In 2006, Applicant would be required to create 10 jobs, 80% of which required to be qualifying jobs. The 2006 version of Chapter 313 required the wages to be based on 110% of the county average manufacturing wage. Because Sterling County had no manufacturing wage, Applicant has provided the wages for all jobs in Sterling County.

Average weekly wage 523.25 x 52 weeks = average annual salary 27,209

110% of 27,209 = 29929.90 required annual wage for qualifying job
