Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

Detailed Description of Project

The Texas Solar Nova 1 (aka Kent 3 Solar, TX Kent 3, TX Kent 3 Solar, Kent3 Solar Site) project will be an approximately 252 MW AC photovoltaic solar power generation facility that would be built on approximately 1,701 acres out of the reinvestment zone (Tab 16) of privately owned land in Kent County, Texas. The site is currently located in the southeast portion of the reinvestment zone which is surrounded by County Road 235 to the north and west, County Road 229 to the south, State Highway 1081 to the east and County Road 233 across the center portions of the reinvestment zone in an east to west direction. Currently the site is undeveloped and consists of a mixture of scrub ground cover and desert grasslands.

The Texas Solar Nova 1 project will consist of, but not be limited to solar photovoltaic modules, single axis tracking systems, driven-pile foundations, DC wiring, DC/AC inverters, medium voltage step-up transformers, AC cabling, Operations & Maintenance building and a central substation with protective circuit breakers and switchgear including a high voltage step-up transformer.

Documentation to assist in determining if limitation is a determining factor

Section 8, #2: Has the applicant entered into any agreements, contracts or letters of intent related to the proposed project?

Texas Solar Nova 1, LLC has begun typical due course, early stage due diligence to explore feasibility of constructing the solar facilities at this site. As such, certain contracts have been executed, including lease and easement agreements with landowners, contracts with environmental contractors to explore environmental impacts of the proposed project, and an Interconnection Study Agreement (GINR 19INR0001 assigned in November 2015 shared with two other projects) with the transmission provider. None of these contracts obligate Texas Solar Nova 1 to construct the project.

Section 8, #7 & #10: Is the applicant evaluating other locations not in Texas for the proposed project?

Are you submitting information to assist in the determination as to whether the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in Texas?

Clearway Energy has a 9GW portfolio of solar & wind projects under development across 24 States, including in the nearby states of New Mexico, Oklahoma, and Kansas, which have similar resources and regulatory environments. While Texas Solar Nova 1 is specific to Kent County Texas, Clearway is developing multiple projects within Texas. The decision to pursue projects and contribute limited capital, human, and solar resources is largely predicated on the economic return for a project and is constantly compared to returns from other locations within and outside of Texas. Clearway must pick the best projects to advance as a company, and the economic return is a primary determinant for this decision.

Without the available tax incentives, the economics of the project become far less attractive and the likelihood of completing the project and selling the electricity at competitive prices becomes unlikely. If the Texas Solar Nova projects are not able to obtain a value limitation agreement, the projects would most likely be terminated and resources would be allocated to projects with more favorable economics that can also offer competitive power prices.

Other School District Information

The entire project will be located within the jurisdiction of the Jayton-Girard School District.

Description of Qualified Investment

The Texas Solar Nova 1 (aka Kent 3 Solar, TX Kent 3, TX Kent 3 Solar, Kent3 Solar Site) project will be an approximately 252 MW AC photovoltaic solar power generation facility that would be built on approximately 1,701 acres out of the reinvestment zone (Tab 16) of privately owned land in Kent County, Texas. The site is currently located in the southeast portion of the reinvestment zone which is surrounded by County Road 235 to the north and west, County Road 229 to the south, State Highway 1081 to the east and County Road 233 across the center portions of the reinvestment zone in an east to west direction. Currently the site is undeveloped and consists of a mixture of scrub ground cover and desert grasslands.

The Texas Solar Nova 1 project will consist of, but not be limited to solar photovoltaic modules, single axis tracking systems, driven-pile foundations, DC wiring, DC/AC inverters, medium voltage step-up transformers, AC cabling, Operations & Maintenance building and a central substation with protective circuit breakers and switchgear including a high voltage step-up transformer.

RE: Texas Solar Nova 1, LLC Job Requirement Waiver Request

Superintendent Overbo:

Please consider this letter to be Texas Solar Nova 1, LLC's formal request to waive the minimum new job creation Requirement, as provided under Texas Tax Code 313.025(f-l).

As background information on the creation of full-time jobs for solar energy projects, these projects create a large number of temporary full-time jobs during the construction phase, but require only a small number of highly skilled employees to operate and maintain the facility once construction ends and commercial operations begin. The permanent employees of a solar project maintain and service solar panels, mounting racks and trackers, underground electrical connections, inverters, substations and related infrastructure. Additionally, there are also asset managers who supervise, monitor and support solar operations from offsite locations.

The solar industry standard for the number of permanent qualifying jobs necessary for the operation and maintenance of a solar facility is less than the minimum new qualifying jobs requirement. For a typical facility, two (2) jobs are created for a plant up to 250 MWac increasing to four (4) for projects larger than 250 MWac. Therefore, consistent with solar industry standards and based on the anticipated needs of the planned 252 MWac facility, Texas Solar Nova 1, LLC is committed to creating four (4) new qualifying jobs.

Texas Solar Nova 1, LLC respectfully requests that the Jayton-Girard ISD's Board of Trustees waive the new jobs requirement for its application and find that the industry standard for the number of employees is less than the minimum new jobs creation requirement.

Respectfully,

A handwritten signature in blue ink, consisting of a series of loops and a final horizontal stroke.

ORDER NO _____

IN RE: REVIEW OF TAX ABATEMENT § COMMISSIONERS COURT
GUIDELINES AND CRITERIA § OF
§ KENT COUNTY

The Kent County Commissioners' Court did convene in regular term the 12th day of JUNE, 2017 with a quorum present and did issue the following order to wit:

Whereas, on the 12th day of November, 2007 the Kent County Commissioners' Court adopted Tax Abatement Guidelines and Criteria for Kent County to establish a uniform policy of tax abatement for owners or lessees of eligible facilities willing to execute tax abatement contracts designed to provide long-term significant positive economic impact to the community. These guidelines are effective upon the date of their adoption and will remain in force for TWO YEARS at which time all reinvestments zones and tax abatement agreements created pursuant to these provisions will be reviewed.

Based on our review the Tax Abatement Guidelines and Criteria were extended on November 9th, 2009, April 23, 2012 and April 14, 2014 by the Commissioners' Court. The last reinvestment zone in Kent County (Mozart, Wind Project reinvestment zone was created on April 15, 2011), is still active and the hope that other situations and possibilities might arise still exist in Kent County and it is the determination of the Court that these Tax Abatement Guidelines and Criteria should remain in force and be renewed.

THEREFORE it is the order of the Kent County Commissioners' Court based on this **JUNE 12, 2017** review that the Tax Abatement Guidelines and Criteria be renewed for an additional two year term.

Signed on the 12TH day of JUNE, 2017

ATTEST:

**KENT COUNTY
STATE OF TEXAS**

TAX ABATEMENT GUIDELINES AND CRITERIA

The following Guidelines and Criteria have been adopted by the Kent County Commissioners' Court to establish a uniform policy of tax abatement for owners or lessees of eligible facilities willing to execute tax abatement contracts designed to provide long-term significant positive economic impact to the community by utilizing the area contractors and work force to the maximum extent feasible, and by developing, redeveloping, and improving property, except as otherwise provided.

In order to be eligible for designation as a Reinvestment Zone and receive tax abatement, the planned improvement:

1. Must be reasonably expected to have an increase in positive net economic benefit to Kent County of at least \$1,000,000.00 over the life of the abatement, computed to include (but not limited to) new sustaining payroll and/or capital improvement. The creation of (number and type) of new jobs will also factor into the decision to grant an abatement; and,
2. Must not be expected to solely or primarily have the effect of transferring employment from one part of Kent County to another.

In addition to the criteria set forth above, the Kent County Commissioners' Court reserves the right to negotiate a Tax Abatement Agreement in order to compete favorably with other communities.

Only that increase in the fair market of the property directly resultant from the development, redevelopment, and improvement specified in the contract will be eligible for abatement and then only to the extent that such increase exceeds any reduction in the fair market value of the other property of the applicant located within the jurisdiction creating the Reinvestment Zone.

All abatement contracts will be no longer than allowed by law.

It is the goal of Kent County to grant tax abatements on the same terms and conditions as the other taxing units having jurisdiction of the property. However, nothing herein shall limit the discretion of the Kent County Commissioners' Court to consider, adopt, modify or decline any tax abatement request.

This policy is effective as of the date adopted by the Kent County Commissioners' Court and shall at all times be kept current with regard to the needs of Kent County and reflective of the official views of the County Commissioners' Court. These Guidelines and Criteria shall be reviewed every

two (2) years.

The adoption of these guidelines and criteria by the Kent County Commissioners' Court does not:

1. Limit the discretion of the governing body to decide whether to enter into a specific Tax Abatement Agreement;
2. Limit the discretion of the governing body to delegate to its employees the authority to determine whether or not the governing body should consider a particular application or request for tax abatement; or,
3. Create any property, contract, or other legal right in any person to have the governing body consider or grant a specific application or request for tax abatement.

- (2) Type and value of proposed improvements;
- (3) Productive life of proposed improvements;
- (4) Number of existing jobs to be retained by proposed improvements;

- (6) Amount of local payroll to be created;
- (7) Whether the new jobs to be created will be filled by persons residing or projected to reside within affected taxing jurisdiction;

- (10) The amount of ad valorem taxes to be paid to Kent County during the abatement period considering (a) the existing values, (b) the percentage of new value abated, (c) the abatement period, and (d) the value after expiration of the abatement period;
- (11) The population growth of Kent County that occurs directly as a result of new improvements;

Each eligible facility shall be reviewed on its merits utilizing the factors provided above. After such review, abatement may be denied entirely or may be granted to the extent deemed appropriate after full evaluation.

I. Denial of Abatement. Neither a reinvestment zone nor abatement agreement shall be authorized if it is determined that:

- (1) There would be substantial adverse effect on the provision of government services or tax base;
- (2) The applicant has insufficient financial capacity;
- (3) Planned or potential use of the property would constitute a hazard to public safety, health, or morals;
- (4) Violation of other codes or laws; or
- (5) Any other reason deemed appropriate by Kent County.

J. Taxability. From the execution of the abatement to the end of the agreement period, taxes shall be payable as follows:

- (1) The value of ineligible property as provided in Section II (E) shall be fully taxable; and
- (2) The base year value of existing eligible property as determined each year shall be fully taxable.

The additional value of new eligible property shall be fully taxable at the end of the abatement period.

APPLICATION - SECTION III

- A. Any present or potential owner of taxable property in Kent County may request the creation of a reinvestment zone and tax abatement by filing a written application with the County Judge of Kent County.
- B. The application shall consist of a general description of the new improvements to be undertaken; a descriptive list of the improvements for which an abatement is requested; a list of the kind, number and location of all proposed improvements of the property; a map and property description; a time schedule for undertaking and completing the proposed improvements. In the case of modernization, a statement of the assessed value of the facility, separately stated for real and personal property, shall be given for the tax year immediately preceding the application. The County may require such financial and other information as deemed appropriate for evaluating the financial capacity and other factors pertaining to the applicant, to be attached to this application. The completed application must be accompanied by the payment of a non-refundable application fee for administrative costs associated with the processing of the tax abatement request. All checks in payment of the administrative fee shall be made payable to Kent County. For abatement requests for improvements with a planned value equal to or in excess of \$1,000,000.00 the fee shall be ONE THOUSAND AND NO/100 DOLLARS (\$1,000.00).
- C. Kent County shall give notice as provided by the Property Tax Code, including written notice to the presiding officer of the governing body of each taxing unit in which the property to be subject to the agreement is located, not later than seven (7) days before the public hearing, and publication in a newspaper of general circulation within such taxing jurisdiction not later than the seventh day before the public hearing before acting upon application, Kent County shall, through public hearing, afford the applicant and the designated representative of any governing body referenced herein above, and the public the opportunity to show cause why the abatement should or should not be granted.
- D. If a city within Kent County designates a reinvestment zone within its corporate limits and enters into or proposes to enter into an abatement agreement with a present or potential owner of a taxable property, such present or potential owner of taxable property may request tax abatement by Kent County by following the same application process described in Section III (A) hereof. No other notice of hearing shall be required except compliance with the open meetings act unless the Commissioners' Court deems them necessary in a particular case.

AGREEMENT - SECTION IV

- A. After approval, the Commissioners' Court of Kent County shall formally pass a resolution and execute an agreement with the owner of the facility and lessee as required which shall:
1. Include a list of the kind, number and location of all proposed improvements to the property;
 2. Provide access to and authorize inspection of the property by the taxing unit to insure compliance with the agreement;
 3. Limit the use of the property consistent with the taxing unit's development goals;
 4. Provide for recapturing property tax revenues that are lost if the owner fails to make improvements as provided by the agreement;
 5. Include each term that was agreed upon with the property owner and require the owner to annually certify compliance with the terms of the agreement to each taxing unit; and
 6. Allow the taxing unit to cancel or modify the agreement at any time if the property owner fails to comply with the terms of the agreement.
- B. The owner of the facility and Lessee shall also agree to the following:
1. A specified number of permanent full time jobs at facility shall be created, and the owner and Lessee shall make reasonable efforts to employ persons who are residents of Kent County in such jobs, provided, however, that there shall be no obligation to employ residents who are not:
 - a. Equally or more qualified than nonresidents applicants;
 - b. Available for employment on terms and/or salaries comparable to those required by nonresident applicants; or
 - c. Able to become qualified with 72 hours training provided by Owner
 2. Each person employed in such job shall perform a portion, if not all, of their work in Kent County
 3. Owner shall agree that it and its contractors, if any, will use reasonably commercial efforts to maximize its use of goods and services available through Kent County businesses in the construction, operation and maintenance of the improvements and the project; provided, however, that there shall be no requirement to use goods and services provided by Kent County residents that are not:

- a. Of similar quality to those provided by nonresidents; or
 - b. Made available on terms and conditions (including pricing) comparable to those offered by nonresidents. Comparable price shall be defined as less than or equal to 105% of the nonresident price for equivalent quality, conditions and terms.
- 4. Owner or its construction contractor, if any, shall designate a coordinator of local services who will act as liaison between any individual who are interested in obtaining information about providing goods or services related to the construction of the project. Additionally, Owner or its construction contractor, if any, shall advertise in local newspapers in Kent County for local contractors to perform work on the construction project
 - 5. On May 1st of each year that the agreement shall be in effect, Owner shall certify to the County Judge of Kent County, and to the governing body of each taxing unit, that Owner is in compliance with each applicable term set fourth above.

Such agreement shall normally be executed within sixty (60) days after the applicant has forwarded all necessary information and documentation to the Commissioners' Court.

RECAPTURE - SECTION V

- A. In the event that the applicant or its assignee (1) allows its ad valorem taxes owed to Kent County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest; or (2) violates any of the terms and conditions of the abatement agreement and fails to cure during the cure period, the agreement then may be terminated and all taxes previously abated by virtue of the agreement will be recaptured and paid within thirty (30) days of the termination.
- B. Should Kent County determine that the applicant or its assignee is in default according to the terms and conditions of its agreement, Kent County shall notify the company or individual in writing at the address stated in the agreement, and, if such is not cured within the time set forth in such notice ("Cure Period"), then the agreement may be terminated.

ADMINISTRATION - SECTION VI

- A. The Chief Appraiser of the Kent County Appraisal District will annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year, the company or individual receiving abatement shall furnish the appraiser with such information as may be necessary for the abatement. Once value has been established, the Chief Appraiser will notify the Commissioners' Court of Kent County of the amount of the assessment.

- B. Kent County may execute a contract with any other jurisdiction(s) to inspect the facility to determine if the terms and conditions of the abatement agreement are being met. The abatement agreement shall stipulate that employees and/or designated representatives of Kent County will have access to the reinvestment zone during the term of the abatement to inspect the facility to determine if the terms and conditions of the agreement are being met. All inspections will be made only after the giving of twenty-four (24) hours prior notice and will only be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the facility. All inspections will be made with one or more representatives of the company or individual and in accordance with its safety standards.
- C. Upon completion of construction, the designated representative of Kent County shall annually evaluate each facility receiving abatement to insure compliance with the agreement. A formal report shall be made to the Commissioners' Court.

ASSIGNMENT - SECTION VII

The abatement agreement may be transferred and assigned by the holder to a new owner or lessee of the same facility upon the approval by resolution of the Commissioners' Court of Kent County, subject to the financial capacity of the assignee and provided that all conditions and obligations in the abatement agreement are guaranteed by the execution of a new contractual agreement and/or assumption agreement with Kent County. No assignment or transfer shall be approved if the parties to the existing agreement, the new owner or new lessee are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably delayed or withheld.

SUNSET PROVISION - SECTION VIII

These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two (2) years, unless amended by three-quarters vote of the Commissioners' Court of Kent County, at which time all reinvestment zones and tax abatement agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved.
