Additional Information and Calculations

The required qualifying job annual wage was calculated as follows:

1. Chapter 313.051 is applicable because Martin County meets the eligibility requirements of the statute.¹
2. Pursuant to 313.051(b), a property owner is required to create only at least 10 new jobs on the owner's qualified property.²
3. Further, at least 80% of these jobs (8 total) must be qualifying jobs. A qualifying job must pay 110% of the average weekly wage for manufacturing jobs in the region.³
4. Martin County is in the Permian Basin WDA.⁴
5. Pursuant to the most recent data compiled by the Texas Workforce Commission, the mean annual wage for all jobs in the manufacturing industry in the Permian Basin WDA is \$39,757.⁵
6. At the 110% rate required by 313.051(b), the required annual wage for a qualifying job is \$43,733.
7. Thus, Stanton Wind Energy, LLC is required to employ at least 8 people at an annual wage of at least \$43,733.
