RE: Application to the Ingleside Independent School District from Air Liquide Large Industries US LP

To the Local Government Assistance & Economic Analysis Division:

By copy of this letter transmitting the application for review to the Comptroller's Office, the Ingleside Independent School District is notifying Air Liquide Large Industries US LP of its intent to consider the application for appraised value limitation on qualified property should a positive certificate be issued by the Comptroller. Please prepare the Economic Impact Report.

The Applicant submitted the Application to the school district on February 10, 2020. The Board voted to accept the application on February 10, 2020. The application has been determined complete as of February 21, 2020. The Applicant has provided the schedules in both electronic format and paper copies. The electronic copy is identical to the hard copy that will be hand delivered.

A copy of the application will be submitted to the San Patricio County Appraisal

District.

Sincerely,

Kevin O'Hanlon
School District Consultant

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

 6a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at comptroller.texas.gov/economy/local/ch313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district? 30,000,000.00
2. What is the amount of appraised value limitation for which you are applying? 30,000,000.00
Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? ☒ Yes ☐ No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
 - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
 - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
 - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? ☒ Yes ☐ No

SECTION 12: Qualified Property

1. Attach a detailed description of the qualified property. [See §313.021(2)] (If qualified investment describes qualified property exactly, you may skip items a, b and c below.) The description must include:
- a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 8**);
 - a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (**Tab 8**); and
 - a map of the qualified property showing location of new buildings or new improvements with vicinity map (**Tab 11**).
2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)? ☐ Yes ☒ No
- 2a. If yes, attach complete documentation including:
- legal description of the land (**Tab 9**);
 - each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (**Tab 9**);
 - owner (**Tab 9**);
 - the current taxable value of the land. Attach estimate if land is part of larger parcel (**Tab 9**); and
 - a detailed map showing the location of the land with vicinity map (**Tab 11**).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? ☐ Yes ☒ No
- 3a. If yes, attach the applicable supporting documentation:
- evidence that the area qualifies as a enterprise zone as defined by the Governor's Office (**Tab 16**);
 - legal description of reinvestment zone (**Tab 16**);
 - order, resolution or ordinance establishing the reinvestment zone (**Tab 16**);
 - guidelines and criteria for creating the zone (**Tab 16**); and
 - a map of the reinvestment zone or enterprise zone boundaries with vicinity map (**Tab 11**).
- 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date. What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone? 2nd Qtr 2020

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In **Tab 10**, attach a specific and detailed description of all **existing property**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In **Tab 10**, attach a specific and detailed description of all **proposed new property that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (question 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property listed in response to questions 1 and 2 of this section, provide the following supporting information in **Tab 10**:
- maps and/or detailed site plan;
 - surveys;
 - appraisal district values and parcel numbers;
 - inventory lists;
 - existing and proposed property lists;
 - model and serial numbers of existing property; or
 - other information of sufficient detail and description.
4. Total estimated market value of existing property (that property described in response to question 1): \$ 0.00
5. In **Tab 10**, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property (that property described in response to question 2): \$ 0.00

Note: Investment for the property listed in question 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

Air Liquide's proposed project includes the design and construction of a new air separation unit (ASU) for the production of nearly 2,000 tons per day of oxygen, nitrogen, and argon, in both gaseous and liquid form. The ASU will be connected to a network of existing ASUs along Air Liquide's gaseous oxygen and nitrogen pipeline system which spans 350 miles from Lake Charles, LA to Corpus Christi, TX, and which supplies gaseous oxygen and nitrogen to numerous industrial customers along the Gulf Coast. Liquid oxygen, liquid nitrogen and liquid argon from the ASU will be delivered by Airgas (Air Liquide's liquid distribution company) to mainly industrial, medical and food packaging customers along the Gulf Coast and beyond.

The proposed facility will consist of the main ASU, as well as storage tanks for the liquid products, requiring approximately 3 acres of land. One location under consideration for the proposed facility is in Ingleside, TX, where land is available adjacent to an existing Air Liquide ASU. Air Liquide is also considering alternate locations along its pipeline system in Louisiana.

Start of construction for the proposed facility is planned for October 2020 and start of operations for October 2021. Approximately 150 contract personnel will be needed for construction and 3 full time Air Liquide employees for operations. The capital estimate for the project is \$65,000,000.

Below is a list of the major equipment comprising the complex:

- Main air compressor
- Air purification system
- Distillation columns
- Nitrogen compressor
- Liquid product storage tanks
- Liquid product vaporizers
- Cryogenic liquid pumpsHeat exchangers
- Cooling water tower
- Electrical switchgear
- Instrumentation and control valves
- Industrial gas loading and unloading equipment
- Industrial gas piping and pipe racks
- Structural foundations and supports

TAB 5

Documentation to assist in determining if the limitation is a determining factor for the project.

Air Liquide is the world leader in gases, technologies, and services for industry and health. Air Liquide is present in 80 countries with approximately 65,000 employees and serves more than 3.5 million customers and patients. Oxygen, nitrogen and hydrogen are essential small molecules for life, matter and energy and have been at the core of the company's activities since its creation in 1902.

Air Liquide's Large Industries World Business Line provides gases to customers in the refining, chemicals, energy and metallurgical industries. These gases are vital to the production processes of customers in such sectors. The Group's gas and energy solutions enable businesses to reconcile optimal productivity concerning the environment. Air Liquide is the undisputed world leader in this sector. Large Industries is representative of both Air Liquide's historical expertise and the technologies of the future. The World Business Line establishes its presence around the world through its design and installation of more than 400 air separation units (ASU's), some 100 hydrogen production plants (of which 38 are significant units), and 18 cogeneration units.

This presence is strengthened by the Group's vast pipeline network, which allows Air Liquide to meet the air gas and hydrogen requirements of significant customers in some of the world's largest industrial basins in the United States, Europe, and Asia. This project can be built and installed anywhere on the Gulf Coast pipeline network that runs from Corpus Christi, TX to Lake Charles, LA.

The applicant requires this appraised value limitation to move forward with the development of the project. Without this appraised value limitation, the impact of comparatively high Texas property taxes on the cost of the project does not allow the project to compete for global customers against similar projects operated by competitors of Air Liquide in the U.S. and around the world. Without this appraised value limitation, Air Liquide would have to consider making this investment at another site strongly. Approval of this Value limitation application allows us to enhance our economic impact in Texas and contribute to the overall economy.

Re: Chapter 33 Job Waiver Request

Dear Superintendent Mircovich:

Air Liquide Large Industries U.S., LP requests the Ingleside Independent School District's Board of Trustees to waive the job requirements provision as allowed by §313.025(f-1) of the Property Tax Code. The waiver would be based on the school district's board findings that the job creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility for which Air Liquide describes on our application.

Air Liquide requests the Ingleside Independent School District's Board of Trustees to make such a finding and waive the job requirement for the ten permanent jobs. The finding would be in line with the industry's standards for job requirements. Air Liquide has committed to creating three new jobs for the project, which will be qualifying positions.

Air Liquide is an industry leader in the design, construction, installation and staffing needs for over 402 air separation units worldwide. We are a leader in the industry who believe that the three new permanent jobs are the optimal staffing level for the new plant.

Kind Regards,

David Ngo
