RE: Application to the Roma Independent School District from Duke Energy  
Renewables Wind, LLC

**(First Qualifying Year 2015)**

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Roma Independent School District is notifying Duke Energy Renewables Wind, LLC of its intent to consider the application for appraised value limitation on qualified property. The Applicant submitted an Application to the school district on November 22, 2013. The Board voted to accept the application on November 26, 2013. The application has been determined complete as of December 3, 2013. Please prepare the economic impact report.

This project spans into to the Rio Grande City Independent School District. The property within the adjacent district is also the subject of an application that has been accepted by the Rio Grande Independent School District.

The school district has determined that the wage information included in the application represents the most recent wage data available at the time of the application.

The Applicant will be supplementing the application with a copy of the reinvestment zone resolution and tax abatement guidelines and criteria upon adoption by the Starr County Commissioner's Court.

In accordance with 34 Tex. Admin Code §9.1054, a copy of the application will be submitted to the Starr County Appraisal District.

Letter to Local Government Assistance & Economic Analysis Division

December 3, 2013

# Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

**Form 50-296**  
(Revised July 2013)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
- the date the school district determined that the application was complete;
- the date the school board decided to consider the application; and
- a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at [www.texasahead.org/tax\\_programs/chapter313/](http://www.texasahead.org/tax_programs/chapter313/). There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

INVESTMENT

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as rural, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at www.texasahead.org/tax\_programs/chapter313/.

At the time of application, what is the estimated minimum qualified investment required for this school district? .....

What is the amount of appraised value limitation for which you are applying? .....

What is your total estimated qualified investment? .....

NOTE: See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? .....

What is the anticipated date of the beginning of the qualifying time period? .....

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? .....

Describe the qualified investment.[See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
(3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map.

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period? ... Yes No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

(1) in or on the new building or other new improvement for which you are applying? ... Yes No

(2) if not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? ... Yes No

(3) on the same parcel of land as the building for which you are applying for an appraised value limitation? ... Yes No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? ... Yes No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? ... Yes No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? ... Yes No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
(3) a map of the qualified property showing location of new buildings or new improvements – with vicinity map.

Land

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? ... Yes No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? ....

Will the applicant own the land by the date of agreement execution? ... Yes No

Will the project be on leased land? ... Yes No

QUALIFIED PROPERTY (CONTINUED)

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

- 1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

Miscellaneous

Is the proposed project a building or new improvement to an existing facility? ... Yes No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. (Market Value) (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313? ... Yes No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation? ... Yes No

WAGE AND EMPLOYMENT INFORMATION

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)?

The last complete calendar quarter before application review start date is the:

First Quarter Second Quarter Third Quarter Fourth Quarter of (year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC?

Note: For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application.

Empty rectangular box for providing the definition of "new job".

Total number of new jobs that will have been created when fully operational

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement? ... Yes No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)? ... Yes No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create?

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at www.texasahead.org/tax\_programs/chapter313/)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \_\_\_\_\_

110% of the county average weekly wage for manufacturing jobs in the county is \_\_\_\_\_

**CONFIDENTIALITY NOTICE****Property Tax Limitation Agreement Applications  
Texas Government Code Chapter 313  
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

#### PROJECT DESCRIPTION

**Question 1: Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.**

The proposed project will consist of a facility designed to use wind power to generate electricity (otherwise known as a wind farm). The Applicant expects to build the proposed project to be operational by the 3<sup>rd</sup> quarter of 2016. 100% of the construction will be within the jurisdictional boundary of Starr County with approximately 15% being within the Roma CISD jurisdiction. The Applicant expects to commence construction on or before April 2014 and expects to complete construction within 18-months. The Applicant expects to meet the minimum qualified investment threshold referenced, by December 2013. The applicant intends to reach this threshold investing \$3.6 million in development, engineering, environmental, aviation, and other studies and costs necessary for project development. All property for which the Applicant is seeking a limitation on appraised value will be owned by the Applicant.

**Question 2: Describe the ability of your company to locate or relocate in another state or another region of the state.**

Duke Energy, Corp., acting as parent company of DUKE ENERGY RENEWABLES WIND, LLC, is a U.S. developer of wind projects, and has operations in several regions within the contiguous United States. Construction is one of the most significant costs in creating a wind farm. The wind turbines and supporting infrastructure are long-lived assets engineered and designed specifically for this project location. The cost of installing the improvements on the site is substantial and the cost to remove, redesign, and relocate the improvements to a different location would be prohibitive. The physical improvements of the Los Vientos (LV) III, IV, & V wind power project, once completed, cannot be feasibly moved to another location.

Duke has the ability to locate wind farms anywhere in the U.S. with the right conditions. For these reasons Duke Energy studies and looks at various competing sites throughout the market areas where wind development is attractive. Without a Value Limitation program, Duke Energy would seek to move to alternative sites outside the State of Texas.

### PROJECT SCOPE, INFORMATION, and SIZE

To date, the Applicant has acquired leases on approximately 85,000 acres of land in the project area, which is bounded approximately by FM 755, FM 490, FM 2294 and La Brisa Road. Approximately 15% of the project area is incorporated within the Roma CISD in Starr County. The remaining 85% of the project will be constructed in the Rio Grande City CISD jurisdiction within Starr County.

The total proposed project the Applicant intends to construct and operate consists of, but is not limited to up to 240 wind turbines, to be constructed in three (3) phases commencing after April 2014.

The second phase, LV-IV is partially located in the Roma ISD and consists of 36 wind turbines generators. The construction with installation of turbines for LV-IV will commence on or about June 2014 and complete construction June 2015.

The project also includes construction of operations and maintenance facility and an electrical substation, all constructed commencing on or before April 1, 2014.

When completed the Los Vientos IV project will add over \$69 million to the ad valorem tax rolls of Starr County and Roma CISD. The Project will significantly enhance sales and use taxes for the state and local area, particularly during the construction period. It is anticipated the Los Vientos Windfarm III, IV, & V will be fully operational on or about August 2016.

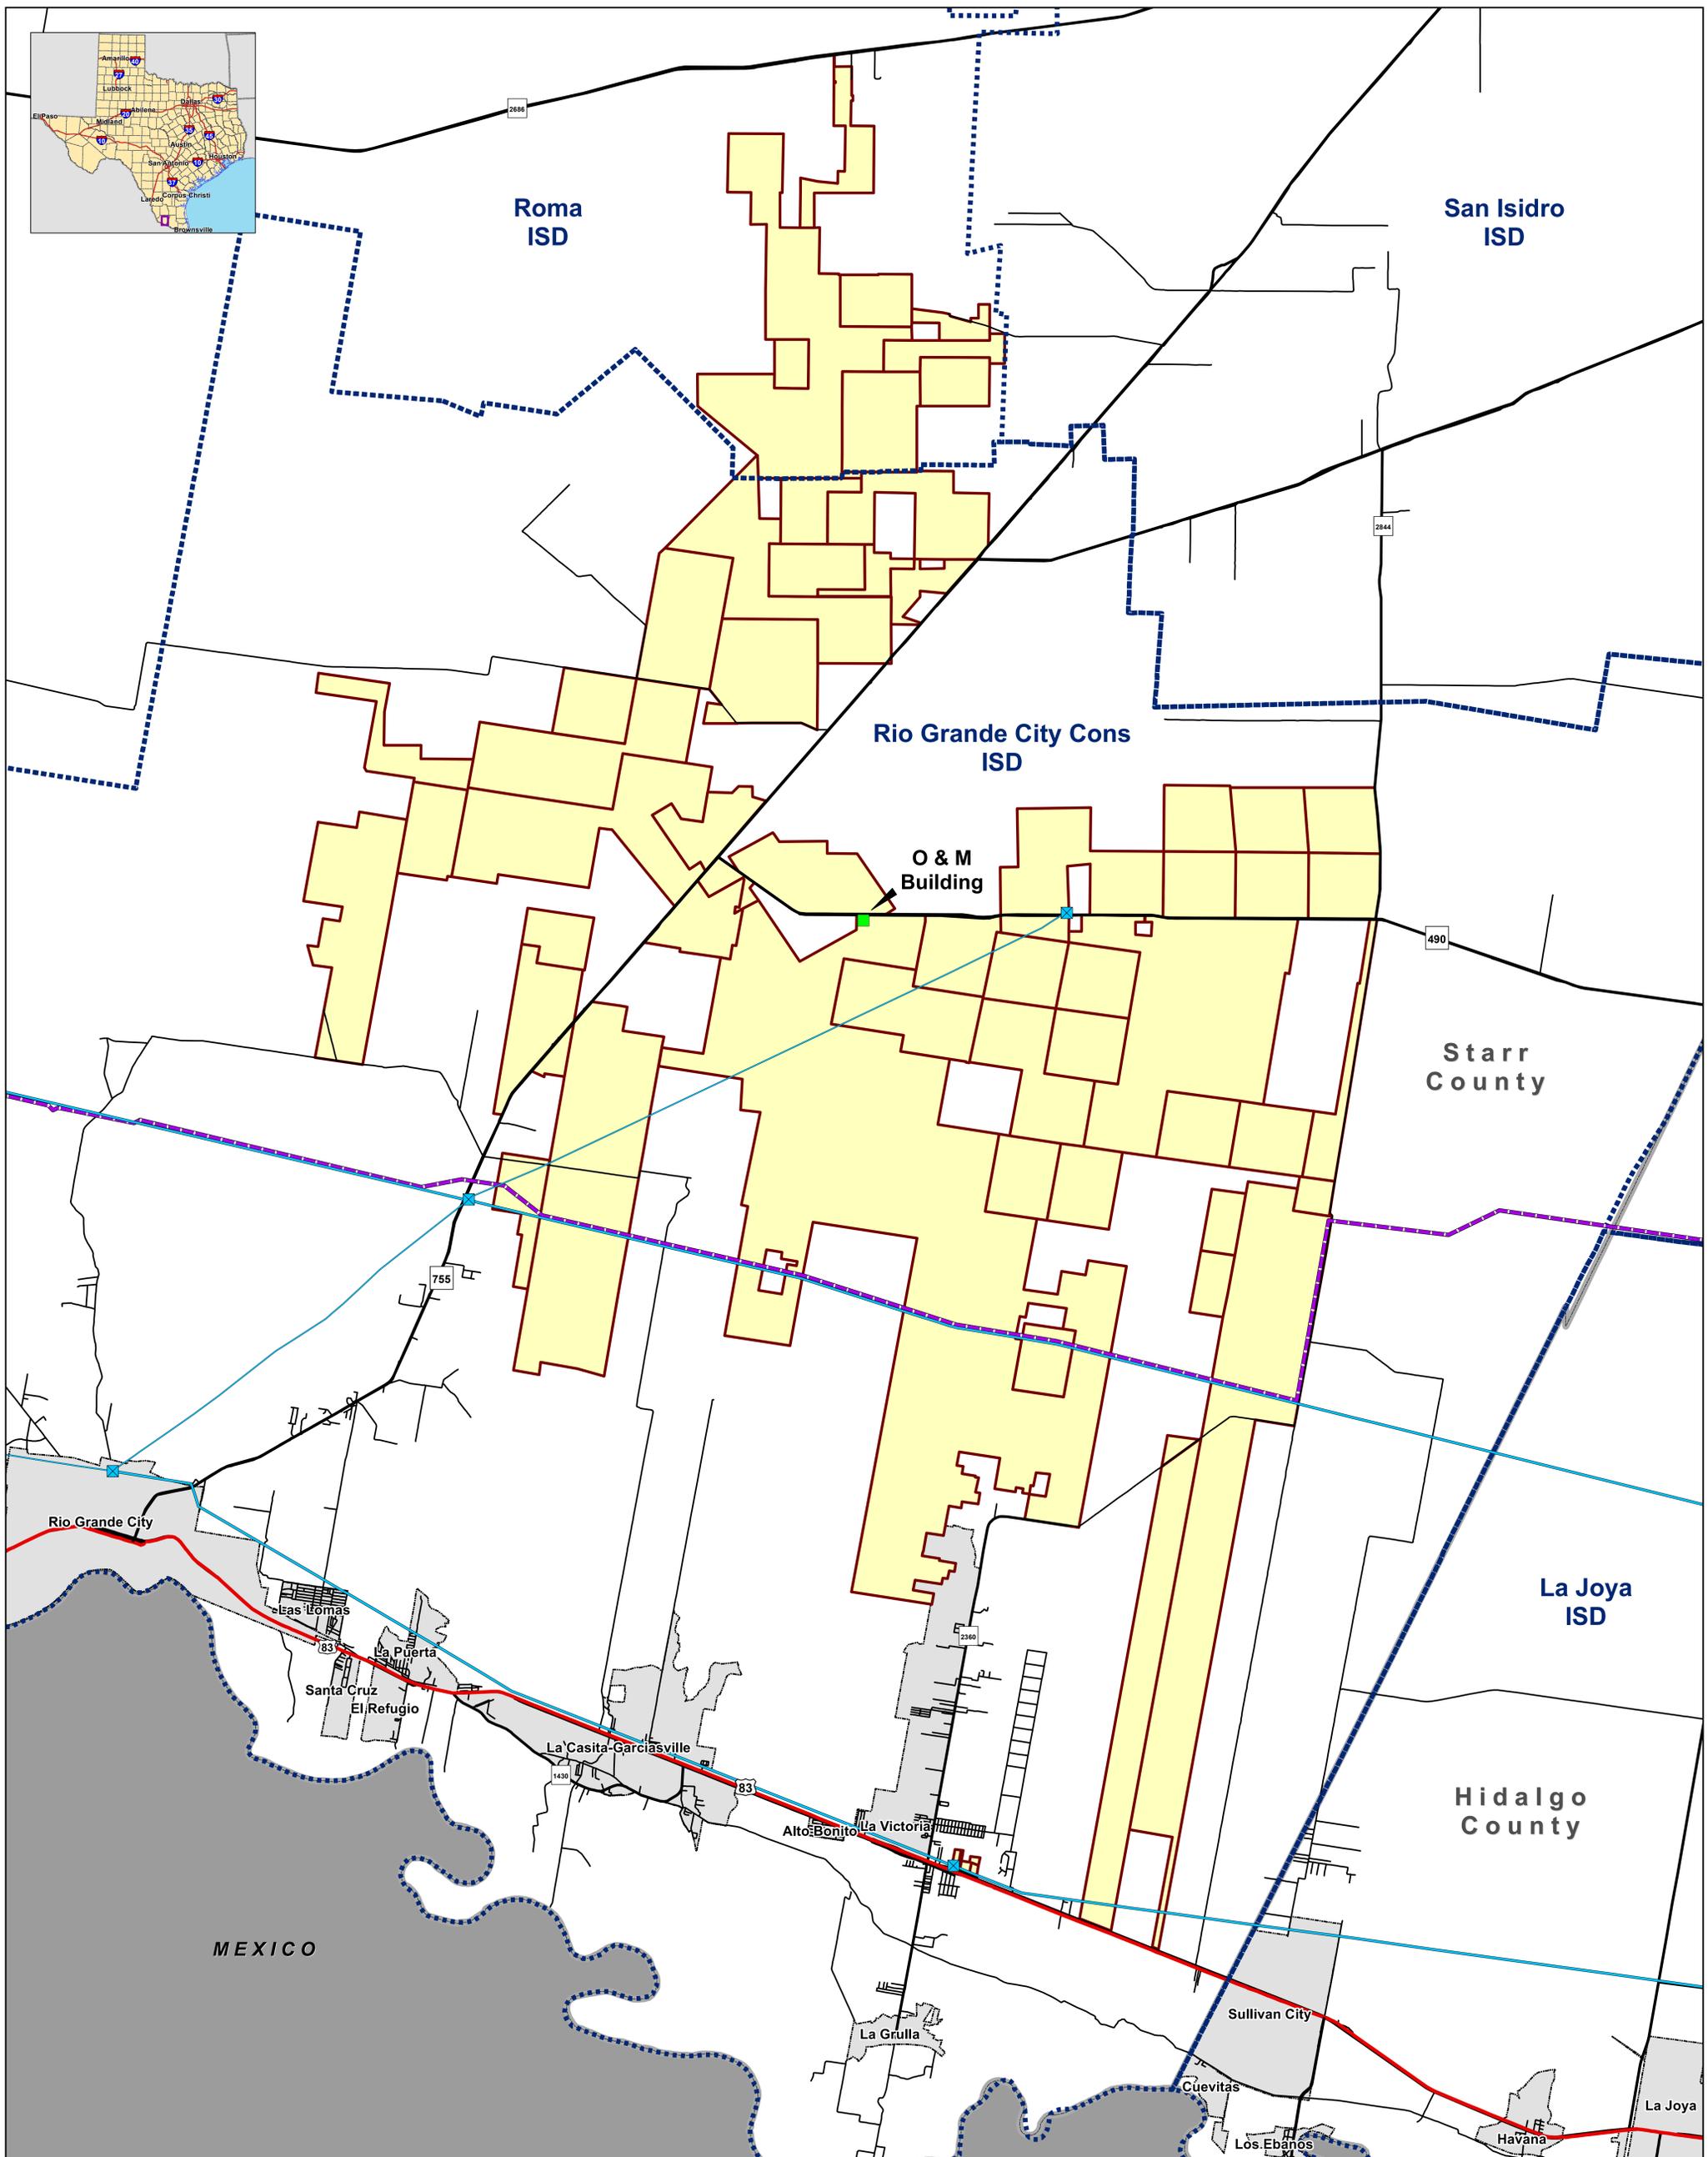

## **Checklist Item #5**

### **Projected Located in *MORE* than One School District**

The Applicant expects to build 100% of the proposed project in Starr County, Texas. There are three (3) CISD's within Starr County, however, the project is located within the Roma CISD and the Rio Grande City CISD.

Of the 240 WTG's the applicant intends to build, approximately 36 WTG's will be located within the Roma CISD with the remaining 204 WTG's to be located within the Rio Grande City CISD jurisdiction.

Duke Energy has submitted an application for Appraised Value Limitation for the portion of project located within the Rio Grande City CISD. The Application has been accepted by the Rio Grande City ISD Board on September 10, 2013.

#### INVESTMENT

*(1) A specific and detailed description of the qualified investment you propose to make on the property for which you are requesting and appraised value limitation as defined by Tax Code §313.021.*

The Applicant is requesting an appraised value limitation on all of the property constructed or placed upon the real property described and shown in Map Exhibit within Roma CISD, which is located in Starr County, Texas. The property for which the Applicant is requesting an appraised value limitation shall include, but is NOT limited to, the following: up to 36 wind turbines, ranging from 1.8 to 2.3 megawatts with a generating capacity of approximately 72Mw; up to 36 steel reinforced concrete foundations supporting the weight of each turbine tower; up to 36 electric power transformers; electric poles and conductor cables used to transport electricity from each turbine tower to an electrical substation; and a new project electrical substation interconnected to the AEP Texas Electric 138kV transmission line located in central Starr County and intersecting on or near FM 755 and La Brisa Road.

Additionally, the map provided does not present the location of the improvements; however all of the improvements that make up the amount of permanent qualified investment will be made within the Project Investment Area as shown on Map Exhibit A.

During 2013, the Applicant obtained Reinvestment Zone designation and approval from Starr County for the proposed project area and areas of consideration for future expansion.

None of the above mentioned property is covered under an existing County Appraisal District account number.

*(2) A description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment.*

The Applicant intends to construct a building(s) to house maintenance and operations, supplies, replacement parts and other miscellaneous related equipment. The Applicant will also be constructing an electrical sub-station facility for integration and transmission of power into the electrical grid.

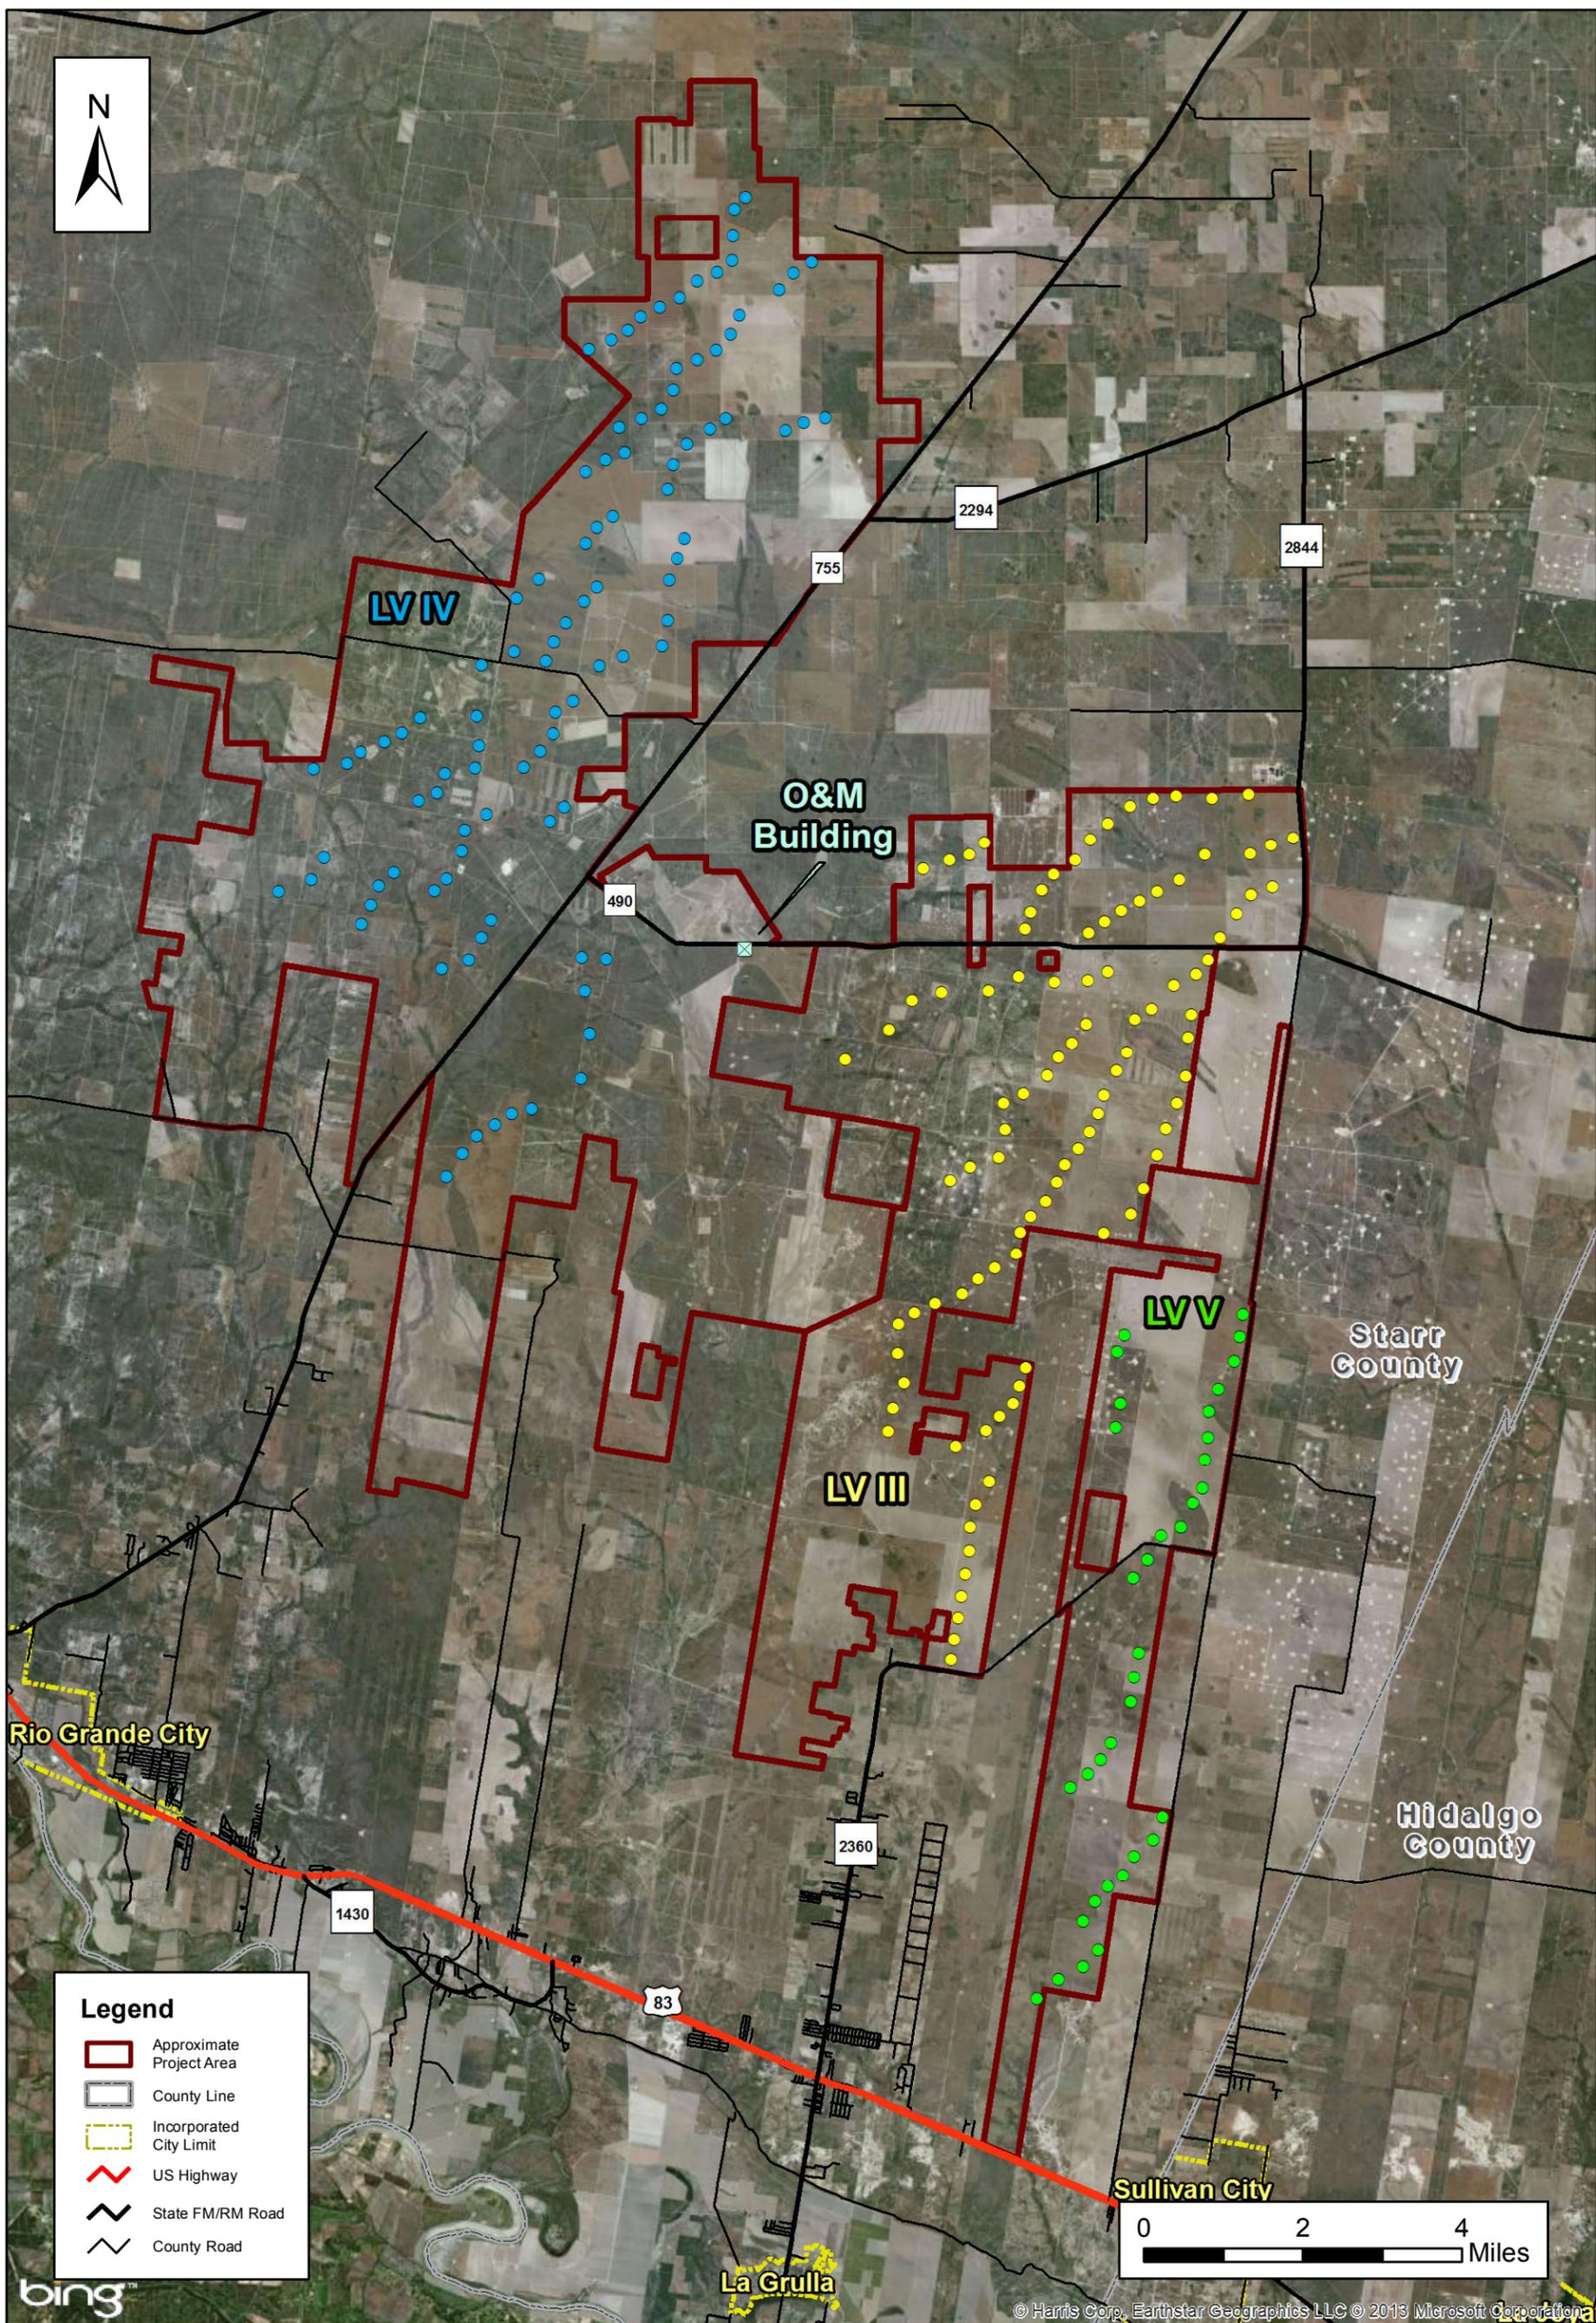

*(3) A map of the qualified investment area.*

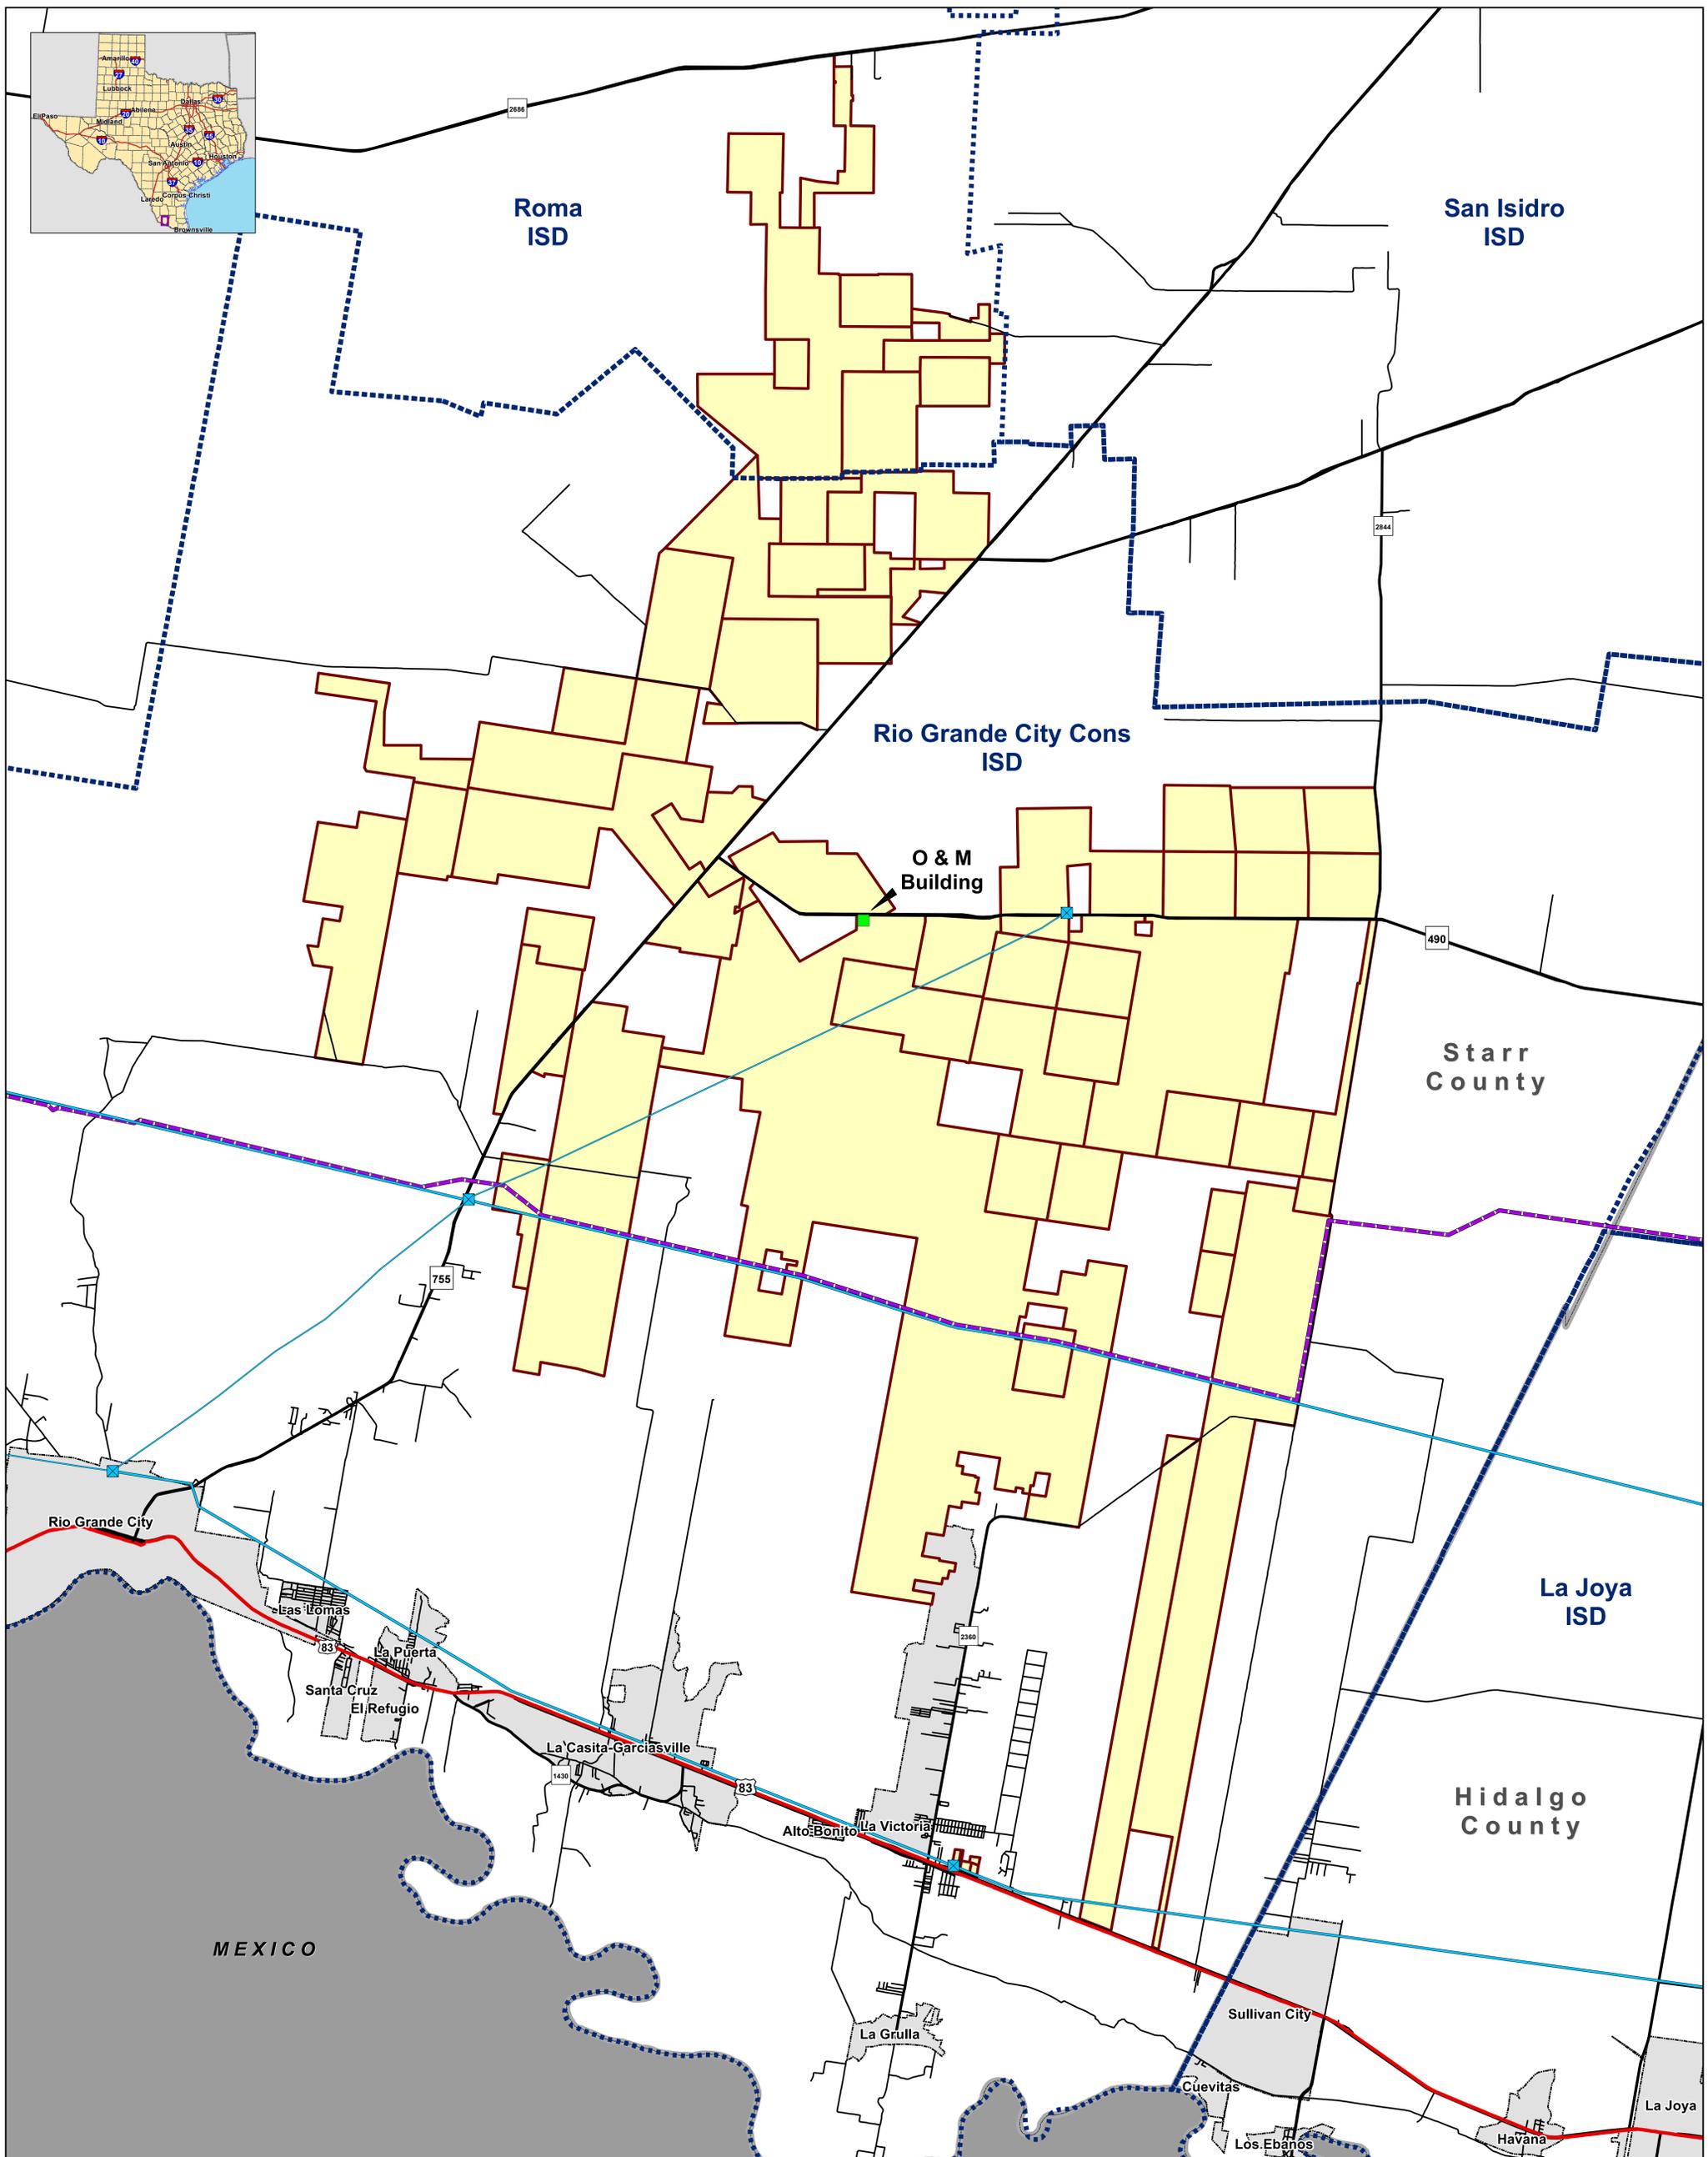

Attached within the proposal are several Exhibit Maps of the qualified investment area.

## **Checklist Item #8**

### **Description of Qualified Property (per Application pg 8)**

Los Vientos III, IV, V Project will consist of a wind-powered electric generating facility with an operating capacity of approximately 480 megawatts. The LV-IV portion of the project to be located within the Roma CISD jurisdiction will consist of approximately 72MW produced by approximately 36WTG. The exact number of turbines and foundations will depend on the nameplate capacity of the turbine selected. The turbine size will be between 1.8 and 2.3 MW.

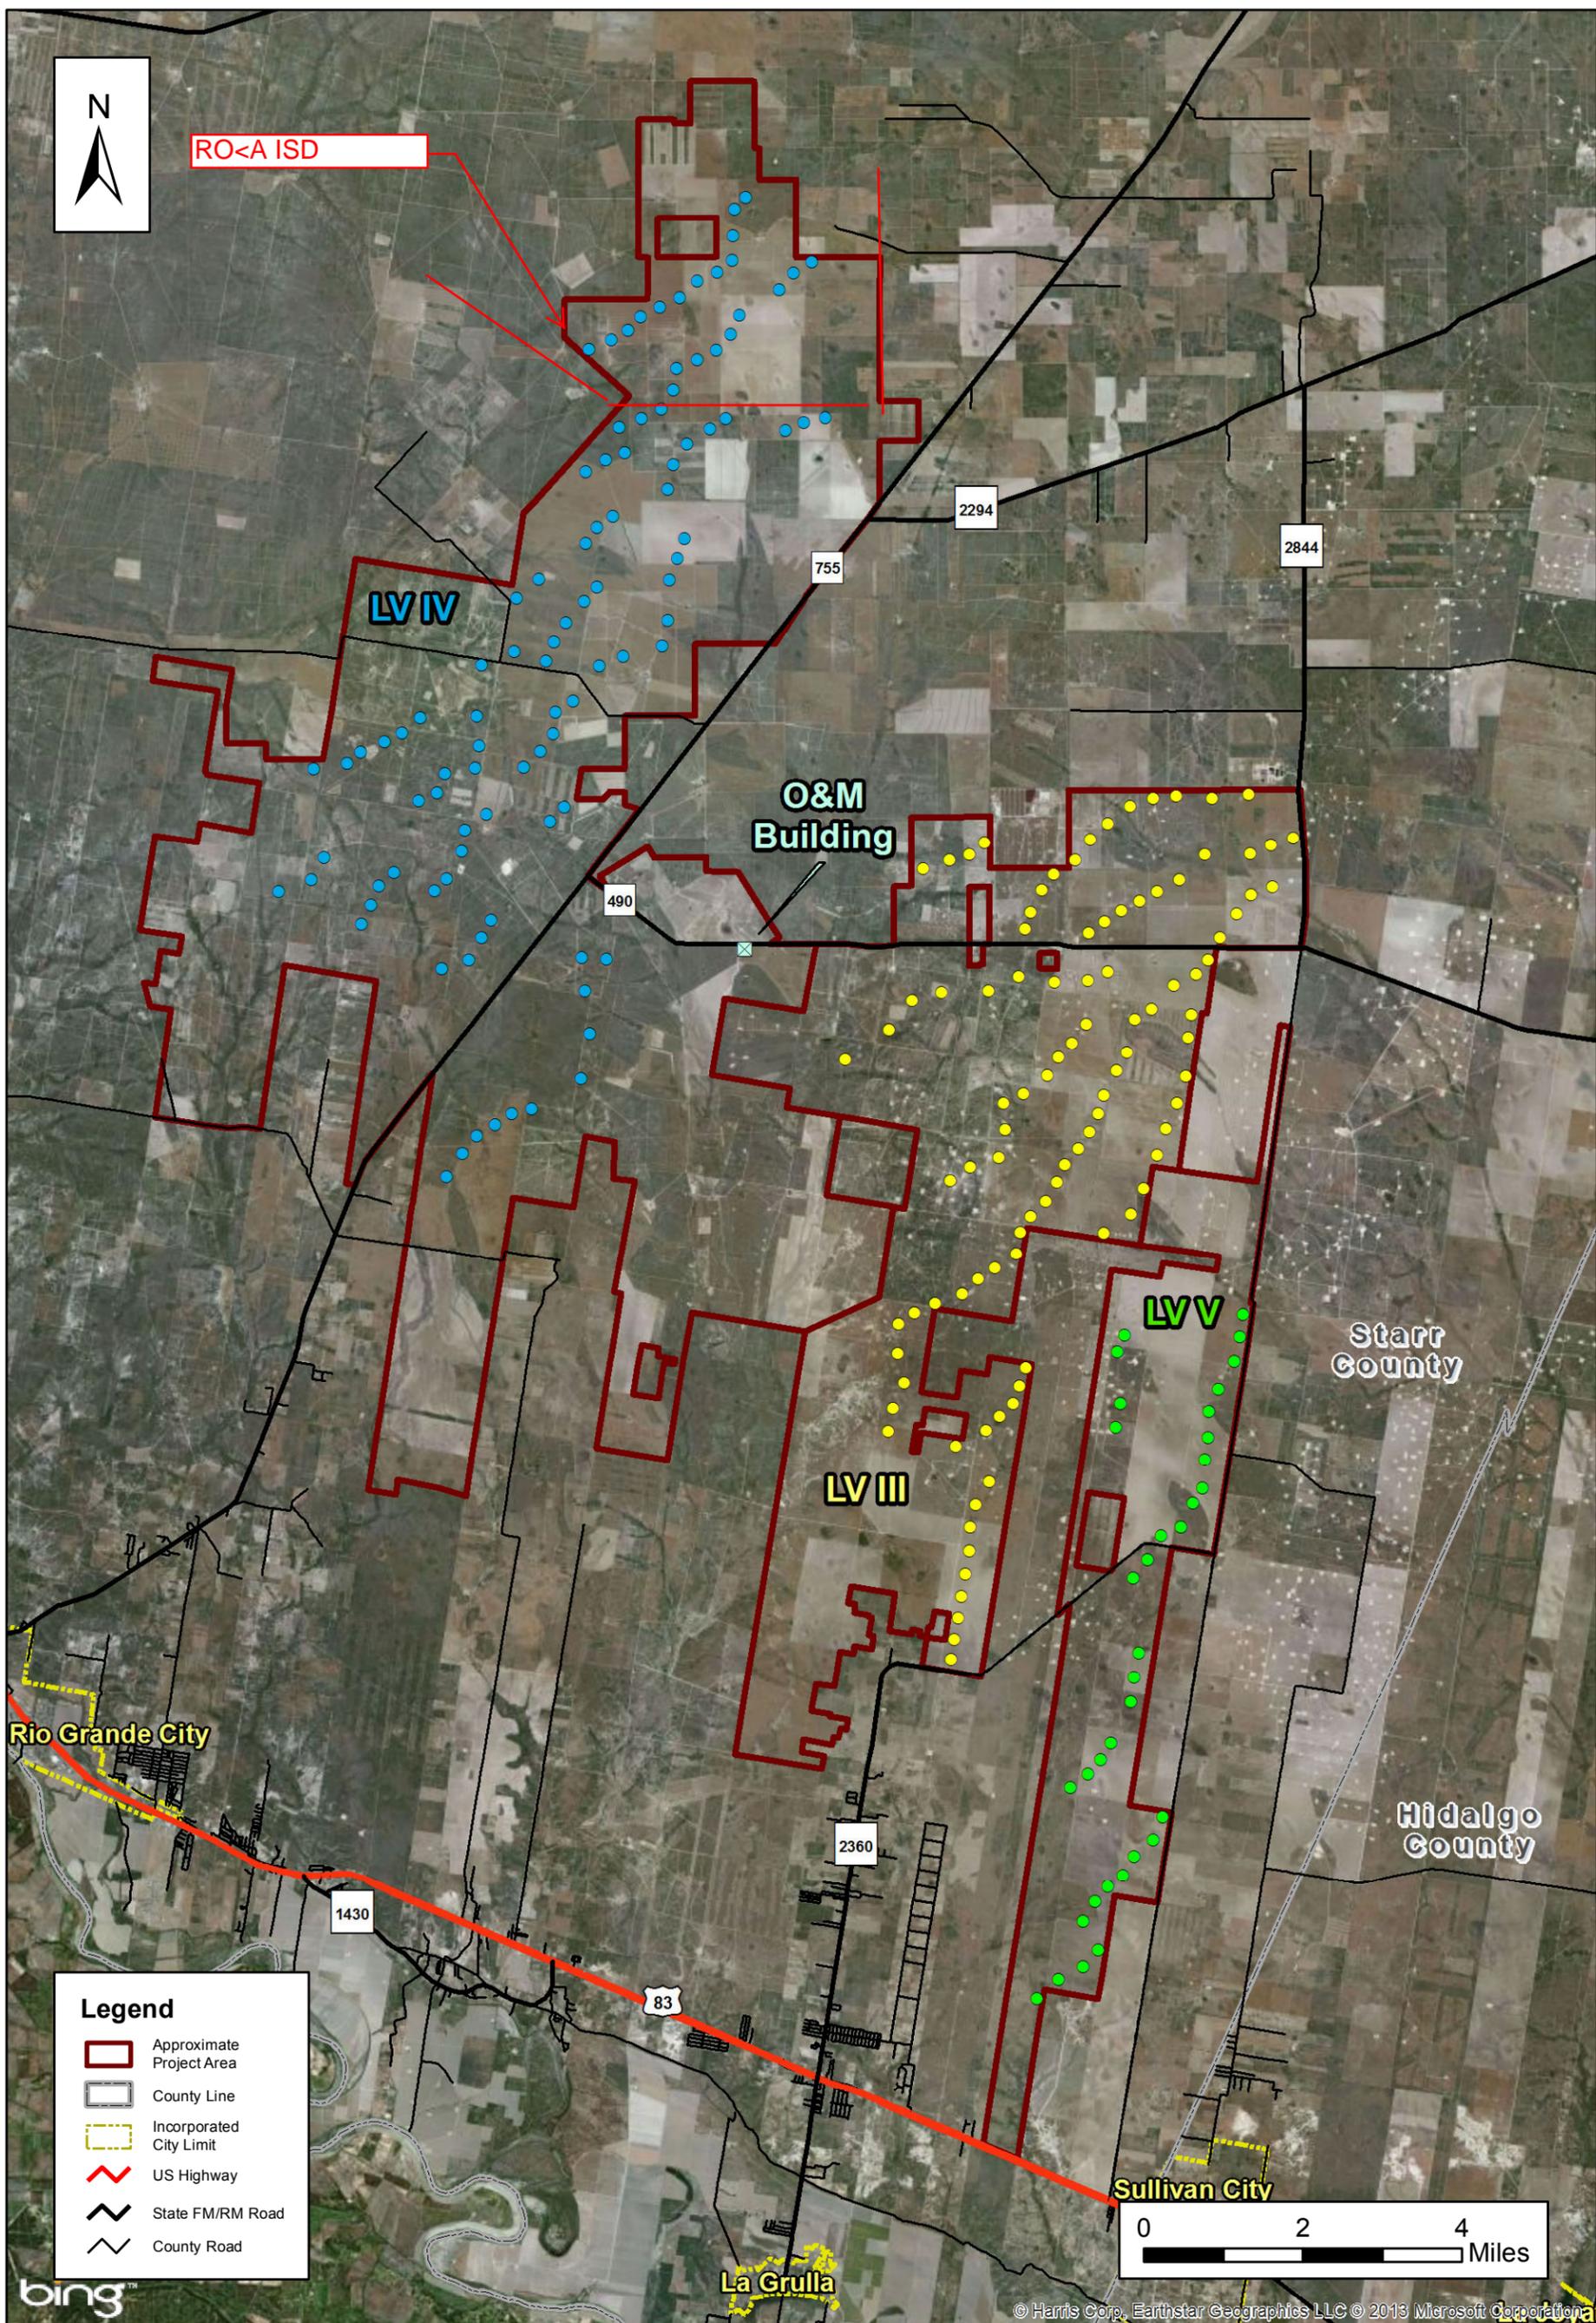

The additional improvements of Qualified Property for the Los Vientos IV Project within Roma CISD include but are not limited to:

- Up to 36 wind turbine generator foundations, anchor bolt embeds & template mounting rings.
- An electric substation including power transformers, associated circuit breakers, switches, reactive power compensation equipment and control building & fencing of perimeter.
- Operations & Maintenance Building with offices, warehouse & all standard utilities (i.e. telephone, water, drainage, sewer, etc.)
- Underground power cables from wind turbines to substation with various cable accessories including junction boxes.
- Roadwork sloped for drainage, with turnouts from public roads.
- Permanent meteorological towers, quality and location of which to be determined by final layout turbine.
- Underground communication cables.
- Wind turbine lighting per FAA requirements.

	Post- Settle-Up Period	15	2029-30	2029					

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

**Column A:** This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D).

For the purposes of investment, please list amount invested each year, not cumulative totals.

[For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property].

Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

**Column B:** The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).

For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.

**Column D:** Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility.

The most significant example for many projects would be land. Other examples may be items such as professional services, etc.

Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.

**This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.**
