Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

La Chalupa, LLC (La Chalupa) is requesting an appraised value limitation from Los Fresnos Consolidated Independent School District (CISD) for the La Chalupa Project (the "Project"), a proposed wind powered electric generating facility in Cameron County. The proposed Los Fresnos CISD Project (this application) will be constructed within an existing Enterprise Zone as Cameron County is considered a Distressed County. A map showing the location of the project is included in TAB 11.

The proposed Project is anticipated to have a capacity of approximately 151.2 MW located in Los Fresnos CISD. The exact number and location of wind turbines and size of each turbine will vary depending upon ongoing wind and siting analysis, turbine manufacturer's availability, prices, and the megawatt generating capacity of the Project when completed. Current estimated plans are to install 48 of the 3.15 MW Acciona Wind turbines with all turbines located in Los Fresnos CISD. The Applicant requests a value limitation for all facilities and equipment installed for the Project, including but not limited to, wind turbines, towers, foundations, roadways, an O&M building, meteorological towers, collection system, communication system, electric switchyard, electric transformers, transmission line and associated towers, and interconnection facilities.

Full construction of the Project is anticipated to begin in the 1st Quarter of 2020 with completion by December 31, 2020.

**NOTE:* The map in TAB 11 shows the potential locations of 48 of the wind turbines, an O&M building within Los Fresnos CISD boundaries; however, the final number of turbines and the location of each of these facilities is dependent upon ongoing negotiations with power purchasers and other factors.
