Re: Application for a Chapter 313 Value Limitation Agreement between the Barbers Hill
Independent School District and Enterprise Products Operating LLC

First Year of Qualifying Time Period: 2020
First Year of Limitation: 2022

Dear Local Government Assistance and Economic Analysis Division Team:

The Barbers Hill Independent School District Board of Trustees accepted the enclosed Application for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes at a duly called meeting held on May 3, 2019. The Application was determined to be complete on May 9, 2019. The Applicant proposes to build a new manufacturing NGL fractionator unit #12 in Mont Belvieu, Texas in Chambers County. The applicant is committing to create 15 new qualifying jobs. If approved the company intends to commence commercial operations in the fourth quarter of 2020.

Please note, the Application includes economic analysis as part of Tab 5 of the application that the Applicant deems to be proprietary and confidential. The proprietary information has been segregated from the application.

A copy of this Application is being provided to the Chambers County Appraisal District by copy of this correspondence. The Board of Trustees believes this project will be beneficial to the District and looks forward to your review and certification of this application.

Thanks so much for your kind attention to this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sara Leon", written over the word "Sincerely,".

Re: Application for Chapter 313 Value Limitation Agreement

Dear Dr. Poole:

Enterprise Products Operating LLC ("Enterprise") is proposing a new manufacturing facility at our Mont Belvieu complex in Chambers County. The estimated total project investment is \$469 million. We are respectfully requesting an agreement for limitation on appraised value on qualified property under Chapter 313, Tex. Tax Code.

We have also submitted an economic analysis as part of Tab 5 of the application that we deem to be proprietary and confidential, and request that this information be kept confidential and transmitted separately when the District's consultants forward the application to the Texas Comptroller of Public Accounts.

We believe this proposed investment demonstrates our commitment to growing our economic presence in the Mont Belvieu area promoting economic growth and jobs for your community.

We appreciate your consideration of our application. Please feel free to contact me if you need any additional information by telephone at 713-381-8071 or by email at ctate@eprod.com.

Sincerely,

A handwritten signature in blue ink that reads "Curt Tate".

Curt Tate
Sr. Tax Director

Enclosures

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

SECTION 1: School District Information

1. Authorized School District Representative

SECTION 3: Fees and Payments

1. Has an application fee been paid to the school district? ☐ Yes ☐ No

The total fee shall be paid at time of the application is submitted to the school district. Any fees not accompanying the original application shall be considered supplemental payments.

1a. If yes, attach in **Tab 2** proof of application fee paid to the school district.

For the purpose of questions 2 and 3, "payments to the school district" include any and all payments or transfers of things of value made to the school district or to any person or persons in any form if such payment or transfer of thing of value being provided is in recognition of, anticipation of, or consideration for the agreement for limitation on appraised value.

2. Will any "payments to the school district" that you may make in order to receive a property tax value limitation agreement result in payments that are not in compliance with Tax Code §313.027(i)? ☐ Yes ☐ No ☐ N/A
3. If "payments to the school district" will only be determined by a formula or methodology without a specific amount being specified, could such method result in "payments to the school district" that are not in compliance with Tax Code §313.027(i)? ☐ Yes ☐ No ☐ N/A

SECTION 4: Business Applicant Information

1. What is the legal name of the applicant under which this application is made? _____
2. List the Texas Taxpayer I.D. number of entity subject to Tax Code, Chapter 171 (11 digits) _____
3. List the NAICS code _____
4. Is the applicant a party to any other pending or active Chapter 313 agreements? ☐ Yes ☐ No
- 4a. If yes, please list application number, name of school district and year of agreement _____

SECTION 5: Applicant Business Structure

1. Identify Business Organization of Applicant (corporation, limited liability corporation, etc) _____
2. Is applicant a combined group, or comprised of members of a combined group, as defined by Tax Code §171.0001(7)? ☐ Yes ☐ No
- 2a. If yes, attach in **Tab 3** a copy of Texas Comptroller Franchise Tax Form No. 05-165, No. 05-166, or any other documentation from the Franchise Tax Division to demonstrate the applicant's combined group membership and contact information.
3. Is the applicant current on all tax payments due to the State of Texas? ☐ Yes ☐ No
4. Are all applicant members of the combined group current on all tax payments due to the State of Texas? ☐ Yes ☐ No ☐ N/A
5. If the answer to question 3 or 4 is no, please explain and/or disclose any history of default, delinquencies and/or any material litigation, including litigation involving the State of Texas. (If necessary, attach explanation in **Tab 3**)

SECTION 6: Eligibility Under Tax Code Chapter 313.024

1. Are you an entity subject to the tax under Tax Code, Chapter 171? ☐ Yes ☐ No
2. The property will be used for one of the following activities:
 - (1) manufacturing ☐ Yes ☐ No
 - (2) research and development ☐ Yes ☐ No
 - (3) a clean coal project, as defined by Section 5.001, Water Code ☐ Yes ☐ No
 - (4) an advanced clean energy project, as defined by Section 382.003, Health and Safety Code ☐ Yes ☐ No
 - (5) renewable energy electric generation ☐ Yes ☐ No
 - (6) electric power generation using integrated gasification combined cycle technology ☐ Yes ☐ No
 - (7) nuclear electric power generation ☐ Yes ☐ No
 - (8) a computer center that is used as an integral part or as a necessary auxiliary part for the activity conducted by applicant in one or more activities described by Subdivisions (1) through (7) ☐ Yes ☐ No
 - (9) a Texas Priority Project, as defined by 313.024(e)(7) and TAC 9.1051 ☐ Yes ☐ No
3. Are you requesting that any of the land be classified as qualified investment? ☐ Yes ☐ No
4. Will any of the proposed qualified investment be leased under a capitalized lease? ☐ Yes ☐ No
5. Will any of the proposed qualified investment be leased under an operating lease? ☐ Yes ☐ No
6. Are you including property that is owned by a person other than the applicant? ☐ Yes ☐ No
7. Will any property be pooled or proposed to be pooled with property owned by the applicant in determining the amount of your qualified investment? ☐ Yes ☐ No

SECTION 7: Project Description

1. In **Tab 4**, attach a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.
2. Check the project characteristics that apply to the proposed project:

☐ Land has no existing improvements	☐ Land has existing improvements (<i>complete Section 13</i>)
☐ Expansion of existing operation on the land (<i>complete Section 13</i>)	☐ Relocation within Texas

SECTION 8: Limitation as Determining Factor

1. Does the applicant currently own the land on which the proposed project will occur? ☐ Yes ☐ No
2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project? ☐ Yes ☐ No
3. Does the applicant have current business activities at the location where the proposed project will occur? ☐ Yes ☐ No
4. Has the applicant made public statements in SEC filings or other documents regarding its intentions regarding the proposed project location? ☐ Yes ☐ No
5. Has the applicant received any local or state permits for activities on the proposed project site? ☐ Yes ☐ No
6. Has the applicant received commitments for state or local incentives for activities at the proposed project site? ☐ Yes ☐ No
7. Is the applicant evaluating other locations not in Texas for the proposed project? ☐ Yes ☐ No
8. Has the applicant provided capital investment or return on investment information for the proposed project in comparison with other alternative investment opportunities? ☐ Yes ☐ No
9. Has the applicant provided information related to the applicant's inputs, transportation and markets for the proposed project? ☐ Yes ☐ No
10. Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas? ☐ Yes ☐ No

Chapter 313.026(e) states "the applicant may submit information to the Comptroller that would provide a basis for an affirmative determination under Subsection (c)(2)." If you answered "yes" to any of the questions in Section 8, attach supporting information in Tab 5.

SECTION 9: Projected Timeline

1. Application approval by school board
2. Commencement of construction
3. Beginning of qualifying time period
4. First year of limitation
5. Begin hiring new employees
6. Commencement of commercial operations
7. Do you propose to construct a new building or to erect or affix a new improvement after your application review start date (*date your application is finally determined to be complete*)? ☐ Yes ☐ No
Note: Improvements made before that time may not be considered qualified property.
8. When do you anticipate the new buildings or improvements will be placed in service?

SECTION 10: The Property

1. Identify county or counties in which the proposed project will be located
2. Identify Central Appraisal District (CAD) that will be responsible for appraising the property
3. Will this CAD be acting on behalf of another CAD to appraise this property? ☐ Yes ☐ No
4. List all taxing entities that have jurisdiction for the property, the portion of project within each entity and tax rates for each entity:
County: (Name, tax rate and percent of project)
City: (Name, tax rate and percent of project)
Hospital District: (Name, tax rate and percent of project)
Water District: (Name, tax rate and percent of project)
Other (describe): (Name, tax rate and percent of project)
Other (describe): (Name, tax rate and percent of project)
5. Is the project located entirely within the ISD listed in Section 1? ☐ Yes ☐ No
5a. If no, attach in **Tab 6** additional information on the project scope and size to assist in the economic analysis.
6. Did you receive a determination from the Texas Economic Development and Tourism Office that this proposed project and at least one other project seeking a limitation agreement constitute a single unified project (SUP), as allowed in §313.024(d-2)? ☐ Yes ☐ No
6a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at comptroller.texas.gov/economy/local/ch313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district?
2. What is the amount of appraised value limitation for which you are applying?
- Note:** The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? ☐ Yes ☐ No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
 - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
 - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
 - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? ☐ Yes ☐ No

SECTION 12: Qualified Property

1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
 - 1a. a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 8**);
 - 1b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (**Tab 8**); and
 - 1c. a map of the qualified property showing location of new buildings or new improvements with vicinity map (**Tab 11**).
2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)? ☐ Yes ☐ No
 - 2a. If yes, attach complete documentation including:
 - a. legal description of the land (**Tab 9**);
 - b. each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (**Tab 9**);
 - c. owner (**Tab 9**);
 - d. the current taxable value of the land. Attach estimate if land is part of larger parcel (**Tab 9**); and
 - e. a detailed map showing the location of the land with vicinity map (**Tab 11**).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? ☐ Yes ☐ No
 - 3a. If yes, attach the applicable supporting documentation:
 - a. evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (**Tab 16**);
 - b. legal description of reinvestment zone (**Tab 16**);
 - c. order, resolution or ordinance establishing the reinvestment zone (**Tab 16**);
 - d. guidelines and criteria for creating the zone (**Tab 16**); and
 - e. a map of the reinvestment zone or enterprise zone boundaries with vicinity map (**Tab 11**)
 - 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone?

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In **Tab 10**, attach a specific and detailed description of all **existing property**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In **Tab 10**, attach a specific and detailed description of all **proposed new property that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in **Tab 10**:
 - a. maps and/or detailed site plan;
 - b. surveys;
 - c. appraisal district values and parcel numbers;
 - d. inventory lists;
 - e. existing and proposed property lists;
 - f. model and serial numbers of existing property; or
 - g. other information of sufficient detail and description.
4. Total estimated market value of existing property (that property described in response to question 1): \$ _____
5. In **Tab 10**, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property
(that property described in response to question 2): \$ _____

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

SECTION 14: Wage and Employment Information

1. What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)?
2. What is the last complete calendar quarter before application review start date:
☐ First Quarter ☐ Second Quarter ☐ Third Quarter ☐ Fourth Quarter of _____
(year)
3. What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the Texas Workforce Commission (TWC)?
- Note:** For job definitions see TAC §9.1051 and Tax Code §313.021(3).
4. What is the number of new qualifying jobs you are committing to create?
5. What is the number of new non-qualifying jobs you are estimating you will create?
6. Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)? ☐ Yes ☐ No
 - 6a. If yes, attach evidence in **Tab 12** documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
7. Attach in **Tab 13** the four most recent quarters of data for each wage calculation below, including documentation from the TWC website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(21) and (22).
 - a. Average weekly wage for all jobs (all industries) in the county is
 - b. 110% of the average weekly wage for manufacturing jobs in the county is
 - c. 110% of the average weekly wage for manufacturing jobs in the region is
8. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? ☐ §313.021(5)(A) or ☐ §313.021(5)(B)
9. What is the minimum required annual wage for each qualifying job based on the qualified property?
10. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property?
11. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? ☐ Yes ☐ No
12. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? ☐ Yes ☐ No
 - 12a. If yes, attach in **Tab 12** supporting documentation from the TWC, pursuant to §313.021(3)(F).
13. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? ☐ Yes ☐ No
 - 13a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

SECTION 15: Economic Impact

1. Complete and attach Schedules A1, A2, B, C, and D in **Tab 14**. Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by other than the Comptroller's Office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

Detailed Description of the Project

Proposed Project Description

Enterprise Products Operating LLC ("Enterprise") currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing NGL fractionator unit # 12 in Mont Belvieu, Texas. If approved the construction will commence in second quarter of 2019 and commercial operations will commence in the fourth quarter of 2020.

NGL Manufacturing Fractionation Plant

NGL manufacturing is the process of fractionating raw NGL mix produced by natural gas processing plants into discrete NGL purity components (i.e., ethane, propane, normal butane, iso-butane, and natural gasoline).

The manufacturing process is accomplished by applying heat and pressure to the mixture of raw NGL hydrocarbons and separating each discrete product at the different boiling points for each NGL component of the mixture.

The pipeline feed mixture is processed in feed filter, feed coalescer, and amine contractors to remove particulates, sulfides, and carbon dioxide. The sweetened feed is then dehydrated and fed to the Deethanizer column. The Deethanizer is used to manufacture the feed into two fractions. The overhead vapor fraction consists of ethane and lighter components and is condensed by heat exchange against propylene refrigerant. (Propylene vapor from the Deethanizer condenser is first compressed in a two-stage machine and then is condensed in a wet-surface air cooler. The liquid propylene is then sub-cooled against low –temperature ethane before being fed back to the Deethanizer column condenser as refrigerant.) A portion of the condensed ethane is pumped out of the unit as ethane product to the existing storage facility, and the balance is refluxed back to the column. The Bottom fraction from the column, consisting mainly of propane and heavier components, is fed to the Depropanizer column. Heat for the manufacturing is provided by a number of reboilers, including a hot oil reboiler at the bottom of the column.

The Depropanizer column takes the feed from the Deethanizer bottom and separates it into a propane and lighter fraction, which goes overhead, and a butane and heavier fraction, which exits the bottom. Condensing for the column is provided by a heat pump circuit and a wet surface air cooler. The propane heat pump circuit exchanges against the Depropanizer side reboiler and two reboilers attached to the Deethanizer column. The wet-surface air cooler is used to sub-cool the condensed propane. Part of the propane is refluxed back to the column and the balance is sent to the existing storage complex as product. Heat for manufacturing is provided by a hot oil reboiler at the bottom of the column.

The stream from the bottom of the Depropanizer is fed to the Debutanizer column, which manufactures it into an overhead stream containing mixed butanes (primarily normal butane and isobutene) and a bottoms gasoline stream which contains pentanes and heavier gasses. Part of the overhead butane stream is refluxed back to the column and the balance is sent to

storage tanks as an intermediate feed for other units or as commercial butane product. The bottoms gasoline is routed to existing gasoline treating facilities. Condensing for the Debutanizer is provided by the Deethanizer Upper Side Reboiler, and heat for manufacturing in the Debutanizer is provided by a hot oil reboiler at the bottom of the column.

The Debutanizer Column removes a mixture of n-butane and Isobutane in overhead stream and sends it to OSBL product storage. Bottom of Debutanizer is gasoline cut of feed and is sent to OSBL product storage.

Debutanizer feed enters column above tray #27. Overhead vapor is condensed in tube side of the Deethanizer Upper Side Reboiler. This liquid stream is collected in Debutanizer Reflux Accumulator. Debutanizer Reflux Pumps, one of which is spare, move the liquid back to the column as reflux. Part of this flow is sent back to Reflux Accumulator through FV-1247 as a minimum flow and part is sent to Butane Product Pumps, one of which is spare. From these pumps, the stream is further cooled in the Butane Pre-Cooler before going to WSAC, then to metering (Destination determined by Commercial demand). Liquid level in the Debutanizer Reflux Accumulator is maintained by LT-1146 which adjusts the set point of FIC-1355 at mixed butane metering skid to WTF DIB.

Heavier components of the feed are removed from column sump. This stream goes to Kettle style Debutanizer Reboiler. Vapors generated in reboiler are returned to column below tray #55. A liquid stream exits reboiler and feeds suction of Debutanizer Bottoms Pumps, one of which is spare. From these pumps, the stream is further cooled in Gasoline Pre-Cooler before going to HT-16.029, WSAC, then to metering (Destination determined by Commercial demand). Liquid level in reboiler is maintained by LT-1138 which adjusts set point of FIC-1376 on gasoline metering out to storage.

Frac #12, Manufacturing List of Improvements

Plant Components

- DeEthanizer column
- DePropanizer column
- Debutanizer column
- Wet Surface Air Coolers
- Gas fired regenerant gas heaters
- Gas fired hot oil heaters
- Compression Equipment
- Deisobutanizer column
- Ancillary tanks
- Fired charge heater
- Reactor
- Heat exchangers
- Compressor
- Stabilizer column
- Fired reboiler
- Scrubber column
- Ancillary equipment

Tab # 5

Limitation is a Determining Factor

- 1. Does the applicant currently own the land on which the proposed project will occur?**

Applicant owns the land upon which the facility identified in Tab 7 will be constructed. The land is described in Tab 9.

- 2. Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project?**

The Applicant has not entered into any agreement with respect to the proposed project.

- 3. Does the applicant have current business activities at the location where the proposed project will occur?**

Attached as Tab #11 is a depiction of the proposed project site. There are no existing improvements at the proposed project site.

- 4. Has the applicant made public statements in SEC filings or other documents regarding its intentions regarding the proposed project location?**

Applicant has not made public statements regarding the potential development of the proposed project.

- 5. Has the applicant received any local or state permits for activities on the proposed project site?**

No.

- 6. Has the applicant received commitments for state or local incentives for activities at the proposed project site?**

No.

- 7. Is the applicant evaluating other locations not in Texas for the proposed project?**

Applicant is a leading midstream energy company with a large pipeline footprint in the United States. These pipelines provide substantial flexibility in plant location. Applicant has gas manufacturing locations in Texas, Louisiana, New Mexico, Colorado, and Wyoming. Applicant also has significant interstate pipeline assets in Louisiana that can

and do move product to and from Texas. This allows potential manufacturing facilities to be located in St. Martin Parish, or Assumption Parish, Louisiana and the resulting manufactured product transported to Applicant's facilities in Texas.

Capital investments are allocated to projects and locations based on expected economic return and property tax liabilities can make up a substantial ongoing cost of operation. The Chapter 313 Value Limitation, if granted, would make the location in Texas a feasible investment, as is further discussed in Item 10 to Tab 5.

8. Has the applicant provided capital investment or return on investment information for the proposed project in comparison with alternative investment opportunities?

Yes, see Item 10 to Tab 5, as referenced below in the answer to question 10.

9. Has the applicant provided information related to the applicant's inputs, transportation and market for the proposed project?

N/A

10. Are you submitting information to assist in the determinations as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas?

See the attached Item 10 to Tab 5.

Key Determining factors:

- The Applicant has submitted in Item 10 to Tab 5 a discounted cash flow model (DCF) computing the proposed project's rate of return with the Chapter 313 appraised value limitation agreement and without the value limitation agreement. The DCF model shows that the rate of return with the valuation limitation agreement exceeds the minimum rate of return required by the Applicant to proceed with the proposed investment.
- An appraised value limitation agreement under Chapter 313 results in significant annual operating cost savings which would incentivize the Applicant to invest capital in the proposed project rather than making an alternative investment.
- The property tax burden for the Applicant's proposed project is significant. The property tax burden has a direct impact on the proposed project's economic viability and the decision to invest in Texas.
- The ability to enter into a Chapter 313 appraised value limitation agreement with the school district is a determining factor to invest in this project.
- Capital investments by the Applicant are based on expected economic return on investment. Property tax liabilities can make up a substantial ongoing cost of operation that directly impacts the rate of return on the investment in the proposed project. Without the tax incentive the economics of this project will be less competitive with other capital intensive projects and the viability of the proposed project becomes uncertain.

- Tax incentives play an important role in attracting capital intensive manufacturing facilities due to the high property tax burden in Texas.
- The Applicant is evaluating various manufacturing projects for development and where to commit substantial long term investment based on economic rate of return on investment in the proposed projects. The economic benefits provided by a Chapter 313 appraised value limitation agreement is an important component in this analysis.

AT THE REQUEST OF THE APPLICANT, SUPPORTING DOCUMENTS IN ITEM 10 TO TAB 5 ARE CONSIDERED PROPRIETARY AND CONFIDENTIAL PURSUANT TO SECTION 313.028 OF THE TEXAS TAX CODE AND SECTION 552.101 OF THE TEXAS GOVERNMENT CODE, DUE TO THE NATURE OF THE FINANCIAL INFORMATION AND ANALYSIS SUBMITTED. Applicant has separately submitted Proprietary and Confidential Discounted Cash Flow Models comparing the rate of return on investment in the proposed project with and without a Chapter 313 Appraised Value Limitation Agreement. These models are confidential.

Detailed Description of Qualified Investment

Proposed Project Description

Enterprise Products Operating LLC ("Enterprise") currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing NGL fractionator unit # 12 in Mont Belvieu, Texas. If approved the construction will commence in second quarter of 2019 and commercial operations will commence in the fourth quarter of 2020.

NGL Manufacturing Fractionation Plant

NGL manufacturing is the process of fractionating raw NGL mix produced by natural gas processing plants into discrete NGL purity components (i.e., ethane, propane, normal butane, iso-butane, and natural gasoline).

The manufacturing process is accomplished by applying heat and pressure to the mixture of raw NGL hydrocarbons and separating each discrete product at the different boiling points for each NGL component of the mixture.

The pipeline feed mixture is processed in feed filter, feed coalescer, and amine contractors to remove particulates, sulfides, and carbon dioxide. The sweetened feed is then dehydrated and fed to the Deethanizer column. The Deethanizer is used to manufacture the feed into two fractions. The overhead vapor fraction consists of ethane and lighter components and is condensed by heat exchange against propylene refrigerant. (Propylene vapor from the Deethanizer condenser is first compressed in a two-stage machine and then is condensed in a wet-surface air cooler. The liquid propylene is then sub-cooled against low –temperature ethane before being fed back to the Deethanizer column condenser as refrigerant.) A portion of the condensed ethane is pumped out of the unit as ethane product to the existing storage facility, and the balance is refluxed back to the column. The Bottom fraction from the column, consisting mainly of propane and heavier components, is fed to the Depropanizer column. Heat for the manufacturing is provided by a number of reboilers, including a hot oil reboiler at the bottom of the column.

The Depropanizer column takes the feed from the Deethanizer bottom and separates it into a propane and lighter fraction, which goes overhead, and a butane and heavier fraction, which exits the bottom. Condensing for the column is provided by a heat pump circuit and a wet surface air cooler. The propane heat pump circuit exchanges against the Depropanizer side reboiler and two reboilers attached to the Deethanizer column. The wet-surface air cooler is used to sub-cool the condensed propane. Part of the propane is refluxed back to the column and the balance is sent to the existing storage complex as product. Heat for manufacturing is provided by a hot oil reboiler at the bottom of the column.

The stream from the bottom of the Depropanizer is fed to the Debutanizer column, which manufactures it into an overhead stream containing mixed butanes (primarily normal butane and isobutene) and a bottoms gasoline stream which contains pentanes and heavier gasses. Part of the overhead butane stream is refluxed back to the column and the balance is sent to storage tanks as an intermediate feed for other units or as commercial butane product. The bottoms gasoline is routed to existing gasoline treating facilities. Condensing for the

Debutanizer is provided by the Deethanizer Upper Side Reboiler, and heat for manufacturing in the Debutanizer is provided by a hot oil reboiler at the bottom of the column.

The Debutanizer Column removes a mixture of n-butane and Isobutane in overhead stream and sends it to OSBL product storage. Bottom of Debutanizer is gasoline cut of feed and is sent to OSBL product storage.

Debutanizer feed enters column above tray #27. Overhead vapor is condensed in tube side of the Deethanizer Upper Side Reboiler. This liquid stream is collected in Debutanizer Reflux Accumulator. Debutanizer Reflux Pumps, one of which is spare, move the liquid back to the column as reflux. Part of this flow is sent back to Reflux Accumulator through FV-1247 as a minimum flow and part is sent to Butane Product Pumps, one of which is spare. From these pumps, the stream is further cooled in the Butane Pre-Cooler before going to WSAC, then to metering (Destination determined by Commercial demand). Liquid level in the Debutanizer Reflux Accumulator is maintained by LT-1146 which adjusts the set point of FIC-1355 at mixed butane metering skid to WTF DIB.

Heavier components of the feed are removed from column sump. This stream goes to Kettle style Debutanizer Reboiler. Vapors generated in reboiler are returned to column below tray #55. A liquid stream exits reboiler and feeds suction of Debutanizer Bottoms Pumps, one of which is spare. From these pumps, the stream is further cooled in Gasoline Pre-Cooler before going to HT-16.029, WSAC, then to metering (Destination determined by Commercial demand). Liquid level in reboiler is maintained by LT-1138 which adjusts set point of FIC-1376 on gasoline metering out to storage.

Frac #12, Manufacturing List of Improvements

Plant Components

- DeEthanizer column
- DePropanizer column
- Debutanizer column
- Wet Surface Air Coolers
- Gas fired regenerant gas heaters

Description of Land

The Land upon which the new buildings or new improvements will be built WILL NOT be a part of the qualified property described by §313.021(2)(A).

431.0 ACRES

FIELD NOTES of a 431.0 acre tract of land situated in the Hannah Nash League, Abstract No.

20, Chambers County, Texas, being out of and a part of the residue of 2214 acres conveyed to Albert N. Nelson, Jr., by Albert N. Nelson, et ux, by deed dated December 31, 1959, and recorded in Volume 218 at Page 248 of the Deed Records of Chambers County, Texas, and a

13.354 acre tract of land conveyed to Albert N. Nelson, Jr., et al, by Chambers County, Texas, by deed dated September 1, 1995, and recorded in Volume 276 at Page 338 of the Official Public Records of Chambers County, Texas. This 431.0 acre tract of land is more particularly described by metes and bounds as follows, to-wit:

NOTE: Bearings indicated hereon are based on field ties to monumentation indicated in a survey map dated December 14, 2010, certified on December 15, 2010, prepared by Michael Chandler and titled, "SURVEY OF TWO TRACTS OF LAND SITUATED IN THE HANNAH NASH SURVEY A-20 CHAMBERS COUNTY, TEXAS".

BEGINNING (P.O.B.-TRACT 1) at a capped iron rod found for the Southeast comer of this tract of land, a Southeast comer of said residue of 2214 acres, the Southwest comer of a 6.854 acre tract of land called Tract 1 conveyed to Missouri Pacific Railroad Company by Albert N. Nelson, Jr., et al, by deed dated August 31, 1995, and recorded in Volume 279 at Page 567 of the Official Public Records of Chambers County, Texas, the Northwest comer of a 1.576 acre easement conveyed to Missouri Pacific Railroad Company by Patti K. Kroll by deed dated August 3, 1995, and recorded in Volume 277 at Page 184 of the Official Public Records of Chambers County, Texas, and in the North line of 117.91 acres conveyed to Patti K. Kroll by Irene Ulrich Massey by deed dated July 3, 1990, and recorded in Volume 184 at Page 85 of the Official Public Records of Chambers County, Texas.

THENCE South 77°53'02" West with the South line of this tract of land, the South line of said residue of 2214 acres, and the North line of said 117.91 acres a distance of 3895.55 feet to a 1/2 inch iron rod found for the Southwest comer of this tract of land, a Southwest comer of said residue of 2214 acres, and the Southeast comer of a 32.35 acre tract of land called Tract 1 awarded to Coastal Industrial Water Authority by instrument dated February 23, 1973, and recorded in Volume 359 at Page 119 of the Deed Records of Chambers County, Texas. From this comer a 5/8 inch iron rod found for the Northwest comer of said 117.91 acres, and the

Northeast corner of 110.79 acres called Parcel "A" conveyed to Coastal Industrial Water Authority by Lillian U. Keyser, et al, by deed dated January 30, 1970, and recorded in Volume

312 at Page 473 of the Deed Records of Chambers County, Texas, bears South 77°53'02" West a distance of 43.87 feet

THENCE North 12°08'29" West with a West line of this tract of land, a West line of said residue of 2214 acres, and an East line of said 32.35 acres, at a distance of 1.57 feet found a 5/8 inch iron rod, in all a total distance of 69.21 feet to a 1/2 inch iron rod found for an interior corner of this tract of land, an interior corner of said residue of 2214 acres, and a Northeast corner of said

32.35 acres.

THENCE South 77°51'31" West with a South line of this tract of land, a South line of said residue of 2214 acres, and a North line of said 32.35 acres a distance of 40.53 feet to a 1/2 inch iron rod found for a Southwest corner of this tract of land, a Southwest corner of said residue of

2214 acres, and an interior corner of said 32.35 acres.

THENCE in a Northerly direction with a West line of this tract of land, a West line of said residue of 2214 acres, an East line of said 32.35 acres, and a curve to the right, having a central angle of 33°56'10", a radius of 735.00 feet, an arc length of 435.34 feet, and a chord bearing and distance of North 04°45'25" East 429.00 feet to a 1/2 inch iron rod found for the point of tangency of this tract of land.

THENCE North 21°20'31" East with a West line of this tract of land, a West line of said residue of 2214 acres, and an East line of said 32.35 acres a distance of 4813.02 feet to a 1/2 inch iron rod found for an angle corner of this tract of land, an angle corner of said residue of 2214 acres, the Northeast corner of said 32.35 acres, and the Southeast corner of a 6.05 acre tract of land conveyed to Coastal Industrial Water Authority by Vera Honsinger, et al, by deed dated June 4,

1971, and recorded in Volume 328 at Page 697 of the Deed Records of Chambers County, Texas.

THENCE North 21°27'31" East with a West line of this tract of land, a West line of said residue of 2214 acres, and an East line of said 6.05 acres a distance of 72.87 feet to a 2 inch iron pipe found for the Northwest corner of this tract of land, the Northwest corner of said residue of 2214 acres, the Southwest corner of a 5.999 acre tract of land conveyed to Shawn Pool by Robert W. Jay, et ux, by deed dated July 13, 2009, and recorded in Volume 1128 at Page 228 of the Official Public Records of Chambers County, Texas, in the North line of said Nash League, and in the South line of the W. B. Bass Survey, Abstract No. 596, Chambers County, Texas.

THENCE North 78°21'04" East with a North line of this tract of land, a North line of said residue of 2214 acres, the North line of said Nash League, the South line of said Bass Survey, and the South line of said 5.999 acres a distance of 823.17 feet to a 2 inch iron pipe found for a Northeast corner of this

tract of land, a Northeast corner of said residue of 2214 acres, and in the occupied West right of way line of Old Hatcherville Road.

2011	BK	VOL
62639	OR	1244

THENCE South 31°56'22" East with an East line of this tract of land, an East line of said residue of 2214 acres, and the occupied West right of way line of Old Hatcherville Road a distance of 42.62 feet to a 1 inch iron pipe found for an interior corner of this tract of land, an interior corner of said residue of 2214 acres, and an angle corner of Old Hatcherville Road.

THENCE North 77°52'50" East with a North line of this tract of land, a North line of said residue of 2214 acres, the South right of way line of Old Hatcherville Road, and the South right of way line of New Hatcherville Road a distance of 2676.93 feet to a 5/8 inch iron rod found bent for the Northeast corner of this tract of land, the Northeast corner of said residue of 2214 acres, and an angle corner of said Hatcherville Road.

THENCE South 13°31'09" East with an East line of this tract of land, an East line of said residue of 2214 acres, and the West right of way line of Hatcherville Road a distance of 1753.00 feet to a 1/2 inch iron rod found for a Southeast corner of this tract of land, a Southeast corner of said residue of 2214 acres, and the North or Northeast corner of a 1.262 acre tract of land called Tract

3 conveyed to Missouri Pacific Railroad Company by Albert N. Nelson, Jr., et al, by deed dated August 31, 1995, and recorded in Volume 279 at Page 567 of the Official Public Records of Chambers County, Texas. From this corner a 1/2 inch iron rod found bent in the West right of way line of Hatcherville Road bears South 13°31'09" East a distance of 826.43 feet.

THENCE South 39°04'00" West with an East line of this tract of land, an East line of said residue of 2214 acres, the West line of said 1.262 acres, the West line of 0.3214 of an acre tract of land called Tract 2, and a 6.854 acre tract of land called Tract 1 conveyed to Missouri Pacific Railroad Company in said deed recorded in Volume 279 at Page 567 of the Official Public Records of Chambers County, Texas, a distance of 1931.82 feet to a 1/2 inch iron rod found for the point of curvature of this tract of land.

THENCE in a Southerly direction with an East line of this tract of land, an East line of said residue of 2214 acres, the West line of said 6.854 acres, an a curve to the left, having a central angle of 26°38'41", a radius of 1960.10 feet, an arc length of 911.52 feet, and a chord bearing and distance of South 25°44'39" West 903.33 feet to a 1/2 inch iron rod found for the point of tangency of this tract of land.

THENCE South 12°25'19" West with an East line of this tract of land, an East line of said residue of 2214 acres, and the West line of said 6.854 acres a distance of 915.31 feet to the **PLACE OF BEGINNING**, containing within said boundaries 431.0 acres of land, more or less.

Barbers Hill ISD
Dr. Greg Poole
PO BOX 1108
Mont Belvieu, TX 77580

Re: Chapter 313 Job Waiver Request; Frac Unit # 12 Chapter 313 Application

Dear Dr. Poole:

Enterprise Products Operating LLC ("Enterprise") respectfully requests that Barbers Hill Independent School District's Board of Trustees waive the job requirement provision as allowed in Section 313.025(f-1) of the tax code in connection with its Frac Unit #12 Chapter 313 Application. This waiver would require that the school District make a finding that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility described in the Enterprise application for the Frac Unit # 12. Enterprise requests that Barbers Hill ISD makes such findings and waive the job creation requirement of twenty five (25) permanent jobs.

Enterprise currently operates multiple plants and facilities in Chambers County and expects to integrate the new facility with existing operations. Based on this and other plant operation experience Enterprise expects to create fifteen (15) permanent jobs for the proposed project. The proposed project is expected to directly create approximately 500 jobs during construction, which will increase the need for local goods and services and generate incremental state and local tax revenue.

The chart below shows the current staffing of similar facilities owned and operated by Enterprise. The Frac Unit # 12 has similar functions to our Fractionator facilities located in Texas, New Mexico and Louisiana. Accordingly, we have used those facilities as a basis for comparison.

COMPARISON OF STAFFING FOR SIMILAR FACILITIES

Facility	FTE <u>Operators</u>	FTE <u>Maintenance</u>	FTE Admin/Supervision/ <u>Safety, etc.</u>	FTE <u>Total</u>
Frac # 9, Mont Belvieu	4	4	4	12*
Frac #4,5,6,7,8, Mont Belvieu	4	4	4	12*
Seminole, Mont Belvieu	5	4	4	13
West Texas, Mont Belvieu	5	4	5	14
Hobbs, New Mexico	10	4	2	16
Port Allen, Louisiana	7	5	1	13
Promix ,Louisiana	5	6	1	12
Tebone, Louisiana	8	5	1	14
Norco, Louisiana	8	5	1	14
Average	7	5	2	13

We have also provided a summary of staffing commitments made by competitors for similar facilities with Chapter 313 Agreements. The summary is set forth below:

COMPARISON OF STAFFING FOR SIMILAR FACILITIES – OTHER COMPANIES

App Number	District Name	Company Name	Jobs Created
193	Barbers Hill ISD	OneOk Hydrocarbon	10
194	Barbers Hill ISD	Cedar Bayou Fractionators	24
195	Barbers Hill ISD	Lone Star NGL Asset Holdings	20
251	Barbers Hill ISD	Lone Star NGL Asset Holdings	10
252	Barbers Hill ISD	OneOk Hydrocarbon	10
333	Barbers Hill ISD	Cedar Bayou Fractionators	8
339	Barbers Hill ISD	Lone Star NGL Asset Holdings	4
1016	Barbers Hill ISD	Lone Star NGL Asset Holdings	4
1035	Barbers Hill ISD	Lone Star NGL Asset Holdings	10
		Average # Jobs Created	11
		Median # Jobs Created	10

Our commitment to create 15 new qualifying jobs exceeds the average and median qualifying jobs for our competitors' similar facilities, and exceeds the average number of FTEs for all of our existing similar facilities.

P.O. Box 4018 Houston, Texas 77210-4018 713.381.6500
1100 Louisiana Street Houston, Texas 77002-41010 www.epplp.com

We believe this facility will promote economic growth and welfare to the community by creating permanent full-time positions. The wages for these positions will be at least above 110% of the Chambers County average wage rate. Additionally, benefits such as medical, dental, and life insurance will be provided, as well as 401K and pension plans.

We appreciate your consideration of the job waiver request and if you have any questions, please feel free to contact me by telephone at 713-381-8071 or by email at ctate@eprod.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Curt Jato", written over a light blue rectangular background.

Sr. Tax Director

Tab # 14

**Schedule A1, A2, B, C and D completed
and signed economic impact**

PROPERTY INVESTMENT AMOUNTS								
(Estimated Investment in each year. Do not put cumulative totals.)								
				Column A	Column B	Column C	Column D	Column E
	Year	School Year (YYYY-YYYY)	Tax Year (Fill in actual tax year below) YYYY	New investment (original cost) in tangible personal property placed in service during this year that will become Qualified Property	New investment made during this year in buildings or permanent nonremovable components of buildings that will become Qualified Property	Other new investment made during this year that will <u>not</u> become Qualified Property [SEE NOTE]	Other new investment made during this year that may become Qualified Property [SEE NOTE]	Total Investment (Sum of Columns A+B+C+D)
Investment made before filing complete application with district	Pre	Year preceding the first complete tax year of the qualifying time period (assuming no deferrals of qualifying time period)	2019	Not eligible to become Qualified Property			[The only other investment made before filing complete application with district that may become Qualified Property is land.]	
Investment made after filing complete application with district, but before final board approval of application								
Investment made after final board approval of application and before Jan. 1 of first complete tax year of qualifying time period				78,792,000				78,792,000
Complete tax years of qualifying time period	QTP1	2020-2021	2020	322,156,100				322,156,100
	QTP2	2021-2022	2021	68,051,900				68,051,900
Total Investment through Qualifying Time Period [ENTER this row in Schedule A2]				469,000,000				469,000,000
				Enter amounts from TOTAL row above in Schedule A2				
				469,000,000				469,000,000
Total Qualified Investment (sum of green cells)				469,000,000				469,000,000

For All Columns: List amount invested each year, not cumulative totals.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application. Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Total Investment: Add together each cell in a column and enter the sum in the blue total investment row. Enter the data from this row into the first row in Schedule A2.

Qualified Investment: For the green qualified investment cell, enter the sum of all the green-shaded cells.

* All investments made through the qualifying time period are captured and totaled on Schedule A1 [blue box] and incorporated into this schedule in the **first row**.

** Only investment made during deferrals of the start of the limitation (after the end of qualifying time period but before the start of the Value Limitation Period) should be included in the "year prior to start of value limitation period" row(s). If the limitation starts at the end of the qualifying time period or the qualifying time period overlaps the limitation, no investment should be included on this line.

*** If your qualifying time period will overlap your value limitation period, do not also include investment made during the qualifying time period in years 1 and/or 2 of the value limitation period, depending on the overlap. Only include investments/years that were **not** captured on Schedule A1.

For All Columns: List amount invested each year, not cumulative totals. Only include investments in the remaining rows of Schedule A2 that were not captured on Schedule A1.

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application. Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Description of Reinvestment Zone

**Order Renewing Enterprise Products Operating LLC 2013
Reinvestment Zone 2013 dated July 10, 2018 is attached**

Guidelines and Criteria for creating Reinvestment Zone are also attached.

**ORDER RENEWING
ENTERPRISE PRODUCTS OPERATING LLC 2013
REINVESTMENT ZONE**

On July 10, 2018, at a regular, public meeting of the Commissioners Court of CHAMBERS COUNTY, TEXAS ("the Court"), the Court conducted a hearing on the application of ENTERPRISE PRODUCTS OPERATING LLC ("Enterprise") for renewal of the ENTERPRISE PRODUCTS OPERATING LLC 2013 REINVESTMENT ZONE ("the Zone").

The Court finds and declares that:

1. The Court has adopted tax abatement guidelines and policies which are now in effect, thereby electing to become eligible to participate in tax abatement and economic development agreements in accordance with the Texas Tax Code ("the Code").
2. On February 26, 2013, the Court designated the Zone by Order to affect tax abatement on qualified investments. In accordance with Chapter 312.203 of the Code, the designation of a reinvestment zone for tax abatement expires five (5) years after the date of designation.
3. The Zone expired on February 25, 2018. Chapter 312.203 of the Code allows for a reinvestment zone to be renewed for a period of 5 years.
4. The request for renewal/re-designation of the Zone was timely submitted by Enterprise and received by the Court.
5. All notices and legal requirements have been given and/or satisfied prior to the consideration by the Court of the renewal of the Zone. Specifically, notice of today's hearing was published in the manner required by law and notice was timely given to the presiding officer of other taxing units of government as required by law.
6. The renewal of the Zone will contribute to the retention or expansion of primary employment and will attract major investment in the Zone that will be a benefit to the property to be included in the Zone and will contribute to the economic development of the County and surrounding area.

7. The improvements sought to be made are feasible and practical and will be a benefit to the land to be included in the Zone.
8. The area requested to be renewed as a reinvestment zone meets the criteria for designation as such in one of more ways as specifically provided by law.
9. The Zone shall take effect upon the effective date of this Order and expire five (5) years thereafter. The Zone may be renewed by the Court for one or more subsequent terms of five (5) years or less.

Therefore, upon motion made by Commissioner Senac seconded by Commissioner Nelson and affirmatively passed, be it RESOLVED and ORDERED by the Court that the 527.514-acre tract of land, more or less, described in the attached Exhibit "ZONE DESCRIPTION" is hereby renewed and re-designated as the ENTERPRISE PRODUCTS OPERATING LLC 2013 REINVESTMENT ZONE and is eligible for manufacturing / industrial tax abatement.

PASSED and ADOPTED July 10, 2018.

CHAMBERS COUNTY, TEXAS

By:

JUDGE JIMMY SYLVIA,
Chambers County Judge

ATTEST:

HEATHER H. HAWTHORNE, County Clerk

NOTICE OF PUBLIC HEARING REGARDING
RENEWAL/REDESIGNATION
OF THE ENTERPRISE PRODUCTS OPERATING LLC 2013
REINVESTMENT ZONE

Notice is given that ENTERPRISE PRODUCTS OPERATING LLC (“ENTERPRISE”) has applied to the Commissioners Court of CHAMBERS COUNTY, TEXAS (“the Court”) for the renewal of the Enterprise Products Operating LLC 2013 Reinvestment Zone (“the Zone”) in accordance with Chapter 312.203 of the Texas Tax Code, thereby permitting ENTERPRISE to seek tax abatement from Chambers County on improvements proposed to be constructed on the property. The Zone is 527.514 acres of land in Chambers County, Texas, largely situated in three tracts as identified in the HANNAH NASH SURVEY, ABSTRACT NO. 20, CHAMBERS COUNTY, TEXAS: (Tract #1 - 88.077 acres; Tract #2 – 8.437 acres; and Tract #3 – 431 acres). The ENTERPRISE Proposal for Tax Abatement and Request for Renewal of the Zone were submitted to the Court on February 13, 2018 and June 26, 2018, respectively.

The required hearing on the renewal/re-designation of the Zone will be conducted by the Court on Tuesday, July 10, 2018, at 10:00 a.m. in the courtroom of the Chambers County Court located in the Chambers County Courthouse, 404 Washington Avenue, Anahuac, Texas 77514. All persons interested in such application or desiring to comment thereon are invited to attend and participate in such hearing.

DATED: June 26, 2018

CHAMBERS COUNTY COMMISSIONERS COURT
ANAHUAC, TEXAS

ENTERPRISE PRODUCTS OPERATING LLC 2013 PROPERTY DESCRIPTION

88.077 ACRES

All that certain tract or parcel of land containing 88.077 acres of land, more or less, being a part of and out of the residue of a called 2,214-acre tract conveyed to Albert N. Nelson, Jr., et al by deed dated August 23, 1950 and recorded in Volume 126, Page 225, Deed Records of the Chambers County (C.C.D.R.), situated in the HANNAH NASH SURVEY, Abstract No. 20, Chambers County, Texas; said 88.077 acre tract being the same property conveyed to Gary R. Nelson by deed dated July 10, 2000 and recorded in Volume 00-464, Page 384, Official Public Records of the Chambers County, Texas (O.P.R.C.C.T.).

8.437 ACRES

Being a tract or parcel of land containing 8.437 acres of land situated in the HANNAH NASH SURVEY, Abstract Number 20, Chambers County, Texas; being all of a called 6.854-acre tract, all of a called 1.262 acre tract, and all of a called 0.3214 acre tract described as "Tracts 1, 2 and 3" conveyed to Missouri Pacific Railroad Company (now known as Union Pacific Railroad Company) as described in deed recorded in Volume 95-279, Page 567 of the Official Public Record of Chambers County, Texas (O.P.R.C.C.T.).

A 431.0-acre tract of land situated in the HANNAH NASH LEAGUE, Abstract No.20, Chambers County, Texas, being out of and a part of the residue of 2,214 acres conveyed to Albert N. Nelson, Jr., by Albert N. Nelson, et ux, by deed dated December 31, 1959, and recorded in Volume 218 at Page 248 of the Deed Records of Chambers County, Texas, and a 13.354 acre tract of land conveyed to Albert N. Nelson, Jr., et al, by Chambers County, Texas, by deed dated September 1, 1995, and recorded in Volume 276 at Page 338 of the Official Public Records of Chambers County, Texas.

GUIDELINES AND CRITERIA FOR TAX ABATEMENT IN CHAMBERS COUNTY

SECTION 1 INTRODUCTION

In recognition of the fact that:

- a.) The creation and retention of job opportunities that bring new wealth is the highest civic priority;
- b.) New jobs and investments will benefit the area economy, provide needed opportunities, strengthen the real estate market and generate tax revenue to support local services;
- c.) The communities within Chambers County must compete with other localities across the nation currently offering tax inducements to attract new plant and modernization projects;
- d.) Any tax incentives offered in Chambers County would reduce needed tax revenue unless strictly limited in application to those new and existing industries that bring new wealth to the community;
- e.) Any tax incentives should not adversely affect the competitive position of existing companies operating in Chambers County;
- f.) The abatement of property taxes, when offered to attract primary jobs in industries which bring in money from outside a community instead of merely recirculating dollars within a community, has been shown to be an effective method of enhancing and diversifying an area's economy; and
- g.) Effective September 1st, 1987, Texas law requires any eligible taxing jurisdiction to establish guidelines and criteria for tax abatement agreements prior to granting tax abatement, said guidelines and criteria to be unchanged for a two-year period unless amended by a three-quarters vote; and Chambers County has developed the following guidelines and criteria for tax abatement.

SECTION 2 DEFINITIONS

- a.) **"Abatement"** means the full or partial exemption from ad valorem taxes of the increase in value of certain real property in a reinvestment zone designated for economic development purposes.
- b.) **"Eligible Jurisdiction"** means Chambers County and any municipality, school district or college district that levies ad valorem taxes upon property located within the proposed or existing reinvestment zone.
- c.) **"Agreement"** means a contractual agreement between a property owner and an eligible jurisdiction for the purpose of tax abatement.
- d.) **"Base Year Value"** means the assessed value of eligible property on the January 1st preceding the execution of the agreement.

- e.) **“Economic Life”** means the number of years a property improvement is expected to be in service in a facility.
- f.) **“Deferred Maintenance”** means improvements necessary for continued operations, which do not improve productivity or alter the process technology.
- g.) **“Expansion”** means the addition of buildings, structures, or fixed machinery or equipment for purposes of increasing production capacity.
- h.) **“Facility”** means property improvements completed or in the process of construction which together comprise an integral whole.
- i.) **“Manufacturing Facility”** means buildings and structures, including fixed machinery and equipment, the primary purpose of which is or will be the manufacture of tangible goods or materials or the processing of such goods or materials by physical or chemical change.
- j.) **“Modernization”** means the replacement and upgrading of existing facilities, which increases the productive input or output, updates the technology or substantially lowers the unit cost of the operation. Modernization may result from the construction, alteration or installation of buildings, structures, of fixed machinery or equipment. It shall not be for the purpose of reconditioning, refurbishing or repairing.
- k.) **“New Facility”** means a property previously undeveloped, which is placed into service, by means other than or in conjunction with expansion or modernization.
- l.) **“Other Basic Industry”** means buildings and structures including fixed machinery and equipment not elsewhere described, used or to be used for the production or products or services and which result in the creation of new permanent jobs and bring in new wealth.
- m.) **“Wholesale Distribution Facility”** means buildings and structures, including fixed machinery and equipment, used or to be used primarily to receive, store, service or distribute goods or materials owned by the facility operator.
- n.) **“Entertainment and Recreation Facility”** means buildings and structures, including fixed machinery and equipment, used or to be used to provide entertainment through the admission of the general public.
- o.) **“Service Facility”** means buildings and structures, including fixed machinery and equipment, used or to be used to service goods.
- p.) **“Research Facility”** means building structures, including fixed machinery and equipment, used or to be used primarily for research or experimentation to improve or develop new tangible goods or materials or to improve or develop the production processes of such goods or materials.

SECTION 3

ABATEMENT AUTHORIZED

- a.) **Authorized Facility.** A facility may be eligible for abatement if it is a: Manufacturing Facility, Research Facility, Wholesale Distribution Facility, Service Facility, Entertainment and Recreation Facility, or other Basic Industry.

- b.) **Creation of New Value.** Abatement may be only be granted for the additional value over the base year value resulting from eligible property improvements made subsequent to and listed in tax abatement agreement between the eligible jurisdiction and the property owner subject to such limitations as the eligible jurisdiction may require.
- c.) **New and Existing Facilities.** Abatement may be granted for new facilities and improvements to existing facilities for purposes of modernization or expansion.
- d.) **Eligible Property.** Abatement may be extended to the value of buildings, structures, fixed machinery and equipment, site improvements plus that office space and related fixed improvements necessary to the operation and administration of the facility.
- e.) **Ineligible Property.** The following types of property shall be fully taxable and ineligible for tax abatement: land; inventories; supplies; tools; furnishings and other forms of movable personal property; vehicles; watercraft; aircraft; housing; deferred maintenance investments; any improvements, including those to produce, store or distribute natural gas, fluids or gases, which are not integral to the operation of the facility; property which has an economic life of less than 15 years; property owned or used by the State of Texas or its political subdivisions or by any organization owned, operated or directed by a political subdivision of the State of Texas.
- f.) **Owned/Leased Facilities.** In order for a facility to qualify for tax abatement, the land and eligible property must be owned and operated by the same individual or company or be leased to a facility operator whose lease term is at least 10 years.
- g.) **Value and Term of Abatement.** Tax Abatement for eligible property shall be granted effective with the January 1st valuation date immediately following the date of execution of the agreement and shall not exceed five (5) years, including construction time. The percentage of the new value created pursuant to the agreement on which taxes will be abated in each of the years for which abatement is granted shall be as follows:

1 st year	100%
2 nd year	100%
3 rd year	75%
4 th year	60%
5 th year	50%

If a modernization project includes facility replacements, the value to which abatement applies shall be the value of the new unit(s) less the value of the old unit(s).

Provided, however, that the value on which abatement is granted in any year shall not exceed the estimated increase in market value (required to be included in the tax abatement agreement in accordance with Section 6 (a), (1) resulting from construction of or improvements to eligible facilities.)

- h.) **Economic Qualification.** In order to be eligible for designation as a reinvestment zone and receive tax abatement, the proposed improvement;
 - (1) Must be reasonably expected to increase the value of property in the amount of \$500,000 or more after the period of abatement has expired;

- (2) Must be reasonably expected to prevent the loss of employment and to create employment at the facility for at least five people on a permanent basis and the owner must agree to exercise its best efforts to insure that 50% of new employees, or a minimum of two (2) employees, are residents of Chambers County, Harris County, Jefferson County, Galveston County, Hardin County and/or Liberty County; 10% of new employees, or a minimum of two (2) employees, are residents of Chambers County; and 5% of new employees, or a minimum of one (1) employee are resident(s) of the city in which the facility is located;
- (3) Must not be expected to solely or primarily have the effect of transferring employment from one part of Chambers County to another; and
- (4) If a new facility, must be necessary because capacity cannot be provided efficiently utilizing existing improved property when reasonable allowance is made for necessary improvements.

Further, the owner of the proposed improvement must make every reasonable effort to use local resources in employees, goods and services at the facility.

- i.) **Taxability.** For tax years beginning on or after the execution of the tax abatement agreement to the end of the agreement period taxes shall be payable as follows;
 - (1) the value of ineligible property as provided in Section 3(e) shall be fully taxable;
 - (2) the base year value of existing eligible property shall be fully taxable; and
 - (3) the value of eligible property shall be taxable in the manner described in Section 3(g).

SECTION 4 APPLICATION

- a.) **Filing of Application.** Any present or potential owner of taxable property in Chambers County may request the creation of a reinvestment zone and tax abatement by filing a written request with the County Judge of Chambers County if the property is located outside of the taxing jurisdiction of a municipality.
- b.) **Content of Application.** The application shall consist of a completed application form accompanied by: a general description of the new improvements to be undertaken; a general descriptive list of the improvements for which an abatement is requested; a list of the kind, number and location of all proposed improvements of the property; a map and/or aerial and location of all proposed improvements of the property; a map and property description; and a time schedule for undertaking and completing the proposed improvements. In the case of modernization, a statement of the assessed value of the facility, separately stated for real and personal property shall be given for the tax year immediately preceding the application. The application form may require such financial and other information as the municipality or County deems appropriate for evaluating the financial capacity and other factors of the applicant.
- c.) **Notice to Eligible Jurisdiction.** Upon receipt and approval of an application, Chambers County shall notify in writing the presiding officer of the governing body of each eligible jurisdiction.

- d.) **Abatement Inapplicable to Prior Projects.** Chambers County shall not establish a reinvestment zone or enter into an abatement agreement if it finds that the request for the abatement was approved by Commissioner's Court after the construction, alteration, or installation of improvements began as related to a proposed modernization, expansion or new facility.
- e.) **Variance.** Requests for variance from the provisions of Subsections (a), (e) and (g) of Section 3 must be made in written form. Such request shall include a complete description of the circumstances explaining why the applicant should be granted a variance.

SECTION 5 PUBLIC HEARING AND APPROVAL

- a.) **Public Hearing for Designation of Zone.** A resolution designating a reinvestment zone may not be adopted until the governing body has held a public hearing at which interested persons are entitled to speak and present evidence for or against the designation. Notice of the hearing shall be published at least seven (7) days prior to the hearing in a newspaper having general circulation in the eligible jurisdiction. The presiding officers of other eligible jurisdictions shall be notified in writing at least (7) days prior to the hearing.
- b.) **Findings Required for Agreement.** In order to enter into a tax abatement agreement, the eligible jurisdiction must find that the terms of the proposed agreement and the subject property meet these guidelines and criteria and that:
 - (1) there will be no substantial adverse effect on the provision of the jurisdiction's service or tax base; and
 - (2) the planned use of the property will not constitute a hazard to public safety, health or morals.

SECTION 6 AGREEMENT

- a.) **Contents of Agreement.** After approval, the eligible jurisdiction shall formally approve and execute an agreement with the owner of the facility which agreement shall include:
 - (1) estimated value to be abated and the base year value;
 - (2) percent of value to be abated each year as provided in Section 3(g);
 - (3) the commencement date and the termination date of abatement;
 - (4) the proposed use of the facility; nature of construction, time schedule, map, property description and improvement list as provided in Section 4(b);
 - (5) contractual obligations in the event of default, violation of terms or conditions, delinquent taxes, recapture, administration and assignment as provided in Sections 3(a), 3(f), 3(g), 7, 8, and 9, or other provisions that may be required for uniformity or by state law; and
 - (6) amount of investment and average number of jobs involved.

Such agreement shall normally be executed within 60 days after the applicant has forwarded all necessary information and documentation to the County. Upon execution of this agreement, it becomes the responsibility of the applicant to file with the County the necessary reports annually certifying employment and investment level as stated in the executed contract.

SECTION 7 RECAPTURE

The tax abatement agreement shall contain provisions for recapture of taxes abated in the event that 1) the improvements for which abatement was granted are not completed in accordance with agreement, 2) the owner allows ad valorem taxes owed the eligible jurisdictions granting abatement to become delinquent and fails to timely and properly follow the legal procedures for protest and/or contest of such taxes, 3) the owner discontinues operating or using the property as required by the agreement, or 4) the owner breaches any of the terms or conditions of the agreement.

SECTION 8 ADMINISTRATION

- a.) **Appraisal and Assessment.** The Chief Appraiser of the County shall annually determine an appraisal of the real and personal property comprising the reinvestment zone. Each year, the company or individual receiving abatement shall furnish the assessor with such information as may be necessary for the abatement. Once value has been established, the Chief Appraiser shall notify the affected jurisdictions, which levy taxes of the amount of the assessment.
- b.) **Access to Property.** The agreement shall stipulate that employees and/or designated representatives of the contracting eligible jurisdiction shall have access to the subject property during the term of the abatement to inspect the facility to determine if the terms and conditions of the agreement are being met. All inspections will be made only upon twenty-four (24) hours prior notice and will only be conducted in such manner as to not unreasonably interfere with the construction and/or operation of the facility.
- c.) **Annual Evaluations.** Upon completion of construction, the jurisdiction creating the reinvestment zone shall annually evaluate each facility receiving abatement to ensure compliance with the agreement and report possible violations of the agreement to the eligible jurisdictions.

SECTION 9 ASSIGNMENT

A tax abatement agreement may not be assigned unless written consent is first granted by the eligible jurisdiction that has entered into the agreement, which consent shall be at the sole discretion of such eligible jurisdiction. Any assignment shall provide that the assignee shall irrevocably and unconditionally assume all the duties and obligations of the assignor upon the same terms and conditions as set out in the agreement. Any assignment of a tax abatement agreement shall be to an entity that contemplates the same improvements to, and operation of the property as the assignor, except to the extent such improvements have been completed. No assignment shall be approved by an eligible jurisdiction if the assignor or the assignee is indebted to the eligible jurisdiction for ad valorem taxes or other obligations.

SECTION 10
SUNSET PROVISIONS

- a.) These guidelines and criteria are effective upon the date of their adoption and will remain in force for two years, at which time all reinvestment zones and tax abatement contracts created pursuant to its provisions will be reviewed by the County to determine whether the goals have been achieved. Based on that review, the guidelines and criteria will be modified, renewed or eliminated.
- b.) This policy applies only to the tax abatement under the provisions of Chapter 312. Property Redevelopment and Tax Abatement Act, Texas Tax Code.

APPLICATION FOR TAX ABATEMENT IN CHAMBERS COUNTY, TX

This application should be filed at least 90 days prior to the proposed date for beginning of construction or the installation of fixed machinery and equipment. **Projects that have begun construction (including earthwork) prior to County approval of final contracts are ineligible.** The filing of this document acknowledges familiarity and conformance with Guidelines and Criteria for Tax Abatement in Chambers County (attached). This application will become part of the agreement and any knowingly false representations will be grounds to void the agreement. Original copy of this request should be submitted to the County Judge Jimmy Sylvia, 404 Washington Avenue, P. O. Box 939, Anahuac, Texas 77514 if the property is located outside the corporate limits of a municipality. If the property is within the corporate limits of a municipality, the application should be submitted to the city manager of the municipality or city administrator. Note: Approval of this application is only 1 step in securing tax abatement. The applicant must provide other legal documents.

Upon approval, the applicant must maintain membership in the Baytown-West Chambers County Economic Development Foundation, commencing the date of agreement and extending for the term of this agreement, at the standard rate for similar size companies as established by the Foundation.

INSTRUCTIONS

Applicant and projects must meet the requirements established in the Guidelines and Criteria (attached) in order to receive positive consideration. Section 3 of the Guidelines, for example, sets out improvements, terms and economic qualifications. Conformance with all sections, however, is required for eligibility.

APPLICANT INFORMATION

The taxing unit may consider applicant's financial capacity in determining whether to enter into an abatement agreement. Established companies for which public information is available, or the wholly owned businesses of such companies, should include with the application a copy of their latest annual report to stockholders. Other applicants and new companies should attach a statement showing when the company was established; business references (name, contact and telephone number of principal bank, accountant and attorney) and may be required to submit an audited financial statement and business plan.

PROJECT INFORMATION

Only facilities listed in Section 3(a) of the Guidelines may receive abatement without applying for a variance. Check guideline definitions in Section 2 to confirm project qualification.

ECONOMIC INFORMATION

Permanent Employment Estimates – In estimating the permanent employment, include the total number of jobs retained or created at this site by your firm as well as known permanent jobs of service contractors required for operation.

Estimated Appraised Value on Site – The value January 1st preceding abatement should be the value established by the Chambers County Appraisal District. If the applicant must estimate value because the taxable value is not known or is combined with other properties under a single tax account, please so state. To qualify, the abated properties must be expected to result in an addition to the tax base of at least five hundred thousand dollars (\$500,000.00) after the period of abatement expires. Projections of value should be a “best estimate” based on taxability in Texas. The projection of project values not abated should include personal property and ineligible project-related improvements such as office space in excess of that used for plant administration, housing, etc.
