RE: Long Point Solar, LLC Application for Appraised Value Limitation on Qualified Property

Superintendent Hayward:

In accordance with Section 313 of the Texas Property Tax Code, please find attached an application for an appraised value limitation on qualified property between Long Point Solar, LLC and Damon Independent School District.

Long Point Solar, LLC is a 100 MW/AC solar energy generation project, with an additional 100 MW battery energy storage system. The project is proposed to be located within a proposed reinvestment zone in Brazoria County within Damon Independent School District.

Enclosed are additional details and further information regarding the description, location, qualified investment, and job creation associated with the development of Long Point Solar, LLC.

If you have any questions or would like to request further information, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink that reads "Mike Fry". The signature is written in a cursive, flowing style.

Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Texas Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the completed application to the Comptroller, separating each section of the documents. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, and has determined that all assertions of confidentiality are appropriate, the Comptroller will publish all submitted non-confidential application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller's rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project and issue a certificate for a limitation on appraised value to the school board regarding the application by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete by the Comptroller), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at comptroller.texas.gov/economy/local/ch313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

6. Is the project located entirely within the ISD listed in Section 1?
- ☒
- Yes
- ☐
- No

6a. If no, attach in **Tab 6** maps of the entire project (depicting all other relevant school districts) and additional information on the project scope and size. Please note that only the qualified property within the ISD listed in Section 1 is eligible for the limitation from this application. Please verify that all information in **Tabs 7 and 8**, Section 11, 12 and 13, and map project boundaries pertain to only the property within the ISD listed in Section 1.

7. Did you receive a determination from the Texas Economic Development and Tourism Office that this proposed project and at least one other project seeking a limitation agreement constitute a single unified project (SUP), as allowed in §313.024(d-2)?
- ☐
- Yes
- ☒
- No

7a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Texas Tax Code 313.021(1) Qualified Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at comptroller.texas.gov/economy/local/ch313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district?
- \$ 10,000,000.00

2. What is the amount of appraised value limitation for which you are applying?
- \$ 20,000,000.00

Note: The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.

3. Does the qualified investment meet the requirements of Tax Code §313.021(1)?
- ☒
- Yes
- ☐
- No

4. Attach a description of the qualified investment [See §313.021(1).] The description must include:

- a specific and detailed description of the qualified investment you propose to make within the project boundary for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
- a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
- a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).

5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period?
- ☒
- Yes
- ☐
- No

SECTION 12: Texas Tax Code 313.021(2) Qualified Property

1. Attach a detailed description of the qualified property. [See §313.021(2)] The description must include:

- a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 8**);
- a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your qualified property (**Tab 8**);
- a map or site plan of the proposed qualified property showing the location of the new buildings or new improvements inside the project area boundaries within a vicinity map that includes school district, county and reinvestment zone boundaries (**Tab 11**); and
- Will any of the proposed qualified property be used to renovate, refurbish, upgrade, maintain, modify, improve, or functionally replace existing buildings or existing improvements inside or outside the project area? ☐ Yes ☒ No

Note: Property used to renovate, refurbish, upgrade, maintain, modify, improve, or functionally replace existing buildings or existing improvements inside or outside the project area cannot be considered qualified property and will not be eligible for a limitation. See TAC §9.1051(16).

SECTION 12: Texas Tax Code 313.021(2) Qualified Property (*continued*)

2. Is the land upon which the new buildings or new improvements will be built part of the qualified property described by §313.021(2)(A)? ☐ Yes ☒ No
- 2a. If yes, attach complete documentation including:
- legal description of the land (**Tab 9**);
 - each existing appraisal parcel number of the land on which the new improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property (**Tab 9**);
 - owner (**Tab 9**);
 - the current taxable value of the land, attach estimate if land is part of larger parcel (**Tab 9**); and
 - a detailed map showing the location of the land with vicinity map (**Tab 11**).
3. Is the land on which you propose new construction or new improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? ☐ Yes ☒ No
- 3a. If yes, attach the applicable supporting documentation:
- evidence that the area qualifies as an enterprise zone as defined by the Governor's Office (**Tab 16**);
 - legal description of reinvestment zone (**Tab 16**);
 - order, resolution or ordinance establishing the reinvestment zone (**Tab 16**);
 - guidelines and criteria for creating the zone (**Tab 16**); and
 - a map of the reinvestment zone or enterprise zone boundaries with vicinity map (**Tab 11**)
- 3b. If no, submit detailed description of proposed reinvestment zone or enterprise zone with a map indicating the boundaries of the zone on which you propose new construction or new improvements to the Comptroller's office within 30 days of the application date.
- What is the anticipated date on which you will submit final proof of a reinvestment zone or enterprise zone? Please See Tab 16

SECTION 13: Information on Property Not Eligible to Become Qualified Property

1. In **Tab 10**, attach a specific and detailed description of all **existing property within the project boundary**. This includes buildings and improvements existing as of the application review start date (the date the application is determined to be complete by the Comptroller). The description must provide sufficient detail to locate all existing property on the land that will be subject to the agreement and distinguish existing property from future proposed property.
2. In **Tab 10**, attach a specific and detailed description of all **proposed new property within the project boundary that will not become new improvements** as defined by TAC 9.1051. This includes proposed property that: functionally replaces existing or demolished/removed property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property; or is otherwise ineligible to become qualified property. The description must provide sufficient detail to distinguish existing property (statement 1) and all proposed new property that cannot become qualified property from proposed qualified property that will be subject to the agreement (as described in Section 12 of this application).
3. For the property not eligible to become qualified property within the project boundary in response to statements 1 and 2 of this section, provide the following supporting information in **Tab 10**:
- maps and/or detailed site plan;
 - surveys;
 - appraisal district values and parcel numbers;
 - inventory lists;
 - existing and proposed property lists;
 - model and serial numbers of existing property; or
 - other information of sufficient detail and description.
4. Total estimated market value of existing property within the project boundary (that property described in response to statement 1): \$ 0.00
5. In **Tab 10**, include an appraisal value by the CAD of all the buildings and improvements existing as of a date within 15 days of the date the application is received by the school district.
6. Total estimated market value of proposed property not eligible to become qualified property (that property described in response to statement 2): \$ 0.00

Note: Investment for the property listed in statement 2 may count towards qualified investment in Column C of Schedules A-1 and A-2, if it meets the requirements of 313.021(1). Such property cannot become qualified property on Schedule B.

SECTION 14: Wage and Employment Information

1. What is the number of new qualifying jobs you are committing to create? 1
2. What is the number of new non-qualifying jobs you are estimating you will create? (See TAC 9.1051(14)) 0
3. Do you intend to request that the governing body waive the minimum new qualifying job creation requirement, as provided under Tax Code §313.025(f-1)? ☒ Yes ☐ No
- 3a. If yes, attach evidence of industry standard in **Tab 12** documenting that the new qualifying job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards.
4. Attach in **Tab 13** the four most recent quarters of data for each wage calculation below, including documentation from the Texas Workforce Commission website. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information available at the time of the application review start date (date of a completed application). See TAC §9.1051(21) and (22). **Note:** If a more recent quarter of information becomes available before the application is deemed complete, updated wage information will be required.
- a. Non-qualified job wages
- average weekly wage for all jobs (all industries) in the county is \$ 1,159.75
- b. Qualifying job wage minimum option §313.021(5)(A)
-110% of the average weekly wage for manufacturing jobs in the county is \$ 2,520.65
- c. Qualifying job wage minimum option §313.021(5)(B)
-110% of the average weekly wage for manufacturing jobs in the region is \$ 1,312.52
5. Which Tax Code section are you using to estimate the qualifying job wage standard required for this project? ☐ §313.021(5)(A) or ☒ §313.021(5)(B)
6. What is the minimum required annual wage for each qualifying job based on the qualified property? \$ 68,255.00
7. What is the annual wage you are committing to pay for each of the new qualifying jobs you create on the qualified property? \$ 68,255.00
8. Will the qualifying jobs meet all minimum requirements set out in Tax Code §313.021(3)? ☒ Yes ☐ No
9. Do you intend to satisfy the minimum qualifying job requirement through a determination of cumulative economic benefits to the state as provided by §313.021(3)(F)? ☐ Yes ☒ No
- 9a. If yes, attach in **Tab 13** supporting documentation from the TWC, pursuant to §313.021(3)(F).
10. Do you intend to rely on the project being part of a single unified project, as allowed in §313.024(d-2), in meeting the qualifying job requirements? ☐ Yes ☒ No
- 10a. If yes, attach in **Tab 6** supporting documentation including a list of qualifying jobs in the other school district(s).

SECTION 15: Economic Impact

1. Complete and attach Schedules A1, A2, B, and C in **Tab 14**. **Note:** Excel spreadsheet versions of schedules are available for download and printing at URL listed below.
2. Attach an Economic Impact Analysis, if supplied by an entity other than the Comptroller's office, in **Tab 15**. (*not required*)
3. If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, attach a separate schedule showing the amount for each year affected, including an explanation, in **Tab 15**.

Tab 4: Detailed Description of the Project

Long Point Solar, LLC is a 100 MW/AC solar electric generation facility, with an additional 100 MW battery energy storage system. The proposed project will be located in Damon ISD within Brazoria County. The facility will feature 348,864 photovoltaic panels and 34 central inverters. The battery energy storage system will be used to store energy generated from Long Point Solar, LLC within Damon ISD.

Long Point Solar, LLC is being developed by Red River Renewable Energy, LLC. Red River Renewable Energy, LLC is a renewable energy company focused on developing utility-scale and industrial solar energy projects. Their management team has been influential in the development of over 4,000 megawatts of renewable energy projects, bringing years of experience to the development process. They are committed to the future of renewable energy as well as building quality stakeholder relationships in the communities they choose to invest in.

Please Note: This application covers all qualified property in the reinvestment zone and project boundary within Damon ISD including the following:

- Substation
- Transmission Line
- Inverter and Transformers
- Foundations
- Roadways, Paving, & Fencing
- Posts & Racking Equipment
- SCADA equipment
- Mounting & Tracker Equipment
- Interconnection Facilities
- Solar Modules & Panels
- Power Conditioning Equipment
- Combiner Boxes
- Operation & Maintenance Buildings
- DC and AC collection wires, cables, and equipment
- Meteorological Towers & Equipment
- Battery Energy Storage System (BESS)

Generation of Solar Energy:

When sunlight strikes photovoltaic panels, photons from the sun's energy are absorbed by the semiconductors that compose the photovoltaic cells in the panel. After the semiconductor absorbs enough of these photons, electrons are dislodged from the atoms. These electrons then flow to the front of the cell, creating an imbalance in charge due to their negative properties. This imbalance creates a voltage potential which in turn is collected by electrical conductors in the cell and carried to either storage batteries or circuits to provide power.

Tab 5: Documentation to Assist in Determining if Limitation is a Determining Factor

Throughout the United States the production of renewable energy has been increasing as the cost of these systems has decreased and technological advancements have improved efficiency. In 2021, Texas ranked 2nd in installed solar capacity.¹ The state's geographic position and containment of several large population centers has made Texas a favorable location for renewable energy development.

Renewable energy developers face many challenges in the determination of project location—one of these factors being the selection of an area where the greatest return on investment can be achieved. There are several factors that contribute to Texas favorability for development, one however that does not is the state's notoriously high property tax burden—ranking in the top 10 across the United States.

An appraised value limitation on qualified property allows developers to significantly diminish the property tax liability that composes a substantial ongoing cost of operation that directly impacts the economic rate of return for the project. In the absence of an appraised value limitation, the development of renewable energy facilities becomes financially uncertain as the rate of return often fails to meet the minimum return required to proceed. In the event an appraised value limitation agreement is not received by Long Point Solar, LLC it is rather certain that the capital allotted for the development of this project will be reallocated for use in another state where either the property tax burden is lower or economic incentives can be secured, namely locations where Red River Renewable Energy, LLC is currently active including Oklahoma, Louisiana, Arkansas, and Mississippi. Thus, an appraised value limitation agreement between Long Point Solar, LLC and Damon Independent School District is the determining factor in the decision to locate this facility within the state of Texas.

Tab 7: Description of Qualified Investment

Long Point Solar, LLC is a 100 MW/AC solar electric generation facility, with an additional 100 MW battery energy storage system. The proposed project will be located in Damon ISD within Brazoria County. The facility will feature 348,864 photovoltaic panels and 34 central inverters. The battery energy storage system will be used to store energy generated from Long Point Solar, LLC within Damon ISD.

Long Point Solar, LLC requests that the limitation covers all qualified investment and qualified property located within Damon ISD. It is our request that the limitation includes all eligible and ancillary equipment including the following:

Please Note: This application covers all qualified property in the reinvestment zone and project boundary within Damon ISD.

- Substation
- Transmission Line
- Inverter and Transformers
- Foundations
- Roadways, Paving, & Fencing
- Posts & Racking Equipment
- SCADA equipment
- Mounting & Tracker Equipment
- Interconnection Facilities
- Solar Modules & Panels
- Power Conditioning Equipment
- Combiner Boxes
- Operation & Maintenance Buildings
- DC and AC collection wires, cables, and equipment
- Meteorological Towers & Equipment
- Battery Energy Storage System (BESS)

RE: Long Point Solar, LLC Application for Appraised Value Limitation on Qualified Property Job Waiver Request

Superintendent Hayward:

Long Point Solar, LLC is requesting that Damon ISD's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Property Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of this facility.

Long Point Solar, LLC requests that Damon ISD makes such finding and waive the job creation requirement for 10 permanent jobs. Long Point Solar, LLC has committed to create 1 full time permanent position for the operation and maintenance of the facility. The qualifying position will be compensated at the rate of 110% of the regional manufacturing wage as well as offer company benefits. Such positions shall be employed by Long Point Solar, LLC or by the contractor it employs to operate and maintain the facility.

Renewable energy projects create many jobs during the development of the facility. It is anticipated that 250 construction jobs will be created by Long Point Solar, LLC; however, once construction is complete the facility will require a relatively low number of permanent workers. The current industry standard for solar energy sites is 1 worker per 250 MW.

Long Point Solar, LLC kindly requests that you consider the approval of the job waiver request for this project. Undoubtedly, the establishment of this facility will be very beneficial to Damon ISD, Brazoria County, and the advancement of renewable energy in Texas.

Your consideration of this request is greatly appreciated. If you have any questions, please contact us.

Sincerely,

Mike Fry
Director, Energy Services

Column A: This represents the total dollar amount of planned investment in tangible personal property. Only include estimates of investment for "replacement" property if the property is specifically described in the application.

Only tangible personal property that is specifically described in the application can become qualified property.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings.

Column C: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that will not become qualified property include investment meeting the definition of 313.021(1) but not creating a new improvement as defined by TAC 9.1051. This is proposed property that functionally replaces existing property; is used to maintain, refurbish, renovate, modify or upgrade existing property; or is affixed to existing property—described in SECTION 13, question #5 of the application.

Column D: Dollar value of other investment that may affect economic impact and total value. Examples of other investment that may result in qualified property are land or professional services.

Total Investment: Add together each cell in a column and enter the sum in the blue total investment row. Enter the data from this row into the first row in Schedule A2.

Qualified Investment: For the green qualified investment cell, enter the sum of all the green-shaded cells.

Re: Reinvestment Zone for Application for a Chapter 313 Value Limitation Agreement
between the Damon Independent School District and Long Point Solar, LLC

Dear Local Government Assistance and Economic Analysis Division:

The Damon Independent School District Board of Trustees accepted an Application for Appraised Value Limitation on Qualified Property at a duly called meeting held on May 12, 2022. The District intends to create the "Long Point Solar Reinvestment Zone" for the portion of the Long Point Solar, LLC project that is located within the boundaries of Damon ISD. The Reinvestment Zone will be created before the district approves an Agreement for Value Limitation between the District and Long Point Solar, LLC.

When the reinvestment zone is created, the final board resolution, reinvestment zone legal description, and maps will be proved to your office.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "David Hayward". The script is cursive and fluid, with the first letters of the first and last names being capitalized and prominent.

Mr. David Hayward
Superintendent of Schools
