The level of the applicant's average investment per qualifying job over the term of the Agreement is estimated to be approximately \$50 million on the basis of the goal of two (2) new qualifying positions for the entire Enterprise project.**

In support of Finding 4, the economic impact evaluation states:

The project's total investment is \$100 million, resulting in a relative level of investment per qualifying job of \$50 million.

**Board Finding Number 5.**

**Based upon the information provided to the District with regard to the industry standard for staffing ratios of similar projects in the State of Texas, the District has determined that if the job creation requirement set forth in Texas Tax Code § 313.021(2)(A)(iv)(b) was applied, for the size and scope of the project described in the Application, the required number of jobs meets or exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.**

**Board Finding Number 6.**

**Subsequent economic effects on the local and regional tax bases will be significant. In addition, the impact of the added infrastructure will be significant to the region.**

In support of Finding 6, the economic impact evaluation states:

Table 1 depicts Enterprise Products Operating, LLC's estimated economic impact to Texas. It depicts the direct, indirect and induced effects to employment and personal income within the state. The Comptroller's office calculated the economic impact based on 16 years of annual investment and employment levels using software from Regional Economic Models, Inc. (REMI).

The statewide average ad valorem tax base for school districts in Texas was \$1.65 billion in 2012-2013. Barbers Hill ISD's ad valorem tax base in 2012-2013 was \$3.39 billion. The statewide average wealth per WADA was estimated at \$343,155 for fiscal 2012-2013. During that same year, Barbers Hill ISD's estimated wealth per WADA was \$671,764. The impact on the facilities and finances of the district are presented in Attachment 2.

Table 2 examines the estimated direct impact on ad valorem taxes to the school district, Chambers County, and the City of Mont Belvieu ETJ, with all property tax incentives sought being granted using estimated market value from Enterprise Products Operating, LLC's application. Enterprise Products Operating, LLC has applied for both a value limitation under Chapter 313, Tax Code and tax abatements with the city and county. Table 3 illustrates the estimated tax impact of the Enterprise Products Operating, LLC project on the region if all taxes are assessed.

<sup>1</sup>Tax Rate per \$100 Valuation

**Board Finding Number 7.**

**The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.**

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$93 million to the tax base for debt service purposes at the peak investment level for the 2017-18 school year. The Enterprise project remains fully taxable for debt services taxes, with Barbers Hill ISD currently levying a \$0.2698 per \$100 I&S rate. While the value of the Enterprise project is expected to depreciate over the life of the agreement and beyond, full access to the additional value will add to the District's I&S tax base and assist BHISD in meeting its debt service needs.

**Board Finding Number 8.**

**The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the Enterprise project.**

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new manufacturing project and its 2 permanent jobs once it begins operations. This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in Barbers Hill ISD as stated in **Attachment D**.

**Board Finding Number 9.**

**The ability of the applicant to locate the proposed facility in another state or another region of this state is substantial, as a result of the highly competitive marketplace for economic development.**

In support of Finding 9, the economic impact evaluation states:

According to Enterprise Products Operating, LLC's application,  
"Enterprise is leading midstream company with large pipeline foot print in

Board Findings of the Barbers Hill Independent School District

TX, LA, NM, CO and WY. These pipelines provide substantial flexibility in plant location.”

**Board Finding Number 10.**

**During the past two years, 42 projects in the Houston-Galveston Area Council of Governments Region applied for value limitation agreements under Tax Code, Chapter 313.**

**Board Finding Number 11.**

**The Board of Trustees hired consultants to review and verify the information in the Application from Enterprise. Based upon the consultants’ review, the Board has determined that the information provided by the Applicant is true and correct.**

**Board Finding Number 12.**

**The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Thirty Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).**

According to the Texas Comptroller of Public Accounts’ School and Appraisal Districts’ Property Value Study 2013 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment F, the total 2013 industrial value for Barbers Hill ISD is \$3.60 billion. Barbers Hill ISD is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. Barbers Hill ISD is classified as a “rural” district due to its demographic characteristics. It is classified as a Category I district which can offer a minimum value limitation of \$30 million.

**Board Finding Number 12.**

**The Applicant (Taxpayer Id. 12604305396) is eligible for the limitation on appraised value of qualified property as specified in the Agreement based on its "good standing" certification as a franchise-tax paying entity.**

**Board Finding Number 13.**

**The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District.**

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss under current law for several years that the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District. Revenue protection measures are in place for the duration of the Agreement.

**Board Finding Number 14.**

**Considering the purpose and effect of the law and the terms of the Agreement, that it is in the best interest of the District and the State to enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.**

It is therefore ORDERED that the Agreement attached hereto as **Attachment G** is approved and hereby authorized to be executed and delivered by and on behalf of the Barbers Hill Independent School District. It is further ORDERED that these findings and the Attachments referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the Barbers Hill Independent School District.

Sincerely,

Daniel T. Casey

**Re: Property Tax Abatement Application – Section 313- Value Limitation**

Dear Dr. Poole:

Enterprise Products Operating LLC is proposing to construct a new manufacturing facility at our Mont Belvieu complex. This is a green field project with an estimated investment cost of \$100,000,000.

Enterprise recognizes that new and retained jobs are as important to the local economy as new capital investment. At any given time during the construction process, there will be several hundred workers at the facility location.

We believe this considerable investment demonstrates our commitment to maintaining our economic presence in the Mont Belvieu area. This facility will promote economic growth and welfare to the community.

We are respectfully requesting a ten year abatement under The Appraised Value Limitation on Qualified Property (Chapter 313, Tex. Tax Code).

As you are aware, school districts have the option of providing a waiver of the jobs requirement if they determine that the job creation requirement set forth in Texas Tax Code 313.051(b) (i.e. 10 jobs), would exceed the industry standard for the number of employees reasonably necessary for the operation of the facility. Enterprise Products requests that the Barbers Hill Independent School District's Board of Trustees make such a finding and waive the minimum job creation requirement. Based on the industry standard, the size and scope of this project will require less than ten permanent jobs.

The installation of the new manufacturing fractionator, however, will create two new permanent full-time positions. The wages for these positions will be at least above 110% of the Chambers county average wage rate. Additionally, benefits such as medical, dental, and life insurance will be provided, as well as 401K and pension plans.

We appreciate your consideration of our application and the above mentioned job requirement waiver request. Please feel free to contact me if you need any additional information.

**Background information on Job Waiver request**

The new manufacturing facility will create 2 new full time employees.

**Form 50-296**  
(Revised July 2013)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
- the date the school district determined that the application was complete;
- the date the school board decided to consider the application; and
- a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at [www.texasahead.org/tax\\_programs/chapter313/](http://www.texasahead.org/tax_programs/chapter313/). **Property Tax Limitation Agreement Applications**  
**Texas Government Code Chapter 313**  
**Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

**ATTACHMENT 4**

**Proposed Project Description**

**ATTACHMENT A**  
**APPLICATION FOR TAX ABATEMENT**  
**BARBERS HILL SCHOOL DISTRICT**

**Proposed Project Description**

Enterprise Products Operating LLC ("Enterprise") currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing facility (HD5 Splitter) in Mont Belvieu, Texas.

**Project Description**

Much commercially traded propane contains significant amounts of ethane. Specifications of this 'HD5 Propane' allow 6 LV% or even higher ethane content. This ethane can cause serious problems particularly in marine export, which has led to the establishment of a 'Low Ethane Propane' (LEP) specification for these situations. The purpose of new HD5 Splitter is to upgrade nominally 100,000 BPD of HD5 Propane to LEP.

**Manufacturing Process**

The new unit employs distillation to separate the HD5 Propane feed into an LEP product and an ethane product. Energy for the separation is provided by a vapor compression cycle heat pump. It is necessary to dry specific process streams to avoid freezing in the process. Drying is accomplished by a Tri-ethylene Glycol solvent system (TEG). Ethane product is compressed and cooled for delivery. The LEP product is pumped to pipeline or storage as required.

**The new HD5 Splitter unit will include:**

- Two distillation columns for the separation and drying of the products
- Two reflux systems with condensers, drums and pumps
- Ethane compressor with ancillary equipment
- Heat pump compressor with ancillary equipment
- Glycol regeneration skid
- Process flare
- Waste water disposal facilities

### Ability to Relocate:

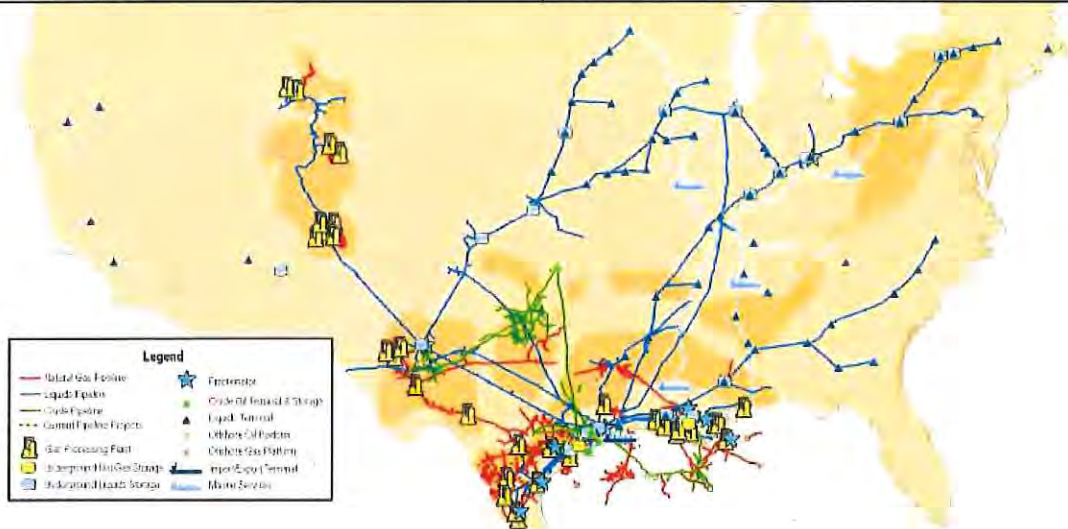

Enterprise is a leading midstream energy company with large pipeline foot print in Louisiana. These pipelines provide substantial flexibility in plant location.

- Enterprise has significant assets in Louisiana including pipes that can and do move product to and from Texas.
- For every significant investment we make, there is a thorough review of the offered tax incentives in the region that helps determine our long term investment approach in a states or location.
- While Louisiana has had very competitive incentives to make big investments in their state, Texas has been equally competitive with the inclusion of the CH313 program.
- As a result, Enterprise has been continually planning adding Billions in investments in Texas to expand our massive infrastructure to support growth in the Texas upstream/downstream oil and gas and petrochemical industry.
- Support for these Texas industries can be managed via pipelines to and processes in neighboring states.
- All things being equal, such a choice would not be Enterprise's first preference but will continue to be part of our business evaluation and decision process.

This application was originally submitted in November 2013 to the Barbers Hill Independent School District (the school district) by Enterprise Products Operating, LLC (the applicant). This letter presents the results of the Comptroller's review of the application:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to make a recommendation to the governing body of the school district as to whether the application should be approved or disapproved using the criteria set out by Section 313.026.

The school district is currently classified as a rural school district in Category 1 according to the provisions of Chapter 313. Therefore, the applicant properly applied under the provisions of Subchapter C, applicable to rural school districts. The amount of proposed qualified investment (\$100 million) is consistent with the proposed appraised value limitation sought (\$30 million). The property value limitation amount noted in this recommendation is based on property values available at the time of application and may change prior to the execution of any final agreement.

The applicant is an active franchise taxpayer in good standing, as required by Section 313.024(a), and is proposing the construction of a manufacturing facility in Chambers County, an eligible property use under Section 313.024(b). The Comptroller has determined that the property, as described by the application, meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

After reviewing the application using the criteria listed in Section 313.026, and the information provided by the applicant, the Comptroller's recommendation is that this application under Tax Code Chapter 313 be approved.

Our review of the application assumes the truth and accuracy of the statements in the application and that, if the application is approved, the applicant would perform according to the provisions of the agreement reached with the school district. Our recommendation does not address whether the applicant has complied with all Chapter 313 requirements; the school district is responsible for verifying that all requirements of the statute have been fulfilled. Additionally, Section 313.025 requires the school district to only approve an application if the school district finds that the information in the application is true and

<sup>1</sup> All statutory references are to the Texas Tax Code, unless otherwise noted.

correct, finds that the applicant is eligible for a limitation and determines that granting the application is in the best interest of the school district and this state. When approving a job waiver requested under Section 313.025(f-1), the school district must also find that the statutory jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility. As stated above, the Comptroller's recommendation is prepared by generally reviewing the application and supporting documentation in light of the Section 313.026 criteria and a cursory review of the industry standard evidence necessary to support the waiver of the required number of jobs.

Note that any new building or other improvement existing as of the application review start date of Dec. 11, 2013, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2).

The Comptroller's recommendation is based on the application submitted by the school district and reviewed by the Comptroller. The recommendation may not be used by the school district to support its approval of the property value limitation agreement if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this recommendation is contingent on future compliance with the Chapter 313 and the Texas Administrative Code, with particular reference to the following requirements related to the execution of the agreement:

- 1) The applicant must provide the Comptroller a copy of the proposed limitation on appraised value agreement no later than ten (10) days prior to the meeting scheduled by the school district to consider approving the agreement, so that the Comptroller may review it for compliance with the statutes and the Comptroller's rules as well as consistency with the application;
- 2) The Comptroller must confirm that it received and reviewed the draft agreement and affirm the recommendation made in this letter;
- 3) The school district must approve and execute a limitation agreement that has been reviewed by the Comptroller within a year from the date of this letter; and
- 4) The school district must provide a copy of the signed limitation agreement to the Comptroller within seven (7) days after execution, as required by Section 313.025.

Dear Mr. Wood:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed Enterprise Products Operating LLC (HDS) project on the number and size of school facilities in Barbers Hill Independent School District (BHISD). Based on the analysis prepared by Moak, Casey and Associates for the school district and a conversation with the BHISD business manager, Calyn Wesson, the TEA has found that the operations of Enterprise Products Operating LLC (HDS) project would not have a significant impact on the number or size of school facilities in BHISD.

Dear Mr. Wood:

The Texas Education Agency (TEA) has analyzed the revenue gains that would be realized by the proposed Enterprise Products Operating LLC (HDS) project for the Barbers Hill Independent School District (BHISD). Projections prepared by the TEA State Funding Division confirm the analysis that was prepared by Moak, Casey and Associates and provided to us by your division. We believe their assumptions regarding the potential revenue gain are valid, and their estimates of the impact of the Enterprise Products Operating LLC (HDS) project on BHISD are correct.

## Summary of Financial Impact

ENTERPRISE PRODUCTS OPERATING LLC PROJECT  
(ENTERPRISE HD 5) ON THE FINANCES OF THE BARBERS HILL  
INDEPENDENT SCHOOL DISTRICT UNDER A REQUESTED  
CHAPTER 313 PROPERTY VALUE LIMITATION**

**December 6, 2013**

**Final Report**

**PREPARED BY**

## **Estimated Impact of the Proposed Enterprise Products Operating LLC Project (Enterprise HD 5) on the Finances of the Barbers Hill Independent School District under a Requested Chapter 313 Property Value Limitation**

### **Introduction**

Enterprise Products Operating LLC (Enterprise HD 5) has requested that the Barbers Hill Independent School District (BHISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to BHISD on November 18, 2013, Enterprise HD 5 proposes to invest \$100 million to construct a new manufacturing project in BHISD.

The Enterprise HD 5 project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, BHISD may offer a minimum value limitation of \$30 million. The provisions of Chapter 313 call for the project to be fully taxable in the 2015-16 and 2016-17 school years, unless the District and the Company agree to an extension of the start of the two-year qualifying time period. For the purpose of this analysis, it is assumed that the qualifying time period will be the 2015-16 and 2016-17 school years. Beginning with the 2017-18 school year, the project would go on the local M&O tax roll at \$30 million and remain at that level of taxable value for eight years for maintenance and operations (M&O) taxes.

The full taxable value of the project could be assessed for debt service taxes on voter-approved bond issues throughout the limitation period, with BHISD currently levying a \$0.2698 per \$100 I&S tax rate. The full value of the investment is expected to reach \$93 million in the 2016-17 school year, with depreciation expected to reduce the taxable value of the project over the course of the value limitation agreement.

In the case of the Enterprise HD 5 project, the agreement calls for a calculation of the revenue impact of the value limitation in years 3-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. BHISD would experience a revenue loss under current law as a result of the implementation of the value limitation in the 2017-18 school year (-\$562,483), along with smaller losses in subsequent years.

Under the assumptions outlined below, the potential tax benefits under a Chapter 313 agreement could reach an estimated \$4.7 million over the course of the agreement. This amount is net of any anticipated revenue losses for the District.

## **School Finance Mechanics**

Under the current school finance system, the property values established by the Comptroller's Office that are used to calculate state aid and recapture lag by one year, a practical consequence of the fact that the Comptroller's Office needs this time to conduct its property value study and the audits of appraisal district operations in alternating years. A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 3-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter). The school funding formulas use the Comptroller's property values that reflect a reduction due to the property value limitation in years 4-11 as a result of the one-year lag in property values.

The third year is often problematical financially for a school district that approves a Chapter 313 value limitation. The implementation of the value limitation often results in a revenue loss to the school district in the third year of the agreement that would not be reimbursed by the state, but require some type of compensation from the applicant under the revenue protection provisions of the agreement. In years 4-10, smaller revenue losses would be anticipated when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study.

Under the HB 1 system adopted in 2006, most school districts received Additional State Aid for Tax Reduction (ASATR) that was used to maintain their target revenue amounts established at the revenue levels under old law for the 2005-06 or 2006-07 school years, whichever was highest. In terms of new Chapter 313 property value limitation agreements, adjustments to ASATR funding often moderated the impact of the reduced M&O collections as a result of the limitation, in contrast with the earlier formula-driven finance system.

House Bill 3646 as enacted in 2009 created more "formula" school districts that were less dependent on ASATR state aid than had been the case previously. The formula reductions enacted during the First Called Session in 2011 made \$4 billion in reductions to the existing school funding formulas for the 2011-12 and 2012-13 school years. For the 2011-12 school year, across-the-board reductions were made that reduced each district's WADA count and resulted in an estimated 781 school districts still receiving ASATR to maintain their target revenue funding levels, while an estimated 243 districts operated directly on the state formulas. For the 2012-13 school year, the changes called for smaller across-the-board reductions and funding ASATR-receiving target revenue districts at 92.35 percent of the level provided for under the existing funding formula, with 689 districts operating on formula and 335 districts still receiving ASATR funding.

Senate Bill 1 and House Bill 1025 as passed by the 83<sup>rd</sup> Legislature made significant increases to the basic allotment and other formula changes by appropriation. The ASATR reduction percentage is increased slightly to 92.63 percent, while the basic allotment is increased by \$325 and \$365, respectively, for the 2013-14 and 2014-15 school years. A slight increase in the guaranteed yield for the 6 cents above compressed—known as the Austin yield—is also included. With the basic allotment increase, it is estimated that approximately 300 school districts will still receive ASATR in the 2013-14 school year and 273 districts would do so in the 2014-15 school year. Current state policy calls for ASATR funding to be eliminated by the 2017-18 school year. BHISD is classified as a formula district under the estimates presented below for the limitation years. This means the District's finances are more susceptible to changes in property values associated with the value limitation and the associated reduction in M&O taxes.

One concern in projecting into the future is that the underlying state statutes in the Education Code were not changed in order to provide these funding increases. All of the major formula changes were made by appropriation, which gives them only a two-year lifespan unless renewed in the 2015 legislative session. Despite this uncertainty, it is assumed that these changes will remain in effect for the forecast period for the purpose of these estimates, assuming a continued legislative commitment to these funding levels in future years.

A key element in any analysis of the school finance implications is the provision for revenue protection in the agreement between the school district and the applicant. In the case of the Enterprise HD 5 project, the agreement calls for a calculation of the revenue impact of the value limitation in years 3-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue protection language in the agreement.

### **Underlying Assumptions**

There are several approaches that can be used to analyze the future revenue stream of a school district under a value limitation. Whatever method is used, a reasonable analysis requires the use of a multi-year forecasting model that covers the years in which the agreement is in effect. The Chapter 313 application now requires 15 years of data and analysis on the project being considered for a property value limitation.

The general approach used here is to use projected enrollment growth and static base property values in order to isolate the effects of the value limitation under the value limitation. The projected taxable values of the Enterprise Products Operating LLC project are factored into the base model used here in order to simulate the financial impact of constructing the project in the absence of a value limitation agreement. The impact of the limitation value for the proposed Enterprise HD 5 project is isolated separately and the focus of this analysis.

Student enrollment counts in average daily attendance (ADA) are projected to increase by about four percent annually in analyzing the effects of the Enterprise HD 5 project on the finances of BHISD. The District's local tax base reached \$3.66 billion for the 2013 tax year and is maintained at that level for the forecast period in order to isolate the effects of the property value limitation. Existing Chapter 313 agreements are also factored into the base data used for all the models presented below. An M&O tax rate of \$1.06 per \$100 is used throughout this analysis. BHISD has estimated state property wealth per weighted ADA or WADA of approximately \$757,135 for the 2012-13 school year. The enrollment and property value assumptions for the 15 years that are the subject of this analysis are summarized in Table 1.

### **School Finance Impact**

School finance models were prepared for BHISD under the assumptions outlined above through the 2029-30 school year. Beyond the 2014-15 school year, no attempt was made to forecast the 88<sup>th</sup> percentile or Austin yield that influence future state funding beyond the projected level for that school year. In the analyses for other districts and applicants on earlier projects, these changes appeared to have little impact on the revenue associated with the implementation of the property value limitation, since the baseline and other models incorporate the same underlying assumptions.

Under the proposed agreement, a model is established to make a calculation of the “Baseline Revenue” by adding the value of the proposed Enterprise HD 5 facility to the model, but without assuming that a value limitation is approved. The results of the model are shown in Table 2.

A second model is developed which adds the Enterprise HD 5 value but imposes the proposed property value limitation effective in the third year, which in this case is the 2017-18 school year. The results of this model are identified as “Value Limitation Revenue Model” under the revenue protection provisions of the proposed agreement (see Table 3). A summary of the differences between these models is shown in Table 4.

Under these assumptions, BHISD would experience a revenue loss as a result of the implementation of the value limitation in the 2017-18 school year (-\$562,483). The revenue reduction results chiefly from the mechanics of the state property value study, which lags by one year in state aid and recapture calculations, as noted previously.

The formula loss of \$562,483 in 2017-18 under current law cited above between the base and the limitation models is based on an assumption that Enterprise HD 5 would see M&O tax savings of \$650,151 when the \$30 million limitation is implemented. Under the estimates presented here and as highlighted in Table 4, a reduction in recapture costs offsets much of this reduction in the 2018-19 school year, when the state property value study catches up with the \$30 million value limitation. There is very little state offset available in the initial limitation year under current law.

The Comptroller’s state property value study clearly influences these calculations. At the school-district level, a taxpayer benefiting from a property value limitation has two property values assigned by the local appraisal district for their property covered by the limitation: (1) a reduced value for M&O taxes, and (2) the full taxable value for I&S taxes. This situation exists for the eight years that the value limitation is in effect. Two state property value determinations are also made for school districts granting Chapter 313 agreements, consistent with local practice. A consolidated single state property value had been provided previously.

### **Impact on the Taxpayer**

Table 5 summarizes the impact of the proposed property value limitation in terms of the potential tax savings under the property value limitation agreement. The focus of this table is on the M&O tax rate only. As noted previously, the property is fully taxable in the first two years under the agreement. A \$1.06 per \$100 of taxable value M&O rate is assumed in 2012-13 and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$4.7 million over the life of the agreement. In addition, Enterprise HD 5 would be eligible for a tax credit for M&O taxes paid on value in excess of the \$30 million value limitation in each of the first two qualifying years. The credit amount is paid out slowly through years 4-10 due to statutory limits on the scale of these payments over these seven years, with catch-up payments permitted in years 11-13. The tax credits are expected to total approximately \$0.7 million over the life of the agreement, with no unpaid tax credits anticipated. The school district is to be reimbursed by the Texas Education Agency for the cost of these credits.

The key BHISD revenue losses are expected to total approximately -\$697,983 over the course of the agreement. The total potential net tax benefits (inclusive of tax credits but after hold-harmless payments are made) are estimated to reach \$4.7 million over the life of the agreement.

---

### **Facilities Funding Impact**

The Enterprise HD 5 project remains fully taxable for debt services taxes, with BHISD currently levying a \$0.2698 I&S rate. The value of the Enterprise HD 5 project is expected to depreciate over the life of the agreement and beyond, but full access to the additional value is expected to increase the District's I&S tax base and assist it in meeting its debt service obligations.

The Enterprise HD 5 project is not expected to affect BHISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

### **Conclusion**

The proposed Enterprise HD 5 manufacturing project enhances the tax base of BHISD. It reflects continued capital investment in keeping with the goals of Chapter 313 of the Tax Code.

Under the assumptions outlined above, the potential tax savings for the applicant under a Chapter 313 agreement could reach an estimated \$4.7 million. (This amount is net of any anticipated revenue losses for the District.) The additional taxable value also enhances the tax base of BHISD in meeting its future debt service obligations.

**\*Note:** School District Revenue-Loss estimates are subject to change based on numerous factors, including legislative and Texas Education Agency administrative changes to school finance formulas, year-to-year appraisals of project values, and changes in school district tax rates. One of the most substantial changes to the school finance formulas related to Chapter 313 revenue-loss projections could be the treatment of Additional State Aid for Tax Reduction (ASATR). Legislative intent is to end ASATR in 2017-18 school year, the same year the limitation would take effect under this application. Additional information on the assumptions used in preparing these estimates is provided in the narrative of this Report.

The Qualified Investment and/or Qualified Property that is subject to the Tax Limitation Amount is described in **EXHIBIT 3**, which is attached hereto and incorporated herein by reference for all purposes ("Applicant's Qualified Investment"). Qualified Investment shall be that property, described in **EXHIBIT 3** which is placed in service under the terms of the Application, during the Qualifying Time Period described in both Section 1.2, above and the definition of Qualifying Time Period set forth in Section 1.3, above. Qualified Property shall be all property, described in **EXHIBIT 3**, including, but not limited to the Applicant's Qualified Investment, together with the land described in **EXHIBIT 2** which: 1) is owned by the Applicant; 2) was first placed in service after December 11, 2013, the Completed Application Date established by the Comptroller; and 3) is used in connection with the activities described in the Application. Property which is not specifically described in **EXHIBIT 3** shall not be considered by the District or the Appraisal District to be part of the Applicant's Qualified Investment or Qualified Property for purposes of this Agreement, unless pursuant to Texas Tax Code § 313.027(e) and Section 8.3 of this Agreement, the Board of Trustees, by official action, provides that such other property is a part of the Applicant's Qualified Investment for purposes of this Agreement.

Property owned by the Applicant which is not described on **EXHIBIT 3** may not be considered to be Qualified Property unless the Applicant:

- (a) submits to the District and the Comptroller a written request to add such property to this Agreement, which request shall include a specific description of the additional property to which the Applicant requests that the Tax Limitation Amount apply;
- (b) notifies the District and the Comptroller of any other changes to the information that was provided in the Application approved by the District; and,
- (c) provides any additional information reasonably requested by the District or the Comptroller necessary to re-evaluate the economic impact analysis for the new or changed conditions.

### **Section 2.4. APPLICANT'S OBLIGATIONS TO PROVIDE CURRENT INVENTORY OF QUALIFIED PROPERTY**

At the end of the Qualifying Time Period, or at any other time when there is a material change in the Applicant's Qualified Property located on the land described in **EXHIBIT 2**; upon a reasonable request of the District, the Comptroller, or the Appraisal District, the Applicant shall provide to the District, the Comptroller, and the Appraisal District a specific and detailed description of the tangible personal property, buildings, or permanent, nonremovable building components (including any affixed to or incorporated into real property) on the Applicant's

Qualified Property to which the Tax Limitation Amount applies including maps or surveys of sufficient detail and description to locate all such described property within the boundaries of the real property which is subject to this Agreement.

#### **Section 2.5. QUALIFYING USE**

The Applicant's Qualified Investment described above in Section 2.3 qualifies for a Tax Limitation Agreement under Texas Tax Code § 313.024(b)(1) as a manufacturing facility.

#### **Section 2.6. LIMITATION ON APPRAISED VALUE**

So long as the Applicant makes a Qualified Investment in the amount Thirty Million Dollars (\$30,000,000.00), or greater, during the Qualifying Time Period; and unless this Agreement has been terminated as provided herein before such Tax Year, for each of the following eight (8) Tax Years: 2017, 2018, 2019, 2020, 2021, 2022, 2023, and 2024, the Appraised Value of the Applicant's Qualified Investment for the District's maintenance and operations ad valorem tax purposes shall not exceed the lesser of:

- (a) the Market Value of the Applicant's Qualified Investment; or
- (b) Thirty Million Dollars (\$30,000,000.00).

This Tax Limitation Amount is based on the limitation amount for the category that applies to the District on the effective date of this Agreement, as set out by Texas Tax Code § 313.022 (b) or § 313.052.

### **ARTICLE III PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES**

#### **Section 3.1. INTENT OF THE PARTIES**

Subject to the limitations contained in this Agreement (including Section 5.1), it is the intent of the Parties that the District shall, in accordance with the provisions of Texas Tax Code § 313.027(f)(1), be compensated by the Applicant for any loss that the District incurs in its Maintenance and Operations Revenue as a result of, or on account of, entering into this Agreement, after taking into account any payments to be made under this Agreement. Such payments shall be independent of, and in addition to, all such other payments as are set forth in Article IV. Subject only to the limitations contained in this Agreement (including Section 5.1), it is the intent of the Parties that the risk of any negative financial consequence to the District in making the decision to enter into this Agreement will be borne by the Applicant and not by the District, and paid by the Applicant to the District in addition to any and all payments due under Article IV.

#### **Section 3.2. CALCULATING THE AMOUNT OF LOSS OF REVENUES BY THE DISTRICT**

Subject to the provisions of Sections 5.1 and 5.2, the amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year during the term of this Agreement (the "M&O Amount") shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:

The M&O Amount owed by the Applicant to District means the Original M&O Revenue *minus* the New M&O Revenue;

Where:

- i. "Original M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Qualified Property and/or Qualified Investment been subject to the ad valorem maintenance & operations tax at the actual Board-adopted tax rate for the applicable year.
- ii. "New M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District actually received for such school year, after all adjustments have been made to Maintenance and Operations Revenue because of any portion of this agreement.

In making the calculations required by this Section 3.2:

- iii. The Taxable Value of property for each school year will be determined under the Applicable School Finance Law.
- iv. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%)
- v. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 3.2 results in a negative number, the negative number will be considered to be zero.
- vi. All calculations made for years three (3) through ten (10) of this Agreement under Section 3.2, this Agreement will reflect the Tax Limitation Amount for such year.
- vii. All calculations made under this Section 3.2 shall be made by a methodology which isolates the full M & O revenue impact caused by this Agreement. The Applicant shall not be responsible to

reimburse the District for other revenue losses created by other agreements, or other factors not contained in this Agreement.

### **Section 3.3. COMPENSATION FOR LOSS OF OTHER REVENUES**

In addition to the amounts determined pursuant to Section 3.2 above, and to the extent provided in Section 6.3, the Applicant, on an annual basis, shall also indemnify and reimburse the District for the following:

- (a) all non-reimbursed costs incurred by the District in paying or otherwise crediting to the account of the Applicant, any applicable tax credit to which the Applicant may be entitled pursuant to Chapter 313, Subchapter D of the Texas Tax Code, and for which the District does not receive reimbursement from the State pursuant to Texas Educ. Code § 42.2515, or other similar or successor statute.
- (b) all non-reimbursed costs, certified by the District's external auditor to have been incurred by the District for extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project.
- (c) any other loss of District revenues which are, or may be attributable to the payment by the Applicant to or on behalf any other third party beneficiary.

### **Section 3.4. CALCULATIONS TO BE MADE BY THIRD PARTY**

All calculations under this Agreement shall be made annually by an independent third party (the "Third Party") jointly approved each year by the District and the Applicant. If the Parties cannot agree on the Third Party, then the Third Party shall be selected by the mediator provided in Section 7.9 of this Agreement.

### **Section 3.5. DATA USED FOR CALCULATIONS**

The calculations for payments under this Agreement shall be initially based upon the valuations placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Appraisal District in its annual certified tax roll submitted to the District pursuant to Texas Tax Code § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 3.4. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent

adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.

### **Section 3.6. DELIVERY OF CALCULATIONS**

On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 3.4 of this Agreement shall forward to the Parties a certification containing the calculations required under Sections 3.2 and/or 3.3 and Article IV, and/or under Section 5.1 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation and fee for a period of five (5) years after payment. The Applicant shall not be liable for any of Third Party's costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement. The District shall cause the Third Party to agree to be bound by the provisions of this Section 3.6.

### **Section 3.7. PAYMENT BY APPLICANT**

The Applicant shall pay any amount determined to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 3.6, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or tax credit or other reimbursement applications filed with or sent to the State of Texas which are, or may be required under the terms or because of the execution of this Agreement. For no Tax Year during the term of this Agreement shall the Applicant be responsible for the payment of any expenses under this Section 3.7 and Section 3.6, above, in excess of Nine Thousand Five Hundred Dollars (\$9,500.00).

### **Section 3.8. RESOLUTION OF DISPUTES**

Pursuant to Sections 3.3, 3.4, and 3.6, should the Applicant disagree with the certification containing the calculations, the Applicant may appeal the findings, in writing, to the Third Party within thirty (30) days of receipt of the certification. Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of certification containing the calculations to the District. Any appeal by the Applicant of the final

determination of the Third Party may be made, in writing, to the District's Board of Trustees within thirty (30) days of the final determination of certification containing the calculations.

### **Section 3.9. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT**

If, at the time the Third Party selected under Section 3.4 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the values placed by the Appraisal District on the Qualified Investment, and such appeal remains unresolved, the Third Party shall base its calculations upon the values placed upon the Qualified Investment by the Appraisal District.

If as a result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years using the new Taxable Value. In the event the new calculations result in a change in any amount paid or payable by the Applicant under this Agreement, the Party from whom the adjustment is payable shall remit such amounts to the other Party within thirty (30) days of the receipt of the new calculations from the Third Party.

### **Section 3.10. EFFECT OF STATUTORY CHANGES**

Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 5.1, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State because of its participation in this Agreement, the Applicant shall make payments to the District, up to the revenue protection amount limit set forth in Section 5.1, that are necessary to offset any negative impact on the District as a result of its participation in this Agreement. Such calculation shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

## **ARTICLE IV**

### **Section 4.1. INTENT OF PARTIES WITH RESPECT TO SUPPLEMENTAL PAYMENTS**

In interpreting the provisions of Article IV, the parties agree as follows:

#### **(a) Amounts Exclusive of Indemnity Amounts**

In addition to undertaking the responsibility for the payment of all of the amounts set forth under Article III, and as further consideration for the execution of this Agreement by the District, the Applicant shall also be responsible for the Supplemental Payments set forth in this Article IV (the "Supplemental

Payments”). The Applicant shall not be responsible to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement for limitation on appraised value made pursuant to Chapter 313, Texas Tax Code, unless it is explicitly set forth in this Agreement. It is the express intent of the Parties that the Applicant’s obligation to make Supplemental Payments under this Article IV are separate and independent of the obligation of the Applicant to pay the amounts described in Article III; provided, however, that all payments under Articles III and IV are subject to the limitations contained in Section 5.1, and that all payments under this Article IV are subject to the separate limitations contained in Section 4.4.

(b) Adherence to Statutory Limits on Supplemental Payments

It is the express intent of the Parties that any Supplemental Payments made to or on behalf of the District by the Applicant, under this Article IV, shall not exceed the limit imposed by the provisions of Texas Tax Code 313.027(i), as such limit is allowed or required to be increased by the Legislature in a future year of this Agreement; however in such event, it shall not exceed the Stipulated Supplemental Payment Amount described in Sections 4.2 and 4.3, below.

**Section 4.2. STIPULATED SUPPLEMENTAL PAYMENT AMOUNT FOR TAX YEARS - 2014, 2015, AND 2016**

For each of Tax Years 2014, 2015, and 2016 Applicant’s Stipulated Supplemental amount shall be equal to the Annual Limit. Such amounts shall be due and payable on or before January 31 of the calendar year following the Tax Year for which the amount is calculated.

**Section 4.3. STIPULATED SUPPLEMENTAL PAYMENT AMOUNT FOR TAX YEARS 2017 THROUGH 2024 - SUBJECT TO AGGREGATE LIMIT**

Beginning with Tax Year 2017, and continuing thereafter through Tax Year 2024, the District shall be entitled to receive Supplemental Payments in an amount equal to the lesser of:

- (a) the Applicant’s “Stipulated Supplemental Payment Amount,” which is hereby defined as Fifty Percent (50%) of the Net Tax Benefit; or,
- (b) the Aggregate Limit.

**Section 4.4. ANNUAL CALCULATION OF STIPULATED SUPPLEMENTAL PAYMENT AMOUNT**

The Parties agree that for each Tax Year during the term of this Agreement, beginning with the third full year following the completion of Tax Year 2016, the Stipulated Supplemental Payment Amount, described in Section 4.3 will annually be calculated based upon the then most current estimate of tax savings to the Applicant, which will be made, based upon assumptions of student counts, tax collections, and other applicable data, in accordance with the following formula:

Taxable Value of the Applicant's Qualified Property for such Tax Year had this Agreement not been entered into by the Parties (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's interest and sinking fund tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

*Minus,*

The Taxable Value of the Applicant's Qualified Property for such Tax Year after giving effect to this Agreement (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's maintenance and operations tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

*Multiplied by,*

The District's maintenance and operations tax rate for such Tax Year, or the school tax rate of any other governmental entity, including the State of Texas, for such Tax Year;

*Plus,*

Any Tax Credit received by the Applicant with respect to such Tax Year;

*Minus,*

Any amounts previously paid to the District under Article III;

*Multiplied by,*

The number 0.5;

*Minus,*

Any amounts previously paid to the District under Sections 4.2 and 4.3 with respect to such Tax Year.

In the event that there are changes in the data upon which the calculations set forth herein are made, the Third Party described in Section 3.4, above, shall adjust the Stipulated Supplemental Payment Amount calculation to reflect such changes in the data.

**Section 4.5. CALCULATION OF ANNUAL SUPPLEMENTAL PAYMENTS TO THE DISTRICT AND APPLICATION OF AGGREGATE LIMIT**

For each Tax Year during the term of this Agreement, beginning with Tax Year three (Tax Year 2017) and continuing thereafter through Tax Year ten (Tax Year 2024), the District, or its successor beneficiary should one be designated under Section 4.6, below, shall not be entitled to receive Supplemental Payments, computed under Sections 4.2, 4.3 and 4.4, above, that exceed the Aggregate Limit.

If, for any Tax Year during the term of this Agreement the payment of the Applicant's Stipulated Supplemental Payment Amount, calculated under Sections 4.2, 4.3 and 4.4, above for such Tax Year, exceeds the Aggregate Limit for that Tax Year, the difference between the Applicant's Stipulated Supplemental Payment Amount so calculated and the Aggregate Limit for such Tax Year, shall be carried forward from year-to-year into subsequent Tax Years during the term of this Agreement, and to the extent not limited by the Aggregate Limit in any subsequent Tax Year during the term of this Agreement, shall be paid to the District.

Any of the Applicant's Stipulated Supplemental Payment Amount, which cannot be paid to the District prior to the end of Tax Year ten (Tax Year 2024), because such payment would exceed the Aggregate Limit, will be deemed to have been cancelled by operation of law, and the Applicant shall have no further obligation with respect thereto.

**Section 4.6. PROCEDURES FOR SUPPLEMENTAL PAYMENT CALCULATIONS**

- (a) All calculations required by this Article IV, including but not limited to: (i) the calculation of the Applicant's Stipulated Supplemental Payment Amount; (ii) the determination of both the Annual Limit and the Aggregate Limit; (iii) the effect, if any, of the Aggregate Limit upon the actual amount of the Applicant's Supplemental Payments eligible to be paid to the District by the Applicant; and, (iv) the carry forward and accumulation of any of the Applicant's Stipulated Supplemental Payment Amounts unpaid by the Applicant due to the Aggregate Limit in previous years, shall be calculated by the Third Party selected pursuant to Section 3.4.
- (b) The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 3.6.
- (c) The payment of all amounts due under this Article shall be made at the time set forth in Section 3.7.

**Section 4.7. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY**

At any time during this Agreement, the Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement,

direct that the Applicant's payment under this Article IV be made to the District's educational foundation, or to a similar entity. Such foundation or entity may only use such funds received under this Article IV to support the educational mission of the District and its students. Any designation of such a foundation or entity must be made by recorded vote of the Board of Trustees at a properly posted public meeting of the Board of Trustees. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 6.1, below. Such designation may be rescinded by the Board of Trustees, by Board action, at any time and any such rescission will be effective after delivery of notice of such action to the Applicant in conformance with the provisions of Section 8.1.

Any designation of a successor beneficiary under this Section shall not alter the Aggregate Limit on Supplemental Payments described in Section 4. 5, above.

## **ARTICLE V ANNUAL LIMITATION OF PAYMENTS BY APPLICANT**

### **SECTION 5.1. ANNUAL LIMITATION AFTER FIRST THREE YEARS**

Notwithstanding anything contained in this Agreement to the contrary, and with respect to each Tax Year during the term of this Agreement after the 2017 Tax Year, in no event shall (i) the sum of the maintenance and operations ad valorem taxes paid by the Applicant to the District for such Tax Year, plus the sum of all payments otherwise due from the Applicant to the District under Articles III and IV with respect to such Tax Year, exceed (ii) the amount of the maintenance and operations ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Section 3.4 and Section 3.6, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii) ("Excess Payment"), then the payments otherwise due from the Applicant to the District under Articles III and IV shall be reduced until such Excess Payment is eliminated.

### **Section 5.2. OPTION TO CANCEL AGREEMENT**

In the event that any payment otherwise due from the Applicant to the District under Article III and/or Article IV with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 5.1 above, then the Applicant shall have the option to terminate this Agreement, and any Excess Payment shall be a credit against any payments due the District under any other Tax Limitation Agreement entered into between Applicant and the District. The Applicant may exercise such option to cancel this Agreement by notifying the District of its election in writing not later than the July 31 of the year next following the Tax Year with respect to which a reduction under Section 5.1 is applicable. Any cancellation of this Agreement under the foregoing provisions of this Section 5.2 shall be effective immediately prior to the second

Tax Year next following the Tax Year in which the reduction giving rise to the option occurred. In addition to the foregoing, in the event the Applicant determines that it will not commence or complete construction of the Applicant's Qualified Investment, the Applicant shall have the option, during the Qualifying Time Period, to terminate this Agreement by notifying the District in writing of its exercise of such option. Any termination of this Agreement under the immediately preceding sentence shall be effective immediately prior to the beginning of the Tax Year immediately following the Tax Year during which such notification is delivered to the District. Upon such termination this Agreement shall terminate and be of no further force or effect; provided, however, that the Parties respective rights and obligations under this Agreement with respect to the Tax Year or Tax Years (as the case may be) through and including the Tax Year during which such notification is delivered to the District, shall not be impaired or modified as a result of such termination and shall survive such termination unless and until satisfied and discharged.

## **ARTICLE VI TAX CREDITS**

### **Section 6.1. APPLICANT'S ENTITLEMENT TO TAX CREDITS**

The Applicant shall be entitled to Tax Credits from the District under and in accordance with the provisions of Subchapter D of the Act and Comptroller Rules, provided that the Applicant complies with the requirements under such provisions, including the filing of a completed Application under Section 313.103 of the Texas Tax Code and Comptroller Rules.

### **Section 6.2. DISTRICT'S OBLIGATIONS WITH RESPECT TO TAX CREDITS**

The District shall timely comply and shall cause the District's collector of taxes to timely comply with their obligations under Subchapter D of the Act and Comptroller Rules, including, but not limited to, such obligations set forth in Section 313.104 of the Texas Tax Code, and either Comptroller and/or Texas Education Agency Rules.

### **Section 6.3. COMPENSATION FOR LOSS OF TAX CREDIT PROTECTION REVENUES**

If after the Applicant has actually received the benefit of a Tax Credit under Section 6.1, the District does not receive aid from the State pursuant to Texas Education Code § 42.2515 or other similar or successor statute with respect to all or any portion of such Tax Credit for reasons other than the District's failure to comply with the requirements for obtaining such aid, then the District shall notify the Applicant in writing thereof and the circumstances surrounding the State's failure to provide such aid to the District. The Applicant shall pay to the District the amount of such Tax Credit for which the District did not receive such aid within thirty (30) calendar days after receipt of such notice, and such payment shall be subject to the same provisions for late payment as are set forth in Section 7.4 and 7.5. If the District receives aid from the State for all or any portion of a Tax Credit with respect to which the Applicant has made a payment to the District under this Section 6.3, then the District shall pay to the Applicant the amount of such aid within thirty (30) calendar days after the District's receipt thereof.

**ARTICLE VII**  
**ADDITIONAL OBLIGATIONS OF APPLICANT**

**Section 7.1. DATA REQUESTS**

During the term of this Agreement, and upon the written request of one Party or by the Comptroller (the "Requesting Party"), the other Party shall provide the Requesting Party with all information reasonably necessary for the Requesting Party to determine whether the other Party is in compliance with its obligations, including any employment obligations which may arise under this Agreement. The Applicant shall allow authorized employees of the District, the Comptroller, and/or the Appraisal District to have access to the Applicant's Qualified Property and/or business records, in accordance with Texas Tax Code § 22.07, during the term of this Agreement, in order to inspect the project to determine compliance with the terms hereof. All inspections will be made at a mutually agreeable time after the giving of not less than forty-eight (48) hours prior written notice, and will be conducted in such a manner so as not to unreasonably interfere with either the construction or operation of the Applicant's Qualified Property. All inspections may be accompanied by one or more representatives of the Applicant, and shall be conducted in accordance with the Applicant's safety, security, and operational standards. Notwithstanding the foregoing, nothing contained in this Agreement shall require the Applicant to provide the District, the Comptroller, or the Appraisal District with any technical or business information that is private personnel data, proprietary, a trade secret or confidential in nature or is subject to a confidentiality agreement with any third party.

**Section 7.2. REPORTS TO OTHER GOVERNMENTAL AGENCIES**

The Applicant shall timely make any and all reports that are or may be required under the provisions of law or administrative regulation, including but not limited to the annual report or certifications that may be required to be submitted by the Applicant to the Comptroller under the provisions of Texas Tax Code § 313.032. The Applicant shall forward a copy of all such required reports or certifications to the District contemporaneously with the filing thereof. The obligation to make all such required filings shall be a material obligation under this Agreement.

**Section 7.3. APPLICANT'S OBLIGATION TO MAINTAIN VIABLE PRESENCE**

By entering into this Agreement, the Applicant warrants that:

- (a) it will abide by all of the terms of the Agreement;
- (b) it will Maintain Viable Presence in the District through the Final Termination Date of this Agreement; provided, however, that notwithstanding anything contained in this Agreement to the contrary, the Applicant shall not be in breach of this Agreement, and shall not be subject to any liability for failure to Maintain Viable Presence to the extent such failure is caused by Force Majeure, provided

the Applicant makes commercially reasonable efforts to remedy the cause of such Force Majeure; and,

- (c) it will meet applicable minimum eligibility requirements under Texas Tax Code, Chapter 313 throughout the value limitation and tax-credit settle-up periods.

#### **Section 7.4. CONSEQUENCES OF EARLY TERMINATION OR OTHER BREACH BY APPLICANT**

(a) In the event that the Applicant terminates this Agreement without the consent of the District, except as provided in Section 5.2, or in the event that the Applicant or its successor-in-interest fails to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, after the notice and cure period provided by Section 7.8, then the District shall be entitled to the recapture of all ad valorem tax revenue lost as a result of this Agreement together with the payment of penalty and interest, as calculated in accordance with Section 7.5, on that recaptured ad valorem tax revenue. For purposes of this recapture calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Article III. The Applicant shall also be entitled to a credit for any amounts paid to the District pursuant to Article IV and any amounts due the Applicant under Section 5.2 and Section 6.3.

(b) Notwithstanding Section 7.4(a), in the event that the District determines that the Applicant has failed to Maintain Viable Presence and provides written notice of termination of the Agreement, then the Applicant shall pay to the District liquidated damages for such failure within thirty (30) days after receipt of such termination notice. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a Tax Limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 7.5. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Article III. The Applicant shall also be entitled to a credit for any amounts paid to the District pursuant to Article IV and any amounts due the Applicant under Section 5.2 and Section 6.3. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

#### **Section 7.5. CALCULATION OF PENALTY AND INTEREST**

In determining the amount of penalty or interest, or both, due in the event of a breach and resulting termination of this Agreement, the District shall first determine the base amount of recaptured taxes owed less all credits under Section 7.4 for each Tax Year during the term of this Agreement since the Commencement Date. The District shall calculate penalty or interest for each Tax Year during the term of this Agreement since the Commencement Date in accordance with the methodology set forth in Chapter 33 of the Texas Tax Code, as if the base amount calculated for such Tax Year less all credits under Section 7.4 had become due and payable on

February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Texas Tax Code § 33.01(a), or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Texas Tax Code § 33.01(c), or its successor statute.

#### **Section 7.6 MATERIAL BREACH OF AGREEMENT**

The Applicant shall be in Material Breach of this Agreement if it commits one or more of the following acts or omissions:

- (a) Applicant is determined to have failed to meet its obligations to have made accurate material representations of fact in the submission of its Application as is required by Section 8.13, below.
- (b) Applicant fails to Maintain Viable Presence in the District, as required by Section 7.3 of this Agreement, through the Final Termination Date of this Agreement.
- (c) Applicant fails to make any payment required under Articles III or IV of this Agreement on or before its due date.
- (d) Applicant fails to create and maintain at least the number of New Jobs set forth it committed to create and maintain as set forth on Schedule C, Column C of its Application.
- (e) Applicant fails to create and maintain at least the number of New Jobs set forth it committed to create and maintain as set forth on Schedule C, Column E of its Application.
- (f) Applicant fails to create and maintain at least Eighty Percent (80%) of all New Jobs as Qualifying Jobs.
- (g) Applicant makes any payments to the District or to any other person or persons in any form for the payment or transfer of money or any other thing of value in recognition of, anticipation of, or consideration for this Agreement, in excess of the amounts set forth in Articles III and IV, above. In order to cure any such non-compliance with Sections 7.6(d) and 7.6(e) or 7.6(f) for such Tax Year, the Applicant may make the liquidated damages payment required by Texas Tax Code § 313.0275(b), in accordance with the provisions of Texas Tax Code § 313.0275(c).

### **Section 7.8. DETERMINATION OF MATERIAL BREACH AND TERMINATION OF AGREEMENT**

Prior to making a determination under Section 7.4 or Section 7.6 that the Applicant is in Material Breach of this Agreement, such as making a material misrepresentation in the Application, failing to Maintain Viable Presence in the District as required by Section 7.3 of this Agreement, failing to make any payment required under this Agreement when due, or that the Applicant has otherwise committed a Material Breach of this Agreement, the District shall provide the Applicant with a written notice of the facts which it believes have caused the Material Breach of this Agreement, and if cure is possible, the cure proposed by the District. After receipt of the notice, the Applicant shall be given ninety (90) days to present any facts or arguments to the Board of Trustees showing that a Material Breach of this Agreement has not occurred, and/or that it has cured or undertaken to cure any such Material Breach.

If the Board of Trustees is not satisfied with such response and/or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to whether or not a Material Breach of this Agreement has occurred, the date such breach occurred, if any, and whether or not any such breach has been cured. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall also terminate the Agreement and determine the amount of recaptured taxes under Section 7.4 (net of all credits under Section 7.4), and the amount of any penalty and/or interest under Section 7.5 that are owed to the District.

After making its determination regarding any alleged breach, the Board of Trustees shall cause the Applicant to be notified in writing of its determination (a "Determination of Breach and Notice of Contract Termination.").

### **Section 7.9. DISPUTE RESOLUTION**

After receipt of notice of the Board of Trustee's Determination of Breach and Notice of Contract Termination under Section 7.8, the Applicant shall have a ninety (90) day period (the "Cure Period") in which either to tender payment or evidence of its efforts to cure, or to initiate

mediation of the dispute by written notice to the District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within the Cure Period, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then residing in Chambers County, Texas. The Parties agree to sign a document that designates the mediator and the mediation will be governed by the provisions of Chapter 154 of the Texas Civil Practice and Remedies Code and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator's fees and expenses and the Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.

In the event that any mediation is not successful in resolving the dispute or that payment is not received before the expiration of such ninety (90) days, the District shall have the remedies for the collection of the amounts determined under Section 7.8 as are set forth in Texas Tax Code Chapter 33, Subchapters B and C, for the collection of delinquent taxes. In the event that the District successfully prosecutes legal proceedings under this section, the Applicant shall also be responsible for the payment of attorney's fees and a tax lien shall attach to the Applicant's Qualified Property and the Applicant's Qualified Investment pursuant to Texas Tax Code § 33.07.

In any event where a dispute between the District and the Applicant under this Agreement cannot be resolved by the Parties, after completing the procedures required above in this Section, either the District or the Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in any judicial proceeding, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any covenant, agreement or undertaking made by a Party pursuant to this Agreement.

Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the greater of any amounts calculated under Sections 7.4 and 7.5 above. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement.

The Parties further agree that the limitation of damages and remedies set forth in this Section 7.10 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

#### **Section 7.11. BINDING ON SUCCESSORS**

#### **DESCRIPTION OF THE APPLICANT'S QUALIFIED INVESTMENT/QUALIFIED PROPERTY**

The proposed project will consist of a new unit employed to use distillation to separate the HD5 Propane feed into an LEP product and an ethane product. Energy for the separation will be provided by a vapor compression cycle heat pump. It is necessary to dry specific process streams to avoid freezing in the process. Drying will be accomplished by a Tri-ethylene Glycol solvent system (TEG). Ethane product will be compressed and cooled for delivery. The plant components will consist of:

- Two distillation columns for the separation and drying of products
- Two reflux systems with condensers, drums, and pumps
- Ethane compressor with ancillary equipment
- Heat pump compressor with ancillary equipment
- Glycol regeneration skid
- Process flare
- Waste water disposal facilities

The facility will also require a relatively small amount of personal property. All of the property for which the Applicant is seeking a limitation on appraised value will be owned by the Applicant or a valid assignee pursuant to this Agreement.
